Autos Crash in Front of School

Two autos collided on School st. at the intersection with Bilgo lane in front of the high school at 8:40 p. m. last Friday. The cars were driven by Richard E. Mielke, 18, R. 3, Campbellsport, and Mark H. Schoofs, 17, R. 2, Kewaskum.

Mielke stated that he was driving north on Bilgo lane and had just turned west onto School st. when he took his eyes off the road momentarily to look at a group of students who were standing in front of the high school. He then noticed that the tail lights on the Schoofs auto in front of him had flashed for a stop but he could not stop in time to avoid the collision. His vehicle crashed into the left rear of the Schoofs car. The right front bumper and fender of the Mielke vehicle and the left rear of the Schoofs car were damaged.

MANY ENJOY WOMAN'S CLUB FALL LUNCHEON AND CARDS

A color scheme borrowed from nature's own vibrant autumn coloring enhanced the setting for the Kewaskum Woman's club annual fall luncheon held in the public library on Saturday, Oct. 3. Many members and guests enjoyed a delightful luncheon followed by an afternoon of cards. Bridge prizes were awarded to Mmes. Helen Albright (guest), Clyde Brehm, N. W. Held, C. F. Miller, Jan Rosenthal, Ronald Reigle (guest), L. C. Brauchle (honorary member), and Robert Schmidt.

There will be a tour of the Kettle Moraine Boys' school, Wednesday, Oct. 21, followed by a luncheon at the Riverdale Country club. The Woman's club extends a cordial invitation to the women of the community to join them. The tour will leave from the public library at 9:00 a. m. Please make reservations with Mrs. Harry Koch, 626-2061, no later than Oct. 14.

MUSCULAR DYSTROPHY CANNISTERS PLACED

Muscular dystrophy cannisters from the Milwaukee chapter have been placed in various business places throughout the village. They were distributed by the Kewaskum fire department, members of which will pick them up again about the middle of November. Money collected goes to a very worthy cause and the public is asked to drop their coins into these cannisters.

The fire department answered a call to the Louis Koenig farm home on Hwy. 28, about five miles west of the village, when an oil stove exploded and the oil caught fire, threatening to destroy the kitchen. The blaze was extinguished by the time the firemen arrived. Damage was done to the ceiling and walls of the room.

Well past the midway point in a 100,000 mile journey, Ralph Bradford, 35, a deaf mute, arrived in Kewaskum Tuesday while gathering data concerning the villages and cities he visits, to be included in a book he expects to publish in 1941. Kewaskum is the 5,000th village he has visited. His travels have taken him to Nova Scotia, Newfoundland, Canada, Cuba, Mexico, the Canal Zone, Central Europe, England, France, Germany, Alaska and the Hawaiian Islands. He called on village officials who gladly gave data on the civic conveniences of our beautiful village. The total distance Bradford has traveled so far is 71,190 miles.

A traffic accident took three lives near Kewaskum Sunday. Mr. and Mrs. Herman Bartelt of Waucousta and Reuben Krueger of near Beechwood, town of Scott, lost their lives in the collision in the town of Auburn. Bartelt, 74, and his wife, 75, were traveling south when their car collided with that of Krueger, 24, going east on the Lake Fifteen road. The Bartelts both sustained skull fractures, Mrs. Bartelt being instantly killed and her husband dying minutes later. Krueger, who also suffered a skull fracture and rib injuries, died the same evening at the Fond du Lac hospital. Krueger's wife, Marcella, whom he mar-

months-old daughter, Mardell, passengers, were seriously injured and taken to the hospital. Another passenger, Krueger's brother, William, 14, was slightly injured. The crash occurred in the center of an intersection and apparently neither driver saw the other car as they did not slacken their speed.

Peter Bies of Slinger has rented Casper's tavern in this village from Mrs. Bertha Casper, the owner. He has also rented the living quarters downstairs and will move here with his family later. Casper's tavern had been operated for the past 25 years by the late S. N. Casper. A grand farewell party will be held by Mrs. Casper, who has not yet decided where she will live.

By special request of listeners here, the Town Hall players with "Uncle Louie," WIBU radio favorites, will present a 3-act comedy in the Kewaskum Opera House Wednesday. After the play there will be a free dance.

Questions & Answers on University Center Under Study for West Bend

14. Why local funds?

Some people will understandably ask this question because Dane County and Milwaukee County have not used local funds to build the universities there. When we asked representatives of the Coordinating Committee this question, they too understand why it is asked but they answer that the hard fact is that the state can't do the job. They also point out that no community approached thus far has turned it down probably because of the economic and cultural advantages which accrue to the local communities. These advantages are described briefly in the next question and answer.

15. What are the economic advantages to the local citizens?

The primary economic advantage is that a student could attend the first two years of college without paying board and room. In a Fox River Valley study made in May of 1961, it was estimated that the average student spent \$776 a year including tuition, car expenses, daily lunches and books. At that time the university advised students that it would cost over \$1,700 for a year on the Madison campus.

It is difficult to measure some of the other economic advantages such as increased retail business, improvement of real estate values, and the cultural values which attract better personnel to key jobs in the area.

16. Is the Wisconsin program in keeping with what is happening elsewhere?

At the present time the Wisconsin program is very much in keeping with what is happening elsewhere in the country, to meet the

expanding student population, the need for more education and the desirability to make higher education available to all. About 25% of the U. S. college freshmen are now enrolled in two year schools; in California the proportion is over 70% and in Florida, over 50%. The Wisconsin plan differs from others (such as California): the two-year centers or colleges would not include vocational training because Wisconsin already has a good vocational system. There may be technical institutes in Fond du Lac, Sheboygan and Milwaukee which would serve our area's supplemental needs for vocational education. A few quotations indicate what is being said about the two-year college program:

National Education Association says the two-year program is "the most spectacular growth phenomenon on the education scene."

Carnegie Corporation — "The most important development in American higher education in the past quarter century."

Good Housekeeping, March, 1964 — "For sheer effect or impact, the two-year college is one of the most significant in post-secondary education in this century. And it has yet to achieve its full impact."

President's Commission on National Goals, 1961 — "Two-year colleges should be within commuting distances of most high school graduates."

17. What steps must be taken and what is the timetable?

The first step is to inform the public and feed back the information to the local units of government. Then such local units as Washington County, Ozaukee

County, and the City of West Bend must determine if they are interested and how they will allocate the cost among them.

When such an interest and allocation is determined, these local units of government would provide the Co-ordinating Committee for Higher Education a "letter of intent" in the form of a resolution indicating that they are interested in setting up such a center in West Bend; this would be based on the general concept and estimated costs. The Co-ordinating Committee would then refer this resolution to the University of Wisconsin and the university would then work directly with the local governments. Then the local governments would proceed to make plans and determine costs and then enter into an agreement with the university to lease the buildings and the university would agree to staff and administer the center. The lease of the buildings would be on a no-charge (or nominal charge) basis and could be terminated by either the local community of the university as of June 30 of any year upon 90 days' notice.

There is no definite timetable but there would be lots of work to be done if the center were started in 1967 or 1968. The Co-ordinating Committee has indicated that it would be desirable for formal action to be taken before

the end of 1964.

18. Where can questions and comments be sent?

Several individuals and organizations have already expressed themselves in favor of a university center in West Bend. For example, resolutions to this effect have been passed by the Common Council of the City of Hartford and by Sub-Council No. 3 of the Allied Industrial Workers, Hartford.

Because your local government officials are interested in your questions and your views on this subject, you may write your County Clerk and/or the City Clerk of West Bend and your communications will be forwarded to the proper committee for study.

Young people living in the city make up 11 per cent of the total 4-H membership in Wisconsin.

REPUBLICAN CANDIDATES BEGIN TOUR OF COUNTY

The now famous and rather unique "campaign tour" that was started many years ago by Republican county courthouse officials is underway again this year.

This year the "team" includes Olga Perrin, register of deeds; Larry Berend, clerk of court; Tony Staral, county clerk; Dick Becker, district attorney; Bob Klein, county treasurer; Bob Boltz, Republican candidate for coroner; Ray Jeffords, Republican candidate for sheriff, and Fred Schroeder, Republican candidate for the assembly. Congressman William K. Van Pelt will join the tour on Monday, Oct. 12.

The "team" is looking forward to greeting many old and new friends throughout the county.

Dear Mr. Harbeck:

The coming of National Newspaper Week, October 13th to 19th, affords me the welcome opportunity to thank you and your fine staff for the excellent help you have given the Red Cross over the past years. Your cooperation in bringing the activities and needs of the American Red Cross to the attention of the public is commendable and essential.

Without your fine help, those of us actively engaged in Red Cross work, would find it impossible to perform our task. The Red Cross belongs to everyone, everywhere, and wants only the chance to serve.

Therefore, I would again like to thank you, personally and on behalf of the officers and directors of the West Bend Chapter, for your fine contribution to the American National Red Cross.

Gratefully yours,

By Bob Lake, Conservation Warden, Washington County

GOOSE, DUCK SEASON OPENS ON SATURDAY

The goose and duck season will open Saturday, Oct. 10, at 12:00 noon in the state of Wisconsin. Hunters must have a Wisconsin small game or a sportsman's license. Children may not purchase a license until they become twelve years of age, and must be accompanied by a parent, a guardian or someone over twenty-one years designated by the parent or guardian. Hunters sixteen years of age and older must purchase a duck stamp at the post office. Hunters using boats must obey Wisconsin boating regulations found in WCD publication 716-62. This and the 1964 migratory bird and waterfowl regulations are available at all license depots in the county.

For the benefit of the hunter who plans to hunt Theresa marsh, there is a new area in Washington county that is closed to all hunting this fall, except for deer during the deer gun season. This area is brushed out and properly posted with WCD signs. The area is described roughly as follows: Starting at US Highway 41 and Washington County Trunk (H), west one mile, south one mile to

the Soo line RR. tracks, south-east along the tracks about one-half mile, east one and one-quarter miles to the junction of the Faber road and Hwy. 41, north on 41 to County Trunk (H).

Hunting Regulations

As hunting season draws near, many questions regarding the regulations present themselves. These questions can best be answered by the individual sportsman by obtaining the appropriate copy of the laws at the time of his license purchase. In so doing, he not only will enjoy his sport much more, but will fulfill his obligations to know the regulations.

The following are a few facts he should be familiar with.

You may use a 410 gauge shot gun to hunt game where a larger shot gun may be used, except that it may not be used to hunt deer or bear.

You must report every hunting accident.

Any firearm carried in or on an automobile or vehicle must be unloaded and enclosed within a carrying case. Even though the gun is knocked down, it must be enclosed within a carrying case.

Any gun carried in a motor boat while the motor is running must be unloaded.

A 22 caliber rim-fire hand gun or a pellet gun of .177 caliber or larger may be used in the same manner for the same purpose and

subject to the same restrictions as a 22 caliber rim-fire rifle. You may not use any other hand gun for hunting.

Report Collared Geese

Sportsmen who spot geese wearing orange or white plastic collars around their necks should report sightings to the conservation department.

Some 400 Canada geese were marked with the plastic neckbands last summer as part of a research experiment at Seney National Wildlife Refuge at Seney, Mich.

Waterfowl specialists would like information on the number of collared geese seen, the number of noncollared birds with them, their activity, location and date of observation. Each collar has an identification number which is also needed if it is possible to obtain.

Information on birds with neckbands should be sent to Wildlife Research, Wisconsin Conservation Department, Box 450, Madison, Wis. 53701.

Hunting License Facts

The following are facts concerning the subject of hunting licenses

which we hope will help answer the most frequent asked questions.

To hunt you must have a hunting license. You cannot purchase a hunting license until the age of 12 yrs. Between the ages of 12 and 16, you must be accompanied by a parent or guardian or a person 21 yrs. of age designated by the parent or guardian while hunting.

There is no longer a free license for personnel in the armed forces. Residents of Wisconsin now in the armed forces are, of course, entitled to a resident hunting and fishing or trapping license.

Nonresidents in active service with the armed forces and stationed in Wisconsin may buy hunting or fishing licenses at resident fees.

Registered full-time undergraduate students in residence of a college or university, public or private, located in the state and offering a Bachelor's Degree may also buy a hunting or fishing license

PIZZA WIGWAM
PHONE 626-2901

at resident fees.

Anyone applying for these licenses must exhibit proof that he meets the above qualifications.

At the rate the credit cards are finding a favor, pretty soon we'll need a credit card to pay the other credit cards.

IN MEMORIAM

In loving memory of our dear husband and father, Edward Schiltz, who passed away five years ago, Oct. 11, 1959:

Your end was sudden, Ed dear,
You made us weep and cry,
But, oh, the saddest part of all,
You couldn't say goodbye.

The blow was hard, the shock severe,
We never thought your death so near.

Only those who have lost can tell,

The pain of parting without a farewell.

'Tis sadly true, we wonder why
The best are always first to die.

Sadly missed by wife and daughter.

THANKS EXPRESSED

I wish to express my sincere thanks to the following people for their kind help and assistance when my husband, Roger S. Henderson, Sr. was removed to the hospital in the ambulance after suffering a muscle spasm: the ambulance attendants, Ollie Staehler, Don Koerble and Donald Seil; John Heberer, Roger Heberer, the Robert Brenwall family and Bill Ruth. This aid is much appreciated.

Mrs. Roger S. Henderson, Sr.

1500 Head of Cattle Selling at Auction

A special southeastern Wisconsin feeder and dairy cattle sale will be held on Saturday, Oct. 17, at 1:00 p. m. at the Nolan Livestock Auction Market, Lomira. This is an annual sale which was held for the first time last year on the same date. All cattle will be sorted for size, breed and sex and will be sold in uniform lots to the highest bidder. Both buyers and sellers like this way of handling livestock because of the large amount of cattle that can be sold in a small amount of time.

These are all local cattle and will be delivered to the market in the forenoon or during the sale. Buyers can take them out the same day which decreases the stress and strain as to housing them at the market for long periods of time. All animals will be weighed as sold so the buyer can see the condition of the cattle when weighed.

Anyone wishing more information on this sale may contact the Nolan Market at Lomira.

FORM COMMITTEE TO BACK SCHROEDER FOR ASSEMBLY

A group of 30 Washington county residents met on Tuesday evening, Oct. 6, and formed a Voluntary Citizens committee to promote the candidacy of Frederick C. Schroeder of West Bend for the office of assemblyman for Washington county. Schroeder is the nominated Republican candidate.

Elected as committee officers were William Dieterich of Hartford as chairman; Reuben Gauger of Germantown, vice-chairman; Mrs. Mary Ann Bingen, of the town of Polk as secretary, and Art Kuhn of Jackson as treasurer. Attorney Dieterich stated that Washington county deserved to have a responsible, full-time assemblyman who was familiar with the problems of Washington county and that Frederick C. Schroeder is the person who is worthy of this trust.

Bells Score 20 In Last Quarter, Tip Indians, 20-13

In their homecoming game at Campbellsport Friday afternoon, the Bells pulled a seemingly impossible comeback to gain a come-from-behind victory over Kewaskum, 20-13. The loss was the Indians' third in succession in Scenic Moraine action and left them in a tie for last with Random Lake.

Kewaskum was coasting along to an apparent victory with a 13-0 lead after three quarters. But the Bells closed with a rush, scoring 20 points in the final eight minutes of play and pulled out the win with a score in the closing seconds.

Bob Coulter accounted for all the Indians scoring as he banged across on a pair of one-yard plunges in the first two periods. Coulter also gained the assignment on the run for extra point after the first touchdown.

The Bell blitz came in the final period as quarterback Bruce Stein scored on a keeper from a yard out and passed to end John Wolfe for the point after. A Stein to Jim Mair scoring dart knotted the score, 13-13, and set the scene for the heartbreaking windup. On the last play from scrimmage, with the Indians looking for a pass, Mair streaked 41 yards for the clinching TD.

The win was the second this season for Campbellsport, which had not won a game for the past two years and ended up in last place both times. The Bells didn't score a point during the 1962 season and made only 14 all last year. The team is staging a comeback after a string of losses since 1961.

This Friday Kewaskum hosts Slinger, which has a 1-2 record, and has hopes of getting on the winning track.
