## Thief Takes \$776 in Cash in Daylight House Burglary Here

### Money Stolen From Mrs. Alma Jandre Home on Monday

RESIDENCE IS ENTERED WHILE WOMAN IS BUSY WORKING IN HER GARDEN

In a daring burglary on Monday afternoon a thief obtained \$776 in cash from a Kewaskum widow's residence while the owner of the home was busy working in her garden at the rear of her house. The theft occurred at the home of Mrs. Alma Jandre, 1527 Fond du Lac ave., located across the street from Campbell's restaurant.

Chief of Police Roland Pledl, who was called by Mrs. Jandre, reports that the burglary occurred between the hours of 2:55 and 3:50 p. m. The thief entered the Jandre home by using a key hidden in the garage.

He took \$76 in cash from Mrs. Jandre's purse, which was in the top drawer of a dresser in her bedroom. The thief then went to the room of Barnard Fischer, 72, single, who rooms at the Jandre residence, and stole \$700 in cash which he had in a dresser drawer. The bedrooms were not ransacked and it appeared that the thief knew just where the money was kept. He then returned the key to the hiding place in the garage and left.

In checking the neighborhood for information, Chief Pledl learned that someone also attempted to break into the home of Mrs. Elda Walvoord across the street from the Jandre residence by cutting the screen in the door and unlatching the hooks. No entrance was gained however, and nothing taken. Mrs. Walvoord's address is 1518 Fond du Lac ave.

A neighbor reported seeing a man walk to the rear door of the Jandre home. Finding the door locked he then went to the garage and immediately came back out, unlocked the door and walked in. The man was described as about 35 years old, about 5 feet, 7 inches tall, of stocky build and wearing a white shirt and dark pants.

Evidently the burglary was committed by someone acquainted with the Jandre home and who knew where the money was kept. Local police are investigating.

### WILLARD LYNN'S PURCHASE NEW HOME ON BROOKLANE DR.

Willard and Marge Lynn, owners of the Glacier Inn, have purchased a new home recently completed on Brooklane drive in Roseland Hills, new subdivision on Kewaskum's west side. The sale was transacted by Bill Ruth Real Estate. Mr. and Mrs. Lynn and their two daughters will move into the home at the end of this month from the upper apartment of the Louise Martin building on Main st., next to the Glacier Inn.

Mrs. Margaret Pierce will move from the rear apartment of the Bill Ruth building on Main st. in back of the bakery into the apartment to be vacated by the Lynn family above Homer's Barber Shop.

## Two Kewaskum Girls Candidates For Rodeo Queen

JUDGES TO SELECT QUEEN FOR EVENT AT LOMIRA ON SATURDAY; 4 SEEK TITLE

Chief Norbert Schultz of the Brownsville fire company announced this week that the RCA Rodeo Queen judging finals will be held at Brownsville Saturday night, Aug. 22, at 8 p. m.

Four contestants, each representing one of the co-sponsoring organizations, will compete for the honor of ruling over the annual RCA Rodeo which will be held Sept. 12 and 13 at the Nolan Auction Market, junction of Hwys. 41 and 49, two miles north of Lomira.

Rodeo Queen candidates and their sponsoring organizations are: Nancy Cook of Brownsville, Brownsville firemen; Vernetta Wilke of Kewaskum, Eden firemen; "Cookie" Baier of Lomira, Lomira firemen, and Beverly Kuehl, Kewaskum, Lomira Lions club.

A Rodeo Queen dance, sponsored by the Brownsville firemen, will be staged at the fire station there following the judging.

Chief Schultz said that some of the new bleacher seats at the rodeo arena will be taken to Brownsville for the queen judging event to provide adequate seating arrangements for spectators.

## West Bend Man Hurt In Motorcycle Crash

Lloyd Yaggie, 22, of R. 2, West Bend, suffered lacerations to his face, a dislocated right shoulder and cracked knee cap in a motorcycle accident on First st. which occurred at 2:45 a. m. Saturday. The cycle was owned and operated by James O. Miller, also of R. 2, West Bend. Yaggie was mounting the cycle at the rear of the Marx Foodliner parking lot while the motor was running and accidentally stepped on the clutch. The machine darted forward, striking the northeast corner of the H. J. Lay Lumber Co. building and overturned in the center of First st. The fenders and frame of the motorcycle were damaged. Yaggie was removed to St. Joseph's Community hospital, West Bend.

Two dairy heifers were injured at 8:45 p. m. Saturday when a herd of them wandered onto County Trunk DD, two miles north of New Fane, and into the path of their owner's station wagon. Lester Stern, R. 2, Campbellsport, told the investigating officer that he didn't come upon the animals eight of them in all, until it was too late.

## Fire Destroys Barn North of Village Tuesday

CAR, RABBITS ALSO LOST IN BLAZE ON HWY. 45 FARM; LOCAL FIREMEN CALLED

A large barn on the Ray Hellsell place, better known as the former Koepke farm on Hwy. 45 about 2½ miles north of Kewaskum, was destroyed by fire late Tuesday afternoon. The Kewaskum fire department was called to the scene at 5:20 p. m.

The fire was discovered by a neighbor, who saw smoke pouring out of the old barn. During the time he called the fire department the entire structure burst into flames with almost explosive force. When firemen arrived the roof had already burned off and the entire structure was enveloped in flames.

With the barn already doomed, the firemen confined their efforts to watering down and cooling the nearby home, preventing it from catching fire, and also saved a shed next to the barn which had also caught fire on the side nearest the barn.

The barn was empty and burned furiously. Also lost in the blaze were 14 pet rabbits kept in the basement and an older model automobile which was parked in front of the barn and could not be removed by members of the family because of the intense heat.

Firemen remained at the scene almost three hours protecting the other buildings, watching the fire to keep it from spreading, and pushing down remaining timbers. Cause of the blaze is not definitely known but it may have resulted from electric wiring running through the barn and shed into the home. The wiring was quite old.

The fire sent up billowing clouds of black smoke which could be seen from the local fire station as the equipment pulled out. Mr. and Mrs. Hellsell and family have occupied the home on the farm for about three years. Hellsell said that he had intended to tear down the barn.

### Answer Car Fire Call

The local firemen answered another call at 9:10 p. m. Wednesday when a car started to burn on Hwy. 45 about a mile south of Kewaskum near the junction with CTH H. The auto was driven by Tom Boettcher of R. 3, West Bend, who reported that the blaze started in the brake lining. Boettcher ran for water from a neighbor and had the fire pretty well under control. Firemen threw water on a tire, which was flat, the brake drum and bottom rear of the car, which were very hot. There was no further damage.

### KEWASKUM HIGH SCHOOL ANNUALS HAVE ARRIVED

The high school annuals have arrived and students can pick them up on Monday, Aug. 24, and Tuesday, Aug. 25, from 1 to 4 p. m. at the school. The balance of \$3.25 is due in addition to the \$1.00 deposit paid during the last school term.

The person who has everything should be quarantined.

### Wally's Mobil Service Moves To New Station

Wally's Mobil Service & Bike Shop last Saturday moved from the Lee Honeck building on South Fond du Lac ave. into the former Sinclair service station a half block north and across the street from his former location. The station is operated by Wally Cudnoskoske.

Wally's Mobil will continue to handle Mobil oil, gasoline and products and he will also continue his bicycle sales and service shop at the new location. In addition Wally has taken on the agency for Rockford scooter motorcycles.

The station has been newly painted inside and out in attractive Mobil colors. Formerly leased by the Sinclair Oil Co. for the past ten years, the station and property has now been purchased by Cudnoskoske from Dr. Ken Lloyd of Ohio, formerly of Kewaskum, who was still the owner up to this time.

Watch for announcement of a grand opening at the station in the very near future.

## Farm Accident Proves Fatal to Roger Tuttle, 14

A 14-year-old youth who was to start Campbellsport High school this coming term, Roger Tuttle, son of Mr. and Mrs. Francis Tuttle, R. 2, Campbellsport, was fatally injured in a farm accident at 3:20 p. m. Sunday.

Roger had been at the Arnold Knoelke farm in the town of Mitchell, three miles north of Beechwood. He had been with Knoelke, his uncle, and the latter was driving a tractor which was pulling a chopper wagon. Roger was riding on the draw bar between the two units. Knoelke was driving on County Trunk A and was about to make a turn off the roadway to the farm driveway when the youth either jumped or lost his balance. The chopper wagon passed over him. Authorities said he died soon after.

Roger was born Aug. 14, 1950, at West Bend and had celebrated his 14th birthday Friday. He completed his elementary education at the Campbellsport school in June.

In addition to his parents, he is survived by a grandmother, Mrs. Henrietta Vorpahl of R. 2, Campbellsport.

Funeral services were held at Trinity Lutheran church in Dundee on Wednesday, Aug. 19, at 2 p. m. The Rev. Alvin Schultz officiated and burial was in the church cemetery. Friends called at the Twohig Funeral home, Campbellsport, after 3 p. m. Tuesday and at the church from noon until the time of the service Wednesday.

## Announce Results Of ASC Committee Elections in County

Results of the election of ASC community committeemen for Washington county were announced this week by George F. Nehrbass, chairman, Agricultural Stabilization and Conservation County committee. The elections were held by mail from July 24 through Aug. 7 and ballots were tabulated publicly by the incumbent ASC county committee on Aug. 12 at the ASCS office.

Farmers elected to the committees in townships in this area of the county include: Farmington — Chairman, Greg-

cry J. Theusch; vice-chairman, Lee Fickler; member, Merlin W. Degnitz; 1st alternate, Edward J. Redig; 2nd alternate Fred Belger.

Kewaskum—Chairman, Allen K. Reindl; vice-chairman, Arnold S. Amerling; member, Lloyd C. Schmidt; 1st alternate, Allen Schoofs; 2nd alternate, Leroy H. Becker.

Wayne—Chairman, Arthur Terlinden; vice-chairman, John F. Schuppel, Jr.; member, Harold Westerman; 1st alternate, Edwin Amerling; 2nd alternate, Harry H. Oelhafen.

Barton — Chairman, Edward Marx; vice-chairman, Arthur R. Breit; member, Roman L. Otten; 1st alternate, Raymond H. Justman; 2nd alternate, Wyman Gessner.

The ASC community committee chairman, vice-chairman and regular member automatically become the delegate, alternate delegate and second alternate delegate, respectively, to the county convention where the ASC county committee is elected. The county convention was held at the Washington ASCS county office, 3rd floor, old court house, West Bend, on Aug. 20 at 8 p. m.

The ASC county and community farmer-committees are in charge of local administration of such national farm programs as the ag-

ricultural conservation program, the feed grain program, the national wool program, the conservation reserve program, acreage allotments and marketing quotas, commodity loans and storage facility loans.

Wisconsin's "point system" for grading performance of drivers begins its ninth year of operation this week, the motor vehicle department reports. Court convictions are assigned various demerit point values. When a driver's points build up to a total of 12 in a 12-month period, he faces loss of his license for a month or longer, depending on seriousness of his record.

### School Buses, Gas Trucks Must Stop at Railroad Crossings

J. C. Black, superintendent of the Milwaukee office of the Chicago and North Western Railway company, has sent out a bulletin to station agents and employees of the railroad requesting them to report any school buses, gasoline and propane trucks who violate the law by not coming to a complete stop at all railroad crossings. The bulletin, a copy of which was sent to the local station agent, reads as follows:

It will not be long before our schools will be opening and there will be many school buses operating over our tracks at grade crossings throughout the division. We certainly do not want a train-school bus accident on this division.

To eliminate such an accident before it can happen it would be helpful if all employees would pay close attention to school buses crossing our tracks at grade which do not come to a complete stop, whether there is a train in the vicinity or not, before crossing and report or wire to this office such buses. We should also include all gasoline and propane trucks, giving the time, date and place, name of crossing and any identification that may be on the truck or bus, if possible, so that we can properly identify the truck or bus to the owner and

### Kohlsville Youths To Hold Horse Show

On Sunday afternoon, Aug. 23, at 2:00 p. m. the Sunday school children and youth of St. John's United Church of Christ, Kohlsville, will hold their annual trophy award horse show for the public. The young people (third graders thru high school) will present a varied program of English horsemanship including low hurdles. The show will be held at Havenwood Stable on County Trunk D immediately east of Kohlsville.

Top trophies to be awarded are: outstanding rider traveling trophy, advanced three-gaited and hunter, intermediate three-gaited and beginner's walk-trot.

The two-nights-a-week summer riding school of St. John's is conducted by lay men and women who volunteer their services weekly. The young people learn much about posture, discipline and thoughtfulness as they master their mounts. The annual show climaxes the seasonal period of learning.

**APPOINT KOUGLS AMWAY PRODUCTS DISTRIBUTORS**

The Amway Sales Corporation announced the appointment of Bob and Kathy Kougl of R. 2, Kewaskum, as distributors of Amway products. Mr. and Mrs. Kougl will distribute the complete line of Amway home-care merchandise, including an all-purpose liquid organic cleaning concentrate which will not contribute to detergent pollution of water supplies since it is completely biodegradable in ordinary sewage disposal and septic tank systems.

Amway products are sold by over 30,000 independent home care consultants throughout the United States and Canada. The Amway home office and manufacturing plant is in Ada, Mich.

**Weber, Democratic Congress Candidate, Campaigns in County**

On Friday, Aug. 14, Edward K. Weber, 6th District Democratic Congressional candidate, spent the day campaigning in Washington county. Accompanied by his many Democrat supporters, candidate Weber shook hands and introduced himself to the voters of Hartford from 11 a. m. to 1 p. m.

Leaving the Hartford business district, he traveled to West Bend and at 2 p. m. was the guest of Mrs. Robert Hoeft, who held a coffee at her home, 615 Jackson, West Bend. About 20 women attended this informal function. After becoming acquainted with the candidate, they engaged in a lively discussion with him. The women expressed their fear of the extremist position of the Republican national ticket. Candidate Weber reassured them that the Democratic party would reject extremism. They are sure to reject the "retreat to the past" which Goldwaterism offers. "America must move forward, and to do this it must have forward-looking leaders," Weber said.

At 3 p. m. candidate Weber, an Oshkosh public relations director, then attended another coffee hour at the home of Mrs. Allen Kohl, also of West Bend. Candidate Weber, addressing the women, stated that "the lack of Congressional leadership of which Van Pelt is an example, allows the Conservative and 'do nothing' philosophy to grow in America."

Candidate Weber at 8 p. m. attended a third coffee at the home of Mr. and Mrs. Eugene Reese, West Bend. Together with Mr. Reese—the Washington county chairman of the "Weber for Con-

gress" committee — and other members of the committee, candidate Weber discussed pertinent issues. They also planned for further visits to Washington county.

**REUNION HELD TO HONOR MRS. MINNIE BACKHAUS**

Many relatives gathered for a reunion at the home of Mr. and Mrs. Albert Stange and son David at their farm home north of Batavia last Sunday in honor of Mrs. Minnie Backhaus, mother of Mrs. Stange, who has been bedridden for almost two years. Mrs. Backhaus and the Stange family formerly resided on a farm in the town of Kewaskum east of the village.

Relatives from California, Minnesota, Illinois and parts of Wisconsin came to honor Mrs. Backhaus, the only surviving member of her family. A pot luck dinner and supper were served and games were enjoyed by both young and old.

**FARMINGTON SCHOOLS TO OPEN NEXT FRIDAY, AUG. 28**

The Farmington schools, Boltonville, Fillmore and Orchard Grove, will open Friday, Aug. 28. On that day there will be school in the morning only. Parents are urged to have children watch for the buses.

**RECEPTIONS FOR VAN PELT TO BE HELD IN AREA AUG. 22**

A series of informal receptions will be held in the West Bend area for Congressman William K. Van Pelt on Saturday, Aug. 22.

The congressman will be the guest of honor at receptions given for him by Mr. and Mrs. Robert Claus of West Bend, Mr. and Mrs. Harold Ziegler of the town of Trenton, Mr. and Mrs. Harold Emch of the town of Farmington and the Citizens Committee for Van Pelt of the town of Barton.

Anyone who wishes to meet the congressman is cordially invited to attend the one o'clock reception at the Claus home at 911 Green Tree road in West Bend.

**Our Police Chief Says**

State law 346.45 requires that all school buses, gasoline and propane trucks must come to a complete stop before crossing railroad tracks. This law will be enforced and motorists should be on the lookout for these trucks to avoid a rear end collision while trucks are stopping.

You are only young once, but you can stay immature indefinitely.

It's a lot easier to be critical than to be correct.

## County Agent News Notes

By MAURICE J. HOVLAND  
Washington County Agent

### BOOTH AT STATE FAIR

The extension office has a booth at State Fair this year, featuring testing of dairy cattle, but emphasizing a different reason for testing. When one wants to sell a dairy cow it seems the price that can be expected for this animal is better if the records are reasonably good, than if there are no records at all.

Ernie Kueffner helped us analyze records he has on the many sales he has conducted since he has been in business with Fullpail Sales in Hartford. We found that the cows sold through the sales barn that had records accompanying them had sold for an average of \$470. The animals that had been sold without records averaged about \$260.

Does this kind of information mean we will have a mass migration on the part of dairymen to the testing association? Probably not, but we think it would be a good idea. Certainly there is no better way to know and understand your business than with these dairy records.

If you have the chance to go to State Fair, why not stop at the farm crops building to see this booth before it is taken out Sunday, Aug. 23?

### DON'T CUT HAY IN SEPTEMBER

Don't cut your hay in Septem-

ber. We told you this a couple weeks ago and it still holds. It is very important, and we think it is something you should adhere to very carefully.

### BOYS AND GIRLS AT FAIR

We are very happy about the boys and girls from Washington county who have been participating at State Fair. They have distinguished themselves by being the kind of representatives of whom Washington county can be proud.

They had 23 head of dairy cattle, and a great many other entries in the junior division. This indicates fine work on the part of these boys and girls.

Sharyn Cypher, daughter of Mr. and Mrs. Paul Cypher of West Bend, had made several sheaves for showing at the county fair, and did quite well with them. We suggested that she take them to State Fair, and you would be surprised at the blue ribbons she won.

We would like to see more people entering State Fair in years ahead, because it is a nice experience.

### DON'T FERTILIZE LAWNS

From now until next spring, no one should use a fertilizer on their lawn, or any plantings around their home, which contains nitrogen. The fertilizer formula consists of three numbers: the first number is nitrogen, the second is phosphorus, and the third is potash. Fertilize as heavily as you wish with the phosphorus and potash, but don't apply nitrogen

until next spring. The reason for this is that fertilizing with nitrogen can be the cause of bad winter injury. It gets the plant growing too rapidly, and if we have an early frost the plant will not harden off before winter.

### USE CARE MOVING PLANTS

Another reminder is to be careful when you move plants. Perennials should not be moved when they are growing, but rather when they are completely dormant. There are exceptions to this rule, of course, but for the most part move the plant after it has gone dormant in the fall, or before it begins to grow in the spring.

Also remember that the best time to prune is in the late fall and early spring. One reason for pruning at that time is that you will be able to see what you are doing.

### READY HOMES FOR WINTER

Homeowners, now is the time to get busy and check over your home to make it ready for winter. Within a month or six weeks we can have chilly weather and once it arrives, none of us wants to be outdoors putting windows or fixing doors. So let's get busy now

and do this when it is convenient. Any source of cold air that you can cut off from your house next winter will be advantageous both comfort-wise and economically speaking. This means filling concrete walls wherever necessary. Replace rotted sills with good lumber, fix windows that are in bad shape, putty cracks between windows and window frames. A little precaution now can mean a

lot in terms of saving fuel next winter.

If mosquitoes are a problem at your home, the first thing to do is find and destroy their breeding places. Additional control measures consist of killing the larvae and adults with an insecticide, says Ellsworth Fisher, University of Wisconsin insect control specialist.

## Cranberry Barbecue

Baste grilled meats and chicken with cranberry juice glazes and marinades. They'll look great — taste terrific!

An outdoor barbecue, with crispy chicken and munchy spareribs sizzling on the grill, can be something really special in taste and eye appeal when served with special cranberry juice barbecue sauces. Cranberry juice cocktail — with

its tart-sweet flavor—makes an excellent base for sauces with condiments and herbs added. Cranberries go with practically every food you place on your table. They add that piquant flavor that gives a satisfying accent to food.

### Cranberry Orientale Barbecue Sauce (makes 2 cups)

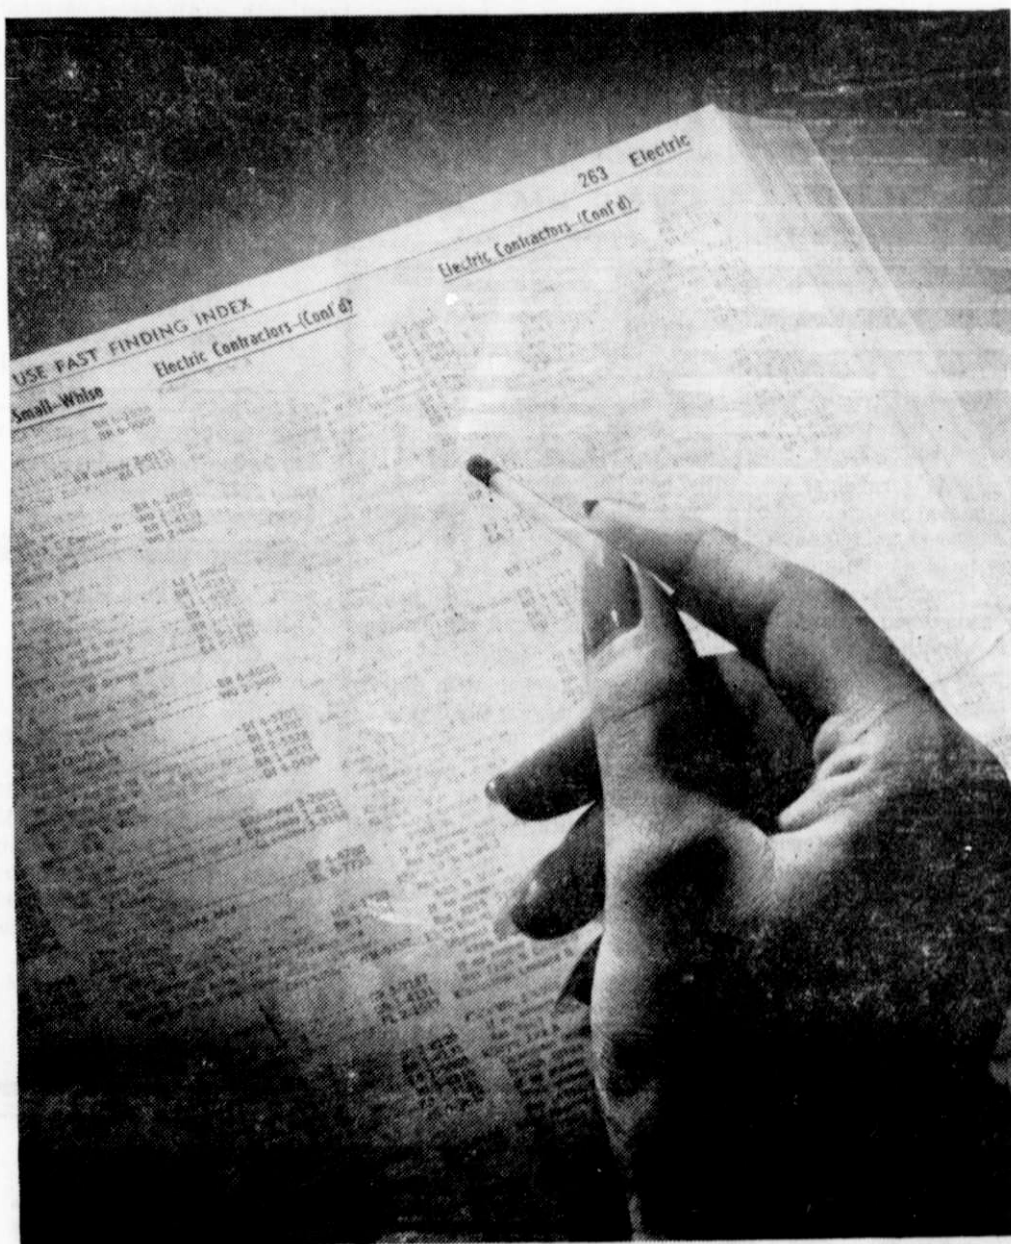

- |  |                                      |
|--|--------------------------------------|
| 1 cup Ocean Spray cranberry juice cocktail | 2 tsp. dry mustard                   |
| 1/2 cup soy sauce                          | 3 cloves garlic, very finely chopped |
| 1/2 cup honey                              |                                      |

Combine all ingredients and stir until well blended. Use as a basting sauce for barbecued chicken or spareribs.

### Gingered Spareribs (4-6 servings)

- |  |  |
|--|--|
| 1/4 cup soy sauce                                | 1 tsp. salt                                      |
| 2 tbs. chopped, preserved or crystallized ginger | 1 cup Ocean Spray cranberry juice cocktail       |
| 2 scallions, cut in 2" lengths                   | 2 1/2 lbs. lean spareribs, cut in serving pieces |
| 2 cloves garlic, slightly crushed                | 1/2 cup water                                    |

Combine soy sauce, ginger, scallions, garlic, salt and cranberry juice. Pour over spareribs arranged in shallow baking pan. Let stand for 2 hours, turning ribs occasionally. Then add water and bake in moderate oven (350°F) for 1 1/2 hours or until ribs are tender and browned. Turn ribs occasionally during baking.

### Tribute to Cong. Van Pelt Slated for Aug. 26 in Town of Barton

Residents of the town of Barton have completed plans for a "Tribute to Congressman Van Pelt" to be held on Wednesday, Aug. 26, at 8:00 p. m. The event will be held at Rhyner's barn (formerly the Benike place) on the old Beaver Dam road in the town of Barton. Joseph Rossman, Barton town chairman, will welcome the Congressman to Washington county. James Kannal will give a "Tribute to Van Pelt."

Van Pelt will speak to residents of the town of Barton and their guests on latest developments regarding the proposed "ice age national scientific reserve bill," which he successfully blocked for the benefit of the people of the sixth district. A social hour is planned after the program.

In a statement issued to Washington county newspapers and radio stations, James Kannal, spokesman for the group sponsoring the Tribute, stated "the people in the town of Barton are grateful to Congressman Van Pelt for his help in preventing the passage of H. R. Bill 1096. Early in January 1964, the residents of rural Washington county turned to him for help in preventing the passage of this bill, which would result in higher taxes, because of the removal of private lands from the public tax rolls. Had Van Pelt not objected to the bill, the measure could have passed without debate or consideration."

According to Kannal, "H. R. Bill 1096 is an experimental proposal, and the first such project in the nation. The federal park service and the department of interior found that the Kettle Moraine area did not qualify as a national park. They did agree however, to the formation of an ice age national science reserve. The administration for such a reserve would be under the state, but because of federal contributions, standards of maintenance would have to be met. Failure to comply would terminate funds." Kannal used as an example the Bong Air Force Base project.

Kannal indicated, "the people of the town of Barton resent the techniques used by the federal government in acquiring land, such as: life estates, scenic easements, right of first refusal, non-condemnation certificates, because these ideas and methods are nothing but a gimmick to gain control of expensive developed land without having to pay the owners for it." He further stated, "we realize that the position which has been taken by our Congressman does not prevent the final passage of the bill, but we are confident that he will continue to stand his ground, and we appreciate this."

### Looking Thru the Field Glasses...

By Bob Lake, Conservation Warden, Washington County

#### STATE HAS 503 CAMP GROUNDS, 19,000 UNITS

Fishing pressure in Washington county very light. Fishing poor, as the weather turns cooler it should pick up.

A doe deer was killed by a vehicle Saturday night on a town road west of CTH (Y) a short distance north of Newburg.

During 1963, 20 water skiing accidents occurred, according to a report from Madison. Two of the accidents were fatal.

Licenses for both resident and out-of-state hunters were first required in Wisconsin in 1897, the same year a two bag limit was established.

Nearly half of the 503 campgrounds in Wisconsin are under private ownership, according to the Wisconsin Conservation Department.

Private owners operate 210 sites, counties 117, the federal government 44, state 71, cities 38 and towns 23.

Nearly 19,000 units are available. Campgrounds range in size from Devil's lake with 600 units down to Wildcat island with only one. Largest private campground can accommodate 500 tents.

The directory listing locations, fees and the units and facilities available, may be ordered from Vacation and Travel Service, Wisconsin Conservation Department, Box 450, Madison, Wis., 53701.

#### Announce Hunting Season Dates

Many of you are now making plans for a fall vacation and would like to get the dates of the various hunting seasons. All the information is not available, but we will give you what we have. Waterfowl seasons are set later, after we have received the framework from the federal government.

Basically, Wisconsin will have a nine-day deer season for bucks only from Nov. 21 - Nov. 29. In addition to this, several thousand either sex permits will be available in several areas.

A two-day either sex season on Nov. 21-22 will be followed by seven days of buck hunting in the Mississippi River zone.

There will be only a three-day season, Nov. 21-23, for deer of either sex in the southern zone. The season on the Apostle Islands for either sex deer is Oct. 15 - Nov. 29.

ruffed grouse, Nov. 17 in the north Saturday, Sept. 26, as does sharp-tailed grouse in the north; and squirrels in the western portion of the state.

Pheasant season opens statewide on Saturday, Oct. 17, as does rabbits in the south; squirrels and Hungarian partridge in the eastern part of the state.

There will be no open season on quail.

#### Closing dates are as follows:

Sharptailed grouse, Oct. 11; ruffed grouse, Nov. 17 in the north and Dec. 15 in the south; pheasants and Hungarian partridge, Nov. 22, and rabbits and squirrels, Jan. 31.

#### Duck Blind Restrictions

We are getting numerous requests for information on when a duck blind can be built.

There are no restrictions on when you can build a blind. It should be remembered, however, that if the blind is built on navigable water, it must be removed soon after the season closes, so that no part of the blind interferes with navigation or becomes debris on the shore or in the water.

Also, a blind can not be used for hunting if it is located in open water. Blinds are sometimes built in late summer or early fall when weeds are present, but by the duck season an early frost has eliminated the weeds and it is then illegal to hunt from the blind.

There must be enough natural growth of vegetation to offer some concealment to the hunter or it is unlawful to hunt waterfowl from such a location.

#### BEECHWOOD TOWN & COUNTRY 4-H CLUB

The meeting of the Beechwood Town and Country 4-H club was held Aug. 3 at the Beechwood school.

The window display committee gave their report. Jayne Loos and Mary Rose gave a demonstration on sandwich filling. Douglas Rinzel gave a demonstration on tools.

Three talks were given by Beth Bales on "Table Courtesies," Leroy Reysen on "Electricity" and Tom Benzschowell on "Tools."

Refreshments were served by Mary Rose and delicious sandwiches made by the 4-H girls were eaten.

## Wertz Repeats As South Hills Golf Champion

**KEWASKUM GOLFER BEATS MIKE ST. PETER IN FINALS SUNDAY FOR THIRD CROWN**

Carl Wertz of Kewaskum continues to hold his monopoly in the Fond du Lac South Hills Country club tournament. Last Sunday he won his third club championship trophy in five years, dumping contender Mike St. Peter, 4-3, in the finals.

Wertz, who is the defending champion, won his first club title in 1959 at South Hills. Then for two years he did not defend his title and gave way to Rob Edgerton. He came back in 1963 to take the trophy and this year made it two times in succession.

Shooting a pair of 72's in both morning and afternoon 18-hole rounds, Wertz ended the title match in the championship flight in the fifteenth hole when he was four up on St. Peter.

On Saturday the champ gained the finals by eliminating George St. Peter, 1-up in the semi-final rounds. Earlier in opening round action the week before, Wertz beat Dr. Jack Charles 4-3 and Don Castle 2-1. St. Peter reached the finals by upsetting Rob Edgerton in a first round match, then winning a one up verdict over Nate Manis to advance to Saturday's semi-finals, in which he beat John Ahern. The championship match began at 8:30 a. m. Sunday.

Tommy Puls is the only other golfer to win the South Hills championship three times.

Wertz is also club champion of the Hon-E-Kor Country club of Kewaskum for the past two years (since it opened) and has won his first two rounds in the 1964 tournament now in progress in seeking his third straight title.

## Larsen in State Open Tournament

Tom Larsen, pro at Hon-E-Kor Country club, was among the more than 200 golfers who competed in the 72 hole 43rd state open tournament this week at Tripoli course in Milwaukee.

In his first 18-hole round on Monday Tom was dogged by hard luck and was plagued with "tree trouble," his ball striking trees

or limbs on several drives. As a result he finished with a 94, far from his usual low average of around par. On the second round Tuesday Tom improved his score by 13 strokes with an 81 but then dropped out of the tournament. Several spectators from Kewaskum followed him around the course Monday.

The tournament continued through Thursday. Steve Bull, Tripoli, 67-72-67, and Tom Veech, North Hills, 67-69-70, were tied for first place with 206 scores after 54 holes on Wednesday.

## Lakes Team Wins Fourth Straight To Close Season

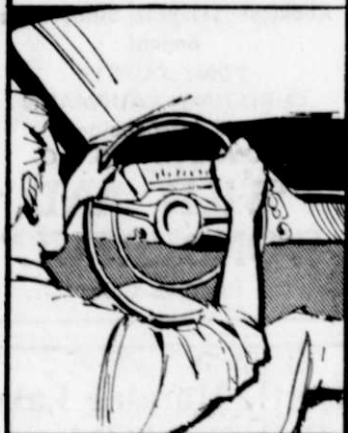

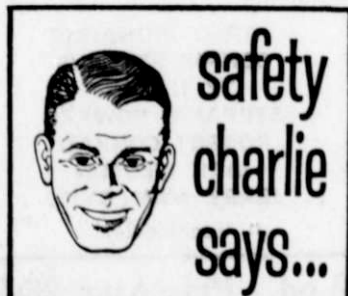

The Kewaskum Lakes team, which only a few weeks ago held a miserable 1-9 record, finished the season a real powerhouse and with a blaze of glory in winning their last four games in a row to end up with a respectable 5-9 record, good for sixth place. Their string included upset wins over both of the top teams, West Bend and Grafton. In the final game against Barton at West Bend last Sunday they blasted out a 10-7 victory.

In the slugging bee with Barton, Kewaskum collected 9 hits and the losers 7. Manager Fred Bruhn paced the winners with three hits, all singles, and batted in five runs. Heise and Don Theusch each added two safeties. Krueger was the big gun for Barton, banging out three hits, including a home run.

Al Koepke performed the mound chores for Kewaskum. He struck out 10 batters and walked five. Fischer was the losing twirler, whiffing 9 batters and passing 8.

Kewaskum scored in 7 of the 9 innings as they kept pecking away at Fischer. Barton pushed over a run in the second inning on Krueger's round tripper and scored all of the rest, 6 of them, in a big third frame in which 11 men came to bat. Their runs came on 3 hits, 4 walks and 2 errors.

This ends the 1964 season for Kewaskum, which has all of their games played. The team will play one more contest, however, and that is with the old timers on Sunday afternoon, Aug. 30.

Drive with both hands firmly grasping the driving wheel. This prepares you for whatever quick action is required. One-handed drivers or "finger-tip" drivers cannot adequately handle an emergency that requires split-second swerving of the car out of danger or holding the car to the road. Don't relax at the wheel. Driving is serious business.
