

## 25 Years Ago

Jan. 20, 1939

The freshman citizenship classes held a court session at high school. One class had as its judge Myron Backhaus. Lyle Belger was the defendant accused of stealing Gladys Baumgartner's chickens. The defendant's lawyer was Fred Beyer, while the plaintiff's lawyer was Arnold Hawig. The defendant was sworn in by Marlin Koche, the clerk of court. The other division of the class had as its judge George Petri, while Bruce Petri was accused of stealing Lucille Schoofs' chickens. The defendant's lawyer was Wayland Tassar, while the plaintiff's lawyer was Roger Stahl. The clerk of court was Dolores Mae Stoffel. The verdict in each class was given by an appointed jury.

Did you know that Donald Seil is the smoothest waltzer in high school? He was Monday night. The rest of the boys were all so droopy and stiff from hunting over the week end that they found it hard to even walk.—High school notes.

Dr. F. E. Nolting left for Milwaukee where he boarded a United Air Lines plane to be at the bedside of his mother, who is gravely ill at Grand Forks, N. Dak. Mrs. Nolting has returned from New York where she spent a week attending a meeting of the New York Cosmotologists association and visiting friends at Troy.

D. J. Harbeck spent Tuesday in Milwaukee. While there he had the pleasure of conversing over the air with Heinie and "Droopy" of Heinie's Grenadiers over station WTMJ.

Mrs. Elizabeth Kneuppel of this village was painfully injured in a fall down the basement stairway in her home. She was doing her weekly washing when she was seized with a dizzy spell and fell. She crawled upstairs to a doorway where her moaning attracted the attention of Bob Romaine, who was passing by. He summoned neighbors who helped her into the house and called a physician. She was removed to St. Joseph's hospital, West Bend for x-rays which disclosed a fractured pelvis bone, back injuries and a possible broken back.

Miss Elsie Bruhn, who has been employed in the ready-to-wear department of the J. C. Penney Co. store at West Bend,

has resigned and very shortly will open a bakery, confectionary and ice cream shop in the John Gruber building on Main st., which was vacated recently by the Reinders Sweet Shop.

Recent weddings included those of Esther Dogs, R. 3, Kewaskum, and Eugene Fenske, Arpin, Wis.; Minerva Sommerfeld, Fond du Lac and Marvin A. Martin, Kewaskum.

### 50 YEARS AGO

Jan. 18, 1914

The village of Campbellsport at last has gates at the C. & N. W. Ry. crossing. The gates were ordered about two months ago by the railroad commission. The crossing was quite dangerous. Dr. M. Hoffman was killed there several months ago.

Announcements of the marriage of Miss Kathryn Eirschele to Roman Smith, both of Tomah, were received here.

Dr. A. J. Driessel of West Bend and his father, Dr. H. Driessel of this village, had a close call Sunday. They started from West Bend to call on a patient when the kingbolt broke, which frightened the horses and they made a dash to get away. Dr. A. J. Driessel, the driver, was pulled over the dash board and dragged a short ways but escaped with a few cuts. His father fell on his face and received a fractured nose, cuts and bruises.

### UNITED CHURCH WOMEN PLAN MISSIONARY TEA

A mid-winter missionary tea is being planned by the United Church Women of Washington County. The event will be held at the Congregational church at Hartford on Wednesday, Jan. 29, at 2 p. m. Two speakers will keynote the purpose of the tea which is to support spiritually and financially the work of the church women in the missionary field.

State UCW Leadership Education chairman, Mrs. W. A. Connell of Waukesha, and president of the Waukesha Suburban Council, Mrs. Robert Odell of New

Berlin, will discuss insights received from Hope Mwonyumba, a recent visitor from Kenya, Africa. Members and guests of the United Church Women are expected to attend this interesting event, arriving from all county areas.

The Hartford Congregational church is located on Branch st., one block south of the stop light. Ample parking will be available in the Methodist parking lot, one-half block east of the church.

### 3 Local Fishermen Catch Record 100 Fish on Winnebago

Any fishermen who did not go ice fishing on Lake Winnebago last Sunday missed some of the best fishing in years. The fish, especially the big jumbo perch, were really hitting and three local fishermen struck a real bonanza.

Bill Zacho, Walter Schmidt and Roger Reindl, who like to be known as pros in the sport, had phenomenal success. They caught an even 100 fish, which is believed to be a record for the season. Their bag included 76 of the fat jumbo perch, 12 pike and 12 whitebass. The total weight of the fish was 90 pounds, which averages out almost a pound apiece. They could have caught more but were pooped and quit early when their catch reached 100. Besides they didn't have a truck to haul them in.

John (Worms, Inc.) Geidel and wife Laverne also showed an excellent catch Sunday. They had a total of 27 fish between the two of them. Their catch included 17 perch and 10 good sized pike.

Many other fishermen were almost equally successful. One group from Milwaukee fishing right next to your reporter caught 52 fish and had to quit when they were filled up. Another nearby group from Sheboygan filled up in less than two hours. All kidding aside, the fish were biting so fast that the fishermen in that area couldn't handle their tip-ups.

As soon as the bait was down the flags went up for a period of time and fishermen were kept on a constant run. At times individual fishermen would have two or three tip-ups up at one time and would run from one to the other, jerk out the fish, throw them and the tip-up on the ice and leap to the next one. When they had time they would rebait the hooks. Men and ladies, boys and girls, and even six-year-old tots were seen pulling out fish as many families enjoyed picnics on the ice.

Some fishermen reported poor luck Sunday but they just weren't in the right places. Of course it would be against all fishing principals to tell in what area of the lake the fishermen were so successful. There is no limit on perch or white bass on Winnebago but the limit on walleyes and sand pike is five per person. Thousands of fishermen crowded the lake over the week end when the weather was very mild. Many fishermen have been having good luck on other days, too.

### Dr. Brauchle, Mrs. W. Belger, Others Pass On

Dr. Leo C. Brauchle, 64, of Columbus, Wis., a former dentist in Kewaskum for many years, died on Monday, Jan. 20, at the Veterans hospital in Madison.

Dr. Brauchle was born in Columbus on April 27, 1899, and came to Kewaskum about 1925. He practiced dentistry and the family resided here approximately 25 years. His office was located on the second floor of the former Kewaskum Mutual Insurance company building on Fond du Lac ave., now owned by Walter Mathis of Menomonee Falls. The Brauchle family left Kewaskum in 1950 and moved to Crandon, Wis., where they resided 13 years. Dr. and Mrs. Brauchle sold their home at Crandon last November and moved back to Columbus.

Immediate survivors include the widow, two daughters, Patti (wife of Dr. John Norman) of Akron, Ohio, and Rachel (wife of Dr. Chuck Nichols) of Rockford, Ill., and one son, Dr. Robert Brauchle of Monroe, Wis.

Funeral services were held on Thursday, Jan. 23, at the Jones Funeral home in Columbus. Pallbearers for Dr. Brauchle included E. M. Romaine and Carl F. Schaefer of Kewaskum. Others from this village who were to Columbus to pay their respects were Dr. and Mrs. R. G. Edwards and Mr. and Mrs. John Van Blarcom.

#### MRS. WALTER BELGER

Mrs. Walter Belger, 73; nee Lena Habeck, of 1428 Park View dr., Kewaskum, a lifelong resident of the Kewaskum area, passed away at St. Joseph's Community hospital, West Bend, late Sunday, Jan. 19, following a lingering illness. She had been a patient at the hospital for two weeks prior to her demise.

She was born on Nov. 2, 1890, in the town of Kewaskum, a daughter of the late Otto and Augusta Bremser Habeck. Her marriage to Walter Belger took place at St. Lucas Lutheran church in Kewaskum on Aug. 23, 1914. He preceded her in death on Jan. 28, 1950.

Surviving are two sons, Myron of Kewaskum and Lyle of Batavia; a daughter-in-law, seven grandchildren, four sisters-in-law, one brother-in-law, and many relatives and friends. Two brothers preceded her in death.

Mrs. Belger was a member of the Ladies' Aid of St. Lucas Lutheran church.

Funeral services were held at 2 p. m. Wednesday, Jan. 22, at St. Lucas Lutheran church, the Rev. Donald Bitter officiating. Burial took place in the parish cemetery. Friends called at Miller's Funeral home from 2 p. m. Tuesday to 11 a. m. Wednesday and at the church from 12 noon until the

time of services.

#### ALBERT H. WESEBERG

Albert H. Wesenberg, 85, of R. 2, Campbellsport, a retired farmer of the town of Auburn, died at 5 p. m. on Friday, Jan. 17, at St. Joseph's Community hospital, West Bend, where he was taken the same day after suffering a stroke.

A lifelong resident of the town of Auburn, where he farmed most of his life, Mr. Wesenberg was born there on Jan. 20, 1878, a son of the late Henry and Fredericka Deno Wesenberg. He was married to the former Mary Dorn in St. Lucas Lutheran church in Kewaskum on Nov. 25, 1914.

Surviving are his widow; two sons, Frederick of Campbellsport and Robert of Kewaskum; a daughter Ruth (Mrs. George Egert, Jr.) of Kewaskum; seven grandchildren; three daughters-in-law, and one son-in-law. A son, Albert Wesenberg, Jr., preceded him in death on Oct. 11, 1962, and eight brothers and one sister also predeceased him.

Funeral services were held at 2 p. m. Monday, Jan. 20, at St. Lucas Lutheran church, the Rev. Donald Bitter officiating. Burial took place in Lutheran Memorial Park. Prior to the services friends called at Miller's Funeral home, Kewaskum, from 2 p. m. Sunday until 11 a. m. Monday and at the church from noon to the time of services.

#### MRS. CELIA ZILCH

Funeral services for Mrs. Celia Zilch, 82, were conducted at the Kopitzke Funeral home, Birnamwood, on Sunday, Jan. 12, at 2:30 p. m. with the Rev. Gene Lackore

**32 Local Students Complete Driver Education Course**

Announcement was made Tuesday by Principal Ernest Mitchell that 32 students at Kewaskum Community High school have just completed a classroom course in driver education. Student certificates indicating satisfactory completion of the program have been issued by the motor vehicle department. They are accepted in lieu of the knowledge test if application is made within one year for a permit to learn to drive.

"The most important objective of a driver education course is to help young people become better citizens through the acquisition of knowledge and improved attitudes in relation to the proper use of motor vehicles under all conditions. Accident statistics reveal that the majority of traffic accidents are brought about by human errors," the principal said.

The instructor, Mr. Buswell has devoted many hours to acquaint the students with the rules of the road and good driving practices. Much time was spent on evaluating the physical, mental and emotional qualifications of drivers and understanding the application of these factors in safer driving.

**SUBSCRIPTION RATES GOING UP FEB. 1**

The Kewaskum Statesman has tried to "hold the line" and maintain its mail subscription rates at \$2.50 per year but with the numerous increases in the cost of postage and mailing, cost of paper and materials, we have found it necessary to make a slight increase in our subscription price.

No increase in rates has been made in over 12 years, the last raise taking place on Aug. 1, 1951. Effective Feb. 1, 1964, the Statesman subscription rate will be \$3.00 per year in Wisconsin and \$3.50 outside the state (including servicemen). This represents less than a penny a week increase, hardly enough to pay the increased costs of getting the paper to you. News stand sales will be raised just one cent, from 7 to 8 cents.

In the meantime, until Feb. 1, anyone wishing to do so is invited to subscribe or renew their subscription in advance for as many years as they wish at the old rate and thus effect a considerable saving.

**ST. LUCAS CHURCH OFFICERS INSTALLED**

At a meeting held Sunday afternoon, St. Lucas Lutheran congregation of Kewaskum voted to discontinue the once a month German service. In the future only six German Communion services will be held at designated times during the year.

The following officers and members of the board of elders took office: Leroy Bier, treasurer; William Bunkelman, cemetery deacon; Gerald Zimmel, stewardship committee chairman. Other officers were not up for election.

Marketing eggs more often than once a week will avoid most problems that result in low quality.

We wonder where it went when we read that authorities say civilization started 70 centuries ago.

### REMODELING BARN

There will be farmers who anticipate remodeling their dairy barn in the years ahead.

We would like to encourage them to consult with the extension office when they are ready to do this. We have a great deal of information available from the agricultural engineering department of the University of Wisconsin, which can be very helpful during this remodeling process.

Years ago we thought a 5-foot-long stall for dairy cows was very long. Perhaps it was because cows were smaller in those days. And we did not know about cow trainers.

Today, when our cows average about 1,200 pounds in weight, and we have gadgets such as barn cleaners and cow trainers, we know that a cow should have a stall not less than 4 feet wide and 6 feet long.

Sometimes, when farmers are told about having a 4 x 6-foot stall, they immediately think this is wrong, and assume this will be a terrible mess in their barn. They want no part of it.

Actually, in the past 15 years, we have seen about 150 farms remodel the barn and install 4 x 6-foot stalls. The remarkable thing about it is that, after each remodeling program was completed, each farmer said in effect, "This is the smartest thing I ever did."

Therefore, if you are thinking or remodeling your dairy barn, we encourage you to think in terms of long, wide stalls, and give your cows all the comfort you can. This is one of the preliminary steps to control mastitis in dairy herds.

### Dairy Association Meet

Last week the American Dairy association held their annual district meeting in West Bend. This was a five-county meeting.

We were reminded of a few statistics. The 1961 milk supply was utilized in this country as follows: fluid milk and cream, 46.2%; butter, 26.1%; cheese, 11.8%; ice cream, 7.6%; evaporated and condensed milk, 4.2%; other uses, 4.1%.

We also came across a bit of information about how Soviet farmers stack up to our American farmers. Well, according to Krushchev himself, Soviet farmers are using 7 times as much labor to produce grain as in the U. S.; 5 times more to grow potatoes, 6 times more to grow beets, 14 times as much to raise cattle and over 16 times as much to raise pigs. And, they only have one flavor of ice cream in Russia!

Use exterior type plywood for finishing the inside of farm buildings. This type of plywood is made with waterproof glue that will withstand moisture problems that often develop in farm buildings.

## Ed Volm Third in Young Farmer Event

The West Bend Junior Chamber of Commerce announced the results of its 1964 Outstanding Young Farmer Award at a dinner at Timmer's Resort, Big Cedar lake, last Thursday evening. This annual award is given to the county's outstanding young farmer as selected by a panel of judges and judging is based on career progress, community service, and soil and natural resource conservation.

First place was awarded jointly to Louis Scheunemann, R. 1, Cedarburg, and Marvin Rusch, Jackson. Third place went to Edward Volm, Kewaskum.

Other runners-up candidates honored at the dinner and awarded tokens of appreciation for their contributions to the community and agriculture were Daniel Rodenkirch, William Butzlaff, Ervin Butzlaff, David Schaefer, Allen Schoofs and Francis Volm, all of Kewaskum; Donald Borlen, Ervin Beine and Ralph Krumbiegel.

Guest speaker was Glen Pulver of the University of Wisconsin agricultural economics department, who has worked on farm management in Wisconsin for the past two years and also spent nearly two years in Brazil in farm management work. Maurice Hovland and Harold Ryan assisted the JC's in conducting the program and were in charge of judging. The award program was sponsored by local business organizations throughout the county interested in the farm industry including the Bank of Kewaskum.

### CARD OF THANKS

With deepest gratitude we extend this word of thanks for the many kind acts of sympathy expressed by thoughtful friends and relatives in our late bereavement, the death of our dear mother, mother-in-law and grandmother, Mrs. Lena Belger. These kindnesses have meant much to us. We especially wish to thank Rev. Bitter, organist, singers, ladies who served, members of the Ladies' Aid, pallbearers, drivers, donors of floral and memorial tributes, Miller's, traffic officer, ushers, sexton, and all who showed respect.

Many drivers boast they can stop on a dime — others seem to prefer a pedestrian crosswalk. The Institute for Safer Living reminds motorists that a crosswalk is intended as a place where pedestrians may cross the street in safety. This safety is jeopardized when they are forced to walk around a stopped car.

### KEWASKUM KITCHENETTES

Our January meeting was held at the home of Mrs. Roman Foerster on Jan. 21.

We have made plans to bake stollen and take them to the people at the Washington county home before Valentine's day and visit with them.

Our tour committee has invited another club to join us in early May on our annual Day's outing.

After the business meeting our project leaders, Mrs. Al Muckerheide and Mrs. Harold Krueger, gave us a quiz on salads. They gave us some interesting and useful information on salad ingredients, preparation, dressings, etc. We then took over Martha's kitchen and prepared a tossed salad, kidney bean salad and a fruit salad. One of our leaders had made a variety of dressings, the other a luscious platter of colorful molded salads. Our hostess served hot rolls and date bread and coffee to go with the salads.

Mrs. Donald Mlodzik, Secretary

### MISS HERRIGES ENGAGED

Mr. and Mrs. Frank Herriges of Kewaskum announced the engagement of their daughter, Carol Ann, to Ron Gross, son of Mr. and Mrs. Albert Gross of Campbellsport, R. R.

Miss Herriges is a hairdresser for Adolphe Cooper at Menomonee Falls. Her fiance is a barber in West Bend. Both are graduates of Kewaskum High school.

## Ice Age Park Action Blocked by Van Pelt

### REUSS TERMS ACTION AS GREAT DISSERVICE TO PEOPLE OF WISCONSIN

Rep. Henry S. Reuss (Dem., Milwaukee) lashed back with the following statement on Monday, Jan. 20, in response to Congressman Van Pelt's (Rep., Fond du Lac) surprise action in blocking the Ice Age Park bill:

"Congressman Van Pelt's action today in blocking the Ice Age bill does a great disservice to the people of Wisconsin. Since 1958 Wisconsin conservationists, Republicans and Democrats alike, have been working hard for what we hope will be the first important unit of the National Park System in the Middle West. Unless steps are taken promptly to preserve Wisconsin's incomparable glacial scenery—in the Kettle Moraine, in the Devil's Lake Park area, and in the Chippewa wilderness area—it will become so punctured by commercial development and gravel pits that it will be lost forever.

"We had no warning at all of Mr. Van Pelt's action until he made his objection on the floor today. If we had had warning we could have taken steps months ago to proceed via the Rules Committee and regular floor action to secure passage of the bill. As it is now, we must start all these steps from scratch. Since the Senate must act on the bill before con-

gress adjourns this summer, it now becomes very questionable whether there is sufficient time to pass it in this congress. If we are not successful, the work of many years will be wiped out.

"What makes Congressman Van Pelt's sudden action particularly unpleasant is that it came completely without warning. At the numerous hearings on the bill he never indicated the slightest objection. The Wisconsin congressional delegation has always included the Ice Age development high on its priority list—again without objection from Mr. Van Pelt. Fortright opposition to a bill is always understandable. But if Mr. Van Pelt has reasons for opposing the bill he has never mentioned them to me.

"His last-minute, cigar-store Indian hatching job is about as harmful as it could possibly be."

### CARD OF THANKS

To those who expressed their sympathy in so many beautiful and practical ways during our recent bereavement, the death of our dear husband, father, father-in-law and grandfather, Albert H. Wesenberg, we extend our heartfelt thanks. We especially want to thank Rev. Bitter, organist, singers, pallbearers, donors of floral and memorial tributes, drivers, ladies who served, Miller's, traffic officer, sexton, and all who showed respect.

Mrs. Mary Wesenberg and Family

# March of Dimes Mothers To Deliver Health Leaflet

Mothers who will be marching for the March of Dimes throughout the nation this January will distribute millions of copies of a leaflet entitled "One Minute Warning," which gives the latest facts about birth defects and arthritis.

According to local March of Dimes volunteer leaders, these two disease areas are of concern to millions of people in this country. About 250,000 of our children are born each year with a serious birth defect. Arthritis and the rheumatic diseases afflict upward of 11,000,000 Americans.

The National Foundation-March of Dimes is fighting these diseases with the same three-pronged attack which helped conquer polio as a public health problem. Using the experience gained in spearheading the development of the Salk and Sabin polio vaccines, March of Dimes funds currently finance:

- a nationwide scientific research program aimed at finding causes and cures for birth defects and arthritis,

- a nationwide network of treatment centers which help bring top-quality medical care to victims of these cripplers,

- a nationwide professional education program which channels latest scientific findings to scientists, physicians and their associates, and

- a nationwide public education program.

Latest addition to this public education program, according to Dr. William S. Clark, director of the medical department of The National Foundation, is the "One Minute Warning" leaflet.

"Our purpose is to reassure the public that much is being done in the fight against these two great cripplers," Dr. Clark says. "The American people are financing the fight with their contributions to the March of Dimes, and they have a right to receive periodic reports of what is being accomplished."

In reassuring, non-technical

Jane Wyatt, star of screen and TV, who is the 1964 Honorary National Mothers' March Chairman for the March of Dimes.

language, the pamphlet, which takes only a minute to read, suggests these precautions for a pregnant woman:

- See your doctor early. Be sure to tell any other doctor you may consult, for treatment of other conditions, that you are pregnant.

- Take no drugs on your own initiative. Tell your doctor about any you have been taking. Especially, stay away from "tranquilizers," "mood adjusters," and "happy pills."

- Learn your Rh factor, blood type, and your husband's. Inform your obstetrician.

- Follow the diet your doctor prescribes.

- Avoid excessive smoking and drinking.

- If pregnant, don't knowingly expose yourself to infectious diseases—particularly German measles.

For the person who suffers from arthritis, the leaflet stresses: "Follow ONLY the advice of your doctor." Several other points of advice are given, among them, "Remember, there are no quick cures, no short cuts. Good results from treatment require time and patience."

If your home has been missed in the distribution of this pamphlet, you can obtain one free of charge from the local March of Dimes headquarters.

### RABBIT AND SQUIRREL SEASON CLOSES JAN. 31

The rabbit and squirrel season will close in Washington county at 5:08 p. m. Jan. 31. The hunting and trapping of red and grey fox is permitted all year. However, neither the state of Wisconsin or Washington county will pay a bounty.

The kill of deer on Washington county highways always drops at this time of year. However, now the complaints of dogs chasing and killing deer are coming in. These dogs are Collies, German Shepherds, Black Labradors and other non-howling breeds. When found running deer any officer may shoot them on sight.

Fishermen are having fair luck catching panfish and an occasional northern at Big Cedar. Fair pike and perch fishing at Pike lake. Fair to good catches of bluegills are coming from Lake Five.

The Sportsmen's club and the VFW will hold a big fisheree at Big Cedar lake on Sunday, Jan. 26.

### Sturgeon Sparring Season Opens Feb. 8

The sturgeon sparring season this year will open Feb. 8 and extend through March 1. This season will be open this year on Lake Winnebago and Little Lake Butte des Morts only.

There will be no sturgeon sparring on Big Lake Butte des Morts, Lakes Winneconne and Poygan, and the connecting waters downstream to Lake Winnebago in 1964.

As in previous years, the bag limit is one sturgeon per season. It must be at least 40 inches long. You must attach your sturgeon tag to the fish immediately when taken and the fish must be presented for registration at an official sturgeon registration station established for such purposes not later than 24 hours after it is speared. These stations will be located at various places around

Lake Winnebago.

It is unlawful to have in possession or under control, any spear or similar device in any building, tent, or similar enclosure on waters of Lake Butte des Morts, Winneconne, Poygan, Winnebago, Little Lake Butte des Morts or any connecting water including the Wolf River from the Shawano dam downstream and the Fox River from Mile Post 63 in Green Lake county downstream except during the open season for spearing sturgeon when such open season is in effect on specified waters named above.

The above regulations are the same as in past years. This year again, it is necessary to purchase a special sturgeon spearing license if you wish to engage in the sport. The fee for such license is \$2.50 and may be issued only to persons 14 years of age and older. Therefore, persons under 14 years of age may not take part in this sport. When you buy your license, you will be supplied a sturgeon tag with it. This is the tag which must be attached and locked to the tail of your sturgeon immediately after it is speared.

This year again, you may cut the hole for spearing sturgeon 48 hours before the opening of the season.

We urge that if you use your fish shanty primarily for sturgeon spearing, you remove it from the lake at the close of the sturgeon season. At that time, if we have

heavy snows, there are usually trails plowed on the lake. Past years, many people who left their shanties out experienced considerable difficulty in getting them off the lake. All shanties must be removed by March 5.

### Elect Rev. Riesch, Supt. of Cedar Lake Home, to State Post

At its first meeting of the year, Friday, Jan. 17, the board of directors of the Wisconsin Council of Non-Profit Homes and Hospitals elected the Rev. L. Riesch, superintendent of the Cedar Lake Home, West Bend, vice president of their state-wide organization. The board, meeting at the beautiful new addition to St. John's Episcopal Home for the Aged in Milwaukee, selected Mr. Riesch to take the place of Mrs. Mildred Zimmermann, a director of nursing in Madison. Mrs. Zimmermann was recently appointed to a full-time position on the governor's

commission and as a result had to resign her office with the Wisconsin Council.

The Rev. W. Eggers, administrator of the Milwaukee Lutheran Home for the Aged is the council's president. Other officers are: M. Taglin, administrator of the Milwaukee Jewish Home, treasurer; Dr. G. Palmer, administrator of the Milwaukee Methodist Manor, secretary. Mr. Riesch, who had served as editor of the council's magazine, "Serving the Aged" for some years, recently turned the editorship over to the Rev. W. Truby, administrator of Lutheran Manor Home for the Aged in Milwaukee. However, Mr. Riesch will continue to chair the publication committee in addition to his new vice president responsibility.

Rev. Riesch has served as superintendent of the Cedar Lake Home since its opening in 1957.

The Wisconsin Council of Non-Profit Homes and Hospitals is the state organization for non-profit institutions.

The council will soon launch a high standard accreditation program facilitated by top state medical professional organizations.

You can best prevent storage diseases that often damage apples by maintaining storage temperatures of 31 to 32 degrees and by keeping humidity levels at 85 to 90 per cent, says Earl Wade, University of Wisconsin, plant disease specialist.

### Grafton Ends Indian Streak, Holds 1st Place

In a crucial battle for first place at Grafton Friday that school's defending champions edged Kewaskum, 74-68, for their 7th straight victory to take over sole possession of the Scenic Moraine conference lead. The loss dropped the Indians out of the ranks of the undefeated and ended an 8-game winning streak in and out of conference play.

The setback pushed the Indians into second place in the standings with a 5-1 record and left Grafton securely perched at the top with a 7-0 slate. Grafton centered its defensive efforts on Kewaskum's two top scorers, Mike Coulter and Dan Survis, so the Indians' Bob Miller broke loose with 19 points. But Coulter got only 12 points, his lowest output of the season, and Survis finished with 15 points. Grafton was led by veterans Jack Gleason with 21 points and Ted Kellner with 18.

The Indians trailed throughout the contest but almost caught up with the Blackhawks in the final quarter. Grafton jumped into a 22-14 advantage in the first period but Kewaskum narrowed the lead to 41-36 at the intermission. But the Indians suffered another serious letdown in the third quarter, being outpointed 24-14, and dropping 15 points behind, 65-50. Kewaskum then rallied brilliantly in the final stanza, outscoring the Blackhawks, 18-9, and pulling within 6 points of tying the count but time ran out. The Indians will get another crack at Grafton on the home floor in the final game of the season.

Kewaskum has another toughie on tap this Friday when they entertain Random Lake. The Rams are in third place, just a half game behind the Indians, with a 5-2 record and will move ahead with a win. Kewaskum beat Random Lake soundly in their first meeting there but the Rams have improved very much since and are coming strong.

### Chevs Lose to Unbeaten Falls, 1st Half Champs

Menomonee Falls, which won the first half championship with a perfect 7-0 record, and remains undefeated with two wins in a row this half, beat the Kewaskum Chevrolets there Saturday by a comfortable 98-76 margin.

The big, high scoring Falls team took a 26-18 lead in the first quarter. The Chevs played them on almost even terms in the next two periods, trailing at half-time, 45-35, and again by 10 points at the end of the third quarter, 65-55. But the winners spurred in the final period and pulled away to win by 21 points.

The Timm brothers again were the big guns in the Falls victory. Paul Timm took high scoring honors with 25 points and brother Phil kept pace with him by swishing in 24. Don Meisenheimer's 22 points were tops for Kewaskum and Otto Ramthun chipped in 17.

In other week end contests, Watertown maintained its first place tie with Menomonee Falls by trimming Port Washington, 108-73, and Fond du Lac surprised Mayville, 83-68. Mayville, which placed third in the first half with a 5-2 record, is off to a slow start with 0-2 this half. West Bend drew a bye as a result of Beaver Dam dropping out of the league.

This Sunday the Chevs travel to Fond du Lac and will be out to avenge an early season setback by a very close margin. Fond du Lac has won its only game in this

### Chevs Enter Mt. Calvary Tourney, Pairings Listed

The Kewaskum Chevrolets of the Land o' Lakes league will again participate in the annual Mt. Calvary double elimination basketball tournament which opens at the Mt. Calvary community hall on Jan. 29. First round pairings have been completed. Tourney manager Alex Schneider of the sponsoring Mt. Calvary Athletic club announced the 16 teams that complete the list.

In games on the opening night, Jan. 29, St. Mary's of Fond du Lac meets Club Snaufu of Sheboygan, Club 41, Sheboygan, faces Reedsville Athletic club, and Don's Bar, Fond du Lac, takes on Plymouth Athletic club.

Opening play Jan. 30 will have the New Holstein Athletic club meeting the Mayville Hot Points, Hewitt's Machine, Neenah, facing La Buwi's Bowl, Hartford, and B. B. Tap, Oshkosh, against Port Lakers, Port Washington.

Opening games Jan. 31 will have Honeck Chevrolet, Kewaskum, meeting Oshkosh Haberkorns and the Menasha Macs against the Menomonee Falls Badgers. Fond du Lac St. Mary's, Mayville, Port Washington, Menomonee Falls and Kewaskum are

all members of the Land o' Lakes league.

Semi and quarter-final games will be played Feb. 2-5-6-7-9 and the championship games Feb. 16. Each year this tournament draws some of the top teams from the east central Wisconsin area. Competition is usually fierce with the champion frequently having to make use of the double elimination setup.

The Chevrolets will be bolstered for the tournament by the ad-

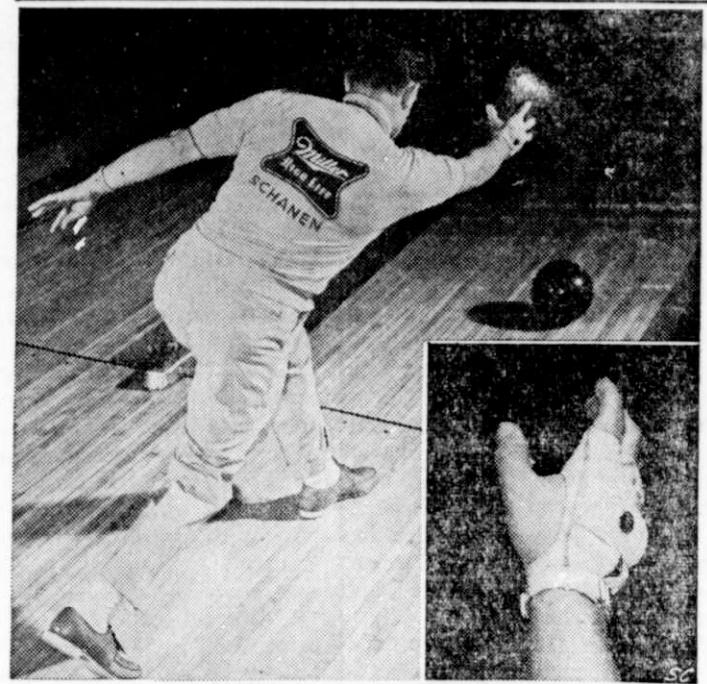

dition of towering "Stick" Zimbrick, high scoring center of the West Bend Lithias.

### HOLY TRINITY WINS

Holy Trinity school basketball team defeated St. Mary's of West Bend, 33 to 27, in their Washzaukee league contest in the Kewaskum gym Sunday.

A contented man can't be sold a thing.

### Bowling Tips...

HAND SHOULD END UP READY TO 'SHAKE'

"Howdy" is what you should feel like saying immediately following the release of your ball. Your hand should be in a hand-shake position, as demonstrated by Ray Schanen of Milwaukee, one of the nation's top professional bowlers. Ray says that if you keep your thumb well to the left—or at 9 o'clock on an imaginary clock (inset)—from backswing to delivery, you'll roll a natural hook without any conscious twisting effort. Professional bowlers agree that a hook or curve ball is preferred because its spinning action mixes the pins and leaves fewer splits. In a proper delivery, the thumb will leave the ball first. The other fingers, being on the side of the ball, will impart the spin necessary for a hook.

**GAS IS GREAT**

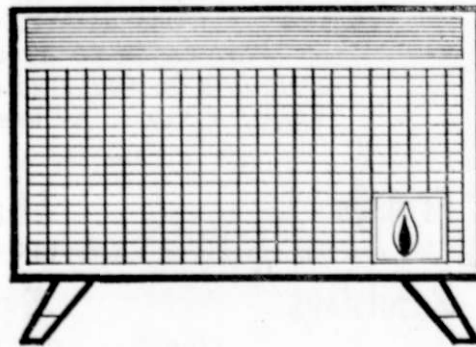

ARE THERE "HARD TO HEAT" AREAS IN YOUR HOME?

### THEN YOU NEED A GAS ROOM HEATER

It's easy to have automatic comfort and warmth in your newly added room... your recreation room or enclosed porch... workroom or garage. A gas room heater will do the job... and is just as attractive as it is efficient. Costs little to buy, little to install, little to operate!

Gas room heaters come in a wide variety of models. The upright style is shown above.

There are also baseboard, free standing and through-the-wall units.
