## Club Honored By Kiwanis International

**KEWASKUM CLUB AWARDED  
3RD HONORABLE MENTION  
FOR CLUB ACHIEVEMENT**

A bulletin just received from Kiwanis International advised the Kiwanis Club of Kewaskum that they have been awarded third honorable mention for club achievement in 1963 in the White Section of Kiwanis International. This award will be presented in impressive ceremonies at the annual convention on June 29 at Los Angeles, Calif.

The Kiwanis Club of Kewaskum is very honored to be selected as one of the clubs being recognized for their community efforts during the year. The installation and donation of the beautiful tennis courts on the high school grounds by the club during 1963, plus other various community projects, helped to gain this award for Kewaskum.

There are 5,237 clubs in the United States, Canada, Mexico, Switzerland, Jamaica, Nassau and other foreign countries, with over 267,000 members, so a community of Kewaskum's size with 30 Kiwanis members is highly honored for their service to the community.

Achievement awards were given in both district and club categories in nine groups and sections. Winner in the White Section was Reynoldsburg, Ohio; honorable mentions: Thornton, Colo., first; Red Stick, Baton Rouge, La., second; Kewaskum, Wis., third; Timonium-Cockeysville, Md., fourth.

## R. Oelhafen Receives Degree at Whitewater

Richard J. Oelhafen, Kewaskum, was among the 345 seniors who were candidates for baccalaureate degrees at Whitewater on Sunday, May 31, when Wisconsin State college, Whitewater, conducted its 95th commencement ceremonies at 2:30 p. m.

Oelhafen was awarded a bachelor of science degree in business administration. He has accepted a position with Employers Mutuals of Wausau.

## Rommel Family Reunion Held

On Memorial Day, a reunion of the Rommel family was held at Babe's Opera House, Kewaskum.

The parents of the family, Nicholas and Johanna Rommel, immigrated from Prussia about 1845 and settled in the Kewaskum vicinity. They brought two sons with them and two sons and two daughters were born in Wisconsin. The descendants now number upwards of 250.

A family tree, compiled and drawn up by Mr. and Mrs. Ralph Rommel of Kewaskum, proved to be of great interest to all attending. Several photographs were loaned for the display. The afternoon was spent in reminiscing and in meeting cousins for the first time. Pictures of the descendants of each of the six families were taken.

One cousin was ordained to the priesthood at St. John's Cathedral in Milwaukee that morning. He is Father Franklyn Becker of Woodland, Wis., a son of Mrs. A. R. Becker, who is the daughter of the William Rommels of Theresa. During their brief visit at the reunion, Father Becker gave his blessing to all assembled.

This being Memorial Day, the descendants wanted to pay tribute to the memory of Nicholas and Johanna and all the departed of the Rommel family. In memory of all, a cross was placed at the graves of the immigrant parents at St. Bridget's cemetery.

After a delicious buffet supper was served by Babe's to about 120 persons present, a few mementoes were presented to the following:

Oldest gentleman present, John W. Rommel, Wausau; oldest lady present, Mrs. Rosalia Werner, Neosho; couple married the longest, Mr. and Mrs. John McLaughlin, Wausau; coming the longest distance, Mr. and Mrs. Lawrence Rommel, Detroit, Mich.; couple having the most children, Mr. and Mrs. Ray Schmanski, Milwaukee; couple having the most grandchildren, Mr. and Mrs. Raymond N. Rommel, Winneconne; person having the most great-grandchildren, John W. Rommel, Wausau; person having the oldest penny, Miss Christine Staehling, Waupun; door prizes, Mary Marx, Kewaskum; Mrs. Donald Rommel, Appleton, Mrs. Ed. Rommel, Milwaukee, and Mrs. William Harbeck, Kewaskum.

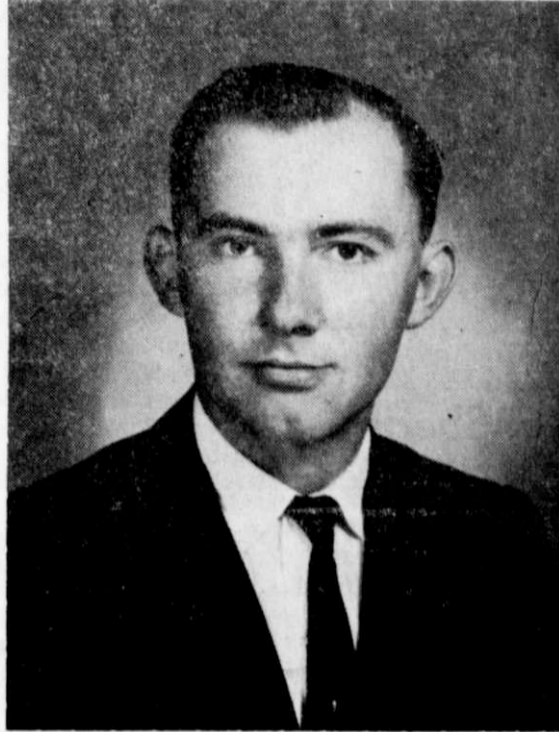

The guest register included relatives from Johnson Creek, Wausau, LeRoy, Appleton, Winneconne, Lomira, Theresa, Milwaukee, Jefferson, Neosho, Waupun, Kewaskum, Detroit, Mich. and Faribault, Minn.

## Chas. Plautz Dies

Charles Plautz, 85, of R. 1, Kewaskum, passed away at St. Joseph's Community hospital, West Bend, on Wednesday morning, June 3. Funeral arrangements had not been completed at this writing. Further information may be had by calling the Techtman-Myrhum Funeral home, West Bend.

"Good night," she purred at the door. "It was fun noing you."

## Theodore W. Meilahn Candidate for Bachelor of Science Degree at UW

Theodore W. Meilahn, R. 2, Kewaskum, is a candidate for the bachelor of science, civil engineering-degree at the University of Wisconsin's June commencement at Madison this year, to be held at Wisconsin's historic Camp Randall Monday (June 8) on the campus there.

More than 3,100 students are scheduled to file across the commencement platform to receive diplomas, but since the UW commencement is held as final semester examinations come to a close and before all final grades can be compiled it is possible that some students who are candidates for degrees may not actually complete all of their scholastic work by commencement day. Bachelor degrees are scheduled for about 2,300 students, while some 600 are scheduled for higher degrees and about 170 for law or medical degrees. Sixty per cent of them come from Wisconsin homes, the other 40 per cent from 45 other states, the District of Columbia, and from 39 foreign lands scattered throughout the world. The 1964 commencement brings to over 147,000 the number of degrees granted by the University of Wisconsin at Madison during its 115-year history.

## Red Cross to Hold Annual Meeting Here

**TOWN OF KEWASKUM HOST;  
A. AMERLING CHAIRMAN,  
ROY ESSER WILL EMCEE**

Atty. Gerald Marine, chairman of the West Bend Chapter, American Red Cross, announces that the annual meeting will be held on Thursday evening, June 25, at the Fellowship hall of Holy Trinity church, Kewaskum.

The ladies of the parish will serve a beef dinner family style at 7:15 o'clock. The price will be \$2.00 a person.

The town of Kewaskum will be the host precinct with Arnold Amerling, general chairman. Roy Esser, instructor in agriculture at the Kewaskum High school, will be the master of ceremonies.

Everyone is invited. Reservations may be made with the local chapter, or Mr. Amerling, at Route 3, Kewaskum. The attendance committee consists of the members of the board of directors, service chairmen, committee members and organizations.

Watch for further details for the 29th annual meeting of the chapter.

## MARRIAGE LICENSE

## Tests Show River Clean, Unpolluted

There had been some complaints in regard to water pollution of the Milwaukee river here and field tests were taken on May 12 by the State of Wisconsin Board of Health. Results of the tests, which show a reasonably clean and unpolluted stream, are indicated in the following letter received by Dr. R. G. Edwards, village health officer, from Oscar O. Egger, public health engineer of District No. 3:

The State of Wisconsin  
Board of Health  
District Office 3  
146 Forest Avenue  
Fond du Lac, Wis.  
May 26, 1964

R. G. Edwards, M. D.  
Health Officer

Village of Kewaskum  
Kewaskum, Wisconsin

Dear Dr. Edwards:

You will recall we took some field tests of the Milwaukee River on May 12, 1964.

Some complaints of stream pollution had been made and so some samples were collected for field tests and also laboratory tests.

The condition of the river was viewed at three points as follows: "A" About 1/2 mile up stream from Main street bridge in Kewaskum.

"B" At Main street bridge in Kewaskum.

"C" South and about one mile down stream from site "B".

The water was clear with a few patches of floating algae at all three points.

PH	Dissolved Oxygen	M.P.N.
	in P.P.M.	
"A" 8.4	6.0	400
"B" 8.2	6.0	600
"C" —	—	6,100

At points "A" and "B" with a low "most probably number" (M.P.N.) of only 400 and 600 and a dissolved oxygen content of 6.0 P.P.M. indicate a reasonably clean stream.

The M.P.N. at station "C" of 6,100 can be expected below the sewage treatment plant and yet this test does not show much pollution.

All in all the tests show a reasonably clean and unpolluted stream at the time of the test.

It is likely poorer conditions had existed when the stream flow was extremely low.

Sincerely,

Oscar O. Egger  
Public Health Engineer  
District No. 3

## YOUNG LADY IS HURT IN CRASH

Dianne Klein, 17, of R. 2, Kewaskum, suffered bruises on her nose and cheek at 2:45 p. m. Sunday when her car went into the ditch when she braked the vehicle on loose gravel on a steep hill on a town road about three miles north of Kohlsville a half mile north of Hwy. D.

## 50 YEARS AGO

May 31, 1914

August Buss, local section foreman, was quite badly injured about the head Friday. He and his crew were working on the section when August, in attempting to alight from the hand-car, slipped and fell, striking his head up on the steel rails of the track. Two holes were cut in his head near the temple.

Miss Ella Trost of this village and Peter Becker of Campbellsport were quietly married in Milwaukee.

Mr. and Mrs. Louis Backhaus entertained about 60 friends and relatives at their home recently, the occasion being their silver wedding anniversary.

A large number of friends of Mr. and Mrs. Otto Wesenberg gathered at their home on the former John Klein, Jr. farm and helped them celebrate a housewarming.

## NYLES HEISE PLEDGED TO UW HONOR SOCIETY

Nyles Heise, R. 1, Adell, son of Mr. and Mrs. Norbert Heise, is among the 131 new members of Phi Eta Sigma, national scholastic honor society for freshmen, who were recently initiated into the University of Wisconsin chapter on the Madison campus.

Each semester pledges for this honor society are selected from the freshmen class on the basis of scholastic achievement. Candidates must have earned a grade point average of 3.5 or better in their first year studies. An average of 4 points per credit of study taken in the university would mean a perfect record.

### County to Observe National Shut-Ins Day Sunday, June 7

The observance of National Shut-In's Day, Sunday, June 7, will be promoted in West Bend and throughout Washington county for the ninth year by the Business and Professional Women's club of West Bend.

Heading the observance this year is Mrs. Delores Kuehl, chairman, Mrs. Lena Gatz and Miss Estelle Hilgendorf. They state the object of the day is to encourage people to visit, send flowers, a gift, a card, and to think about the many unfortunate citizens who are forced by illness and disability to remain in their homes and hospitals.

The committee further reminds us that shut-ins need contact with their fellow men. Fortunate are those shut-ins who are able to correspond or use the telephone, short wave radio, or a tape recorder. Some shut-ins organize and bring their talents together in a common cause. In that way great satisfaction is derived, because they are helping their fellow men. In such groups friendship is very real and warm.

The designation of the first Sunday in June as Shut-in's Day does not mean that good deeds of thoughtfulness should be confined to that day. Rather, it should serve as a reminder that similar cheer be brought to shut-ins at proper intervals throughout the year. This should not be a one-day event, the Business Women's Shut-In's Day committee points out.

**SURPRISE PROGRAM HELD  
FOR RETIRING PRINCIPAL**

Mrs. Grace King, principal of the Beechwood grade school, was guest of honor Wednesday, May 20, at a surprise program held in the new multi-purpose room of the school. She has been teaching for the past 32 years in Sheboygan county schools.

A large group of parents, teachers of the school, former teachers of the Beechwood school, friends and relatives gathered for the program honoring Mrs. King at a farewell observance on retiring from her teaching.

The program was arranged and sponsored by the Parent-Teacher association. John Jadro, clerk of the district, the only elementary district in the county with its own school board, acted as master of ceremonies.

Entertainment was provided by a men's quartet, consisting of James, LeRoy and Vernon Muench and Leander Kempf, and by three of Mrs. King's first grade girls, Karen White, Lynn Kempf and Kathy Baumhardt.

Ray B. Lightfoot, County superintendent, spoke speaking highly of Mrs. King's work as a teacher and mother to her students. In addition to Supt. Lightfoot, brief talks were given by Byron Gessner of the school board, Miss Violet Littlefield and Miss Doris Phipps, county supervising teachers, and Raymond Klug, treasurer of the school board.

Miss Phipps commented briefly how Mrs. King began her career in a one-room "little red school house" where many of the house-keeping chores were part of the teacher's work.

A letter was read from Mary Sanders, Plymouth, a former county supervising teacher, by Mrs. Will King, Adell, a retired teacher. Mrs. King also read a poem "As We Remember Grace," which she had composed.

Gifts were presented by Mrs. Ruth Buchel, representing the Beechwood teacher; Mrs. Rollin

Peter, PTA president, and Ray Klug, school board. In addition it was announced that a bronze plaque and the bell from the old Beechwood school, which Mrs. King had rung so many times, would be placed on the school grounds and dedicated to her next fall.

Mrs. King responded to the many tributes and gifts with a few words. She lauded the cooperation of the parents of pupils, members of the school board and other residents of the district, adding, "This day is not the result of my ability or effort, but it was made possible through the cooperation of everyone."

Mrs. King taught 32 years. She taught for 16 years at Beechwood, ten years of which she was principal. Other schools she taught were Mitchell Jt. 3, Payne; Lima No. 2, Dye Road; Mitchell No. 5, Sunny Hill; Mitchell No. 14, Ideal; Mitchell Jt. 11, Spring Farm.

The former Grace Darling, was born at Neenah and was married to Harold King Oct. 22, 1924.

She attended the Welcome school in the town of Lyndon where she received her elementary education. She spent one year at Waldo High school and then attended Plymouth High school and training school from which she graduated in 1919.

She graduated from Sheboygan County Normal school and took night classes which were sponsored by Oshkosh Normal and the University of Wisconsin-Milwaukee.

Mrs. King is a member of the Sheboygan Teachers' association, Northeastern Wisconsin Education association and St. Michael's Christian Mothers and Altar society, town of Mitchell.

At the time that she started teaching in Beechwood, it was a one-room school. She was principal of the state graded school when it started as such since 1951. There are five teachers on its staff now.

A scrap book was presented to the honoree which was prepared by the president and the committee of the PTA, on "This is Your Life, Grace King." It traced her

history back to the time of birth. It contained not only her life's history in words, but also in song, her school days, marriage philosophy, family, special events in her life, trips and congratulatory letters from home and friends.

During the years of her elementary education, it was approximately six miles to the nearest high school, Waldo. Her father took her to school on Monday morning with a horse and buggy. She worked for her board during the week, then on Friday night her father took her home for the weekends.

She wanted to go to Plymouth High school, since it had a teacher's training course in connection with its regular work. Her parents didn't think this move could be made into a workable plan. Unknown to her parents, who sent her off to her second year of high school at Waldo (they thought), she left Waldo and walked along the railroad tracks to Plymouth where she enrolled in school. She found a place where she could work for her board and still go to school.

She stayed each week until Friday, when she again walked to Waldo to meet her father who had

come to take her home for the weekend.

She was the third oldest of the four girls of the late Mr. and Mrs. Wilford Darling.

Among the guests at the party Wednesday night were the three children of the Harold Kings. They are Harold King Jr., Marinette; Keith, Milwaukee, and Mrs. Ronald (Barbara) Russell, Waukesha.

Mr. and Mrs. King will retire on their farm in the town of Mitchell.

Committee members for the program were: Mrs. Rollin Peter, Mrs. Jerome Schmidt, Mrs. William Burke, Mrs. Ralph Koth and Mrs. Marvin Kempf.

Drain permanent anti-freeze out of your tractor's cooling system, advises Orrin Berge, agricultural engineer at the University of Wisconsin. Anti-freeze is so reasonably priced these days that there is little justification for the risk involved in keeping it in the cooling system more than one winter, he says. Your tractor's cooling system will also operate more efficiently when water is used alone—during the summer months.

### BOOKLET ON WATER TRAILS AVAILABLE TO CANOEISTS

Fishing for bass and northern continues good at Big and Little Cedar, northern and walleyes at Pike lake, bass and bluegills at Friess and Lake Five. An eleven pound northern was caught at Big Cedar on Memorial Day.

A doe deer was killed Memorial Day on Highway 41 about two miles south of Allenton.

Canoeists and float-trippers can now obtain the revised edition of "WISCONSIN WATER TRAILS," the popular Wisconsin Conservation Department booklet describing 48 trips on 36 Wisconsin rivers.

"WATER TRAILS" had been out of print for a number of years, but requests for copies continued to reach the department. Rivers covered in the booklet include the famous Flambeau, Brule, Peshtigo and Namekagon, as well as smaller streams such as the Yellow, Clam, Bear and Totogatic. The Wisconsin, which offers a wide variety of canoeing experiences and scenery in its course from north to south, is broken up into five sections. Lesser known streams, such as the Lemonweir, Kickapoo, Elk and Trout rivers, are also described.

In addition to the rivers, several chains of lakes which offer fine canoe trips are included in "WATER TRAILS." The Manitowish, Eagle - Three Lakes, and Waupaca chains are among them. These are especially popular with canoe parties from youth and scout camps.

Each trip is described in a short text with a map showing campsites, launching points and rapids. Pointers on planning a canoe trip are also included.

Single copies of "WISCONSIN WATER TRAILS" may be obtained free of charge from the Recreational Publicity Section, Wisconsin Conservation Department, Box 450, Madison 53701. Additional copies are for sale at 25 cents each.

### ORGANIZE FARMERS UNION

Last week it was our good fortune to attend the organizational meeting of the Farmers Union in Washington county. We offer our congratulations to Tom Zuern of Hartford, who was elected chairman of the county association.

We have always maintained that there is nothing farmers can't do if they set out to accomplish a particular goal. Given the right leadership and the proper following, they can develop ideas, promote programs, learn as they go along, and do some fine things. Farmers Union is another one of the farm organizations which plans to watch legislation and develop agricultural programs.

Mr. Rohde, state chairman of Farmers Union, was at the meeting and discussed some of the programs and principles of the organization. He also reported on some of the differences between farm organizations. These differences have to exist, said Rohde, because different situations exist in various communities.

### DAIRY MONTH PROGRAM

This is a reminder that the June Dairy Month program is scheduled for June 17. It will be a fine event, and we encourage you to participate. Get your tickets—they are \$2.00 each—and be pre-

pared for a most interesting evening.

### STRAWBERRY PICKING

Soon we will be picking strawberries. There are several locations in the county where you may go to pick your own. This is a fine service, and you find good berries at these places. This is a new idea adopted in the last few years and we think it is a good one.

Now let's think about your own strawberry bed, if you have one at home. Last week some people reported that their berry patch was beginning to dry up, and with the rain we've had this year, they wondered why. This is usually due to an infestation of white grubs. Actually the grubs did the damage last year. Now that the plants are about to bear there is a great pressure put on the roots, and since the roots have been cut off, the plants wither.

Unfortunately there is nothing to do about it at this time of the year. We suggest you plan now to avoid the problem next year by treating the ground with a good soil insecticide if you are setting out strawberries this year.

### RASPBERRIES

Last week several people called in about raspberries. We have said in this column before that raspberries are some of the finest fruit you can raise. They do, of course, require care. They need to be pruned, cut back and fertilized.

The best way we know to con-

trol weeds in raspberries is a mulch, and the best mulch we think of is ground corn cobs. Put it in your raspberry plantation about 4 inches thick and it will smother out the weeds.

Also, it holds the moisture in the ground for the plant to use during the growing season. If a weed should grow up through the mulch, it will pull loose very easily. The other thing we like about ground corn cobs is that by fall they will have completely disintegrated and rotted away, and there will be nothing left.

The yellowing you see on the leaves at the tip of the cane is probably caused by winter injury. On the other hand, if the yellowing is quite complete on all the leaves, then the plant probably has a virus. There is no control for this. About the only thing you can do is abandon it, dig it up, plow it under and start a new plantation with virus-free canes.

### CONTROLLING MOSQUITOES

Questions have been asked about controlling mosquitoes. This is a mosquito-infested country this time of year, and it is a little difficult to know exactly what to do about them. They are nocturnal, flying about at night.

Many cities spray the entire city for mosquitoes, and this seems to be fairly effective. However, in rural areas this is most difficult, because we simply can't spray an area large enough. We think the best thing to do around your home is to keep the grass

cut, don't let the big weeds grow, and probably have screened areas where you can be away from them. You might also try some of the insect repellents; there are a couple good ones on the market.

### GETTING RID OF GOPHERS

Still another question we were asked is what to do about gophers. In the country we would say use poisoned wheat or poisoned oats: drop a few kernels in the gopher hole and you will be surprised how easily you can get rid of them.

In town this is a different situation. If your dog or cat should get hold of a gopher poisoned with these things, it could be lethal to your animal as well. Therefore, we say be very careful in town. Probably the best thing is to try to trap them or drown them out.

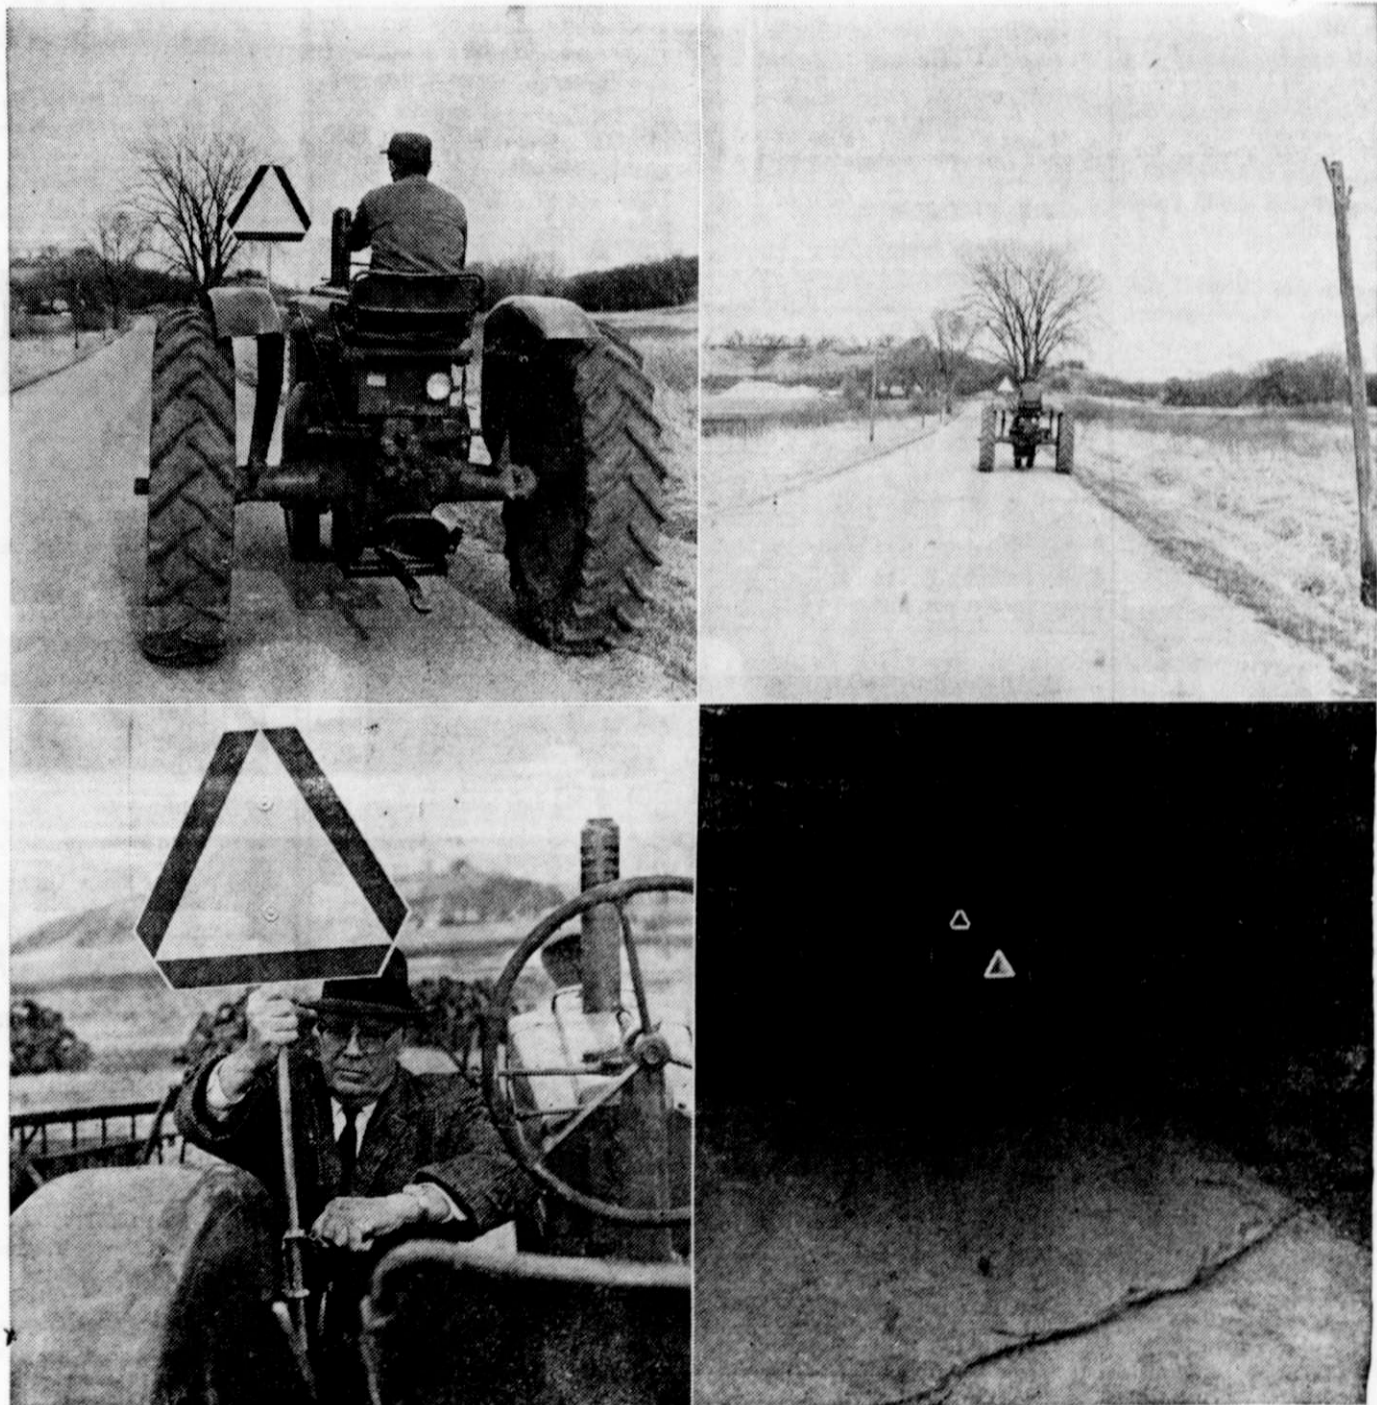

Even with seat belts the driving public is hardly ready for instant brakes. According to the Institute for Safer Living of the American Mutual Liability Insurance Company, a common tendency among motorists is to underestimate the distance in which it takes to stop a car after the driver reacts to a danger signal. Result, many otherwise avoidable collisions.

Joe: "Hey! This match won't light."

Sam: "What's the matter with it?"

Joe: "I don't know. It worked all right a few minutes ago!"

## New Emblem Makes Farm Tractors on Highway More Visible

A new emblem designed to make farm tractors and machinery on the highway more visible to fast-moving traffic is pictured in this series of photos. The top

two show it mounted on a tractor at closeup and distant ranges. During daytime the orange center is most prominent. In the lower left photo, Randal Swanson, farm

safety specialist at the University of Wisconsin College of Agriculture, demonstrates how the emblem is readily installed on a tractor. The lower left picture shows

the device, mounted on a wagon being towed by a tractor, which also has the emblem mounted. The red reflectorized border gives the emblem visibility at night.

### William Dieterich Enters County Race For State Assembly

William H. Dieterich

William H. Dieterich, a life long resident of Washington county and practicing attorney, announced this week that he is a candidate for the office of assemblyman representing Washington county on the Republican ticket.

Dieterich, a lifelong resident of the town of Hartford, graduated from the Hartford grade school and high school, received a B. A. degree from Vanderbilt university and law degree from the University of Wisconsin.

Dieterich participated in football, basketball and track while attending Hartford High school and was a member of the basketball team that represented Hartford in the state tournament in Madison in 1953. During his college education Dieterich held offices in many fraternal, athletic and social organizations. He received two college athletic letters for two athletic events at Vanderbilt university.

Dieterich qualified and participated in the Army Reserve Officers Training Corps for four years while attending university.

Dieterich is an active member of the State Bar and Washington County Bar associations. He is now engaged in general practice of law in Washington county with offices at Pike lake, town of Hartford.

His two years of experience while employed in a Madison law office fully acquainted him in the complex legislative problems confronting the legislature. These problems, and more especially the farm, agricultural, industrial and business problems of the citizens of Washington county require a candidate not only interested in these problems, but one of experience. Because of his experience and interest in these problems now confronting his own county, he submits his name for selection as assemblyman for Washington

county on primary election day, Tuesday, Sept. 8.

#### KEWASKUM 4-H'ERS

The meeting of the Kewaskum 4-H'ers was called to order May 14.

Diann Ramel gave a report on the Key Award luncheon which she attended at Green Bay. Daniel Stoffel gave a report on the bake sale held at the Labor Center.

The Kewaskum 4-H'ers will hold a Bike-o-Rama on Saturday, June 13. The committee in charge is Charles and Kathy Bunkelman, Mike Eggert, Joan Schoofs and Colleen Frank.

This year the 4-H'ers are going to plant flower boxes. The committee is Bonnie Smith, Dawn Martin, Colleen Frank and Joan Schoofs.

There was a discussion on entering a float in the firemen's picnic parade. The project was agreed upon. The committee is Diann Ramel, Colleen Frank, George Martin, Diane Weddig, Dennis Backhaus, Mary Eggert, Joann

Bunkelman and Mary Butzke. The meeting for the committee will be held June 11 at Diann Ramel's home.

Sandy Weddig and Dennis Smith gave their speeches on citizenship at our meeting.

The food committee for the next meeting is Shirley Lecher, Steve Schaefer, Joan Schoofs and Gerald Schoofs. Our next meeting will be June 11.

## Indians Lose In District Tourney Finals

The Kewaskum Indians, baseball co-champions of the Scenic Moraine conference with Germantown, reached the finals of the district tournament at Cedar Grove before being eliminated by Cedar Grove Thursday, when they were edged, 3-2.

In the opening round of the WIAA tournament, Campbell sport beat Random Lake and Cedar Grove bested Howards Grove. Kewaskum then trimmed Campbell sport, 16-6, to reach the finals with Cedar Grove.

It was a tough one for the Indians to lose. An infield error on a 10th inning grounder allowed the winning run to score. Kohler, the losing pitcher for the Indians, allowed 11 hits but struck out 15 Cedar Grove batters.

Cedar Grove, victor over Kewaskum, advanced in tournament competition. They faced Oakfield, Valley Tri-County conference champion, at Cedar Grove Friday and were nipped by the Oaks, 1-0. Oakfield scored an unearned run on an error in the first inning, which stood up as there was no more scoring. The Oaks then advanced to the sectional level of state tournament competition.

## Kewaskum Loses Third Straight To Sheboygan

The Kewaskum Athletics suffered their third defeat in a row in Land o' Lakes league action here Sunday but scored some runs this time in losing to Sheboygan, 10-5. They were shut out in the first two loop games, 1-0 and 2-0.

Sheboygan scored in every inning but the second and eighth in downing Kewaskum and had no problem with the Athletic's pitching, pounding out 14 hits. Eight batters struck out and five reached base on walks. Kewaskum also feasted off of Sheboygan's three pitchers, Moyer, Harju and Wieskopf, garnering 11 safeties. Eight batters whiffed and four got on base on walks.

Sheboygan had a 9-1 lead over the Athletics going into the last of the eighth but Kewaskum scored two runs in each of the eighth and ninth innings to bring their total up to five. The visitors got five extra base hits and Kewaskum three.

The hitting star for Sheboygan was centerfielder Zastrow with four hits in six times at bat, including a double. Beringer collected two hits on five trips, a double and triple, and Ländich and Moyer each got two apiece, the latter's including a two bagger. Slugging Danny Coulter was the only Kewaskum batter with two hits, lashing out a home run and double.

This Sunday Kewaskum has an open date but will play a night game Tuesday at West Bend, a tough assignment. The Lithias have won three straight and hold

a tie for the league lead with Saukville.

No. 7. Ladies' shortest drive—Ann Wertz.

No. 8. Men's shortest drive—Frank Winninghoff.

No. 9. Ladies' longest putt—Mary Neis.

Door prizes were awarded to Jerry Berend and Carl Wertz.

The next social event will be a dress-up two ball foursome on Saturday, June 13. Chairmen for the event, which will include a dinner and dance, are Mr. and Mrs. Paul Winkler, Mr. and Mrs. Harold Mehring, Mr. and Mrs. Ray Keller, and Mr. and Mrs. Richard Boden.

### One Ball Handicap Tourney

This Saturday will be the one ball handicap tournament for men. The committee will try to join two golfers for a team, so that all teams will have about the same handicap. Both golfers will tee off and choose the best ball. Succeeding strokes will alternate between golfers.

### Tuesday Nite Men's League

The rain let up just in time for the Tuesday Nite Men's league competition. Winner of low gross of 40 was Len Carroll. Low net of 31 was shot by Harold Pick (43-12 handicap). Blind bogey winner with 38 net was Clayton Stautz.

## 2nd Annual Kiwanis Pow-Wow Held at Hon-E-Kor

The second annual Kewaskum Kiwanis Pow-Wow was held at Hon-E-Kor Country club on Thursday, May 28, with 66 in attendance. The Kiwanis Club of Kewaskum was host at its second Pow-Wow day for members of Division 7 of the Wisconsin-Upper Michigan district of Kiwanis International.

Honored guests were Frank Vilen, district secretary from Kenosha; Robert W. Schmidt, lieutenant governor for Division 7, from Plymouth, and Julius Fleischman, assistant lieutenant governor, from West Bend. Members and guests were from West Bend, Plymouth, Port Washington, Kiel and

New Holstein. President Bob Schmidt of the Kewaskum club (no relation to Lieutenant Governor Bob Schmidt of Plymouth), welcomed the many guests who helped make this annual affair a huge success. A delicious family style chicken and beef dinner was served. Many wonderful prizes, donated by members, companies of the members, and some outside donations, were won for golf and other events.

Shown in the above photo are officials of the Kewaskum club and honored guests. (Editor's note—The picture was taken in

the evening after a full day of festivities, therefore the merry smiles on the faces). Standing, left to right, behind Big Chief Hoa-Ho-Sowaka, Harry Koch, are Dick Edwards, program chairman; Bob Schmidt, Kewaskum club president; Gene Bohn, club secretary; Robert W. (Bob) Schmidt, Plymouth, lieutenant governor for Division 7 of Wisconsin-Upper Michigan District; Julius Fleischman, West Bend, assistant lieutenant governor of Division 7; Ralph Marx, Kewaskum club treasurer, and Frank Vilen, Kenosha, secretary of the Wisconsin-Upper Michigan District.

Bob Schmidt sez . . .

When the ball goes in the rough, you are not allowed to clear a path or disturb anything living near the ball. In other words, you cannot use the club to cut away high grass, bushes, etc. or bend, break or have someone else hold back the growing object so you can get a better swing. You cut, pull, bend or break these growing objects, you are penalized two strokes in medal play (Tuesday Nite Men's league), or loss of hole in match play. You are allowed to remove loose impediments such as sticks, loose (not imbedded) stones, leaves, worms, mounds left by the worms, other natural objects not fixed or growing unless these objects adhere to the ball. If these objects adhere to the ball, or the ball moves when removing these objects, penalty is two strokes in medal or stroke play, or loss of hole in match play.

Remember—it is just as important to obey the moral rules of etiquette. One such rule which is sure aggravated at our club is the fixing of ball marks on the green. Please, please repair them. If the other irresponsible players have

not repaired them, it will not hurt you to fix these marks for them. I think one rule of etiquette that could be followed on our course would be to let the players from green No. 2 move to tee No. 3 before hitting to green No. 3. There is a dangerous blind spot going up the hill which prevents both parties from proper protection.

### HON-E-KORNER

On May 20, a large attendance was on hand for the first golfing event of the season. Class event for the day was low putts and prizes were awarded to the following:

Class B—Irene Schlefke; Class C—Eileen Perkins and Adeline Tassar; Class D—Joyce Coughlin. Betty Meunier won the event of the day—low on odd holes with 28.

After a delicious luncheon cards were played. Prizes were awarded to: Bridge—1. Mary Schellpfeffer; 2. Audrey Bartelt; 3. Joyce Gruber. Sheephead—Eileen Perkins.

Ladies' day, May 27. Class event, most 6's. Winners follow: Class B—Marie Wieter; Class C—Arlette Edwards; Class D—Joyce Coughlin.

Event of the day, longest drive on No. 5—Winner Marie Wieter.

Bridge winners: 1. Joyce Coughlin; 2. Marge Berge. Sheephead: Eileen Perkins. Samba: Hazel Rempel.

### CARL WERTZ SHOOTS 70 AT SOUTH HILLS

A one-under-par 70 by Carl Wertz of Kewaskum and a par-equalling 71 by Jim Spallas highlighted Memorial Day weekend play at South Hills Country club, Fond du Lac. Wertz also hit a 72.

Happiness makes up in height for what it lacks in length.

## 91 More Catfish Planted in River

The Wisconsin Conservation Department planted 91 more catfish, measuring from 15 to 27 inches in length, in the Milwaukee river in and near Kewaskum on May 28. This was the second time this spring catfish were stocked in the river. Thirty-one catfish were planted in the river on May 14, making a total of 122 in all.

Of the fish planted last Thursday, 78 were stocked in the river across the street from the Homer Schaub home on Riverview dr. and the remaining 13 catfish were planted in the west branch of the Milwaukee river in the area of the Ivan Buss farm.

These fish are planted through the efforts and work of the Kettle Moraine Sportsmen's association of Kewaskum. The monthly meeting of the association will be held next Tuesday evening, June 9, at the Legion clubhouse at 8:15 o'clock. Lunch will be served.

### PEONIES IN FULL BLOOM AT ROSENDALE THIS WEEKEND

This weekend, June 6 and 7, hundreds of varieties of peonies will be in full bloom in the gardens at Rosendale, continuing in full bloom the following week through June 14. With the late flowering types, the gardens should be lovely for visitors to tour through June 21.

There are four interlocking gardens; the first one started in 1923, and the newest ones added in 1951. Varieties include the popular doubles, the newer single and Japanese types, from the oldest introductions found in grandmother's garden to the newest.
