Kewaskum Receives New Rescue Vehicle

Additional photos, pages 9,

[Statesman photo by Mark Steger]

On March 2, the Kewaskum Fire Department received its new Modular Ambulance. This newest piece of apparatus features quartz lights, generator, special air connections, a center mounting cot (for easier CPR), and special cabinets.

The walk through type body is on a heavy duty Chevy Van type chassis. The chassis was purchased through Honeck Chevrolet of Kewaskum and the body was made at Marion Body Works, Inc. of Marion, Wis-

consin.

The total price of the vehicle with equipment and radio is approximately \$35,000. This money came solely from money collected from previous picnics, dances and other functions the Fire Department held. No tax dollars were spent.

This Modular Unit and the 1974 van type ambulance the Fire Department also has is manned by 14 totally trained and certified state licensed Emergency Medical Technicians, members of the Kewaskum Fire Department.

This new unit will replace the 1967 ambulance which the department has and will in the near future not meet all specifications which are set up by the State of Wisconsin.

Kewaskum's new Modular Ambulance has been chosen by Marion Body Works to be its representative in Madison on March 8 and 9 at the Governor's

Spring Conference on Disaster Preparedness.

Kewaskum will be putting this newest piece of equipment on display for the public on Saturday, March 17, from 2:00 to 4:00 p.m. at an open house at the firehouse. For further detailed information and demonstrations of some of the new features this ambulance contains, come see it on March 17. This piece of equipment is something our community can and should be proud to own.

Girl Scout Week Banquet Sunday

In honor of Girl Scout Week, March 8 to 17, the annual Girl Scout banquet is being planned for Sunday, March 11, at the Amerahn Hall.

All Girl Scouts are asked to attend in uniform if they have them. We would like to take this opportunity to ask your help in reminding your daughter to observe Girl Scout Sunday by attending church as a group in uniform. At Holy Trinity Church Mass is at 9:30 a.m. Services at the Peace Church will be held at 10:15 a.m. and the greeters are Kim Brodzeller and Lisa Gatzke.

Kewaskum, Farmington and Wayne Girl Scouts will be taking orders for Girl Scout cookies from March 9 to March 18. The Girl Scouts have been assigned streets as in the past years. If you are not contacted by a Girl Scout and you wish to order please call the area Cookie Chairman, Mrs. Mike Pettit, 626-4042 or Mrs. Lois Bartz, 626-4555. We hope that this year will be an even bigger success than last year's cookie sale.

AFS Students to Highlight Woman's Club Meeting

Saturday, March 10, will be AFS Day for the Kewaskum Woman's Club when it meets at the Peace Church at 2:00 p.m.

After the business meeting the program will be presented by Kewaskum's AFS students, who will show slides and talk about their native countries. The two students are Edgardo Carranza from El Salvador and Jorge Casal from Paraguay. The boys' American mothers will also be introduced.

Hostesses for the afternoon will be Mrs. R.G. Edwards, Mrs. Richard La Fleur and Mrs. Donald Hlavaty. Guests are welcome.

Two Subdivisions Approved

Snow Emergency Lifted

By TAMI EDGAR
Statesman Staff Writer

The Village Board voted to eliminate the snow emergency at Monday night's board meeting with Pro-Tem President Raynor Herriges taking the place of President Miller.

Due to the warm weather and melting, the snow is not a big problem anymore. There are still some narrow streets, but most are beginning to clear. The emergency was to stay in effect until April 1. The parking will be on even days, park on even sides of the street, and odd days, park on odd sides. These are effective after midnight.

The Fire Department has received its new ambulance. On March 17, there will be an open house and you will be able to see the ambulance.

The board approved the Park River Estates Subdivision in the Town of Kewaskum, and the Hon-E-Kor Subdivision from the recommendations given by the Plan Commission.

Two requests were granted.

The first was for Augie Bilgo to prepare and advertise for a tractor and mower. The second was for Pete Albers to take a correspondence course on Supervision, Management of Water and Waste Water. This course is given from Michigan State and is a complete course.

Discussion was held on the water problem on Edgewood. The culverts were all open but the water can't run out fast enough. At this time the water is stable and there is no place to pump this water. The culvert is 48 inches and the ditch lies flat with no incline to allow for proper drainage of water. If the water would get too high it would run to Brooklane and drain there.

The board discussed a placement for sludge during the winter months. One was to thicken the sludge and stockpile it. The other method is to dig a lagoon for storage. This elimination of sludge is one of the most expensive parts of disposal. Nothing was decided.

Kewaskum Juniors to Host AFS Students

The Kewaskum Junior Woman's Club is hosting a reception on March 15, at the home of Mrs. Richard Knoebel, 709 Moraine Court, Kewaskum, for the two AFS students attending Kewaskum High School. The club gave each student \$25 at Christmas to be used for a telephone call home. Members are anxious to hear from each of the fellows to become more familiar with them personally.

Edgardo Carranza is from El Salvador, Central America, and is spending the year with Mr. and Mrs. Norbert Dettmann of Boltonville. He comes from the city of San Vicente but attends school in San Salvador where he resides with his aunt and uncle. Edgardo is accustomed to temperatures in the 70's and 80's

and no snow, so our cold winter is quite a change for him. The schools are similar except that in his country there aren't any study halls. Their winter, from February to October, is also their school year.

Jorge Casal comes from Paraguay and stays with Mr. and Mrs. Richard Schilter of rural Allenton while attending Kewaskum High. Jorge's school starts in March and runs until November which is their winter. The major difference in schools in Paraguay is that the teachers change rooms, not the students. Jorge enjoys sports — especially basketball and on his return to Paraguay, he will attend college to study civil engineering.

In addition to hosting the AFS students, the International Affairs Committee of the Kewaskum Juniors has purchased a film strip "Faces and Places Around the World," which will be available for use in the schools and churches. 1979 has been designated the "International Year of the Child" by the United Nations and the Juniors have a vast amount of information available on the subject. For the second year, a child in Oklahoma is being sponsored by the Kewaskum club through the Christian Children's Fund. CARE cards are sent out each year to area residents as a means of supporting CARE and thanking many who help the club.

Adult Classes Offered Here

The Moraine Park courses that are scheduled to start at Kewaskum include Basic Life Support - First Aid, Beverage Host, Checker Cashier, Cake Decorating, Operating a Small Business, Accounting for Small Businesses, Antique Appreciation, Ceramics, Chair Caning, Decorative Eggs, and Microwave Cooking.

It is hoped Basic Life Support can be offered two evenings. One will be thru the Red Cross and one thru the Moraine Park program, so everyone interested will have a chance to attend.

Beverage Host will be offered at Hon-E-Kor on Monday evenings, starting March 26. There is room for a few more to register for this course.

Checker-Cashier is a popular course and will start March 15 at 7:00 p.m. Operating a Small Business and Accounting for Small Businesses needs a few more to sign up. A second Microwave course will be offered for those who could not attend on Wednesday evenings.

More students are needed in the following courses: Cake Decorating, Ceramics, Antique Appreciation, Chair Caning and Decorative Eggs, before they can begin.

To sign up for a course or for more information, call Kewaskum High School at 626-2166 from 7 a.m. to 5 p.m., Monday through Friday.

Regal Announces Record Consumer Print Schedule for 1979

Regal Ware, Inc. will increase its consumer print advertising by more than 30% for 1979, according to David F. Zoerb, Director of Advertising.

Regal's stepped-up print commitment will concentrate on the company's popular cookware line called Regal CastPlus, with Regal Stainless-Plus, its new gourmet stainless steel line joining the schedule later in Fall. Both lines carry the prestigious Betty Crocker endorsement.

The privately held manufacturer of cookware and small appliances cited satisfaction with its 1978 print campaign as reason for its intensified exposure in high-circulation publications. According to Zoerb, 25 full-color digest size ads will

appear in the seven women's magazines, two trade books and Readers Digest commencing with April issues and running through December.

The first ads, breaking in March, appear in Redbook, Ladies Home Journal, Brides and Modern Bride through Scannell, Inc. of Brookfield, Wisconsin. Readers Digest, Woman's Day, McCall's, Family Circle, and Good Housekeeping are also included in the schedule throughout '79.

Marketing plans include special tie-in promotions initiated by the company's sales force to supplement the national advertising efforts.

Church to Hold Salad Luncheon

The women of the Fifth Avenue United Methodist Church of West Bend will hold their annual salad luncheon on Tuesday, March 27, from 11 a.m. to 1 p.m.

Advance tickets and reservations may be arranged by calling the church office 334-2059. Tickets in advance are \$2.75; they will be \$3.00 at the door on the day of the luncheon. Clubs and organizations should get their reservations in early for good seating times. The luncheon is for both men and women.

Hot turkey salad will be featured along with many other salad varieties plus French bread, cookie bars and beverage.

The shortest lived U.S. denomination was the 20-cent piece issued only in 1875 and 1876.

Regular, continued use of mineral oil preparations for constipation is not without its danger, writes a consultant in the American Medical Assn. Journal. The oil might be breathed into the lungs, causing a kind of pneumonia that can be fatal. Also, the oil may interfere with absorption of some important fatsoluble nutrients in food. High fiber foods and fruit, which have a mildly laxative effect, are best used to relieve constipation.

BE IT RESOLVED, by the Village Board of the Village of Kewaskum, Washington County, Wisconsin, that in order to provide for the proper location of recreation areas, site planning for the location and design of particular facilities, to make provisions for recreation programs, financing, maintenance, and management, and to insure the village's eligibility to participate in the Land and Water Conservation Fund Program and the Outdoor Resources Action Plan, the updated 1978 Outdoor Recreation Plan for the Village of Kewaskum, Wisconsin, shall and hereby is approved and adopted. Dated this

19th day of February, 1979.

Introduced by Trustee Daniel Schmidt.

Motion for adoption by Trustee David Nigh

Motion for adoption seconded by Trustee Robert Danielsen

Roll call vote - 6 "Aye"

The resignation of Ruben Oppermann as part-time/patrolman of the Kewaskum Police Department was accepted upon motion by Trustee Nigh, seconded by Trustee Mlodzik. Voice vote was unanimous.

John Thorn was appointed a part-time/patrolman of the Kewaskum Police Department upon motion by Trustee Danielsen, seconded by Trustee Kral. Voice vote was unanimous.

Motion was made by Trustee Schmidt, seconded by Trustee Danielsen that the village increase the limits on its umbrella liability insurance up to \$2,000,000 for the additional yearly cost of \$700.00. Voice vote was unanimous.

Discussion was held on the fencing for the ball diamonds and the tennis courts in the Kewaskum Kiwanis Community Park. Sixth District Republicans kicked-off Tom Petri's campaign for congress with a "Victory Rally" in Oshkosh on Saturday, February 24. Special guest was House Minority Leader John Rhodes of Arizona.

Republican primary candidates Ken Benson, John Gregory, Donald Jones, Jack Steinhilber, Tommy Thompson and Richard Wright were in attendance and offered their full support and help in electing Petri.

Petri, in his remarks to the 250 people in attendance, spoke

about the central issue of the campaign, inflation. Petri said, "We've got to have people in Congress willing to stand up and say, 'Yes, that's a good idea, and yes, that's a good program, but no, we can't

afford it because we have to balance the budget'."

Petri also said that one of the major problems to be dealt with in the current Congress was the issue of promoting American farm products abroad and protecting them from foreign imports.

Petri is seeking the congressional seat left vacant by the death of Congressman William Steiger last December. The special election will be held on April 3.

Erwin Butzlaff, 18, son of Mr. and Mrs. William Butzlaff, residing about two and one-half miles southwest of Kewaskum, had a very narrow escape from death when he was overcome by carbon monoxide gas. The accident happened on Friday, March 1, when he went into the garage at home and started the motors of two cars parked in the garage. Not fully realizing the danger, the garage doors were left closed. Mr. Butzlaff, alarmed when his son failed to return, went to the garage and found his son unconscious. SENATOR PETRI CAPITOL REPORTS

Speak Up on Welfare Reform Welfare Reform, Who Needs It?

Two concerned citizens from my hometown of Fond du Lac are looking for an answer to that question from all of us. Robert Haase and Steve Wright are circulating a petition which will be sent to the members of the state legislature and the U.S. Congress.

The petition calls for reform of the welfare system in four specific areas:

- 1) a work requirement for all welfare applicants and recipients who are physically able with a provision eliminating aid to those who refuse to participate;
- 2) stricter penalties for fraud and abuse of welfare programs;
- 3) greater parental responsibility by enforcing child support laws and discouraging conception of additional illegitimate children for increased aid; and
- 4) increased local control over welfare programs and consolidation of administration for greater efficiency.

WELFARE REFORM WOULD BENEFIT ALL

The answer to the question who needs welfare reform? is everyone, taxpayers and welfare recipients alike. With approximately 12% of the entire

state budget going to welfare programs, every taxpayer should be concerned about this bite out of our weekly paychecks.

The goals of welfare programs are to help people through times of need and to assist them in getting back into the workforce. It seems these goals are not being adequately reached. This should be a matter of grave concern to all welfare recipients, whose chances for a dignified life are not being furthered by the present system.

LEGISLATIVE PROPOSALS

The welfare program in Wisconsin has swelled to inordinate proportions over the last decade. In 1965 the total number of recipients was approximately 82,000; by 1978 that had jumped to 450,000. This has been due to several factors. Grant sizes have increased; eligibility requirements have become vague; and our work ethic and sense of family responsibility have deteriorated.

The problem can be solved in part by state legislation; federal

rules and regulation dictate much of the structure of Wisconsin's welfare system. Since 1974, I have submitted to the state legislature proposals to improve the quality and curb the quantity of welfare programs.

This session I plan to introduce legislation which answers several points of the Haase/Wright petition. Among others, the proposals include:

- 1) Allowing county welfare departments to consolidate for greater administrative efficiency;
- 2) Requiring adult children to contribute to the maintenance of parents receiving public assistance;
- 3) Requiring applicants for aid to swear under oath that all statements on the application are true, with a 3-year jail term or \$1,000 fine for swearing falsely.

These proposals have a better chance to become law if you and your neighbors will take the time to sign the petition Robert Haase and Steve Wright are circulating. My colleagues in the legislature must listen to the collective voice of the people.

For further information about the petition, contact Robert Haase, 722 Maine Avenue N. Fond du Lac, WI 54395 or Steve Wright, 720 Maine Avenue N. Fond du Lac, WI 54395.

Congressman JIM SENSENBRENNER Reports

The first major fight in Congress this session will be over the issue of taxpayer financing of Congressional elections. The House Democratic leadership has given this legislation its top priority and media editorials are now responding to that stance. As a result of this activity this issue has prompted more mail to my office recently than any other issue.

Taxpayer financing of Congressional elections is just that — using federal tax dollars to pay for Congressional campaigns. By accepting these funds, a candidate would subject his campaign to limitations on the total amount it may spend. Supporters claim such a system is needed to remove "special interest" group influence from elections. But I strongly believe there are more compelling reasons to oppose taxpayer financing of elections.

First, I believe it is morally wrong to use someone's tax dollars to support candidates he may actually not support. Limiting spending also limits the freedom of the candidate to communicate with his potential constituents. Thus, it runs counter to our democratic system of choosing our elected representatives in an atmosphere of complete freedom.

Such a system would certainly cost the taxpayers a great deal of money — up to \$100 million — for the candidates and for the costly bureaucracy needed to administer it, which will no doubt create more paperwork. A case in point of the problem is the existing program of taxpayer financing of Presidential campaigns, which cost us \$74 million in

1976 and generated over 12 million pages of reports from the Presidential candidates.

Taxpayer financing of elections would also give a built-in advantage to incumbents, who have many "perks" available to them — mailings, staff, printing, etc. If a challenger is limited to the same amount of spending the incumbent is, he has no way of offsetting those incumbent advantages, which are not included in the limits.

I do not believe that this plan would accomplish the goal of removing "special interest" group influence, either. Not allowed to contribute money to a candidate, they would merely give volunteer assistance and indirect help. Thus, their influence could continue or even increase. The worst of it, however, is that such help may escape full public disclosure — along with the accountability of the candidate for receiving it.

Taxpayer financing of Congressional elections has many strikes against it, and a recent poll showed that two-thirds of the American public opposes it. The best way to eliminate "special interest" group influence is to keep strong public scrutiny of the activities of such groups. Unfortunately, too many Congressmen have a "public be-damned" attitude about this issue. I urge everyone opposing this plan to let me know, so I can show those colleagues the depth of public opposition to this bad idea whose time, hopefully, will never come.

Tomah Snowmobile Travelers Visit New Fane Kettle Riders

Two souls braved unfamiliar trails and fog via snowmobile to make a 226-mile trip to New Fane. John Brady (left) of the Tomah Countryside Snowmobile Club and Gary Benjamin (right) of Warrens Trail Twisters, left Tomah Thursday at 7:30 a.m., arriving at their destination, the home of hosts Mr. and Mrs. Dennis Seideman, at 12:20 a.m.

Brady and Benjamin were met at Randolph by Dennis Seideman and Leroy Peterson of the Kettle Riders who escorted them on the final leg of their journey.

On the whole, Brady said the trails were good and the trip a challenge which he and Gary enjoyed. There were obstacles such as the original pioneers met — muddy trails, become lost, but most of the clubs whose trails they used were helpful and willing to guide Brady and Benjamin from one

club territory to the next.

Leslie Brady, Linda Benjamin, Conrad Loubenstein, and Mr. and Mrs. Glenn Rattles trailered their machines down, meeting John and Gary at the Seideman home. The group enjoyed snowmobiling on the New Fane trails and a Chili Ride Friday night hosted by Aggie and Elmer Kittel at the Bar-N Ranch Tavern. The weekend concluded with socializing at other Kettle Rider homes and the return trip (by car) to Tomah Sunday evening.

ST. LUCAS FIRST IN DARTBALL TOURNEY

St. Lucas Lutheran Church dartball team of Kewaskum placed first in the Eastern Wisconsin Lutheran Dartball League tournament held at Silverbrook School, West Bend, the weekend of February 24-25.

Lakes Team is Deafeated But Keeps Top Spot

Kewaskum's Land o' Lakes "B" Division leaders were beaten at Slinger Sunday night, 125-111, but held onto the top spot as Hartford's game at West Bend was postponed.

Kewaskum, which started out with a 6-0 record, now is 7-5, a game ahead of Hartford, whom they face Sunday. Kewaskum has only one game left while Hartford has three, two of them makeup.

In Sunday's contest at Slinger, Kewaskum was ahead at the quarter, 30-25, but Slinger outscored them in every remaining period to win by 14 points. The score at halftime was 63-55, Slinger.

Jim Gaedtke, Greg Jonas and Jeff Wolf all had productive nights for the Merchants with 36, 28 and 22 points respectively. Kewaskum was led by Tom Zoch with 32 points and Bill Nehls with 22.

Manager Bill Backhaus reported that poor defense was the reason for his team's fifth defeat in the last six games.

In other weekend games, Menomonee Falls Badgers (11-1) clinched at least a tie for first place in the "A" Division with a 123-110 win over Cedarburg; Menomonee Falls Stingers kept pace with the leading Badgers by whipping Oconomowoc, 141-125, and Thiensville-Mequon nipped Port Washington, 127-121.

Kewaskum's game with Hartford here Saturday, March 10, will start at 7:30 p.m. and will have an important bearing on the "B" Division title. This is Kewaskum's final league contest.

Indians Defeat Campbellsport, Lose To Sheboygan Falls in Regional Final

Both the Kewaskum girls and boys basketball teams advanced to the regional finals before being eliminated in WIAA tournament play. And both lost to Sheboygan Falls in the finals.

The Falls girls also won the sectional championship at Columbus last weekend by beating Beloit Turner and Ripon, and will participate in the state meet at Madison this weekend. They will face Algoma in their first contest at 7 p.m. Friday. The Sheboygan Falls boys now advance to the Whitewater sectional this weekend. Mayville, Scenic co-champ, is in the same tourney.

The Indian boys did better than expected in the tournaments for a team that placed second last in the Scenic conference. They defeated Kiel in the sub-regional here and then went on to beat Campbellsport in their regional opener at Kiel before losing to Falls in the final game.

Kewaskum surprised Campbellsport, which tied for second place in the Flyway Conference, in their Class B semifinal game Thursday night at Kiel, winning by a score of 73-65. It was the second year in a row that the Indians have ousted Campbellsport from the tourney.

The Cougars were outscored 26-14 in the second quarter as Kewaskum shot 61 percent from the field. There was some sharp play by Tom Kern and Ray Dominguez in the second quarter. Kern put in nine points, Bob Nigh eight and Dominguez six in that period. Dominguez also had some nice assists. During one three minute span, Kewaskum scored 15 straight points.

The Indians had built up a 44-37 lead at the intermission. The teams then played on even terms in the second half, although the Indians opened up a 17 point lead at one point in the second half before the Cougars

battled back to within eight points several times. Twenty-one free throws helped Kewaskum.

Kern led all scorers with 22 points, making 9 of 11 attempts from the floor. Little Dominguez made 19 before fouling out, Nigh had 14 and Henry Schilter 11. The Cougars were paced by Gellings with 20 and Senn with 15.

Kewaskum shot close to 50% on 26 of 55 and the Cougars took 12 more shots, 67, and made 27 for 44%.

By beating Campbellsport, Kewaskum advanced to the regional final Saturday night against Sheboygan Falls. The Falcons had defeated North Fond du Lac Thursday, 76-61, also at Kiel. This was a rematch of last year's regional final as Falls beat the Indians, 86-60.

This contest was closer than the score indicates. The Falcons had only a 9-point lead after three quarters, but scored 31 points in the last period, 15 of them in a row, to break the game open.

The ball just wasn't going in the basket for the Indians. They missed five bonus free throws in the first half and shot just four of 18 from the floor in the third quarter.

Another Indian problem was the Falcons' sophomore Scott Meyer, who made the difference on 13 baskets, about an equal number of rebounds and some blocked shots.

The Indians just could not hit the basket in the second half

after trailing only 38-33 at halftime, despite getting some easy shots. They snared 13 rebounds alone in the third quarter. Kewaskum did cut the Falls lead to 40-37 and another time to 48-43, before being outscored 31 in the final quarter.

It was one of the Indians' bad nights and they did not look as sharp as they had in their two other tournament games. But the Falcons' aggressive defensive play must get some of the credit.

Nigh led Kewaskum with 12 points and Kern, Dominguez and Henry Schilter were held to 10 apiece. Schilter was far off in his shooting. Besides Meyer's 26, Todd Huehns and Bill Goss got 13 for the winners.

Girls Tournament Champions Here Go to State Third Straight Year

Two years ago Kewaskum hosted a sectional tournament and the Indian girls were the winners, advancing to the state meet in Madison. There they lost to the state champion Cuba City team.

Last year Kewaskum hosted a regional tournament with Lomira coming out the winner. The Lion girls went on to win the sectional and Class B state championship.

This year Kewaskum hosted a regional tournament with She-

boygan Falls emerging as the champion (the Falcons defeated Kewaskum in the final). The Falcons then went on to defeat Beloit Turner and Ripon in the sectional at Columbus and will participate in the state tournament this weekend. Sheboygan Falls (18-4) meets Algoma (13-7) at 7 p.m. Friday at Madison.

Good luck to the Falcon girls, the third Kewaskum winner in a row to go to state.

KEWASKUM FRESHMEN FINISH 2ND IN S-M

The Kewaskum JV and freshman basketball teams ended their season at Kettle Moraine. The JVs lost 78-52, but the frosh won, 55-48.

Dale Wadsadelak scored 17 points for the freshmen and Dave Donath 14 in a good effort. Mayville went undefeated in the Scenic Moraine with 12-0 and Kewaskum was undisputed runnerup with 8-4.

The JVs had trouble with the Lasers' press and had many turnovers. Reserves saw much action in the last game. Jim Rohlinger, Kevin Stautz and Jeff Lehnerz all had 10 points for the Indians. The Jvs wound up 5-13 overall.

Realignment Proposal of Scenic Moraine Favored

Last week Wednesday in Milwaukee representatives of eight southeastern Wisconsin high school athletic conferences voted to take back to their schools a realignment plan proposed by the Scenic Moraine Conference.

The proposal calls for combining Hamilton, Madison, Marshall, Tech and Pulaski high schools in Milwaukee with the three Racine and two Kenosha schools into a Big Ten Conference.

The Scenic proposal also calls for most of the existing Suburban Conference schools to combine with Bay View, South and two other Milwaukee City Conference schools into a two division conference. A three division conference would include all the current Braveland Conference schools, along with Slinger, Germantown, Grafton and Hartland of the Scenic Moraine; Vincent, Riverside and North of the Milwaukee City Conference and Whitefish Bay and Shorewood of the Suburban. And another conference would include current Parkland Conference schools with Mukwonago, Muskego, Kettle Moraine, Pewaukee, West Milwaukee, Juneau and Milwaukee West.

Now this week according to a Milwaukee newspaper, the Scenic Moraine compromise proposal for conference realignment in Southeastern Wisconsin is proving unpopular and has been losing ground, according to members of the special task force who took the plan back to their school boards, principals and athletic directors.

You will note that Kewaskum is not mentioned in any of the above proposals, which include present Scenic Moraine teams Slinger, Germantown, Grafton, Hartland, Kettle Moraine and Pewaukee.

Schilter Receives Mention on Scenic All-Conference Team

The Kewaskum Indians, who finished seventh with a 2-12 mark in the Scenic Moraine Conference, did not have a player selected to the first two all-conference teams picked by coaches Monday at Slinger but guard Henry Schilter, a junior, received honorable mention.

Schilter finished eighth in conference scoring with 194 points for a 13.9 average and is a tough defensive player. Coach Jim Westphal will be glad to have him back next year.

Mayville, co-champ with Hartland, and the only Scenic team still in the running in the WIAA Class B tournament, had one player named to the first team, two to the second team and received one honorable mention. Senior Terry Mueller,

6-5, third in conference scoring, unanimous pick, as was Todd Krempasky, a 6-5 forward from Kettle Moraine. Krempasky took the conference scoring title with 249 points, an average of 17.8.

Slinger had two first team picks in guard Tom Zurn and center Brian Jonas and rounding the first team is John Kaiser of Hartland. It was surprising that co-champ Hartland had only one player in the top 15.

Mayville's 6-10 center Dave Green was a second team selection, as was Lucky Wurtz, 6-0 guard. Rounding out the second team are Mike Fink of Kettle, Jerry Vance and Mike Francolucci, both of Germantown, and both juniors.

Kewaskum Chess Team Ends Season With 7-1 Record

The Kewaskum chess men ended their conference season with their second consecutive 40-0 shutout. Oconomowoc was their victim this time, which had to be the easiest match of the season. Four of the five boards were decided quickly, taking less than 40 minutes to determine the result.

Sheldon Langhoff at Board Two had to concentrate a little harder than the rest but the result was the same. Besides Langhoff, winning for Kewas-
