Installation of Automatic Traffic Signal at Intersection Approved

GIVE PROGRESS REPORT ON VARIOUS VILLAGE PROJECTS

By Ruth Held
of the Kewaskum Statesman

A resolution requesting the installation of an automatic traffic signal at the intersection of Main St. (Hwy. 28) and Fond du Lac Ave. (Hwy. 45) won unanimous approval of the village board Monday night.

The Wisconsin Department of Transportation, Division of Highways, has approved the signal and has set forth parking restrictions which are on file at the village commissioner's office.

According to a map of the intersection drawn up by the state, three parking stalls in the intersection on the west side of Fond du Lac Ave. will be eliminated. Also, one on the east side alongside the Corner Drug Store will be lost. However, one stall will be gained between the signal and Forest Ave.

During the discussion, several board members expressed the opinion that off street parking here is badly needed. The urgent need for safety for pedestrians and motorists at the busy intersection was pointed out by Village Patrolman James Wyman and adult crossing guards Mrs. Roy Esser and Mrs. Gregor Rohlinger, also by Mrs. Ralph Koth, who said she has observed near accidents from the office where she works.

The signal will be installed at no expense to the village, other than the cost of replacing concrete roadway or sidewalk that may be disturbed in laying underground controls.

The signal will operate on an electrical timer and there will be a "walk" button for pedestrians. A push of the button will stop traffic.

A progress report on various village projects was given by James Elder of the engineering firm of Stone and Robinson of Brookfield. He said the village sewage treatment plant expansion plans are being reviewed by the state. "There are several questions we are working on. One is sludge facilities," he said.

He said the state will no longer approve hauling raw sludge to the village dump. They want to know why we can't incinerate it. He said that a temperature of 1200 degrees is needed. "We will burn it if we can. Otherwise, we will have to go to a digestion process," Elder told the board.

Reporting on the progress of the municipal garage, he said the foundation had been laid and that construction would probably begin Wednesday. He also reported sewer service plans for Bel-Ric Acres subdivision are being reviewed by state officials.

The board ordered the Stone and Robinson firm to make a study of village water rates and related sewage charges to the consumer. As a part of the study, the firm is to make a determination of which discharges into the sewage system are allowable and which are not allowable. The board asked for the first progress report by Oct. 1.

Young Republicans From Area Staff County Fair Booth

A group of young Republicans from the Kewaskum area were among those who staffed the Republican booth at the Washington County Fair at Slinger. Fifteen members of the group gave their assistance to the Washington County Republican candidates.

The Young Republicans helped build and decorate the booth, sold bumper stickers and put them on cars, and handed out literature. They also greeted guests such as Congressman William Steiger, the lieutenant governor candidate David Martin, and Secretary of State Robert Zimmerman.

At their last meeting on July 30, the Young Republicans appointed a committee to write a constitution for the group, and officers are to be elected at their next meeting. They also discussed the election campaigns of the Republican candidates, Jack Olson, William Steiger and Fred Schroeder.

The Republican Brat Fry on Aug. 29 in West Bend was also discussed. The Young Republicans will also be participating in this event as well as assisting with the Republican booth at the State Fair in Milwaukee.

Interested people of high school-college age, especially from the junior and senior classes from the local high schools, are encouraged to attend the next meeting of Aug. 13 at the American Legion hall in Kewaskum. Family Reunion Day Planned by Kiwanis

The third annual observance of Family Reunion Day is set for Sunday, Aug. 9, by Kiwanians. In a letter to the publishers this week from E. E. "Pat" Miller of Kewaskum, lieutenant governor of Division 7-S of the Wisconsin-Upper Michigan District of Kiwanis International, he reminded residents of this observance.

Initiated in 1967 by Kiwanis International in cooperation with the Freedoms Foundation at Valley Forge, Family Reunion Day is, primarily, a day set aside for old-fashioned family get-togethers, family dinners and picnics, and other activities which will bring members of the family together as a group.

Lt. Gov. Miller stated, "Such activity highlights the family. This is vital, for in the last analysis, the family is the basis of our society and the source of its strength, stability and morality. Family Reunion Day observance is a positive, powerful blow against lawlessness, disorder, corruption and moral laxity.

"I am sure you will agree that your cooperation in publicizing this event would be a terrific community service, and am asking that you give it as much publicity as you possibly can during the next two weeks.

"Many thanks for your cooperation."

SECONDARY THOUGHTS

By the Staff of Kewaskum Community High School

A PENSIVE REFLECTION By Maurice Shea

The creation of a new society in America is one of the great epics of mankind. Each generation, in its turn, is thought to begin the world again. Out of the will of the people, plus generally wise and prudent leadership, good fortune, and nature's abundance, a great nation was created. Its growth, its trials, its failures, and successes should be explored and studied by all citizens.

Few men realize how much history has been made in America since the first explorers and colonists reached its shores; how extensive, how richly multiform, how full of adventure, drama, and color this history has been. Few realize, again, how much of this history has been written by actual participants and observers; how many thousands of vivid and veracious narratives have been penned

by the settlers, the soldiers, the traders, the boatmen, the gold hunters, the fur trappers, the railroad builders, the merchants, the educators, the preachers and the politicians. The writer unfolding American history range from presidents to pioneers, from millionaires to mule drivers, from admirals to aviators.

In general usage, the connotation of the work, history, tends to become too formal, and many Americans tend to think of it too much as a subject connected with the dusty library and the full-dress treatise. This is an error that can be most effectively corrected by the American history instructor. History is not a matter of libraries but of life; the best of it is not stiffly second hand, but it is matter pulsing with the hopes and despairs, the ardors and endurances, the joys and sorrows of plain Americans everywhere.

Within the framework and structure of these sagacious thoughts, the writer addresses himself to this question: What in American life, other than mere abundance, has made this country a desirable place in which to live? In reply to the question, some outstanding

characteristics of "Americanism" emerge which can be traced from colonial times to the present. They may be concisely enumerated as follows:

- (1) Economic opportunity.
- (2) Belief in reform rather than revolution.
- (3) Belief in education and widespread educational opportunity.
- (4) Respect for the rights and abilities of the individual.
- (5) A toleration of differences.
- (6) A great generosity as evidenced in the number of charities supported by individual donors.

The preceding were six good reasons as to why "we like it here."

Nearly all the qualities described have been part of American ideals almost from the first. They have been celebrated in song and story, and artists of each period have left graphic evidence that they have always meant much to

The Family

Basic unit of civilized culture; the very lifeblood of a modern society.

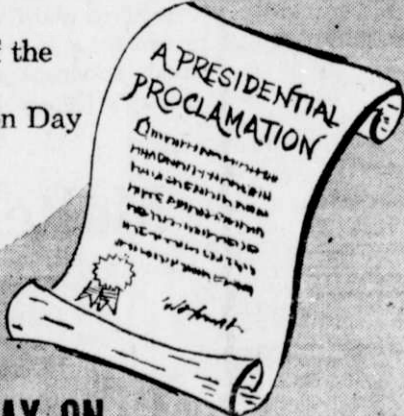

When families stay together, and play together, they furnish young and old the social outlet that they seek and need... a powerful deterrent to delinquent and anti-social behavior.

To dramatize the family as the basis of the nation's strength and morality, and to focus attention upon it, Family Reunion Day was established in 1968. It is held on the second Sunday of each August. Family Reunion Day was honored at the start with a proclamation by then-President Johnson.

Reaffirm your own regard for the family...

Albert Theusch, R. 1, Kewaskum; Ruth Mary Fleischman, R. 3, Campbellsport, and Andrew Beisbier, Fond du Lac; Priscilla Domask, Berlin and Pfc. Claire Horn, Kewaskum; Mrs. Frieda Otto, and Erwin Ramthun, both of R. 1, Kewaskum.

The very happy news was received here this week by their families that two Kewaskum soldiers who had been missing in action in Europe since December, namely T/5 Arnold Oppermann and Pvt. Marlin Dreher, are ex-prisoners of war who were liberated from German prison camps when they were over-run by the Allies. Both are safe and well and are expected to arrive home soon.

Harvey H. Justman, 17, oldest son of Mr. and Mrs. Herbert Justman, R. 2, Kewaskum, was killed almost instantly in an auto accident. Harvey was a passenger in a car driven by his brother, Harold, 16, on Hwy. 55 near the north village limits when it left the road and a wheel struck an underground culvert throwing the car out of control. The auto skidded, missing a concrete culvert, crossed a creek and rolled over on its side. Harvey died of a basalskull fracture when he was thrown out of the machine.

Three children were confirmed at St. Lucas Lutheran Church, namely, Esther Klumb, Lloyd Keller and Hillary Justman.

Thirty-seven registrants of the Washington County Selective Service Board reported for induction into the armed forces at the Mil-

waukee induction center. They included three from Kewaskum, Gilbert Seil, Eugene Hoerig and Joseph Miller.

Russell Huck, 16, son of Mr. and Mrs. Arnold Huck, Fond du Lac, former residents of Kewaskum, died from a rifle bullet wound sustained accidentally while he was walking along a highway south of Fond du Lac. Russell's mother is the former Louise Knoebel of Kewaskum. He and a companion were walking home with their guns when one of the weapons seemed to be coming apart. His companion started to tighten the weapon when the barrell fell off and the gun discharged, the bullet striking Huck in the head.

The first annual parish picnic sponsored by Holy Trinity congregation will be held in the village park. More than \$150 in merchandise prizes will be awarded and music will be furnished by the West Bend Moose band.

The A. G. Koch Store is featuring in one of their show windows a large display of souvenirs from Australia, China, Burma and India which were gathered by S/Sgt. Howard Schmidt while he was serving in the C.B.I. theater and while traveling to and from the Orient. When Sgt. Schmidt returned to the states he had the souvenirs shipped along back.

To the Kewaskum Statesman:

At the annual school meeting last Monday a remark was made about parochial school teachers. Seems to me if these teachers are so inferior, the children would have rough going when they get to high school. Then how come so many of them appear on the honor roll, and are also scholarship recipients?

Electricity heats this 1150 square foot home for less than \$200 a year

"No more cold rooms or cold spots since we converted to Electric Heat"

says Mr. Zess

"We used to have trouble heating the upstairs and there were cold spots in other areas. Now with electric heat and a separate thermostat in every room, the whole house is comfortable. This room-by-room control is what I like best about electric heat," says Mr. Zess.

"A great airtight saver, too," says Mr. Zess. "We got rid of a lot of pipes and ducts, the furnace and fuel storage tank. Now we have a lot more room in the basement."

Mrs. Zess also commented on the advantages of the bathroom warmer than other rooms because my daughter likes it that way for bathing the baby.

Another thing about electric heat, it doesn't dry out the house. My daughter says this had a lot to do with the baby never having a cold last winter."

"In spite of the very cold winter and my daughter and family living with us, our electric bills for everything have been right in line," Mr. Zess concluded. "The cost of electric heat has been less than the estimate."

Find out what a bargain the pure comfort of electric heat really is. Call any Wisconsin Electric office and ask for an Electric Heating Specialist. If you like, he will arrange for an estimate of both electric heat conversion and operating costs. No obligation of any kind.

Indians Will Open Football Practice Aug. 17

BOYS MUST TURN IN WIAA CARDS, FEES BEFORE AUG. 15

On Sunday evening, Aug. 16, at 8 p. m., the Kewaskum Indians of the Scenic Moraine Conference will open the 1970 football season with an organization meeting. All candidates for the varsity and junior varsity are to be present, including sophomores, juniors and seniors.

Practice will begin Monday, Aug. 17, at 6 p. m. Starting Tuesday two a day drills will be held and will continue until school starts the following week. The morning practice will begin at 9 a. m. and the one in the evening at 6 p. m. Any boy who has a conflict and cannot meet Sunday and/or cannot make the practice sessions should contact Coach Joe Harlow.

Following is a minimum program each boy can start now: 1. Run a mile in 9 minutes or less. 2. Run five 50 yard wind sprints. 3. Play touch football.

Boys must have their physical WIAA green cards signed by a doctor, dentists and parent or guardian and into the high school before Aug. 15. Either they must take out WIAA insurance or if their parents have a good family insurance program, then the parents have the opportunity to sign a waiver. Waiver sheets are now available at the school office. Before they sign the waiver, parents should be sure they have a health insurance policy that covers bodily injury and not just illness. Waivers must be signed by parents and returned to the school by Aug. 15. No boy can practice until his WIAA card is filed with the office.

The Indian varsity will open the season on Sept. 4 at 7:30 p. m. with a non-conference game at Campbellsport (Campbellsport and North Fondy are no longer members of the Scenic Conference effective this year). Following another non-conference contest at Sheboygan Falls the next Friday, the Indians open the conference race at Mayville Sept. 18 (Mayville formerly of the northern Little Ten loop, and Kettle Moraine are new members of the Scenic loop this year).

Lakes Team Shaded, 4-3

Kewaskum gave fourth place Thiensville-Mequon a battle of it here Sunday in a Lakes game before being nosed out, 4-3, in a close one.

The visitors broke the ice with two runs in the third inning and Kewaskum came back with one in their half of the same frame on singles by Tom Bartelt and Jim Klahn, a walk, and another single by Ron Theusch. Thiensville-Mequon scored again in the fifth and so did Kewaskum to make it 3-2.

Klahn's double and an error accounted for this one. Both teams scored one more run in the seventh to end the scoring. Kewaskum's run came on a long home run by Klahn, his third straight hit.

Klahn, with a single, double and homer in four trips, was the batting star of the contest, although C. Schroeder of the winners also collected three safeties in five trips, one a triple. T. Klug chipped in two hits.

Bob Fellenz and J. Raymond were the opposing pitchers and both went the route. Thiensville-Mequon touched Fellenz for 11 hits, while Kewaskum garnered only five off Raymond. Fellenz struck out four and walked four, while Raymond whiffed eight and passed only two.

This Saturday in a 7:30 p. m. game at Regner Park in West Bend the Kewaskum nine takes on Barton. These two teams must also replay two innings of an earlier protested game here, followed by the regular game.

Hon-E-Korner

Wednesday, July 22

Last Wednesday was "Beat the Pro" as the class event. In order to do that, the ladies had to have a net score of less than 38 because that is what Joe Harlow shot. He was two over par.

Those who beat him were Marge Rosenthal in Class A; Ruth Martin, Gertrude Zell and Frances Rohlinger in Class B; LaVerne Hetzel in Class C and Anita Hemauer and Darlene Gross in Class D. To those who only tied him, all we can say is "tough luck."

Marge Rosenthal was a double winner in carding the low net among all the golfers as the day event.

Winners at bridge following the noon luncheon were Eleanor Marx and Ruth Held.

Card games completed the day with Hilda Brodzeller, Margaret Mehring, Lu Kerry and Joyce Gruber the winners at bridge. Ruth Gruhle won at sheephead.

Hon-E-Kor ladies, keep in mind our next twilight golfing-dinner event on Aug. 19.

Three West Bend gals captured all the honors in the July Cup handicap tournament among members of the Women's Golf Asso-
