## Name 3 Attorneys For County Judge L. Buckley's Post

The names of three Washington county attorneys have been submitted to Gov. Warren P. Knowles as possible successors to the late Lester A. Buckley, judge of Branch 1 of county court, who lost his life in an auto accident on Tuesday night of last week. Judge Buckley also served as juvenile judge of Washington county.

Atty. Roger McKenna of Kewaskum, who is secretary of the Washington County Bar association, submitted the names of three interested county attorneys who are available and qualified for the position, following a meeting of the association Monday at the county court house to discuss the matter and take a poll to furnish the governor with the names of the possible successors.

Candidates for the position include Attys. Luke Kauth and Tom Merriam of West Bend and Arthur Snyder of Hartford. Snyder is a former district attorney of Washington county and Merriam is chairman of the Washington County Republican organization. Kauth formerly served as Washington county family court commissioner. He is the incumbent president of the Washington County Bar association.

The newly appointed county judge will serve until the spring election in April when he will be required to run for a full six year term of office if he wishes to retain the position. The elected judge will begin his full term of office in January of 1967.

McKenna said that, in compliance with the request from Gov. Knowles' office to supply the names of three qualified and available attorneys to fill the position formerly held by the late Judge Buckley, a meeting of the Washington County Bar association was called for Monday afternoon. Judge Robert J. Stoltz of county court had informed members of the bar association prior to their meeting Monday that he was not interested in taking over the vacancy in Branch 1 of county court.

## J. O. Reigle Honored at Testimonial Dinner at South Hills Country Club

### Presented Gifts of New Automobile, Portrait in Oil

**MEISTER GIVES ADDRESS, 131 ASSOCIATES ATTEND; FIRM NOW EMPLOYS 1,149**

J. O. Reigle, chairman of the board of Regal Ware, Inc., was honored at a testimonial dinner held Saturday, Sept. 25, at Fond du Lac's South Hills Country club. The occasion was the retirement of Mr. Reigle from the presidency of the Kewaskum cookware manufacturing firm he founded 20 years ago.

Circuit Judge Milton L. Meister, legal advisor and member of the Regal Ware board of directors since its founding, gave the testimonial address. He opened his remarks with the definition of a testimonial — "the testifying to one's quality and character." "The quality and character of J. O. Reigle," Judge Meister said, "is of a man of unlimited vision and confidence. The difficulty of this assignment was not in finding things to say, but in deciding what could be eliminated."

He briefly reviewed the early years of Regal Ware and told how the firm had, under Mr. Reigle's leadership, grown from an original employer of 47 people to 1,149 in the short space of 20 years. Equally impressive was the fact that, of over 100 cookware manufacturing companies formed following World War II, Regal Ware is the only one that survived to the present day.

"It was J. O.'s enthusiasm and spirit that made this possible, and it has carried on to the generation beyond," he said. "He has won the love and respect of everyone who works for him. You find it everywhere . . . in the Regal plant, among his closest associates, and in the community as a whole. It is genuine, it is sincere, and the finest thing ever seen in indus-

try."

Judge Meister's remarks were heartily seconded by the more than 130 friends and associates of Mr. Reigle gathered at the dinner as they gave him a standing ovation at the close of the testimonial address. Mr. Reigle was then presented with a gift from his fellow workers . . . a photographic portrait in oil. The keys to a new automobile were presented, on behalf of Regal Ware, Inc., by Executive Vice-President L. N. Peterson.

Another highlight of the evening's activities was a humorous skit about the founding of Regal Ware and the duties of the company officials, department heads, and employees attending the dinner. Then, when the dinner was over, some of Mr. Reigle's employee-friends asked him to autograph their dinner programs.

The idea caught on . . . and there was still a waiting line one hour later as — one by one — each person received a personal souvenir of the occasion.

## First Capuchin Vows Taken by Kewaskum Youth

**JEROME CAMPBELL INVESTED IN ORDER AS FRATER CYRUS**

Frater Cyrus (Jerome) Campbell, son of Mr. and Mrs. Miles Campbell, R. 2, Kewaskum, made his simple profession as a member of the Capuchin Order. The ceremonies took place at St. Felix Friary, Huntington, Ind.

Frater Cyrus graduated from Holy Trinity Parochial school, Kewaskum, in 1960 and then entered St. Lawrence seminary at Mt. Calvary, Wis. for his four years of high school. Following his graduation from high school, he made application to join the Capuchin Order to study for the priesthood. He was invested in the order on Aug. 31, 1964 and gave up his given name of Jerome and took Cyrus as his religious name. He has spent the last year in intensive religious formation in the Capuchin Novitiate at St. Felix Friary.

In his simple profession ceremonies, Frater Cyrus took the vows of chastity, poverty and obedience for a period of three years. During these three years, he will continue his religious formation while taking his regular college work at the Capuchin Seminary of St. Mary at Crown Point, Ind. At the end of the three years, he will make his Solemn Profession and take his vows for life. He will then complete his final years of college and enter the St. Anthony Friary, Marathon, for four years of theological studies to prepare him for the priesthood.

In discussing his reasons for joining the Capuchin Order, Frater Cyrus said simply "I became a Capuchin because I felt this was how God wanted me to serve Him and save my soul."

**Fire Extinguishers  
And Alarms Warning**

Don't get stuck with a substandard "beer can" type fire extinguisher or an unreliable home fire alarm warns Fire Chief Armin Oppermann.

"If you do you'll be more than cheated," says the chief. "You'll actually be putting your home and your family in greater danger from fire by depending on such gadgets.

"The cheap extinguishers come in aerosol cans and small, shaker-type plastic containers. They may contain a liquid or a powder.

"They are dangerous principally because their reliability is uncertain and their effective range too limited. If you depend on such devices and the fire gets out of control, you may be risking your life."

Unreliable substandard home fire alarm systems are another item the National Fire Protection association has warned about, said the chief.

"They are just as dangerous and perhaps more so, since they can lull the home owner and his family into a false sense of security."

The "gyp" alarm devices most commonly sold across stores counters or by mail order houses are inexpensive units operated by flashlight batteries or off house cur-

rent. Some substandard systems are sold by house-to-house salesmen and may cost several hundred dollars.

An effective fire extinguisher or home fire alarm device will bear the label of the Underwriters Laboratories or the Factory Mutual Laboratories. This means they have been thoroughly tested for reliability. Then, if the homeowner sees that the equipment is properly installed and maintained, he has something he can depend on.

## Indians and Bells Battle To 7-7 Tie

### GRAFTON'S 15-GAME STREAK IS ENDED BY GERMANTOWN

In a tight defensive game under the lights before a good crowd here Friday night Campbellsport and Kewaskum fought to a 7-7 deadlock in Scenic Moraine action. The Indians have yet to taste victory, having lost to defending champ Grafton the week before, while the Bells have two ties to show for their efforts, having also tied North Fondy in their opening game, 13-13.

Campbellsport, mainly a running team with a strong ground attack, came by land for the second straight week but was left high and dry with a tie after pulling into a 7-0 lead at the half. Bruce Stein pushed over the Bells' score in the second quarter on a two-yard keeper and also nailed the extra point on a run.

Kewaskum checkmated this move in the third period on a Bill Backhaus to Dick Wietor pass good for four yards and the score. Backhaus and Wietor again made connections for the tying extra point. The Indians lost several other good opportunities because of butterfinger ends dropping passes.

The Bells, who were stopped on the 15-yard line near the end of the game in Kewaskum territory, were led by workhorse Dave Weiland, who carried 27 times for 92 yards. Stop Weiland and you stop the Bells. For the second straight week, the Bells were unable to complete a single pass.

Grafton's 15-game winning streak, which had extended back to the 1963 season, went by the boards in a game played Saturday afternoon as a hard-hitting host Germantown squad turned back the Blackhawks, 7-0, in a crucial game. Germantown, which has beaten Hartland Arrowhead, Random Lake and now Grafton, is still unscored upon this season.

In other games Friday North Fondy won its first game, shading Slinger 6-0 and Pewaukee laced Random Lake.

Today (Friday) the Indians will play at Slinger, which lost its first two contests, and Kewaskum has high hopes of notching its first win. Originally this game was scheduled at night but because of the heavy rains and soggy field the game has been transferred to a substitute field with no lights and will be played at 4 p. m.

### HUNTERS SHOOT SWALLOWS FOR GEESE, KILL OVER 500 GEESE; DUCK SEASON OPENS

In excess of 500 geese were killed and registered at Horicon marsh on Saturday afternoon, Sept. 25. In the event that kill continues the season will close in that area in about three weeks. Two Milwaukee hunters were apprehended on the marsh for shooting swallows. One would think they could tell the difference between a four ounce swallow and a seven pound goose.

The duck season will open statewide at 12:00 noon on Oct. 9. Migratory bird and waterfowl regulations are now available at all license depots in Washington county.

For the information of the duck hunter, motorboats will be pro-

hibited on the Theresa Public Hunting Grounds at all times.

### Bow and Arrow Regulations

Briefly, there has been little change in the regulations.

No person shall use or have in his possession or under his control while hunting any wild animal or bird any poisoned or drugged arrow, arrow with explosive tips, or any bow drawn, held or released by mechanical means.

No person shall hunt deer or bear with a bow having a pull of less than 30 pounds.

A new regulation now states it will be illegal to possess a bow during those hours between 30 minutes after the time listed in the p. m. column and that time listed in the a. m. column for the following day of the list of hunting hours displayed in the big game hunting pamphlet unless the bow is unstrung or enclosed in a carrying case. This regulation became necessary to attempt to stop the illegal killing of deer after hours.

This makes it almost mandatory to have a big game hunting pamphlet in your possession while hunting so that you may refer to it from day to day.
