Kewaskum Woman's Club Observes 50th Anniversary

Club Marks Event With Founder's Day Dinner Saturday

PROGRAM REMINISCENT OF
YEARS GONE BY GIVEN
BY MEMBERS, GUESTS

Every year during the month of January, the Kewaskum Woman's club reserves a meeting date to commemorate the anniversary of the club's founding. A banquet is held for club members and husbands. This year the event had added significance for 1963 marks the 50th anniversary of the club's existence.

It was on Jan. 14, 1913 that the club had its beginning when the late Mrs. D. M. Rosenheimer invited a group of women to her home for the purpose of organizing a Woman's club. The first regular meeting was held two weeks later at the home of Mrs. A. L. Rosenheimer and the following officers were elected: Mrs. D. M. Rosenheimer, president; Mrs. A. L. Rosenheimer, vice-president; Miss Edna Schmidt, secretary, and Miss Emma Staats, treasurer.

At the end of the year the club boasted a membership of these women in addition to the above named officers: Mmes. F. E. Colvin, Frank Gottsleben, Karl Hausmann, N. E. Hausmann, O. E. Lay, E. L. Morgenroth, E. M. Romaine, L. P. Rosenheimer, N. W. Rosenheimer, J. F. Schaefer, Jos. Schmidt, W. F. Schultz, August Schnurr and Simon and Misses Adela Gottsleben, Florence McRae and Lillie Schlosser.

The scene of this year's Founder's Day dinner on Saturday evening, Jan. 26, was the Labor Center on Fond du Lac ave., for it was in this same building—then known as Temperance Hall—that the club's first anniversary was observed in January of 1914. Following the dinner for 69 persons, a welcome was extended by the toastmistress, Mrs. Orval Behnke.

In giving the president's message, Mrs. Paul Albrecht observed that "a look back gives perspective, balance and brings a few laughs. What were the campaigns and problems occupying women's thoughts and time 50 years ago?" she asked. A rat and fly extermination project, back-yard cleanup with prizes awarded for the neatest back yard, clean milk, pencil sharpeners for every school room were a few.

Reading of the club's history by its secretary, Mrs. Frank Krueger, Jr., followed and a club chorus under the direction of Mrs. Henry Rosenheimer took those present "back a few years" with "songs of olden days." In presenting the response, Dr. R. G. Edwards remarked that "the founders deserve praise for providing a higher cultural level to live by." He commended the group on their interest and participation in community projects.

Remembering the years gone by
(Continued on page eight)

Architect to Talk at PTA Meeting Monday

WILL PRESENT PROPOSED
PLANS FOR ELEMENTARY
SCHOOL ADDITION

The Kewaskum Elementary School PTA will meet on Monday, Feb. 4, at 8 p. m. in the elementary school cafeteria.

The speaker for the evening will be architect Lawrence Bray. He will discuss our school needs and present the proposed plans for the addition to the elementary school. An experienced architect, Mr. Bray was formerly chief school architect for Stubenauch of Sheboygan and is a graduate of Ripon college and the Massachusetts Institute of Technology. A question and answer period will follow his talk.

It is hoped that all parents and teachers will express their interest in their school by attending this informative meeting. Coffee and refreshments will be served following the meeting.

Captains for Catholic Charities Drive Named

VERNON BUTZ, D. HANRAHAN
HEAD HOLY TRINITY, ST.
BRIDGET'S APPEALS

Parish captains in the 1963 Catholic Charities and Seminary Fund appeal have been appointed in most of the 286 parishes in the Archdiocese of Milwaukee. The campaign will commence on March 24 and end on April 7.

Pastors of each parish appoint a captain and co-workers to assist them in asking a donation from all members of a parish.

The funds contributed in this annual campaign are used to provide assistance for 29 Catholic charitable institutions and agencies and for the building programs of the major and the new DeSales Preparatory seminaries.

Following is a list of captains for the northern area of Washington county:

Alfred Schmidt, St. Anthony, Alenton; Duane Gundrum and Melvin Emmer, Sacred Heart, Alenton; Roger Zettler, St. John of God, Farmington; Lloyd Vanderheiden, St. Boniface, Goldendale; Vernon Butz, Holy Trinity, Kewaskum; Franklin Scharrer, St. Mathias, Nabob; Alois Neuburg, SS. Peter and Paul, Nenno; Leonard Peter, St. Kilian, St. Kilian; Gerald Staehler, St. Michael, St. Michael; David Hanrahan, St. Bridget, Wavne; Matthew N. Gorring, Jr., Holy Angels, West Bend; Steve O'Meara, St. Frances Cabrini, West Bend.

—ks—

AMBULANCE CALLS

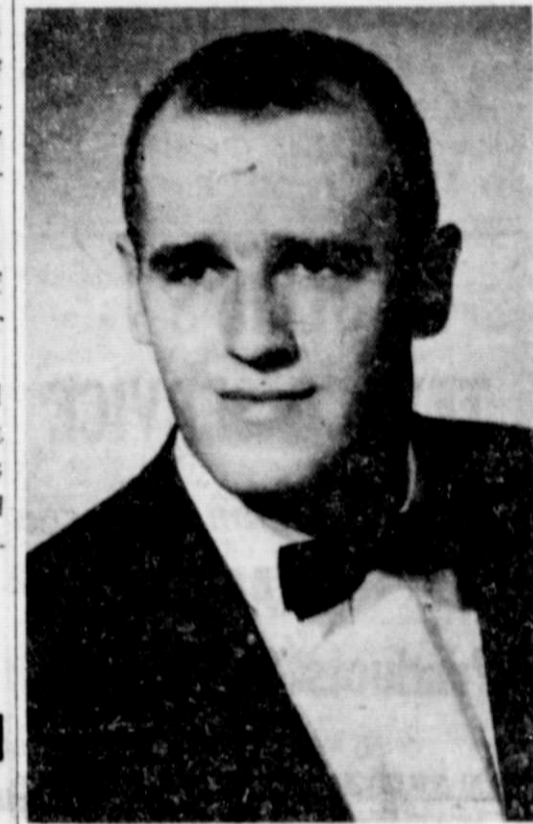

Sunday, Jan. 27—Art. Stroemer, 1444A Park View dr., Kewaskum, removed to St. Joseph's Community hospital, West Bend.

Thursday, Jan. 31—Joe Eberle, 326 First st., Kewaskum, taken to St. Joseph's Community hospital, West Bend.

Awarded Degree at Texas Christian U

The faculty of Texas Christian university, Fort Worth, Tex., announces the successful completion of requirements for the Bachelor of Science in Commerce degree with a major in accounting which was awarded to Harold C. Klein of Kewaskum on Jan. 23, 1963. Approximately 135 students completed the necessary courses in their degree plans at the end of the fall semester.

There are no formal commencement ceremonies in January. These graduates participate in commencement exercises which will be held

Harold C. Klein

on May 29. At this time, certificates will be issued by the Office of the Registrar certifying fulfillment of degree requirements.

Harold is presently employed as a full-time accountant with LaRue, Lawrence, Wood and Kelley, a certified public accounting firm located in Fort Worth. He is furthering his education through graduate study in the Texas Christian University Evening college.

Harold is an active member of the Delta Upsilon chapter of Delta Sigma fraternity since Jan. 8, 1961. He was elected treasurer of the fraternity last June. Prior to entering college, he spent four years in the Air Force, being stationed at Dyess Air Force Base, Abilene, Tex., London, England, and Guam. Harold is a son of Mrs. Rosella M. Klein of Kewaskum.

Raymond Schultz Dies

Raymond Schultz, 32, of R. 1, Cascade, son of Otto Schultz and the late Florence Schultz of Kewaskum, died Thursday, Jan. 31, at Sheboygan Memorial hospital. Friends may call at Miller's Funeral home, Kewaskum, after 3 p. m. Friday. Funeral services will be at 3 p. m. Saturday at the funeral home. Burial will be in the Beechwood cemetery.

—ks—

BIRTHS

NIGH—A daughter, Bonnie Kay, to Mr. and Mrs. Leo Nigh, Plymouth, at Plymouth hospital Jan. 4. Mr. Nigh is a son of the Elmer Nighs of the town of Auburn.

WESTERMAN—A daughter to Mr. and Mrs. Lloyd Westerman, Box 267, Kewaskum, Tuesday, Jan. 29.

Midwinter Concert to Be Presented By Band

A midwinter concert will be presented by the Kewaskum Community High school band, under the direction of Clyde A. Brehm, on Sunday, Feb. 3, at 8 p. m. in the high school gymnasium. The program will be as follows:

Tenth Regiment March R. B. Hall
Green Leaves of Summer from "The Alamo" Dmitri Tiomkin
Romance—Mariel Seefeldt,
Flute Georges Brun
Tocatta for Band
..... Frank Erickson
Never on Sunday
..... Towne & Hadjidakis
Symphony No. 1 in G Minor
(finale) Basil Kalinnikov
Marche Militaire Francaise
from "Algerian Suite"
..... Camill St. Saens
Scene and Air from "Luisa di
Montfort"—Carolyn Maedke
tenor saxophone
..... Michael Bergson
Overture to "The Pearl Fishers"
..... Georges Bizet
Allegro Concentante from "Sonata in E Minor"—Mariel Seefeldt, Flute, Jennifer Nolting, oboe, Barbara Koch, clarinet, Kay Dorn, French horn, Hiram Justman, bassoon Mozart
Selections from "The Music Man" Meredith Willson
Stars and Stripes Forever
..... John Philip Sousa

COLD CAUSES BREAK IN VILLAGE WATER MAIN

A water main break at the intersection of Fond du Lac ave. and Main st. was blamed on the extreme cold weather during the past weeks. Water had been seeping from the fire hydrant at the corner for some time but the continued cold weather made it flow more freely. Village workers described it as a separation of the pipe at a joint underground.

Village employees worked in the severe cold last week in digging an excavation necessitated to remedy the leak. Water from the defective hydrant flowed down the gutters and street on both Fond du Lac ave. and Main st. where it froze and made conditions very slippery.

M & E RESTAURANT DAMAGED IN BLAZE

The Theresa fire department was called to the M & E Restaurant at the junction of Hwys. 41 and 28 in the town of Wayne on Monday at about 8 a. m. to put out a blaze that got out of hand due to fire in a deep-fryer. Firemen saved the building and most of its contents.

The interior walls of the kitchen were burned and scorched, some kitchen equipment was damaged and smoke and the intense heat caused damage to the interior. The restaurant is operated by Mr. and Mrs. Milton Coulter, son-in-law and daughter of Mr. and Mrs. Louis Schaefer of Kewaskum. They expect to be open for business again in about two weeks.

A minor operation is usually one performed on the other fellow.

Several Injured In Auto Crashes

Claude E. Johann, 26, R. 2, Kewaskum, escaped injury early Sunday when he took the ditch on Hwy. 28 about a half mile east of County Trunk Hwy. 111 in a compact car to avoid a car approaching from the left. Johann's auto left the north side of the highway, went up a hard snow bank and flipped over, landing on the roof. Johann, who was wearing a seat belt, was unhurt. He pushed the car off the highway on its roof.

On Friday night, Jan. 18, around midnight on South Fond du Lac ave. in Campbellsport, a series of crashes occurred which involved six cars and resulted in damages up to \$1,500 to the vehicles. Cars driven by Gary Grahl and David Wondra skidded on ice at the intersection of Fond du Lac ave. and Lovers Lane rd. and collided. Cars driven by Andrew Stoffel and Georgene DeWitt of Kewaskum stopped to help. Ronald Schill, driving south, could not stop his car in time and it struck the DeWitt vehicle which in turn struck the Stoffel car. Stoffel moved his car across the street to make room and when he got out to help direct traffic a car loomed out from the south driven by Rev. Charles Stup of Fond du Lac. Stup also was unable to stop and skidded slowly into Stoffel's machine. Stoffel leaped onto the hood of the Stup car to escape injury but received a badly bruised leg. Ruth Ann Connor and Catherine Blank, both of Milwaukee, passengers in the Schill auto, suffered a sore neck and stomach injuries respectively. Miss DeWitt had a whiplash neck injury and her passengers, Mary Rohlinger, a bruised elbow and Katherine Stoffel, a bruised head.

Larry Witkowski, R. 1, Oakfield escaped injury about 7 a. m. Wednesday when the large O'Connor LP gas truck he was driving south on Hwy. 45 veered off the road about two miles north of Kewaskum and tipped over in a field on the east side of the highway.

An auto driven by Harvey Ramthun, Sr., Kewaskum was damaged when it collided with a Johnson school bus at Johnson's Trailer court at the south edge of the village last Thursday afternoon. The buses are housed in a large building on the premises. Ramthun was entering the trailer court at the time when firemen were fighting a fire in one of the trailers. As he reached a curve the bus approached from the opposite direction. Ramthun was unable to see the bus in time to stop on the icy road and skidded into the vehicle.

SCOUT PANCAKE SUPPER AT HIGH SCHOOL SUNDAY

A pancake supper sponsored by Kewaskum Boy Scout Troop 44 and Cub Scout Pack 44 will be held at the high school cafeteria on Sunday, Feb. 10, from 3 to 7 p. m. Admission is \$1.00 for adults and 50 cents for children. Proceeds will be used for scouting in Kewaskum. There will be prizes every half hour. Tickets can be purchased from any Scout or at the door.

2-12

25 Years Ago

Jan. 28, 1938

Arnold Martin attended a Shell Petroleum Corporation sales conference at the Palmer House, Chicago, on Thursday and Friday.

Saturday evening, Jan. 15, was a gala one for the members of the Kewaskum Woman's club and their husbands, charter members and guests, for it was the 25th anniversary of the founding of the club. Mrs. D. M. Rosenheimer was the first president and at this occasion also is serving in the same capacity. L. P. Rosenheimer acted as toastmaster and a delightful program was rendered. Miss Margaret Lee sang a solo, a quartet consisting of Harry Furlong, Clifford Rose, L. P. Rosenheimer Jr. and Lyle Gibson sang, L. P. Rosenheimer Jr. rendered a solo and Miss Charlotte Lay gave a reading. A delightful dinner was served and bridge was played.

A transaction was completed Tuesday whereby Charles Miller, who formerly managed Miller's Electric store for Miller's, Inc., purchased the entire stock of electrical merchandise and supplies. The new owner will continue to operate the business at its present location, the late Clem Reinders building on Main st. Frank Felix also operates a radio repair shop in the building.

A deal was completed in which F. E. Colvin sold his home and property in the Rosenheimer addition to Jack Tessar. The Tessar family will take possession May 1. Mr. and Mrs. Colvin intend to spend the summers at their forest lake cottage and the winters in California.

The annual meeting of the Kewaskum Mutual Fire Insurance company was held in the company's office Jan. 20. The secretary's report shows that the company enjoyed another successful year, the surplus to policyholders having increased \$9,929.26. P. J. Haug and

M. W. Rosenheimer were re-elected directors for three years. Other directors are A. L. Rosenheimer, Sr., L. P. Rosenheimer, Theo. R. Schmidt, Arthur W. Koch and Jacob Schlosser. Officers elected are: A. L. Rosenheimer, Sr., president; L. P. Rosenheimer, vice-president; Theo. R. Schmidt, secretary; Arthur W. Koch, treasurer.

The stockholders of the Bank of Kewaskum held their annual meeting Jan. 13 with President A. L. Rosenheimer, Sr. presiding. The cashier reported a very good year. After payment of a dividend of eight per cent, a substantial sum was placed in the undivided profits account for the protection of depositors. Officers and directors were re-elected as follows: A. L. Rosenheimer, Sr., president; N. W. Rosenheimer, vice-president; M. W. Rosenheimer, second vice-president and cashier; H. A. Rimmel and Paul Landmann, assistant cashiers; Malinda Heberer, bookkeeper.

FIFTY YEARS AGO

Jan. 26, 1913

F. E. Gray, Jr. and crew of men from Milwaukee set up their drilling machine at the L. Rosenheimer Malt & Grain company's plant and are now drilling the old well deeper. They will also clean out same and erect a new electrical pump, which will pump 400 gallons of water per minute.

A. L. Rosenheimer and J. B. Day made a transaction whereby they traded the Fred Marquardt 60 acre farm 1 1/2 miles northeast of this village on the New Fane road for the Oscar Habeck farm two miles east of the village.

Alex Klug assisted the Random Lake orchestra in furnishing dance music at Fillmore Sunday evening. The Gray, Robinson Construction company of Manitowoc has a crew

of men at work in this village digging a ditch for the laying of the pipe line along Fond du Lac ave. which will be used for fire protection, etc.

H. W. Krahn had a new barber outfit installed in his shop, which brightens up the place considerably.

Mrs. Vernon Staage, Walter Vorpahl Die

Mrs. Vernon Staage, 37, of Beechwood, sister-in-law of Mrs. Armin Oppermann of Kewaskum, died at 6:45 p. m. Thursday, Jan. 24, at her home following a lingering illness.

The former Inez Reul, a daughter of the late Edward Reul and Mrs. Amanda Reul, was born Sept. 15, 1925, in the town of Farmington. She graduated from Kewaskum High school and was married to Mr. Staage on May 3, 1947.

Surviving are her husband; a daughter, Bonnie, 12; a son, Douglas, 6; her mother; two brothers, Howard Reul, Random Lake, and Edward of West Bend; five sisters, Mrs. Adrian (Doris) Krahn, Beechwood, Mrs. Al (Jean) Ripley, Wauwatosa, Mrs. Leo (Bernice) Kastner, Milwaukee, Mrs. Ray (Laverne)

Remich, West Bend, and Mrs. Orin (Mildred) Donath, West Bend. Her father and two brothers preceded her in death.

Funeral services were held at 2 p. m. Monday at Immanuel Lutheran church, town of Scott, the Rev. E. R. Engelking officiating. Burial was in the parish cemetery. Friends called at the Leifer and Yoho Funeral home, Batavia, after 2:30 p. m. Sunday and at the church from Monday noon until the time of services.

WALTER VORPAHL

Walter Fred Vorpahl, 71, of Random Lake, who has three brothers living at Kewaskum and is a native of this area, died Wednesday evening, Jan. 23, at Memorial hospital in Sheboygan.

He was born April 29, 1891, in Washington county, the son of Louis and Minnie Vorpahl. On April 26, 1944 he married Mrs. Melitta Slater at Random Lake. The couple lived there since their marriage. Mr. Vorpahl was employed by the Krier Preserving Co. of Random Lake.

Survivors include his wife, two sons, Orville of Indianapolis, Ind. and Allan of Fredonia; one daughter, Alice (Mrs. Roger Stahl) of West Bend; five brothers, Louis, John and Andrew Vorpahl of Kewaskum, William and George of Random Lake; one sister, Renata (Mrs. Joe Koelsch) of West Bend, and seven grandchildren. Three brothers predeceased him.

Funeral services were held at 2 p. m. Saturday at St. Paul's Lutheran church, Random Lake, the Rev. Carl Knitt officiating. Burial was in Union cemetery at Boltonville.

During the past 25 years, The National Foundation - March of Dimes has spent \$385,500,000 for a medical care program to assist patients afflicted with birth defects, arthritis and polio. Join the 1963 March of Dimes.

THE SUNMOBILE—WATCH IT GO!!—The amazing Sunmobile, a car that runs on sunshine, is shown in action in this time exposure. The button-like photovoltaic cells on the hood turn light energy into electrical energy to move the model car. A 300-watt lamp simulates the sun. The Sunmobile is one of the demonstrations in the General Motors science show Previews of Progress. The 40-minute, admission-free, stage show dramatizes the wonders of science before two million American students and adults each year.

“Previews of Progress” Science Show to Appear At High School Feb. 4

“Liquid sunshine” powers a portable radio. A small boat-shaped vehicle floats on a cushion of air. And a “misbehaving” suitcase illustrates principles used in modern guidance systems.

Kewaskum Community High school students will see these and other interesting demonstrations when the famed General Motors science show, Previews of Progress, appears at the school on Monday, Feb. 4, at 1:50 P. M.

“We seek through Previews to inspire more young people to make science and engineering their career and provide the trained talent America must have to keep pace with the promise of the future,” John F. Gordon, president of General Motors, declares.

James Dean and Edward Kolenda of General Motors public relations staff will narrate the 45-minute, non-commercial presentation. They are one of seven teams that take the show to more than a million students each year.

One of the highlights of the show is a fuel cell, a device that converts chemical energy into electrical power. Potentially one of the most significant scientific developments of the century, the fuel cell manufactures electricity with much greater efficiency than is now obtained from conventional power plants.

In the show, a few drops of “liquid sunshine” added to the cells provide enough energy to operate

a portable radio. In addition to sun power, the Previews audience will see a Ground Effect Machine in operation. The small craft that resembles a boat is designed to skim over land or water on a cushion of air.

The operation of the Previews GEM is simple. Air pulled through the top is blown out at the bottom by a model airplane engine. Higher pressure under the vehicle keeps the craft floating on air.

Another Previews sequence illustrates principles used in modern guidance systems. A student volunteer will manipulate a suitcase with “a mind of its own” as the lecturer explains how today’s planes, ships and missiles are safely guided along predetermined courses.

Students will also see the Exploding Wire Phenomenon. Using the principle of stored energy, a 10-watt power supply furnishes over 30-million watts in an instant to demonstrate the electrical disintegration of a fine wire. This phenomenon may some day propel space vehicles.

Previews of Progress has already been seen by more than 25-million American students and adults. The demonstrations, constantly updated to keep pace with recent technological advances and presented in

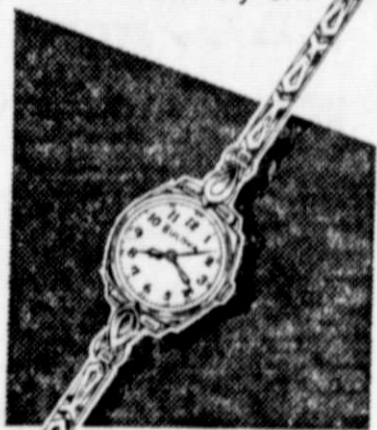

easy to understand non-technical language, have proved to be a big hit with students around the globe.

Birth defects occur in one out of 16 U. S. births, afflicting more than 250,000 babies each year. The 1963 March of Dimes seeks to fight birth defects by sponsoring research seeking causes and cures.

Board Holds Hearing on Proposed Amendment To Official Village Map

DELEGATION OF TEENAGERS DISCUSSES PROMOTION OF SOCIAL EVENTS

Regular Meeting
 January 7, 1963

The Village Board of Kewaskum, Washington County, Wisconsin, met in regular monthly session with President Reigle presiding and all board members present.

The minutes of the previous meeting were approved as presented upon motion by Trustee Tessar, seconded by Trustee Eberle and duly carried.

Mrs. Walter Dei met with the board to discuss the statutes governing the conduct of dances when teenagers are present.

A delegation of teenagers was present to discuss the promotion of teenage social events within the village.

The total of all claims as recommended and approved by the Finance Committee was as follows:

Village General Fund	\$11,439.23
Water Dept. Fund	978.78
Sewage Dept. Fund	836.61

Payment of these claims, as recorded in the official record, was allowed upon motion by Trustee Eberle, seconded by Trustee Merwin and duly carried.

Upon motion by Trustee Wieter, seconded by Trustee Eberle and duly carried, the board adjourned subject to call.

WILLIAM S. MARTIN,
 COMMISSIONER

Adjourned Meeting
 January 14, 1963

The Village Board of Kewaskum,

Washington County, Wisconsin, met in adjourned session to hold a public hearing on the proposed amendment “B” to the official map.

In the absence of President Reigle, Trustee Tessar was selected as acting President for this meeting upon motion by Trustee Wieter, seconded by Trustee Eberle and duly carried.

Interested citizens present were Alfred Seefeldt, Wilmer Ramthun, August Bilgo, Sr., and Gustave Werner.

The proposed amendment was explained by Commissioner Martin and questions were answered.

After a thorough discussion, there were no objections to the amendment as proposed and the public hearing was declared closed.

Upon motion made, seconded and duly carried, the board adjourned subject to call.

WILLIAM S. MARTIN,
 COMMISSIONER

If you know a family with a child born with a defect, ask them to seek aid through their local chapter of The National Foundation-March of Dimes. Join the 25th Anniversary March of Dimes in January and fight crippling birth defects, arthritis and polio.

If you take responsibility upon your shoulders there's little room left for chips.

A well informed man is one who has the same opinion as you do.

Warn Parents to Guard Children Against Frostbite

NURSES OF COUNTY REPORT NUMEROUS CASES DURING SEVERE COLD WEATHER

The county nurses have seen numerous frostbitten cheeks and some more serious involvements while visiting schools during the severe cold weather the past several weeks. The parts of the body most often affected by frostbite are the fingers, toes, cheeks, nose and ears; but any protruding or exposed area is susceptible in this sub-zero weather.

How to Recognize It

(Shades of white—it's frostbite)
The skin first becomes reddish. Then, as the condition develops, it changes to white or grayish-yellow. Later there may be blistering (DO NOT BREAK THESE). A stinging sensation may be felt as frostbite is taking hold, but afterward there is only a feeling of cold and/or numbness. Children, especially, are often not aware of frostbite immediately, if their attention is on play, etc.

What to Do For It

Frostbitten areas are injured areas and until completely healed these injured tissues must be handled with extreme care and protected from further injury (by repeated exposure to cold or careless handling).

DO NOT massage with the hand or rub with snow. Rubbing causes further irritation to or destruction of this already-damaged tissue. INSTEAD, apply firm pressure against the affected part, preferably with a warm hand.

DO NOT apply heat in any form, such as immersing in hot water or

wrapping in heated (electric) blankets. INSTEAD, cover the frostbitten area with warm material and provide extra clothing or wrap in blankets (not electric).

After the injured area is thoroughly rewarmed, encourage exercise of the affected part. For example, if the ear is involved, grasp it at the top and gently work forward and back.

If there is any question of serious involvement, consult your physician immediately.

How to Prevent It

Don't stay inside. Fresh air and physical exercise are necessary to daily healthful living. Just take the necessary precautions:

Wear a woolen scarf to cover mouth, nose and cheeks, and tie snugly to also hold the cap to the head and protect ears.

Shoes and overshoes should fit loosely enough to allow room for wiggling the toes. Tight-fitting footwear restricts circulation, making toes an easy target for frostbite.

Warm mittens that fit well are better than gloves. The fingers together inside a mitten contribute heat within the one space, whereas gloves require that each finger maintain its own temperature and

there is also more surface area for loss of warmth.

These precautions are useless, however, if the basic winter clothing is inadequate. Ankle socks, knee socks, stockings—even leotards—are NOT considered adequate covering of the legs for outdoor activities in Wisconsin winter weather. Both boys and girls need warm covering of the entire body, including the legs.

It is also of utmost importance that the clothing be kept dry.

4-H Club News

ST. MICHAELS 4-H CLUB

Roll call was taken by giving a safety slogan.

Lois Herriges talked on community builders. We voted on it and it was accepted.

We were invited to the roller skating party that was held Jan. 6 at the Artistic Roller Rink.

It was decided to receive points for attending meetings and for giving talks and demonstrations, etc.

A Valentine party was planned for our next meeting.

Craig Thull adjourned the meet-

ing. Dorothea Volm seconded it.

Kathleen Thull and Karen Mohr gave a demonstration on how to bandage and put an arm into a sling. Lois Herriges gave a talk on how to take care of your ears. The demonstration and talk were voted excellent.

Kathleen Thull led the group in singing. Susan Theisen was picked song leader for next month.

We played a few games for recreation.

Dorothea Volm, Reporter

Our Police Chief Says

It is a crime under Wisconsin statute to make a phone call for the purpose of annoying other people. It is a violation of this law not only to phone someone and say things that are designed to annoy them, but also to call people on the phone, and then remain silent after they answer. The next time you are tempted to phone someone as a prank, remember that it is a crime. You could be sent to jail for 30 days and fined up to \$100.

CAN YOU STOP IN TIME?

Here are National Safety Council Test Facts

These drivers see stop sign and cars crossing intersection. They apply brakes at same instant on glare ice at 30 miles per hour. What happens?

THIS DRIVER HAS REINFORCED TIRE CHAINS

STOPS IN 173 FEET
WITH ROOM TO SPARE

THIS DRIVER HAS SNOW TIRES

STOPS IN 392 FEET
TOO LATE TO AVOID COLLISION

THIS DRIVER HAS REGULAR TIRES

STOPS IN 439 FEET
TOO LATE TO AVOID COLLISION

MORE FACTS FOR SAFER WINTER DRIVING

Always carry a pair of reinforced tire chains. In deep snow or on ice they enable you to go and stop more safely.

• Every winter the National Safety Council's Committee on Winter Driving Hazards studies the effects of snow and ice, and how to drive safely under the worst conditions. Figures above and below are based on results of their tests.

• Packed snow also makes stopping difficult. Regular tires at 30 miles an hour will stop you in 135 feet, snow tires in 117, and reinforced tire chains in 86.

• Reduced visibility is also a major winter driving hazard. Do your windshield wipers give clear, streak-free visibility? If rubber is dead, get live rubber refills. Also check wiper arm tension. It should exert one ounce of pressure for each inch of blade length. If arms are weak, blades smear around rain or road muck, and soon ride over snow or sleet—even with new blades. Make sure defroster works.

• Rising temperature makes ice more slippery. At 30 miles an hour on ice at 0° a car with regular tires requires 256 feet to stop. At 30° this distance increases to 530 feet.

• Also significant is the great effect of speed on braking distances. At only ten miles slower, all of these figures are reduced more than half. At ten miles faster, look out! To cite one example, the average braking distance for regular tires on glare ice is 780 feet at 40 m.p.h.

ABOVE CHART, provided by the Safe Winter Driving League, illustrates test results by National Safety Council's Committee on Winter Driving Hazards. For each "braking distance" above you should add 33 feet, which is distance traveled during average "reaction time," needed to think and get your foot on brake after seeing a reason to stop. Skidding and reduced visibility are major added hazards of winter.

Alverno Chorus to Sing At Family Holy Hour

A 92 voice chorus from Alverno college Milwaukee, will sing at the 15th annual Family Holy Hour scheduled at the Milwaukee Auditorium on Sunday, Feb. 3, from 2:30 to 3:30 p. m. it was announced by the Catholic Family Life Program office.

Alverno college, long famous for its music department, will present its full chorus under the direction of Sister M. Laudesia, O.S.F., director of the choral music at the college. The organist for this event is Sister M. Theophane, O.S.F., one of the most famous organists of the area.

Father Myron Kowalski, O.F.M. Cap. the director of music at St. Lawrence seminary, Mt. Calvary, will direct the entire assemblage at the auditorium in the congregational singing of some hymns.

Les Knoll, general chairman of the event, announced that the fourth degree Knights of Columbus, Pere-Marquette Council, the St. Jude League, and the Catholic War Veterans will all participate. Papal Knights of St. Gregory and ladies who have been honored with the "Pro Ecclesia et Pontifice" medal, will also be in attendance.

Neal Quinn, public relations di-

rector for the demonstration, has arranged with the Boy Scout and Girl Scout offices of Milwaukee county to have large groups of scouts participating in the procession. The Francis Jordan Service club will be escorts to the clergy and other dignitaries.

Over 800 C.F.M. (Christian Family Movement) couples are expected to take part in the Holy Hour with their families.

The 500 couples who participated in the annual silver and golden celebrations last year have been invited as special guests at the Holy Hour.

The Family Holy Hour is open to all married and single people in the archdiocese. Parents are encouraged to bring their children. The Holy Hour has been scheduled for 2:30 p. m. so that families can attend after completing noon chores, and can have adequate time for the trip if they live a distance from the Milwaukee Auditorium. The St. Blaise Blessing of throats will be imparted individually at the end of the Holy Hour, since it falls this year on the feast of St. Blaise.

Outdoor lights in the farmyard help at chortime, help avoid accidents and help keep prowlers away.

JOIN THE PTA

Keep windshield and windows clear and clean. Turn on headlights in daylight snowstorms, fog or whenever it will help others to see you. Keep your windshield wipers in good condition with live rubber blades that clean completely. Make sure your wiper arms press the blades firmly against the glass at all times. Lower back windows slightly to prevent inside glass from fogging—as aid to ventilation.

Great Medical Discoveries Seen On March of Dimes Anniversary

By DR. WILLIAM S. CLARK
Director, Medical Department
The National Foundation—
March of Dimes

On this 25th anniversary of the March of Dimes, instead of listing past accomplishments, I would like to predict the future.

During the next 25 years, medical science will leap ahead with new and fantastic discoveries. At long last, it might finally be possible to replace diseased organs—kidneys, heart, stomach—with satisfactory substitutes.

Just about all virus infections will be controlled by vaccines or drugs. Electronic devices will help defective or injured muscles do their normal work.

As spectacular as these accomplishments may be, I think medicine's most significant advance of the century will take place at the bedside of the individual patient at the hospital. We will see an increasing concern for patient care and rehabilitation—utilizing the most highly trained people and latest techniques to control disease, alleviate pain and suffering, prevent and correct deformity.

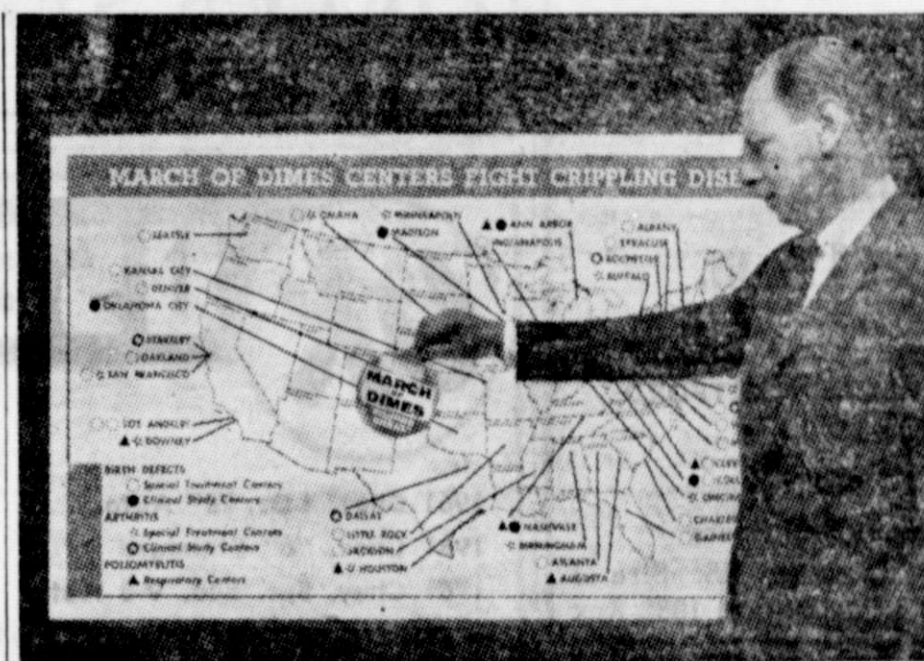

This concern with patient care and rehabilitation will be vital in the years to come, for it has been proved that scientific advances alone will neither eradicate all disease nor provide a state of Utopian good health.

Need Medical Skills

Each scientific advance will bring with it added responsibilities. Our increasing birth rate will bring more congenital disabilities or birth defects. The lengthening life span of individuals will mean a corresponding rise in the diseases of aging—among them, arthritis and the rheumatic diseases. Patients will survive diseases once regarded as fatal, but their complete recovery will demand the skills of a whole team of highly skilled medical experts—experts which are even now in critically short supply.

What contributions can The National Foundation-March of Dimes make to this new era?

In the years ahead, The National Foundation, working closely with its medical advisors, will continue to be a

Dr. William S. Clark marks Denver, Colo., as a city to have one of the newest additions to the rapidly expanding network of treatment and study centers supported by the March of Dimes.

leader both in scientific research and in patient care. March of Dimes funds are helping to build and support the Salk Institute for Biological Studies, in San Diego, Calif., a center where world-renowned scientists will work together on fundamental research.

Impressive Record

In the field of patient care, The National Foundation has an impressive record—and an even greater opportunity for service as it works in continuing cooperation with the medical profession.

Today, the quality of medical care in our nation's hospitals lags too far behind the discovery of new knowledge. During the next 25 years, one of our greatest problems will be to convey the beneficial results of medical research to the patient as quickly as possible.

Hospitals in this country have not been able to adapt to changing health needs—and this problem will continue for some years. Many hospitals are overcrowded. All are understaffed. Most are in need of funds. There is not always time nor even the opportunity for the members of a busy hospital to initiate action based on new knowledge.

Foundation Gives Aid

Creativity must be stimulated and assisted by an outside organization such as The National Foundation which has the leadership, the professional and public support as well as the vision to undertake a task so formidable. Since 1938, The

National Foundation has aided in the treatment of one-third of a million patients suffering from birth defects, arthritis and polio, at a cost of more than one-third of a billion dollars.

The National Foundation already has a blueprint to help our doctors solve the nation's medical care problems. This voluntary health organization is financing a rapidly growing network of special treatment and study centers throughout the country. Already established are more than 50 such centers, where specialists search for new medical techniques, learn through these discoveries, apply their knowledge to treatment and then teach this knowledge to others. Our country could easily use 100 of these centers.

Improve Care

Although originally established to develop the best possible care for patients suffering from birth defects, arthritis or polio, these centers also improve the quality of care for victims of all chronic disease by disseminating new knowledge.

On this 25th anniversary then, I can report that The National Foundation is in tune with the times and, in many instances, ahead of the times. We are discovering new ways to be of help in meeting the medical needs of our country—through scientific research and through research in patient care. In both instances, we are building on a proved record of accomplishments.

Looking Thru the Field Glasses . . .

BY BOB LAKE
Conservation Warden
Washington County

INSPECT YOUR ICE SHANTY

Those ice fishermen who have shanties on the various lakes in this area should inspect them when the weather starts to warm up. As the sun is now moving north and we have more hours of daylight, the reflection from the shanty and the heat inside will cause it to settle at a rapid rate. Moving it a few feet, or by placing blocking at the four corners will save a great deal of labor when it is time to remove it on or before March 5 south of Highway 64. As of this date some shacks have been taken to shore.

Each year we are asked a question several times—whether or not skin diving equipment may be used for spearing sturgeon. The answer is "NO".

The Wisconsin Administrative Code states very clearly that pan-fish and rough fish only may be

taken by the method commonly known as skin diving by divers under the water with the use of spears or spear guns in certain specified waters.

Homemaker Notes

KEWASKUM MODERN MRS.

We met at the home of Mrs. Francis Gilboy with twelve members present.

Mrs. Norman Held gave an informative talk on the use of seat belts.

Mrs. Charles Ogi and Mrs. Erwin Bullette were project leaders for this meeting and demonstrated the minute and a half patch. We all brought something along to patch and had fun mending together.

The door prize was won by Mrs. Joe Miller.

Our next meeting will be Feb. 18 at the Mrs. George Eggert residence.

Mrs. Erwin Bullette, Sec.

COUNTRY COUSINS

Tuesday evening, Jan. 22, we had our first meeting at the home of Iona Schmidt, R. 2, Kewaskum.

Our officers are Doris Prost, president; Jeanne Otten, vice-president; Sally Reindl, secretary; Delores Prost, treasurer, and Iona Schmidt, health officer. Our president appointed a committee to make up a constitution to be voted on at our next meeting. We next voted on our name, with "Country Cousins" winning. Names for secret pals were exchanged.

Project leaders Delores Prost and Jeanne Otten gave a report on mending hints and presented sewing aids for inspection. The evening ended with a delicious ham luncheon.

Jeanne Otten, Reporter

If you're planting a living fence of multiflora rose, get it in as early in the spring as possible, says George Ziegler, University of Wisconsin horticulturist.

It pays to advertise.

Watertown Tips Chevs In Rough Game, 101-83

Watertown, the team that battled Beaver Dam for the first half title right up to the final game in the Land o' Lakes league, came to Kewaskum Saturday night and beat the Chevs in a rough and tumble contest, 101-83. The setback left the losers with a 1-1 record in this half.

Watertown apparently came here with a chip on their shoulders, reportedly because of the forfeited game they lost to Kewaskum in the first half of play. As a result the play was very rough and the game got out of hand at times. There was frequent fouling as 42 personals were called, tempers flared, there was arguing among the players and officials, and a couple of scuffles between the players broke out. One Watertown player was carried from the floor with an injury.

Aside from the extra curricular activities, Watertown led the Chevs all through the contest, but Kewaskum stayed close behind without catching distance until the final quarter. The visitors were ahead, 25-18, at the end of the first period and 47-40 at halftime. The Chevs narrowed the gap to 67-61 in the third quarter but fell apart in the wild final quarter when basketball was forgotten and they were outscored 34-22.

Big "Rube" Schultz, former Marquette university star, was high scorer in the contest with 28 points. Teammates Engelbrecht and Clark scored 17 and 15 respectively. Gene Pieper and Tom Larsen shared honors for the losers, each with 20 points, while Don Meisenheimer and Otto Ramthun scored 15 a piece.

In other week end tilts, West Bend was surprised by Horicon, 84-72, and Beaver Dam's first half champs won a high scoring tilt over Hustisford, 120-94.

Kewaskum had a bye in the schedule this week end but is participating in the Mt. Calvary Invitational tournament at present. Games scheduled will find Horicon at Menomonee Falls Saturday and Cedarburg at Hustisford and Beaver Dam at Mayville Sunday.

LAND O' LAKES STANDINGS (Second Half)

Team	Won	Lost
Beaver Dam	2	0
Watertown	1	0
Menomonee Falls	1	0
Kewaskum	1	1

Indians Win Handily At Random Lake, 56-40

After two losses to the top teams in the Scenic Moraine conference, the Kewaskum Indians regained their winning ways last Friday at Random Lake, handing the Rams their 8th defeat in nine games, 56-40. The fourth place Indians, with a 6-3 record, failed to gain on the leaders, all of whom also won Friday.

Kewaskum built up an 18-11 lead at the quarter and increased the margin to 28-18 at the intermission. The Rams came back to outscore the Indians, 18-12, in the third period to cut the margin to 40-36 but in the final quarter, with Miles LaFever of Random fouling out, Kewaskum walked away from the losers, scoring 16 points to their 4 to win by a comfortable 16-point margin, 56-40.

Personal fouls hurt the Rams, who had 21 called on them compared to only 14 on Kewaskum. As a result the winners sank 14 free throws and the losers only six.

Al Koepke copped scoring honors for the night, registering 17 points for the victors, while Ewert kicked in 14. LaFever paced Random Lake with 11 points.

The four first division teams in the conference all won Friday at the expense of their second division brethren. Leading Grafton won its 9th straight, beating North Fondy, 65-33. Slinger and Pewaukee remained tied for second with 7-2 records. Slinger trounced Campbellsport, 63-38, and Pewaukee whipped Germantown, 75-58, in other games.

Kewaskum has a chance to move into a tie with Slinger this Friday when they play on the Owls' floor. This will be followed by two home contests with tail end Campbellsport playing here Tuesday, Feb. 5, and North Fondy coming Friday, Feb. 8.

DON'T MISS IT!

Name County Chairman For Brotherhood Week

Mrs. Lewis D. Brown, Jr. of West Bend has been named Washington county chairman for the 1963 Brotherhood Week observance.

The appointment of Mrs. Brown was announced by R. A. Klumb, West Bend, who is Brotherhood Week chairman for district 6 in which Washington county is located.

Supreme Court Justice Myron L. Gordon of Madison is state Brotherhood Week chairman for 1963. Serving with him as state co-chairmen are Atty. Fred W. Genrich, Jr., Wausau; Atty. Vincent J. Lucarelli, Kenosha, and Ben Sadoff of Fond du Lac.

Brotherhood Week will be observed Feb. 17-24, and has been sponsored annually since 1934 by the National Conference of Christians and Jews. The purposes of Brotherhood Week are: To give people an opportunity to rededicate themselves to the basic ideals for respect for people and human rights which are essential to our way of life; to dramatize the practical things which people can do to promote an understanding and realization of these ideals and to enlist the support of a large number of people in year-round activities to build brotherhood.

Commenting on her appointment, Mrs. Brown said:

"All weeks are equally in need of the practice of brotherhood. However, the week of Washington's birthday has been set aside as a time of resolution to sustain brotherhood throughout the year. This should be done without seeking a union of religious bodies, without modifying the distinctive beliefs of protestants, Catholics and Jews, and without weakening the loyalties of those of any faith. It is

our hope that the people of Washington county will make every effort to participate in this observance."

A Washington county committee will be appointed soon to direct Brotherhood Week activities.

While other areas in Wisconsin have had women to lead the activities for the Brotherhood Week

observance, Mrs. Brown is the first of her sex to head the committee in Washington county.

Remember when you point an accusing finger at someone else you've got three fingers pointing at yourself.

Join the PTA.

Woman's Club

(Continued from page one)
was further accomplished when Mrs. Robert Kroncke and Paul Albrecht collaborated in song. Mr. and Mrs. Robert Schmidt gave their version of "The Castle Walk," a dance originated and made famous by Vernon and Irene Castle, in the era of the early 1900's.

Thoughts were again pleasantly reverted when past presidents appeared in a fashion parade wearing attire that was in vogue while each was president. While modeling, each one related the highlights of her administration and what was taking place locally and nationally at the time. Mrs. Ernest Mitchell was commentator. Other past presidents who participated included Mrs. Paul Albrecht, Mrs. Walter Bade, Mrs. Edith Landmann, Mrs. Marvin Martin, Mrs. Charles Miller, Mrs. C. M. Rose, Mrs. N. W. Rosenheimer, and Mrs. Clyde Smith. Unable to attend were Mrs. O. E. Lay and Mrs. C. F. Schaefer.

Talent and humor were combined when Paul Albrecht, Donald Koerble, John and Mark Rosenheimer appeared in attire of yesterday as "The Four Flushers" and offered barbershop harmony on songs popular at that time.

In making a presentation in behalf of Regal Ware, Inc., L. N. Peterson commented, "the old adage 'too many cooks can spoil the broth' does not apply to the record of the Kewaskum Woman's club." He added, "had not the proper ingredients been added in proper proportions at the right time, the pot would long have over-boiled."

Presenting a gift from the Kiwanis club of Kewaskum was Orval Behnke, its president, who commended the group for its place in the community.

Within the club's membership are three women who received a certificate of honor from the club president signifying 50 years of continuous membership. They are Mrs. O. E. Lay, Mrs. N. W. Rosenheimer and Mrs. Wm. F. Schultz, the latter now an honorary member. The assemblage paid tribute to these charter members by singing a toast "Beautiful Lady" with original lyrics by Mrs. Robert Kroncke. In acceptance, Mrs. Rosenheimer expressed the thought that perhaps the most effective way she could reminisce was by

showing photographs of the earliest members.

Representing the 6th district of Federated Women's Clubs was its president, Mrs. Clinton Ehrhardt of Brownsville, who in comparing the interests of the woman 50 years ago to the woman of today concluded that there is one major difference. The woman of today is a world citizen and her interests lie beyond her own community. She presented to the club a citation along with congratulations from the federation.

The banquet committee consisted of Mrs. Marvin Martin and Mrs. Frank Krueger, Jr., who were assisted by Mrs. Paul Albrecht, Mrs. Henry Rosenheimer was musical director. Table decorations, all in tones of gold, were in keeping with the anniversary theme. Centerpieces of yellow snapdragons and daffodils were the gifts of the Kewaskum Kiwanis club and the Kewaskum Floral Shop.

A notable item from the club's history is that the first of its projects was the establishment of a village library in 1913. Its site then was the building now owned and occupied by the Edward Czaja family on Main st. The members worked diligently to raise funds by sponsoring card parties, plays, bazaars, apron sales and a series of lectures. In the beginning, the library was cared for by club members but when it had become well established, the club presented their library to the village. A set of encyclopedias was purchased

by the club in 1913. Earmarked by the many who searched the pages for knowledge, the set has just recently been replaced. The club continued its interest in the library and the 50 years that have followed its inception have found that interest undiminished.

Always interested in supporting projects for the betterment of their community, the club contributed generously to the fund for the then new high school built in 1924 and further contributed to help provide needed equipment, landscaping, musical instruments and band uniforms. Again in 1957 when Kewaskum's new Community High school was erected, the club again proved its interest by presenting \$400 to the science department and \$100 to the school library. In 1958 the family of the late Mrs. D. M. Rosenheimer presented her piano to the high school in the name of the Kewaskum Woman's club.

All fund drives are supported and in addition the Woman's club sponsors the Girl Scouts and Brownies in Kewaskum. Contributions to the Kewaskum Public Library are made annually as well as contributions to the American Field Service project in the village. The Mothers' March on Polio, the blood bank, the mobile X-ray program, children's immunization program are under the direction of the Woman's club. It sponsors the Helen Mears art contest, sends a delegate to the State Youth Conference annually and participates

in the village beautification program.

Since 1954 an annual scholarship of \$100 is offered to a Kewaskum High school graduate aspiring toward a teaching profession. To provide the funds for this grant, the club has employed various fund-raising methods. In recent years a cookie sale has proved increasingly popular. 135 pounds of cookies were baked by the 48 members for the 1962 holiday cookie sale.

Officers who are guiding the club's activities for the 1962-63 season are Mrs. Paul Albrecht, president; Mrs. Robert Kroncke and Mrs. R. L. Edwards, vice-presidents; Mrs. Frank Krueger, Jr., treasurer, and Mrs. W. D. Tesar, secretary. Three of its members have been appointed to chairmanships on the district level for 1962-64. They include Mrs. N. W. Held, press book; Mrs. Marvin Martin, Civil Defense and Mrs. Charles Miller, legislative and 2nd vice-president.

Club meetings were held in members' homes until 1947 when a clubroom was established in the former Farmers and Merchants Bank building on Fond du Lac ave. When the municipal building was erected on the corner of Railroad and 1st sts. in 1950, the club chose to use the library rooms for their meetings.

A review of the history of the club brings to mind the old saying, "never underestimate the power of a woman" and when 48

are banded together with common interests as are these, accomplishments are boundless.

MARRIAGE LICENSE

Jan. 26—John E. Machacek, R. 1, Slinger, and Catherine Ann Heriges, R. 2, Kewaskum; wedding Feb. 2.

Cover your tractor engine during winter to conserve heat. Orrin Berge, University of Wisconsin farm engineer, says engines often don't have a chance to get warm during short winter jobs.

The ambition of some small boy would be to grow up and be a farmer so he could get paid for not raising spinach.
