Local Girl's Husband Is Reported Missing on Flight, Presumed Dead

Believed Plane May Have Crashed In Lake Michigan

UP TO 400 PERSONS JOIN IN SEARCH FOR PLANE, MISSING SINCE FRIDAY IN ILLINOIS

Robert Schmidt of this village reported that his brother-in-law, Robert Ferris, 2829 Barry st., Chicago, Ill., husband of the former Rita Schmidt of Kewaskum, was reported missing and presumed dead on a short flight after taking off from Sky Harbor airport in Northbrook, Ill. on Friday afternoon, Feb. 14.

Ferris took off from the airport in a Cessna 150 that he rented from the airport shortly after 4 p. m., and passed over his house at about 4:30, waving to his children. He had intended to return home by 5:30 to enjoy a Valentine party with his family.

Federal and local authorities have been searching for the plane since Saturday, Feb. 15. The Civil Air Patrol at Waukegan, Ill. is in charge of the search, and has been aided by the coast guard. Up to 400 people have been involved in the search, which has centered in the Lake Michigan area, as Ferris would generally fly south along the lake shore to 63rd st. and then return to the airport when he made such a short flight.

Ferris had held a private pilot's license for over twelve years and was regarded as a very experienced flyer. He had not flown for about nine months. The major in charge of the search is of the opinion that Ferris probably suffered a heart attack as he was too experienced and punctual a flyer not to send a distress signal. The search will continue for the balance of this week.

Ferris and Rita Schmidt were married in January, 1958, in Florida. Mrs. Ferris is presently at home in Chicago with their two small children, Tommy, age 5, and Betty, age 4. Ferris' parents live in Easton, Pennsylvania. Rita is a daughter of Mrs. Marie Schmidt and the late Theodore R. Schmidt of Kewaskum.

After being informed of the shocking news, Mrs. Schmidt and another son-in-law, Bruce Koth, of here left for Chicago Saturday. Mr. and Mrs. Bob Schmidt went to that city on Sunday to be with Mrs. Ferris and the latter's sister Marjorie (Mrs. Koth) joined them on Monday. Mrs. Schmidt remained for the week while the others returned home.

CHOSEN AT DIST. CAUCUS; SESSION WILL BE HELD IN ATLANTIC CITY IN AUGUST

Richard Reigle of 1205 Hillside dr., Kewaskum, was elected a delegate to the Democratic National Convention at the 6th District Democratic caucus held in West Bend on Sunday. Held in the downstairs meeting room of the Mcrairie Supper Club, the caucus was attended by a standing-room only audience of nearly 300 delegates from the seven-county area.

Reigle, a salesman for Regal Ware, Inc. of Kewaskum, led the slate of four delegates chosen to attend the national convention to be held in Atlantic City, N. J. in August, with a total of 193 votes. The other three delegates elected were Hubert Murphy of Fond du Lac county, with 133 votes; John Race, former congressional candidate of Fond du Lac county, 112 votes, and Norbert Schwartz of Sheboygan county, with 110 votes. Reigle and Murphy will each cast one full delegate vote at the convention and Race and Schwartz will be entitled to cast one-half vote each.

Governor John W. Reynolds and two members of his staff were surprise visitors at the West Bend caucus Sunday.

The meeting was highlighted by a long and heated discussion of whether some of the delegates, Young Democrats from Oshkosh State college, were actually residents of the district, and thus entitled to vote.

Principals in the discussion were 6th District Chairman Russ Meerdink of Sheboygan, a former chairman of the Oshkosh State Young Democratic unit, and Patrick J. Lucey, Madison, former state chairman of the Democratic party and now national committeeman.

The discussion ended when Meerdink withdrew his name from the list of candidates and the Young Democrats were allowed to vote.

Wesley Otto, 29, and Robert Geib, 17, both of West Bend, were burned to death near that city when an airplane they were piloting with dual controls crashed from a low altitude and burst into flames. Officials at the airport reported that Otto was part owner of the plane, a Gypsy Moth. The plane had been seen flying at a low altitude about three miles southeast of West Bend when it seemed to go into a tailspin while negotiating a turn and crashed on the John Falk farm. The bodies were charred so that they could not be recognized.

August Bilgo of this village, who has been rural letter carrier on Route 1, Adell, for the past three years, has been transferred back to his former route, which is Route 1 out of Kewaskum.

Herman Opgenorth, venerable resident of First st., recently observed his 91st birthday. Mr. Opgenorth, believed to be the oldest resident of the village, is in good health. A retired mason contractor, he resides with his son William.

Martin Gutekunst of New Fane, who was working in Milwaukee, now is employed by the Kewaskum Creamery Co.

High school news—The senior orchestra, under the direction of Carl Mayer, is getting along at top rate. Carl is thinking of investing in a new top hat and cane for an aid in leading the band.

The new Girl Scout troops held their meeting at the Bruhn baker shop under the leadership of Miss Eruhn. Officers and patrol leaders have been elected as follows: Troop 1 patrol leader, Lucille Hansen; Troop 2 patrol leader, Loraine Eberle; secretary, Violet Eberle; treasurer, Alexia Mayer. Ruth Runte is troop reporter.

In a nip and tuck battle, Kewaskum High school extended its winning streak to three straight when they won at West Bend, 19-17. Paul Kral was high scorer for the winners with 6 points and Prechtel led West Bend with 8. Considering this team of Kewaskum boys out of a school of 125 students defeating West Bend, a school of about 600 students is quite a tribute to these boys. We

remember well the fact Kewaskum was told to "sit down" at the student council convention a few weeks ago by a West Bender because our school was so small. But we showed them Kewaskum High does not have to take a back seat at any time.

Miss Rosemary Haug, daughter of Mr. and Mrs. P. J. Haug, has the leading role in the Gilbert and Sullivan operetta, "Utopia," which is being given by the freshmen of the College of St. Teresa, Winona, Minn. Mr. and Mrs. Haug left to attend the operetta.

Misses Mabel Koerble, Tillie Meyer, Lorena Rimmel, Elsie Eberle and Ervin Koch, Carl Brandstetter, Joe Mayer and Chas. Muckerheide spent Sunday evening at Fond du Lac.

Miss Agnes Schaefer, who is studying for a trained nurse at St. Mary's hospital, Milwaukee, visited her mother, Mrs. Laura Schaefer.

Homemaker Notes

KEWASKUM KITCHENETTES

The Kewaskum Kitchenettes met at the home of Mrs. Harold Krueger. Mrs. Al Muckerheide read us a poem entitled "A Message From Heaven." The poem was a memorial to our late president, John F. Kennedy.

We answered roll call with a household hint and Mrs. Leland Schaub removes grass stains from clothing with green Palmolive soap. This even will remove old grass stains.

The annual summer picnic will be held on Aug. 2. Also some of the spring outing plans are completed. The date is set for May 6

and at 8:00 a. m. we will be on our way to the town of Ripon.

Our next meeting will be at Mrs. Donald Miodzik's and it will be a potluck supper. Miss Doris Rogers is to be our guest.

We discussed sponsoring a member of our club to the state convention.

A lively discussion followed the health report given by Mrs. Harold Krueger. The report was entitled "To Smoke or Not to Smoke?"

Mrs. David Hanrahan and Mrs. Roman Foerster presented a very interesting and enjoyable project. Our group chose "A Look at Ireland." Both Mrs. Hanrahan and Mrs. Foerster are Irish, which added to the fun. They had a guest for us, Mrs. Merlin Wulff, who lived in Ireland until eight years ago. She was a registered nurse in Ireland and then also in the United States. Mrs. Wulff showed us slides of Ireland taken by her and her family, and answered our many questions. Mrs. Hanrahan and Mrs. Foerster told us the history and customs of the land and Mrs. Wulff gave us a first hand account. The project leaders served us soda bread, wheat bread and a teacake, which are native of Ireland.

Our hostess served apple tarte and ice cream with coffee.

Tuesday, Feb. 11, we entertained the ladies and gentlemen of the Washington county home. Every member baked a stollen and we served the folks stollen and coffee. We visited all the residents and each one of us got acquainted with our "adopted" pals of the home. A good time was had by all.

Mrs. Charles Wilke, Reporter

COUNTRY COUSINS

Our meeting on Feb. 10 was at the home of Mrs. Lucy Lecher, R. 2, Kewaskum. Health officer, Mrs. Gladys Ramel, gave the report on smoking and the dangers inherent in prolonged exposure to cigarette smoke. It was decided that our next meeting would be a potluck

supper starting things off, then the business meeting and project. We had no project as all members attended a meeting on wills.

We have been invited to a trip with the Kewaskum Kitchenettes the first week in May. Several women expressed interest in the trip, especially those who had gone to Madison with this group last year.

We held our auction and had some really wonderful items to bid on. There were 2 pounds of home-made butter, a pumpkin spice cake decorated with candy hearts, a blue flowered and a yellow flowered towel set. We have been expanding our treasury considerably and feel it is good that we do not have to go outside of our club to get funds.

March 9 at 7:30 those who drew even numbers are to bring pot luck dishes for our supper at the home of Mrs. Margie Janssen, R. 2, Kewaskum. Our hostess will provide coffee and the dessert.

Mrs. Jeanne Otten, Reporter

Ray Bast Announces Candidacy on GOP Ticket for Assembly

Ray H. Bast, 49, of the town of Germantown this week formally announced his candidacy on the Republican ticket for the office of assemblyman for Washington county in the 1964 September primary election.

Born and raised in Washington county, Ray is the son of Mrs. Val Bast and the late Val Bast. He has two brothers, Arthur of Hartford and Roland of the town of Germantown. He has one sister Mabel (Mrs. Robert Fuge) of West Bend.

Ray graduated from public school in the town of Germantown, Menomonee Falls high school and Dodge County Teachers college. He taught school in the public schools of Washington county for five years. He was active in 4-H club work for 10 years.

After five years of teaching school, he went back to active farming, and has been actively engaged in this occupation since his marriage in 1941. He has maintained a registered herd of Holstein cattle, testing them for production on H.I.R. and has consistently maintained a top herd average.

Ray is also widely known as a breeder of registered Percheron horses and has exhibited each year at the Washington county fair, the Wisconsin and Minnesota state fairs and has always shown some of the champions.

Ray was local school clerk for eight years and was the first president of the Washington County School Board association.

In 1947 he was awarded one of the Outstanding Future Farmers Awards at the Wisconsin State Fair. He has been a director of the Washington County Holstein Breeders association for 20 years and also served as secretary and president for several years. He has also been a director and president of the Wisconsin Horse Breeders association for the past 10 years and also a director and vice-president of the National Percheron Horse Association of

Bast served as president of the Zoar church council for eight years and has been called upon on numerous occasions to speak to service and civic clubs. He has also been chairman of the town of Germantown for eight years and a member of the Washington county board of supervisors for the same period, serving as vice-chairman for two years.

At present Ray is chairman of the Washington county board of public welfare and also chairman of the board of the Washington-Ozaukee Guidance Center.

Ray and his wife Helen have four daughters, Jill, a junior at the University of Wisconsin at Madison; Patricia, a freshman at Stout State college; Joanne, a freshman at Washington high school at Germantown and Kay Louise, a seventh grade student at Rockfield graded school.

Bast feels Washington county needs good representation in the assembly because it is the third fastest growing county in the state. He believes his record as a farmer, teacher, school board member, town and county board member and public speaking experience will give Washington county the representation it deserves.

Remind Dog Owners To Obtain Licenses

4,726 DOGS LICENSED IN COUNTY LAST YEAR

All dog owners are reminded by Anton P. Staral, county clerk, that a license for all dogs that are five months old must be obtained from the local treasurers on or before Feb. 29, 1964. This license can be purchased at the same time that real estate taxes are paid.

After that date, if no license is obtained, dog owners will be reported to the district attorney as delinquent dog license owners. Thereafter, such dog owners will be instructed to get a license from the county clerk. An additional fee may be collected from every owner of a dog who has failed to obtain a license prior to March 1, 1964. The license for a male dog or a spayed female is \$1.00. The license for a female dog is \$2.00. A kennel license costs \$20.00.

In 1963, 4,726 dogs were licensed in Washington county, of which number 3,716 dogs were males or spayed females, and 1,010 were females. In addition 11 kennel licenses were issued. The town of Germantown reported 527 dogs licenses, which was the largest number licensed in any district.

The State Department of Agriculture does supply the dog tags, and a payment of 5% of the li-

cense money collected is sent to this department. Any other expenses such as receipt books and other notices are paid from this fund. Local treasurers receive ten cents per dog license issued. Likewise, assessors receive fifteen cents per dog listed. Any surplus in the dog license fund in excess of \$1,000.00 at the end of the license year is apportioned to the taxing districts who have licensed dogs.

Dog damage payments are also paid out of this fund. Last year \$1,101.78 was paid to persons who had suffered damage by stray dogs.

2. \$25,000 property damage.
3. \$5,000 medical payment for each person.
4. \$100 deductible (collision).
5. Comprehensive coverage.
6. Coverage on uninsured motorist.

Roger McKenna moved that \$22,527.95 be approved for payment of salaries and other expenses of school operation from the General Fund for the month of September, 1963. Fred Spoerl seconded. Carried.

Advertising Pays

Last week Ollie's Texaco Service advertised for a service station attendant wanted. This week Ollie came in and said: "Take out my ad. I've had so many applications I don't want to take any more."

Several weeks ago Honeck Chevrolet, Inc. advertised for a part-time janitor. After running it just one time the order came to discontinue the ad because around 15 applications were received. It pays to advertise. Try it!

County Agent News Notes

By MAURICE J. HOVLAND
Washington County Agent

SALESMEN SELL GADGETS

We understand there are salesmen going through the county selling gadgets for the farmer to feed his cows soft water.

At this point, one would be inclined to ask the question, "how ridiculous can you get?"

We suggest that, before any person buys something to soften water for farm animals, he checks first of all the research that has been done on this subject. If you will check the research of the land-grant colleges, you will find that there is absolutely no evidence anywhere to indicate that cattle need soft water.

Simply, it's like this: the hardness in the water is for the most part lime. Lime is calcium. We buy calcium to produce properly. Isn't the calcium in the water, then, a very fine source of mineral? Why take it out and buy more?

We wish to emphasize, under no circumstances should anyone buy a water softener in order to feed soft water to his cattle. By the same token, he does not need to feed himself soft water. The only time we need or want to use soft water is for such things as shampooing the hair, laundry, and the general cleaning program of the household.

POTATO MEETING

Farmers who are interested in growing potatoes are invited to a meeting at the extension office in the Waukesha county court house. This is located on the north edge of the city of Waukesha. The meeting will be Thursday, Feb. 27, at 9:30 a. m., and is sponsored by the University of Wisconsin horticulture department for potato growers in southeastern Wisconsin. There will be many problems discussed, including fertilizing, selecting seed, management, weed control, insect control, and things of this nature.

TREES AVAILABLE

Tree order blanks are still available. The supply of some species that had been available are now exhausted, but there is still a good supply of others. If you are still interested in tree planting, but haven't obtained your application

form, we suggest you contact the extension office or the forester immediately. Each day means that more of the supply is becoming exhausted.

WATCH SEED PEDDLERS

We understand there are some seed peddlers coming through Washington county who are pretty good at giving you a "song and dance" on some "new, fabulous varieties" of seeds. In the past we have known them to sell a supposedly wonderful pasture mix. We have known them to sell some new variety of oats that we never heard of, and many other kinds of seed.

We hope our farmers will not be misled by the glib tongues of some of these itinerant peddlers. We still think your best bet is to go to your local dealer. Tell him what you want. If he doesn't have it or can't get it, he can very likely give you a substitute that will do just as well.

In the 1964 oat variety bulletin (which is now available at the extension office), you will find certain varieties recommended for certain growing conditions. For example, you might want to plant Lodi oats and can't find it. No doubt Lodi will be in short supply and long demand, which would

mean the price could go quite high. Why don't you simply buy Beedee? It will probably do just as well as Lodi, and it is in plentiful supply.

But always remember that your local dealer has these supplies. We think you should buy from him if for no other reason than the fact that you can always talk with him if what you buy from him doesn't turn out reasonably close to what you were told it should.

But when you buy from the peddler, you have no such chance. All he cares about is that he gets the proper signature on your check. So be careful from whom you buy. We think this is most important.

VEGETABLE BULLETIN

Why not get a seed catalog and page through it? I'll guarantee it will make the winter go just a little bit faster.

We'd like to call your attention to the recommended list of garden vegetables, which is prepared by the University of Wisconsin horticulture department each year. This bulletin is now available at the extension office. It lists almost every vegetable that we grow in Wisconsin, and recommends the varieties which are best in various areas.

**Legion to Sponsor
Veteran Service
Clinic at Grafton**

Second District American Legion commander, Armin Grosnick, announced this week that a Veteran Service Clinic will be held at Grafton Legion Post on Wednesday, Feb. 26. Although Legion sponsored, all veterans, wives, widows, dependents, and interested persons are invited. It's FREE to everyone.

Subjects to be discussed that evening, beginning at 8:00 p. m., include: Compensation and pension; hospital and medical treatment; widows benefits; Wisconsin Department of Veterans affairs, and social security.

The panel of experts for the meeting include: Richard Ballman, veterans administration officer; Phil Davies, social security representative of the Sheboygan office; and county veteran service officers Alfred Knaub, Leroy Schaefer and John Kampmann of Ozaukee, Washington and Sheboygan counties respectively.

After a short formal presentation by the panel on general information and benefits, individual questions will be answered. In addition, all "experts" will remain during the refreshment period to consult with people who don't wish to bring their personal problems to the attention of the audience.

"Many benefits to which veterans are entitled go unclaimed due to lack of knowledge that they exist," according to Commander Grosnick of Juneau. He urges all Legionnaires and ex-servicemen who have doubts or a hazy knowledge of benefits to attend.

Grosnick concluded by saying that, "Service to veterans has always been and always will be a main objective of the American Legion. These two meetings are a case in point." He hopes that this attempt to assist veterans will be well received, in which case it will hopefully be continued in subsequent years.

39½ INCH NORTHERN PIKE CAUGHT AT MAUTHE LAKE

This past week end a 39½ inch northern pike that weighed 16½ pounds was taken from Mauthe lake in Fond du Lac county by a local angler.

A large buck deer was killed on US hwy. 41 near Highway 28 last Saturday morning. A vehicle operated by Earling E. Hansen of Milwaukee was badly wrecked. The deer was chased by two dogs, and the accident was witnessed by State Traffic Patrol Officer John F. Briggs. Pictures were taken by the officer, and if the ownership of the dogs can be determined, the owners may be sued by the Conservation Department for the price of the deer.

PERMIT REQUIRED TO PLACE SAND IN LAKES

If you have property on or are interested in access to or making use of a lake or stream in the state of Wisconsin—do you know:

That the title to beds of natural lakes is held in trust by the state? The owner of the adjoining upland has an absolute title to the ordinary high water mark and qualified right in the exposed lakebed in front of his property.

That generally speaking, structures such as breakwaters and boathouses erected or maintained on the bed of or in a lake or stream are contrary to law, unless authorized by the Public Service Commission under section 30.12, statutes.

That earth and other material may not be dumped or placed on the bed of any navigable water below the ordinary high waterline where no shoreline has been established or beyond the shoreline where one has been established.

That upon application to and approval by the Public Service Commission, a thin layer of sand may be placed on the bed of a navigable lake for improving the condi-

tion of the beach for swimming or similar uses.

That the conservation laws provide a fine for the individual who owns lake shore property, or the truck driver who places the sand on the ice, unless a permit has been issued by the Wisconsin Public Service Commission for such sand blanket.

Dogs Raise Havoc With Deer

This is the time of the year when dogs, not properly confined, raise havoc with the deer.

While we have not had the amount of snow we had the past few years, we have had lots of cold weather. We have also had a considerable number of deer killed by dogs and it now is evident dogs kill deer with or without deep snow.

Most of the dogs causing the difficulty are farm dogs, hunting dogs and just pet dogs.

We wish each of you could see a deer that had been attacked or killed by a dog. Not that a deer with its hind quarters half eaten (and sometimes still alive) is a pleasant sight; but I believe if you could witness this, you would be sure your dog was properly confined and not running deer.

Many times dogs are tracked home after running and killing deer. When the owner is confronted with the information, he is amazed that his dog has done such

a thing. He had no idea whatever that his dog was involved.

ANY DOG THAT IS NOT CONFINED IS A POTENTIAL DEER KILLER.

We have seen beagles, labradors, cocker spaniels and farm dogs kill deer as often as any other breed. Once they start running and killing deer, they will never stop.

Conservation wardens are authorized by law to kill any dog found running, worrying or killing deer at any time. We don't want to kill your dog!

We urge you to confine your dog at all times.

Indians Tighten Hold on Second, Rip Germantown

The Kewaskum Indians, only team in the Scenic Moraine conference which still has an outside chance at the championship Grafton defends, ran its record to 9-2 by blasting Germantown here Friday, 94-62. Grafton clinched at least a tie for its second straight title by overwhelming Random Lake, 100-60, to run its unbeaten streak to 12-0 this season. It was the 26th straight conference win in the last two seasons.

Kewaskum and Grafton, the two top teams, meet here next Friday, Feb. 28, in the final conference game. But the Indians have two important contests remaining before that. This Friday they travel to Pewaukee which could provide a stumbling block, as they hold down 4th place with a good 7-5 record. On Tuesday the Indians entertain rival Campbellsport in a make-up tilt that was postponed earlier in the campaign due to the death of Principal C. M. Rose. However, the Indians trounced the Bells, 95-65, on their home floor a week ago Friday and should repeat here.

The Indians had an easy night of it against last place Germantown here. They moved into a 25-16 lead at the quarter and increased it to a comfortable 46-30 advantage at the intermission. Outscoring Germantown in every period, Kewaskum was ahead 68-51 at the end of the third quarter. Although using substitutes freely in the final stanza, the Indians outpointed the visitors by far in the final quarter, 26-11, to win by 32 points.

Kewaskum's three top scorers, Mike Coulter, Bob Rossow and Dan Survis, teamed up to score 20 points apiece in leading their team to the win. B. Coulter and Oelhafen chipped in 10 each. High scorer in the game though was Pritchard of Germantown, who wound up with 21.

CATCHES BIG NORTHERN PIKE AT MAUTHE LAKE

Stewart L. Rochwite of Campbellsport, with the assistance of his son, Lyle, 10, caught a 16½-pound northern pike at Mauthe lake Sunday noon. The 38½-inch fish was caught on a golden shiner, according to Rochwite, who also landed a 10-pound northern recently at Drickens lake.

Mayville Belts Chevs, 123-82

Mayville ran up one of the highest scores of the season in the Land o' Lakes league there Saturday night, when they clobbered the Kewaskum Chevs, 123-82. The 31-point victory came as a complete surprise as Mayville hadn't won a game in the second half, going into the contest with an 0-4 record. Kewaskum had hoped to win this one and gain in the standings but ran into a hornet's nest instead.

Evidently the Chevs still felt the effects of the bruising Mt. Calvary tournament of the week before as they had little punch and played listless ball. On the other hand, Mayville was primed for this encounter and stormed into a 31-23 first quarter lead and 61-43 halftime advantage. They were hot and pulled away to a one-sided 88-63 margin going into the final period, in which they increased their lead to 31 points.

T. Bartelt went on a scoring spree for the winners and wound up with 37 points for top honors. G. Lechner was next in line with 22. Al Tennes was the only consistent scorer for the Chevs and led them with 24 points.

The setback left Kewaskum in a three-way tie for the cellar with Mayville and Port Washington. Each has a 1-4 record.

The Chevs will bring the season to a close this Saturday night when they host the powerful Watertown quint. Watertown kept its championship hopes alive last week end by beating Fond du Lac, 110-100, for a 4-1 record, and is one game behind undefeated Menomonee Falls.

Kewaskum holds second place in the Scenic Moraine conference with a 9-2 record, while Germantown is in last place with 1-11. The Indians have beaten Germantown handily in two meetings this season. Mayville is last in the northern half of the Little Ten conference with a 2-9 record.

Bowling Tips...

HERE'S HOW TO DEVELOP PROPER BALL RELEASE

Here's a good practice exercise to make sure that you're releasing the ball properly. Swing the ball lightly and catch it with your other hand. Ray Schanen, one of the nation's top pro bowlers and member of the Miller High Life advisory staff, demonstrates. Watch carefully to see that you do not twist your wrist. Ray says to also make sure that your thumb leaves the ball first. The other fingers will impart the hook naturally as they leave the side of the ball.

tourney the Sunday before. The Chevs placed fourth in the meet, good for \$25 in prize money.

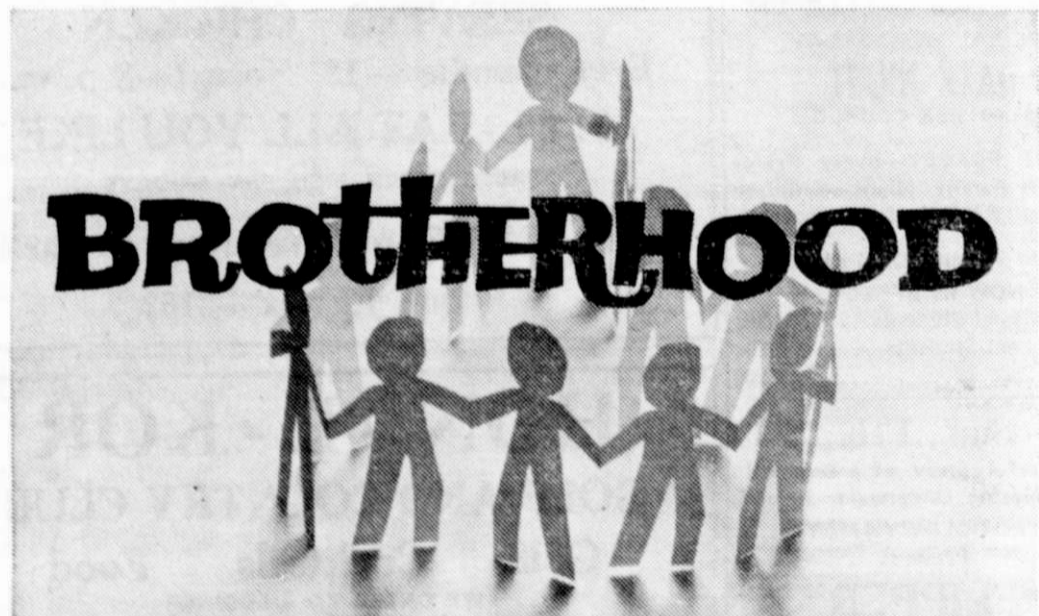

After beating Kewaskum, 94-64, New Holstein won over Reedsburg in the semi-finals Friday night and earned the right to play Menomonee Falls in the finals Sunday. New Holstein beat Falls in the game but the tournament is a double elimination meet and as Falls had not yet lost in the tourney, a second contest had to be played the same day. New Holstein defeated Falls again in the second tilt to win the event. Falls is the defending champ and undefeated leader in the Land o' Lakes league.
