Local Young Man Presumed Safe in Destroyer Crash

DENNIS PETERMANN MEMBER OF USS FRANK L. EVANS CREW

Fireman Dennis O. Petermann, USN, son of Mr. and Mrs. Lloyd A. Petermann of the town of Auburn, R. 2, Kewaskum, was serving aboard the destroyer USS Frank L. Evans in the south China sea off the coast of Vietnam when the Australian aircraft carrier Melbourne cut the U.S. destroyer in two in a collision during maneuvers about 240 miles southeast of Saigon just before dawn Tuesday Saigon time.

After the crash, the bow of the USS Frank E. Evans, a veteran of the Korean conflict, and famed World War II destroyer, sank. The Melbourne is the flaship of the Australian fleet. The Navy's first figures listed one American sailor dead, 73 missing from the Evans and 200 survivors, including the skipper, Cmrd. A. S. McLemore. No casualties were listed on the Melbourne.

The survivors were taken aboard the Melbourne and later transferred to the USS Kearsarge. a carrier that rushed to the scene from its station 85 miles away. Casualties from the Evans were expected to be considerable because a lot of crewmen were thrown in the water. American warships and planes gave up the search Tuesday night for the 73 missing American sailors, including two from Wisconsin.

A last minute check by the Statesman with Petermann's par ents before press time Thursday revealed the heartening news that Dennis was presumed safe as a survivor of the crash. The Petermanns contacted the Red Cross and were directed to the officer of the casualty list at Great Lakes, Ill.. The officer called direct to the Pledl. Pentagon in Washington, D. C. where he was informed that Dennis was not on the casualty list but that his name was listed among the survivors. Information was also revealed that it is definitely assumed that Petermann is among the survivors on the USS Kearsarge now enroute to the Philippines, where it is expected to Synod in Boston arrive Friday. The Petermanns expect a phone call or telegram from

Match that, anybody.

We give you an honest increase in car at an

honest decrease in price.

Take the '69 Impala above. We improved the ride. Made it quieter inside. Added an anti-theft locking device. Put steel guard rails in the doors.

Still, this Impala with a 300-hp V8, Turbo Hydra-matic, advanced-design power disc brakes, head restraints, whitewalls and wheel covers is priced \$101* less than in 1968.

The 300-hp V8 is priced \$40 less than last year's 275-hp. Turbo Hydra-matic costs less. Power disc brakes about half as much. Whitewalls a little less. Wheel covers about the same. And head restraints are now standard
