## Firemen's Annual Picnic Sunday

All is in readiness for the annual Kewaskum Firemen's fund-raising picnic to be held in the village park this Sunday, July 11, and plans have been completed to make this year's event another outstanding one.

An excellent parade at 12:30 p. m. sharp will highlight the picnic and get festivities underway. The many musical units in the parade will feature such famous drum and bugle corps and bands as the Chordaliers of Milwaukee, Challengers of Milwaukee, Saberettes of Franklin, Marauders of Oshkosh, Patriots of West Bend, three Germantown bands, including the Senior High, Junior High and Grade School units, our own Kewaskum High School band, plus other musical organizations. Other units will include drill teams, beautiful floats, baton twirlers majorettes, children's specialties, visiting firemen and equipment, Legionnaires, comic entries, ancient cars, riding horses, clubs, organizations and many more.

Hundreds of persons will participate in the mammoth parade, which will last approximately one hour. The parade will form at the high school athletic field and parking lot, and adjacent streets, from where it will proceed to the park. All participants should be present to line up no later than noon. Persons wishing to enter the parade should contact Bob Staehler, parade chairman, or Dave Zehren. Theme of this year's parade will be "Back Home on the Farm." All area businessmen and

others are invited to enter a float in the parade. It is recommended that the maximum height of any float entered be kept under 15 feet.

Prizes will be awarded for floats as follows: 1st place, \$100; 2nd, \$60; 3rd, \$40; 4th, \$20. There will be the children's specialties section for children 12 and under with prizes to be awarded as follows: 1st, \$12; 2nd, \$8; 3rd, \$6; 4th, \$4; 5th, \$2.

Immediately following the parade there will be exhibitions by drum and bugle corps in the park. From then on there will be continuous music and entertainment throughout the afternoon and evening. Live music will be supplied on the park stage and in the popular beer garden by The Julida Boys, Bill Thull Orchestra and Bill Sackett's band. Admission will be free to the beer garden which has a blacktopped floor at the south end of the park.

Adding to the festivities there will be kiddie rides, concessions, games and a variety of refreshments and food, including those tasty brats and hamburgers. The popular water fights will again be held at 6:30 p. m. with neighboring fire departments competing.

Tickets are available for 89 valuable prizes which will be awarded in conjunction with the picnic. First prize will be a seven day trip to Hawaii for two. Winners will be announced at a later date.

Everyone is invited to come for a real good time and "gemuetlichkeit" at the annual Kewaskum picnic.

## Campbellsport Youth Drowns In Crooked Lake

A 16-year-old Campbellsport youth drowned Tuesday evening while swimming with companions in Crooked Lake, near Beechwood, Sheboygan County.

He was Carl R. Zimmer, 16, of 221 Spring St., who was swimming with Jay Miller, 17, and Jerry Klotz, both of Campbellsport, on the east side of the lake in the resort area.

Authorities said the youths had been out on the raft and were swimming back when Zimmer began to shout for help. Miller and Klotz swam to his aid and brought him to the surface twice but were unable to hold him up.

The Kewaskum rescue squad was called, and efforts were made to drag the lake. The body was recovered at 9:48 p. m., two and a half hours after the drowning.

Zimmer was born Oct. 23, 1957, the son of Gerald and Antonia Claas Zimmer. He would have been a senior at Campbellsport High School in the fall.

In addition to his parents, he is survived by two broth-

ers, Raymond of Campbellsport and Thomas of Wauwatosa, and three sisters, Mrs. Geraldine Bartoli of Campbellsport, Mrs. Helen Lauters of Kewaskum and Miss Irene Zimmer at home.

Funeral services will be held at 10:30 a. m. Saturday at the Twohig Funeral Home, Campbellsport, and at 11 a. m. at St. Matthew's Catholic Church. The Rev. Victor Kemmer will officiate and burial will be in the church cemetery. Friends may call after 3 p. m. Friday at the funeral home.

## Approve Plans For Elementary School Addition

A special School Board meeting was held Monday evening, July 1. Purpose of the meeting was to approve plans for the addition to the Kewaskum Elementary School and to approve the wage scales for non-certified personnel for next year.

Plans for the elementary school addition were approved. This will be an open concept area, the equivalent of six classrooms, and will be around 7,000 square feet in total area. It will be attached on the east side of the north section of the existing building. Since the Board meeting, and getting state and village approval, construction has already begun.

At Farmington, the addition is progressing well. Floors are poured, the connecting corridor walls are up, and the steel framing is up for the rest of the building. Walls (again precast concrete) are expected to be up next week. Full crews are again working at the Middle School. Completion dates are uncertain at this time because of the earlier delays.

Wage scales were approved for non-certified personnel for 1974-75 school year. With the exception of four people, all non-certified people are on salary schedules. The four exceptions are central office personnel and the head of maintenance.

## Tests Underway to Solve Sewage Treatment Plant Odor Problem

By Ruth Held

The question from a village resident of what is being done to eliminate odors coming from the local wastewater treatment plant was answered when Village President Charles Miller read a report following a study of the plant. Donald Mlodzik complained last month of odors and he was present again at the July 1 village board meeting to ask what has been done since then.

The report read was from Dr. Raymond Kipp of Water Engineers and Associates, Milwaukee, who made the study at village request. Lab technicians visited the plant and took samples. Analysis showed a high concentration of toxic copper, the report stated. Local industries have been tested for copper concentration. The source has not been pinned down but testing will continue.

Some operational changes within the plant were recommended but these are already in use, Miller stated. "I have spent quite a bit of time at the plant and I think there is an improvement." Mlodzik was assured that testing and study will continue.

Village Commissioner William Martin gave a report on the three-days' conference of municipal clerks, sponsored by the Wisconsin League of Municipalities held at Marinette. He said he chose to attend panel discussions on data processing and on budgeting and budget preparation. He said it was pointed out that municipalities will probably be forced into having a private firm process tax bills, the assessor's roll, tax roll and accompanying tax

bill reports.

Martin said that the university professor who was in charge of the budgeting panel made the remark that in this day and age, with prices ballooning and the world changing, it is almost impossible for a municipality to live within a budget that is prepared at the beginning of each year.

Being a member of the election administration committee of the League, Martin spent the third day as a panel member on changes in election laws. Much discussion centered around Bill 280 which deals with expense accounts of candidates running for public office and limits of such spending.

There was also a general workshop for the entire assemblage which centered on items such as the receipt and disbursement of municipal funds. He said the state is instituting an expanded and more detailed accounting system. If at all possible, it will be in use as of Jan. 1 and the local budget will have to be set up on the new system. Report forms will be going from four to 23 pages, he said.

"If any board members have the time, it would be a good idea to attend one of these yearly seminars," Martin said.

A building permit was approved for Miller's Furniture to erect an addition to their business establishment on Fond du Lac Avenue to be used as a sales room and warehouse. Plans have been state-approved. The addition is being built on the former site of Perschbacher Implement.

Ronald Johann asked for

permission to install a sidewalk along his residence at the corner of Hillside and Brooklane Drives, at his own cost and according to village specifications. He was told that upon written request, the village engineers will prepare the specifications and he can proceed.

Trustee Elmer Yoost was appointed to serve on the Board of Review for July 8. A bill from Richard Schlice for damages to his car in the amount of \$150 plus tax when he drove into the village alley alongside Peace Church was referred to the insurance company holding the village policy.

Operator's licenses (bar-tender) were approved for Robert Manthei, Dale Mixdorf and Mrs. Muriel Mixdorf. The board heard a presentation from Graef, Anhalt and Schloemer and Associates, Inc., Milwaukee, who wish to be considered for village consulting engineers.

At a special board meeting on July 2, footing and foundation plans were approved for an addition to Kewaskum Elementary School. Wisconsin Electric Power Co. was authorized to move five of its utility poles on River View Drive at the Highway S entrance to the village to the most westerly edge of the highway because it is being widened.

# Choosing the right air conditioner can save you money and help conserve energy.

Some air conditioners use 40% to 50% more electricity than others to cool the same amount of space. Over the life of a unit, an efficient air conditioner will more than make up for the difference in price of an inefficient unit. An efficient air conditioner can also help ease the demand on our generators during the hot weather months.

The graph below shows what happens when people want relief from summer heat. Peak demand for August was about 20% greater than December, and air conditioning accounted for most of the difference. Wisconsin Electric has been what is called a "Summer Peaking" company continuously since 1968. As more and more people decide they need an air conditioner, the summer peak continues to grow.

The degree of comfort you want is your own concern, but wise use of electricity is everyone's responsibility. We're publishing this ad in the hope that if you decide on air conditioning you'll make a wise choice. The simple formula in the box tells you how.

This graph shows how demand for electricity varied from month to month in 1973. Air conditioning is a major factor in the summer peak.

SIMPLIFIED GRAPH OF SEASONAL DEMAND FOR ELECTRICITY - WISCONSIN ELECTRIC - 1973

## EER - THE GUIDE TO AN EFFICIENT AIR CONDITIONER

The *Energy Efficiency Ratio* (EER) of an air conditioner tells you how efficiently it operates. The higher the EER, the better. Some manufacturers attach an EER tag to their units. If there is no tag, it's easy to calculate the EER from information on a metal plate attached to every unit.

MODEL NUMBER PDS712AF					
VOLTS	CYCLE	PHASE			
115	60	1			
COOLING BTU/HR		AMPS	WATTS		
7000		9.0	1000		

MODEL NUMBER FTS 60L735					
VOLTS	CYCLE	PHASE			
115	60	1			
COOLING BTU/HR		AMPS	WATTS		
7000		12.5	1400		

To figure the EER, divide the number of watts into the number of BTU's. The efficiency of two 7000 BTU units having metal plates like those shown above would look like this:

$$\frac{7000 \text{ BTU's}}{1000 \text{ WATTS}} = 7 \text{ EER}$$

$$\frac{7000 \text{ BTU's}}{1400 \text{ WATTS}} = 5 \text{ EER}$$

We recommend an EER of 7 or more. In the example above, the 1000 watt unit with an EER of 7 will keep you just as cool as the one with a rating of 1400 watts and an EER rating of 5, while using 40% less electricity.

If you have additional questions or comments on wise use of air conditioning, please call us.

## IN MEMORIAM

In loving memory of our dear husband and father, Howard Backhaus, who passed away two years ago, July 13, 1972:

We often sit and think of you  
And speak of how you died;  
To think you could not say  
goodbye to us  
Before you closed your eyes.

The flowers we place upon your grave,  
May wither and decay  
But the love for you who sleeps beneath  
Shall never fade away.

Sadly missed by his wife and family.

## WIAA Regional Opener Here Rained Out

The first round game of the WIAA Regional Baseball Tournament in Kewaskum scheduled for Wednesday night between Campbellsport, champion of the Flyway Conference with a 10-2 record, and Kewaskum, which wound up with a 7-7 mark in the Scenic Moraine Conference, was postponed because of rain. The game will be played instead on Thursday night, July 11, at 8 p. m.

The winner of this contest will earn the right to meet Lomira, also of the Flyway, in the second round. (Kewaskum trounced Lomira, 12-2, last week). This game was originally scheduled for Friday night at 8:00 but due to the Kewaskum-Campbellsport postponement, it will be pushed back to Saturday night.

## Indians Lose 3 Scenic Games, Bomb Lomira

In another busy week the Kewaskum Indians lost 3 Scenic Conference games but bombed Lomira in a non-league affair.

Kewaskum blew a chance for more runs in the 5th when they got 2 hits but failed to score. Scott Koth got 3 hits for the losers and Barwick collected 3 for Arrowhead. Koth was the loser and Mueller the winner.

Four walks and a couple of errors got the Indians into trouble in the 4th and gave the Owls a 7-2 lead. Tom Luken's long homer in the 7th scored Slinger's final run. Koepke's hitting streak in the conference of 12 consecutive games was also ended but he hit 3 long flies. Kleinman and Mike Strigenz both got 2 hits for the losers and Held collected 3 for the Owls.
