## Kiwanis Club Presented With State And National Awards at Convention

### National Honor 1st Given to Any Club in District Since 1947

#### KEWASKUM CLUB AWARDED PLAQUES FOR COMPLETING 26 COMMUNITY PROJECTS

Kiwanis Club of Kewaskum was represented at the Wisconsin-Upper Michigan District of Kiwanis International at the annual convention at La Crosse, Wis. on Aug. 16, 17 and 18 by Robert Schmidt, club president; Albert Hron, vice-president, and Eugene Bohn, secretary.

The Kewaskum club was presented with a plaque honoring them as the winner in the White Section (clubs under 30 members) on the state level for their achievements in 1963 in community projects. Previously, the club was honored at the Los Angeles National Convention of Kiwanis International by being awarded a beautiful plaque as the third honorable mention winner in the White Section for their 1963 club achievements. This was a national award and was the first national honor award received by any club in the Wisconsin-Upper Michigan District since Ripon received an award in 1947, the year that the Kewaskum club was formed.

Kewaskum was not present at the Los Angeles convention to receive the award personally, but the plaque was re-presented to them at the La Crosse convention by Cord Wells, 1964 Wisconsin-Upper Michigan District Governor. Mr. Wells said, "I have been to many national conventions of Kiwanis International and wondered when a Wisconsin-Upper Michigan club would be honored to be called up to receive a national award, and I was deeply proud to be in attendance at the 1964 convention when finally a Wisconsin-Upper Michigan club, the Kiwanis Club of Kewaskum, was called to receive this national award."

Many wonderful community projects are completed by all the clubs, so it is no easy matter to receive such an award. The Kiwanis Club of Kewaskum is deeply honored to receive these distinguished awards. In Kiwanis, the motto is "We Build," build comradeship in business, build community, build the stature of the children. Yes, the Kewaskum club in its 17 years of community service has accomplished much such as:

1. Contributed over \$5,000 plus own labor to set up two excellent tennis courts on the high school grounds.
2. Provided sandy beach and other facilities in the Village Park for swimming. Purchased pier and other beach equipment.
3. Purchased several pieces of playground equipment for use in park.
4. Sponsored Boy Scouts throughout the years.
5. Present two \$200 scholarships for students interested in the teaching profession — each year.
6. Handicapped person has been sent to Camp Wau-Beek annually.

## 25 Years Ago

Aug. 25, 1939

What would have been the biggest event ever held in Kewaskum, the firemen's picnic and celebration Sunday, Aug. 20, was washed out by rain lasting nearly all afternoon and evening. The rain came right after the parade was held. Streets were jammed with so many people the parade had difficulty in passing. An estimated more than 8,000 persons witnessed the parade, the biggest ever held here. The parade featured Heinie and His Grenadiers of WTMJ, Port Bugle Corps, Kewaskum band, 30 floats and many other units and was a mile long. Frank Heppie was in charge of the parade, led by Dr. F. E. Nolting as mounted grand marshal. It was a marvelous parade with exceptional floats and even Heinie said it was the finest he had ever seen. It rained an hour, then the sun came out and about 6,000 people who had been waiting under cover and in their cars jammed the park. But it rained again and continued until evening. Heinie's Grenadiers played only a couple of selections before the rain and their scheduled outdoor concert and outdoor dance in the evening was moved to the opera house, where 900 persons attended the dance. Stands under cover continued to operate and many people stayed in the park, although a large number got soaked. In the evening the bingo stand, another amusement stand and the refreshments were moved to the Wm. Schaefer garage across from the opera house and did a good business. Because of the rain the firemen will hold a community picnic Sept. 3. Over \$230 in prizes were given.

Mrs. Margaret Botzkovis of the town of Kewaskum and her sister, Miss Janet Opgenorth of Chicago, left for Steilacoon, Wash. where they will live with their sister, Miss Olive Opgenorth. Mr. and Mrs. Lawrence Corbett of New Fane, who formerly operated a tavern there, moved to Milwaukee. Their daughter Maebelle moved to this village.

### 50 YEARS AGO

Aug. 22, 1914

The community was shocked to learn of the sudden death of Elmer Strobel, 12, son of the Andrew Strobel of St. Kilian. Death resulted from heart failure following an operation on the youth's nose.

The alumni of Kewaskum High school met and elected the following officers: President, Arthur Schaefer; secretary, Martha Staater; treasurer, Fred Buss; arrangement committee, Elwyn Romaine, Theodore Schmidt, Ed. Guth, Lauretta Schmidt, Edna Guth and Edna Groeschel.

### 69 YEARS AGO

1895

Farmers throughout the country surrounding Kewaskum always find a market here for their produce, be it said to the credit of our merchants. For instance the L. Rosenheimer store receive potatoes even though it becomes necessary to ship them to St. Louis for a market. Kewaskum is the banner marketing place for miles around, and our freight receipts and shipments exceed those of any other town in the county.

This is leap year and we hope some of our young ladies will not be so backward about embracing the opportunity thereof as some of our young men during the past year.

The nice thing about living in a small town is you can get a wrong number on the telephone and still chat with a friend for an hour.

**Local Trailerists Attend Huge Rally At Princeton, N. J.**

Mr. and Mrs. C. Ernest Mitchell, 121 Prospect ave., Kewaskum, were among the approximately 2,015 travel trailer families attending the Seventh International Rally of the Wally Byam Caravan club at Princeton, N. J. June 29 to July 5.

Mr. and Mrs. Mitchell were accompanied by their two children, Patricia, 16, and Pamela, 12. Mr. Mitchell is a school teacher for the board of education in Kewaskum.

More than 7,000 individual trailerists attended the mammoth trailer rally the largest ever held in the United States and possibly the world.

In addition to participating in a full schedule of fun and fellowship activities at their rally site, the trailerists found time to attend the New York World's Fair where, on June 30 "Wally Byam Caravan Club Day" honored their presence. Eighty busses took them there and back.

The trailerists, or caravanners, as they are often called, began arriving at the site as early as June 15 to take advantage of the fair and many other attractions in the vicinity. They were parked on a large cleared field at Skillman, N. J., a suburb of Princeton.

By the June 29 opening day of the rally, the Wally Byam Caravan club trailers had formed their now-familiar wagon-wheel design surrounding a large, open central area. In this were located two large tents, several smaller ones and other temporary buildings to provide shelter for a great variety of club activities.

These activities included old-fashioned dances, an elaborate talent show, various activities for the club's youth, displays of hobbies and crafts, lecture programs, book reviews, dramatic presentations and both a Catholic and a nondenominational church service. Some 200 trailerists in uniform dress formed a choir for the latter service.

More than a dozen professional performers and acts were booked from the New York area to entertain the trailerists between their own activities.

A major highlight of the rally was the selection of Miss Sandra Bailey, 15, daughter of Mr. and Mrs. Charles Bailey of Dallas, Texas, as the favorite teenager of the Wally Byam Caravan club for 1964-5. She was dubbed "Miss Teen Queen" in a ceremony.

**Mother-Baby Care Class Scheduled**

A "Mother and Baby Care" class will be conducted by the West Bend Chapter of the American Red Cross beginning Monday evening, Sept. 14, from 7:30 to 9:30 o'clock. Sessions will be held in the Red Cross rooms, second floor, Library Building, West Bend.

City and public health departments and the St. Joseph Community hospital cooperate in the presentation of the lesson material.

There is no fee for the class which is open to expectant mothers, fathers and persons interested in the care of the mother and baby.

At the first session, the class members will decide with the instructor, Mrs. Harold Fischer, R. N., on the dates and time for the remaining six two-hour lessons.

Topics to be discussed during the course are Growth and Development of the Baby, Layette Sup-

plies, Prenatal Care, Nutritional Needs, Birth of the Baby, Bath and General Care of the Infant.

For the last lesson related movies will be shown by the hospital staff and a tour will be conducted through the maternity wards.

As for the mothers who have attended the classes, hospital staffs say they make better patients.

For further enrollment and additional information, call the Red Cross office, FEderal 4-5687.

Fix leaks in poured concrete and block basement walls with hydraulic type cement. Control general dampness with waterproof paint. Then, basement rooms may be decorated safely.

## Weber, Candidate for Congress, Campaigns In Kewaskum, County

### CITES VAN PELT'S POOR ATTENDANCE RECORD IN TALK AT McKENNA HOME

Edward K. Weber, 6th District Democratic Congressional candidate, campaigned in three Washington county communities last week.

Weber, 42, an Oshkosh engineer and public relations director, spoke informally at coffee hours held at the homes of Roger McKenna, 1195 Hillside dr., Kewaskum; James Yoppf, Mayflower dr., Germantown, and Mrs. Gladys Peterson, rural Jackson.

In his talks, Weber pointed out that the incumbent 6th District Congressman had voted against the minimum wage boost, against the Peace Corps, and in fact

"would probably have voted against a good many other constructive programs, except for the fact that, according to the Chicago Tribune, Van Pelt had the 58th worst attendance record of 61 Midwest Congressmen!"

Weber noted that he offered a positive program of representation to the people of the 6th district, supporting medical care for the elderly, human rights for all, a strong voice for labor, and a healthy economy through tax relief.

Re-Elect A Working

Congressman —

VAN PELT!

## Check These Facts:

- VAN PELT, since 1950, has served the 6th district with ability, maturity, integrity. He consistently votes against reckless and wasteful spending . . . socialistic schemes . . . increased governmental expansion in Washington.

- VAN PELT works for the rights of the individual and the private enterprise system. He believes in Civil Rights — not Civil Wrongs — and his courageous vote against Title II and Title VII, despite tremendous pressures, has won the approval of thinking, concerned Americans.

- VAN PELT'S voting record, reported by the Congressional Quarterly: ". . . in 11 out of 13 years in office (1950-1963 report) Van Pelt has equalled, or superceded substantially, the congressional average having a gone-on-record vote totaling 96% of the time, and in the past 4 years, 99% of the time." In 1963 there were 117 on-the-record votes called for — Van Pelt responded 98%; congressional average, 94%.

# RE-ELECT Republican Wm. K. VAN PELT

CONGRESSMAN  
SIXTH DISTRICT  
WISCONSIN

- VAN PELT'S work on the increasingly important House Committee for Science and Astronautics required 41,000 miles of travel in the past 12 months inspecting NASA tracking stations, test and research facilities, space craft factories and suppliers, helping to supervise the control of a five billion dollar annual budget. On July 14, 1964, for example, he was working at the Ames Research Center, Moffett Field, California inspecting arrangements for the recent successful Ranger "Moon Shot" project. In addition, his work on the House Committee on Merchant Marine and fisheries required 6600 miles of travel last year. That's 47,600 miles traveled on the job for all America!

- VAN PELT works for everyone in the 6th District: The latest report from the House of Representative Postmaster shows during 1963, that Van Pelt's office processed 78,000 pieces of incoming and outgoing mail. Seldom does anyone who writes Bill Van Pelt wait more than 36 to 48 hours for a personal reply!

- Remember! When anyone tells you "we want a working Congressman" . . . just tell 'em we've really got one in Bill Van Pelt! His record in Congress is outstanding. His Congressional seniority and stature has come from the experience of 14 years' dedicated service to the 6th District — and the Nation!

## Heberer Family Receives Century Home Award at State Fair

A total of 165 families tracing their farm or home ownership to pioneer relatives of 100 or more years ago were awarded Century Farm and Home certificates by State Fair of Wisconsin and the Wisconsin Exposition Board during the State Fair Aug. 14-23. The ceremony was held on Tuesday, Aug. 18, Recognition Day.

Among those receiving a Century Home Award was Walter J. Heberer of New Fane, father of Mrs. Marvin Kleinke of this village, for a century of ownership and occupancy by the family. The Heberer farm now owned by Walter, is located at R. 1, Kewaskum, on County Trunk S near the village of New Fane, town of Auburn, Fond du Lac county.

Mr. Heberer, his daughter Dolores (Mrs. Kleinke) with his sister, Mrs. Walter Oppermann of Milwaukee, attended the State Fair last Tuesday, Recognition Day to receive the award. They appeared on the Beulah Donahue TV program, "Today for Women," at 9:30 a. m. which was televised live from the Milwaukee Journal Communications building on the fair grounds. They were interviewed on the program and old photos of the farm and family members were shown on TV. Then at 11:10 a. m. they were guests at the Recognition Day program at the bandstand featuring Governor Reynolds and representatives of various groups being honored. They were also invited guests to the "Beverly Hillbillies Show" at 2:30 p. m. but did not attend.

The Heberer home has been in the same family since 1855, a period of 109 years. The first owner of the home was Henry Heberer grandfather of Walter, the present owner, who lived there until 1886. The next owner was August Heberer, from 1886 to 1918. Walter has owned the home from 1918 until the present time.

The history of the Heberer home and farm, which has carried the family name since 1855, follows:

The first owner was Heinrich Heberer, the German birth name of Henry who was born in Germany. As a very young man he came to America where he lived and worked in Milwaukee. From there he found his way to this historical spot in Fond du Lac county. Five sons were born to Henry and his wife Elizabeth. Their names were Henry, Tobias, August, John and William. As time passed his son August purchased this farm from his father. To August and his wife Caroline, were

born on this farm six children. Their names are Henry, Cicelea, Arthur, Caroline, Walter and Frieda. One daughter, Frieda (Mrs. Walter Oppermann), who lives in Milwaukee at present, and one son, Walter, living on the homestead, are the only two living of the August Heberer family. Walter Heberer and his late wife, Norma, had two daughters. One daughter died after birth and living is Dolores (Mrs. Marvin Kleinke) of Kewaskum.

Historical dates and data on the Heberer home and farm follow:

July 4, 1855—The grandfather of Walter J. Heberer purchased a hundred and sixty acres of land in the town of Auburn, on which it is believed was a little log cabin. From there he began building his home which is the present home of Walter. He also built a general store which at that time was the first country store around that area. Added to this store he had a post office. The people came to get their mail from miles around. Then his business interests became greater. He built a cheese factory close to his home and store.

Feb. 28, 1860—Henry Heberer offered and donated a piece of property for congregational purposes to St. John's Evangelical Lutheran congregation, town of Auburn. On this spot the newly organized St. John's congregation built its first chapel constructed of logs hewn from the community.

Aug. 15, 1864—Edward Wirth received the privilege of overflowing three acres of land at the mill dam on said premises.

Feb. 28, 1874—The trustees of St. John's German church purchased a half-acre of land, more or less, north of homestead.

Feb. 2, 1886—Henry Heberer sold to his son August Heberer, 156 acres.

Dec. 9, 1907—Adolph Heberer purchased one-third of an acre from August Heberer, where a cheese factory was built.

March 16, 1918—August Heberer sold to his son Walter J. Heberer 156 acres.

Aug. 31, 1962—The Conservation Department, State of Wisconsin, purchased all land and barn, with the exception of two acres and the house, which Walter still owns and lives in at present. His wife Norma shared these last beautiful years of dreams and hard work as they looked forward to retiring on this historical homestead, which has been kept up very well to the present date. But it was the will of God to call his

wife Norma to His heavenly home May 10, 1962. Walter was given privileges by the state to operate and farm this land, which he still is doing at the present time. Purchase of this land will be used for the addition to Kettle Moraine State Forest. This particular farm is still known as the Famous Heberer homestead of all the Heberer descendants from this area and other states. The history of this farm also reflects on the history of the town of New Fane.

The Heberer family for several generations was in the beekeeping and maple syrup business.

Shown in the above photo taken many years ago is the old Heberer homestead. The home has since been remodeled and modernized. Shown on the left is the home, the stone and mortar building next to it is the former store and post office. The wood building on the right is the former cheese factory, which has been removed. The old store and post office building still stands and is used for storage. Shown in front of the build-

ings are members of the Henry Heberer family.

Even automatic and power tools used on those summer home repair jobs must be carefully guided by alert minds and steady hands. The Institute for Safer Living says that all tools require thoughtful handling for safe operation.

Are you a summer outdoor fan? If so, chances are you will sooner or later have a brush with poison ivy or oak. The Institute for Safer Living warns that extra care should be taken when in timber and brush areas. Also, never assume that you won't find it lurking in your own backyard or in hedges and unused nearby land areas.

**HUNTING AND TRAPPING LICENSES EXPIRE AUG. 31**

State Fair Week, fishing pressure very light. Fishing poor, should start picking up with cooler weather.

All hunting and trapping licenses expire on Aug. 31, 1964. The new licenses, and this includes the sportsmen's type, as well as the hunting and trapping laws are available at all license depots in the county.

The first hunt of the season will be for black bear from Sept. 5 to

Sept. 20 inclusive, in Deer Management Units 7, 14, 28, 31, 32, 39 and 40. These units may be found on the map in the big game regulations.

A separate code setting up regulations for birdbanding in Wisconsin has been adopted by the Conservation Commission.

Formerly, no special rules existed for birdbanding and the activity was carried out under a catch-all "collectors" permit.

The administrative change allows for the capture and banding of birds for scientific purposes by qualified persons.

Permit holders are required to keep records and make reports before Jan. 31 each year.

Applications are available from the Conservation Department in Madison. Applicants are required to state the purposes for which the permit will be used.

We had hoped to have the water fowl regulations for this week—they, however, have not been received so watch for them in this column next week.

**Miss Kudek Wed To Paul Fellenz**

Miss Shirley Mae Kudek, daughter of Mr. and Mrs. Joseph Kudek, R. 2, Kewaskum, became the bride of Paul Lee Fellenz, son of Mrs. Lorraine Fellenz, R. 1, Kewaskum, during a 10 o'clock Mass read by the Rev. John T. Budde in St. Bridget's church, town of Wayne, on Saturday, Aug. 22.

During the ceremony Joseph Staehler, soloist, sang "On This Day O Beautiful Mother."

The bride wore a gown of silk organza and hand clipped Chantilly lace, with iridescent sequins and seed pearl embroidery on the fitted lace basque. The bodice had long sleeves and a square scalloped neckline. An organza rose picked up the draped organza overskirt, and tiers of lace edged organza formed the chapel train. A crown of white seed pearls and aurora borealis held her fingertip veil.

Mrs. Delmar Kempf was her sister's matron of honor. She wore a pastel blue nylon tulle and Chantilly clipped lace dress with a full bouffant floor length skirt, a fitted bodice and short sleeves. Chantilly lace edged the tiers of the flounced skirt. Her crown of fancy braid augmented with aurora borealis held a circular veil. Identical gowns in pastel pink were worn by the bridesmaids. Mrs. Leroy Moss, sister of the bridegroom, Mrs. Richard Harter, a cousin, and Mary Reindl, a

friend. Daniel Fellenz attended his brother as best man, while John and Roger Kudek, brothers of the bride, and Richard Biene, a friend, served as groomsmen. Guests were placed by Delmar Kempf and Gerald Staehler.

Dinner and supper were served and a reception and wedding dance held at Nonn's Kettle Moraine lake resort.

Following a wedding trip to Nashville, Tenn., the young couple will be at home at 622A Main st. in West Bend. The bride is a graduate of Kewaskum High school and her husband graduated from St. Lawrence college, Mt. Calvary. Both Mr. and Mrs. Fellenz are employed at the West Bend Company.
