Girl Scouts to Be Guests of Woman's Club on March 13

ANNUAL SENIOR GIRLS TEA IS FINE SUCCESS

On Saturday, Mar. 13, the Girl Scouts will be guests of their sponsors, the Kewaskum Woman's club. Guest speaker will be Miss Betty Payne, Girl Scout executive of Wau-Bun Council, Fond du Lac.

The annual senior girls' tea held recently was a great success. Over 100 members and guests attended. The guest speaker, Mrs. K. Testwuide, Sheboygan, directed an inspiring talk to the girls. She impressed upon them that even though they will not reach voting age for approximately four years, they should begin to think now of social responsibilities. Among those responsibilities and obligations enumerated were jury duty, the responsibility of voting on governmental measures, family decisions that will affect their lives and the possibility of military service affecting their family through their husband.

Our newest member, Mrs. Marshall Boyd, was accepted and welcomed by the members.

Hostesses for the Mar. 13 meeting will be Mmes. R. Schmidt, E. M. Gnacinski and C. M. Rose.

Lamb or Lion?

March came in more like a lion than a lamb Monday. The weather was mild with temperatures in the low 40's, but high winds and rain made it a blustery day. And it has continued bad and sloppy ever since. The entire week has been one of continuous cloudy weather with much rain, sleet, snow, ice, blowing, thawing and flooding. The rain, snow and thawing have caused rivers to overflow their banks, small lakes and ponds in low spots, roads under water in places, and wet, slushy streets and yards. March came in like a lion and probably will go out like one, roaring all the way.

The driver who uses his head is far less apt to get it injured. According to the Institute for Safer Living of the American Mutual Liability Insurance Company, the head is the most vulnerable part of the body in most traffic accidents. Studies indicate that up to 70 per cent of all auto injuries occur to the head and neck. Seat belts offer the best preventive measure. They restrain head and body from being thrown against parts of the car, especially windshield and instrument panel.

The itch for publicity gets a lot of people sooner or later, but it usually gets them.

Patricia Edwards Is Bride

Vows were exchanged in a 4 p. m. ceremony at St. Lucas Lutheran church, Kewaskum, on Saturday, Feb. 27, by Miss Patricia E. Edwards, daughter of Dr. and Mrs. R. G. Edwards, 1121 Fond du Lac ave., Kewaskum, and Dr. Joseph C. Darin of 10110 W. Vienna ave., Wauwatosa, son of Mr. and Mrs. Eugene J. Darin of Hurley, Wis. The Rev. Donald Bitter, pastor, and the Rev. Arnold Schroeder of Milwaukee officiated.

White and blue flowers decorated the altar and Communion rail. During the service Mrs. Marvin Kleinke, Kewaskum, sang two vocal solos, accompanied at the organ by Mrs. Winferd Walvoord, Kewaskum.

Following the ceremony a reception was held at the Linden Inn for 300 guests.

The bride's gown of candlelight silk faced peau du soie was fashioned with long sleeved bodice trimmed with pearl studded re-embroidered alencon lace, Sabrina neckline and long sheath skirt. A panel of re-embroidered alencon lace studded with pearls covered a chapel length train. Her tulle bouffant veil of imported illusion was gathered to a high open crown of matching alencon lace and pearl trim, same as the gown. She carried a semi-colonial bouquet of white mums and white roses.

Her attendants, Mrs. Eldon Ramthun of Kewaskum, sister of the bride, as matron of honor, and the bridal aides, Mrs. Jules Dreher of Kenosha, another sister, and Miss Dianne Hill, a friend, and an airline stewardess of Redwood City, Calif., were gowned alike in candlelight chromspun acetate sheath gowns with a full length overskirt. The fitted bodices had elbow length sleeves and a Sabrina neckline. A crown of tulle in wedgewood blue secured their face veils. Blue mums, deep blue hyacinths and white stephanotis made up their bouquets.

Lucian M. Darin, brother of the bridegroom, served as best man, while Dr. Larry C. Carey, a friend, and Richard L. Edwards, brother of the bride, acted as groomsmen. Guests were seated by William A. Edwards, another brother of the bride, and Allen Tassar.

Following their return from a wedding trip to California, Dr. and Mrs. Darin will be at home at 10110 W. Vienna, Wauwatosa. He is a graduate of Hurley High school and Marquette university. Dr. Darin is assistant professor of surgery at Marquette university and teaches surgery at Milwaukee County hospital. His bride, a graduate of Kewaskum High school and the Milwaukee County School of Nursing, is a registered nurse.

Cattle feeders will find the price situation improved somewhat during the coming year, but farmers shouldn't look forward to large improvements, say Vern Schneider and Dick Vilstrup, University of Wisconsin livestock marketing specialists. Fed cattle prices will probably follow the pattern of 1964 but should level out before reaching the lows of last year.

Cedar Lake Home Auxiliary Meets

OFFICERS ELECTED AT ANNUAL SESSION

On Wednesday, Feb. 24, the members of the William Koehl Working Auxiliary held their seventh annual meeting at the Cedar Lake Home for the Aged.

A report of the past year's activities was presented by the outgoing president, Miss Doris Friedemann. Noted was the increase in auxiliary services to the home's residents each year of the organization's history.

New officers elected at this meeting are Mrs. Dolores Kruepe of Jackson, president; Mrs. G. Strodhoff of West Bend, vice president; Miss Doris Friedemann of Kohlsville, director. Miss Hattie Smithers and Mrs. Florence Welch of West Bend will continue as secretary and treasurer as will directors Mrs. Hattie Wetterau of Richfield and Miss Esther Frank of Hartford.

The auxiliary welcomes women of all faiths to participate in its work among the aged. MEMBERS TRY TO CONTRIBUTE FOUR hours a month at the home in a great variety of activities. Those unable to work at the home are given projects which they can work at in their own homes.

Whatever happened to that quaint, old-fashioned custom of referring to Dad as "the head of the house?"

Life would be a lot simpler without so many organizers.

CONCRETE ON FARMS

Last week we attended a fine meeting with the concrete products people of West Bend, concerned with the uses of concrete around farms. I would like to comment on a couple of important things that were said that night.

There was a time when we would have hesitated to recommend that a farmer invest in a quarter acre of concrete for the benefit of his cattle, but this is no longer the case. We think he ought to have whatever he needs to have 100 square feet of paved barnyard per cow.

Bill Roper, engineer of Portland Cement association, was on the program and talked about a research project conducted in Iowa. Two groups of steers were tested, both handled exactly the same way, except that one was on concrete and one was in the "souphole" that we see in some barnyards in the spring of the year. The group in the mud ceased to gain weight; as a matter of fact they actually lost weight until they were taken out of the mudholes. The group on concrete continued to make gains at the rate of about 2 1/2 lbs. per day per animal. This, in our opinion, makes the use of concrete in the barnyard a very desirable thing.

Maybe a farmer ought to consider also that this is one of the good ways to help prevent mastitis.

FEEDING CATTLE OUTSIDE

I had an interesting visit last week with a man who wants to locate a new silo in his barnyard in order to do a proper job of feeding his cattle. He questioned whether cattle can be fed outside the year around, and the answer is yes. While we know there are days of rain, snow, blizzards and 25 below zero, when the cows may be a

little uncomfortable, we haven't seen enough bad days in the last few years for some of our dairymen to be driven to the point of trying to feed their cattle inside. A few of these men feed their cattle their silage outside every day regardless of the weather. I think this is a good idea. Naturally when the weather is exceptionally bad, the cattle stay out but a minimum of time. On nice days, even though cold, they can stay out longer.

The thing we like about this man's idea is that he wants to locate this silo in a way which will cut down his labor. Also important, he wants to allow for expansion if he feels he wants to expand in years to come. We think this is a step in the right direction. Build in your expansion areas now as you are making improvements, so that in the event you want to add more cattle you have not blocked yourself in and made it difficult to do so.

KETTLE MORAIN SLIDES

Some time ago we reported that we had a group of interested people studying the formation of the Kettle Moraine country as we know it in Washington county. During field trips and later, we accumulated a set of 21 slides, to which we have added a narrative, and a glossary of terms not ordinarily used in our conversation.

"A Picture Study of the Kettle Moraine" is available without cost to groups who would like to use them. If you are interested in this program, call the extension office (FE 4-3491, ext. 63) to reserve a

date. This is a fine set of pictures, and the information will give you a background for understanding the formation of the Kettle Moraine.

NAME OMITTED

In last week's column we carried a story about several herds of dairy cattle in Washington county that averaged over 500 lbs. of butterfat for the previous quarter. One name was inadvertently omitted, for which we apologize. This is Garvin Pickhard, now farming in the general area of Neosho, who tests his herd on the standard program in Washington county.

Garvin's herd averaged 516 lbs. of butterfat in that quarter, a fact of which he is justly proud. Congratulations, Garvin, for doing a nice job with your dairy herd.

We like to think that this kind of production will be a real challenge for a lot of herds in a lot of counties today. We know that to be efficient, dairy herds have to be in this production category.

An average of \$12.6 million a day in health insurance benefits was paid to the American public by first insurance companies in the first nine months of 1964, the Health Insurance Institute reports. This was an increase of 31.3 million a day over the comparable period of 1963. The 1964 payments were ahead of the previous year for all five types of health insurance—hospital expense, surgical expense, regular medical expense, major medical expense, and loss-of-income insurance.

SPEARS ILLEGAL; COUNTY HAS FOUR FISH REFUGES

Last Sunday evening a doe fawn was killed by a car on Highway 83 just south of Highway 67, and on Monday morning a large doe was hit on Highway 41 near CTH (H). This is the third car kill in the county this year.

It is illegal to have a spear in possession in the vicinity of lakes and streams, (either day or night), in Fond du Lac, Ozaukee and Washington counties from March 2 to April 20, inclusive.

There are four fish refuges in Washington county. Gilbert's lake in the town of West Bend is closed to fishing at all times. Cedar Creek between Big and Little Cedar lakes, and the Rubicon river from 500 feet above the Pike lake dam, downstream to the St. Paul Railroad right-of-way are closed to all type of fishing from March 1 to May 8, inclusive. The Milwaukee river from the Newburg dam downstream for 300 feet is closed from March 1 to April 15, inclusive.

325 Sturgeon Taken on Small Lakes During Two-Day Season

Now that some of the data has been reviewed from the sturgeon season of Feb. 13 and 14 on Lakes Poygan, Butte des Morts and Winneconne, we thought you might be interested in some of the information we have received.

There was a total of 325 sturgeon registered on the small lakes mentioned. Lake Poygan produced 320, Lake Butte des Morts 4 and

Lake Winneconne produced 1.

On Saturday, Feb. 13, 232 fish were taken on Lake Poygan and 88 on Sunday, Feb. 14.

The largest fish speared was a 106 pound sturgeon on Lake Poygan, and to date a 143 pound sturgeon has been taken on Lake Winnebag. There has been a rather large number of fish registered in the 100 pound class from the big lake.

An aerial count disclosed 1,370 shanties on Lake Winnebag, 1,195 on Lake Poygan, 49 on Lake Winneconne and 134 on Big Lake Butte des Morts. Another aerial count of shanties will be taken on Lake Winnebag to determine the increase over and above that shown on the opening weekend. This should be substantial.

A number of arrests were made for sturgeon violations.

MOVIES WILL BE SHOWN AT SPORTSMEN'S MEETING

The Kettle Moraine Sportsmen's association of Kewaskum will meet at 8 p. m. Tuesday, Mar. 9, at the Legion clubhouse. Hunting and fishing movies will be shown by "Buck" Weis. Lunch and refreshments will be served. All members and non-members are welcome.

All Easter Seal financing in Wisconsin, with the exception of bequests and special earmarked donations, originates on a county basis with county units retaining a minimum of 60 per cent of the Easter Seal dollar for their own county projects.

According to an American Medical Association news release, the athlete—including the week-end golfer or skier—who experiments with pep pills, whiffs of oxygen, odd dietary supplements and other such fads in the hope of improving performance is doomed to disappointment and may even be courting bodily harm. It adds that for safe and effective performance there still is no alternative to the

fullest utilization of one's natural resources through good personal health practices, top physical conditioning and confidence in one's ability based on careful coaching and good medical supervision.

Be careful about making promises; some of them can be collected in court.

Indians Win Tourney Opener, Play Horicon in Sub-Regional Finals

WINNERS AT HORICON AND GRAFTON PLAY REGIONAL FINALS HERE SATURDAY

The Kewaskum Indians thumped Slinger, 79-62, in the opening round of the WIAA sub-regionals of the State Basketball Tournament at Horicon Tuesday night. In the first game of the evening at 7 p. m. Horicon of the Little Ten conference, which had not won a game in two years and had an 0-15 record this season, stunned Campbellsport, 60-57, for their first win of the season. Quite a few Kewaskum rooters attended the games.

Kewaskum advanced to the sub-regional finals at Horicon on Friday night when they will face the Marshmen in the championship game at 8:30 p. m. Campbellsport and Slinger will play a consolation game at 7 p. m. Winner of the Kewaskum-Horicon sub-regional championship game Friday will advance to the regional playoff contest in Kewaskum Saturday night at 7:30.

In the regional championship playoff here Saturday night, the Horicon sub-regional winner,

which will be either Horicon or Kewaskum, will meet the winner of the Grafton sub-regional, which will be either Grafton or Oostburg. In the sub-regional opening round at Grafton Tuesday, Oostburg defeated Random Lake and Grafton shaded Cedar Grove. Grafton is the champion of the Scenic Moraine conference, in which Kewaskum and Campbellsport tied for second.

Winner in the regional finals in Kewaskum Saturday will advance to the sub-sectional playoff at Port Washington on Tuesday, Mar. 9, where they will play the winner of the Homestead regional meet. In sub-regional playoffs at Homestead Tuesday Menomonee Falls beat West Bend, 77-70, and Hartford topped Hamilton, 72-56. Friday Menomonee Falls meets Port Washington and Hartford faces Homestead. The two winners will square off for the regional title Saturday night at Homestead.

Kewaskum's victory over Slinger at Horicon Tuesday was a methodical one. The determined Indians opened up a lead from the

start and coasted in thereafter. Kewaskum led 26-20 at the quarter and then took a comfortable 48-31 advantage at the intermission. The Owls still trailed at the third period's end, 62-48, and at the final horn the Indians were ahead by 19 points. Coach Walt Bade did frequent substituting in the second half. Bob Miller and Bob Coulter supplied the scoring punch for the victors as they notched 19 and 18 points, respectively. Schmidt with 13 points, F. Gundrum with 12 and Ciriacks with 10 led Slinger.

In Horicon's upset over Campbellsport in the opening game, the Marshmen trailed until the final 27 seconds and then Mike Kasten sank a pair of free throws for his only two points to send Horicon into victory. The Bells led going into the final quarter, 50-44. Dave Mieschke, a 6-7 center for the Marshmen, heaped up 17 points. Kewaskum will be up against him Friday night. Jensen led the Bells with 17 points, while high scoring Wolfe was held to 6 points.

Indians Defeat Rams, Warhawks, Tie for Second

WIN TWO GAMES OVER WEEKEND TO SHARE 2ND WITH CAMPBELLSPORT

The Kewaskum Indians finished the Scenic Moraine conference season in a blaze of glory by winning two games over the weekend to gain a second place tie with Campbellsport in the final standings. Each team wound up with a 9-5 record behind champion

Grafton (13-1).

Playing at home Friday, the Indians avenged an earlier setback at Random Lake by thrashing the Rams in convincing fashion, 76-49. The loss dropped the Rams to fourth place. In another home contest Saturday night, which was a make-up of a postponed game, Kewaskum won another easy one over Pewaukee, 79-63. The Indians, who were strictly rated as also-rans in pre-season predictions, proved to be the surprise team of the conference. They came on strong late in the season to gain the second spot tie. And most of the team will be back next season.

Random Lake had a cold first quarter and the Indians took a commanding 19-4 lead. The visitors narrowed the gap somewhat to 37-26 at halftime but Kewaskum increased it to 52-37 in the third period. The Indians outscored the Rams again 2 to 1 in the final quarter, 24-12, to win by a sizable 76-49 margin. Seniors Bob Miller with 27 points and Jim Oelhafen with 22 paced the winners. Arredondo's 24 points were best for the losers. The Indians were a hungry squad as they scrapped and positioned themselves for points and rebounds.

In other season ending games Friday by remaining Scenic teams, Grafton continued its point blitz by burying North Fondy, 92-56. Campbellsport trimmed Slinger, 85-61, and Pewaukee bested Germantown, 65-57.

Superior depth added the decisive factor as the Indians clinched a share of second place by belting Pewaukee Saturday

night, 79-63. With the runnerup spot at stake, the Indians outscored Pewaukee in every quarter. The Warhawks stayed in the running for three periods but then Kewaskum's depth took its toll. The Indians led by 3 points, 16-13, at the quarter and 35-30 at halftime. They moved ahead by 7 points, 56-49, in the third stanza and then outpointed Pewaukee 23-14 in the final period to win by a 16 point margin. Kewaskum's deadly free throw shooting helped considerably. They sank 29 to only 19 for the losers. Bob Coulter led the way for the Indians with 23 points, followed by Bob Miller with 18. Schaefer, with 24 points, and Becker with 14 paced the Warhawks.

LENTEN MEALS

Filling Fare From The Sea

Salmon Loaf Supreme makes a delicious virtue out of a necessity, or a preference, for meatless meals. The recipe, as developed by the Borden Kitchen, links pungent good taste with high protein. It's an ever-ready meal since most of the ingredients—canned salmon, nonfat dry milk and dehydrated minced onions—are pantry-shelf favorites.

Salmon Loaf Supreme (Makes 5 to 6 servings)

- 1 (1 pound) can salmon, well drained
- 1-1/2 cups liquefied Starlac nonfat dry milk
- 1/4 cup green pepper, finely chopped
- 2 eggs, beaten
- 1-1/2 cups fine dry bread crumbs
- 1 teaspoon dehydrated minced onion
- 1/4 cup butter or Danish Margarine, melted

Carefully remove bone and skin from salmon. In a mixing bowl combine salmon, nonfat milk, green pepper, eggs, bread crumbs, onion and melted butter. Mix well. Lightly pack into well-buttered 9 x 5 x 3-inch loaf pan. Bake in a moderate (350°F.) oven about 50 minutes. Remove from oven; let stand on wire rack for 10 minutes to set. With a spatula or knife loosen loaf from sides of pan. Turn onto a platter. Top with Gruyere Cheese Sauce.

Gruyere Cheese Sauce (Makes 1 cup)

- 1 tablespoon butter or Danish Margarine
- 1 tablespoon flour
- 1-1/2 cups liquefied Starlac nonfat dry milk
- 1/2 teaspoon salt
- Dash white pepper
- 6 (1-oz.) packages Gruyere cheese, cut into small pieces

In a small saucepan melt butter over low heat. Blend in flour. Remove from heat. Gradually add nonfat milk. Cook over low heat; stir constantly until smooth. Mix in salt, pepper and cheese. Cook 20-25 minutes longer; stir occasionally.

If your husband won't get up, pull the plug on his electric blanket.

Sometimes it's the only way. People with electric blankets just don't want to get out of bed on cold, wintry mornings. But they can't wait to crawl into a toasty pre-warmed bed at night. Dialed to just the temperature they like. A feather-light electric blanket keeps them warm

without being buried alive under ordinary blankets. (Too bad they can't stay awake to enjoy it.) If your husband doesn't have an electric blanket, get him one today. But make him promise he'll get up and go to work tomorrow. Or you'll pull the plug.
