COUNTY CONSERVATION CONGRESS HEARING APR. 22

The Washington County Conservation Congress hearing will be held at 8:00 p. m. Monday, April 22, in the auditorium of the new court house, 432 East Washington st., West Bend. Entrance is a ground level on the north side of the building, and there is ample parking space there.

As this is written crappies are starting to bite on the north end of Big Cedar lake. If the weather warms up there should be some excellent fishing this week end.

Sunday, April 21, is the opening date for spearing suckers in Washington and Ozaukee counties. The fisherman must not spear in a trout stream or a fish refuge and must stay 200 feet away from a dam.

Be sure that you have applied for the 1963 boat registration, that

> Monday, April 22, is the date you should have marked on your calendar to remind you to attend your County Conservation Congress hearing at the new court house in West Bend.

> We have previously discussed the game questionnaire and the election of representatives to the statewide Congress hearing in May.

The other item to be discussed at the hearing is the fish questionnaire. The fish management division feels there is no need to propose any changes of statewide concern.

There will be a question relative to an aggregate bag limit of 25 bluegill and crappies in several northwestern counties.

There will also be a question on | ternational Walther League Con- and adults require to walk, talk the taking of larvae or nymphs of vention."

You may, however, present and discuss any other subjects you feel important.

Be sure to attend your County Conservation Congress hearing, Monday, April 22, at 8:00 p. m. at the new court house. ---- KA-

A BUSINESSMAN wants to protect his employees. He turns to the American Cancer Society for lifesaving pamphlets, films, danger-signal posters and speakers.

A SCIENTIST needs funds to support research on leukemia. He turns to the American Cancer Society which invests millions annually in cancer research.

A PATIENT needs dressings and weekly transportation to a treatment center. She turns to the American Cancer Society which makes these services available to her.

The American Cancer Society

is many things to many people - and is made up of many people - two million volunteer physicians, businessmen, union leaders, nurses, scientists, housewives, dedicated to one goal: saving lives from cancer. Through the Society's nation-wide research, education, and service programs, they hold out a lifeline to everyone threatened by cancer. You too can turn

to the Society. Call your local Unit for more information on what it can do for you-And, in turn, you can do your part. You can guard your family by fighting cancer with a checkup and a check.

REMEMBER CANCER'S SEVEN DANGER SIGNALS

- 1. Unusual bleeding or discharge
- A lump or thickening in the breast or elsewhere 2.
- A sore that does not heal 3.
- Change in bowel or bladder habits 4.
- 5. Hoarseness or cough
- Indigestion or difficulty in swallowing
- 7. Change in a wart or mole

If your signal lasts longer than two weeks, go to your doctor to learn if it means cancer.

5. Praise

Then, plant five rows of lettuce:

1. Let us be faithful

2. Let us be unselfish 3. Let us be loyal

4. Let us be truthful

5. Let us help one another Next to them, plant three rows of squash:

1. Squash impatience

2. Squash criticism

3. Squash indifference

No garden is complete without turnips:

1. Turn up for pack meetings

2. Turn up with a new idea.

3. Turn up with determination But without many hours of work and care no garden can grow, so-
