## House Trailer Guttled by Fire

Kewaskum firemen were called out at 1:30 p. m. Saturday to extinguish a fire which gutted a 40-foot unoccupied house trailer on Ridge Road, about 2½ miles southwest of Kewaskum.

The trailer had been used for storage of hay by Richard LeFleur and Roy Swanson on property which used to be Kettle Park.

Firemen were at the scene for about two hours fighting

the blaze and pulling hay from the trailer. The fire appeared to be electrical, according to Fire Chief Augie Bilgo, Jr., who reported it concentrated where wires led into the trailer.

Firemen were delayed a few minutes in getting to the scene of the fire by a long freight train which was passing through the village and prevented them from crossing the tracks. The firemen

were called in six degree weather with high winds, blowing snow and slippery roads.

The firemen were called back to the scene early Sunday morning when some of the removed hay apparently began to flare up again.

## Esser Presented State Award

Roy J. Esser, a Vocational Agricultural teacher in the Kewaskum school system, has been recognized by the Wisconsin Chapter, Soil Conservation Society of America, for outstanding contributions to the science and art of good land use.

The award will be presented during the annual meeting of the Wisconsin Chapter on Friday, January 9, at the University of Wisconsin-Stevens Point.

Esser has had an outstanding record in promoting the art of good land use. He has been extremely active in the promotion and supervision of soil and water conservation projects.

During his 23 teaching years, he has informed the students that the soil unit in

the curriculum is the most important contribution if you are a potential farmer or an urban citizen. He has trained and worked with state soil judging teams and has served as chairman of the State Soil Judging Committee.

Over 1,000 soil and water conservation district cooperators were either directly or indirectly stimulated to participate in the program through adult classes, students in school, or by personal contact.

Roy's conservation accomplishments are extensive and involve many areas of interest such as: (1) promoted wildlife plantings on farms, (2) chaperoned 13 different groups to Trees for Tomorrow, (3) worked with women's groups in planting shade trees, (4) involved with planting over one-half million trees in Wisconsin, (5) presented special mini-courses on ecology and agriculture, and (6) initiated and worked on the development of an outdoor classroom.

Roy is an outstanding educator and continues to foster his future goals of conservation and good land use.

## Three Properties Annexed by Village Board, Another Tabled

By Mark Smucker

Annexation petitions for property totalling about four acres just south of the present village limits were approved unanimously by the Kewaskum Village Board on Monday.

The petitions were submitted by Roger Strack, for a gas station, Joseph Butschlick for his home, and Howard Laubenstein for his lawn and garden center and home. After a waiting period of forty days, the board may pass the ordinance needed to make the annexation official.

A petition filed by Drs. Cesar and Aurora Sison to annex 4.5 acres east of Highway 45, just south of the village limits was tabled since several property owners near the property have not yet decided whether or not to join in as well.

Three of the properties would be completely surrounded by village land if the Sison property is annexed, forming an "island." State statutes give the village the right to force this land to be annexed, but this is not being done. Instead, those three owners and three other families living nearby were given the option to join the village if they wished.

Two citizens involved by the annexation appeared before the board to ask what would be gained by joining the village. Various replies received included faster police protection, sewer and water, and garbage collection. The matter should be consid-

ered again in two weeks, at the next village board meeting.

Commissioner William Martin announced that bids will be opened for the new firehouse on February 4, 1976, instead of January 15 as previously announced. The date was changed because plans necessary to submit bids which were to be prepared by the architects, were not completed in time.

Building permits were granted to St. Lucas Lutheran Church to remodel the parsonage, to Larry Meyer, and Kewaskum Frozen Foods.

## Water Main Breaks In Cold Weather

Village workmen were called out in zero weather early Sunday morning, about 12:30 a. m., when a water main broke at Hillside and Brooklane Drives on the west side of the village.

Water flowed down Brooklane Dr. for several blocks from the bursted main before the crews arrived to shut off the flow of water. The water froze, leaving icy streets, and a number of area residents were without water temporarily. By Sunday noon the problem was repaired.

It was reported this was the sixth water main break in the village recently.

The weatherman predicted temperatures of 5 to 15 degrees below zero for Wednesday night following Tuesday's snow.

## School Board to Meet Monday

The regular meeting of the Kewaskum Board of Education will be held on Monday, January 12, 1976 at 8 p. m. in the administrative office.

Included on the agenda will be a policy on sex discrimination which includes a grievance procedure and a district designee to handle complaints or questions. This is a requirement under Federal law.

Other agenda items are consideration of a request by Sharon Miller to be allowed to graduate at the end of her junior year, a letter of resignation from Mrs. Loberger and a report from Clark Pearson on preparations for the visit of the North Central committee and board participation. A newly enacted charge by Honeck Chevrolet of \$1.00 per day per car for driver education vehicles will be considered.

A special meeting will be set to certify candidates for the board election. The deadline for filing a declaration of candidacy is 5 p. m. Tuesday, January 13.

A committee on wages of classified employees will be appointed. Miscellaneous items which arise will also be considered.

In executive session following the regular meeting, the board will discuss negotiations, salary of the superintendent and consideration of individual personnel matters.

## New Police Car Purchased

By Mark Smucker

A new police car for the Kewaskum Police Department was purchased by the Kewaskum Village Board at a special meeting last week.

Two bids were received for the car, the lowest one from Meyer Ford in Campbellsport for \$3,119. The other bid from Stocker Ford, West Bend, was for \$3,449.20.

Terms of the bids included air conditioning and a trade-in. The present squad car does not have air conditioning, and a new one could have been purchased without it at a savings of \$400. Delivery is expected to be within six to eight weeks.

The order was placed immediately so as to avoid an anticipated price increase as of January 2, 1976.

## Shop Closes For Winter

The Olde House Antique and Gift Shop at 1523 Fond du Lac Ave., Kewaskum, will once again close for the winter months. During this time, remodeling will take place and another room will be ready for our April 1 re-opening. Many new items and an enlarged display of rosemary will be added.

We wish to thank all our friends for their patronage during the past year and will be most happy to serve you in the spring. Hours will be announced later.

## West Bend Hands Lakes Team First Defeat of Season

Kewaskum in the B Division and the Menomonee Falls Stingers in the A Division were the last of the unbeaten teams to be knocked off Sunday night in Land o' Lakes basketball play.

West Bend's Lithias handed Kewaskum its first defeat with a 127-124 victory in Badger School gym. Kewaskum still leads the division with a 3-1 record, while West Bend is tied with Slinger, both 2-2. The Falls Stingers were beaten by the Menomonee Falls Badgers, 118-106, but are still tied for first with them and Sussex with 3-1 in the A loop.

Ed Tway with 29 points, and Mark Schleif and Steve Newlum, with 26 apiece, led the Lithias. Clark Eichstedt scorched the nets for 32 points for Kewaskum, while Chuck Boegel drilled in 26 and Dave Wietor 24 points.

The Lithias led by slight margins after each quarter, 31-28, 66-63, 93-91 and 127-124.

Better free throw shooting made the difference. West Bend hit 21 of 34 for 61 per cent and Kewaskum sank 16 of 32 for only 50 per cent.

Kewaskum was missing their 6-7 center, Pat Kennedy, and his high scoring and rebounding no doubt would have provided a victory. Manager Bill Backhaus used 12 men in the game, giving most of his players a chance.

Kewaskum meets the powerful Menomonee Falls Stingers of the A Division there Saturday night. In other contests Thiensville-Mequon is at Slinger Saturday and Sunday games are Sussex at Falls Badgers, Hartford at Cedarburg and Port Washington at West Bend.

Other scores Sunday were:

## Brownsville State Bank Plans Affiliation With Valley Bancorporation

Appleton — Plans for the affiliation of Brownsville State Bank with Valley Bancorporation, a multi-bank holding company, were jointly announced today by Joseph A. Lauber, Brownsville State Bank executive vice president, and Gus A. Zuehlke, president, Valley Bancorporation. A plan calling for an exchange of stock has been approved by both the bank and holding company boards of directors. The terms of the transaction were not disclosed. Brownsville State Bank, located in Brownsville, Wis., has a branch banking facility located in Lomira, Wis.

The proposed acquisition by Valley Bancorporation is subject to the approval by the Board of Governors of the Federal Reserve System and the shareholders of the Brownsville State Bank. Zuehlke estimated approval would probably be received during 1976. Zuehlke added, "The bank will continue to be managed by its existing board of directors and officers who are familiar with the people and the economy of Dodge County."

Lauber stated his board has long been concerned with the growing financial requirements of their expanding communities as well as their communities economic growth. He pointed out his board chose the holding company affiliation as a method of acquiring greater financial strength for the Brownsville State Bank, as well as ob-

taining the services of various holding company professionals who will assist the bank in providing the best service possible.

Total assets of the bank on Sept. 30, 1975, were \$8.1 million. On the same date, Valley Bancorporation listed total resources of \$291.6 million. Valley Bancorporation presently consists of 14 banks, including Kewaskum, with 21 banking offices, a leasing company and a trust company all serving Wisconsin.

### THANKS EXPRESSED

I am deeply grateful to all my relatives and friends for the cards, gifts, flowers, visits, phone calls and food while I was a patient at Columbia Hospital, Milwaukee and during my convalescence at home. These many acts of kindness are sincerely appreciated and will always be treasured. Again "thank you" to all.

**A high price might keep you from buying a new home.**

**But a low price shouldn't.**

A Wausau Home costs thousands of dollars less than comparable homes. Because of the way we buy materials and the efficiency of our controlled building system.

For example, every Wausau Home is built with the finest grade kiln-dried lumber. 100% copper plumbing. Real ceramic tile walls and floors in the bath.

We buy the very best and we buy in quantity. Which lowers the price, not the quality.

And we build under the very best conditions, indoors, out of the weather.

Stop by for a close look at a Wausau Home. But don't let our low prices scare you. That shouldn't keep you from buying the new home you want.

December 30, 1975  
5:00 P. M.

The Village Board of Kewaskum, Washington County, Wisconsin, met in an afternoon session called by President Miller.

President Miller presided and all Board Members were present except Trustee Herriges.

The purpose of the meeting was to open sealed proposals for the possible purchase of a new police car. (Note: Some car manufacturers have indicated that there would be a price increase as of January 2, 1976).

Two bids were received which were opened by the President, publicly read and tabulated as follows:

Meyer Ford, Campbellsport, with trade-in but no air conditioning, \$2,719.00. Price with trade-in plus air conditioning, \$3,119.00.

Stocker Ford, West Bend with trade-in but no air conditioning, \$3,070.48. Price with trade-in plus air conditioning, \$3,449.20.
