Earl Wallace Kurth, Jr., 19, of 806 N. Main st., Hartford, was fatally injured about 8:15 p. m. Saturday when he and a companion were riding about four miles southeast of Hartford on CTH E. The young man was a son of Mr. and Mrs. Earl Kurth, Sr. His father was a former resident of rural Kewaskum and graduated from Kewaskum High school.

Kurth and his companion, Miss Mary Jones, 19, 538 Center st., Hartford, were riding in a car owned by Miss Jones when the mishap occurred. The vehicle was traveling west on CTH E when it apparently overturned. Miss Jones was reported in satisfactory condition at St. Joseph's hospital, Hartford, Monday. "Bring 'Em Back Alive"

Miss Wisconsin, a young lady "on the go" since her crowning in June, has an urgent reminder for Badger motorists, who will also be "on the go" over the Labor Day holiday weekend — "Bring 'Em Back Alive!"

The bumper of Miss Sharon Singstock's official car, which has carried the pretty queen throughout the state on official business, bears a sticker with the "Bring 'Em Back Alive" message, theme of the Wisconsin AAA traffic safety program.

As explained by Francis Eckerman, safety director for the AAA motor club, the program "is designed to impress every driver with his responsibility to bring his passengers back safely from any trip they might take.

"Perhaps not all of us are as busy as Miss Singstock, but like her, we can take time to realize how important it is to drive as safely as possible at all times, especially over the forthcoming Labor Day weekend."

Eckerman stressed that motor-

ists follow these suggestions for safe, enjoyable holiday driving:

- 1—Stop at least once every three hours for a rest.
- 2—Take it easy on crowded or unfamiliar roads.
- 3—Always stay alert to changing driving conditions.
- 4—Be a sportsmanlike driver—be courteous to every driver and pedestrian.

FORMER TEACHER HERE TAKES 5,000 MILE TOUR

Miss Beatrix Larson of R. 2, Viola, Wis., a former kindergarten teacher in the Kewaskum public school system, reports in a letter to the Statesman that she has just completed a 5,000 mile tour through New England and Canada on which she was gone almost a month. Miss Larson also renewed her subscription.

It was a River Falls university tour for summer school credit. The group visited Chicago, De-

troit, Niagara Falls, Washington, D. C., Philadelphia, New York, Boston, Nova Scotia, New Brunswick, Quebec City, Montreal, Ottawa, North Bay and home via Sault St. Marie.

Miss Larson had a chance to visit the World's Fair and to see the Broadway musical "Baker Street" and really enjoyed seeing the many interesting things along the way.

She reports that they had lots of guided tours which made it that much more meaningful. They also had books to read, a unit or term paper to write and a test to do for the required work.

Injured were Muriel Woog, 14, Rita Demler, 15, and Norbert Huiras, 15, all of Random Lake. All were on their way home from the Batavia firemen's picnic where the young people had played with the Random Lake High school band. The crash plummeted both cars into the front yard of the Theis home where the bodies were strewn. Arnold Aupperle of Kewaskum was one of the first motorists to arrive at the scene and took the injured to a Batavia physician's office.

The 1938 graduating class of Kewaskum High school held a second-year reunion at Thoma's resort, Little Cedar lake, Sunday. Swimming, softball and dancing were enjoyed and a wiener roast was held with refreshments served at Sandy Beach on Big Cedar lake. Out of 36 members of the class, 21 attended.

The bathing beach at the village park was very crowded the past week during the extreme heat wave when the temperature soared to 103 degrees, a record for the season. Floodlights have been erected at the beach and in the bathhouse and most swimmers did so at night. A platform for the life guard has also been erected on the long pier extending into the water.

3rd Annual Championship Rodeo at Lomira Sept. 11-12

In mid-air, cowboy and spine-jarring mount part company during pro rodeo's saddle bronc riding event. Termed "keystone of all cowboy competition" by the Rodeo Cowboys Association, qualified ride lasts ten seconds. Time starts at the animal's first jump from the saddling chute. The bronc riding event will be one of the main features at the 3rd annual R.C.A. Championship Rodeo to be held at Lomira on Saturday and Sunday, Sept. 11 and 12.

A giant parade in the village of Lomira will kick off the rodeo. The parade, led by Rodeo Queen Carol K. Caird and her court, Mary Nell, Faye Hatch and Vernetta Wilke, is scheduled for 11 a. m. Saturday.

The rodeo performances will begin at 2 p. m. each day at the rodeo arena, located at the junction of Hwy. 41 and 49 at the Nolan Auction Market just north of Lomira.

The five events, approved by

the Rodeo Cowboys Association (R.C.A.), Denver, Colo., include bareback bronc riding, calf roping, steer wrestling, saddle bronc riding and Brahma bull riding.

In addition, Elaine Kremer of La Crosse will perform her Roman Riding act mid-way through each rodeo performance. Also the rodeo clowns, who serve as human targets for the Brahma bulls, will participate in the entire program. As a new and added feature this year, a real live pony will be given away each day.

The riding, roping and bucking stock will be furnished by Rodeos, Inc. of Tucson, Ariz. under the direction of Mel Potter of Stevens Point. Mel, listed as one of the leading rodeo cowboys by the R.C.A., also rides in rodeos professionally. He joined the pro ranks after earning top all-around cowboy honors at the University of Arizona in '54, '56 and '57. He competed in the National Finals

Rodeo in calf roping in '59. Mel is in partnership with his father mink farming and also raises registered quarterhorses.

An open-pit chicken bar-b-que and other concessions will begin serving at the rodeo grounds at 11 a. m. both Saturday and Sunday. Serving will also be provided after each rodeo performance. The delicious golden brown chicken with all the trimmings and ever traditional hamburgers will be served by members of the sponsoring organizations—the Brownsville, Eden and Lomira fire departments and the Lomira Lions club.

On Saturday night, a real western type dance will be one of the fun features of the program. Admission to the dance, which will be held in the Nolan auction barn, is by rodeo ticket. Five hours of continuous western and country-style music will be provided by two bands.

SPORTSMEN'S ARCHERS LICENSES AVAILABLE

The 1964 sportsmen's license expired on Aug. 31, 1965. The new 1965 license as well as the big and small game regulations will be available at all license depots in Washington county this week-end. The fee for the license is \$11.00. Individuals who wish to hunt (protected or unprotected game) with a bow and arrow must purchase an ARCHER'S license, the price \$5.00. The effective dates are Sept 1, 1965 to Aug. 31, 1966. They will also be available in the near future.

Bow and Arrow Regulations

Now with bow and arrow season just around the corner, I thought I might pass on a few of the regulations pertaining to it.

Deer and bear seasons in all counties are Sept. 25 thru Nov. 16 and Dec. 4 thru Dec. 31.

Bag limits are one deer of either sex; also, one bear per license holder per year.

I would also like to point out that bow and arrow hunting is permitted during the deer and bear gun seasons, but hunting hours and bag limits must conform to the clothing restrictions requiring at least 50 per cent of the visible portion of the hunting cap and at least 50 per cent of the jacket, excluding the sleeves, be of red, orange or bright yellow.

Bear cubs are now protected. A new regulation protects bear cubs during all bear seasons. A cub is defined as any bear of the year; size and weight are the distinguishing features. During the September season cubs normally weigh from 40-60 lbs., live weight, and yearlings from 115 lbs. upward, live weight. During late

November cubs weigh from 50-75 lbs. and yearlings 150 lbs. and upward. So the hunter has a 50 or 60 lb. leeway in estimating the age of the bear before he shoots.

Another guide—cubs are smaller than potato sack size (100 lb. sack). Larger bear are yearlings or adults.

If there is any doubt in your mind as to whether the bear is a cub or a yearling DON'T SHOOT!

AFL-CIO Labor Day Parade, Celebration At Hartford Monday

KEWASKUM HIGH SCHOOL BAND WILL PARTICIPATE

Final plans for the Labor Day parade and celebration were announced by the committee this week. The events, at Hartford on Sept. 6, will start with a parade at 1:00 p. m. The route of march will be from Sawyer park on S. Main st., then left on State to Woodlawn Union park. The parade will include the Hartford City band and the Hartford West Bend and

Kewaskum high school bands. The featured guests for this year's activities are scheduled to be Wisconsin's Atty. Gen. LaFollette, Assemblyman Schroeder, Mayor Thomas Buckley of Hartford, Clifford Matchey, director of AIW Region No. 9 and Congressman Race who will be present later in the afternoon because of earlier speaking engagements.

The bands will assemble at Sawyer park and the other units are to assemble in the Methodist church parking lot near the park. The parade chairman has requested all participating units to be there no later than 12:30 to assure a prompt 1:00 p. m. start.

There will be hamburgers, ice cream and popcorn for sale after the ceremonies at the park. There will be free refreshments for children under 18 who accompany their parents. The parents, and anyone over 18, must have a \$1.00 ticket.

Celebrate a slow and safe Labor Day this year and come to the parade in Hartford.

Young drivers, those under 25 years of age, continue to have the worst driving record. In 1964 they were involved in 29% of the accidents that resulted in 48,000 traffic deaths while accounting for only 15% of the driving population.

Call 626-2626 with your news.

-AND ALL FOR ONE!

Labor Day is everybody's day—for almost everybody does some physical or mental toil, bodily or intellectual exertion. It may be the newspaper delivery boy making his daily round in the neighborhood. It may be a typical mother's day, where the 40-hour week is unknown. It may be a composer working on a symphony. It may be the work of the military sweating-out the insect-infested swamps of Viet Nam.

When Labor Day was first celebrated in New York in 1882 under the sponsorship of the Central Labor Union, it became the day set aside for commemoration by organized labor.

However, today, Labor Day, in

a broad sense, is dedicated to all those in the work force, skilled and unskilled, white collar and blue, educators, artists, and members of all the professions.

Labor, of course, is not limited to brawn alone. Labor of the mind is exemplified by the men of science; labor of the spirit is epitomized by the religious, and labor of the heart is personified in the work of medicine and social service, among others.

Therefore, let us pause during Labor Day in tribute to the opportunity in America, for physical, mental and spiritual work, the responsibility each entails and above all else, the pleasure to be derived from work that is well-performed.

How to buy and use a study lamp...

The best way to insure good study lighting for your youngsters is through the use of modern study lamps which are properly designed to reduce eyestrain and encourage good study habits. When you get ready to buy and use a modern study lamp, here are some suggestions that might be helpful.

See that the lamp shade is large enough in diameter to diffuse the light over the entire work area and that the bottom edge is at eye level of the seated student. Your youngster will then be able to sit erect and read easily, without strain or fatigue.

Good diffusion of light softens room shadows and minimizes contrasts, thus

preventing glare and eyestrain. Avoid the type of lamp which projects only a tight, glaring concentration of undiffused light.

Be sure that the lamp bulb is sufficiently high in wattage (preferably 200 watts) to provide enough good light. Place the lamp where there are no distracting light reflections and opposite the student's working hand.

Modern study lamps are available in a variety of colors which make the study room more attractive. You can find study lamps that meet the requirements described here on sale at department stores, furniture dealers, lamp dealers or the Electric Company.

JOHN RACE OPPOSES PAY BOOST FOR CONGRESSMEN

The regular monthly meeting of the Washington County Democratic Party was held this past Thursday at the Moraine Supper Club, West Bend. The group was addressed by Carrol Bucharma, Fond du Lac, 6th district vice-chairman.

Bucharma discussed the recent stand taken by 6th district congressman, John Race, on the pending Federal Pay Raise Bill. Congressman Race has expressed the opinion that federal employees in the postal department, internal revenue department, social security department and other government agencies are in need of an increase in salary to bring their wages up to date with those of persons with comparable skills, working outside the government.

Congressman Race has, however, stated that he feels the congressmen cannot justify including themselves in the 4½% pay boost and still face their constituents with a clear conscience, especially in view of the 33% salary increase they voted themselves in the last session of congress. Congressman Race has proposed an amendment to the Federal Pay Increase Bill, which would exclude congressmen from its benefits.

Sentinel Editor Visits Hon-E-Kor

Hank Sayrs, golfing editor of the Milwaukee Sentinel, and his wife visited the Hon-E-Kor Golf and Country club and played the course on Saturday, July 3, and at that time we had the pleasure of a talk and visit with them. They also tried some of those tasty brats being served by the firemen for their fireworks in the park that evening. Hank finally got around to writing his article on Hon-E-Kor course in his column in last Wednesday's Sentinel. It was as follows:

Hon-E-Kor New Course, But in Excellent Condition

Considering the fact it's been in existence only three years, the nine hole Hon-E-Kor semiprivate layout at Kewaskum is in excellent condition . . . much better than many of the area's older clubs. Owner Bud Korth and professional Biddy Bidwell are proud of their 250 members and already own sufficient adjacent ground to build an additional nine holes in a year or so.

From highway 41 at 46th st. and Lisbon av. it's 40.5 miles to the club. Stay with 41 and 45 until the latter cuts off to the right and then go into downtown Kewaskum. Turn right on 28 for .2 of a mile and then right .4 of a mile on Riverview dr. to the club. You can't miss that large sign atop the clubhouse.

Greens fees for guests are \$2 for nine holes and \$2.50 for all day weekdays. Saturdays, Sundays and holidays the fees are \$2.50 for nine holes and \$3.50 all day.

Bidwell maintains a full pro shop and features club repairing. There are complete locker facilities for men and women. The club

can handle about 100 people for special parties with full catering service. Reservations should be made by calling Kewaskum 626-2520 for special parties or golf lessons.

We found Nos. 1, 2, 3 and 9 the most interesting, with No. 2 the most challenging. No. 1 (345 yards) has an elevated tee and there is water at 190 yards out on each side of the fairway. There is an opening of about 60 feet down the middle. No. 2 (340 yards) is a dogleg sharp left over water (40 feet wide) to a new elevated green (about 40 feet up in the air). Your shot is all carry. No. 3 also is a dogleg to the left, with trees lining the left side after your first shot. The hole is 535 yards. No. 9 (355 yards) is a picture hole, with trees on the left and right and a ditch (with water) in front of the tee.

The course is par 3 for men and 37 for women and is 3,055 yards long. It "walks" easily.

Lakes Team Loses 2 to End Season

NIPPED BY WEST BEND'S CHAMPIONS AGAIN, ALSO TRIMMED BY SAUKVILLE

Kewaskum brought the 1965 season in the northern division of the Land o' Lakes to a close the past week by absorbing two setbacks. In a make-up game here Thursday night, postponed earlier by rain, the team was shaded for the second time this season by West Bend's undefeated champions, 5-4. On Sunday in the season's finale with Saukville here, the local nine suffered an 8-1 rout.

West Bend's win here Thursday night sewed up its second straight Lakes division championship. The victory was the Lithias' 17th straight of the season without a loss. However, they still had one more make-up game to play with Grafton. West Bend will now enter the grand championship series this weekend, playing at Oconomowoc, Western division champs. Sunday and hosting Waukesha, Eastern champs, Labor Day.

For the second time this summer, West Bend barely nipped Kewaskum, and they were lucky to win both times as the losers' mistakes and errors presented them with victories. In the first meeting between the teams at 3-2 win in 11 innings. Although they finished with a so-so 8-9 record, Kewaskum gave the unbeaten Lithias their toughest competition. Lithias also Kewaskum that last beat the Lithias by a 5-3 margin last year, since when they have strung together 22 straight wins in league play. It was Kewaskum too that nearly snapped West Bend's streak in the 3-2 heart-breaker early this summer.

Again in Thursday's meeting the Lithias were outit, 10 to 7, by Kewaskum in a game that was marred by 11 errors, 7 by Kewaskum and 4 by West Bend. Fran Hofmaier, after a shaky start, allowing four runs and six hits in the first three innings, settled down the rest of the way. He wound up with 18 strikeouts and only two walks. Bob Hanson went the distance for the losers and held the winners to seven safeties while whiffing six and passing only two.

Centerfielder Ilo Rauscher of West Bend clouted a long home run to lead off the third inning. Norb Heise opened the bottom of the third by blasting a homer which gave Kewaskum a 4-3 lead at the time. An error and two West Bend hits knotted the score in the fourth. Bob Kissinger opened the fifth frame with a hit and

later scored on an error which gave the Lithias the winning margin.

Kewaskum loaded the bases in the bottom of the ninth and had a golden opportunity to pull out a victory with the tying and winning runs in scoring position. Then Hofmaier struck out Jack Theusch to end the game and clinch the title for the visitors. Hanson had walked with one gone, Al Koepke singled with two outs and Heise was safe on an error before Hofmaier's 18th strikeout followed.

Before fanning with the bags before in the ninth when a hit would have meant victory, Jack Theusch had collected three hits to lead the losers' attack. If only he would have saved one until the final frame. Al Koepke and Don Meisenheimer each got two safeties, the latter's including a triple. Hofmaier paced the Lithias with three hits and Rauscher added two.

Saukville 8, Kewaskum 1

In the final contest with second place Saukville Sunday, with the heartbreaking defeat by West Bend still on their minds, Kewaskum was hapless with nothing at stake and lost by an 8-1 margin.

Don Meisenheimer pitched the first seven innings and Bob Hanson finished up. Between them they gave up nine hits, struck out five and walked six. McGraw hurled for the winners, checking Kewaskum on six hits while whiffing 11 and passing only two.

Kewaskum scored its only run in the 2nd inning on a walk to Meisenheimer and singles by J. Enright and J. Marx. Saukville scored in five different innings,

including three runs in the 7th. Meisenheimer was the only Kewaskum player with two hits, one a triple. B. Sackett collected three for the winners, all singles, and A. Krier chipped in two.

DON SCHUPPEL SETS STATE FAIR PARK STOCK RECORD

Don Schuppel of Kewaskum re-wrote the oldest entry in the record books at state fair park, Milwaukee, last Thursday night when he gunned his modified stock car to victory in the 75 lap feature with a speed of 52.91 miles per hour. Schuppel's speed erased the mark of 50.53 mph set by Karl Kulow on Aug. 4, 1955. Schuppel, well known local racer, has done very well this season, winning many races at various tracks.

Our Police Chief Says

School's open. Watch for children, especially in school zones. The speed limit is five miles per hour when children are present. As in other years, the high school students will not be permitted to move their vehicles from the school parking lot during the noon lunch hour.
