Board Discusses Drug Situation in Schools

By DAN MEILAHN
Statesman Staff Writer

The Kewaskum Board of Education heard a discussion of the possible drug situation in the area schools and community at Monday night's meeting. Jack Theusch and Bob Schulteis of the Washington County Sheriff's Dept. and Don Hlavaty of the Kewaskum Police Dept. lead the discussion.

The subject had been broached several meetings ago by Dr. Charles Ogi who wished to know the extent of any drug problem within the schools.

Chief Hlavaty said that there was a problem but he didn't think it was a serious problem. He knew of at least 10 students out of 800 that had definite involvement with hard drugs. He guessed that another 25 students were regular marijuana users and that another 50 were occasional users. He said that approximately 1 out of 8 had involvement with drugs to some degree.

Schulteis noted that for every one known drug offender, there probably were another 10 that law enforcement agencies had

no contact with. He said Kewaskum was certainly not immune because of its rural aspect.

Jack Theusch said that the geographical location probably did mean slightly less involvement. He also said that if youth wanted the drugs bad enough, they could obtain them in this area.

Schulteis cited some drugs which have appeared throughout the county: very high grade marijuana, containing up to 60% THC (the principal active chemical in marijuana); cocaine which may cost as much as \$120 a gram; LSD; and PCP which is actually animal tranquilizer. Also "popy-drug" use such as pot combined with beer or wine is very popular.

Chief Hlavaty stated that in addition to the marijuana and hard drug usage, at least half of the students have probably used alcohol in varying degrees.

All 3 cited instances of parties attended by middle or high school students where alcoholic beverages were consumed. Often marijuana is brought out at such parties. Parents may or may not be aware of these

No substitute for blood has ever been developed. The only source is still the human body. As long as blood cannot be manufactured, blood banks must depend upon people like you to assure an adequate blood supply. Thank you donors.

Memories...

The Statesman welcomes readers to submit photos for the "Memories" feature. Photos should show life in the olden days in this area. Deliver or mail to The Statesman, 250 Main St., Kewaskum, WI 53040. Photos can be picked up again after publication.

This picture taken in April of 1907 shows the "new" Miller brick yard at the rear of the C & N.W. railroad stone bridge at the north end of town looking east. The bridge was washed out by the flood in August of 1924. Many of these large stones were carried downstream 200 feet by water. Charles Miller, who owned the brick yard, and his wife were great-grandparents of Don Below and great-great-grandparents of Mrs. Don Ritger, both of Kewaskum.

Woman's Club Elects; Program By AFS Students

Mrs. Donald Hlavaty is the new president elected by the Kewaskum Woman's Club on Saturday, March 8. She will take office in September and will be assisted by Mrs. Patrick McFadden, first vice-president; Mrs. Jan Rosenthal, second vice-president; Mrs. Ervin Seifert, secretary, and Mrs. Lloyd Etta, treasurer.

On April 24 our delegates will go the Woman's Club District Convention in Mequon. If any other member wishes to attend this convention, please call 626-2637 before April 8, as reservations must be in by April 10.

Our club is encouraging members to enter the member art contest this year. These items will be judged at the district convention in Mequon. Entries may be handicraft articles or paintings. The entries will be taken to the convention by the delegates. If members have any questions about what may be entered or where to take their items, please call Phyllis Bade (626-2637).

The program for the afternoon was presented by our A.F.S. students, Bassma Marji and Mirjam Sibbel. It was a delightful visit to Jordan and the Netherlands. The girls showed slides and told us about their families and their native land. Both girls are enjoying their stay in Kewaskum very much. Questions were asked about many things, including education. An interesting observation by both girls was the fact that they are enjoying school here very much. They feel they are developing creatively more than is possible in their native schools because they are so specialized and difficult academically. They are both enjoying the sports activities offered in Kewaskum High School. Sports are not offered in their schools.

Two new members were welcomed to the club. They are

Mrs. Shirley Kirkham and Mrs. Maryann Miller.

The spring luncheon will be held at Peace Church on April 12 at 1:00 p.m. If you plan to bring guests or do not plan to attend, please call Mrs. Bernice Groh (626-2090) or Mrs. Renetta Schwind (626-2438).

The Literary Discussion Group will meet at the library on Tuesday, March 18 at 9:30 a.m. War and Remembrance by Herman Wouk will be discussed. We welcome anyone who would like to join in our discussion.

Plan Retirement Program in County

The Business-Industry Educational Advisory Council of Washington County has announced their Pre-Retirement Planning Program sessions. A news release said today that the five weekly sessions will begin on Tuesday, April 8.

The sessions will be taking place at the Cedar Lake Home Campus - Learning Center on Highway "Z" near West Bend. The cost of all five sessions is \$10.00 per registrant, which includes your spouse.

The sessions will deal with many phases of pre-retirement planning. For instance, in one session retirees will share their thoughts and experience relating to housing and re-location after retirement. Another session will deal with estate planning and your financial needs. The aging process, your attitudes toward retirement, and creative use of senior years will also be topics for discussion.

This program is for anyone who is interested in expanding their ideas about retirement, and who is looking for practical ideas for retirement preparation.

To register, make your check payable to PREPP and send along with your name (s) and address (s) to PREPP, P.O. Box 118, West Bend, Wisconsin 53095. Participation is limited. Please mail before March 23, 1980.

Mission Festival Project Progresses At Peace Church

Peace Church folks are hard at work, and enjoying it, at the craft workshops on Wednesday evenings following Lenten worship services.

Many willing hands and loving hearts are producing saleable craft items for the April 19 Mission Festival.

All labor and materials used for constructing these items was contributed by folks of the congregation, thus all funds raised by the sale of them will be used toward mission.

The festival will feature a bake sale, crafts, and samples of foods from all continents.

Plan now to do your Mother's Day shopping on April 19, 1 to 4 p.m. at Peace Church, and make two mothers happy at the same time - yours, and a mother of a starving child in another area!

Workshops Planned For School Boards

Mrs. Bonnie Krill, President of the Milwaukee Archdiocesan Board of Education announced that the Board and the Department of Education will conduct workshops for persons throughout the entire diocese during March.

Through workshops regarding policy shaping, authority, image, salaries, enrollment, etc. the role of the pastors, the principals, and the board committee members will be better understood. Mrs. Krill stated that clarification and training in these areas will strengthen the schools and lead to the full implementation of the Board/Committee Movement. A concise local school board reference book will also be distributed.

The invitation has been extended to all pastors, principals and school board/committee members. Mrs. Krill said that the Board of Education believes

these sessions will also be extremely helpful to persons considering involvement on a board/committee. All are encouraged to attend.

The meetings will be held from 7:30 to 9:30 p.m. on:

March 18 - Mary, Queen of Heaven Gym, West Allis.

March 24 - St. Sebastian Church Basement, Sturtevant.

March 25 - St. Margaret Mary Church Basement, Milwaukee.

March 31 - Holy Angels, School, West Bend.

"We have been working for several months on all aspects of these meetings and are very excited about the presentation," said Mrs. Krill. She indicated that she would be happy to answer any questions. Call her at 784-1194.

"beer" parties. The contributing factors of drug usage may range from peer pressure to the rationalization that if parents can have their martini's, why can't the youth have their marijuana.

Children definitely hear talk about drugs from other children. The contact with older students on buses may be a factor. When students reach middle school age, there is a wider range of social contact and experimentation may occur.

Many drug problems cannot be dealt with legally unless there is some specific tangible evidence. Spotting a drug user in school is also difficult. Hlavaty said the usually quiet youth who suddenly becomes talkative or disruptive is a likely candidate. Theusch noted that usually attendance and grades drop off drastically and there are increased problems at home.

As to solutions, it was pointed out that drugs will always be a problem, but the effort to save even one child is worth it.

Theusch and Schulteis recommended an approach used at Silverbrook School in West Bend and in the Slinger Schools the past 6 years. One week is set aside for discussion of drug, tobacco, and alcohol usage. The regular teacher supervises this during most of the week. At the week's end, there is a whole 1/2 day for visitation from law enforcement agencies or the Open Door and discussion groups.

Another approach was to have a juvenile officer or a police officer stationed in school regularly for communication, enforcement, and drug education programs. This was started in Appleton and is done to some extent in West Bend and Germantown.

In Kewaskum, Police Officer Dick Knoebel has visited the high school for this purpose since semester time, and the administration is pleased with the results. He may show films or talk to students over the noon hour.

Board President John Tessar was interested in obtaining more parental involvement with any student drug problem, and he guaranteed, "We're going to do something about it."

The board approved staffing proposals for next year including one art intern teacher for the first semester, and two

English intern teachers, one for each semester. Teacher contracts will be sent out shortly.

It was agreed that \$20 driver's ed. fee would go into effect for behind-the-wheel training this summer.

A bussing problem brought up by Chuck DeWane at the last regular meeting was discussed at another meeting of the bus company, the board transportation committee, and DeWane. Apparently, the bus company had been acting somewhat independently by not picking up one student on subsequent days after being requested not to for one day. The board has instructed the bus company to cease and desist in making such decisions which may be contrary to school policy. Board member Richard Theusch also felt that the whole bussing policy should be reviewed before there is a new contract.

It was also agreed to issue a 1/2 time parent transportation contract to Curtis Scheunemann who would be picking up his child from St. John's School in Newburg.

A request for an additional 5 hours per week for a special education aide was granted. This is to allow the aide paid daily preparation and student evaluation time.

It was agreed to auction off unused or irreparable equipment at a sale to be held with other schools in the area.

Ordering workbooks and textbooks for next year, but at this

year's prices, was approved.

A motion to purchase \$1180 worth of gymnastics equipment at a savings of \$228 received no second and therefore was not approved. After the State Gymnastics Meet at Waukesha, the equipment will be sold at a savings. High School Principal Clark Pearson and gymnastics instructor Jane Vesper wished to purchase some competition landing mats and folding mats. The present ones do not meet WIAA specifications, and Kewaskum cannot host any meets. Some other board members who were absent had some thoughts on the matter, so tabling the issue was suggested. However, since the items were only available for a week, action was attempted. Even though the proposal did not pass, the items will be presented in the budget for next year, but without the savings.

**Skis Stolen
At Sunburst**

James Menzer was talking with his cousin, Darrell Menzer, last Wednesday night at Sunburst Ski Lodge, Kewaskum, about the theft of Darrell's skis about an hour before.

James turned around and noticed that while he had been discussing the theft of Darrell's skis, his own skis had been stolen.

Darrell's skis and accessories were worth \$380 and his cousin's were valued at \$275-\$300, according to sheriff's deputies.

Following the thefts, the Sheriff's Department was looking for three young males as suspects. The three were seen in a late model Pontiac in the Sunburst parking lot around the time of the theft.

Thought for Food

Even with inflation, the cost of food is a lot less here than in other countries. And the food industry employs more people than any other. Good reasons to celebrate...

'Ag Day' Asks Thought for Food

"Thought for Food" is 1980's theme for Agriculture Day, March 20 — sponsored by the non-profit Agriculture Day Foundation and proclaimed in Wisconsin by Governor Dreyfus to salute agri-business and make the non-farming consumer aware of agriculture's importance.

Ag Day's purpose is to make the 96% of the American population that doesn't farm aware of the challenges facing agriculture and the impact on all our lives.

Consumers should be aware of pressing farm issues, such as inflation, fuel shortages, environmental pressures, marketing problems, future land needs, and the impact these issues have on each individual.

Although only 4% of the American population actually farms, four out of ten working Americans are involved in the food and fiber production and distribution chain. American agriculture has assets nearly equal to the total assets of all stocks listed on the New York Stock Exchange (\$790 billion) and is the nation's largest employer.

Across the nation, Ag Day activities to increase "ag-awareness" — such as shopping mall displays, radio and television interviews, special newspaper and magazine coverage, and ag equipment parades — are being planned by youth, farm, school, civic and agri-business groups.

March 20 Wisconsin Agriculture Day

March 20 is Wisconsin Agriculture Day.

The state officials noted the scope of this state's total agricultural picture by pointing out that Wisconsin's agri-business community directly employs over 180,000 people and supports an additional 430,000 non-farm workers. This comprises about 30 percent of Wisconsin's work force.

Now in its fifth year, Wisconsin Agriculture Day is sponsored by the Badger Chapter of the National Agri-Marketing Association (NAMA), a non-profit organization for marketing people involved in agriculture.

"Activities for this year's celebration will focus on the great and continuing productivity of our farmers," noted Ag Day Chairman, Charles Might, president of NAMA's Badger Chapter. He resides in Racine.

"Wisconsin Ag Day also recognizes the challenges agriculture faces in continuing to meet the world's requirements for food and fiber," explained Might. "With less than 4% of Wisconsin's population involved in farming today, this small group must produce more than ever before."

Might pointed out that as our nation's biggest industry and largest employer, agriculture includes every phase of food and fiber, from growing it, to transporting and selling it.

Through the media and other channels, Wisconsin Ag Day promotions will offer a chance for people of all occupations to become more aware of the many ways agriculture touches their lives.

Thank You Area Farmers

We join the rest of the nation in recognizing the farmer's contribution to filling our every day needs and showing the way in production to the world...

AGRICULTURE DAY MAR. 20

AGRICULTURE DAY — A proclamation declaring March 20 as Wisconsin Agriculture Day was signed by Governor Lee Dreyfus. During the ceremony, Governor Dreyfus and Lt. Governor Russell Olson, commended Wisconsin farmers, "for their great contribution to our state and national economy." Left to right, front row: Gary E. Rohde, Secretary of the Department of Agriculture, Trade and Consumer Protection; Lt. Governor Russ Olson; Governor Lee

Dreyfus; Russell Weisensel, Executive Director of the Wisconsin Agri-Business Council; left to right, rear: Robert Hougas, associate Dean of the University of Wisconsin of Agriculture and Life Sciences; Karl F. Ohm, Wisconsin Ag Day co-ordinator, and Charles Might, president of the Badger Chapter of the National Agri-Marketing Association [NAMA] and Chairman of Wisconsin Ag Day.

In some countries agriculture doesn't need any middlemen.

Funny how the word "middleman" is being used today to imply that there are hosts of folks involved in getting farm products to market who are adding to the cost without adding to the value. As a result, we visualize a fire-brigade of middlemen passing products down the line, passing just long enough to add to their mark-up.

In many countries they don't have middlemen. There are no modern processing plants to clean, trim, inspect, freeze or wrap. There are no transportation options to hurry fresh products to market. There are no warehouses to accept large bulk shipments and redistribute to meet the local super market's inventory needs. In fact, in some countries there are no super markets.

Of course, we could eliminate the middlemen, if we'd settle for less convenience, less variety and less freshness. But then since millions of Americans are involved in processing food and fiber and getting it to market, a lot of us would be out of work.

It's true. Some countries don't have any middlemen. But, they're working on it.

A total of 705 electors of Kewaskum Community Union Free High School District No. 2 jam-packed the local high school Monday night at a special reconsideration meeting to select a site for Kewaskum's new high school building. The voters approved of purchasing the August C. Bilgo tract of 18.3 acres at a price of \$1,700 per acre or \$31,110 for the entire site. The Bilgo site is situated north of the present school grounds. At an earlier meeting on February 14 the purchase of the Rosenheimer - Volm tract of land at the southwest end of the village had been approved. However, Monday's meeting was called after a petition was circulated in the district asking reconsideration of the Rosenheimer - Volm purchase.

Dawn, Dean and George Martin, Kewaskum appeared on the Little Amateurs television program at 4:15 p.m. last Thursday, March 10, over WTMJ-TV, Milwaukee. They sang "Peter Cottontail."

Geraldine Nischke, humorous declamation, and Sharon Coulter, extemporaneous reading, received A ratings at the league forensic contest held at Lomira on March 8. The A rating entitles them to compete in the district forensic contest to be held at Kaukauna on March 26.

The January meeting was held at Nancy Schuster's. Our topic report was given by Dianne, Karen and Peggy Volm on Draft Dodgers. A club project was discussed for 1980 — a county banner, which was to have our club name and decal. This will then go to the county and be used as our club mascot. Judy Steiner is head of that committee. Door prize was won by Carol Butzlaff.

The February meeting was held at Joanne Heisdorf's. Project report was on drunk driving, held at the new courthouse and given by the police facilities. Carol Butzlaff, Karen Kapp, Janet Meyer and Ann Neuman attended. Membership cards were passed out at our meeting. We also had more discussion on our banner. Door prize was won by Ann Neuman.

'Chuck' Theusch Named County Coordinator For Presidential Candidate Anderson

Francis "Chuck" Theusch, 503 Hwy. H, Kewaskum, has been named Washington County coordinator for Republican presidential candidate John B. Anderson, according to Anderson headquarters in Madison.

Theusch, an attorney, graduated from UW-Stout and Illinois Institute of Technology Law School. He is also a Vietnam veteran with Combat Infantryman's Badge and a Bronze Star for service.

Referring to U.S. problems in the Persian Gulf, Theusch says, "I am a bit of a skeptic about people who are eager to go to war—not that I don't think there have been wars that had to be fought. Anderson seems to be taking a more independent approach to checking possible alternatives other than responding with force. He is the level head amidst the flames and furor."

Anderson, of Rockford, IL, is

recognized as a coalition candidate with appeal beyond the traditional Republican party. Wisconsin voters had a chance to meet the 20-year veteran of the U.S. House of Representatives early this week when he visited the state.

A public reception was scheduled for 1:30 p.m. Sunday, March 9, in the Village Center room, County Fair Shopping Mall, Grafton. A news conference took place at 9 a.m., Monday, March 10, at the UW-M Student Union in Milwaukee. Anderson visited Eau Claire, River Falls and Hudson later Monday.

Voters can learn more about the Anderson campaign by writing or calling Theusch at 414/626-4381.

Happiness is a byproduct of trying to make someone else happy.

Chess Team Wins Another; Now 7-1

The Kewaskum High school chess team boosted its record to 7-1 with a 48-7 victory over 3rd place Germantown. The team demonstrated a clear superiority at the lower boards and came through with wins in some close games at the higher boards. The team's victory, along with Kettle Moraine's 32-8 victory over fourth place Hartford, kept the two teams tied for the league lead.

Ken Bauer started the match out right with a win at board ten. Jim Simon had the blowout of the night with an easy win at board eight, making the score 4-0. Steve Yahr playing at board six had a queen vs. two rooks ending and came up with the winning combination. Rob Sleger lost at board seven. It was Sleger's first loss of the year. He was playing against Chet Smith, who was the only Warhawk to win in the earlier meeting between the two

schools and duplicated that feat again. Chuck Strancke came up with a win at board two. Strancke gained the exchange at bishop for rook and used a good end game to ensure the win. This made the score 18-4. Andy Rosenberger came through with a win at board nine. Rosenberger has been playing very well in his moves. Rick Howell defeated George Herro at board five for the second time this year making the score 26-4 with three boards to go.

Kewaskum needed at least a draw on one of the three boards and ended up with two wins and a draw. Kim Manthei came up with the draw to insure the victory at board three. Manthei got into early trouble by playing too fast and fell behind by the exchange. He then slowed down and brought on the attack and managed to simplify the game to a drawn end game. Dusti Howell won at board one. Howell became a pawn up and eventually queened the pawn in a very close game. Tom Rosen-

berger vs. Christ Hertel at board four was the only match going on past the two hour mark. Rosenberger and Hertel each had a queen vs. five pawns but Rosenberger exchanged the queen and with the pressure of a passed pawn won Hertel's pawns and came up with a victory in a king and pawn vs. king ending.

The chessmen played at Hartford Tuesday night and then played in the conference tournament at Delafied on Wednesday, March 12. The conference tournament was a five-man varsity section, a five-man junior varsity and an individual novice tournament.

INDIAN GIRLS', BOYS' TEAMS FINALLY ELIMINATED

Unbeaten McFarland Ousts Girls In Sectional Finals at Elkhorn

The Kewaskum girls' basketball team came within one game of going to the Class B State Tournament for the second time in the past four years.

The girls lost to undefeated McFarland (now 23-0) in the finals of the Sectional tournament at Elkhorn Saturday afternoon, 56-42. Kewaskum thus completed a very successful season with an 18-5 record and took second place in their last year in the strong Scenic Moraine Conference. Hartland Arrowhead's Class A powerhouse team won the championship and has swept through the Class A Regional and Sectional tournaments to the state meet. Hartland will meet Neenah at 7:05 p.m. Friday at Madison. McFarland, victor over the Indians, will face Northland Pines-Eagle River (21-1) at 7:05 p.m. Friday in Class B.

Kewaskum reached the Sectional finals by sweeping through three Regional games, in which they defeated St. Francis, at St. Francis, Pewaukee and West Milwaukee at Slinger, and then beat Regional winner Lomira in the Sub-sectional in Kewaskum.

The score of the McFarland-Kewaskum championship game does not indicate the closeness of the contest. McFarland was ahead nearly all the way but the Indians would not give up and even pulled ahead once in the third quarter, 32-30.

McFarland tied it up and then went ahead again as freshman Tammy McKay got hot in the closing minutes. A 5-9 guard, she scored 12 of her game high 20 points, most of them from long range, in that period.

Indian sophomore Jill Yearling played very well, scoring 16 points to give her a total of 95 in the five tourney games her team played in. Kewaskum was handicapped when its other leading scorer, freshman Linda Larsen, was charged with three quick fouls and sat out much of the second and third quarters. Still she wound up with 10 points. Two of her fouls were called on what Coach Mike Theiler called as clean as can be blocks.

McFarland has much height and a team of good shooters but local fans thought the Indian girls didn't receive a fair shake from the officials. McFarland plays very physical but they went to the free throw line 23 times while Kewaskum only went nine times. Therefore the Indians didn't get into the bonus until the last two minutes. McFarland led at halftime, 33-20.

Maybe next year will be Kewaskum's turn as they have the nucleus of their team coming back, including the leading scorers, freshman Linda Larsen and soph Yearling.

The Indian girls advanced to the Sectional finals at Elkhorn by beating Lomira (Laconia Regional champion) here Thursday night in Sub-sectional play, 53-42.

The contest was close in the first half with the Lions leading at the intermission, 23-22. In the third quarter the Indians' depth and defense began to show and they went ahead by three points. When Lomira's Kay Widmer fouled out in the final period the Indians began to pull away as Janet Matenaer got a hot streak.

The game was played before a large, noisy crowd with the Lomira fans out-numbering the Kewaskum followers.

Yearling, who played another great game, led both teams in scoring with 19 points, followed by Larsen with 12. Widmer paced the Lions with 15, while veteran LaVarda was held to 11.

Hartford Wins Lakes Game Here

Kewaskum's Land o' Lakes team had eight scorers in double figures but still lost to Hartford and their three high scorers here Sunday night, 117-113.

Jim Gaedtke, Pete Hauser and Ted Rulseh paced the winners with 32, 25 and 24 points, respectively. Clark Eichstedt led Kewaskum with 21, Ken Loest had 18 and Tom Edwards 18. Kewaskum lost both high scorers, Eichstedt and Loest, on fouls.

The loss drops Kewaskum to 5-5 in the "B" Division but they still hold second place and third place Hartford is now 6-7. Kewaskum led at the half, 54-50.

The local team has two games this weekend, hosting Thiensville-Mequon Saturday in a makeup game and "B" leader Oconomowoc Sunday. Both contests are at 7:30 p.m.

Subsectional Here Friday

After already hosting a girls' sectional semifinal game and Class B boys' regional tournament on three successive evenings last weekend, the Kewaskum fieldhouse will also have a boys' subsectional contest here Friday night.

In a 7 p.m. game Friday Kewaskum will host the West Milwaukee-Lomira subsectional. West Milwaukee is the Kewaskum regional champion and Lomira won the Horicon regional. The winner of the West Milwaukee-Lomira contest here will then meet the winner of the Elkhorn-Lake Mills subsectional at Whitewater Friday in the sectional finals at Brookfield East Saturday. The winner there goes to state.

This will be the third WIAA tournament game West Milwaukee is playing in Kewaskum. It has gotten to the point where the Mustangs can almost call Kewaskum their home court and local fans are seeing almost as much of the Mustangs as they did their own Indians.

Tessar Named All-Conference

Mark Tessar of Kewaskum, 6-1 sophomore at UWWC, West Bend, has been selected to the Wisconsin Collegiate Conference coaches' all-conference basketball team.

Helping Tessar win the honor was a phenomenal 83.3 percent shooting from the free throw line. He hit on 80 of 96 attempts. According to Coach Gerald Meulemans he also hit 46.9 percent from the floor. Tessar scored 18.1 points per game.

Two of his teammates, Steve Ackley, 6-4 sophomore, and Tom Formella, 6-3 freshman, were two Wildcats named to the second team.

The Wildcats finished with a 11-10 record.

Kewaskum Has Off Night

West Milwaukee Nips Indians By 1 Point in Regional Finals

(Photo on page 15)

Saturday was an unlucky day for Kewaskum High School's basketball teams. After the girls' team had been eliminated in the Sectional finals at Elkhorn by McFarland in the afternoon, the boys' were also ousted in the evening in the Kewaskum Regional finals by West Milwaukee by just one point, 53-52, in a heartbreaker.

The Indians had reached the Class B Regional finals by defeating St. Francis at St. Francis last Tuesday, 78-60, in a Sub-Regional game broadcast by WBKV, West Bend, and then overwhelming Pewaukee for the third time this season, 78-45, here Friday in their Regional opener. In the other game here Friday, West Milwaukee beat Random Lake handily, 57-39, to gain a Regional final berth with Kewaskum.

West Milwaukee thus advances to the Sub-Sectional, also to be hosted by Kewaskum this Friday at 7 p.m. The Mustangs will face Lomira, Horicon Regional winner over Columbus. The West Milwaukee-Lomira winner here will meet the Elkhorn-Lake Mills winner at Whitewater in the Sectional championship game at Brookfield East.

In the Regional final here Saturday, Coach Jim Westphal thought before the game his Indians could handle West Milwaukee and after the contest he still thought they should have won. But Kewaskum came out ice cold and couldn't get the ball into the basket. The Indians shot just 16 percent from the floor in the first quarter and 25 percent in the second. "We played the worst first half of basketball we played all year," Westphal said. Westphal could not figure out Henry Schilter. Kewaskum's leading scorer and fifth high in the conference this year, was missing shots he made all season.

The Mustangs jumped off to an 8-1 lead over the cold Indians, who missed their first five shots. West Milwaukee increased their lead from 19-7 at the quarter to 15 points, 33-18, at halftime. The Indians hit on only 2 of 12 and 4 of 16 in the first two quarters. Usually sharpshooting Schilter hit on 1 of 10.

Kewaskum battled back in the second half to outscore the Mustangs 20-10 in the third period and 14-10 in the fourth quarter as Schilter and Jim Rohlinger combined for 18 of their team's 20 points in the third stanza, 14 of them by Schilter. At the end of the period the Indians had cut the lead to 43-38.

In the last quarter Kewaskum lost their tallest player, Bob Nigh, on fouls and this hurt. But Rohlinger led his team to within one, 49-48. His jump shot with a little more than 3 minutes remaining gave Kewaskum the lead for the first time and aroused the home spectators into a frenzy. Then the Indians went into a ball control stall that brought on a foul with Scott Brendemihl sinking 2 free throws that gave Kewaskum a

3-point lead.

West's Benkowski hit a jumper to cut the lead to 1 and the Indians went to work on the clock again. Had they kept it up they might have drawn some fouls and assured game winning free throws. But Rohlinger found an opening and took a 12-foot shot. He missed and the Mustangs got the ball back but missed three shots. With 4 seconds left West called time out to set up a play. Bellford lobbed a pass to Benkowski under the basket, who was short on his shot, but Schmid got a rebound basket off Benkowski's missed shot to put his team ahead, 53-52. With one second left, Brendemihl heaved a length-of-the-court inbounds pass to Jim Kern near the Indians' basket but he stumbled as he caught it and his attempt was missed to end the game.

Schilter, Kern and Rohlinger led Kewaskum with 16, 15 and 11 points respectively. Bellford with 13, Benkowski with 11 and Schmid with 10 paced West.

This was the fifth straight appearance in a regional final for the Indians, who ended a fine season with a 15-6 record and placed third in the Scenic Moraine Conference. West Milwaukee, of the Milwaukee Suburban Conference, wound up 10-11, with one of their victories over top-rated Cudahy.

FT missed — West Milwaukee 9; Kewaskum 7.

In advancing to the Regional finals, the Indians beat Pewaukee badly Friday for the third time this season, 78-45. Kewaskum was hot and everything worked for them in this contest. If only they could have saved some of it for Saturday's finals. The outcome was expected and throughout the game it was all Kewaskum.

The Indians jumped to a 10-2 lead and were ahead 22-11 at the quarter, hitting on 8 of 13. They then hit 9 of 15 in the second period to go ahead 43-20 at halftime. They shot 60 percent in the first half, compared to 16 and 25 percent against West Milwaukee Saturday.

Rohlinger, the only junior among the starters, hit a personal high of 27 points, even though reserves played much of the last quarter. Nigh chipped in with 16 points. Opie led Pewaukee with 11 and Johnson had 10 as the Pirates failed to win a single game throughout the season.
