## Kiwanis Club Presents \$3,125 Check to Reindls for Son

At Monday night's meeting, the Kewaskum Kiwanis Club presented a \$3,125 check to Mr. and Mrs. Allen Reindl to help with medical costs for their son, Ray, who is ill with leukemia. Ray was confined to a Seattle, Washington, hospital for nearly three months. The money was raised at a benefit dance held April 12. Shown are Kiwanis President Dr. J. Dennis Connor, Mrs. Reindl, Committeeman Dr. R. G. Edwards and Allen Reindl.

(Statesman photo by Mark Steger)

The benefit dance for Ray Reindl on Saturday, April 12, at the Homestead Hall, sponsored by the Kewaskum Kiwanis Club, was a great success.

This project began on March 12, when Mrs. Norman Jaeger and Mrs. Earl Etta called Doc Edwards to learn what could be done to help this young man who is afflicted with leukemia. He was at that time at Seattle's Fred Hutchinson Cancer Re-

## Lions Club Donates \$500

The Kewaskum Lions Club also donated \$500 to Mr. and Mrs. Allen Reindl around March 1, which was used for plane tickets to visit their son Ray at Seattle, Washington. The Reindls were there two weeks. The Lions later received a note from the Reindls thanking them for their generous gift.

search Center in Washington. Ray was receiving a very special experimental treatment whereby the bone marrow was taken from his brother, Paul, and transfused into his body. Ray is now at home and all checks on his blood show him to be stable.

He is in fairly good health at present, however, because of the nature of his disease and treatment, Ray cannot be around people at all for fear of receiving an infection that could be very serious for him.

When the Kiwanis Club accepted the challenge to give help to Ray, a committee was named to go ahead and develop the project. Dr. Edwards, Elmer Yoost and Marvin Martin began at once. As soon as the tickets were printed, Perry Etta

and Billy Edwards obtained 2,500 tickets for prompt disbursement to all the taverns, restaurants and to many other establishments. These young men, classmates of Ray Reindl, asked for and got help from many more of Ray's classmates. That is why the entire project was such a spectacular success.

The choice of such a good orchestra, Normie Dogs and his Melody Boys, no doubt, added greatly to the enjoyment of the evening, for only praises could be heard as one passed near the dancing people.

On Monday, April 21, at the Kiwanis regular meeting, Mr. and Mrs. Allen Reindl, parents of Ray, were invited guests and "Sally" drew the winning prizes from the large tub of stubs.

Dr. J. Dennis Connor, president of the Kiwanis Club, presented a check of \$3,125.00 to Mr. and Mrs. Reindl for Ray's benefit, which will help very much to pay the non-insured costs for further treatment.

The Kiwanis club, one and all, was very happy to have had the opportunity to lend a hand to help this young man.

The prize winners were: 1st prize—\$100, Ken Stuart, Hwy. SSS, Campbellsport; 2nd prize—\$50, Judy Schrauth, R. 3, Campbellsport; 3rd prize—\$25, Kathy Rohlinger, Kewaskum.

## Record Heat

Summer came before spring Tuesday when a record heat of near 90 degrees was recorded in the area. Wednesday's wind cooled the weather off again somewhat.

## New State Uniform Dwelling Code Adopted by Village Board

By DAN MEILAHN  
Statesman Staff Writer

The Kewaskum Village Board adopted an ordinance on the State Uniform Dwelling Code at its meeting Monday night.

The code would pertain to all new one and two-family dwellings, or additions on existing dwellings, built after June 1, 1980. The village had a choice of two sample ordinances suggested by the State of Wisconsin or one recommended by the League of Municipalities. Administrator Dan Schmidt also recommended the latter and this was unanimously approved. If an ordinance had not been adopted by May 1, the state would have had its rates for building inspection apply.

The ordinance states that new structures shall meet state standards. It defines terms and grants a certified person the right to inspect buildings. It also calls for the submission of three sets of plans and allows for enforcement and appeal procedures if some items of the code are judged as not met.

Schmidt reported that a certi-

fied inspector may be available. Marvin Lemke, who has been inspecting in the Campbellsport area, will attend the May 5 meeting of the board.

With the adoption of the ordinance, it means an increase of \$189 for a building permit and inspections for a single family dwelling. The present average cost is around \$250. The new rate provides for the cost of seven inspections at \$20 each, a fee of \$1.65 per 1000 cubic feet, and other costs.

Schmidt also reported that a letter was sent to Washington County opposing a 3-county-wide library system. The cost of this would run double the cost of the present library, although it would provide a bookmobile-type service to 800 families in rural areas.

The board voted to spend approximately \$500 for electrical work on streetlights near the Main Street and Hwy. 45 intersection. An old transformer presently supported on a leaning and rotting pole will be eliminated. Power will be provided instead by a Wisconsin

# Memories...

The Statesman welcomes readers to submit photos for the "Memories" feature. Photos should show life in the older days in this area. Deliver or mail to The Statesman, 250 Main St., Kewaskum, WI 53040. Photos can be picked up again after publication.

These pictures were taken following the 1924 flood, showing two views of the Chicago & North Western freight train engine which left the tracks and plowed down into the mud at the overhead bridge on the north end of Kewaskum. Note the old overhead bridge in the background of the photo on the left. The man on the photo to the right is unidentified.

## Village Board

(Continued from Page 1)

Electric Power Co. tub transformer located behind Kettle Moraine Electric. This firm will also be doing most of the wiring work with some assistance from the Power Co.

During the tornado alert and hailstorm on April 7, the warning siren on the east side of town did not sound, much to the dismay of some residents. A wire had been disconnected but is now repaired and there was a malfunction in the associated telephone line. Schmidt said he also received one estimate of over \$7,000 for a single siren which would eliminate the need for three sirens in different parts of the village. This is proposed for next year's budget.

At the recent auction held at the Paul Auction Co. on Hwy. S, the village managed to sell its 1938 Austin-Western road grader to a Waukesha curb and gutter contractor for \$1250. The village gleaned \$2200 from sales of the grader, welder, leaf vacuum, and other smaller items. It did not sell its electric hoist or O'Brian sewer rodder. \$101 was spent on 18 wood and metal chairs for use in the council room, some counter trim, a basketball, and miscellaneous items.

Schmidt also said that a letter was received from the Environmental Protection Agency in reference to the grant for the sewage treatment plant. Everything was fine after the last audit and they are now closing the account. The grant involved \$292,000 for a plant addition in 1977.

Several board members will attend the League of Wisconsin Municipalities new officers meeting on May 15 at Markesan. They opted for this over a similar meeting at the Red Carpet Inn in Milwaukee on Memorial Day weekend when about 15,000 motorcyclists are expected to converge on Elkhart Lake.

A joint meeting of the Village Board and Plan Commission is scheduled for Tuesday evening, April 29. The tax incremental funding program (TIF) will be explained at that time.

**Board Reconsiders**

**Grants Temporary Dance Permit to Apollo's Lyre**

By DAN MEILAHN  
Statesman Staff Writer

In a special session on Thursday, April 17, the Kewaskum Village Board decided to grant the Apollo's Lyre tavern a dance permit for Saturday, April 19. Previously at a regular meeting, the board had denied any dance permits to the establishment until June 30 when the tavern's liquor license is to come up for renewal.

The special meeting was called upon the advice of village attorney Jerry Kiefer. He said that the previous denial action was inappropriate for two reasons. 1( No actual notice of that meeting was given directly to the owner-proprietors of Apollo's Lyre. 2( The matter came up under the general topic of appearances by citizens. Kiefer said that any item within this category could be acted upon only if it was of an emergency nature or an item not of considerable importance. He felt the issue of disturbances by some patrons of this establishment fit neither requirement.

Kiefer noted that usually a dance permit is not a board matter, but is received by the village clerk and granted if the provisions of the municipal code are met. Due to the controversy and the citizen appearances, it was referred to the village board for the final decision.

After a lengthy discussion, the board felt it had to grant the permit. This was done with certain restrictions. The village planned to have four of its patrolmen on duty that Saturday night instead of the usual two. This meant two officers inside the building and two in the squad car. Trustee Don Mlodzik also suggested that another two peace officers be present. The final motion to approve the permit had the stipulation that six officers remain until the crowd was adequately dispersed after closing.

The board also agreed to

schedule a further meeting to "hear all interested parties in reference to the Apollo's Lyre dance permit situation" and to arrive at "some appropriate solution to the problem." This will be held on Monday, April 28, at 7 p.m. at the Valley Bank community room since a large number of people are expected to attend. A court reporter will also be present to document the proceedings as it may set a precedent for other establishments within the village. The exact municipal codes concerning tavern and liquor regulations will also be checked into prior to the meeting.

The special meeting was somewhat sidetracked from its original purpose. Fifteen citizens again were present to issue many of the same complaints about excessive noise, vandalism of private and public property, loitering after closing time, and even siphoning of gas by some of the patrons.

Board members and citizens seemed to have varying opinions as to the basic problem and any solutions.

Trustee Herriges felt that the biggest problem was inadequate parking facilities. There is no designated lot, and parking must be done on public streets.

One citizen claimed the problem was that the type of establishment was not appropriate for that neighborhood. Presently, a dance hall featuring rock bands is a "non-conforming use" according to village ordinances but is allowed to remain in that residential area since it was present before the ordinances were enacted.

Another citizen claimed that nine-tenths of the problem would be eliminated if more bathroom facilities were on the premises, preventing patrons from gathering outside to relieve themselves.

Chief of Police Don Hlavaty said that if drinks were not allowed out the door, people would not gather in the street long enough to create disturbances.

Village President Jerry Stollenwerk claimed the problem was threefold: 1( loud music; 2( illegally parked cars; 3( noise, loitering, and damage after closing. Stollenwerk also emphasized that the proprietors had a moral responsibility to the neighborhood.

Randolph Scott, an Apollo's

Lyre manager, said that the establishment wanted to comply with ordinances and was willing to do anything to keep peace. He also wished to run a business that would provide the young people with the type of bands they wished to hear.

On Monday, April 21, Administrator Dan Schmidt reported that the Saturday night dance occurred without any major incidents. The police dept. made a few arrests for outside drinking and littering. The crowd was limited to less than 100 and there were no problems with dispersing the crowd after 1 a.m.

Several laxatives available without prescription still contain mercurous chloride commonly known as calomel, once a favorite drug thought to be safe, but now known to be dangerous.

Long continued use of such laxatives may lead to mercury poisoning with resultant decline of intellect, loss of memory, tremors, colitis, or kidney failure. Physicians at John Hopkins School of Medicine, Baltimore, report on women who took calomel laxatives regularly for years and had severe mercury poisoning.

Consult your doctor or pharmacist about a safe laxative.

## Fire Destroys Home, Other Buildings Near Campbellsport

Fire Tuesday destroyed the home, a barn and parts of another barn on the Gilbert Bertram rural home on Hwy. 67, one-half mile west of Campbellsport.

The Campbellsport Fire Department received the call at 11:50 a.m. The department responded with two tankers, a pumper, aerial ladder truck and rescue squad. On arrival, one barn was completely in flames and another partially burning. The roof of the house had already begun to burn.

The fire started when Bertram attempted to burn leaves in a trash can. The 25-mile-per-hour wind blew the burning leaves to a high grass area which set off the blaze.

Neighboring fire departments from Lomira, Eden and Kewaskum were called on to assist. Kewaskum responded with about 18 men.

The Herman Theisen home and barns located across the road were directly in the path of the wind-swept smoke and flames and were watered down

all through the afternoon.

Two Campbellsport firemen were taken to St. Agnes Hospital, Fond du Lac, for treatment and later released.

The blaze was under control around 2:30 p.m. but the Campbellsport crew remained until 5:00 p.m.

There was no livestock at the farm but the destroyed barn contained lumber and other valuable materials.

The three occupants of the house, Bertram, his elderly and wheel-chair confined mother, Celia, and sister, Frances, will stay with relatives for the present time.

Warnings have been issued to refrain from burning grass, leaves or debris until the extremely dry conditions are abated. There has been a rash of area grass fires the past week.

## Area Seminarian Ordained Deacon

Thomas Biersack, Route 2, Kewaskum, was ordained a deacon for the Milwaukee Archdiocese in ceremonies at 10:30 a.m., Saturday, April 19, in St. John's Cathedral, Milwaukee. Presiding was Archbishop Rembert G. Weakland.

Biersack, a son of Mr. and Mrs. Leonard Biersack, Route 2, Kewaskum, is a third year graduate student at the St. Francis Seminary School of Pastoral Ministry.

In addition to Biersack, other men being ordained for the Milwaukee Archdiocese in the Saturday services were Brian Holbus, Racine; Glen Graczyk, Milwaukee; Robert McDermott, West Bend; and Paul Rogers, Milwaukee.

## Nigh State FFA Contest Winner

Over 2,100 Wisconsin high school Future Farmers of America (FFA) members took part in the annual FFA State High School Agricultural Judging Contest on the University of Wisconsin-Madison campus on April 19.

Teams represented 204 high schools with agricultural curricula, according to contest manager Maurice White, assistant dean in the College of Agricultural and Life Sciences (CALS).

The competition helps FFA members develop and demonstrate abilities in selecting good breeding stock for meat, milk, wool and egg production, and selecting and managing better crops.

In the UW-Extension and CALS sponsored event, teams competed in 10 divisions — dairy cattle, dairy products, meat animals, dairy showmanship, meat, poultry and eggs, farm crops, farm management, farm mechanics and nursery. Trophies are awarded to the top school and runner-up and top individual and runner-up in each division.

Winning teams in most divisions will represent Wisconsin in national competitions, White says.

Jeff Nigh, Kewaskum, was among the top ten individuals in the Farm Mechanics Contest, placing ninth.

### Junior Jargon

April is FEDERATION MONTH and April 24 is FEDERATION DAY. The Kewaskum Junior Woman's Club is proud to be a member of the Wisconsin Federation of Woman's Clubs, and to be part of this special time.

Federated clubs are diversified clubs and offer members opportunities to participate in a variety of activities. Each committee covers many areas. The Arts Department offers Story Hour to area pre-schoolers twice a year, sponsors a Helen Mears Art Contest, cookie exchange, book exchange, creative writing contest, and has a Samaritan sing-a-long.

Recycling is familiar to everyone in Kewaskum. The Conservation Department is in charge of recycling, as well as working on projects for the new park, such as planting flowers, planting a tree, working on a park walkway. They also promote environmental action by having a Woodsy Owl contest for school children and having Woodsy Owl visit schools.

The Kewaskum Juniors have given scholarships to graduating seniors for over ten years. This is but one function of the Education Committee. They also sponsor a block parent program, and donate books to the library in the name of club members' new babies.

The Home Life committee monthly visits Beechwood Rest Home. They work on the cookbook, have an Interfaith Bible Study, a poison prevention puppet show and take Jack-o-Lanterns and the Easter Bunny to visit the children's ward at St. Joseph's Hospital in West Bend.

This time for the first time there will be a Mini-Olympics in Kewaskum, sponsored by the International Affairs Committee of the Junior Woman's Club. This committee also donates a \$25 call home for AFS students, and collects clothing for needy areas.

The Appreciation Lunch for village employees is sponsored by the Public Affairs Department. They also concentrate on bicycle safety (the club donated

a bicycle safety film to the police department this year) and crime reduction.

Other areas of interest in a Federated Woman's Club include membership, promoting the club program, ways and means — the money makers which help finance all club projects and social — the group which arranges events to enable members to get to know each other better on a non-working basis.

The Kewaskum Junior Woman's Club welcomes all ladies in the community between the ages of 18 and 35 years to join them. Meetings are once a month, on the second Thursday at 8:00 p.m. at the Valley Bank meeting room. Club members meet new friends, as well as doing many services to the community we live in.

### Brownies Tour Cedar Creek Winery, Shops

Brownie troop No. 222 from Wayne started off their spring vacation by touring the Cedar Creek Winery, Blacksmith Shop and the Settlement Shops on March 28. Not only did we enjoy learning how wine was made, bottled and shipped, but we also enjoyed a cheese and cracker snack after the winery tour, while our guide gave us some tips to help us teach our parents how to test for good wine.

Then on to the blacksmith shop where we saw how hooks, fireplace tools, lamps and many more items are hand-made from iron. After an hour we were turned loose with our chaperones to tour the settlement shops. Many of us enjoyed the General Store, and the Christmas Shop the most.

Our tour ended with lunch at

McDonald's and by that time we were starved, of course.

We would like to thank Denise Goetsch and Merrilu Wheatley, Junior Scouts from troop No. 223 who were working on their Junior Aide Patch, for going along to help so no Brownies would get lost. Also we'd like to thank Mrs. Ruth Betts, Mrs. Dolores Bergdorf, Mrs. Marilyn Brath, Mrs. Diana Susen and Mrs. Judy Goetsch for driving and making our day a success.

### Museum Open Sunday

The Kewaskum Historical Society Museum will be open on Sunday, April 27, from 1:00 to 4:00 p.m. It will again be open on Sunday, May 25, at the same time.

Other openings for the summer months will be announced at a later date.

### FIREMEN'S MEETING

The regular monthly meeting of the Kewaskum Fire Department will be held at the fire station at 7:30 p.m. next Thursday, May 1.

### Farmington Students Win Prize In Young People's Radio Festival

Farmington School students of the Kewaskum District have been named as prize winners in the Young People's Radio Festival sponsored by the Wisconsin Public Radio Association.

The award is for a musical production, "Making Decisions," which was entered in Group A for grades 4 to 6. The competition, held on a state-wide basis for the first time this year, gives young people the opportunity to produce their own radio programs. There were a record 118 entries.

WHA Kentzler Awards of \$50 will be presented to the winners at the school during the early part of May, according to Mary Evert, Madison, contest chairman.

The two grand prize-winning programs will be produced at Wisconsin Public Radio for broadcast Wednesday, April 30, at 9:30 a.m., on 88.7 and 91.3 FM and the stations of the Wisconsin Educational Radio Network.

Other Group A winners were the grand prize winners from the Conrad Elvehjem School, McFarland, and the Washington School, Beaver Dam; Robyn Liebecki and Ricky Christenson,

To the Editor:

National Volunteer Week is April 20-26 and we, the Volunteer Coordinators of O.P.E.N. (the Organization for Professional Exchange Now) would like to take this opportunity to sincerely thank our volunteers who have donated countless hours of service to helping other people.

Volunteers cannot replace paid staff, nor can staff regardless of the number, be what volunteers are to our agencies.

If it were not for the dedication of the volunteer to offer his or her time to support our agencies, we would not be able to offer the services we do in Washington County.

Once again, the Volunteer Coordinators of O.P.E.N., thank you for all your endless hours of support and dedication.

Sincerely

High blood pressure is a "silent disease" that puts a strain on the heart and blood vessels. It usually has no symptoms and its victims often don't know they have it. The American Heart Association of Wisconsin advises you that the only way to know for sure if you have high blood pressure is to have it checked. May is High Blood Pressure Month.

## ASCS Offers Farmers Two Program Options

All farmers growing corn, wheat, barley or grain sorghum in 1980 are eligible to participate in the Wheat and Feed Grain Program according to Ira A. Oelhafen, Chairperson of the Washington County Agricultural Stabilization and Conservation Committee.

Higher target prices are guaranteed farmers who plant within the normal crop acreage (NCA). Consequently these producers could be eligible for higher deficiency payments as well as higher payments in event of crop disaster.

According to Oelhafen, it appears many farmers have been led to believe there is not a program because there is not a set-aside or diversion requirement. The Farm Bill of 1977 provides price support and targets for years 1978 thru 1981. Disaster provisions were again included for 1980 but will likely be dropped next year.

The question of a set-aside requirement and to what degree is an annual decision to be made by Secretary of Agriculture Bob Bergland. Apparently conditions do not warrant the need for taking land out of production this year.

All farmers will be encouraged to report their acreages to the ASCS office after their planting is complete. The visit to report "intentions" prior to planting is not required, according to Oelhafen.

## UW-Center Offers Bird Study Classes

The UW-Center in Fond du Lac is offering a series of classes for the study of our local birds. Classes will be held Thursday evenings at the campus from 7:30-9:00 p.m. beginning April 24 and continuing through the end of May. The classes will be taught by Bill Volkert, local bird expert and member of the Fond du Lac County Audubon Society, O. J. Gromme Bird Club and the Wisconsin Society for Ornithology.

The programs will feature lectures on identification of birds, their behavior, ecology and other topics of special interest. There also will be slide presentations, a variety of displays, and time for open discussion during each class. The classes may be taken individually or as an entire series.

Each class will be supplemented with a field trip every Saturday morning following the lectures. The class will visit unique bird habitats around the area, including Horicon Marsh, Lake Michigan and the Kettle Moraine Forest, and emphasis will be on the application and practice of classroom material. Car pooling will be available for the field trips.

Anyone interested in becoming better acquainted with the local bird life through classroom and field experience should register no later than April 24. For more information call UW-Center 922-8440 ext. 55 or 77 or Bill Volkert 533-8939.

In a track meet here last Tuesday that lasted until almost dark, four schools, including two Class A schools, competed. Two Rivers won the meet with 60 points, followed by Port Washington 53, Kewaskum 37 and Campbellsport 12.

It was worthwhile for those who stayed for the final event, the 1600-meter relay, as the Indians won in an excellent time of 4:12.4. The team, composed of Laurie and Barb Wilson, Diane Bremser and Julann Zemlicka, had its best time by eight seconds to hold off Two Rivers which had gone to state last year in Class A.

Starting strong in the outdoor season, Barb Wilson took first in the 800 meter run in 2:30.1 and was third in the mile with her best of the year, 5:36.7. Bremser was second in the 800 in 2:34.4, her best. Zemlicka's 27.6 in the 200 meters took first and was her best of the season.

Laurie Wilson was edged by ace Julie Herbert in the 200 meter hurdles. Herbert won three events for Port.

Campbellsport's lone winner was Lisa Weiss in the discus.

Tuesday there was a co-ed dual meet at Kiel. Kiel and Two Rivers will be in the same conference with Kewaskum next year - the Eastern Wisconsin.

### With Only Part of Team, KHS Drubbed By New Holstein

With a number of the boys varsity track team staying home for the Student Government's annual carnival and Anything Goes Competition, Kewaskum was drubbed at New Holstein Friday, 104-23. The Indians had only seven places in the entire meet.

The four seniors who went along all helped. Joel Herriges did a great job in individual places and points. He won the 440 and the long jump, and lost by a very close margin in the 220.

Steve Beck placed second in the 880 but his 2:06.9 was his best time every. Rick Stefanovic took second in the two mile and John Czoschke took part in the hurdles and mile relay. Gordon Medley took two places in weights.
