Children Ignite Gas, Garage Catches Fire

The fire department was called to the property owned by Elmer Schaefer on Park View dr. at about 2 p. m. Monday when a frame garage caught fire and the blaze was noticed by a passerby. Three children of the neighborhood who were playing in the garage admitted to Chief of Police Roland Pledl that they found a can of gasoline in the building, poured some of the contents on the floor and lighted it, causing the blaze. Only the rafters and walls were scorched by the flames and the gas can burned before the firemen extinguished the blaze. The two apartment home is occupied by the Jerry Kreif and Milton Flynn families.

Early Wednesday afternoon the firemen experienced a switch. They were called upon to start a fire instead of putting one out. Firemen poured gasoline and oil on the remaining portion of a partially torn down barn on the Wilmer Ramthun property on River View dr. at the northeast village limits, ignited the structure and burned it. They stood by with their equipment in case the flames should spread or get out of control. The barn had to be removed to make room for a new village street which will pass through the property. The home on the place is occupied by Charles Breseman, his daughter and his brother-in-law.

Picnic, Parade Most Successful Held, Set Records

THOUSANDS JAM STREETS TO SEE FINEST PARADE EVER; NAME WINNERS

Kewaskum's annual firemen's picnic over the week end was the most successful ever held, both from a financial and attendance standpoint, and Sunday's long, colorful parade was the finest ever put on as the firemen maintained their tradition for excellent parades.

The event set several all-time records as each year's picnic grows bigger. It grossed the largest amount of money taken in, the parade was the biggest ever held, the thousands of people who jammed the streets to watch the parade was estimated to be the largest crowd ever to see one here, and the crowds in the park also among the largest ever. The affair would have been even more successful except for wet, damp weather Saturday night.

A steady, but much needed rainfall Saturday afternoon made the outlook dismal for a good picnic week end. But the rain stopped early in the evening and the picnic went on as usual even though the wet grounds, dampness and coolness kept the crowd down considerably. Peppy music by a clown band kept the people in good spirits.

The crowd began arriving early for Sunday's parade and all parking spaces were taken and the streets filled with people already a half hour before its start. Not only was the parade, which lasted a good hour, the longest and best ever held, but it also had the most units and musical organizations participating. The three bands included the former national and state champion Milwaukee Continental Youth band of 120 pieces, which has taken part in many of the biggest events held throughout the country; the Germantown High school band, and the Kewaskum Community High school band. Three drum and bugle corps entered were the Fond du Lac Junior Optimists corps, Sheboygan drum and bugle corps, and Germantown drum and bugle corps. The Blue Echoes and Vern's Polkateers of here also played in the parade.

There were close to 50 vehicles in the parade including floats, decorated cars and trucks, ancient cars, fire trucks and others; groups of baton twirlers, the West Bend School of Dance pupils in costume, 4-H clubs, Scouts, Cubs and Brownies, many dozens of children in costumes and with specialties, visiting firemen and Legion groups, numerous horses, and many, many other units. Many considerers were heard to say that it was the finest parade they had ever seen in a village of this size. Residents of the area also highly praised it.

Following the parade the very excellent Continental Youth band gave a concert and demonstration in precision in the park. This was immediately followed by an exhibition put on by the Junior Optimists drum and bugle corps.

Krazy Daze Sale Is Real Success

The first "Krazy Daze" street sale sponsored by the Kewaskum Business association and cooperating merchants all day Tuesday and until 9 o'clock in the evening was a splendid success and had the best turnout of any promotion put on thus far.

Streets were crowded right at the start at 9 a. m. by persons seeking the best bargains at booths and counters on the streets and most of them remained busy throughout the day as many, many people visited our village. Special bargains on merchandise within the business places were also offered. Sales were very good and most merchants disposed of a large stock of merchandise, many of them "crazy" items as shoppers bought like "krazy." You name it and they had it—such items as Christmas wreaths and wrapping, fireworks, skis, sleds, \$1.00 dresses, horse equipment, odd clothing, etc., etc.

Barbecued bratwurst and hamburgers, nickel beers and other refreshments were sold on the street and did a real brisk business. One establishment alone sold several hundred pounds of brats. Vern's Polkateers, making the rounds on a truck, furnished lively music on the streets in the evening.

The most fun was provided by the crazy costumes worn by some of the merchants and other business people—Jack and Bob in their long red flannels, women in short and long mu-mu gowns, dentist with derby, red and white checker shorts, basketball jersey lettered with "Spatz's Gang," a village basketball team some 30 years ago, and many others. One dealer even drove his miniature tractor right into a tavern as everyone had fun and laughs, and more brats and beer.

People crowded the streets in surprising numbers and it was a real good day for all, merchants and buyers alike. Many visitors expressed their hope for another similar street sale in the future.

The businessmen want to thank everyone for their very generous support in making this "Krazy Daze" a real fine success.

Among the more effective forms of protection against poison ivy are clothes, gloves and common sense. The Institute for Safer Living says keep arms, legs and other parts of the body well covered when walking in the woods or in underbrush. Wear gloves when handling wild vegetation.

LAW ENFORCEMENT AIRCRAFT IN USE

This is the time of year when an occasional sturgeon will bite on hook and line. The season is closed, and they are not to be gaffed, beached or boated. The proper thing to do is cut the line, the fish will survive.

A large doe deer was killed last Friday night when it ran into the side of a private ambulance on CTH (Y) near Willow Creek. There was slight damage to the door of the vehicle.

Many individuals have neglected to renew the certificate of registration for the sail or motorboat that expired on March 31, 1963.

By now a great many of you have seen and heard our law enforcement aircraft. This is certainly proving to be a fine piece of equipment. We are able to talk to many of you by using the loud speaker. Otherwise it would take several years to contact you while you were enjoying your favorite sport.

In addition, the plane is equipped with a two-way radio and is in constant contact with boats and ground crews working the same area. In case the plane sees a violation the boats and ground crews are alerted and they move in to contact the violator.

Also, the plane is equipped with photographic equipment. Pictures make excellent evidence should a case go to trial.

On a recent flight the plane noticed a canoe occupied by young ladies being harassed by two boats full of young men who were making every effort to swamp the canoe. This information was given to our boat and in a matter of minutes the arrests were made. On another occasion a man was observed trolling with a motor on

a small out-of-the-way lake. This information was given to the local warden who made the necessary contact in a very short time. This turned out to be a man who had been arrested for the same offense a short time previously.

Although we have had this plane for a relatively short time, we have found we can cover a lot more area urging you to comply with the law and can also use it to very good advantage in apprehending those who choose not to comply.

BLACK BEAR KILLED

Bass fishing continues good at Big Cedar and Lake Five, walleyes at Pike lake and Little Cedar. It is surprising how the northerns continue to bite at Big Cedar. Water levels are a little below normal and will continue to drop unless we have cool weather and above normal rainfall. Some lakes are starting to become cloudy, and weeds are becoming a problem.

Three deer were killed on Washington county highways in the past week, two in Ozaukee county.

A black bear, far outside its normal Wisconsin range, was shot and killed on May 19. The animal, which weighed about 200 pounds, was shot in Richland county when the animal appeared to be attacking livestock.

STANGE HOLSTEINS GRANTED EXCLUSIVE NAMING SYSTEM

The names of all registered Holstein cattle bred by David Stange, Kewaskum, will begin with "Low-Valley" from now on.

Exclusive use of this prefix name has been granted by The Holstein-Friesian Association of America. It will become a permanent part of official breed records at the organization's national headquarters in Brattleboro, Vermont.

More than 30,000 Holstein dairymen are currently using similarly distinctive prefixes in naming their home-bred cattle. The total is growing at the rate of 1,500 annually.

Picnic

(Continued from page one)

Moments later the popular Blue Echoes band of Kewaskum, which has just made their first recordings, played on the bandstand stage for about a half hour. They drew a large crowd around them, received much applause, and had the stage filled with young people doing the twist. Little Debbie Heisdorf, age 4, did a solo twist from the front of the stage and made a big hit.

The judges selected the following prize winners in the parade: Floats—1. Stachia's, \$50; 2. Brown Bell Legion Post, Campbellsport, \$35; 3. Girl Scouts, \$20; 4. Ollie's Texaco, \$10. Children's specialties—1. Coaster with umbrella and lots of flowers (names of children not obtained), \$10; 2. Queen of Hearts, Peg and Sandra Shaske, \$5; 3. Old Woman in a Shoe, Merwin and Westernman children, \$3; 4. Miss Firecracker and Court, Homer Schaub children, \$2.

Free entertainment acts were enjoyed afternoon and evening given by the Acro-Nuts, Consuelo, Aerial Artiste, and the Three J's. The water fights in the evening had to be cancelled because of a broken apparatus. Fire departments scheduled to take part in the fights were Campbellsport, Random Lake, Boltonville and Newburg.

Except for a few dark clouds, the weather Sunday was ideal, and the park was a sea of people throughout the afternoon and night. Many outsiders and former residents were here for the picnic. The rides, games and amusements were always busy and hamburgers, bratwurst and refreshments sold like they were going out of style.

The winners of the 68 merchandise prizes will be selected and announced next week.

The sponsors of the picnic wish to thank everyone who attended.

2 Local Students Register at UW

Two students from Kewaskum visited the University of Wisconsin campus, Madison, during the past week to register for UW studies to be started with the opening of the university's school year in September.

They were taking advantage of the UW's summer registration-orientation program for new freshmen, now in its fourth week on the campus. The program was established to help young people make their transition into university life easier both for themselves and their parents.

This summer's registration-orientation program continues through July 26. Under it, the young men and women visit the campus for at least a day, often with either their mother or father or both parents, arrange for their housing if that is not already done, take some placement tests, meet some student leaders and faculty members, and register for their coming university studies designed to lead them into their life careers. They can also make use of the UW's valuable student counseling services.

Next autumn the new students return to the UW campus Sept. 12 to continue their orientation. Their classes begin on Monday, Sept. 16.

Visiting the UW campus from Kewaskum to register were Allen C. Koepke, son of Mr. and Mrs. Carnel Koepke, R. 2, and Douglas Landmann, son of Mrs. Edith Landmann, 1438 Park View dr.

Complaints are on the increase of dogs howling at night, running at large, damaging gardens and lawns and molesting children. This ordinance will be strictly enforced.

Conservation department records show that the volume of timber wasted in Wisconsin each year through insect damage, disease, fire, and other causes of mortality nearly equals the amount of timber cut for useful purposes.

Lakes Team Wins Over Barton, 9-4

After absorbing a couple of beatings the week before, Kewaskum regained a .500 rating in the Land o' Lakes standings by handing last place Barton a 9-4 trimming Sunday.

The winners defeated Barton with two big innings, the third and eighth, in each of which they scored four runs, the other one coming in the sixth. Barton's butts were all scored in separate innings.

ly Barton player with two hits, one a two bagger.

This Sunday Kewaskum is scheduled to host Germantown in league action. This will be an afternoon contest. Germantown has a 1-10 record and the locals should make it two straight.
