Floral Shop Building Gutted in \$15,000 Fire Torn Down By Workmen

NIGHT FIRE RAZES 2-STORY LANDMARK OWNED BY A. G. KOCH, INC.

A fierce night time fire early Wednesday, Jan. 2, discovered shortly after 2 a. m., completely gutted the building at 320 Main st. housing the Kewaskum Floral Shop and an upstairs apartment with an estimated loss of approximately \$15,000 to the building and floral equipment and supplies on the ground floor.

Although the roof and interior was gutted, the outer walls of the building covered with insulated siding remained standing, although badly damaged. But not for long as Bunkelman Builders, Inc. was engaged to tear down the remaining portion of the building. Wolf Construction of West Bend did the razing for Bunkelman and by Saturday the debris was entirely cleaned up and only the lot remains.

Cause of the early morning blaze is not known. The fire was first noticed by Mrs. Angela DeWitt, who resides across the street, and gave the alarm. Shortly after many other neighbors were awakened by the sound of the breaking glass in the front windows or by the glowing light of the flames which illuminated their homes. Residents were also alerted to the fire by a northbound freight train which passed through the village at 2:20 a. m. when the engineer, apparently noticing the flames, sounded the train whistle repeatedly as the train passed through.

A landmark on Kewaskum's Main st., the building, located across the street from Holy Trinity parish rectory, was owned by A. G. Koch, Inc. The asbestos siding on the frame structure helped keep the flames from spreading to nearby buildings, especially to the Elmer Klug home which is only about 10 feet from the west side of the structure. Fortunately there was little or no wind or a shed at the rear of the building, Klug's garage and even the nearby Peace United Church of Christ might have been reached by the blaze. East of the building there is a vacant lot.

Luckily, the upstairs apartment in the building was unoccupied at the time. New tenants, the Edward Jaycox family, were scheduled to move into the building Wednesday, Jan. 2, the same day the building was destroyed. It was reported that Mrs. Jaycox did not learn of the fire until she came in the morning to scrub the apartment before moving in.

The floral shop was operated by Tom and Millie Herman of R. 2, Kewaskum, who had just completed installing new shelving in the shop and had also done other remodeling. The floral equipment, plants and other supplies in the building were destroyed, however, the Hermans were consoled somewhat by the fact that the blaze did not occur before the Christmas season. The Hermans are continuing to operate their floral business from their residence and green

High School to Present Operetta on Jan. 19

The operetta "HMS" Pinafore," to be presented by the Kewaskum Community High school on Jan. 19, depicts the lighter side of life in the Royal Navy at a time when Great Britain was the Monarch of the Seas. The naval maneuvers in this sea story threaten to shatter the bulwarks of custom, but the stiff upper lip and traditional British reserve come through intact, but slightly shaken.

The cast for this high school production includes:

Robert Schlamer—Captain Corcoran

Ann Schaefer—Josephine, his daughter

Dan Schmidt—Sir Joseph Porter

Mariel Seefeldt—Little Buttercup

Wayne Roell—Dick Deadeye

Carolyn Maedke—Cousin Hebe

Bill Mertz—Ralph Rackstraw

Plus a chorus of sailors and relatives.

Curtain time will be at 8:00 p. m. on Saturday, Jan. 19, in the high school gymnasium. Admission will be adults, 75 cents; high school students, free with activity card; grade school students, 35 cents.

Telephone users in the Campbellsport and Kewaskum exchanges of General Telephone Company will be able to dial each other on a toll-free basis beginning on or about Jan. 28, 1963, according to the company's district office at Plymouth.

R. G. Burger, district commercial manager, stated that the inauguration of extended-area service between the two exchanges will expand the local calling areas by 100 per cent.

In addition, Burger pointed out that extensive work is in progress east of Campbellsport in the Dundee-Long Lake area. A cable project there will improve service and provide for future growth.

Plans for Observance Of 50th Anniversary Made By Woman's Club

At a meeting of the Kewaskum Woman's club on Saturday, Jan. 5, plans were announced for the observance of the 50th anniversary of its founding. It was in January of 1913 that the club had its beginning with the late Mrs. D. M. Rosenheimer as its first president.

Mrs. Marvin Martin and Mrs. Frank Krueger, Jr. are in charge of arrangements for the anniversary event and have arranged for a dinner to be served to club members and husbands on Saturday, Jan. 26, at the Labor Center on Fond du Lac ave. There is significance in their choice of this building for it was the scene of the club's first banquet 50 years ago. It was then known as Temperance Hall.

A social hour with hors d'oeuvres will be held at 6:30 p. m. with dinner served promptly at 7:30. An interesting program will follow. Reservations must be made on or before Jan. 19 with Mrs. Martin at 626-2984 or Mrs. Krueger at 626-2634.

Mrs. Gottlieb Walz has been welcomed into the club's membership. A contribution was voted to Ladd Lake Home for Boys at Dousman and the table collection will be donated to the March of Dimes.

An invitation has been extended to the members of the local club to be the guests of the West Bend Woman's club on Friday, Feb. 1, at 2 o'clock in Fellowship Hall of Immanuel church, 5th and Walnut. Interested members please contact Mrs. Paul Albrecht at 626-4004.

The regular letter rate went from four to five cents per ounce for all letters leaving the post office. Post cards went to four cents. Third class mail went to four cents for the first two ounces and each additional ounce costs two cents up to and including 15 ounces. Second class rates for newspapers, etc. also went up.

A major change in mailing regulations is the size limitation for small letters. No envelope or card below three inches in width or four and onequarter inches in length will be accepted for mailing. Envelopes in this size range have been commonly used for thank you notes, party invitations, birth announcements, valentines, and other greeting cards. No more.

25 Years Ago

Jan. 7, 1938

A group of carpenters from Milwaukee were at work the past week making repairs at the North Western depot here. The old platform on the west side of the depot was torn down and a new one was built out of solid, three-inch planks.

The following students left to resume their studies after spending the holidays at home: Carroll Haug and William Mayer, St. Francis; Robert Rosenheimer and Linda K. Rosenheimer, University of Wisconsin; Elaine Schleif and Frances Bunkelman, Dodge County Normal school, Mayville; Joseph Miller, Wisconsin Institute of Mortuary Science, Milwaukee; Ralph Marx, Marquette university; Doris Seil, Miss Brown's Business college, Milwaukee; Dorothy Becker, Wisconsin Commercial college, Milwaukee.

Andrew and Bernard Simon shot and killed a red fox weighing 8½ pounds, a mile and one-half north of St. Kilian. They were tracking down this fox for the past three weeks and there is still another one at large in the vicinity.

Mrs. Otto Ramthun, Jr., village, and Lawrence Zehren, R. 2, Kewaskum, underwent emergency appendectomies at St. Joseph's hospital, West Bend.

In the first game for the newly organized Kewaskum hockey team played Sunday on the river ice at the village park, the local sextette was shaded by Barton, 2 to 1. In the second period William Werner, who played outstanding for Kewaskum, carried the puck down the ice for an unassisted goal. Barton came back with a goal by Dricken and scored another in the final period that barely got by goalie Miller. A surprisingly large crowd attended. The starting lineup for the locals included Fred Buss, Jr., right wing; Howard Schmidt, center; Permin Kohler, left wing; Russell Heisler, right guard; Curtis Romaine, left guard; Fred Miller, goalie. Officials were

Lloyd Hron. Harry Koch and a member of the Barton club.

Born to Mr. and Mrs. Dorwin Perkins, village, a 10-pound baby boy on Dec. 22.

The engagements of several young couples were announced over the holidays. They include Charlotte Lay, daughter of Mr. and Mrs. Otto E. Lay, village, and Lyle Gibson, Montfort, an instructor in high school here; Elizabeth Quade, daughter of Mr. and Mrs. Henry Quade, village, and Elwyn Hamlyn, town of Trenton; Ethel Eggert, daughter of Mr. and Mrs. George Eggert, village, and Walter Ohmann, West Bend; Beulah and Bernice Buddenhagen, twin daughters of Mr. and Mrs. Art. Buddenhagen, town of Barton, and Leslie and Benjamin Kurtz, twins, Milwaukee; Evelyn Schaefer, daughter of Mr. and Mrs. Ed. Schaefer, Kewaskum, and Oscar Albert, Horicon.

FIFTY YEARS AGO

Jan. 12, 1913

At a meeting held in Groeschel's Opera House, a dramatic club was organized. The purpose will be to present three home talent plays during the coming season. Seventeen have joined. The club has also its own orchestra of five pieces. Officers elected are: President, Arthur Schaefer; vice-president, Adela Gottsleben; secretary, Fred Buss; treasurer, Don Harbeck; marshal, Alvin Gottsleben; director, Adela Gottsleben.

Mr. and Mrs. Jos. F. Schlosser left for Milwaukee to make their home. Mr. Schlosser commenced his duties as candy-maker in the Boston store.

70 DEER PICKED UP DURING YEAR! ICE FISHING FAIR

The West Bend station of the Wisconsin Conservation Department picked up seventy deer during the calendar year of 1962—fifty-five in Washington county, fifteen in Ozaukee. Of this number sixty-four were killed by cars and six by illegal gun fire. Sixty odd deer were registered in Washington county during the gun season. However, forty-eight were killed in the county, the remainder in surrounding counties. Three deer were killed by bow and arrow hunters in their long special season. A funny thing, there were more deer killed by cars during the 1962 gun season, than there were illegal kills found in the woods.

Fishing thru the ice in Washington county waters continues fair. A few fish have been taken from the north end of Big Cedar and the southern part of Little Cedar. Pike lake is the best producer so far. Walleyes and perch as well as a few bluegills have been

caught.

There are a large number of tagged and fin clipped walleyes in Pike lake. Dan Marotz, research biologist for the Conservation Department, is making a study of the fish in Pike lake. We would appreciate it if those parties catching fin clipped fish, leave the tag at McComb's Resort, Daehn's or the Eiche boat landing, with the date of catch and length of fish.

There are thousands of walleyes in Lake Winnebago, some with metal jaw tags, others with plastic dart tags near the dorsal fin. Fishermen should mail those tags with the length of the fish and date of catch to the Wisconsin Conservation Department, Box 358, Oshkosh, Wis.

The 1962 fishing license expired Dec. 31. Do not forget to pick up the 1963 issue which is available at all license depots in the county.

A short time ago a resident of Hartford caught a walleyed pike from the waters of Pike lake that was covered with what many people thought were warts. This matter was taken up with Don Mraz, Conservation Department biologist stationed at the Delafield Hatchery, who has made spring and fall surveys of the lake for the past three years. The following is some of the information that he passed on to me.

This is one of the many diseases that fish have. Lymphocystis, this is a virus caused disease of fish and unique in several ways. It is a chronic disease and is seldom if ever fatal. Host cells which become infected are stimulated to abnormal growth, and in advanced cases in some fishes the entire surface may be involved. When the cells are small they are not noticed by the fisherman and are eaten without hesitation.

Mr. Mraz made this statement, "I have never sampled a lake where we caught a couple of hundred walleyes that it was not apparent in some of the fish. It can appear and disappear from time to time. This past spring when we netted we noted that large numbers of the fish were infected. I don't have the exact figures handy right now, but as I recall it was something like 21 percent of fish over 15 inches showed the disease present in some stage of development."

I guess all of us who have eaten walleyes that were caught at Pike lake at some time or another have sampled fish with an infection called LYMPHOCYSTIS.

Happy New Year!

Residents Return From Trips to Rose Bowl

A number of people from Kewaskum and area returned home the past week from trips to California over the holidays, where they attended the Tournament of Roses parade and Rose Bowl football game at Pasadena in which our Badgers, although staging a record-breaking comeback, were shaded by the Trojans of Southern California, 42-37. Various places of interest also were visited in California and Las Vegas, Nev.

Among those who made the trip were Richard Groh, son of Mr. and Mrs. Vincent Groh, village, and a student at the University of Wisconsin, who traveled to the coast on a student bus; Mrs. Linda Schleif of the town of Auburn and Mrs. Wolf of West Bend, who flew out and also spent some time in California visiting relatives; Warren Schmitz of Campbellsport, formerly of Mauthe lake, who flew out from Madison on a tour; Mr. and Mrs. William Harbeck and daughters, Sheri and Lana, who flew out from Milwaukee on a tour. Among the 112 persons on the same plane were Mr. and Mrs. Philip Schneider and two sons, Miss Stella Schuh and Mr. and Mrs. Boldt of West Bend, along with other Wisconsinites from Milwaukee, Madison and other cities. Mrs. Bernetta Bruessel also flew to California to spend a week but did not attend the Rose Bowl activities, visiting Mrs. Hill, the former Margaret Bingen of Kewaskum, at Redwood City.

For the benefit of those who have never made the trip to Las Vegas or the Rose Bowl and accompanying tours offered to famous California places in the Los Angeles area, we would say it is a very wonderful, exciting and almost unbelievable tour, especially if you go by air. We traveled over 10 states, including the Rocky and Sierra Nevada mountains, and flew over the Grand Canyon, Boulder Dam, salt flats, Mojave desert, past Pike's Peak and many other places and big cities.

Needless to say Las Vegas is fabulous with its brilliant lights countless gambling casinos, night spots, new buildings, fashionable clothes, hair styles, and wealthy people with money to burn. During our stop there we managed to get in and out of some of the bright spots such as the Nevada Club, The Mint, Golden Nugget, Horseshoe, Stardust, Riviera and Casino on famous Strip and Fremont sts. Of course we paused in a few of them. Our headquarters were at the Riviera, where we

dropped a few coins and managed to take in the show. Appearing there were Debbie Reynolds, Billy Williams and His All-Star Revue, Sawyer Sisters and The Playboys. The plane left there after midnight and we flew over the mountains to Los Angeles, arriving shortly after 1 a. m., taking a bus to the Statler-Hilton Hotel in downtown L. A., our headquarters there for four days.

Many guided bus tours are offered right from the hotel and that's the only way to go because as the driver said, everyone out there on the eight-lane freeways plays the game "what's my lane?" On Sunday we took the tour which is a must on anyone's list, the one to fabulous, fantastic Disneyland, which ended in the evening in a visit to Knott's Berry Farm. The Wisconsin band and others played concerts at Disneyland that day. Sunday night we took a cab to the Biltmore Hotel several blocks from the Statler to spend it with Warren Schmitz. Also spent New Year's Eve there, where most of the Wisconsin students and alumni were staying and whooping it up with cheers and songs.

Monday we chose the trip to Santa Monica, Hollywood and Beverly Hills, going out by way of push Wilshire blvd. with its many new million dollar bank and insurance buildings, exclusive clothing stores where the movie stars are fitted and you need a pedigree to get in, modern hotels, and night clubs such as the Brown Derby. The guide pointed out one parti-

cular vacant corner lot for sale on Wilshire which was priced at \$1,000 per square inch (it's still vacant).

Then on to Santa Monica, Beverly Hills, Brentwood and private Eel-Air where we were shown the homes of about 75 movie stars. Enroute we happened to see Jack Benny in his driveway and Steve Allen crossing the street. The route passed the church where Marilyn Monroe's funeral was held and the street lamp struck by Ernie Kovacs in his fatal accident, both in the past year, also the stars' homes which were burned out in the disastrous fire a couple of years ago in the hills. We especially liked the star's home all in pink with the bold initials "J.M." (Jayne Mansfield) on the front. But we didn't get to see our other favorite actress, Granny Clampett.

After a stop on the shores of the Pacific ocean for lunch and sight-seeing, we rode through famed Sunset Strip on Sunset blvd. to the corner of much publicized Hollywood and Vine. Sunset Strip contains all the big night clubs where the stars "hang out," such as Dino's owned by Dean Martin where "Kookie" walks out combing his hair in "77 Sunset Strip" on TV (actually it's located at 8524 Sunset Strip — 77 Sunset Strip would extend out into the ocean, but how would the number 8524 Sunset Strip sound for a TV program); Jerry Lewis' club, Grauman's Chinese restaurant and many, many others. Sunset Strip is the street where many hundreds

of the stars have their footprints imbedded in the cement and also the names of over 1,300 stars are printed along the sidewalk, one on every other square. There, too, we saw some of the movie studios and The Playdium, where Lawrence Welk plays and televises, along with numerous other attractions.

New Year's Day it was out at 5:30 to catch the bus for Pasadena to see the amazingly beautiful and colorful Tournament of Roses parade (starting at 9:15 a. m. their time) from the reserved grandstand. This is well up in the hills, from which we had to descend back down into the valley to the Rose Bowl for the big game. What happened there you saw on television and in our unimportant opinion Wisconsin was "robbed."

It is surprising how many Wisconsinites and former Wisconsinites one meets when your state team is represented in the Rose Bowl. They can readily be recognized all over wearing their "Wisconsin" hats, sweaters, jackets, buttons and "W" corsages and carrying Wisconsin banners.

Wednesday morning it was back on the plane at the L. A. airport, out over the Pacific to gain altitude, and then back over the mountains for the non-stop flight back to Milwaukee. The trip out was sunny all the way but back we passed through low clouds, over snow and rain, and landed in thick fog. We flew at 12,000 feet and

15,000 feet over the mountains at a speed averaging 300 miles per hour.

It was a very enjoyable trip but ended much too soon. Away from the sun and warm climate, basking out-of-doors, short-sleeved shirts, palm trees and bearing orange and olive trees and back to reality and our winter weather. But what would an editor be doing on a trip without a story so we even had to work on our vacation.

KRONCKE MEMBER OF UW HONOR SOCIETY

Robert Kroncke, 1409 Fond du Lac ave., Kewaskum, is among the 28 new members of Phi Eta Sigma, national scholastic honor society for freshmen, who were recently initiated into the University of Wisconsin chapter at Madison.

Each semester pledges for this honor society are selected from the freshmen class on the basis of scholastic achievement. Candidates must have earned a grade point average of 3.5 or better in their first year studies. An average of four points per credit of study taken in the university would mean a perfect record. Of the 28 new members, five are students at the University of Wisconsin Milwaukee, and seven are students in the university's centers throughout the state.

Miss Georgia Malamaki

Kewaskum Woman's club at their meeting on Saturday, Jan. 5. She is AFS student, Georgia Malamaki of Volos, Greece, who is making Kewaskum her home for the 1962-63 school year, living with the Ralph Erdmann family and attending the Kewaskum Community High school as a senior.

Eighteen year old Georgia, who has two brothers and two sisters, graduated from the Athens

(Greece) high school and upon her return to her native country plans to attend a university to become an English teacher.

In Greece, six years of elementary school are followed by six years of high school. A student carries 13 subjects and is given no choice of subjects. Examination time is strenuous, continuing for a period of 25 days. Each day of study is followed by a day of examination. The school week consists of six days.

Young people of Greece, Georgia observed, are not afforded the freedom that is enjoyed by the American youth. Automobiles are a luxury and in the families who are privileged to own one, the girls are not permitted to drive until they have reached the age of 21. Boys are allowed to drive when they reach 18. Since there is no TV in Greece, movies provide the principal entertainment. Appliances commonly found in the American home are luxuries in her country and enjoyed by few. Because of a lack of lumber and for fortification against earthquakes, homes are for the most part built of stone.

Accustomed to much warmer climate, Georgia does not particularly like Wisconsin's winter weather. Fruit is grown and used in abundance and is served as dessert rather than cake. Greek Orthodox is the prevailing religion and the country has little Communistic influence. No issue is made there of

a minimum age for consuming alcoholic beverages.

Miss Malamaki attended the club meeting with her American mother and sister, Mrs. Ralph Erdmann and Carole Ann Erdmann, who is also a Kewaskum High school senior. There is a son Curtis in the Erdmann family who attends the grade school. Another daughter, Cheryl, is a sophomore at Lakeland college.

Mary Lynn Raschbacher Drowns in Pond Friday

Mary Lynn Raschbacher, four-year-old daughter of Dr. and Mrs. John Raschbacher of 106 Rose ave., Big Bend, Wis., drowned in a trout pond near her home when she and a little companion were chasing ducks on Friday, Jan. 4. Dr. and Mrs. Raschbacher and family resided in Kewaskum several years ago at which time he practiced medicine in this village.

Mary Lynn's companion, five-year-old Tommy Becker, son of Mr. and Mrs. Harvey Becker, Big Bend, also drowned in the icy waters of the pond. The Raschbacher girl was in the water about 10 minutes before she was pulled out, about noon. The body of the Becker boy was recovered about an hour and a half after he fell in. Dr. Raschbacher and rescue workers tried for two and a half hours to revive Mary Lynn but failed.

The trout pond is on the 14 acre estate of Mel Ellis, an outdoor writer for the Milwaukee Journal. It is about 50 feet south of Hwy. 24 in Big Bend, is spring fed and open year round. There was only a little ice around the edges Friday.

Tommy was pronounced dead on arrival at Waukesha Memorial hospital about 2 p. m. Mary Lynn was pronounced dead about half an hour later.

Mrs. Jerome Tess, 32, who lives

on adjoining property, said she had warned the children earlier and tried three times to rescue them from the pond before she called the Big Bend volunteer fire department. She was turned back by the bitterly cold water.

Firemen, along with Ricky Schmidt, 18, who lives across the street, dived in the pond and recovered the girl. Rescuers began resuscitation efforts and were joined by Dr. Raschbacher about 12:30 p. m., who used heart injections and mouth to mouth resuscitation. Firemen launched several rowboats and used grappling hooks to remove the boy's body shortly after 1 p. m. Attempts to revive both children continued while they were taken by ambulance to the hospital.

The little girl leaves her parents, a brother, John, and two sisters, Kristine and Jean Ann; her maternal grandmother, Mrs. Gunhild Oaks of Waukesha.

Memorial services were conducted at the Big Bend Baptist church at 1:30 p. m. Monday, Jan. 7. Friends called at the Raschbacher residence prior to the services.

Farmers usually have a labor surplus in winter. University of Wisconsin farm machinery specialist Orrin Berge feels this is a good time to repair farm machinery.

FIREMEN ENJOY ANNUAL PARTY SATURDAY NIGHT

Members of the Kewaskum Fire Department, with village officials and employees as their guests, enjoyed their annual post-New Year party at the fire station in the municipal building Saturday night. Mouth watering roast turkey, home cured baked ham and other meats were served along with the usual bountiful refreshments. Many door prizes of Regal Ware products and beverage six packs were given to most of those present. The night (almost all of it) was spent in playing various card games, social conversation and arguing. Harold Ruplinger entertained at the late show.

'Miracle Baby' with Birth Defects Is Named March of Dimes Child

Jimmy Boggess' mother, Mrs. Shirley Boggess, reads a fairy tale to the 1963 National March of Dimes Boy, a victim of the birth defect known as open spine. She is a March of Dimes volunteer in her home town of Coy, Ark., because she wishes to encourage research "to learn why some children, like my Jimmy, aren't born perfect."

Five-year-old Jimmy Boggess of Coy, Ark., a "miracle baby" who has survived a constant battle against serious birth defects, has been named the 25th Anniversary March of Dimes Boy for 1963.

Jimmy, the son of Mr. and Mrs. James Boggess, was born with a birth defect known as spina bifida, or open spine. He underwent an operation when he was five days old to correct this condition. A few months later, it appeared that he also had hydrocephalus, or water on the brain. However, this condition has apparently arrested itself without need of surgery.

In spite of the fact that he also has defects in both the genito-urinary and digestive systems, Jimmy is a happy, inquisitive child who plays with his pets and his toys as eagerly as any other youngster his age. He walks with the aid of steel braces and wooden crutches. He looks forward to his na-

tionwide tour scheduled for January, which marks the 25th anniversary of The National Foundation-March of Dimes. His picture will be on millions of coin collectors, leaflets and school cards used in every county in the nation. He will also visit with a number of congressmen, senators, governors, mayors, screen stars, TV personalities and stage celebrities.

A winsome, intelligent lad, Jimmy was born in Panama City, Fla., Jan. 20, 1957. His parents, both natives of Arkansas, took him soon after to their home state to be nearer specialists and medical facilities there, so that their son could get the expert medical care he needed to survive.

"Jimmy is a symbol of the 250,000 children born each year in this country with significant birth defects. He is living proof that something can be done for seemingly hopelessly crippled children," said Basil O'Connor, president of The National Foundation-March of Dimes. Jimmy's mother, Shirley Bog-

gess, who was a model before her marriage, today is a March of Dimes volunteer. One of the satisfactions she finds in this work is the hope it affords that "research will find the reasons why some children are not born perfect, and then will find a way to prevent these tragedies. The March of Dimes helped wipe out polio with the Salk and Sabin vaccines. I am certain that something can be done about birth defects.

"I am going to work as hard as I can to see that Jimmy continues to get the best possible medical care, and that funds are available for research so that someday other mothers won't suffer the terrible shock that I did.

"Children like Jimmy will benefit most from expansion of the March of Dimes-supported nationwide network of clinical study and treatment centers, which bring the most modern medical care to victims of birth defects, arthritis and polio. Today there are more than 50 of these centers. Our nation could easily use twice that number."

Cakes, Candles, Commemorations Light March of Dimes 25th Year

Throughout the nation this month, candles will be lit on birthday cakes to symbolize the 25th anniversary of the March of Dimes.

The cakes will range from real ones of conventional size to monster, multi-tiered models as much as 12 feet in height and 10 feet in diameter—the approximate dimensions of the one to be erected in New York City's famed Times Square. Guests at anniversary events around the country, where cakes will be of more modest proportions, will be invited to decorate them with coins for the March of Dimes.

Many "parties" commemorating a quarter of a century of disease fighting will be held at special treatment centers for birth defects, arthritis and polio which March of Dimes contributions are financing today in more than 40 cities across the U.S. Other gatherings will be held in county chapter offices of The National Foundation—March of Dimes, in the homes of volunteers and elsewhere.

In many instances, guests at these campaign "kickoffs" will include governors or their wives, mayors and outstanding authorities in health fields. Other guests will be Americans of all ages who received March of Dimes aid during and after polio epidemics and outbreaks. Also present will be children and adolescents with birth defects or arthritis who have been treated at these March of Dimes centers.

To raise the millions required every year for patient aid and research in birth defects, arthritis and polio, each March of Dimes campaign is carefully planned many months ahead. There are millions of contribution envelopes and coin collectors to be distributed around the nation; hundreds of thousands of posters to be erected in every hamlet, town and city; two million volunteers to be organized for the Mothers' March (the climax to the campaign at the end of January), and March of Dimes films to exhibit to explain the work of the voluntary health organization.

Arrangements must be completed for the visit in January of the National March of Dimes

Jimmy Boggess, 5, of Coy, Ark., the 1963 National March of Dimes Child, blows out candles on birthday cake symbolizing first 25 years of aid to the crippled by the health organization.

Child—who this year is Jimmy Boggess, 5, Coy, Ark.—with President Kennedy at the White House and with various Senators and Congressmen and other dignitaries as well as with personalities of the stage, screen and television.

Special events for the March of Dimes are staged in all the big cities, many lesser ones and in some small towns. These include March of Dimes bowling tournaments, with "roll-offs" to select a national man or woman champion, fashion shows, auctions, teleamas, Coffee Days, Tag Days and street sales, neighborhood bread sales, air-lifts and a long list of sports activities.

The theme of this 25th Anniversary March of Dimes,

which is "Give for the Life of a Child," will be stressed in all these special events, and the story told of the first 25 years of the organization. Highlights of that story are:

Patients aided, 338,000; expended for the medical care program, \$385,500,000; for scientific research, \$73,600,000; and for professional education, \$38,000,000.

Basil O'Connor, president of The National Foundation—March of Dimes, referred in a recent speech to the 25th anniversary of the health agency. "Most certainly we take pride in our past 25 years, and we rejoice. But deep down we really think of that quarter of a century as only the spring-board for our future."

Indians Win 3 Games; Chevs Tip Hustisford, Lomira, N. Fondy and Hustisford Victims

The Kewaskum Indians very successfully resumed action after the holiday vacation by winning three basketball games the past week, one of them a Scenic Moraine conference victory. This gives them a fine overall record of 7-2 so far this season.

In the first game following the layoff, the Indians entertained Lomira last Wednesday night in a non-conference encounter and kept a steady lead throughout the contest to defeat the Lions, 65-53. Kewaskum was without the services of high scoring Al Koepke in this game but won anyway. The Indians held a 29-21 advantage at the intermission, then scored 34 points in the second half to 32 for the Lions. Free throws hurt Lomira. They converted only nine of 29 attempts, while Kewaskum hit 17 of 30. Mark Kral paced the winners with 19 points and DuWayne Wolf had 18 for the Lions.

In conference play at North Fondy Friday the Indians received a real scare before nosing out the Orioles, 53-52. This victory gave Kewaskum a 4-1 record and three-way tie for second place in the standings. The Indians gained a 24-20 lead in the first half and then held on in the final 16 minutes to pull out the win. The Orioles came up with their best shooting of the season, making 18 of 36 for 50 per cent. Kewaskum hit 19 of 47 for 40.4 per cent. Mike Coulter of the Indians led the scoring with 16 points. Rich Groeschel paced North Fondy with 15 points.

In other games Friday Grafton won its fifth straight to remain in first place. Kewaskum, Pewaukee and Slinger all won to remain deadlocked for second place, each with 4-1 records. Grafton clobbered undermanned Campbell sport, 73-29. Slinger defeated Germantown, 52-31, and Pewaukee beat winless Random Lake, 60-47.

RETARDED CHILDREN'S ASSOCIATION TO MEET

The Washington County Association for Retarded Children will hold their monthly meeting on Monday evening, Jan. 14, at 7:45 p. m. at McLane school in West Bend. A film titled "No Less Precious" will be shown, depicting activities for the mentally retarded in many areas of the United States. All members and guests are cordially invited to attend. A social hour with lunch will follow the meeting.

The Kewaskum Chevs won two more games in Land o' Lakes league play for a 5-2 record and moved into a tie for third place in the standings. The team won easily at Hustisford on Dec. 30, by a score of 78-61 and defeated Cedarburg here Saturday night, 75-71, in a closer one.

The Chevs took an 18-12 lead over Hustisford in the first quarter and led 35-28 at halftime. They upped their lead to 58-47 in the third period and then coasted in. The team was without the services of Tom Larsen in the game. Pace setters for Kewaskum were Otto Ramthun with 20 points and Gene Pieper with 17. Del Renzaglia was the high scorer in the tilt with 27 points for the losers.

In the Cedarburg game here Saturday the visitors went ahead, 21-19, in the first period but the Chevs outscored them 24 to 18 in the second quarter. This gave the home team a 43-39 advantage at the intermission and they stayed ahead. Kewaskum increased its lead in the third quarter to 61-53 but Cedarburg narrowed the gap to four points, 75-71, at the final horn. Ramthun again paced the winners with 19 points, followed by Don Meisenheimer with 14. Top scorer by far though was E. Witte of Cedarburg with 29 points. T. Kent dropped in 17 for the losers.

Beaver Dam and Watertown remained in a tie for first place while Menomonee Falls dropped to a tie for second with Kewaskum in other week end games. The leaders will clash at Beaver Dam this week end for the first half championship. Beaver Dam beat West Bend 117-98. Falls bowed to Watertown 95-85, and Horicon upset Mavville 88-72 in other games.

First half final contests will be played this week end with Kewaskum entertaining Mavville Saturday night. Mavville, 4-3, is in fifth place, a game behind the Chevs, and this should be a close one. Other tilts are Hustisford at West Bend Saturday and Watertown at Beaver Dam and Menomonee Falls at Cedarburg Sunday.

house at R. 2, Kewaskum, at present and expect to announce a new location for their business very soon.

The amount of the fire losses was an estimate. No inventory of the total amount of damage or loss has been announced. Both August Koch, owner of the building, and the Hermans, said they had insurance.

Kewaskum firemen fought the blaze over four hours, from approximately 2:15 to 6:30 a. m., and poured an estimated 340,000 to 350,000 gallons of water on the fire. Favored by mild weather and very little wind, they did a most commendable job in protecting nearby buildings and extinguishing the blaze without the total building being destroyed. The entire interior and roof was already ablaze when the firemen were summoned. Some members of the department remained at the scene later into the day to guard against any possible flare-up of embers. The bright fire aroused most of the village residents and attracted

a large throng to the scene. Spectators were very orderly and kept their distance to avoid interference with the firemen.

Firemen Called to Farm

The Kewaskum firemen also answered a call on Monday, Dec. 31, to the Wesley Haug farm home in the town of Kewaskum, east of the village. Fire was burning in the pipes leading from the furnace to the chimney. There was slight smoke damage only.
