## Historymobile To Visit Here Again Feb. 18

**STATESMAN IS SPONSOR; TRAVELING MUSEUM HAS NEW EXHIBIT THIS YEAR**

Historymobile II, the giant traveling museum of the State Historical society, will visit Kewaskum on Tuesday, Feb. 18 under the sponsorship of the Kewaskum Statesman. The exhibit will be open to visitors from 2 p. m. to 8 p. m. It will be parked at the Marx Foodliner parking lot on Main st.

The theme of this year's Historymobile will be "Wisconsin: Wilderness — Territory — Frontier State." It will be the first part of a three part series on the history of Wisconsin.

Next year, the final year of the Civil War Centennial, the theme will be "Wisconsin — The Civil War." The third exhibition in the series, which will tour the state in 1965-66, will be called "Wisconsin — A Century of Progress."

### Second Year on Road

This is the second year on the road for the big Historymobile II. With its exhibits housed in a 52 X 12 foot Marshfield Mobile Home pulled by an International tractor, both gifts to the society from their manufacturers, the complete Historymobile is 70 feet long. It can travel only during daylight hours on week days and requires special police protection when it parks on a street. It will be escorted through our streets by the local police force and barricades will protect it while it is on display.

### Last Year Was Record

Last year's Historymobile told the history of newspapers in Wisconsin. The unit showed in 223 Wisconsin communities and was visited by 256,443 people, a record attendance. The re-creation of the pioneer print shop from the "Newspapers Make History" exhibit is scheduled to become a regular exhibit in the Pioneer Gallery of the museum at the State Historical Society building, Madison.

The setting of this year's Historymobile is a re-creation of an 1850 Wisconsin frontier store. Local business people will be interested in the type of articles offered for sale to customers in that day. Area schools and local historical societies and clubs are urged to organize tours of the Historymobile. The unit is planned to interest young people as well as adults.

## Plan AFS Night At High School

Circle the 29th of February as a day to remember and set aside.

The Kewaskum High school AFS chapter and Laura Laghi of Forli Italy, a senior student at the high school, will host an AFS weekend, Feb. 28, 29 and 30. Their guests will present an informal program at 8 p. m. on Saturday evening, Feb. 29, in the high school gym.

The AFS board is asking families who are eager to share their homes with a foreign student next year to contact Mrs. Ray Schaefer, Kewaskum.

## Spring-like Weather Brings Out Birds, Golfers, Plants, etc.

The warm weather in this area the past week brought out the appearances of spring. The temperature on Tuesday and Wednesday was near 50 degrees. The entire month of January and most of the winter has been mild except for a cold snap in December.

It is too early to expect spring but the warm weather this week with no more snow on the ground, grass showing, streets and sidewalks dry, gave every indication of it. The groundhog failed to see its shadow Sunday so who knows? Maybe we will get an early spring. However, there were more snow flurries on Friday.

Clayton Stautz is reported to have played nine holes of golf Saturday at Hon-E-Kor and other players were seen on the course this week. Kids have been seen playing ball. Robins and other songbirds have been sighted. Mrs. Joe Gayan of the town of Wayne picked pussy willows already in bloom. Some plants show signs of buds and owners have been covering them to prevent them from growing, only to probably freeze out later.

The unseasonably warm weather has brought out these harbinger of spring.

## 25 Years Ago

Feb. 3, 1939

St. Kilian news—Martin Rosbeck and family of Milwaukee purchased the George Herman farm, formerly the Rosbeck homestead, and moved onto same. Mr. and Mrs. Herman moved to their adjoining farm, the former Peter-sick farm.

Tuesday night the city band had a party in the high school gym. Approximately 50 persons attended. It was a "hard time party" and they came in overalls, long dresses, short dresses and trousers that were too large. One of the main attractions was the mock wedding. Howard Schmidt, dressed as a back-woodsman preacher, married Lorraine Honeck and Lester Borchert in lifelong happiness. Anabelle Grotenhuis was maid of honor, carrying a bouquet of invisible cauliflower, and Gerry Graf was best man, dressed as a lumber jack in a blue and white striped uniform. The bride and groom left for a "honey on the moon" to visit the far corners of the gym. They were not expected to return. Each person present had to perform. Hot dogs, soda, pickles, olives and ice cream bars were served. If they really meant what they said, everyone had a good time.

High school news—If you want to see two squirmy freshmen, come up to school during operetta practice and watch Myron Backhaus and Lyle Belger. Miss Dach-enbach puts one in one corner and the other in another corner.

Mr. and Mrs. George Kibbel, Jr. of Wayne and Mr. and Mrs. Louis Miller of Milwaukee spent a week at the National Bottling Works convention in New York City, N. Y.

Little Catherine Serwe, 7, daughter of Mr. and Mrs. Matt Serwe, was fatally injured recently when struck by a car on County Trunk Hwy. V near her home north of Campbellsport. Raymond Schladweiler, 26, R. 1, Kewaskum, driver of the auto, rushed the girl to a Campbellsport physician's office, where she died of a skull fracture. Schladweiler told authorities that he did not see the girl until he came over a knoll on the road which was slippery from light snow. He could not stop his car to avoid striking the child.

The pastor, the Rev. Roger Wentz, officiated and was assisted by Seminarian Larry Laskie, United Theological seminary, Minneapolis, Minn.

The bride is the daughter of Mr. and Mrs. Lester Lindemuth, 212 Island st., Kaukauna. The bridegroom is the son of Alfred H. Seefeldt, Kewaskum.

"Entreat Me Not" and "The Wedding Prayer" were sung by Mrs. William Radke, Appleton.

The bride, who was given in marriage by her father, chose her college friend, Miss Bonnie Fisher, St. Paul, Minn., to be her maid of honor. Bridesmaid was Miss Mariel Seefeldt, sister of the bridegroom.

Fredrick Seefeldt, Freeport, Ill., acted as best man for his brother. Groomsman was Wayne Schupbach, New Brighton, Minn., a college friend of the bridegroom. Ushering duties were shared by A/1c David Lindemuth, Ellsworth AFB, South Dakota, and Thomas Lindemuth, Milwaukee, both brothers of the bride.

The bride chose a gown of silk-faced peau-de-soie with an empire bodice of Swiss lace and long, tapered sleeves. The modified gored skirt featured a back panel which terminated to form a

chapel train. The gown was made by the bride. Her elbow length veil of imported silk illusion was secured by a pillbox of peau-de-soie and Swiss lace trimmed with pearls, and she carried a tapered arrangement of garnet red roses.

The bridal attendants were attired in cranberry red velvet street-length dresses. The semi-fitted over-blouses featured deep back necklines and three-quarter length sleeves. The attendants wore draped pillboxes trimmed with pearls, and carried bouquets of white pom poms with inserted red tufts.

A reception for 200 guests was held in the church parlors immediately following the ceremony.

The newlyweds will reside at 1319 Rutledge st., Madison, where the bride, who attended Lakeland college, Sheboygan, will resume studies at the University of Wisconsin. ## Legion to Sponsor Veteran Service Clinic at Grafton

### MEETING ON BENEFITS FOR VETERANS OF WASHINGTON, OTHER COUNTIES PLANNED

Second District American Legion commander, Armin Grosenick, announced this week that a Veteran Service Clinic will be held at Grafton Legion Post on Wednesday, Feb. 26. Although Legion sponsored, all veterans, wives, widows, dependents, and interested persons are invited. It's F R E E to everyone.

Subjects to be discussed that evening, beginning at 8:00 p. m., include: Compensation and pension; hospital and medical treatment; widows benefits; Wisconsin Department of Veterans affairs, and social security.

The panel of experts for the meeting include: Richard Ballman, veterans administration officer; Phil Davies, social security representative of the Sheboygan office; and county veteran service officers Alfred Knaub, Leroy Schaefer and John Kampmann of Ozaukee, Washington and Sheboygan counties respectively.

Moderator of the panel will be Win Blackburn, acting department service officer of the American Legion. He will also lead the question and answer session following the prepared presentation.

After a short formal presentation by the panel on general information and benefits, individual questions will be answered. In addition, all "experts" will remain during the refreshment period to consult with people who don't wish to bring their personal problems to the attention of the audience.

"Many benefits to which veterans are entitled go unclaimed due to lack of knowledge that they exist," according to Commander Grosenick of Juneau. He urges all Legionnaires and ex-servicemen who have doubts or a hazy knowledge of benefits to attend.

Although the program at Grafton is planned specifically for Ozaukee, Washington and Sheboygan counties, an identical meeting was held three weeks earlier (Feb. 5) at Beaver Dam Post for Jefferson, Dodge and Columbia counties.

Grosenick concluded by saying that, "Service to veterans has always been and always will be a main objective of the American Legion. These two meetings are a case in point." He hopes that this attempt to assist veterans will be well received, in which case it will hopefully be continued in subsequent years.

**Vote to Expand Cedar Lake Home**

**TWO WINGS TO BE ADDED TO STRUCTURE; EXPECT COMPLETION IN OCTOBER**

At a special meeting of the Benevolent society of the former Evangelical and Reformed church, South Wisconsin Synod, held at Fort Atkinson on Feb. 1, the society voted to expand the Cedar Lake Home for the Aged at West Bend.

The expansion will include two wings to be added to the present structure. One will be a therapeutic wing which will provide adequate space for both physical and occupational therapy departments. The other wing will provide 18 nursing beds, living room, nurses' station, complete bath and two utility rooms on the upper ground level. Below this, on the lower ground level, plans call for another 18 bed nursing unit, complementing the present lower annex facilities. This total of 26 to 30 beds will become a special care unit for the regressive aged.

The present home, in operation since July 1, 1957, is currently caring for 62 residents.

Upon completion of the expansion, Cedar Lake Home will be able to provide an ideal total capacity of 90 to 96 beds, with licensing increased to 119 beds. The administration plans to maintain the ideal bed capacity to insure the most efficient operation and to prevent over-crowding.

The future plans call for therapeutic care for all residents as part of their daily living at Cedar Lake Home as well as an offering to the community for day care or part time aid for oldsters living outside the home.

Rev. Louis C. Riesch, pastor of St. John's United Church of Christ, Kohlsville, has served as superintendent of Cedar Lake Home since the home began its service in 1957.

Bids for the expansion will be let within the next month and completion is anticipated for late October of 1964.

Pumping brakes with a rapid, intermittent action is the safest way to stop a car on road surfaces made slippery by ice or snow, advises the Wisconsin motor vehicle department.

The National Safety Council says its research indicates that lowering air pressure in your tires does not give added traction for your winter driving.

## County Agent News Notes

By MAURICE J. HOVLAND  
Washington County Agent

### GUERNSEY MEETING

The Washington county Guernsey breeders will hold their annual meeting on Monday, Feb. 10, at the Washington county extension office, at 8:00 p. m. The national Guernsey fieldman will be on the program as guest speaker.

There are several Guernsey breeders in Washington county who have not yet joined the association. We encourage them to do so. The president of the association is Royal Clausung of Cedarburg, the vice-president is Carlton Martin, secretary-treasurer is Vernon Wulff.

### TESTING GROUP TO MEET

The Washington County Testing association will hold their 1964 annual meeting on Tuesday, March 10, at the Moraine Motel south of West Bend. This will be a supper meeting starting about 7:30 p. m. The program will include the financial report, old and new business, and a report by the manager of the laboratory.

Ernie Kueffner, member of the board of directors, has made arrangements for a speaker from outside Wisconsin.

We encourage all DHIA farmers to plan to attend. Tickets are available at \$2.00 each from Art Bast, Henry Hegge, and Irma Bauer, who work for the testing association; also from the board of directors, and the county extension office. Husbands and wives are both invited to this event.

### REVISING FAIR BOOK

It's a continual problem to keep the Washington County Fair premium book up to date. At the present time we are revising the book for the 1964 fair.

The agents—Doris Rogers, Bob Stodola and Maurice Hovland—are planning to spend Friday afternoon, Feb. 14, in the extension office for the purpose of discussing with various people the change to be made in the 1964 premium book. We would like to invite fair exhibitors who may have thought of changes, deletions, or additions, in fair entries to visit the office that afternoon.

### Building Permits

Building permits issued at the office of the county clerk included the following in this area:

John Koenen, Kewaskum, remodel several rooms of dwelling.

Andrew Breit, R. 2, Kewaskum, remodel kitchen and bathroom, sec. 24, town of Kewaskum.

Martin Mattinek, R. 2, Kewaskum, move garage to lot, Pike Lake, town of Hartford.

## Milk Sales Up, Dairymen Told At ADA Meeting

### COMMITTEE OFFICERS, DELEGATES ARE NAMED AT WEST BEND SESSION

Much of the confusion that has centered around the use of dairy products and the measuring of amounts of that usage was cleared up for dairymen attending the recent American Dairy Association of Wisconsin District 5 annual meeting at West Bend.

Because the government, the only source for dairy food consumption figures, traditionally has reported per capita consumption on the milk fat basis, it has appeared that Americans are consuming less and less milk and milk products. Dwaine Dickinson, ADA assistant to the manager, pointed out that farm milk sales in 1963 were 1.6 billion pounds above 1962, and were 10 billion pounds more than 1950.

"We all know that there have been consumption decreases in butter, cream and evaporated milk, but these losses have been offset by gains in fluid milk products, cheese, frozen dairy desserts, cottage cheese and nonfat dry milk. Confusion resulted from measuring consumption on the milk fat basis, which means that a person drinking a quart of 4 per cent milk, then changes to 2 per cent milk, would be consuming 50 per

cent less milk. Actually, he lowers only the amount of fat consumed and that is but a very small portion of the quart. This is just one illustration of the fallacy of reporting consumption on the fat basis while the total volume of milk consumption actually is increasing."

Dickinson included several promotions being used by the American Dairy Association to meet sales problems arising from consumer attitudes toward dairy products and from greatly expanding pressure from competitive products.

The financial report showed ADA of Wisconsin's income for the past year to be \$1,232,415, from which \$924,707 went to national ADA and national promotions. The national ADA budget for 1964 is \$7,500,000 it was stated, with 81.3 per cent going into direct consumer advertising, merchandising and other promotional activities.

Elsmer Berg, Brownsville, and George Gould, Waupun, were elected to three-year terms on the district committee and the seven delegates for the state annual meeting at Wausau March 10-11 are: Christ Mayer, Slinger, Robert Held, Slinger, Otto Kohlwey, Grafton, Don Indermuehle, Brownsville, Merlin Bruecher, Beaver Dam, William Wenzel, Juneau, and Louis McDonald, Hartford. Alternates are Floyd Payne, Waldo, and Harold Wallenfels, West Bend.

Sam Stanchfield, Fond du Lac,

was re-elected chairman of the district committee, Berg vice chairman and Gould secretary. Robert Bird, Brownsville, and Gould were nominated to the state board of directors.

## Swine Growers of County Organize, Elect Local Man

A group of 15 interested men met in the county agent's office on Tuesday, January 28, to organize a Washington County Swine Growers Association. Fred Giesler, of the University of Wisconsin swine department, discussed some of the activities of other swine breeding organizations throughout the state.

A board of directors was nominated: Lee Becker, Kewaskum; Joe Ghilani, Slinger; Walter Hasinger, Slinger; Norbert Thull, Kewaskum; and Ronald Gebhard, Germantown. This board of directors met after the meeting to select their officers. They are: president, Lee Becker; vice-president, Joe Ghilani; and secretary-treasurer, Ronald Gebhard.

The main activity for the coming few months will be a barrow show, sponsored by this group, on Monday, March 30. Each breeder who has any fat pigs will submit one to the show. These pigs will be brought to the swine barn at Boltonville operated by the Feeder Pig Marketing Cooperative and

owned by John Youngbauer. Here they will be analyzed and judged according to their carcass quality.

They will then be slaughtered, and the next day the men will meet again to review these carcasses and compare them. The organization feels this will be valuable experience in determining what kind of pigs they have.

Members of the organization in addition to the board of directors are: Hilmer Gebhard, Germantown; Walter Gerlach and Allan Batzler, West Bend; Eugene Panzer, Ervin Butzlaff, William Butzlaff, and Orin Kirchner of Kewaskum; Phillip Erber and Richard Degnitz, Fredonia; and Richard Roembke, Cedarburg.

We encourage others who are interested in joining the association to do so by sending their name and \$1.00 membership fee to Ronald Gebhard, Route 2, Germantown. They may also join by contacting a member of the board of directors, or the Washington County Extension Office.

### \$10.00 REWARD FOR TAGGED STURGEON

A \$10.00 reward, as an incentive for the return of information, will be offered to the sturgeon spearer who spears a tagged sturgeon when the season gets under way or Saturday, Feb. 8, 1964.

Approximately 2,500 sturgeon over 40 inches in length are now carrying numbered tags, which when turned in at a Wisconsin Conservation Department manned registration station, will entitle the spearer to a \$10.00 reward. The tags, made of plastic and metal, are located alongside of the top fin, the upper part of tail or in the snout. Registration stations will be at Calumet Harbor, Brothertown, Stockbridge and Oshkosh.

It is surprising the number of northern pike that have been taken from local waters, the Milwaukee river, Lake Five, Dricken's lake and Big Cedar. A few days ago, Dricken's lake produced a 30 and a 36 inch fish.

Three deer were killed on Washington county Highways during the past week, two on Highway 60 near Pike lake, the other on 83 south of Hartford.

### Space Numbers on Boats

Some of you will probably be working on your boats during these winter months. In some cases you will be making necessary repairs. Many of you will be giving them a new paint job.

When placing the numbers on your boat, be sure you space them properly.

The law requires a space the size of the letter W between the letters and numbrs, WS 1234 AA. The numbers and letters must be at least 3 inches in height. They must be block numerals and of a color which will contrast with the color of the background.

We noticed considerable im-

provement in the proper spacing and color of numbers last boating season. There were still those, however, that did not meet the requirements.

## Holstein Breeders Of County Meet

The Washington County Holstein breeders held an outstanding meeting in West Bend on Jan. 27. They heard reports from one of their members, Ray Bast, concerning the importance of good cattle, which in turn means testing these cattle for butterfat production, and then doing the necessary registering.

They also heard about the state activities of the State Holstein association from Vernon Olson, their present fieldman.

Henry Ahlgren of the University of Wisconsin talked about the future of agriculture. He compared agriculture of years ago to the present time. He mentioned that agriculture didn't change much from many years ago until about the time of World War I. In Civil War days the land-grant college was started. In 1887 the Hatch Act started the state experiment station, and the Smith-Lever Act started the agricultural extension service that is now

known throughout the nation. This was one period of agriculture. The second period was between 1918 and 1742. During this time a great many new varieties of all agricultural crops were developed, and the use of fertilizer was developed. As a result we now have much better crops than we had before.

As necessary as antibiotics in modern medicine is the need for anti-freeze in your auto radiator in winter, advises the motor vehicle department. Have your anti-freeze solution tested. Don't be caught cold in the final phase of the winter season.

### Chevs Win Two, Lose One in Mt. Calvary Tourney

BEAT OSHKOSH, SHEBOYGAN TEAMS, LOSE TO M. FALLS; STILL IN TITLE RUNNING

#### Zimbrick Sets Scoring Record

The Kewaskum Chevrolets of the Land o' Lakes league are still in the championship running in the double elimination Mt. Calvary Invitational basketball tournament as the result of winning two games and losing one so far this week.

There are 16 strong teams entered in the meet and not only is the basketball competition keen but the tourney also more or less of a marathon and endurance test. Kewaskum played games last Friday night and on Wednesday, Thursday and Friday nights of this week. In between on Saturday they sandwiched a Lakes contest with West Bend. And if the Chevs win this Friday night they must play again on Sunday, maybe two games.

In their opening tournament game Friday, Kewaskum defeated Haberkorn's of Oshkosh, 75-63. The teams were knotted at the quarter, 18-18, but the Chevs pulled away to a 57-54 lead at halftime and a 52-47 advantage at the end of the third quarter. The Chevs increased their margin in the final period to win by 12 points. High scorer in the game was Clarence "Stiek" Zimbrick of the winners, top scoring ace of the West Bend Lithias, whom the Chevs "borrowed" for the tourney. He scored 21 points, followed by Gene Pieper with 13 points and Don Meisenheimer and Otto Ramthun with 10 apiece. Top point men for Oshkosh were Zuehlke with 15, Davis 14 and Gauger 12.

Kewaskum returned to Mt. Calvary Wednesday night to face Menomonee Falls of the Lakes loop in their second round game. Falls, undefeated first half champs in the Lakes league and also unbeaten and in first place this half, barely squeezed out an 86-79 win over the Chevs. It was the second win in the meet for Falls and they are now favored to go on to the championship. However, Kewaskum, too, is still in the title running as it is a double elimination tourney.

Back in tournament action the next night, Thursday, the Chevs clobbered the Club 41 team of Sheboygan, 106-83, as the result of an amazing scoring exhibition put on by Zimbrick. "Stiek" had a real hot night and hit for 43 points, the highest individual total scored by any player in the tournament thus far, in leading the Chevs to their second victory.

In their next contest in the championship bracket at Mt. Calvary, Kewaskum meets Port Washington this Friday night in the third game at 9:30 o'clock. The Chevs have split two games with Port in Lakes action this season. But the Chevs didn't have Zimbrick in these games. Winners Friday will advance to the semi-finals on Sunday. All teams still in the meet Sunday will share in

the big prize money, ranging from \$100 for first place down to \$25.

### Chevs Edged By West Bend, 88-82

As has been the case in many games this season, the Kewaskum Chevs lost another close one here Saturday night when they were shaded by the West Bend Lithias, 88-82, in a Land o' Lakes contest. The loss was their third, in the second half as compared to one victory.

It was a very close, exciting tussle until the final quarter when the Lithias went ahead to win after Kewaskum had lost two players, Gene Pieper and Al Tennies, on personal fouls. The Chevs led by one point, 19-18, at the end of the initial quarter and by two points, 38-36, at the intermission. West Bend tied the count by the end of the third period, 56-56, and then spurred to win by six. The Lithias made good on 18 free throws while the Chevs sank only 10 and this made the difference.

Big "Stiek" Zimbrick copped scoring laurels for the winners with 25 points, while teammates Giombetti and Ciriacks contributed 15 and 14 points respectively. The high scorers for Kewaskum were Pieper with 20 points, Don Meisenheimer with 17 and Tennies with 15.

Zimbrick made 15 of his points in the final quarter, in which Joe Ciriacks also dumped in four buckets, and this enabled the Lithias to pull ahead for the win.

Menomonee Falls belted the Watertown Stags, 88-73, in their battle for first place in the only other Lakes game played over the week end. Falls won the first half title and now holds the inside track for the second half championship. The Port Washington-Fond du Lac contest was postponed because of both teams competing in the Mt. Calvary tournament.

This week end Kewaskum has a bye due to Beaver Dam dropping out of the league.

### Indians Belt Slinger, 79-50

After two successive defeats at the hands of the Scenic Moraine conference's first and second place teams, the Kewaskum Indians resumed their winning ways again here Friday by easily trouncing Slinger, 79-50, to stay a half game behind Random Lake in third place.

The Indians outscored the Owls by one-sided margins in every quarter but the last, in which they coasted with their big lead. The advantage was 21-12 at the close of the first period and by half-time it was increased to 42-26. Kewaskum outpointed Slinger, 17-4, in the third quarter to go way ahead, 59-30. Each team scored 20 points in the final period with the Indians taking it easy.

Mike Coulter scored 21 points and Dan Survis added 17 as Kewaskum brought its record to 6-2. Gary Spiel and Larry Held each had 15 points for the losers. Coulter is third in individual scoring in the conference with a total of 177 points, trailing the leader, Teuteberg of Pewaukee with 219 and Groeschel of North Fondy with 178. Survis is 9th with 130 and Bob Rossow 10th with 119.

This Friday the Indians make a short trip to Campbellsport to take on their neighbors for the first time. A game scheduled earlier was called off and has not been made up as yet. Kewaskum should win, considering the Bells' 3-4 record, and the loss of two of their players, one by ineligibility and the other by quitting the team. Next Tuesday the Indians play at North Fondy and this could be a toughie. The Orioles won two of their last three games. On Friday, Feb. 14, tail end Germantown comes here.

## Bowling Tips...

#### SIMPLE TEST DETERMINES PROPER FIT FOR YOUR GRIP

How to select the proper bowling ball? You have a choice of three basic grips: fingertip, semi-fingertip and standard. Ray Schanen of Milwaukee, one of the nation's top professional bowlers and member of the Miller High Life advisory staff, demonstrates the fingertip grip. Most pro bowlers prefer this because it provides more natural power and mixing action. But it's a more difficult grip to control, Ray says, and is not necessarily the best grip for every bowler. To determine the proper fit for you, place the thumb in the correct hole and stretch the other fingers around the ball. If you favor the fingertip grip (1), the distal joint (near the tip) of the middle finger should fall one-fourth of the way across the hole. For the semi-fingertip (2), the middle joint should fall one-fourth of an inch short of the hole. If you prefer the standard grip (3), the middle joint should extend one-fourth of the way across the hole.

#### MEETING OF WOMEN'S BOWLING ASSOCIATION

There will be a meeting of the West Bend Women's Bowling association at Weiland's Recreation on Tuesday, Feb. 11, at 7 p. m. This meeting is being called for the purpose of discussing the city tournament and any other business that may come up. All league members are invited to attend.

If you have made up your mind that you can't do something—you are absolutely correct.

#### SKAT TOURNAMENT IS HELD AT HINN'S TAVERN

A skat tournament was held at Eddie Hinn's tavern in New Fane on Monday evening, Feb. 3, with 15 players participating. Prize winners were as follows:

1. Noah Seider, 19-0-19 games;
2. Eddie Hinn, 480 points;
3. Louis Heisler, Jr., club solo vs. 4-60;
4. Barney Strobel, 20-3-17 games;
5. Fred Dorn, 461 points.
