Fire Dept. Open House for Fire Prevention Week

The Kewaskum Fire Department urges Kewaskum area residents to observe Fire Prevention Week October 8-14 by eliminating fire hazards in and around their homes, farms, factories and other places of business. The best way to stop fires is to prevent them from having a place to start.

The Kewaskum Fire Department will hold an Open House on Saturday afternoon, October 7, from 2:00 to 4:00 p.m. at its station at 1106 Fond du Lac Avenue.

The public is invited to view equipment and ask any questions on fire safety. Fire extinguishers will also be on sale.

About 9,950 civilians died during 1977 as a result of fires in the United States, according to estimates recently released by NFPA.

Of the 9,950 deaths, about 7,800 or 78 percent occurred in residential dwellings including principally houses, apartments, hotels, motels and mobile homes. Another 800 or eight percent of the deaths occurred in structures other than residences.

WHAT'S IN A NAME

Most canned, frozen or dry packaged foods have labels from the food company or food processor, or food distributor. These are called Brand labels. Your supermarket has its own brand labels, too. These have names like "Our Family," and "Pleasmor." Another type of product label that is appearing in some stores is a "generic label." This label states only the name of the product found in the can or package. The only thing the consumer can be sure of is that some of the product that is named on the label is in the can or container. The price for the generic labeled product is generally less than the national brand label or the private store label product. The quality may be as good or poorer than the Brand name product. There will be variation in the quality from one pack to another in the generic label product because they do not require a grade specification. Some canned fruits and vegetables may have more liquid than products and some of the product may be substandard. There is also a possibility that the quality and quantity of the pack will be good.

Generic labeled products do cost less. The savings may be from 10% to 40% compared to a Brand name. There is little difference in the nutritional value of the different labels, if the product drained weight is the same.

The consumer must decide if the savings in cost of a can or container is worth the chance.

Ladies of Kewaskum Attention! You are cordially invited to attend a joint meeting of the Kewaskum Woman's Club and Kewaskum Junior Woman's Club on Thursday, October 12, at 7:30 p.m. at the Peace Church.

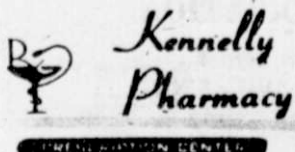

The program is of interest to women of all ages as it will be a skit put on by the "Friends for Battered Women." This Washington County group will also have a discussion period following the skit and many interesting items will be brought to our attention concerning battered women.

Following the program, members of both clubs will have a social time to become acquainted with each other. Separate business meetings will end the evening.

Seven million people are currently being treated for backache. An odd twist or a bad lift can wrench or stretch a back muscle beyond its normal limit. To keep back muscles limber, do bending exercises, gradually touching the toes, twisting the torso. Lying on your back, draw up your knees to your chest several times to strengthen back muscles. Several times a day tighten the muscles in your buttocks; also the abdominal muscles. This will both strengthen the muscles and trim the figure.

Career Planning Program at KHS

During the week of October 9 all juniors at Kewaskum High School will have an opportunity to participate in a career guidance and educational planning program. The program is designed to help these young adults make better decisions about their educational and career plans.

Mike Theiler, counselor at Kewaskum High School points out that national studies reflect that 11th grade students rank order "Help With Career Planning" as their most important need. Yet, in many school settings this need, currently, is not being addressed. It is in response to this need that Kewaskum High School and Moraine Park Technical Institute have instituted the opportunity to participate in the Career Planning Program.

Participating students complete the Career Planning Program assessment instrument which measures the students' career related interests, experiences, abilities and plans. The information is developed into a

report for each student to help them relate this information about themselves to career options and the world of work. The reports will be reviewed with students in group and individual counseling sessions following the administration of the program. Mike Theiler stated that The Career Planning Program is more than an assessment experience, but rather a first step, or foundation for the start of each student's career journey.

About 48% of last year's seniors at Kewaskum High School said they were planning further education after high school. 20% were planning toward a technical/vocational program, and 28% were aiming for four years or more of college attendance (this information may be found in your ACT High School Profile). "The aim of the school's guidance program is to assist all of these students, regardless of their objectives, with the process of learning about and exploring career opportunities," said Clark Pear-

son, principal at Kewaskum High School. "We feel the Career Planning Program will help us accomplish that aim."

Ayer Member Of Chorus For Radio Concert

Peter Ayer, Associate Professor of Music at the University of Wisconsin-Washington County will be in a chorus in concert on WFMR Radio on Tuesday, October 10 and Thursday, October 24 beginning at 8 p.m.

The two concerts, which were originally given on August 10 and 16 in Saratoga Springs, New York, were part of Ayer's summer grant to the Saratoga-Potsdam Choral Institute. Area listeners may tune to WFMR, 96.5 FM, on October 10 and hear four choral numbers written by Brahms: "Lo, How a

Rose Er'er Blooming," Nanie, Op. 82, Schicksalslied Op. 54 and Symphony No. 54 in E. Renowned choral director, Robert Shaw, conducted these selections.

October 24 will also feature the Philadelphia Orchestra, this time with Eugene Ormandy conducting Verdi's "Requiem Mass" featuring the Saratoga-Potsdam Chorus and four soloists.

Ayer, the popular vocal instructor at UWWC who directs the choral groups and the Moraine Area Chorus, auditioned for the 250-voice chorus with other singers from throughout the country.

Baseball Attendance Trophy Presented to Village Board

By TAMI EDGAR
Statesman Staff Writer

The baseball attendance trophy for the Milwaukee Brewer's game was presented to the Village President by Chamber of Commerce President Dan Filzen at Monday night's Village Board meeting.

The Kewaskum area had the largest percentage of people in attendance for its division on Kewaskum night in June. President Miller accepted the trophy saying that the local people are really sports minded about baseball and showed a lot of enthusiasm.

Honeywell and Johnson Control Company gave their presentations on monitoring systems for sewage lift stations.

A representative from Honeywell explained that a control panel installed would monitor the level of water and power failure. An alarm would sound on any indication of equipment failure. This monitoring system is conveyed by the use of telephone wires.

If power fails a stand-by battery supply is present to take over. The batteries will last from 48-72 hours. The equipment is very serviceable and

has a long life span.

The system can expand into other types of monitoring such as fire and burglar alarms. Honeywell can service the equipment and has a one year warranty for any workmanship or material defects.

The second presentation was made by Johnson Control Company which serves the same purposes as Honeywell but this multiplexed system is able to transmit six signals on the same phone lines which would keep the monthly bill down. It would include two-way communication and can monitor the telephone line itself.

This system is also equipped so that additions on other monitoring systems can be made. The company will supply complete engineering diagrams and will also pre-engineer the job. They also allow a one year warranty for any defects.

It was felt that this system should be in a centralized location rather than having each unit in a separate place. The board took no action on either matter.

The board granted Peter Albers permission to attend the Waste Water Operator's Con-

ference at Milwaukee on October 17-20.

A request from the Commissioner to attend the League of Wisconsin Municipalities Conference at Green Bay on Oc-

tober 18-20 was approved.

A building permit application was approved for Schulz Realty, a one-family residence at 1114 Edgewood Road.

The 16 ft. x 10 ft. fence for the

tennis court will be installed for \$528. Payne and Dolan Construction had recommended to put in the gate for the ease of getting equipment in and out of the court area.

Peace United Church of Christ, Kewaskum, was the wedding scene for the 2:30 p.m. ceremony Saturday, September 9, uniting Linda Backhaus and Lloyd Bunkelman in marriage. Rev. Darrell Joiner and Father Richard Fellenz officiated.

Mrs. Margaret McFadden was the organist and the soloists were Mr. and Mrs. Wayne Bottiger.

Parents of the couple are Mr. and Mrs. Harold Backhaus, Highway 28 E, Route 3, Kewaskum, and Mr. and Mrs. Edward Bunkelman, Prospect Drive, Route 3, Kewaskum.

Mrs. Jeri Kaehny, West Bend, served as her sister's matron of honor. The bridesmaids were Darlene Backhaus, Kewaskum, sister of the bride,

The groom chose his brother, Larry Bunkelman, as his best man. The groomsmen were Jim Schaeffer, Addison, Illinois, friend of the groom, John Backhaus, Menomonee, Wis., and Gary Backhaus, West Bend, both brothers of the bride.

Ushering duties were shared by Mark Groeschel, Kewaskum, and Steve Backhaus, St. Michaels.

A dinner and dance immediately following the ceremony was held at the K.C. Hall, West

Bend.

The bride graduated from Kewaskum High School and MPTI, Fond du Lac, and is employed as a dental assistant with J. Dennis Connor, D.D.S., Kewaskum. The groom, also a graduate of Kewaskum High School, is employed with Bunkelman Builders, Inc., Kewaskum.

Seefeldt at Candidates Forum

Frederic Seefeldt, Kewaskum native, Republican candidate for secretary of state, discusses the concerns of that office with Mrs. Ruth Fritz, a resident of Fairhaven in Whitewater, following the Walworth County Republican Women's meeting held last week at the Bay Shore Lodge, Williams Bay.

Bill Mattka, Republican candidate for attorney general, presented and explained his referendum-petition on administrative rules at the luncheon.

Mattka joined other Republican hopefuls for the WCRW's "Candidate Day" program: Fred Seefeldt, nominated for secretary of state; Harold Clemens, for state treasurer; Casey Olson, state senate, 15th district; Del DeLong, assemblyman, 44th district; and Walworth County courthouse candidates Coroner John Griebel, Register of Deeds Lois Ketter-

hagen, and Treasurer Mark Schwartz. Joan Porter represented her husband Assemblyman Cloyd Porter, 43rd district; and Jane Breidenbach represented her husband, Walworth County Clerk Joe Breidenbach.

Seefeldt outlined the important functions of that office-incorporating new businesses and record-keeping for legislative and gubernatorial acts and for all business loans secured by business property. A former Congressional aide for Bill Steiger and assistant Lutheran pastor from Neenah, Seefeldt pledged that his experience in dealing with people and with the political process, as well as his experience as an insurance agent and tax-preparer in small business, would be used to make the office of secretary of state once more responsible and responsive to the citizens.

Haug Awarded MPTI Bid for New Roof

At their September meeting, Moraine Park Technical Institute District Board accepted the low bid of \$72,154 from Carroll W. Haug & Sons, Inc., West Bend, to apply a new insulated roof at the Beaver Dam campus.

Board members also approved remodeling of MPTI's Annex, formerly the K & K Food Mart, Fond du Lac, at a cost of \$3,000. The remodeling would consist of installation of reusable partitions and some electrical work on the lighting of the office area. The Annex houses the Safety Division, staff and equipment.

Agreement has been reached with the Madison and Eau Claire vocational, technical and adult education districts to allow students to attend vocational adult and community services courses without payment of the usual interdistrict nonresident tuition.

The Board also waived material fees and tuition for controlled burning sessions for volunteer fire fighters when such sessions are not state aided.

Reports were heard on the progress of the Beaver Dam campus enrollments and West Bend expansion project.

The next meeting of the Board is scheduled for Thursday, October 19, 7:30 p.m., at Berlin.

Conservation Award Winners

The Don and Edgar Miske families, Rev. Louis Riesch and David Loomans received Kiwanis Club recognition for the contributions they have made to conservation and wildlife development on their land at a noon luncheon on September 19. Both farms are located in Wayne Township.

The Miskes, recognized by the award for land use practices contributing to soil and water conservation, have also been able to incorporate the idea of conservation planning to benefit the wildlife on their 200 acre farm. In order to prevent soil erosion on hills too steep for cropping, they have established tree plantations to hold the soil, which has also created excellent shelter for several wildlife species. One of the Miskes' activities is to collect unharvested corn from the fields in the fall, and to put it out in feeders to help the pheasants survive the long, cold winters. Edgar's wife, Zona, expressed her feelings toward conservation well by saying, "It's not something you do to win an award; it's just something more farmers ought to be doing."

Rev. Riesch and Mr. Loomans have worked together on establishing conservation practices on land mutually acquired. They have placed much empha-

sis on things remaining in a natural state, or being managed towards a goal which suits the particular environment. They have planted trees native to southeastern Wisconsin, and have used a natural spring to create a pond. As administrator at the Cedar Lake Home for the Aging, Rev. Riesch has also established conservation projects on the Cedar Lake Home property, and also on a 90 acre interdenominational outdoor sanctuary, called Faith Haven.

**Rusch Announces
Ideas for Aiding
Senior Citizens**

BRILLION - Mrs. Pat Rusch, candidate for the Sixth District Assembly seat, announced this week her ideas for assisting senior citizens.

Rusch said she was committed to a special program for senior citizens, centered on providing special tax relief and improving low cost health care.

The candidate said that she thinks government has a special responsibility to ease the tax burden for senior citizens because its high tax policies have been causing, rather than solving, some of the senior citizens' greatest problems.

Mrs. Rusch, a 47-year-old mother of eight children, stated that "there can be no justification for the government to continue their high tax policy that burdens senior citizens living on a fixed income."

Pointing to specifics, the candidate said that state government should eliminate the sales tax on home heating fuel and electricity, as well as provide special income and property tax relief for the elderly.

The candidate also directed herself towards what she considers to be one of the most important problems for senior citizens--providing adequate health care for senior citizens living on a fixed income.

Rusch called for improved regional health planning to eliminate costly duplication of services and to make adequate care available to people in all regions. She also urged that more efforts be made to eliminate fraud and abuse in the health care system.

Finally, Mrs. Rusch also pledged that, if elected, she would hold regular meetings for senior citizens to come and explain their perspective on important problems that affect them. The candidate pledged that she would make every effort to stay in touch with senior citizens and their problems.

October 7 Proclaimed 'National Guard Day'

President Carter has proclaimed October 7, 1978 as "National Guard Day" in honor of the 342nd Birthday of the National Guard of the United States.

The proclamation cites the history of the National Guard dating back to the first militia regiment of the Massachusetts Bay Colony (1639).

President Carter said, "Over those three centuries, names have changed--militia, state troops, state volunteers, and, finally, the National Guard--but the spirit of the citizen-soldier has been constant. It is exemplified by those who stand prepared to leave their civilian occupations, don the uniform of their country, and serve their states and their nation when the need arises."

"In recognition of the debt of

gratitude owed by the people of the United States to those who serve as members of the National Guard, the Congress has authorized and requested the President to issue a proclamation designating October 7, 1978, as National Guard Day and to honor the Army and Air National Guard of the United States for service to their com-

munities, to their states and to their nation," President Carter said.

Special printed copies of the President's proclamation will be given this week to the adjutant general of each state. One copy is for presentation to the governor who is commander in chief of the National Guard when the Guard is not on federal active duty.

PLACE NAMES IN WISCONSIN

There is a story in Eleva (Trempealeau County) that tells how that village received its unusual name. In the pioneer days, a grain elevator was built along the railroad tracks, and the owner hired a drifter to paint ELEVATOR in large letters on the building. He had painted ELEVA by Saturday night when he went on a drunken spree, never to return. Since then, the little town has been Eleva—a name bestowed by an undocumented accident.

Sheboygan was probably the Indian word for "passage through" or even a thunderous sound. However, local lore also gives this explanation: An Indian chief longed for a daughter, but son after son arrived in his wigwam. Surely the next child would be a daughter. But when the blessed event occurred, the mother delivered another son. The father exclaimed in anger and disappointment; "Why, She-boy-again."

At a meeting of Rock County pioneers held to form a new township, there were numerous suggestions as to the best name for it. Everyone was saying, "John, that name is not fitten," or, "John, I have a better name." There was no agreement. Finally, one said "let's call it Johnstown" after all the "Johns" present. Thus did Johnstown Township get its name.

The process of laying names on the land was obviously varied. Many places carry the name of the first white explorer or settler or of Indian names or legends. Others were given names of places in Europe or New England from which the settlers came. Some have the names of natural features such as Spring Valley or Green Bay. Railway officials named many of the towns along the railway lines as they pushed through the state, choosing names that could be easily written in train orders or called by conductors. There was only one restraining force, that of the U.S. Post Office which turned down folk names if there was already another post office by the name in the state. The U.S. Board on Geographic Names, created in 1890, came too late to affect most Wisconsin names.

The Name "Wisconsin"

The word "Wisconsin" first appeared in the diary of Father Marquette who went up the Fox and down the Wisconsin in 1673. He spelled it "Meskousing," later "Meskous." Other French explorers used "Mis-kousing," "Ouikonsin," and other spellings. Presumably, the Indian name applied to the river, meaning "gathering of waters," but it may have the name of the Fox tribe, "Mes-quaki." Spelled as "Wisconsin," the legislature made the name official in 1845.

Names of Counties

Counties were created by the legislature, but the names suggested by the local people usually prevailed. Since the first

ones carried the names of politicians or Indians, that pattern prevailed in most of the naming process.

Wisconsin's 71 counties carry 19 Indian names, 11 French names including possibly one French King (Pepin) and the French verb "to carry" (Portage), two women (Florence, Marinette), 10 state politicians and three from the East, one Greek battle (Marathon), and seven named after some natural phenomena such as color of water (Green Lake, Eau Claire). One is named after Columbus (Columbia) and one after a British surveyor (Bayfield). Two carry the names of homes of national leaders, Washington's Mount Vernon (Vernon) and Clay's Ashland (Ashland).

It is said that the Indians called the area that was to become Milwaukee County "Miniwaki", meaning firewater, since the Great Spirit told them it was destined to be the Beer Capital of the World.

Some Interesting Names

Folklore students have provided this writer with many unusual stories of how their home towns got their names. Here are a few of doubtful validity, but which are nevertheless part of the oral tradition in Wisconsin.

Osceola (Polk) was obviously named in honor of the Seminole chief who fought the U.S. Army to a standstill in the Florida swamps. Legend has another explanation. A lumberjack, showing off to his girl friend, fell off a log there near the sawmill. One of the girls exclaimed: "O-se-Ole." Another story has a Swedish emigrant extolling the beauty of the area, saying to his wife: "Oh, see, Ola."

Brown Deer (Milwaukee) was first known as White Deer after an albino deer had been seen there. Local legend has it that a brown deer jumped through the door of the roadhouse, disrupting a card game and spreading pandemonium. Afterwards, people spoke of the place as where the brown deer rearranged things.

Palmyra (Jefferson) was

probably named after a Biblical city. Legend has it, however, that its name came from the popular song "Oh, What a Pal Was Myra."

Ono (Pierce) is a neighborhood that grew up around a church. When the pioneers gathered, each one had a name to suggest that described the beauty of the place and each proposal brought an "Oh, no" from the others. Finally they agreed on Ono. A less romantic story says that these religious people chose Ono because the Bible mentions the Plains of Ono.

Star Prairie (St. Croix), perhaps the most beautiful name in Wisconsin, was first named "Jewelltown" after the wife of the founder. However, when an early settler looked up at the stars and observed "How beautiful are the stars out over the prairie tonight," the name was changed to Star Prairie.

Menomonie (Dunn) comes from the Indian word for wild rice and is also a misspelling of a tribe by that name. Local lore has another explanation. An early settler built a bridge across the Red Cedar River and charged all who used it. But the Indians would shrug their shoulders and refuse to pay, saying "Me-no-money."

Green Bay (Brown) was first called Baie Verte or Green Bay by the French, probably because of the deep green color of the water. It may also have been called Baie des Puants (Bay of Stinkers) after the Winnebago who lived there. When the wealthy Norwegian, Otto Tank, established his settlement there in 1853, it became known as Tanktown in his honor. If this name had stuck, we would have been rooting for the Tanktown Packers today.

DePere (Brown) got its name from the Jesuits who named it

"ONO" equals "Oh No!"
(Illustration by Helen B. Wyman)

Rapides des Peres (Rapids of the Fathers). However, another story has it that when Nicolet ordered one of his voyageurs to test the depth of the water there, when his paddle would not touch bottom, he said "Deep here."

Neighborhood Place Names

Maps list only a few of the hundreds of neighborhood place names. Like the names of lakes and villages, they carry the names of geographic characteristics, of events that happened there, and of people. Here are a few that appeared in the Geological Survey of Pierce, Pepin, and Dunn counties:

The Notch, Porcupine, Hog-

back, Five-mile Bluff, Devil's Gate, Bearpen Coulee, Paradise Coulee, Gap Hill, Exile, Goatback, Wildcat Coulee, Eau Galle, Swede Ramble, Devil's Elbow, Eagle's Spring, Logan's Camp, County Line.

Nationality Names

There are hundreds of names of places brought by immigrants from Europe or the eastern states. Those that came first have left behind the most names while those that came last, such as the Finns, have left very few. German names such as Kiel and New Berlin, are found in the greatest numbers in the eastern half of the state. Irish names such as Cudahy, McFarland, and Erin Prairie are scattered throughout the state. Wags also list "O-Claire" and "O-Conomowoc" as Irish.

Wisconsin Lakes

The bulletin, Wisconsin Lakes, lists 8,830 in the state.

An unfinished sign names a town
(Illustration by Helen B. Wyman)

half of which have no official name but may have locally known folk-names. Vilas County leads the list with 968, of which 444 are unnamed.

Lakes carry the names of Indian legends and places, names of the first settlers, the fish that abound in it, or the site and shape of the lake. Only a few have literary names such as Evangeline, Gabriel, and Ivanhoe. There are dozens of women's names (Little Emily, Rosa, Ruth, Mary Jane) but only a few men's such as John or Jim or a last name.

Since there was no legislature or post office to prevent duplication in the naming process, repetition even within counties was common. Oneida County has 10 Bass Lakes, seven Clear and One Clear Water, three Jenny, six Long, five Lost, three Minnow, five Mud and one Mudhen, eight Perch, three Pickerel, three Pine, three Silver and one Silver Bass, four Stone and one One Stone, three Twin, and a host of others.

Among the unusual lake names are these: Bladder, Bear Paw, Jag, Nothing, No Man's, One Our, Partridge Crop, Snoose, and Starvation. Then there are such enticing names as Mystery, Whispering, even Nudist.

The names of some lakes have been changed to make them more appealing to tourists or cottage owners. Forest County's Rat Lake became Wabicon and Polk County's Wapogasset was once named after a fish with no social standing--Sucker.

Summary

Wisconsin place names reflect its history and the role of the common people in shaping it. The names laid on the land came from many sources and they show imagination, pride and love of the place where people put down their roots. The process continues. Who has not heard of the Bluegill Capital (Birchwood), the Ski Capital (Crivitz), and the Drum Corps Capital (Racine)?

Farmers Union Dairymen Organize District Council

Dairy farmer members of the Farmers Union Milk Marketing Cooperative, representing locals in nine Wisconsin counties, organized a new District Council at a meeting in Fond du Lac September 15.

John Stahl, Jr., Campbellsport, was elected chairperson of the FUMMC District VI Council. Other officers elected were: vice-chairperson, Elmer Yoekel, Hartford; secretary, Beth Thurk, Brownsville; and treasurer, Earl Maxwell, Nee-nah.

"We hope these District Councils will enhance member input into the cooperative's affairs and policy objectives," said Director Steven Joas, Campbellsport, who represents District VI on the FUMMC Board of Directors.

Gilbert C. Rohde, President of FUMMC Board of Directors, expressed concern over the U.S. Department of Agriculture's recent decision to set milk price supports at the legal minimum, 80% of parity, for the dairy marketing year beginning October 1.

"We lobbied for 90% of parity," Rohde said, "but frankly I'm not surprised at the decision. The National Milk Producers Federation, which claims to speak for all dairy

farmers, lobbied for 80%, undermining our efforts and the efforts of other dairy groups that sought something better."

"Clearly, dairy farmers need to get control of their organizations. Hopefully your new District Council will increase your input into FUMMC policy," he added.

FUMMC's District VI includes members in the counties of Brown/Kewaunee, Winnebago, Calumet/Manitowoc, Fond du Lac, Ozaukee/Sheboygan, Washington/Waukesha, Dodge, and Jefferson/Rock/Walworth.

Observe National 4-H Week in County

"Freedom to Be" is the theme of the millions of 4-H members throughout the nation as they observe National 4-H Week. National 4-H Week is October 1-7. Traditionally, National 4-H Week has been a time for 4-H'ers, their leaders, and friends to take stock of the year's accomplishments and achievements, and it has been a time to look to the future of 4-H in their community, in their state and in their nation.

4-H leaders in Washington County have defined 4-H as a program where parents and interested adults can have a positive influence on their children's growth and development. It is a place where parents and children can do

things together. They have the freedom to set goals and reach for opportunities. They have the freedom to be what they want to be.

Through various projects, activities and events, 4-H'ers under the guidance of volunteers are developing their life skills in relation to change, using science and technology, relating to others, using time wisely, making vocational decisions and practicing communications.

Washington County 4-H members are inviting others to join them. Many clubs will be having window displays during National 4-H Week. During the month of October, many clubs will be having special new family nights, where they will invite new families to join them and tell them what they do in their club. Get in touch with a 4-H club in your community, or if you don't know where there is one, call the County 4-H Office at the Washington County Courthouse.

Minutes of Village Board Meeting

Mid-Monthly Meeting
September 18, 1978
8:00 P.M.

The Village Board of the Village of Kewaskum, Washington County, Wisconsin, met in mid-monthly session in the Council Room of the Municipal Building.

President Charles F. Miller presided. All Trustee Members were present.

Two corrections were noted to the minutes of the meeting of September 5.

1. The installation of a natural gas lateral to the Fire Station was not authorized. The motion was to authorize the compiling of cost figures on stand-by LP gas if natural gas were to be used as the main fuel.

2. President Miller did not receive a copy of the Police Association proposed contract for 1979. The Police Association had requested permission to meet with the Board to present their wage proposal for 1979.

In all other respects the minutes of the meetings of September 5 and September 11 were approved as printed. Motion by Trustee Schmidt, seconded by Trustee Mlodzik. Voice vote was unanimous.

Engineering consultant Robert Mommaerts was present to open and publicly read the sealed bids for the extension of sewer and water service on Werner Drive and the installation of storm sewer on a portion of Knights Avenue and Columbus Drive. The proposals were tabulated as follows:

Mueller Excavating, Campbellsport	\$36,287.50
Zunker Contractors, Fond du Lac	49,918.00
Wogi Construction, Menasha	46,416.00

The proposals were referred to Mr. Mommaerts to be checked for accuracy.

Earle Page of Page Electric was present to submit and to explain their alternate bid for the lighting of the tennis courts in the Kewaskum Kiwanis Community Park utilizing 45 ft. wooden poles rather than the 25 ft. village owned concrete

standards. The total amount of the proposal was \$16,300.00. Motion was made by Trustee Danielsen, seconded by Trustee Schmidt that the proposal be accepted and that the President and Commissioner be and hereby are authorized to execute the proper proposal form whenever it is received from the contractor. Voice vote was unanimous.

The Board authorized the installation of a natural gas lateral to the new Fire Station, 1106 Fond du Lac Avenue, by the Wisconsin Gas Company at the quoted cost of \$1,848.00. Motion by Trustee Schmidt, seconded by Trustee D. Nigh. Voice vote was unanimous.

RESOLUTION NO. 78-5

WHEREAS, The Village of Kewaskum, Washington County, Wisconsin, has a sizable sum of money invested in tools, equipment and machinery including park equipment, and

WHEREAS, it is becoming increasingly difficult to control the use of these items by people other than for village use,

NOW, THEREFORE, BE IT RESOLVED, that the Superintendent of Public Works, the Superintendent of the Waste Water Treatment Plant, the Village Commissioner and the Chief of Police be hereby instructed that any rental or use of this equipment be first authorized by the Public Works Committee.

Introduced by Trustee Raynor Herriges

Motion for adoption by Trustee Mark Kral

Motion for adoption by Trustee Donald Mlodzik

Voice vote was unanimous

Engineering consultant Robert Mommaerts reported that he had checked the bids for the extension of sewer and water on Werner Drive and the installation of storm sewer on Columbus Drive and Knights Avenue, and that the apparent low bidder was Mueller Excavating

of Campbellsport, and that it was his recommendation that the bid of Mueller be accepted. During a conference with Rick Mueller, the total contract price was adjusted to \$36,616.97 so as to allow for some sand backfill which apparently had been omitted on the original bid. Motion was made by Trustee Danielsen, seconded by Trustee Herriges, that the proposal of Mueller Excavating be accepted and approved and that the President and the Commissioner be authorized to execute the required contract. Voice vote was unanimous.

Supt. Peter Albers explained to the Board the report submitted by Foth and Van Dyke with reference to the proposed modifications to the waste water treatment plant. Motion was made by Trustee Herriges, seconded by Trustee Danielsen that the Engineering Consultants, Foth and Van Dyke, be authorized to establish a time table for implementing the suggested modifications. Voice vote was unanimous.

Lyle Manthei was granted permission for the use of the village park for a wedding reception on September 23rd.

The petition with reference to the cutting of weeds on the vacant lots fronting on Knights Avenue was referred to the Weed Commissioner.

The local Jaycees were granted permission to use the vacant village owned house at 1603 Fond du Lac Avenue for their Halloween "Haunted House" project. Motion by Trustee Schmidt, seconded by Trustee Herriges. Voice vote was unanimous.

Trustee D. Nigh moved for the installation of a 16 foot double hung gate in the fence enclosing the tennis courts at the Kewaskum Kiwanis Community Park at a cost not to exceed \$450.00, said gate to be installed by the same contractor who will be doing the fencing of

the courts. Motion seconded by Trustee Danielsen. Voice vote was unanimous.

Upon motion by Trustee Schmidt, seconded by Trustee Herriges and duly carried, the Board adjourned until 8:00 P.M. October 2, 1978.

National School Lunch Week

Each year in observance of National School Lunch Week, a universal menu is planned. On Wednesday, October 11, schools throughout the nation participating in the National School Lunch Program are requested to serve the menu.

This year's NSLW theme is once more, "Eat to Learn-- Learn to Eat." The main emphasis is on physical well-being by eating right. NSLW 1978 artwork again has been designed as created by cartoonist Morrie Turner, creator of the "Wee Pals" comic strip.

"Wee Pals" are right in there pitching, enthusiastically advocating physical activity, school lunch, and eating right.

Area Racing News

By Ken Knoll

The past two weekends, Tony Strupp of Slinger and Willie Goeden of St. Michaels have raced in year-end specials at Rockford, Illinois and LaCrosse.

The weekend of September 23 and 24, they traveled to Rockford, Illinois for the 13th annual National Short Track Championships at the high banked one quarter mile asphalt track. On Saturday, Goeden developed engine problems during qualifying and was consequently finished for the weekend. Strupp also was unable to qualify but managed to have his car ready for the Milwaukee 30 qualifying race. Tony led all 30 laps to win the race and earn a spot in the 200 lap feature. On Sunday, Tony was forced to retire from the 200 lap feature on lap 22 with overheating problems.

The following weekend the Oktoberfest 200 was held at the LaCrosse Interstate Speedway in West Salem, Wis. 81 cars timed in for this show on the wide 5/8 mile asphalt track. Strupp was 19th in time and Goeden was 21st in time on Saturday. They were joined by Rick Lisko of West Bend who made the necessary changes to his car to run as a late model.

He turned in the 57th time.

Saturday Strupp was second in his 10 lap trophy dash while Goeden placed fourth in his 15 lap qualifying heat. Lisko was unable to place near the top in his heat. In the 20 lap Race of Champions, Strupp placed 4th and Goeden was 9th.

On Sunday, each driver who had qualified for the 200 drove in one of two 50 lap features and the 100 lap feature. In the first 50 lap feature, Strupp was second and Goeden 11th. In the 100 lap finale, Strupp retired after five laps and placed 27th and Goeden while 2 laps down to the leaders at the end was 19th. Lisko ran the 20 lap consolation race and dropped out after 16 laps. He was given 12th place.

Indians Handed Third Straight Setback at Kettle Moraine, 17-8

The Kewaskum Indians went down to their third straight setback in Scenic Moraine play at Kettle Moraine Friday night, 17-8. For the second straight week the Indians led early but two touchdowns in the second half provided the margin of victory for the Lasers.

Kewaskum beat itself at its own game with a fake punt but the plan backfired. On fourth and three from its own 36, and ahead 8-3, Kewaskum tried the fake punt. It failed and Kettle took over. Sophomore Joe Wirth ran the ball in from the six yard line four plays later. The play turned the tide the Lasers' way, and the Indians were stopped cold.

Kettle drove 53 yards in the fourth quarter and Andy Loveland ran the ball in from the 10 for their final score. Wirth was the game's leading rusher, carrying the ball 15 times for 113 yards to Kewaskum's total of 74. However, the Indians gained 65 yards passing to the Lasers' 0.

Some hard-hitting defensive play highlighted the first half between these two winless teams. On Kettle's second series, strong running by Wirth moved the ball down the field. Three straight first downs followed and then on a fourth and 11 the Lasers called on their soccer style kicker, Scott Hetrick, who kicked a 29 yard field goal to make it 3-0.

The Indians failed to get a first down in the opening quarter and put together their only scoring drive late in the second period. Starting on their own 32, a pass from quarterback Joel Herriges to end Tom Kern picked up 17. A Herriges to Scott Brendemihl pass gained another 11. Paul Bremer's 11 yard run on a draw play and Herriges' option for 12 gave the

Other Indian counters were Mary Kougl 6th and Sherry Squier 7th. Hartland's Sue Bond took second.

Bobbi Schmidt Takes Conference Medal Again

Kewaskum Girls Win Second Straight Scenic Golf Title

The Kewaskum High School girls' golf team captured the Scenic Moraine championship for the second year in succession in the conference meet which was held at Hartford Friday. Also, for the second year in a row, the Indians' No. 1 player, junior Bobbi Schmidt, has taken the conference medal.

Kewaskum earned 10 points for winning the conference meet and another 4 1/2 points for their dual meet wins to handily take the title, 14 1/2 to 11 1/2 for Mayville.

In the Hartford meet, Kewaskum's margin of victory was 29 strokes over second place Mayville. Their total was 428 and all five of the Indian players finished in the top ten of individual scoring.

KHS is unbeaten in conference dual meets in the last two years and only a tie with Mayville this year kept them from a perfect mark.

Kewaskum's Schmidt had a tough battle with Kettle Moraine's Amy Buske for top medal. Bobbi had a 98 on rounds of 46-52, while Buske was one shot behind with a 99.

The Indians' Denise Dean also won an all conference medal for third with a 106. Terry Tighe of Mayville was fourth with 107 and Germantown's Mary Blau fifth with 108.

Kewaskum's Yvonne Schacht just missed a medal with her 110. She was sixth and sophomore Sue Harlow was tied for eighth with a 114.

After the first three players were in, Kettle held a six stroke edge but then Harlow finished with a 59 and Hanrahan shot her best of the year, a 57, to save the match.
