Board Accepts Architects' Offer of \$20,000 Settlement for Pool Designing

ZARLING PRESENTS PLANS TO ALLEVIATE OVERCROWDING

by Ruth Held
of the Kewaskum Statesman

At a scheduled semi-monthly meeting Monday night, the Board of Education agreed to accept the offer of the architectural firm of Schutte-Mochon, Inc., that its compensation for professional services amounting to \$28,290 in connection with designing a proposed swimming pool addition be settled for \$20,000.

Defining the settlement terms in a letter to Supt. Marshall Boyd, Mochon stated that his firm would settle for the \$20,000 if given the opportunity of designing the new high school project. As an added compromise, he stated, the firm would be willing to defer payment until the high school project preliminary design is completed.

The firm has been working on a feasibility study of long-range building plans, as requested by the board. To date, the letter stated, 138 hours had been put in on the study.

Though the swimming pool project fell by the wayside when electors turned down a referendum in December to borrow another \$75,000 needed to begin the pool addition, architect fees must be paid.

Mochon's letter further proposed that the future high school addition could incorporate the swimming pool layout as already designed and drawn, as an alternate bid, and would tie in with proposed locker rooms of the new gym in the proposed high school complex. In that way, the \$20,000 would not be lost, Mochon stated, because the pool would be incorporated in the future high school addition as an alternate bid.

Richard Zarling, district director of elementary education, appeared with what he termed his "yearly bad news"—the projected 1970-71 enrollments and related overcrowded conditions.

He presented four alternate plans to alleviate overcrowdedness and the board members chose the one which they saw as "the most reasonable, the one in which the fewest number of students would need to be shifted to other schools and the one in which the least pupil transportation was involved."

The plan involves some boundary changes; the addition of two teachers and the need for two additional classrooms, one for first graders at Kewaskum and one for Wayne kindergarten. It also involves shifting of some classes at the junior high level to the high school to provide the extra first grade classroom at Kewaskum Elementary.

But board members concurred that the plan affords some flexibility in coping with possible increases in student population, and, it would result in more even class sizes.

To provide the needed classroom at Wayne, the board discussed the possible rental of the church hall at Salem United Church of Christ for kindergarten use. The existing relocatable classroom now used for kindergarten could be used (Continued on page 2)

SCHOOL BOARD

(Continued from page 1)
for first grade.

Board member Gerald Secor suggested the board adopt a formal policy in regard to scheduling its meetings. The policy has been to hold one announced regular meeting on the fourth Monday evening of each month. But the board also has been regularly holding special meetings that are not announced.

Secor said he feels it is best to avoid special meetings by scheduling semi-monthly meetings as is being done in March and April. If it is necessary to hold a special meeting, he feels the news reporter should be notified when it is to take place, also any district electors who indicate they want to be notified. Teacher salary negotiations and personnel discussions would be closed sessions.

Secor also said he feels if an elector wants a particular subject brought before the board, he should so notify the board in time so that the matter can be included on the printed agenda. He further suggested that the agenda be made public in advance of the meeting.

The board tabled for study an insurance plan described by agent Eugene Bohn as an "extra expense coverage" policy that would cover added costs necessary to maintain school in the event of disaster, destruction or severe vandalism to the school buildings.

In such a situation, if it were necessary to bus students elsewhere to maintain normal classes, such bussing costs would be covered as well as rental fees for temporary quarters. The total annual premium for \$25,000 coverage for each of the three outlying schools would be \$275. For \$150,000 on the two village schools, the annual premium would be \$317.

Boyd was authorized to contact a legal firm as recommended by Atty. Aldwin Seefeldt, counsel for the district, concerning the \$155,000 which the district borrowed for the now defeated swimming pool project.

Board members approved negotiation of an option with Ervin Klein, owner of a parcel of land adjacent to the Beechwood School. Klein has indicated he will agree to an option that will extend to the annual meeting.

LETTERS TO THE EDITOR

Bloomington, Ill.
March 8, 1970

Dear Bill:

I have followed the victory trail of this year's KHS basketball team with considerable interest and I was certainly sorry to read about their loss to Mayville in the District tournament last weekend.

This year's fine team and their hopes for a good showing in tournament play brought back memories of the team we put on the hardwood in 1940 when I was a senior. We went undefeated thru the regular season play—took the District in stride but finally got stopped at the Regional in Beaver Dam.

I still have high hopes that in my lifetime a KHS basketball team will make it to Madison and it just might happen in the next couple of years.

3 Local Residents Hurt in Collision

Cars driven by Mrs. Homer (Mary T.) Schaub, 1512 Riverview Dr., Kewaskum, and William L. Rahlf, 33, of R. 1, Kewaskum, were involved in a collision about five miles north of Kewaskum on County Trunk G at 2:05 p. m. Sunday. It was snowing at the time and the road was slippery. Mrs. Schaub was northbound and Rahlf was traveling south when the mishap occurred.

Injured in the crash were Mrs. Schaub, who incurred head injuries, a sprained ankle and bruises; her daughter, Jean, 16, a passenger in her station wagon, who suffered facial cuts, and Rahlf, who received an arm injury. Three other passengers in Mrs. Schaub's vehicle, her daughter Judy and son Jim, and Cheryl Halfmann, escaped injury.

Mrs. Schaub and Jean were removed to St. Joseph's Community Hospital, West Bend, in the Kewaskum firemen's ambulance. They were released from the hospital earlier this week.

The grade school team of the Kewaskum Public School won an invitational tournament held at Lomira Saturday in which teams from Mayville, Lomira, Campbellsport and Kewaskum competed. In the afternoon Kewaskum beat Campbellsport, 17-13, and in the evening final the local team won over Mayville, 14-6, to be awarded a handsome certificate. Kewaskum's team was composed of Bobby Dreher, Loran Backhaus, Jr., John Tessar, Lloyd Keller, Earl Manthei, Billy Edwards, Frank Krueger, Jr., Floyd Backhaus and Allan Mertes. John Tessar was high scorer with 20 points.

The Beckers were not informed of their son's wounds by the war department and did not learn of it until they received the letter. Becker has been released from the hospital and is back in action against the Japs. He has been awarded the Purple Heart.

The high school basketball team lost its first two games to Omro and Rosendale and was eliminated from the district tournament at North Fond du Lac. North Fondy won the championship.

PEACHEY RECORD RATED 4 STAR BY BILLBOARD

Don Peachey has made it to the top with his latest release. The new "Musically Yours" album was given a 4 Star Rating by Billboard Magazine, the largest trade paper in the music industry. The magazine is circulated internationally and listing the nation's top selling records and rating new releases is their purpose. Very few polkas in the music field receive such a high rating. Names such as "The Beatles," "Eddie Arnold," "Johnny Cash" and others receive such a high rating. The record is on the Cadet Label.

We'll install a 340 Plan ELECTRIC WATER HEATER

...YOU GET PLENTY OF HOT WATER OR OUT IT COMES!

340 PLAN

The \$3.40 a month for 60 months represents a deferred payment price of \$204 on an 82-gallon Quick-Recovery Electric Water Heater, including an installed cash price of \$168.10, plus a finance charge of 7% annually, plus a \$5 reserve for maintenance service.

One call does it all! Just phone any Wisconsin Electric office and say, "I want a 340 Plan Electric Water Heater." We'll do the rest! We will deliver and install an 82-gallon Quick Recovery Electric Water Heater. All you pay is \$3.40 per month for 60 months, right on your electric bills. NO DOWN PAYMENT. The \$3.40 per month covers normal installation (a 30-ampere wiring circuit and connection to the water heater and also plumbing connections to the water heater). It also includes 5 years' maintenance service and a 10-year guarantee on the tank. In addition, you get all your electricity at a special low bargain rate — all the electricity you use, for any purpose — not just the electricity you use for water heating.

Still better — we guarantee you will get all the hot water you want — night or day — and that you will be completely satisfied with the operating cost. If you're not — just notify us within 12 months from the date the water heater is installed and we'll take it out. Your payments will stop. No quibbling of any kind. This deal can't be beat!

Name 12 Indians As Lettermen In Basketball

Scenic Moraine Conference champion Kewaskum, with a 13-1 record, has announced 12 members of the squad as lettermen. The team had a glittering overall record of 17-3.

The dandy dozen awarded letters are: Seniors—Dick Bartelt, Tony Butschlick, Randy Koth, Steve Stern and Jim Tessar; juniors—Clark Eichstedt, Joe Backhaus, Loren Bonlender, Bob Mertz, John Nohr and Dennis Smith; sophomore—Glen Eichstedt.

Coach Walt Bade revealed that his bench was stronger than he thought it was, but he didn't realize it until late in the season after Clark Eichstedt was injured. He said, "we had terrific team effort—but too few kids had to play too hard throughout the season."

On the final tournament game, he said, "we were tired against Mayville, we didn't shoot well, and shooting's our game. If we don't shoot well we don't win."

It has been one of the most successful seasons in years for the Indians and there will be six juniors and one sophomore back to form a nucleus for next year's squad.

5th and 6th Grade Basketball Program Ends With Tourney

The 5th and 6th grade district basketball program came to a conclusion on March 1. The event was a play day that took place at the high school from 1 p. m. to 6 p. m.

The program itself began in early January and the boys participating were given instruction on these phases of basketball: fundamental skills, team organization, rules, strategy and sportsmanship both on and off the court. Parents and friends that came to the play day saw seven teams representing each of the four elementary schools matched against each other for a total of 12 different games in a double-elimination tournament in which each team could play until it lost twice and was then eliminated.

The emphasis during the program was on playing, not on win-

ning, therefore no prizes, awards, ribbons, patches, trophies, etc. were given out and all boys played about an equal amount of time in actual game situations. Over 80 boys participated actively in this year's program and a special thanks goes to the coaches and parents who contributed their time and encouragement that made the program successful.

The final results of the play day schedule are as follows:

	Won	Lost
Farmington Bucks	4	0
Kewaskum "X"	4	2
Kewaskum "Y"	2	2
Kewaskum "Z"	2	2
Beechwood Bullets	0	2
Farmington Knicks	0	2
Wayne Warriors	0	2

10

resounding reasons why you should buy a new Chevrolet instead of a new something else:

- 1 Higher resale value.** Year after year. No other car in Chevrolet's field gives you as much back on your initial investment.
- 2 Deep down value.** Exclusives like flush-and-dry rocker panels and an extra set of fenders keep Chevrolet looking good longer.
- 3 Smooth, smooth ride.** Because of Chevrolet's computer selected springs, Full Coil suspension and advanced body mounting system.
- 4 Impressive styling.** The impression is that it's an expensive car, if you want to make an impression.
- 5 Massive interiors.** Result? Room to stretch out or to sit tall. Chevrolet has more front leg room than any other car in its field.
- 6 Side-guard beams.** Chevrolet puts more between you and the outside. Steel beams built into every door.
- 7 A finish that lasts.** It's unfortunate other cars in Chevy's field don't have a Magic-Mirror finish because it sure keeps its shine.
- 8 Exceptional engines.** Chevrolet's standard 350-cubic-inch V8 runs on regular fuel. Plus there are five more engines available.
- 9 Tremendous selection.** Of colors. Of accessories. Of engines. Of transmissions. Of fabrics. And of models. There are nine big Chevrolets alone.
- 10 America's favorite.** Something a new "something else" can't claim. If actions speak louder than words, doesn't this say something to you?
