Home Lumber Co. to Close West Bend Yard, Move Business to Kewaskum

WILL CONSOLIDATE ALL OF OPERATIONS AT LAY LUMBER CO. HERE AFTER DEC. 31

The H. J. Lay Lumber Co., Inc., which has been operating the Home Lumber Company at West Bend and the Lay Lumber Company at Kewaskum has taken steps recently to consolidate all of its operations at the Kewaskum lumber yard and will close its West Bend lumber yard as of Dec. 31, 1964.

Henry J. "Bud" Lay, president of the company for a number of years, announced that the company determined that it could serve its customers best from one yard and has selected the Kewaskum yard for its future operations because of the more modern facilities at such site.

Lay also announced that his son, John Lay, who has managed the West Bend yard for some time, will be manager of the complete operations at Kewaskum. He also announced that he will devote his time to sales and promotion work on behalf of the company in the territory around Kewaskum and West Bend.

The company has decided to operate under the tradename of Lay Lumber Company so that its many customers will know the location of its new yard.

Lay also explained that several years ago the company erected a new office, display room and shop at Kewaskum in the block occupied by the Marx Foodliner and the Bank of Kewaskum and that these modern facilities will give the company a more efficient operation.

The West Bend property will be offered for sale after Jan. 1, 1965.

Gerald A. Wiedmeyer, 19, of West Bend and two companions, Belva L. Bailey, 19, of R. 2, Kewaskum, and Linda Crocker, 20, of Milwaukee escaped injury at about 7:50 p. m. Saturday when the Wiedmeyer car left Hwy. 175 about 150 feet north of Hwy. 60 and rolled over on its top. The mishap occurred when Wiedmeyer turned sharply to the right to avoid oncoming cars when his vehicle started to skid into the left hand lane.

AFS Student Writes Letter Taken From Notes in Her Diary

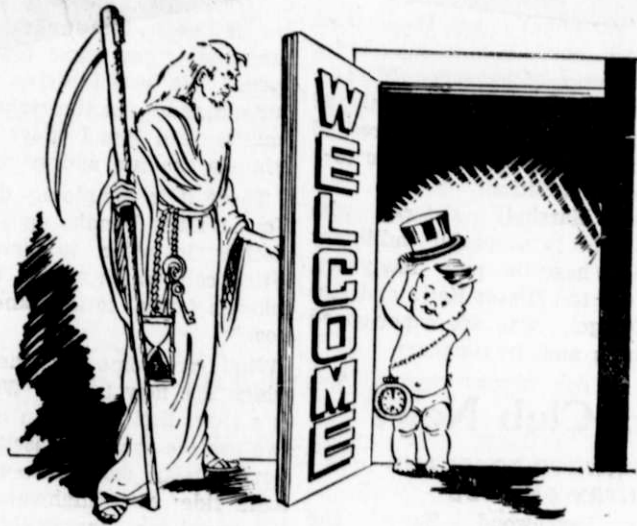

Miss Marion Evans, Kewaskum's AFS student from Gisborne, New Zealand, wrote a letter taken from notes in her diary, which was printed in the Dec. 8 issue of the Kewaskum Community High school paper, "Smoke Signals." A copy of the letter was turned in to the Statesman and because of its interest and timely information on Christmas customs in her country, we are reprinting it. The letter follows:

Apart from the useful exercise in discipline that the keeping of a diary affords, it is also a wonderful way of keeping track of past events. And with a memory like mine, you almost have to keep another diary to remind you to keep the other one! I have somehow managed to write in my little blue book for three years now and as I write nowadays, I like to skip back to the past two years and reflect on past happenings.

This time, last November, I was just completing my final A. F. S. Application forms. This entire year was but then a dream, and now as I write, that dream is a reality, but now I often have to pinch myself to see if this is all really true. That I am really here at last. I had often heard of the warmth and generosity of the people of America, but it was you who showed me how true this is, America was often a rather impersonal country to me, which seemed to figure too prominently in the news. Now it has become as a real being, full of many wonderful things to see and do. I had no idea, this time last year, that I would be here in Kewaskum, Wisconsin, and now that I'm here I'd like to say to you all that I'm sure that no other place could have been so good. I feel so much at home here, even though I've only been here just over four months. I almost feel like an American and if it weren't for my accent I'm sure I could pass as one any day. But then again, America consists of so many peoples; you have such a rich origin, that no matter what country I came from, I think I could find a niche somewhere.

As I glance at November, 1963, I see that I was rapidly nearing the end of our school year. In New Zealand, our seasons are directly opposite to those here. Our school year starts in late February and continues through until December, when we break up for our Christmas holidays. As is the case now, Christmas was on its way, but our Christmas is rather different from yours. We have Father Christmas, decorated trees, the exchanging of cards and gifts, carol singing, and special church services just as you do, but there is no snow because it is the height of our summer. To you, this of course seems very odd and not at all Christmasy, but then you have to remember that half of the world celebrates this season in

We are grateful for your confidence and hope that we may play some part in helping to make your new year a Happy and Prosperous one.

Four Schools in Town Wayne Sold

Four school buildings in the town of Wayne and the land on which they are located were sold recently by the Wayne Elementary School District No. 1. The total sale price of the four properties was \$4,729.

Buildings and properties sold included the Wayne Center school and approximately a quarter acre of land, which was purchased by the town of Wayne to be used for meetings and storage purposes.

The Mullen school, located on approximately a half acre of land and the Spring school, located on an acre of land, were both purchased by E. Bowe of the town of Wayne.

The Kohlsville school, which also includes about an acre of land, was sold to Louis Kuechler of R. 1, Allenton.

A new school at Wayne replaces the four schools which were sold on bids submitted to the school district.

Reorganize Debate Team at High School

A debate team was reorganized this year at Kewaskum Community High school and has been in full swing since the beginning of the school year. The statement under discussion by all high school debaters is: resolved nuclear weapons be controlled by an international organization. Lauri Dunlop Kirsch and Mr. Baird are the coaches.

The debaters are: Affirmative—Jim Butz, Tom Behring, Carol Seefeldt, John La Marche and Dan Meilahn; negative—Sandra Senn, Susanne Senn, Mike Otten and Steve Otten.

These debaters have participated in tournaments at West Bend, Sheboygan, Mayville and Thiensville. As a beginning team they have done exceptionally well and have the potential for some really fine speakers and debaters.

Reunion of Gashouse Gang New Year's Day

The old Kewaskum Gashouse Gang, a group with a large membership of young men and women, which met annually on New Year's Day at the former Tillie Schaeffer's Grand View Lunch Room and Tavern before and during World War II, will hold their first reunion this coming New Year's Day at the Hon-E-Kor Country club, the owners of which are members of the club.

Charter and other members of the Gashouse Gang now are mostly in their forties and fifties. The gang broke up when World War II came along and many of the young men and ladies were drafted or volunteered for service. A number of the members lost their lives in the war.

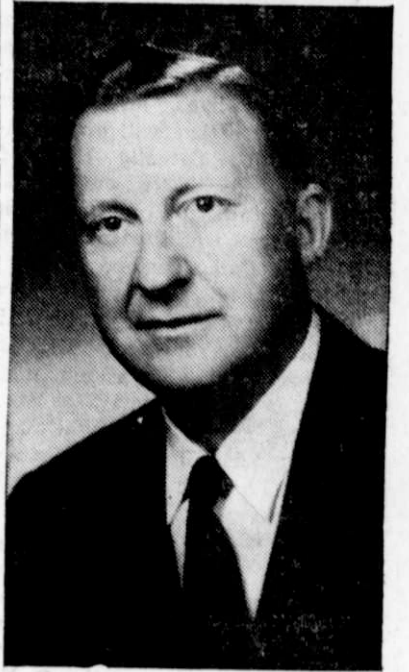

This being the first get-together of the gang in about 20 years, all members are urgently requested to attend the reunion if at all possible. Already members from Milwaukee, West Bend, Fond du Lac, Appleton, Allenton and other cities as well as Kewaskum have sent word that they will attend. The reunion will begin at 2 p. m. but no doubt many will arrive at a later time of the day after celebrating New Year's Eve. A "Dutch treat" buffet lunch will be served. A large number of members who can "take it" are expected to attend.

SCHOOLS CLOSE FOR HOLIDAY VACATION

Kewaskum Community High school and the elementary school closed on Wednesday for the holiday vacation. A Christmas party was held at the high school for the studentes on Wednesday afternoon at 2:30 o'clock. Classes will be resumed on Monday, Jan. 4.

Mrs. Casper Brandstetter and daughter Lizzie, who have been residents of Kewaskum practically all of their lives, left for Milwaukee where they will make their home at the Catholic Home for the Aged. This will enable Mrs. Brandstetter to be nearer her daughters, who live in that city. Her son Carl remained here.

Mrs. Amelia Mertes of this village underwent a major operation at St. Agnes hospital. Mrs. Nic Laubach, R. 1, Kewaskum, underwent an appendectomy at St. Joseph's Community hospital.

Local residents were surprised to see a big Nash car pull into town late Thursday afternoon, bearing No. 1 Wisconsin license plates with a gold star. Occupying the car was Gov. Julius P. Heil. There were two cars in all, containing the governor and other prominent men. When the cars stopped at the intersection they immediately drew attention. The visit of Gov. Heil, who was on his way home from Oshkosh, was unexpected. The governor and his party entered one of our local taverns unnoticed but when he introduced himself, the word spread around. Being a jolly good fellow, the drinks were on the governor. Gov. Heil said he had heard about Kewaskum and decided to stop. After a half hour stay the party stopped at Police Chief Geo. F. Brandt's home for hand shaking and greeting of children. Before leaving Gov. Heil forwarded his greetings to Dr. N. E. Hausmann, one of his appointed "colonels."

this fashion. I have always loved Christmas but have dreamed of having a White Christmas one day. Let's hope that this year that dream may be realized.

In the holidays at home, we generally spent most of our time out of doors at the many beaches surrounding my home town, Gisborne. We would drive out in our old cars (on the right side of course) and spend days on end lying in the sun and swimming.

There it is completely different. Now I must bundle up in heavy clothes in order to survive the biting cold which seems to have taken a fancy to my knees and nose!

What are some of the things which are new to me? Well, here is a short list! American currency, (we use the system based on the Pound unit); driving on the right hand side; huge highways; wearing bermudas, tennis shoes, and sweat shirts; attending a Co-ed school (my school at home is a public girls High); snow and ice skating; Thanksgiving and Halloween; going casually to a picture theatre; bowling and of course the many new and different types of foodstuffs, such as root beer, onion rings, pizza, hamburgers; just to mention a few.

However, it's not always the ways in which we differ that strike me as much as the ways in

which we are all alike. So as Christmas approaches, I'd like to add my plea for: "Peace on Earth Goodwill Toward Men."

Season's greetings from the Kewaskum Police Department. May you enjoy a happy and accident-free holiday season.

Fresh chicken is preferred to an ice packed frozen product by three out of four housewives, says Jim Skala, University of Wisconsin poultry specialist. But controlled tests show that no differences are noticed in flavor, freshness or juiciness between frozen and fresh ice packed birds.

Careful driving doesn't always avoid an accident, but it helps.

HOLIDAY HOSPITALITY

Christmas week is traditionally a time for hospitality—whether it be a tree-trimming party or just a get-together for the pure joy of the season. Whatever the occasion, hospitality should be homey—and nothing is more so than coffee and pie. A little cordial, a liqueur, or some other spirit will, of course, add greatly to that holiday elegance.

Luxury is the taste in the following recipe for pecan pie—richness of the season enhanced by a whisper of Bourbon or Rum. The pecans may be left whole, if desired, but using them sliced makes neater serving later. The pie is a good freezer—so make it early and store it away before the season's activities and excitement take too much time. Happy Holidays!

SPECIAL PECAN PIE

3 tablespoons Bourbon or Rum	1 unbaked pastry shell, 9 inches
1 cup sugar	3 eggs
1/4 teaspoon salt	1/2 cup heavy cream
2 tablespoons melted butter	1/2 cup dark corn syrup
2 cups thinly sliced pecans, (two 3-oz. cans)	1 teaspoon vanilla

Line 9-inch pie plate with pastry, flute edge and set aside. Beat eggs well. Stir in remaining ingredients. Pour mixture into unbaked pie shell. Bake in hot oven (400°) about 35 minutes, or until crust is browned and filling is slightly puffy. Cool, on rack, to room temperature before serving. (Filling will flatten a bit and become firm on cooling. If prepared long in advance, wrap in foil and freeze after cooling. When needed, bring out of freezer and let thaw to room temperature before serving.) Yield—8 servings.

TOPPING

(optional, but oh so good!)

1/2 cup heavy cream, whipped
Sugar to taste
1/2 teaspoon aromatic bitters (about 4 good dashes)

Blend whipped cream, sugar and bitters together. Give a good dollop to each wedge of pie. Enuf said.

Laurie Dunlop
Joel Kirsch Wed

A high noon ceremony in Holy Angels church on Saturday, Dec. 19, united in marriage Miss Laurie Ellen Dunlop, daughter of Dr. and Mrs. Robert James Dunlop, 619 Ridge rd., West Bend, and Joel William Kirsch, son of Mr. and Mrs. Marvin Kirsch, 233 S. 9th ave., West Bend. The Rev. Rayner G. Hausmann performed the ceremony.

Mrs. Kirsch is an English and speech teacher at Kewaskum Community High school. She is a graduate of West Bend High school and Northwestern university, Evanston, Ill. Mr. Kirsch, also a West Bend High school graduate, is presently a student at the University of Wisconsin, Madison, and after graduation in February, will become associated with Amity Leather Products Co., West Bend.

Relatives and friends gathered at the Linden Inn to extend well wishes and congratulations to the newlyweds at a wedding breakfast and reception.

Following their return from a wedding trip to Nassau the young couple will be at home at Birchwood Terrace, West Bend.

An empire style gown of ivory silk faced peau was worn by the bride. Re-embroidered Alencon lace with imported beaded satin pearl petals formed the fitted bodice with its scoop neckline. A deep pleat at the front of the full skirt fell into a chapel train at the back. A contoured pill box hat of peau appliqued with lace and satin petals held her full length veil and her flowers were white roses and lily of the valley.

Mrs. Richard Smith (Kay) of Jacksonville, Fla. was her sister's honor attendant in a floor length gown of forest green chiffon velvet with an empire waist accenting the straight skirt and the draped train that fell from a small bow at the waist back. The fitted bodice had elbow length sleeves and a draped neckline. Mrs. Smith completed her attire with a high draped contour pill box hat which held a full back veil, and a white fur muff with fresh holly. Identical ensembles were worn by the aides, Karen Biety of Chicago, Julie Anderson of Whitefish Bay,

Mrs. Mark Mayer of West Bend, and Mary Ellen Kirsch, the bridegroom's sister. Little Miss Tami Ellen Smith was her aunt's flower girl in a gown of Christmas red velvet accented with an antique white lace collar and cuffs. A white fur bandeau was worn in her hair and she carried a tiny white fur muff.

Mr. Kirsch asked Gerald Koehn of Milwaukee to be his best man, while Kenneth Hemauer of Madison and Duncan Miller, also of Madison, served as ushers along with the bridegroom's brother, John Kirsch, and Robert Arndt of Milwaukee.

Minutes of School Board Meeting

Kewaskum Elementary School Joint District No. 1
November 23, 1964

The meeting was called to order by August Koch at 8 p. m., Mrs. Iona Schmidt absent.

Minutes of the previous meeting, October 19, 1964, were approved as read.

Motion by Harvey Janssen, seconded by Ray Schaefer, to approve payment of salaries and operating expenses for the month of November. Carried.

Eugene Bohn, the Casualty and Liability Insurance agent of record, explained and suggested to the Board several ways in which the insurance premium could be reduced and additional insurance coverage for detailed circumstances was discussed.

Motion by Orval Behnke and seconded by Harvey Janssen that a 2½ gal. water pressurized fire extinguisher should be purchased and placed outside room 102. Motion carried. (it should be noted that this will reduce the insurance premium about \$50)

Mr. Bohn mentioned that there would be about a \$87 reduction or allowable credit in the co-insurance premium.

Motion by Orval Behnke and seconded by Ray Schaefer that theft insurance be added for a minimum of \$1,000.00 of protection.

Transportation contractors were discussed to the extent that each carrier of our students furnish the Board of Education a certificate of insurance from their insurance company stating the limits of coverage so these may be kept in our school files.

Motion by Ray Schaefer and seconded by August Koch that an exhaust duct to be installed in the incinerator room of the new addition with the expense of the District to be 25% of the cost and architect cost to be 75%. Motion carried.

It was agreed that the 3 trees in front of the old high school building be donated to the village of Kewaskum for use as municipal Christmas trees. The village is to take one or all of the trees, as such time as they want, but they are to cut the trees and clean up the stumps as well. The trees have become too tall and too wide and have become a menace and since the village has done many small favors for the Elementary District, no charge will be made for the trees.

Motion by Harvey Janssen and seconded by August Koch that the Board recognize the Welfare Committee of the Kewaskum Education Association as the duly elected negotiating agent for the Kewaskum Education Association as requested by J. F. Rosenthal, secretary of that association. Motion carried.

Motion by Ray Schaefer and seconded by Orval Behnke that a table be purchased for the principal's office to be used for the Board of Education meetings, other meetings, and for the principal's use. Motion carried.

The school policy was discussed and a continuation of policy was made. It was observed that one more meeting would complete the school policy and that it would then be inacted and put into effect.

Motion by August Koch and seconded by Harvey Janssen that the meeting be adjourned. Motion carried.

As recorded by O. E. Behnke, substituting as clerk for Mrs. Iona Schmidt

TAX GUIDE AVAILABLE

The 1965 Farmer's Tax Guide is now available at the extension office in West Bend. If you would like to have a copy, please stop at the office, or call or write and we will send you a copy. We understand there are some changes in the law this year, and you would be wise to get a copy of this guide and understand it thoroughly.

This is the time of year when all taxpayers would like to just ignore the whole thing, and make believe it will go away. But it won't. About all we can do is consider the fact that the great ser-

vices available from our government, including our national defense, are possible only with the tax dollars that are paid by everyone.

There may be two schools of thought here. One, be grateful we have an income large enough to warrant the paying of taxes; and two, remember that in this country we do have a voice on how that tax money is spent. We can make our voice heard through the people we elect to the Congress and to all other offices. This isn't true in many areas today.

STOFFEL NAMED CHAIRMAN

We are pleased to announce that Gilbert Stoffel, West Bend, has been elected chairman of the board of directors of the Southeastern Wisconsin Farm Management association. He has been a member of the organization for about five years. This is fine prestige for our county, and we are certain Gilbert will do an excellent job of guiding the organization.

SEASON'S GREETINGS

The Washington County Cooperative extension staff—county agent Maurice Hovland, home economics agent Carolyn Spargo, 4-H club agent Robert Stodola, and secretaries Virginia Boudewyns and Mary Ann Sonnenberg—takes this opportunity to thank you for your splendid cooperation during the past year. As we round out another successful year of programming in education, we reflect on our year, and on the meaning of Christmas, with its intent for peace and love.

We Christians have a long heritage of courage and brotherhood, dating from that stable on a wintery night so long ago. It is our duty and responsibility to uphold these ideals, and realize that the task is easier for us because of those who have gone before.

So, at this holiday season, may we at the extension office wish you a very Merry Christmas, and may our New Year be one of continued cooperation and striving for "Peace on Earth, Good Will to Men."

IBM EQUIPMENT ON FARMS

Nearly every time you pick up a newspaper or magazine today, you will come across an article some-

where about IBM equipment, electronic computers, and other devices of this sort. You may not realize it, but farming has taken to using this equipment, and probably will increase its use of it in years to come.

About eight years ago the dairy business began using IBM equipment to keep records on dairy cattle. It was tried at first with just a few herds around the state, then with two herds in each county, and now almost every herd in Wisconsin that is on test has records kept in this way. This equipment is at the Agricultural Records Cooperative at the University of Wisconsin. Our soil test reports are now done on IBM equipment, too.

Farming is changing. Someone once said that farming did not change much from the time Christ was born until about 1850. At that time an agricultural revolution as well as an industrial revolution began to take place. By 1900 farming had changed quite drastically, and since that time changes have come "by leaps and bounds." It has come to the point that when a young farm lad is drafted into the army, he can lose touch with a lot of thinking and many changes in

farm operation during the time he is gone.

All we can say is that nothing is as certain as change, and that certainly holds true in agriculture.

DAIRY SURPLUS LOW

Last week your county agent had the opportunity to hear a talk by George Ruppel, manager of Badger Consolidated at Shawano. Mr. Ruppel is a member of many dairy committees, and had only recently returned from Washington, D. C., where he had served on a committee called by the Secretary of Agriculture. There were several things he said that we thought our public might be interested in learning.

It seems that the stock of surplus dairy products is at an all-time low. Only a few years ago the amount of surplus milk products was so great that it was a heavy burden on government, manufacturers and farmers. Today there is uncertainty as to whether or not there will be enough of these products available to carry out some of the programs that have already been started in

this country and others. This situation could have a desirable effect on dairy prices in the months ahead.

It was also reported that 100,000 calves have been shipped from this country to France.

It was interesting to hear that dairying in the southern part of our country is undergoing some drastic changes today. High costs of feed and many other projects are causing many of these people to go out of business. Some of those that remain are beginning to run more and more cows in their dairy operation. This could have a serious effect on themselves, but ultimately mean good for dairying in the midwest.

Judging from the talk, we would not suggest that any Wisconsin farmer double his herd, or tool up for an ever increasingly large milk market. But it would appear that there are some forces and situations beginning to exert themselves, which could have a desirable effect on marketing in the midwest.

Indians Bombard Washington, 89-62

In Scenic Moraine conference action Friday night the Kewaskum Indians overwhelmed Washington High of Germantown, 89-62 on the home floor in the last contest until after the holidays. The win gave the Indians a 3-1 record and they retained their second place tie with Campbellsport and Random Lake.

Kewaskum outscored Germantown by large margins in every quarter and after the half it no longer was a contest. The Indians outpointed the Warhawks 20-14 in the first period and 23-15 in the second quarter to lead 43-29 at the intermission. The winners increased their margin to 68-48 in the third period and went ahead by 27 points as the game ended. Kewaskum continued to pour it on, even after losing three players on personal fouls.

The Indians had too much manpower for the Warhawks, placing 10 men in the scoring column, as they hit Germantown with a 46-point second half. Jim Oelhafen was the hub of the Indians' attack as he scored 20 points, followed by Bob Miller with 15. Stuetgen was the visitors' top scorer with 18 points and Heile had 11.

Grafton, last year's champ, and favored to repeat this season, won its fourth straight game, handing Random Lake its first loss, 55-42. Campbellsport won its third tilt, in four outings barely getting past North Fondy, 64-58. In the other contest Friday, Pewaukee handed

Slinger its fourth loss, 60-54.

Kewaskum will resume play on Jan. 5, hosting Lomira in a non-conference game, and will go to Pewaukee for a conference tilt on Friday, Jan. 8.

Looking Thru the Field Glasses...

By Bob Lake, Conservation Warden, Washington County

ROBERT EWERT KILLS NICE DEER IN MAUTHE LAKE AREA

Robert Ewert, Allenton, killed a nice doe deer in the Mauthe lake area this past Sunday. At the same time four were killed on the highways, one at the Dodge - Washington county line, another on Hwy 83 just south of Hartford, the third on Hwy. 60 near Pike lake and the fourth on CTH (G) just north of Kewaskum.

Law enforcement agencies in Washington county have received in the past two seasons many complaints of the theft of traps and fur. It seems to be getting worse, either new trappers have moved in, or they travel a larger area than a few years ago. One local trapper found both his trap and a mink missing when he inspected his line. In the vicinity he found

a trap with tag attached that had been dropped by another. He feels that he knows the identity of the thief.

Be prepared to furnish your social security number when you apply for your 1965 fishing license. This not only will help the conservation department to identify out-of-state residents, but the tax department as well. Many out-of-state residents wish to give Wisconsin as their address when they purchase a fishing license, but not when it comes to paying income tax.

The 1965 fishing license as well as the 1965 fishing regulations will be available at the majority of license depots in the county this weekend.

There are a few changes such as the bag and possession limits on panfish. In 1965 you're allowed up to 50 a day. This limit applies whether the catch is a mixed bag of crappies, bluegills, perch and sunfish, or whether all the fish are one of these species.

The sturgeon spearing season on Lake Winnebago will be from Feb. 13 to March 1 inclusive. On Lakes Butte des Morts, Poygan and Winneconne there will be a two-day season, Feb. 13 and 14.

All live boxes or cribs that are used for the purpose of storing fish, (and this includes minnows) must have attached thereto in such a manner as to be readable and legible at all times a tag, of permanent material, bearing the

name and address of the owner or user.

Looking Back Over 1964

1964 is about over and it is a gain time to look back over the year and evaluate what has been accomplished and where we have failed to meet our goals.

I have again had the opportunity to meet many new people and recall many pleasant experiences.

Most of the people we meet in this business of conservation law enforcement are high caliber individuals, good sportsmen, and law abiding citizens. We work for these people and it is a pleasure to help them in every way possible.

We believe more people than ever have attempted to live up to the law to the letter. They study the regulation pamphlets carefully, and if after careful study they still do not fully understand the regulation, they get in touch with the warden for clarification before

they go hunting or fishing.

There has again been a very noticeable increase in the information and assistance received from the public and I assure you it is sincerely appreciated. To each of you who has seen fit to help me and conservation during 1964, my sincere thank you.

We have indeed made some progress in 1964; there is, however, still a long way to go.

I want to take this opportunity to wish each of you the best of everything in this holiday season.

Experts say doodles determine your personality. Produce birds and animals and you are affectionate... If you scratch out arrows, you have a goal in life... Pitch in and Help!

You, your friends, your fellow Americans are the people the hungry must depend on to send CARE Food Crusade packages to them.

Because world hunger is acute, our Government donates farm abundance as Food for Peace. But it takes money for CARE to add other foods, pack various units for different countries, make deliveries to those who need help most.

Every dollar you give sends one package, an average 27 lbs., clearly marked as coming from America. Even more, your CARE packages are personal gifts, presented with your name and address. You nourish schoolchildren and infants, orphans, refugees, disaster victims, destitute families. Please care... Pitch in with dollars, so others may eat. Mail your contribution now.

You are America to the people CARE feeds — Every dollar sends a big food package in your name

CARE's American staff abroad directs deliveries. You may select: Afghanistan/ British Honduras Chile/ Colombia/ Cyprus Greece/ Haiti/ Hong Kong India/ Iran/ Jordan/ Korea Macau/ Mexico/ Pakistan Poland/ Sierra Leone/ Tunisia Turkey/ Vietnam/ Yugoslavia

Miller's to Be Well Represented at Home Furnishings Market

Miller's of Kewaskum will be well represented at the International Home Furnishings Market to be held at the American Furniture Mart and Merchandise Mart in Chicago Jan. 3 to 9.

Major objective of this trip is to inspect the latest patterns and designs in furniture and other home furnishings on display there by the world's leading manufacturers and to select the newest and best of these styles for their clientele. Ever since the American Furniture Mart and Merchandise Mart were built, Chicago has been the world's leading distribution and marketing center for furniture. Furniture on display there is being demanded increasingly by retail merchants from all parts of the world.

In connection with his trip E. E. "Pat" Miller said: "Our customers are more discriminating than ever before and our policy will always be that nothing is too good for them. We pledge to them that our selections will be made from the finest and most complete collections available in the world and that in choosing style and quality for the new selling season we will keep their tastes, their needs and their pocketbooks uppermost in our minds."

More than 1,250 different lines of furniture and other home furnishings are on display at the show in Chicago. They are the products of the largest and most progressive manufacturers in the multi-billion dollar home furnishings industry. As a result of these displays, Chicago has become to the home furnishings business what Paris has been to women's fashions, Bond street to men's clothing and Detroit to autos.

The trouble with putting in your two cents worth in this day and age is that it costs five cents for you to mail it.

Home Decorating Contest Prize Winners Named

Prize winners in the Christmas home decorating contest in the village have been announced by the Kiwanis club, sponsor of the contest. Judging of the homes took place on Monday evening, Dec. 28.

The contest featured four categories: door, religious, window and general decorations. Cash prizes were awarded to all winners in the three categories. Winners selected by the judges were as follows:

Religious—1st, Alex Laubach; 2nd, Raynor Herriges; 3rd, Francis Gilboy.

Door—1st, Al Zehren; 2nd, Bruce Koth; 3rd, Ralph Marx.

Window—1st, Homer Schaub; 2nd, Roger Groeschel.

General—1st, Richard L. Edwards; 2nd, Francis Bohn; 3rd, George Koerble.

An honorable mention was given to Fred Fehlhaber for the giant, beautifully lighted tree set up on his large hill, known as Keller's hill, on the village's east side. Donated by the elementary school district, the tree was put up by the village with the cooperation of volunteer workers. Visible for long distances, this tree atop the big hill added much to Kewaskum's Christmas appearance.

Residents of the village are to be complimented for their spirit, cooperation and enthusiasm in decorating their homes and business places for the holidays this year. More homes than ever before were decorated for Christmas and there were so many beautiful and original ones that selecting the winners was difficult. On the night of the judging Monday, your reporter also made a tour of every street in the village and roughly counted a total of approximately 250 homes and business places, a surprising number, which had put up special decorations for the season. This shows a wonderful spirit for a village of this size.

FIREMEN CALLED TO ERNST GRUBER HOME, SIRENS FAIL

Kewaskum firemen answered a call to the Ernst "Bob" Gruber home on R. 2, Kewaskum, about two miles west of the village, at 12:30 p. m. Saturday. A motor on a sump pump in the basement of the home caught fire, causing the basement to fill with smoke. A daughter of the Grubers, who were not home at the time, called the fire department. The only damage resulting was a burned out motor.

When the alarm was sounded, the village fire sirens failed to work and several firemen had to be called by telephone to answer the call. The sirens on the fire equipment were also sounded in front of the fire station and more firemen responded.

Slippery Highways Cause of Accidents

Mrs. Lillie F. Schmidt, 41, of R. 1, Cascade, incurred a bump on the head and a bruised left leg when her car skidded on icy pavement on County Trunk Hwy. S and struck the bridge about 600 feet south of the Fond du Lac county line at 7:30 a. m. last Thursday.

Kenneth O. Kirchner, 17, R. 1, Allenton, escaped injury early Monday when he lost control of his car on an icy curve on County Trunk Hwy. M at Pleasant Hill dr. and the vehicle went off the road and down a steep embankment.

Five persons suffered injuries in a four-car chain-reaction accident at 5:10 p. m. Saturday in front of Weiland's Recreation in West Bend. Taken to St. Joseph's Community hospital for treatment were Lois Moldenhauer, 20, West Bend, cut on the head and possible concussion; Vivian Laubach, 19, Kewaskum, shaken up; Mrs. Helen Bunke, 56, Jackson, sore neck; Mrs. Eleanore Horlamus, R. 5, West Bend, nose injuries, and Mathias Lechner, 74, Hartford, leg injuries. According to police, William V. Jaeger, R. 4, West Bend, traveling north, stopped his car to allow oncoming traffic to pass so he could turn into the Weiland driveway. Vehicles driven by Lechner, Miss Moldenhauer and Mrs. Horlamus braked behind Jaeger but the latter could not halt her auto fast enough to avoid striking Miss Moldenhauer's car and this started the chain reaction.

Miss Weiss Weds Ronald Backhaus

During a 10:30 a. m. Mass on Saturday, Dec. 26, in Immaculate Conception church, West Bend, vows were exchanged by Miss Patricia Weiss, daughter of Mr. and Mrs. Joseph J. Weiss, R. 3, West Bend, and Ronald L. Backhaus, son of Mr. and Mrs. Herbert Backhaus of R. 2, Campbellsport. The Rev. Charles Wester officiated.

A dinner for the bridal party at the Everglades in New Prospect preceded a reception at the Weiss home and a dance in the evening at West Park ballroom, West Bend.

Mr. and Mrs. Backhaus will reside in West Bend. The bridegroom, a graduate of Kewaskum High school and the United Schools of Electronic Trades, is an electronics technician at Globe Union. His bride, a Slinger High school graduate, is a deputy clerk of courts in the clerk of courts office at the courthouse in West Bend.

The white velvet bridal gown featured a round neckline and a floor length sheath silhouette skirt trimmed at the waistline with a tiny velvet bow. Alencon lace with tiny seed pearls encircled the waistline and also trimmed the edge of the three quarter length sleeves. A large bow held her chapel length train. Her three tier veil was attached to an aurora and pearl headpiece and she carried pink and red roses combined with holly and staphanotis.

Miss Carole Jean Backhaus, sister of the bridegroom, served as maid of honor while Miss Jackie Jones attended as bridesmaid. Both were gowned alike in dresses having a dark pink bodice of velvet and a light pink crepe sheath silhouette floor length skirt accented with a satin band which gave the gown an empire look. A bow and streamers accented the back. A cluster of roses matching the color of the gowns held a pe-

tal veil. Both carried pink and red roses with carnations on holly.

Little Miss Mary Margaret Bingen, cousin of the bride, the flower girl, wore a gown of white taffeta with a square neckline and puffed sleeves. The tiered, scalloped skirt was trimmed with three bows. She completed her attire with a tiny doll crown and carried a small bouquet like that of the bride.

For her daughter's wedding Mrs. Weiss chose a dark green velvet sheath dress with a scoop neckline and elbow length sleeves. A satin bow accented the waistline. Her shoes and accessories matched her gown. Mrs. Backhaus donned a deep red velvet gown with a matching jacket over a light pink bodice. Her shoes and accessories also matched. Both mothers had corsages of pink and red roses with white staphanotis on a holly background.

The best man was Joseph Weiss, Jr., brother of the bride, and the groomsmen were Mike McBride. Serving as ushers were uncles of the bridal couple, Lawrence Weiss and David Backhaus.
