Dairy Day Is Fine Success Although Hampered by Rain

Carol Schmitt
Crowned Queen

**MANY SEE FINE PARADE;
TESSAR WINS MILKING
CONTEST; PRIZES GIVEN**

Kewaskum's 7th annual Dairy Day event Saturday was a fine success despite the fact that rain in the morning and near the end of the parade dampened the festivities, the ground and the spirit of those in attendance.

The parade, which opened the day's program at 1 p. m., was a good one and had numerous entries, including some beautiful floats, the high school band, Legion post's color guard, fire department with an old 1915 Model T Ford fire engine and man-drawn fire fighting unit of a bygone era, 4-H clubs, candidates for dairy queen in convertibles, scouts, dairy entries, horses and horse-drawn units, numerous children's groups, old time cars, and other units. The parade started at the high school and wound up at the rear of the L. Rosenheimer store. A heavy rain as the parade was nearly completed soaked most of the participants. A large crowd was on hand for the parade and Main st. and Fond du Lac ave. were lined with cars but the rain chased many away.

Parade float prizes were won by the Kohlsville Pioneers 4-H club, first; the Bartoneers 4-H club, second, and the Kewaskum Future Farmers of America, third. Floats were entered from as far away as Waldo and Germantown.

Later the sun came out again and the scheduled program on the Rosenheimer parking lot went ahead as scheduled after some de-

lay. Free orange drink and ice cream bars were given away. The feature of the program was the milking contest at 4 p. m. between Dave Twohig, Campbellsport village president, and Wayland Tessar, Kewaskum president. Twohig arrived in formal dress on a motorized cart with his second and handler, Joe Klotz. On the back of his handler's sweatshirt was printed "Twohig the Terrible." Klotz donned his would-be champion with white apron and hat, mopped him with sponge and towel and supplied him with all other necessary equipment. He also helped cheat a little on the other side of the cow.

The contest was all in fun with a lot of horseplay, brought out loads of laughs and was thoroughly enjoyed by the large crowd of spectators. From where we stood there was also plenty of cheating going on, even so far as to steal the milk from one pail and pour it into the other. Tessar was finally declared the winner in a "tight squeeze" and would have won handily if he had not squirted so much milk into the crowd. Twohig took the defeat gracefully with the remark, "there's no use crying over spilled milk."

The contest was under the direction of Roy Esser, high school agriculture instructor, and master of ceremonies, who also taught Tessar all of the tricks of the milking trade in one brief lesson. Dr. Charles Ogi gave the three Brown Swiss cows provided by Auctioneer Ernie Kueffner of Hartford, a check before the contest and helped "keep the contest legal." The Brown Swiss stood quietly and seemed to enjoy the proceedings as well as

MISS CAROL SCHMITT

(Miller Studio photo)

AFS Student Pat Mitchell to Sail For Italy June 28

Patricia Mitchell, daughter of Mr. and Mrs. Ernest Mitchell, Kewaskum, who has been chosen by the New York office of the American Field Service to represent Kewaskum Community High school in Italy, has been notified that she will be sailing from New York on June 28. Pat will leave Kewaskum on June 27, fly to New York from Milwaukee, stay over night in New York, and be on her way to Europe the next day.

When she arrives in Italy, she will be spending the summer in Ancona, Italy, a port city on the Adriatic Sea, with the Andrea Novelli family. The family makes its home in an apartment facing the sea.

Mr. Novelli is a forwarding agent and works in the port area of the city. The mother of the family is a housewife, and there are two children, Silvia, age 16, and Stefano, age 10. Two members of the family speak "a little English."

Pat has received several interesting letters from the American Field Service *Associazione Italiana* in Milan, Italy. She is presently following one of their recommendations and is trying to complete a 40 lesson Italian language course in the next two weeks. She has also been reminded by this office that the AFS spirit is to give people a better understanding of one another, and along with this a better understanding of the reasons behind different ways of thinking and behaving.

This should be an exciting and rewarding summer for Pat, and Kewaskum will be looking forward to sharing her experiences when she returns.

Reward Offered

Help save your life and the lives of your loved ones! The blood bank is in desperate need of donors. Anyone who contributes to the bank builds up a reserve that may be used in the future. Remember, you may be a victim tomorrow of some unknown tragedy. Act today and be alive tomorrow!

The blood center will be in Kewaskum Monday, June 21. It will be held at the Kewaskum Community High school gym from 2 to 6

Fredric Seefeldt of Kewaskum to Be Ordained Into Ministry Sunday

Melvin Riley Resigns From School Board

**APPOINTED PRINCIPAL OF
NEW WEST BEND SCHOOL; IS
SUCCEEDED BY MRS. MISKE**

The board of education of Kewaskum Community High School Joint District No. 2 at a special meeting on June 2, accepted the resignation of Melvin Riley from the school board. To fill his unexpired term, the board appointed Mrs. Edgar (Zona) Miske of the town of Wayne.

Mr. Riley has served on the Union High School board since its inception and has been the director of the board for 10 years. Mr. Riley's resignation was due to the fact that he is changing his residence from the town of Farmington to the city of West Bend. He was recently appointed principal of West Bend's new Silver Brook school.

Begin Swimming Program June 21

**REGISTER FOR LESSONS
ON SATURDAY, JUNE 19**

The village of Kewaskum will again sponsor a summer swimming program and instruction at the beach in the village park starting on June 21. Instructions will be under the direction of James Becker, an accredited instructor.

Registration will be held in the council room of the municipal building on Saturday morning, June 19, from 9:00 to 11:30 a. m. Because classes must be limited as to size, children living in the village of Kewaskum will be given preference. Children must be at least six years old on date of registration. The tentative schedule for lessons is as follows:

First 4 weeks starting June 21—
Beginner 1, 9:00 to 9:30 a. m. and 10:00 to 10:30 a. m. Beginner 2, 9:30 to 10:00 a. m. and 10:30 to 11:00 a. m. Intermediate, 11:00 to 11:30 a. m.

Second 5 weeks starting July 19—
Beginner 1, 9:00 to 9:30 a. m. Beginner 2, 9:30 to 10:00 a. m. Intermediate, 10:00 to 10:30 a. m. Swimmer, 10:30 to 11:00 a. m. Junior and senior lifesaving, 11:00 to 11:30 a. m.

No other swimming other than lessons will be allowed on weekday mornings. Open swimming in the afternoon and all day Saturday and Sunday. These rules will be strictly enforced by the lifeguards.

**MISS JEAN RAHN
ENGAGED TO WED**

At a graduation party in her honor last Wednesday evening, Mr. and Mrs. Steve Rahn, Kewaskum, announced the engagement of their daughter, Jean, to Allen Amerling, son of Mr. and Mrs. Arnold Amerling, R. 2, Kewaskum. A fall wedding is planned.

p. m. For further information call Henry Rosenheimer, 626-2131 or Mrs. Ned Sengpiel, 626-2015.

**ACCEPTS CALL TO SERVE
AS ASSISTANT PASTOR OF
NEENAH LUTHERAN CHURCH**

Trinity Lutheran church, Seventh ave. at Elm st., West Bend, will observe Trinity Sunday, June 13, with three festival services marking the occasion of its first ordination. The ordinand, Fredric A. Seefeldt, a member of Trinity Lutheran, was awarded the Bachelor of Divinity degree by the Lutheran School of Theology at their commencement on May 20, 1965.

Mr. Seefeldt will be ordained into the ministry by the Rev. Theodore E. Matson, D.D., president of the Wisconsin-Upper Michigan Synod of The Lutheran Church in America, at a 2:30 p. m. service.

The ordination service will be preceded by two festival services in the morning at 8 a. m. and 10:30 a. m. The Rev. K. E. Irvin, S.T.D., D.D., pastor emeritus of the Illinois Synod of the L.C.A. will be the guest preacher at the 8 o'clock service. The Rev. Doctor Irvin will serve as the sponsor of Mr. Seefeldt in the ordination service.

The guest preacher at the 10:30 service will be the Rev. Armin Geo. Weng, Ph.D., D.D., administrative head of The Lutheran School of Theology at Chicago, Maywood Campus. The Lutheran School of Theology is one of the ten seminaries operated by the synods of The Lutheran Church in America.

The Wisconsin-Upper Michigan Synod, of which Trinity Lutheran is a member, is one of the thirty-one constituent synods of The Lutheran Church in America. These synods covering the United States, Canada and the Caribbean are comprised of some 6,200 congregations and 7,000 pastors, educators and missionaries.

In addition to their seminaries, the synods are also responsible for the support and maintenance of twenty-one colleges and universities in the United States and Canada. One hundred and sixteen institutions of mercy and eighty summer camps are also supported by the synods.

The Lutheran Church in America made up of some three and a quarter million members also maintains and supports missionaries and younger churches located in fifteen countries around the world. The largest of the Lutheran groups in the United States, it has its headquarters in New York City.

Mr. Seefeldt, the son of Alfred H. Seefeldt, is a resident of Kewaskum and a graduate of the

(Continued on page 2)

25 Years Ago

Mr. and Mrs. Chas. Groeschel received word of the death of Mrs. Sophia Groeschel, 85, widow of John Groeschel, former residents of Kewaskum many years, which occurred at the home of her daughter, Mrs. Selma Conklin, at Ladysmith. Mr. Groeschel was formerly employed at the Rosenheimer Malt & Grain Co. many years and they resided on Railroad st.

Lehman Rosenheimer, Jr. accompanied Fred Lueneberg of West Bend to Pennsylvania over the weekend, from where they returned with a new Cub trainer plane which the latter purchased from the Piper Aircraft factory. Lueneberg is flying instructor at the West Bend airport and Lehman is one of his students. Rosenheimer piloted the plane most of the way back and added 10 1/2 hours of flying. He now has 19 hours in and needs 16 more to be granted a pilot's license.

Rosella Hawig, daughter of the Jacob Hawigs of the town of Wayne, became the bride of Herbert Weske of Milwaukee May 25. Evelyn Butzke, daughter of the Henry Butzkes, R. 2, Campbellsport, was married to Wilson Oppermann, son of the John Oppermanns of the same address, also May 25.

Henry Fickler held a grand opening at Fickler's Grove and tavern, formerly Kohn's curve, on Hwy. 55, 1 1/2 miles north of Kewaskum, June 8 and 9. Good music and free hot lunch were furnished.

Fred Siegel and friend, Miss Patricia Buss, were to Milwaukee Saturday night to hear Orrin Tucker and his famous band, featuring Bonnie "Oh Johnny" Baker, appearing at the Riverside theatre.

Mr. and Mrs. Arnold Matthies moved from the Walter Belger farm at the east village limits into one of the apartments above Walter Schneider's tavern building. The apartment formerly was occupied by the Henry Kirchner family.

In a recent business transaction Edgar Sauter of Beechwood rented the J. F. Walsh tavern at New Prospect.

Three Kewaskum residents, Mrs. George Hansen, Mrs. Arno Matthies and Mrs. Loran Keller, underwent major operations the past week.

Chas. Groeschel, well known village resident, suffered a heart attack last Wednesday and is confined to his home, where he is getting along as well as can be expected.

OVER 50 YEARS AGO

Oct. 10, 1914

The first number of the Lyceum lecture course under the auspices of the Woman's club will be held in Groeschel's hall Monday evening. The Old Kentucky Jubilee quartette will furnish the program.

Born to Mr. and Mrs. Conrad Bier, an 8 pound daughter. We were wondering what caused the happy smile on Conrad's face of late.

A deal was made whereby John Brunner sold his livery barn, house and lot in the village to Westerman brothers of St. Bridgets. Mr. Brunner had been in the livery business here 17 years.

This village was stirred with excitement upon hearing that Frank Strube's hall at West Bend fell a victim of a fire for the second time within a year. Mr. Strube is a son-in-law of Mr. and Mrs. John W. Schaefer of this village. Only part of the dwelling was saved and the \$6,000 the place is insured for will not cover the loss. The fire was noticed at 5:15 a. m. and a short time later the entire building was in flames. The Strube family barely escaped, being forced to flee in night clothes. The fire started between the hall and saloon part.

DAIRY DAY

(Continued from page 1) anyone, munching hay and enjoying the band music. Kueffner was unconcerned about his prize cows, one of which is the top producer in the county and one of the 10 best in the state. Tessar was awarded a championship "trophy."

Greg Ogi, 9, son of Dr. Ogi, was declared the milk drinking champion of the day. He drank 14 glasses of milk in five minutes to cop the title and still had room to sample some of the free ice cream and orange drinks. Fifteen participants were awarded a gallon of ice cream each.

Dairy products were on display throughout the village and special sales were held at the business places. Cheese and crackers were served free in some establishments and there were other dairy products.

The evening program was held in the village park, where lunch and refreshment stands were in operation. The program began with a concert by the high school band at 7:30 p. m., followed by entertainment by Rusty Hagen, master magician.

Following the awarding of the Kiwanis conservation awards, the crowning of the Dairy Day queen took place. Carol Schmitt, daughter of Mr. and Mrs. Paul Schmitt was crowned queen by Christine Westerman, last year's winner. Jane Hiller was runnerup. Miss Schmitt received a government bond, waterless cookware set and a bouquet of roses. The other seven girls were given electric popcorn poppers by Regal Ware, Inc.

Honeck Chevrolet
KEWASKUM

The princesses included eight Kewaskum High school girls from the rural areas, namely Elaine Heinecke and Sandy Schrauth, freshmen; Sandy Jackson and Jane Hiller, sophomores; Jeyce Bruesel and Betty Spartz, juniors, and Carol Schmitt and Cheryl Timmermann, seniors. Voting for queen was done by dropping pennies in the boxes with the girls' names on them in a garden setting at the Kewaskum Floral Shop. Over \$168 was collected and will be used for the AFS fund.

To climax the evening over \$300 in valuable merchandise prizes, donated by businessmen, were given away in the park. Visitors registered for the prizes in the various business places throughout the day.

The Kewaskum businessmen extend their thanks to all persons who participated, attended and helped in any way to make the day a success.

FARM PROGRESS FIELD DAYS AT MANITOWOC JUNE 17-19

The annual Wisconsin Farm Progress Field Days is scheduled for June 17-19 at Manitowoc. Forage crops will be emphasized this year. Roughage will be harvested, and about everything new in the way of farm equipment and machinery will be on exhibit.

Several farms are being used as the site of these activities, which should be of interest to many people. Take any highway north to

Miss Kirsch Graduates With Honors As Medical Assistant

Career Academy, Milwaukee, announces the graduation of Miss Margaret M. Kirsch of R. 2, Campbellsport, as a medical assistant. She graduated with highest honors as valedictorian of her class. Miss Kirsch, a 1964 graduate of Kewaskum Community High School, was also valedictorian of her high school class at that time. Having completed the prescribed

course of studies at the academy, Miss Kirsch received her cap and certificate at the YMCA in Milwaukee. Margaret is the daughter of Mr. and Mrs. Arthur Kirsch of R. 2, Campbellsport, who attended the graduation on Saturday morning at 9 o'clock, which was followed by a luncheon at the YMCA.

Bob Berg Elected to Oshkosh U National Honorary Society

Eleven students and three staff members, including Robert D. Berg from Kewaskum, have been elected to membership in the Wisconsin State University-Oshkosh Gamma chapter of Alpha Kappa Delta, national honorary society in sociology, and initiated into the society according to Professor George D. Fay, group advisor.

Membership in the society is for life, and affiliation implies that the member will continue to carry on research work in the social sciences and render service to society. To be eligible for membership each candidate must have at least a general scholastic average of "B", as well as in all sociology courses.

President of the local Gamma chapter of Alpha Kappa Delta for the past year has been Barbara Schneider, Oshkosh. John D. Patterson, Green Bay, has been vice president and program chairman.

FOUR MILWAUKEE YOUTHS HURT IN CRASH NEAR HERE

Four young people were injured in a two vehicle crash at 6:50 p. m. Sunday about 1½ miles north of Kewaskum at the north county line road, known as the River road. The accident occurred when a car driven by Thomas K. Schultz, 19, of Milwaukee, and a pickup truck operated by Ervin H. Ramthun, 49, of R. 2, Kewaskum, col-

lided in front of the Earl Etta farm home, where the highway intersects with a side road.

Injured were Schultz who incurred shoulder and neck injuries; Janet A. Seaman, 18, Milwaukee; Catherine S. Ransom, 16, Milwaukee, neck and shoulder pains, and James R. Mann, 16, Brookfield, back and shoulder pains. The injured were removed to St. Joseph's hospital, West Bend, in the Kewaskum firemen's ambulance.

The two-party system is based on the assumption that neither my way or your way is necessarily the right way of getting the job done.

Bob Berg Awarded Oshkosh U Degree

Robert Berg of Kewaskum was listed among the 487 candidates for degrees from Wisconsin State University at Oshkosh. The 91st annual commencement ceremonies were held at the Jackson Street Athletic Field on Friday, June 4, at 10 a. m. Bob received the Bachelor of Science degree in secondary education, which was conferred by Dr. Roger E. Guiles, president of the university.

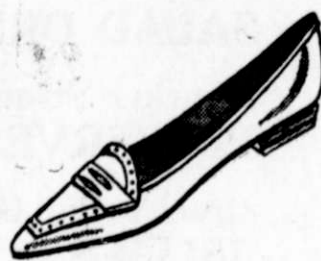

A reception was held for the graduates, parents and friends following commencement ceremonies, in the Albee Hall-Dempsey Hall areas on the WSU campus.

Bob has accepted a position as history and sociology teacher at Roosevelt Senior High school in Muskegon Heights, Mich.

BRIDE-TO-BE IS GUEST OF HONOR AT LUNCHEON

Miss Eileen Baertlein was guest of honor at a luncheon given by Mrs. Gregory Harter, Mrs. Dick Campagna and Mrs. Ronald Konkel. The bride-to-be was presented with gifts and a corsage. Miss Baertlein will become the bride of Gary Harter on June 19 at St. Frances Cabrini church, West Bend.

Fickler Is Awarded University Degree

Edwin James Fickler, son of Mr. and Mrs. Edwin H. Fickler of 524 Habeck st., Kewaskum, graduated May 30 from Wisconsin State University-Stevens Point with a Bachelor of Science degree from the School of Applied Arts and Science.

Commencement exercises were held at 3:00 p. m. on the South Terrace, main building.

Marlin Teschendorf Awarded UW Degree

Marlin R. Teschendorf, Kewaskum was a candidate for the bachelor of science, mechanical engineering degree at the University of Wisconsin's June commencement at Madison this year, held at Wisconsin's historic Camp Randall Monday (June 7) on the campus.

About 3,400 students were scheduled to file across the commencement platform to receive diplomas, but since the UW commencement is held as final semester ex-

aminations come to a close and before all final grades can be compiled, it is possible that some students who were candidates for degrees may not actually have completed all of their scholastic work by commencement day.

Bachelor degrees were scheduled for about 2,225 students, while about 1,000 were scheduled for higher degrees and 166 for law or medical degrees. The graduating students come from homes in nearly all of Wisconsin's 72 counties, from 45 other states and the District of Columbia, and from 57 foreign lands scattered throughout the world. The 1965 June commencement brings to over 152,000 the number of degrees granted by the University of Wisconsin at Madison during its 116-year history.

Six men outstanding in education, government service, industry, science, and the law received honorary degrees at the commencement.

The edges of marshes, fields, swamps and woodlands provide excellent food, cover and nesting areas for wildlife.

Paul Moldenhauer Dies on Thursday

Paul B. Moldenhauer, 81, of the town of Kewaskum, who was born and lived on the same farm all of his life, passed away early Thursday morning, June 10, at St. Agnes hospital, Fond du Lac, where he had been confined for four days, since Sunday.

He was born March 3, 1884, a son of the late Martin and Alberta Luebke Moldenhauer, in the town of Kewaskum. He was married to Emma Habeck on March 5, 1905, in Trinity Lutheran church in the town of Kewaskum by the Rev. Samuel Moldenhauer. His wife preceded him in death on Oct. 14, 1964.

Surviving are one daughter, Mrs. Adela Klukas, of the town of Kewaskum; two granddaughters, Lois (Mrs. Byron Bunkelman) and Miss Leah Klukas; two great-grandchildren, Jo Ann and Janet Bunkelman, all of Kewaskum; a brother-in-law, Louis Habeck of rural Kewaskum; nieces, nephews and other relatives.

Mr. Moldenhauer was a member of St. Lucas Lutheran church many years and was a choir member of the parish for a number of years.

The body is in state at Miller's Funeral home in Kewaskum since 2 p. m. Friday. Friends may call there until 11 a. m. Saturday and at St. Lucas Lutheran church from 12 noon until the time of services at 2 p. m. The Rev. Donald Bitter, pastor, will officiate and interment will be in the church cemetery.

MRS. JOHN FOY

Mrs. Sabina Foy, 88, mother of Mrs. David Hanrahan of Kewaskum, a former resident of 304 Fourth st., Fond du Lac, died Wednesday afternoon, June 2, at Rolling Meadows.

She was born Jan. 15, 1877, in Dotyville, the daughter of Patrick and Sabina Sheenan Richardson. She married John Foy on Feb. 9, 1898. Mrs. Foy was a member of St. Joseph's church, Fond du Lac, the Altar and Rosary society, Third Order and Apostolate of Suffering.

Surviving, together with the above mentioned daughter, are three other daughters, Mrs. Clarence Rohlinger of Campbellsport, Mrs. Robert Ehrhardt of Chicago and Mrs. Earl Capelle of Fond du Lac; 31 grandchildren, and 46 great-grandchildren. She was preceded in death by her husband, two sons and one daughter.

Funeral services were held at 9:15 a. m. Saturday at St. Joseph's church, Rt. Rev. Msgr. Henry G. Riordan officiating. Burial was in

Initial Meeting Is Held by Area Principals Group

The initial meeting of the Kewaskum Elementary Principals' association was held Thursday afternoon, June 3, at the Kewaskum Elementary school. Present were Thomas Bloomingdale of the Beechwood school, Curtis Kittle-son of the Farmington school, Timothy Leader, who will assume the principalship of the Wayne school, Kenneth Erickson of Kewaskum Elementary who will become assistant principal in August, Harry Sheski, Washington county Superintendent of schools, and Richard E. Zurling of Kewaskum Elementary who was named chairman of the area elementary principals' group.

The purpose of the group is to achieve coordination of the several schools' curriculum and policy through regular meetings of the group as well as occasional joint faculty in-service meetings. The several boards of education of these districts have pledged their support to the group.

Items discussed were as follows:

1. Time allowed the outlying principals for administrative duties and meetings.
2. Budget reporting using the new state coding system.
3. Dates were set for achievement testing using the Kewaskum Elementary school's materials.
4. The I.Q. testing was explained.
5. Mathematics and the possibility of an in-service session utilizing Thomas Larsen of Kewaskum Elementary who will attend a National Science Foundation math program this summer.
6. Mid-year in-service meeting to be held at Kewaskum Elementary, Jan. 21, 1966, covering reading and how audio-visual materials can be utilized in a reading program.
7. Schools being placed on state

department mailing lists.
8. School rules and regulations.

To Represent Peace Church at Appleton State-Wide Meeting

Three members of Peace United Church of Christ, Kewaskum, will represent their congregation at a state-wide meeting June 16-18 at Appleton.

They are Mrs. Calvin Rauch Sr., R. 3, Campbellsport, Mrs. Robert Kroncke, 1407 Fond du Lac ave., Kewaskum, and the pastor, Dan Schowalter.

They will attend the third annual meeting of the Wisconsin Conference, United Church of Christ. The UCC is the union of Congregational Christian churches and Evangelical and Reformed churches. The Wisconsin Conference comprises 320 congregations totaling 96,000 persons.

Highlights of the meeting will include addresses by Dr. Ben Mohr Herbster, president of the UCC, and Dr. Clarence McCall, president of the Wisconsin Conference; presentation by a cast of young people of "For Heaven's Sake," a satire on the 20th century church; and special musical programs.

Business to be accomplished includes elections, adoption of a 1966 budget, and review of 1964-65 programs.

Ambulance Calls

Sunday, June 6, 3:45 p.m.—Paul Moldenhauer, R. 1, Kewaskum, removed to St. Agnes hospital, Fond du Lac, with a fractured hip.

Sunday, June 6, 7 p. m.—Katherine Ransom, 16, 7147 W. Appleton ave., Milwaukee, Janet Seaman, 18, 8042 W. Patomac ave., Milwaukee, Thomas Schultz, 19, 3880 N. 93rd, Milwaukee, and James Mann, 18, 1535 Douglas ave., Brookfield, removed to St. Joseph's hospital, West Bend, with injuries suffered in an auto accident on the River road about 1½ miles north of Kewaskum.

Couple Observes 35th Anniversary

The following were entertained at the Glacier Inn, Kewaskum, at a 5 o'clock dinner for the 35th wedding anniversary of Mr. and Mrs. Clarence Stageman of Kettle Moraine lake and later at their home on Sunday, June 6:

Mr. and Mrs. Calvin Stageman and family of Saukville, Mr. and Mrs. Marvin Leider and family of Fond du Lac, Mr. and Mrs. Robert Stageman and family of R. 3, Campbellsport, Mr. and Mrs. Milton Groszklaus, Emil Groszklaus and Frieda Reimer of Waubeka; Mr. and Mrs. Alfred Tanck and son of Fillmore, Mr. and Mrs. Edwin Frohmann of Kewaskum, Mr. and Mrs. Robert Stib and family of Random Lake, Mr. and Mrs. Frank Eder and son of West Bend, Mr. and Mrs. Wayne Shaver and family of Grafton, and Mr. and Mrs. Howard Berend of Waubeka.

Surprise Schmidts On 25th Wedding

The children of Mr. and Mrs. Sylvester Schmidt of Kewaskum surprised them on their 25th wedding anniversary Saturday night, May 29, at Barney's hall, Wayne.

The former Ione Backhaus and Sylvester Schmidt were married on June 1, 1940 at St. Lucas Lutheran church in Kewaskum, the Rev. Kaniess officiating. All of the attendants at the wedding were present for the anniversary celebration.

They are the parents of three children, Mrs. Romy (Joanne) Schulteis of Menomonee Falls, Daniel and Richard Schmidt at home.

Relatives and friends came from Des Moines, Iowa, Oshkosh, Milwaukee and the surrounding area to attend the event.

Board Buys New Power Mower

Adjourned Meeting
May 19, 1965

The Village Board of Kewaskum, Washington County, Wisconsin, met in adjourned session at 5:00 p. m. with President Tassar presiding and all board members present.

The purpose of the meeting was to decide upon the purchase of a power mower. Proposals were tabulated as follows:

Freehauf Implement Co., Inc., Hartford, Wis.—Bolens 1000, 10 H.P. 42" cut, \$765.00—no trade-in quoted. Bolens 900, 9 H.P. 38" cut, \$700.00—no trade-in quoted. John Deere, 8 H.P., 38" cut, \$700.00—no trade-in quoted.

C. J. Kleinhans, Campbellsport, Wis.—1 HC Cub Cadet, model 100, with 1 HC 42" mower, \$985.50—trade-in allowance on old wheel horse unit, \$197.50—net cost, \$788.00.

R. L. Ryerson Co., Milwaukee, Wis.—Whirlwind, 9 H.P., 50" cut, \$1,015.00—trade-in allowance on old wheel horse unit, \$115.00—net cost, \$900.00.

Myron Perschbacher, Kewaskum, Wis.—Simplicity Landlord, 9 H.P., 42" cut, \$850.00—trade-in allowance on old wheel horse unit, \$310.00—net cost \$540.00.

John P. Lochen Co., Inc., Newburg, Wis.—1 HC Cub Lowboy (demonstrator) with new 42" 1 HC mower, \$1200.00—no trade-in quoted—with new 60" 1 HC mower, \$1260.00—no trade-in quoted. 1 HC Cub Cadet, 10 H.P., model 100, 42" cut, \$825.00—no trade-in quoted.

After due consideration, it was the recommendation of the Equipment Committee that the proposal of Myron Perschbacher appeared to be most advantageous to the village of Kewaskum and should be accepted.

Motion was made by Trustee Wieter, seconded by Trustee Geidel and duly carried that the proposal of Myron Perschbacher be accepted and the President and Clerk be authorized to purchase one power mower as specified in the proposal.

WILLIAM S. MARTIN,
COMMISSIONER

ORDINANCE NO. 65-1

An Ordinance Annexing Territory to the Village of Kewaskum

The Village Board of the Village of Kewaskum, Wisconsin, do ordain as follows:

SECTION 1. Territory Annexed. In accordance with s 66.021 of the Wisconsin statutes of 1963, and the petitioner for direct annexation filed with the village clerk on the 8 day of March, 1965, signed by all of the owners of land in the territory hereinafter described in the town of Kewaskum, Washington County, Wisconsin, is annexed to the Village of Kewaskum, Wisconsin:

That part of the South Half of the Southeast Quarter (S½ SE¼) of Section Nine, Township Twelve North, Range Nineteen East, Town of Kewaskum, Washington County, Wisconsin described as follows:

Commencing at the South Quarter corner of said Section Nine, thence South 88° 55' East on the Section line 505 feet to the point of beginning of the parcel herein described; thence continuing South 88° 55' East 1498 feet,

more or less, to the reference line of USH 45; thence North 30° 05' West 53.4 feet; thence North 28° 01' West 1001.1 feet; thence North 28° 52' West 351.18 feet; thence South 61° 08' West, 165 feet; thence North 11° 37' West, 117.23 feet; thence North 28° 52' West, 76.84 feet to the North line of said South Half of said Southeast Quarter (S½ SE¼); thence North 88° 54' West 1137.16 feet to the North West corner of said South Half of said Southeast Quarter (S½ SE¼); thence South 0° 16' East on the West line of said South Half (S½), 1168.03 feet; thence South 88° 55' East, 505 feet; thence South 0° 16' East, 156.75 feet to the point of beginning.

Excepting therefrom those portions heretofore conveyed for highway and street purposes.

SECTION 2. Effect of Annexation. From and after the date of this ordinance the territory described in section 1 shall be a part of the Village of Kewaskum for any and all purposes provided by law and all persons coming or residing within such territory shall be subject to all ordinances, rules and regulations governing the village of Kewaskum.

SECTION 3. Severability. If any provision of this ordinance is invalid or unconstitutional, or if the application of this ordinance to any person or circumstances is invalid or unconstitutional, such invalidity or unconstitutionality shall not affect the other provisions or applications of this ordinance which can be given effect without the invalid or unconstitutional provision or application.

SECTION 4. Effective Date. This ordinance shall take effect upon passage and publication as provided by law.

Date Adopted June 7, 1965.
Date Published June 11, 1965.
Effective Date June 12, 1965.
Roll Call Vote—5 Aye

A. Hron Will Attend Kiwanis Convention In New York July 4-8

HELD AT MADISON SQUARE GARDEN; STARS TO APPEAR; WILL VISIT WORLD'S FAIR

A. M. Hron, President of the Kiwanis Club of Kewaskum, will attend the Golden Anniversary convention of Kiwanis International in New York City, July 4-8. The entire theme of the convention will be built around the 50th anniversary of the founding of Kiwanis back in 1915.

More than 20,000 Kiwanians and their families from the United States, Canada, Mexico, Western Europe, the Caribbean, and the Far East are expected to gather in the nation's largest city for the four-and-a-half day event. Convention sessions will be held in Madison Square Garden, the most famous indoor arena in the United States.

Work to be accomplished at the convention includes the election of officers for 1965-66—a president, president-elect, treasurer, two vice-presidents, and six trustees; recognition of the clubs and districts throughout the organization adjudged tops in community service work; and the adoption of resolutions upon which the organization's 1965-66 community service program will be based.

Edward B. Moylan, Jr., Miami, Florida, realtor, the president of Kiwanis International, will preside over the convention proceedings. Principal speakers, in addition to President Moylan, will be George Murphy, newly-elected senator from the state of California and former motion picture star; Dr. Norman Vincent Peale, world renowned religious leader and pastor of the Marble Collegiate church in New York City; W. P. Gullander, president of the National Association of Manufacturers; the Honourable Jean Lesage, Prime Minister of Quebec; and the leaders of Kiwanis' two sponsored youth groups, Thomas P. Ewbank, a student at Indiana university, president of Circle K International, the service organization for college men; and Brad F. Anderson, Billings, Mont., president of Key Club International, the high school service organization for boys.

The first session of the Golden Anniversary convention, Monday morning, July 5, will be opened by the Pensacola Naval Cadet Flag Team with the presentation of their striking historical flag ceremony honoring the Stars and Stripes.

As Kiwanians and their wives enter the Garden on Monday morning, they will be greeted by one of Broadway's brightest young stars, Barbara Cook. She is currently heading the cast of the popular musical comedy, "Any Wednesday."

Tuesday, July 6, has been proclaimed "Kiwanis Day" at the New York World's Fair. Robert Moses president of the New York World's Fair Corporation, will personally invite all Kiwanians and their families to spend the afternoon and evening enjoying the 646 acres of exhibits and entertainment. At the convention session Tuesday morning, the Queen of the World's Fair, Gladys Moir, will be present to extend greetings to the assembled Kiwanians.

Ladies events will feature a program headed by TV personality Art Linkletter. He will entertain the ladies, Monday afternoon, July 5, while their husbands attend the various conferences and workshops scheduled for that time.

Joseite Campbell, one of New York City's leading couturier designers, will present "An Afternoon of Fabulous International Fall Fashions," Wednesday, July 7. This event will include a display of clothes, jewelry and accessories from all over the world.

Heading the special night of entertainment, Wednesday, July 7, at the Garden will be the celebrated "Rockettes" from Radio City Music Hall. The 90-minute extravaganza will be produced and directed by Radio City's Leon Leonidoff, through the courtesy of Russell V. Downing, Radio City president and managing director. Both men are members of the Kiwanis Club of New York City and members of the general convention committee.

Other personalities who will make appearances at the New York convention are Broadway star, Chita Rivera, who will dance for Kiwanians at the Thursday, July 8, session. She is the current star of the musical comedy, "Bajour." Throughout the convention, Glenn Derringer, 21-year-old concert stage musician, will perform at the huge Madison Square Garden pipe organ. He recently appeared before President and Mrs. Johnson in a White House concert and has performed on several network TV shows.

As a special highlight of the Golden Anniversary convention, New York City's famed "Times Square" will be renamed "Kiwanis International Square" in special ceremonies July 1. The name will remain in effect throughout the convention week.

BAKE AND GIFT SALE

St. John's Lutheran Ladies' Aid at New Fane is sponsoring a bake sale and gift items on Saturday, June 19, at 3 p. m. in the school basement. All home baked goods will be offered. Everyone welcome.

St. John's Lutheran Ladies' Aid at New Fane is sponsoring a bake sale and gift items on Saturday, June 19, at 3 p. m. in the school basement. All home baked goods will be offered. Everyone welcome.

As Kiwanians and their wives enter the Garden on Monday morning, they will be greeted by one of Broadway's brightest young stars, Barbara Cook. She is currently heading the cast of the popular musical comedy, "Any Wednesday."

Tuesday, July 6, has been proclaimed "Kiwanis Day" at the New York World's Fair. Robert Moses president of the New York World's Fair Corporation, will personally invite all Kiwanians and their families to spend the afternoon and evening enjoying the 646 acres of exhibits and entertainment. At the convention session Tuesday morning, the Queen of the World's Fair, Gladys Moir, will be present to extend greetings to the assembled Kiwanians.

Ladies events will feature a program headed by TV personality Art Linkletter. He will entertain the ladies, Monday afternoon, July 5, while their husbands attend the various conferences and workshops scheduled for that time.

Joseite Campbell, one of New York City's leading couturier designers, will present "An Afternoon of Fabulous International Fall Fashions," Wednesday, July 7. This event will include a display of clothes, jewelry and accessories from all over the world.

Heading the special night of entertainment, Wednesday, July 7, at the Garden will be the celebrated "Rockettes" from Radio City Music Hall. The 90-minute extravaganza will be produced and directed by Radio City's Leon Leonidoff, through the courtesy of Russell V. Downing, Radio City president and managing director. Both men are members of the Kiwanis Club of New York City and members of the general convention committee.

Other personalities who will make appearances at the New York convention are Broadway star, Chita Rivera, who will dance for Kiwanians at the Thursday, July 8, session. She is the current star of the musical comedy, "Bajour." Throughout the convention, Glenn Derringer, 21-year-old concert stage musician, will perform at the huge Madison Square Garden pipe organ. He recently appeared before President and Mrs. Johnson in a White House concert and has performed on several network TV shows.

As a special highlight of the Golden Anniversary convention, New York City's famed "Times Square" will be renamed "Kiwanis International Square" in special ceremonies July 1. The name will remain in effect throughout the convention week.

BAKE AND GIFT SALE

St. John's Lutheran Ladies' Aid at New Fane is sponsoring a bake sale and gift items on Saturday, June 19, at 3 p. m. in the school basement. All home baked goods will be offered. Everyone welcome.

Lithias Shade Lakes Team in 11 Innings, 3-2

ALL OF WEST BEND'S RUNS ARE UNEARNED; KEWASKUM OUTHITS WINNERS, 11 TO 8

In a real tight battle under the lights at West Bend Wednesday night between the Lakes league's two unbeaten teams, Kewaskum's league leaders were nosed out by the second place Lithias in a heartbreaker that went 11 innings, 3-2. West Bend now has a 3-0 record and took over first place while Kewaskum dropped to second with 5-1.

As was expected Fran Hofmaier of the Lithias and Bob Hanson tangled in a pitchers' duel. Kewaskum had no problem hitting Hofmaier, pounding him for 11 safeties, while Hanson held the West Bend sluggers to eight hits. But in between hits Hofmaier had the best of it. He struck out a total of 18 batters and walked only one, while Hanson whiffed eight and gave up four bases on balls.

The saddest part of it for the losers was that all of West Bend's runs were unearned, two of them resulting from errors and the other from a passed ball. Kewaskum was ahead throughout the game until the Lithias finally tied it up in the ninth inning and then were "given" the winning run in the 13th inning.

Kewaskum went right to work on Hofmaier in the first inning. Don Theusch led off with a double. Al Koepke fanned and N. Heise singled but Theusch was forced out. Mike Coulter hit another double and Jack Theusch singled but only one run scored as Kons Sadownikow grounded out with two left on base. Kewaskum scored its second run in the second frame to make it 2-0. Don Meisenheimer singled, was sacrificed to second, and romped home on Mertzig's error.

Kewaskum held its 2-0 lead until the fifth when the Lithias pushed over a run. Seefeldt was safe on Sadownikow's error, was sacrificed to second and scored on Gonring's hit. The visitors hung onto their 2-1 advantage until the ninth and it began to appear like a Kewaskum win when West Bend was given a run to tie it up. Meyer walked and was sacrificed to second. He took third on a passed ball, which allowed him to score on Gumm's squeeze bunt. There was no more scoring until the last of the 11th when Frank reached second on a blooper hit, Meyer singled and another miscue by Sadownikow allowed the winning button to cross the plate.

Kewaskum's two Dons, Theusch and Meisenheimer, found Hofmaier's pitching much to their liking and each lashed out three hits, while Jack Theusch collected two. Weber and Frank each got two safeties off of Hanson. Kewaskum had golden opportunities to score and win the game in both the 8th and 9th innings but missed the boat both times. The first two men up singled in the 8th with nobody out but the next two batters struck out. Then J. Theusch walk-

ed to fill the bags but the next batter fanned to retire the side. In the 9th Meisenheimer led off with a single and was sacrificed to second. D. Theusch singled and it appeared that a run should score but Meis failed to make it to the plate and was thrown out.

This Sunday Kewaskum entertains fifth place Cedarburg, which has a 3-3 record to date.

LAND O' LAKES STANDINGS

	Won	Lost
West Bend	3	0
Kewaskum	5	1
Saukville	4	1
Grafton	3	2
Cedarburg	3	3
Sheboygan	2	1
Barton	2	3
Plymouth	0	3
Port Washington	0	4
Germantown	0	5

Results last week—West Bend 7, Plymouth 2; Barton 6, Port Washington 5; Saukville 4, Grafton 1; Sheboygan 8, Germantown 3; Cedarburg 7, Plymouth 1.

Result Wednesday night—West Bend 3, Kewaskum 2 (11 innings).

Game Saturday night—West Bend at Barton. Games Sunday—Cedarburg at Kewaskum, Saukville at Sheboygan, Port Washington at Germantown.

BROWNSVILLE-KEWASKUM PLAY 7 INNING 9-9 TIE

In an exhibition game played under the lights here Saturday night, Brownsville of the Rock River league and Kewaskum's Lakes team played to a 9-9 tie in a game that was called after seven innings due to the 11 p. m. curfew.

It was strictly an exhibition in every sense as Kewaskum started all second stringers in the game and used all 17 of its players in the contest. Kewaskum gave four pitchers a chance to hurl. They were Mike Coulter, Al Koepke, Bob Hanson and Don Meisenheimer.

Kewaskum scored 7 of its 9 runs in the third inning and did some toying around. Mike Coulter hit a long home run in that inning with two aboard.

Ice sheets and extremely cold temperatures without snow cover caused considerable winter injury to alfalfa in the southern two-thirds of Wisconsin, says D. A. Rohweder, agronomist at the University of Wisconsin.

Call 626-2626 with your news.

Hon-E-Korner

With the cooperation of the weatherman, it was a golfer's paradise for ladies' day at Hon-E-Kor Golf and Country club June 9. The class event for the day was the longest drive on No. 8 and was won by: Class A—Dolly Ramthun; Class B—Ann Wilking; Class C—Eileen Perkins; Class D—Dorothy Schaefer; Class E—Doris Sippy.

Day event in all classes was longest putt on No. 9 and was won by Joyce Coughlin.

Winners at bridge were Mrs. Martin Knickel, Adeline Tassar, Audrey Bartel and Frances Rohlinger. Samba winner was Edna Wittman.

For those lady golfers who are going to Hartford on Wednesday, June 16, as guests of the Hartford club, and don't have a ride, call Mrs. Jane Reigle, 626-2648. Tee off time and registration at Hartford is 8:15 sharp.

There will be golf and cards at Hon-E-Kor on Wednesday, June 16, for those who will not be going to Hartford, but no luncheon.

Small Fellows Catch Big Fish

Gregor Schiek, 14, son of Mr. and Mrs. Norbert Schiek, owners of Schiek's resort at Long lake, caught an 11 lb. 2 oz. northern pike last Friday at Long lake. It has been reported that only one or two northern of that size have ever been caught at the lake.

Joe Broecker, 15, of R. 2, Kewaskum, has a real fish story. He believes he had the big northern on his line the day before, on Saturday, but lost it. Returning to the scene, the Kohlsville pond, on Sunday, Joe landed a northern that measured 28 1/4 inches long. He figures that this was the same fish because it had a sore mouth.

Looking Thru the Field Glasses...

By Bob Lake, Conservation Warden, Washington County

LARGE WALLEYES, NORTHERN CAUGHT

Weekend storms slowed fishing. However, three and four pound walleyes were taken at Pike lake with jigs and night-crawlers. Best fishing midnight to daylight. A fourteen pound northern was also taken there. Bass fishing fair to good at Big and Little Cedar as well as Silver lakes. Northern continue to bite at Big Cedar.

There seems to be some confusion among boaters when they buy or sell a boat from an individual, (NOT A DEALER IN BOATS). The correct procedure is as follows: John N. Doe is the owner of a boat registered with the numbers WS 1234 ZZ. He sells the boat to Peter Smith. Doe must fill out the certificate of registration on the back, indicating that he has

sold the boat to Smith, and mail the certificate to the Wisconsin Conservation Dept., Box 450, Madison. Smith then fills out Form L-183 Application for Boat Registration, requesting transfer of title from Doe to Smith. This form is also mailed to Madison. The transfer fee is \$1.00.

The Application for Boat Registration form can be obtained from any conservation office, county clerk or any boat dealer.

Boat Toilet Law

I'm sure you have all heard of the efforts being put forth by the legislature during the current session to correct the old and come up with a new workable Boat Toilet Law.

Much publicity has been given, both the pros and cons of the merits of each point in some detail.

The most recent bit of information concerns Section 30.71 of the Wisconsin Statutes, and it is an attorney general's opinion as follows:

A boat which contains a toilet and is used in waters where the use of such toilets is illegal must have the toilet physically capped, plugged, disengaged, or disconnected to comply with the law. It is no longer acceptable to merely have the door of the toilet locked.

We certainly feel this is a proper and reasonable interpretation of this law, and we will proceed to enforce it accordingly.

GRADS, CAGERS TO BE HOLY NAME BREAKFAST GUESTS

June 13 is Holy Name Communion Sunday at Holy Trinity church. There will be a breakfast after the 8 a. m. Mass. The speaker will be of special interest to the young people. The eighth grade graduates (new Holy Name men) and Holy Trinity's basketball squad and coaches will be guests. Because of the breakfast the last Mass Sunday will be at

10:30 a. m.

Sunday is Trinity Sunday, the Patron Feast of the parish, and the annual picnic collection will also be held that day. The collection will go towards a fund for new pews in the church.

Select Buswell to Attend Oshkosh U Summer Institute

Earl Allen Buswell, Kewaskum is one of 29 educators selected to participate in an NDDA Institute in Geography at Wisconsin State University-Oshkosh this summer, according to Dr. James M. Goodman, WSU-O geography professor and institute director.

Buswell is an instructor at Kewaskum Community High school.

The institute, to be held June 14 - Aug. 6, is sponsored by the university in cooperation with the U. S. Office of Education. Participants were selected from scores of applications received from all parts of the nation.

Purpose of the institute is to advance the instruction of geography in the schools of the nation. Those selected will have the privilege of earning graduate credit.

Free tuition or fees plus a weekly stipend of \$75 plus \$15 each week for each dependent is awarded those selected under terms of the U.S. Office of Education grant.

FARM PROGRESS SHOW

Dual Theme: "Forage & Marketing"

Record Attendance Expected for '65' Show at Manitowoc June 17-18-19

General Chairman John Kolb, Executive Committee Chairman Jerome Martin and Manitowoc County's Agricultural Agent John Buchholz are predicting that as many as 100,000 people per day will attend this year's Farm Progress Days show. Exhibits, demonstrations, excellent food, entertainment and an enjoyable and profitable time for the entire family has been assured. This promises to be the biggest and best show yet in the history of Wisconsin Farm Progress Days which originated in 1954.

Free Parking - Free Rides
There will be 80 acres of free parking space close to the exhibit area for those of you who plan to drive. If you decide to come by bus or train there will be city buses running from downtown Manitowoc to the exhibit area for your convenience. If you fly in to the Manitowoc County Airport the local car dealers will transport you to the show in their newest models.

Free Admission
Plan to arrive early for once at the show you will be awed by the expanse of the exhibit area. Mr. A. C. Eberhardt, Exhibit Chairman reports that as much as \$15,000,000 worth of equipment and buildings will be on display. The exhibit area will feature over 440 plots of machinery and money and labor saving ideas for the agriculturist. Just about everything conceivable in the way of equipment for the farm will be shown and equipment specialists will be on hand for consultation and discussion. There are attractions for men, women and children. People from all walks of life, farmers, city dwellers, merchants, salesmen, manufacturers or travelers will find many items of interest.

Demonstrations
Low moisture silage will be made from 50 acres of hay and put into a new steel silo. Farm implement dealers will demonstrate 1965 model mowers, conditioners, side deliveries, choppers and chopper wagons. Another 50 acres of hay will be baled and placed in a new barn which was built for the show. Demonstrations will be repeated each day.

The agronomy demonstration will feature hundreds of varieties of hay, corn, and grain which have

been planted last year. This demonstration will help visitors compare the many varieties which have all been grown under controlled and similar conditions.

Tiling Demonstration
Tiling of farm land has been of considerable importance to farmers throughout the years. Many fields have pockets which remain wet, interrupt planting schedules, and interfere with harvesting of crops. A tile-line will normally provide drainage for an area 50 to 75 feet on either side of the tile line, thus land values and crop production are increased, while planting schedules for the whole field and harvesting remain the same.

About 600 feet of tile line will be laid during Farm Progress Days. Visitors to the show will be able to see the tiling machines in operation. There will be someone on hand to answer questions.

Farm Pond
The pond which has been developed is about 1/2 acre in size and roughly 4 feet deep. The outlying area around the pond has been seeded down and water lilies and wildlife food have been planted. A cedar hedge has been erected which will provide protection and in addition, the area will be fenced.

Norman Schmeichel, chairman of the Farm Pond demonstration, stated that, "More and more farmers are inquiring about farm ponds and more are being installed each year. This should be a very popular and interesting demonstration."

State Land Judging Contest
Over 75 Future Farmer of America and 4-H Clubs have entered teams in the State Land Judging Contest that will be conducted during Wisconsin Farm Progress Days on Thursday, June 17, according to Winton Jaeger, chairman of the event. Teams have been entered from all parts of Wisconsin—Cuba City to Rice Lake and Oconto Falls to Burlington.

Each team will consist of four members with the three highest individual scores making up the team score. Contestants will classify four different land types and recommend proper use. Soil found in each area will be judged according to type, depth drain-

(Continued from Page 1)
age and degree of erosion.
Donald Niendorf, Conservation Education Specialist, and Dr. Marvin Beatty of the University of Wisconsin Soils Department, are in charge of site selection and official judging.

Prizes
The largest exhibit at Farm Progress Days will be constructed by Land O' Lakes Creameries and Lake to Lake Dairy Cooperative. The exhibit will be 200 feet long and 100 feet wide. There will be door prizes, a grand prize, musicians, exhibits and even a rest and visiting area. Displays of all Land O' Lakes consumer products, feed, seed and fertilizer, and dairy farm and plant equipment will be shown.

The main feature of the exhibit, which will take two of the five tents, will be a moving slide-picture presentation with sound telling the Land O' Lakes or-

ganization and growth story. The presentation will be broken into four segments, each lasting about five minutes, showing Land O' Lakes marketing and distribution, patron-owners part and history, agricultural service, and equipment sales features, and how Land O' Lakes is planning for future growth.

Contest - Win \$1,000 Savings Bond

The Wisconsin Egg Recipe Contest will be a part of Wisconsin Farm Progress Days this year. The contest will be conducted in the Wisconsin Fuel and Light exhibit on the 17th and 18th of June. Many companies and organizations are sponsoring this event that has a first prize of a \$1,000 savings bond; second prize is a \$500 savings bond. Homemakers all over the State of Wisconsin may pick up the entry forms and other information at any of the Red Owl stores throughout the

state.

The farm and home exhibit sponsored by the Wisconsin Fuel and Light Company will feature a gas fireplace, broiler, air conditioner, water heater, incinerator, built-in oven, dishwasher, range and hood, dryer and washer and various types of heaters.

Wisconsin Public Service Corporation will bring in the electric service to light up and service the equivalent sized community of 1,000 people. This power supply is needed to supply equipment and provide lighting for 280 exhibitors who have rented 440 plots in the exhibit area. Every exhibitor has indicated their electric requirements and the electric committee is now working out detailed plans to service the equivalent of a large sized village or small city. All electric supplies will be installed two weeks in advance of Farm Progress Days.

A water disposal system will be installed to service the exhibit area. Washing the utensils in the various food stands presents a problem of disposing of the washing water. The drains will be installed to carry away the wash water. The water supply system will be set up to provide visitors to Farm Progress Days with bubblers and food stands with water supplies for cooking, coffee and cleaning utensils.

Clean, attractive, odorless rest rooms will be placed at various points in the exhibit area at Farm Progress Days. The chemically treated rest rooms will be a first at Farm Progress Days, the best of facilities in the history of this event.

Double Line Traffic

A 70-foot roadway will approach the parking area on both ends of the exhibits area. This will provide for double line traffic entering to the parking area from every roadway approaching the parking lot. Four lines of cars will be parked simultaneously from each road entrance, thus 12 rows of parking will be utilized. This will further speed up the handling of traffic from the three entrances to Farm Progress Days.

Information stands will be provided by 4-H clubs and the Manitowoc Chamber of Commerce. Telephone booths will be provided from the middle of the exhibits area for any out-going or emergency calls.

A first aid tent will be staffed by the Manitowoc County nurse and helpers.

The Manitowoc County Fire Fighters Assn. will provide fire trucks to guard against any fire possibilities. A truck will be on the grounds to provide repair services for any equipment breakdown. Electricians will be located on the grounds to provide last minute wiring and any electrical changes needed.

Everything is beginning to take shape and everyone interested in viewing the 1965 models of farm machinery in action is welcome.

Liquid Protein Supplement

By Jack von Mettenheim
President, Wisconsin
Liquid Feed Corporation

Good Wisconsin dairymen do not let up on their grain and protein supplement feedings during the summer months of productive pastures. Although our Wisconsin pastures offer many factors that are beneficial to health and production, they alone do not provide a balanced ration but must be supplemented with phosphorus, protein and energy-producing nutrients. An alfalfa or mixed pasture for example contains an abundance of calcium but a shortage of phosphorus. To attain a desirable 1-1 calcium-phosphorus ratio, a liquid protein supplement containing phosphoric acid should be fed.

From our experience with several thousand farmers in the state of Wisconsin, we have concluded that the ones who have a profitable dairy operation are the ones who use heavy grain feedings and supplementation during the summer months. There is no let-down in grain and liquid protein supplement feeding for the 42 registered Holsteins of Elmer Gries of Valders, Wis. The results are an average of 15,625 lbs. of milk and 597 lbs. of butterfat. There is no let-down in grain and liquid protein supplement feeding for 72 registered Holsteins of Kosmos Miller of Janesville, Wis., producing an average of 608 lbs. of butterfat. In our highly competitive dairy

On display at Manitowoc County Farm Progress Days, June 17-18-19

business, the time to let cows go on pasture without additional energy and supplementation seems to be over. It is, of course, of greatest importance where and how this financial investment during the pasture months should be made. If the dairyman uses his own grain and roughages and buys only what he cannot produce himself, he will follow an economical supplementation program during the summer months. This supplement should consist of protein through urea, phosphorus through phosphoric acid, and molasses for quick energy. If this is done with a liquid pro-

tein supplement at the rate of approximately 10% of the grist, additional dry supplement is necessary to bring this ration up to between 12% and 14%.

Liquid protein supplements are known all over the state and are used by several thousand dairy farmers. Resulting benefits are evident in production and herd health. The basic reason for this is an increased and improved utilization of roughage on pasture and in drylot.

Liquid protein supplements are manufactured from California in the West to Pennsylvania in the East. Only by doing a balanced

supplementation job during the summer can true and lasting benefits derive from well managed Wisconsin pastures.

Electric Home to be Shown
The all electric home is sponsored jointly by the Wisconsin Electric Council, Sterling Homes of Fond du Lac and built by J. & J. Schmitt, Inc. of Manitowoc.

The house will be 26 x 54 with an attached 24 x 24 garage. It will feature all of the very latest in equipment, electric devices and conveniences for the housewife in today's modern home.

Specifications and drawings were performed by the University of Wisconsin Agricultural Department.

ROUTES TO FARM PROGRESS DAYS 1965

County Agent

John Buchholz, Manitowoc County Agricultural Agent, is the Executive Secretary for Farm Progress Days, 1965.

Boost Milk With Better Hay Handling

You can boost milk production 10% by proper handling of hay. This can mean a good many hundreds of dollars for many farmers. The important key to making good hay is to "put hay first on your list." Many farmers do hay making when there is "nothing else" to do. This is going to result in the loss of a lot of good hay. Whether you bale hay or put it in the silo, you must cut at the right time in order to have the highest feed value. Cut early!

Mowing is the first step in converting the crop of hay into good feed. Everyone agrees that cutting at the right time--when alfalfa is in the bud stage--gives you maximum protein content. Every day wasted from here on in means a loss in feed value. Forage crops lose quality very rapidly and once lost cannot be put back into the crop. Quality lost is money lost. Hay usually reaches its highest nutrient value the last week in May or the first week in June. From there on digestibility may drop as much as 1% per day.

Immediate conditioning is another step to top quality hay. A conditioner crushes the stems so they dry at nearly the same fast rate as the leaves. University research shows that drying time can be cut up to 50% by conditioning. This reduces the chance of rain damage to the crop before baling. The object of all hay making, whether it be baling or low moisture silage, is to save the leaves. Leaves contain about 70% of the alfalfa plant's nutrient and 90% of its minerals and vitamins.

Low moisture silage offers a way to save more of the feed value of the forage you grow. You can eliminate a day from your harvest schedule and this means less chance of weather damage. Low moisture silage requires careful handling because it must be put into storage at a 35-45% moisture range. It doesn't keep well above or below these figures. The growing popularity of low-moisture silage is partly due to the fact that it can be a completely mechanized one-day operation. Mowing, crimping, chopping and blower operations are all power handled jobs.

One of the major factors towards producing one hundred dollars of forage per acre is that you must get three or four crops of hay per acre per year. Of course, you need to start the first crop early and then you not only get the increased value of hay per acre, but you have the opportunity of increasing your dairy output from five to ten per cent. University agronomists state

that any farm capable of producing 100 bushels of corn per acre can grow five tons of alfalfa per acre. Very few farmers achieve this goal. Most farmers raise about half as much alfalfa as they could. Studies show that two and a half to three tons of alfalfa per acre is the State of Wisconsin average. This could easily be doubled and a considerable profit shown in the process.

Ten different companies are demonstrating the hay baling operation and low moisture silage operation complete from standing hay to baled hay in the barn, to chopping hay in the silo at Wisconsin Farm Progress Days at Manitowoc. This will be an excellent opportunity for you to see the operations and to make comparisons of 1965 models of the various machines.

LOYAL BINS DO THE BEST JOB AT LOWEST COST

1. Large 18" x 18" Discharge Gate. No waiting for cart to fill.
2. Bins are expandable by simply bolting on more sections.
3. No moisture problems in a Loyal Bin.
4. Loyal Bins are set in haymows out of heat of sun. Heat from barn basement does not effect.
5. The only moving part is the gate which means no repairs as years go by.
6. Not subject to power failure. Roth Mfg. Co. has eliminated augers, agitators, electric motors by designing a bin which feeds out by gravity, saving you at least \$200.00.
7. Hundreds of mills and thousands of farmers will vouch for Loyal Bins.
8. Satisfaction guaranteed.
9. Five to seven and one half ton Loyal Gravity Bins (360 to 500 Cu. Ft.) will retail from \$280.00 to \$360.00 delivered to farm. Bin bottoms only, upon which farmer can build his own top, retail from \$78.00 up.
10. You are invited to visit our display on Farm Progress Days at Lot 174.

BADGER LIQUID MANURE SYSTEM

The new Badger System ends the drudgery of daily manure hauling. It solves the problem of handling slurry, soupy manure. No matter how large your dairy herd, you can choose your own manure hauling time, and do the job monthly or as few as three or four times a

year. For beef, hog and poultry farmers too, the Badger System makes manure hauling an infrequent, automated operation.

And it's easy to put a Badger on the job. We will handle all the details of designing, installing and properly servicing your Badger Liquid Manure Handling System.

1400 gallon tank spreads low and to one side.

Growing Needs In Agricultural Financing

By Harold C. Gerbing,
Farm Consultant, Security First
National Bank, Sheboygan
Wisconsin's Outstanding
Young Farmer of 1957

Agriculture has gone through a dramatic change the past twenty years. Farms are becoming larger in size and as a consequence more mechanized. It would appear that this trend will continue during the next decade. As we know, the farm population is declining. For example in 1935, 25% of our population lived on farms compared to 7% at the present time. By 1985 it is predicted the farm population will only represent 5% of our citizens. At the present time 40% of the high income farms (farmers with gross income in excess of \$10,000) are producing 90% of the total food and fiber in this country. To restate these statistics another way, one farmer produces enough food for 28 people.

Twenty years ago it was not uncommon for a family farmer to go to his local bank and seek \$5,000 credit for his farm operation. Today that same farmer is asking his same banker for \$50,000. It is therefore obvious that the financial needs are grow-

ing with the size of the individual farm and larger inputs of capital are required to replace labor. The size of the farm should be determined by the ability of the farm operator. Setting up a plan of operations, keeping records, establishing proper financing and using estate planning techniques are all essential elements for a successful farmer. A more complete use of resources and credit can be utilized by consolidating outstanding debts. It has been our experience that many farmers will borrow from several sources, all with individual repayment programs based on the collateral of each transaction. The result of this complex borrowing is monthly payments that are most difficult to handle resulting in a slow down in their growth and expansion. If the debts were consolidated with one lending institution, all the collateral can be combined and more favorable terms can be worked out and usually at a more favorable interest rate.

Through this article I have remarked at some length about the importance of collateral. But let me emphasize that the most im-

portant consideration that your banker makes is based on the ability of the farm operator to make a profit and therefore to repay his obligation.

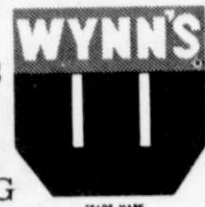

John Kolb, Cleveland,
General Chairman of

Control Weeds With Herbicides

Few advances in agriculture have been more welcome than the development of new techniques and chemicals for weed control in alfalfa and clover. New forage varieties and improved fertilizer formulations have done much to increase total yields per acre.

In most cases, it is very disappointing to find that a large part of the total dry matter per acre has been weeds. In the past, one solution to the problem has been to seed a companion or nurse crop to help hold back weeds until the hay crop has become established. Generally, the program gave little or no harvestable hay the first year. Now the farmer can control weeds with herbicides and get top hay production the first year.

Weed control in legumes is best accomplished while seedlings are small. The herbicide Eptam is widely used for this purpose in legume seeding. Eptam is mixed into the soil immediately after application and prior to seeding the legume. Eptam is effective for the control of annual grasses and broad-leaved weeds in new seedings of alfalfa and clover. By controlling competition from weeds and grasses, seedlings grow better, producing good stands and big yields. Yields in excess of 5 1/2 tons per acre the year of seeding have been obtained in Wisconsin.

Certainly, this program is more profitable than establishment of the legume seeding by the more common practice of using oats for the nurse crop. Profit from a dollars and cents return per acre as well as feed value return per acre are in favor of removal of the nurse crop.

The risk of having your nurse crop lodge, causing losses of grain and losses of your seeding must be considered when looking at this program. Certainly, establishing alfalfa with the help of chemical weed control would remove this risk.

New varieties of alfalfa, which will be on the market in the near future, will fit this method of establishment. Hybrid alfalfa will be for sale in the near future. This alfalfa will have the ability to produce high yields containing high percentages of digestible protein.

There's Something New In Your Feed Picture

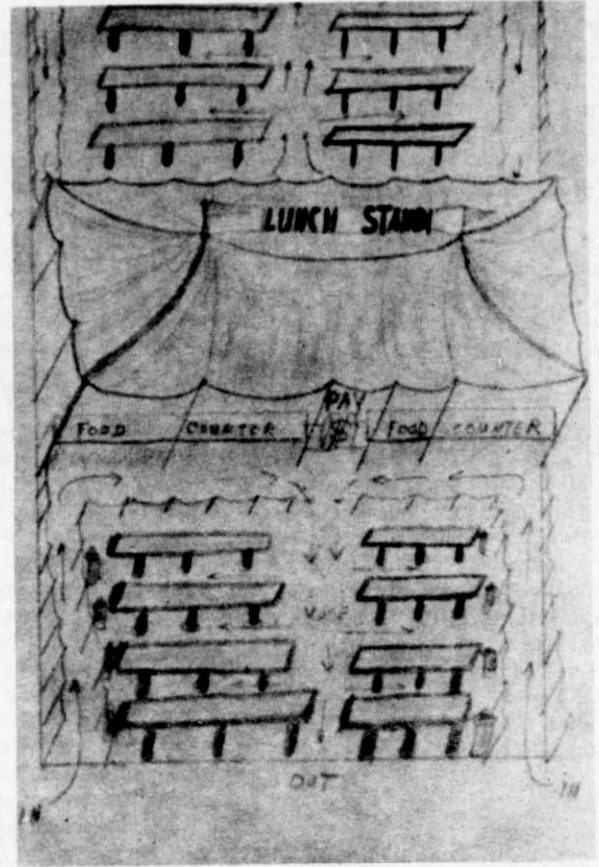

Visitors attending Farm Progress Days at Manitowoc on June 17, 18 and 19 will have the efficient services of eleven food stands at their command from 8 a.m. until 5 p.m. daily. Breakfasts and noon luncheons will be served as well as hamburgers, bratwurst, hot dogs and sandwiches for between meal snacks. All food stands will be in operation starting at 11 a.m. on Wednesday, June 16.

According to Ervin Nies, Foods Committee Chairman, the centrally located lunch stand arrangement using the cafeteria style of serving is an innovation this year. A 30' x 60' tent will cover the middle section of each stand where food will be prepared and sold. Entrance to the stands will be from each of the four corners thus accommodating four lines of people at the same time.

Suppliers of food will have semi-trailers and refrigerated trucks on the grounds to provide rapid service to all of the stands. Food will be prepared at the site.

Together the stands will serve enough hamburger to feed the City of Oshkosh for a week and enough beef, turkey and brats to feed Sheboyganites for an equal period of time. A seven day supply of barbecued chicken for Fond du Lac, along with enough buns and sandwiches to keep Green Bay's populace supplied, will also be consumed. It is estimated that enough paper plates and cups will be used to take the City of Madison to an all day picnic. Milk and other dairy products will be eaten by the tons!

"We are all keeping our fingers crossed and hoping for good weather," stated the chairman. "Weather conditions, of course, influence the size of the crowds and we are optimistically preparing to accommodate up to 300,000 people."

Lunch Stand

Operators of eleven identical food stands, as illustrated above, will serve over 400 people per minute at Farm Progress Days. Listed below are the food stand operators.
