Ted Meilahn of Here Named New County Surveyor

The appointment of Theodore W. "Ted" Meilahn of Kewaskum as county surveyor was unanimously approved by members of the Washington county board of supervisors Tuesday.

Meilahn, a son of Mrs. Walter Meilahn and the late Mr. Meilahn, was appointed to fill the vacancy created by the death of Ethan D. Maxon, who died last Nov. 21 of a heart attack, less than two weeks after being elected to his seventh term as county surveyor Nov. 8.

A native of the town of Kewaskum, Meilahn was associated with Maxon in the surveying business for 2½ years and served as deputy county surveyor and zoning inspector. He has been working as a surveyor for approximately 5½ years.

Meilahn graduated from Kewaskum High school and received a degree in civil engineering at the University of Wisconsin. He served in the U. S. Army for three years.

Ted will serve out the two year term of Mr. Maxon until the next election for the position in 1968 when he may again seek the post at the fall elections.

Mayer Gashouse Gang President

Members of the Kewaskum Gashouse Gang held their annual reunion-meeting on New Year's Day afternoon and evening at Honeck Country club with about 25 members in attendance. Needless to say all present had a happy-reunion and good time.

Police Officer Carl Mayer of West Bend, formerly of Kewaskum, was elected president of the Gashouse Gang for 1967, succeeding Ray "Little Foot" Zeimet. Jovial Carl is shown above (right) with past-president "Foot" on the left. The two are surrounding Miss Lone Terlinden, who, despite resigning, was re-elected secretary, which position she has held through the years.

President Carl was crowned with the "official presidential crown," a sashed-off "sippelmitz" with a tassel on top. He was immediately initiated by outgoing "Foot" who gave him the funnel test, which consists of pouring beer into him through a funnel. Carl was also presented with the other "tokens" which go along with the president's office.

A very tasty luncheon served by Tudy and Bud followed the business (?) session. Refreshments continued. Attendance this year was held down somewhat because of the Packer-Cowboy championship playoff on TV.

Firemen Hold Party, Banquet

Members of the Kewaskum fire department enjoyed their annual stag party at the fire station on Saturday night, with honorary firemen, members of the village board and police department as invited guests.

A delicious chicken and hot beef lunch, with raw beef and cheese on the side, and refreshments were served throughout the night. Door prizes donated by various businessmen and individuals were distributed, with every fireman receiving at least one prize. Refreshments were also donated by a number of businessmen. The firemen also received their annual "pay checks." The night was spent sociably and in card playing.

The fire department wishes to thank everyone who generously donated prizes and refreshments to make this party possible and especially Regal Ware, Inc. for their very generous donation of cooking utensils.

This Saturday evening, Jan. 14, the firemen will entertain their active and retired members and their wives and lady friends at the department's annual banquet to be held at the Glacier Inn. Dinner will be served at 7:30 p. m. sharp and will be preceded by a cocktail hour. Another interesting program following the dinner has again been planned by the committee in charge. Jan. 11 was the deadline for reservations.

50,000 Gallons of Water Flow Down The Drain Here

WATER CONTAMINATED BY SMOKE IN PUMP STATION

Approximately 50,000 gallons of water "went down the drain" in Kewaskum Tuesday afternoon. The water in the Tower street reservoir was contaminated after dense smoke filled the water pumping station.

Richard Zearling, principal of the Kewaskum Elementary school, called Armin Oppermann, village superintendent of public works, shortly after the noon hour to report that water coming from the drinking fountains in the schools had a peculiar, smoky taste.

Oppermann went to check at the pumping station, located across the street from the schools, and to take a sample of the water. When he opened the door he found the station filled with smoke. Later it was discovered that the smoke was caused by blockage in the chimney.

Oppermann realized that the reservoir would have to be emptied and with the help of volunteer firemen available and the fire department pump, the water was pumped down nearby Third st. and into a storm sewer.

The debris in the pumping station chimney prevented the oil burner from getting the proper draft thus causing the smoking instead of burning. No adverse effects were reported and the water tower was not affected in any way.

There was no shortage of drinking water during the time the reservoir was drained. The reservoir has now been filled again.

Oppermann checks both village pumping stations daily and found both in good working order at 7:30 a. m. Tuesday.

WAIVE TRAILER ORDINANCE FOR LOCAL FIRE VICTIMS

A Kewaskum ordinance prohibiting house trailers within the village limits was temporarily waived by the village board Monday evening to provide temporary housing for a family whose home was gutted by fire Dec. 30.

Mr. and Mrs. Leland Oelke appeared at the meeting to obtain permission to move a trailer onto their premises until July 1 while their home is being repaired. The Oelkes have three children, 6, 5 and 4. The family lost most of their household goods and personal belongings in the fire.

LOCAL COUPLE SURPRISED ON FORTIETH ANNIVERSARY

Mr. and Mrs. Edwin Backus, Sr. of Kewaskum, were honored at a surprise party on Saturday afternoon, given by their children, for their 40th wedding anniversary.

Other guests besides their children and families included Mr. and Mrs. William Beger of West Bend, attendants at their wedding, and Mr. and Mrs. Raymond Gaffke, Sr. of Greendale.

Mr. and Mrs. Gerald Backus of Wisconsin Rapids, their son and daughter-in-law, were unable to attend.

Local Woman Called For TV Show Jackpot

On Thursday, Jan. 5, Mrs. Cornelius Beisbier of Kewaskum received a phone call between 12:15 and 12:30 p. m. She was told that she was on the Dialing for Dollars TV show which is telecast on Channel 5, Green Bay. Mrs. Beisbier stated that she was so stunned she hardly knew what to say.

The announcer asked Mrs. Beisbier if she could tell him what the key word was for the day and the amount of money in the jackpot. If so she would win the amount of the jackpot.

When Mrs. Beisbier asked the announcer if he knew where she lived he replied that he only had her name, phone number and street address. She told him she lived in Kewaskum, quite some distance from Green Bay, also that she didn't even get Channel 5 on her TV set. The announcer said he was sorry she couldn't get that channel here and that she couldn't give him the information he wanted. But he informed her that just for talking to him she would be sent a consolation prize.

Mrs. Beisbier received her consolation prize on Tuesday, Jan. 10. It was a Schaeffer ball point pen, along with a letter from WFRV, stating that her name has been put back into the "Golden Cash Drum," thereby making her eligible to win again.

Accident Results From Open Car Door

A West Bend man suffered minor injuries in a two-car accident on Hwy. 45 at the south village limits at 12:15 a. m. Sunday. The mishap occurred where Hwy. 45 intersects with a town road near the Len & Rog service station.

Herbert J. Wentz, 24, of 203 South 8th ave., West Bend, sustained bruises and abrasions to his left leg and was released at St. Joseph's Community hospital, West Bend, following the mishap.

Local police reported that the collision occurred when the car driven by Wentz struck the open door of an auto parked along the road by Earl DuBois, 33, of 536 Keller st., Kewaskum. DuBois, who was southbound on Hwy. 45, said he had parked his car to talk to two young people in another car and opened his door when it

was struck by the Wentz auto. He stated that he was not parked on the roadway and Wentz was across the center line when he struck his vehicle. Wentz, northbound, said he saw the DuBois car parked but did not see the open door before he struck it. Wentz also reported that DuBois's vehicle was parked partly on the roadway and the car door was opened into his lane of traffic.

Damage to the Wentz auto was estimated at \$150 and to the DuBois vehicle at \$15.

80 Pieces of Mail Here Sent to Local Servicemen in Vietnam for Christmas

MOST MAIL IN HISTORY DELIVERED PROMPTLY DURING HOLIDAY RUSH

The greatest deluge of mail in the world's history was delivered without critical delay during the Christmas "rush," according to information received today by Postmaster Harry E. Koch from Postmaster General Lawrence F. O'Brien.

Postmaster Koch noted that the postmaster general and President Lyndon B. Johnson expressed their appreciation to all postal employees in a special message in the Post Office Department's Postal Bulletin last week.

"Never have postal employees faced such a difficult task, worked so hard and done such a superb job as during the 1966 Christmas season. You have coped with the most gigantic mail volume in history and at the same time handled one of the most complicated problems ever.

"Because of your meritorious efforts, the Christmas mail was delivered with speed and efficiency. The holiday celebrations of Americans in every part of the nation, of our servicemen, friends and relations throughout the world were fuller and warmer because of your concern, your dedication and your commendable performance.

"President Johnson joins me in thanking you in behalf of the millions of people in every part of the globe who have benefited

from your actions. I hope this holiday season is the brightest and that the New Year will bring you joy."

Nationally, nearly 9 billion pieces of mail were delivered during the month of December, an increase of 1.8 billion over last year.

Mail to Viet Nam for November and December will total nearly 18 million pounds. More than 12 million pounds were sent by air from San Francisco and Seattle in history's most extensive mail air lift. Mailers in Kewaskum sent approximately 80 pieces to local servicemen in Viet Nam. Because of an act signed by President Johnson Nov. 2, the cost to the mailer was reduced in many instances.

Hearing Screening Tests Are Set for County Children

The hearing conservation program for Washington county school children conducted every three years will be held again during the months of February and March, 1967.

This program is carried out under the direction of the State Department of Public Instruction. All children in grades 1-8 and grade 11, in public and private schools, will be tested.

The program's success locally is due to cooperation of the schools, volunteer parents, and public

health nurses of the West Bend City Health Department and the Washington County Public Health Nursing Service.

The major objective of a hearing conservation program in the schools is to discover as early as possible any hearing problems children have. After discovery, prompt treatment can often prevent permanent hearing loss. Where a hearing problem continues to exist, special classroom seating and other such measures are planned to help the child maintain optimum classroom performance.

The screening program has several steps to completion. The initial steps, already completed, are as follows:

1. Scheduling of the total program with the Bureau for Handicapped Children, State Department of Public Instruction.
 2. Conferences with school personnel.
 3. Cooperation with the Washington County Medical Society.
- The next steps to be completed are as follows:
4. Obtain a complete roster of interested parents willing to do the initial screening.
 5. Orientation of volunteers by the state hearing consultant.
 6. Orientation to audiometer

and return demonstration.

7. Initial hearing screening: West Bend begins on Feb. 6, 1967, Washington county begins on Feb. 20, 1967.

8. Rescreening of children who did not pass initial test by the public health nurse.

9. Rescreening by the state hearing consultant in May, 1967.

10. Otological Clinic—In May, 1967 an ear, nose and throat specialist, paid by the Bureau for Handicapped Children will examine all children referred. His findings and recommendations will be sent to the family's private physician.

Any person interested in volunteering to help with the screening is asked to contact the "school of your choice" or your public health nurse. In West Bend phone 334-2179. In Washington county phone 334-3491, ext. 61.

Our Police Chief Says

When you leave your car parked on the street all night it is exposed to hit and run drivers and in the way of our snow plows.

We had 46 accidents in 1965 in Kewaskum and 76 in 1966—30 more than in 1965.

Indians Nip Rams In Overtime, Lose Close One to Owls

The Indians split two games played the past week, edging Random Lake in overtime there last Friday, 68-66, and being edged at Slinger Tuesday, 77-73. This left them with a 2-4 record and fifth place in the Scenic standings.

Kewaskum needed a basket in the waning seconds by Bill Backhaus of its game at Random Lake to force the issue into overtime. The Indians outscored the Rams, 8-6, in the overtime session to post their second win.

Mike Gruenwald was chiefly responsible for keeping the Rams close to Kewaskum at halftime, 33-31, as he popped in 18 of his 25 points. The senior forward cooled off after intermission, but did manage four points in the overtime period. Backhaus and Mike Miller—the Indians' one-two scoring punch—were on target again and heaped up 27 and 22 points, respectively. No other member of Coach Lindy DeNamur's team managed to hit in double figures in the scoring column.

Fouls cut down the efficiency of the Indians, who made a determined bid to upset second place Slinger Tuesday, and without a doubt lost the game for them. Scoring ace Mike Miller drew four fouls and missed most of the game as he accounted for only five points—well below his average. The Indians' Bill Backhaus, who entered the contest tied for the Scenic scoring lead with 116 points, dropped in 26 points before he too was forced to leave the game after drawing his fifth foul with four minutes remaining. The loss of their two aces, Back-

haus and Miller, wrecked Kewaskum's opportunity to win. John Lidington led Slinger with 23 points.

The Indians had 26 personals called on them while the Owls were guilty of only 18. The teams were tied at the quarter, 18-18, but Slinger forged ahead 41-37 at halftime. The Owls led 60-53 at the third period's end but the Indians rallied to almost pull out an upset by outpointing Slinger in the final stanza, 20-17.

Tonight (Friday) the Indians host Campbellsport's Bells, who also have been taking their bumps with a 1-5 record.

Lakes Team Edges Slinger, 90 to 88

Kewaskum's Land o' Lakes representative won a real squeaker at Slinger Saturday night by the narrow margin of two points, 90-88. The victory gave the team a 3-1 record and lofted them into a second place tie.

Slinger maintained the lead during the first quarter, which ended

28-24. Kewaskum then began to roll and out-scored their opponents 28-21 in the second period to take over the lead, 52-49 at the intermission. The play was pretty even in the third stanza and ended with Kewaskum on top 71-67. The losers outpointed Kewaskum by two points in the final quarter to cut the margin of victory to two points.

Big Don Meisenheimer was a one-man gang for the victors, scoring 30 points for high honors and leading his team to the win. Gene Pieper chipped in 14 points and was the only other Kewaskum player in double figures. J. Geldnich of Slinger gave Meis a close run for the top honors by swishing in 28 points for the losers. Not far behind were S. Schmidt with 21 points and Doug Potter with 20.

Kewaskum had 25 personal fouls called while Slinger had only 19. As a result the losers outscored Kewaskum from the free throw line, 24 to 20.

This Sunday night Kewaskum entertains a strong Hartford club and this encounter will have an important bearing on the second place spot in the standings.

Homemaker Notes

KEWASKUM MODERN MRS.

Our November meeting was at the home of Mrs. Ralph Remmel. The project of the month was "Creative Wall Hangings." We learned how to make wall hangings using felt, scraps of cloth, ric-rac, sequins, etc., many of which will be used for Christmas gifts. On Dec. 3 we held our Christmas party at the Wigwam. Our husbands accompanied us.

We also helped a needy family at Christmas time.

Our January meeting will be at the Paul Blumer residence and the monthly topic will be "Germany." The project leader promises us a most interesting evening.

Mrs. E. Gnacinski, Secretary
