Land Rezoned

Building Plans for Elderly Housing Project Presented to Village Board

By DAN MEILAHN
Statesman Staff Writer

A Kewaskum elderly housing project got another boost Tuesday night. The Village Board rezoned a tract of land between Roseland Dr. and Brooklane Dr. from a P-1 park district to an R-4 multiple family residence district.

Peter Knaup, a developer from Beaver Dam presented his proposal for 3 buildings on the 2.62 acre parcel. One building would have 24 one bedroom units for the elderly and a two-bedroom unit for a caretaker. Another one story building for the handicapped would have 2 two-bedroom units and 2 three-bedroom units. A third building of two stories would have 8 two-bedroom units for single parent families.

Knaup explained that the L-shaped building for the elderly would have a basement for storage and storm shelter and a first floor community room with a cathedral ceiling. An office would face the open area resembling an atrium and an outside canopy would shield the entrance from the elements. Each apartment would be about 550 net sq. ft. with bedroom, bath, kitchen, and living room areas. The exterior would be partly brick and partly wood frame.

A 4 apartment building would be set up specifically for handicapped persons. Knaup said it would be constructed of permanent type materials in order to be "as maintenance free as possible," and as the other buildings, would always remain

in "show shape."

The 8 unit apartment building for families would have 4 units on each floor with a central hallway and provisions for double exits from each apartment. Storage would be provided so that lawn items would not accumulate outside. Apartments would feature a bath, 2 bedrooms, a dining area, living room, and a kitchen.

The entire trio of structures would be separated from properties to the north by a sidewalk and a row of 10 ft. to 12 ft. high trimmed cedars.

Knaup stated that the development is primarily intended for local people. A maximum of 28 children could be in the units. He indicated there would be strict screening of potential residents to prevent any trouble-makers from living in that neighborhood. He said he felt uncomfortable letting just anyone into one of his buildings. Candidates were often visited and picked "on basically good judgement." Knaup insists on tenants maintaining their apartments and not cluttering the grounds. When asked if some of this was possibly discriminatory he said that the criteria for his tenants were based on a highly technical management system and these criteria were extended across all racial and ethnic groups and both sexes. He felt justified in being fussy about his tenants because he was the one who signed any mortgage to construct the facility. He later added, "there is no tenant that scares me."

Knaup hopes to begin dig-

ging by Oct. 22 once approval is given by the Wisconsin Housing and Finance Authority and the construction lender. Another project in Green Lake will be on the same mortgage as Kewaskum's project. Knaup said that if it gets too late in the fall and the concrete could not set adequately, he would prefer to wait until spring to insure a better structure.

Neighboring residents had no objections to the project during the public hearing but were concerned mainly about potential sanitary and storm sewer problems. Diane Buchel asked Knaup about the possibility of a flooded basement in his buildings as there had been some flooding in the Clinton St. area to the north in the past,

Mediator Named in Local School District-Teacher Talks

The Wisconsin Employment Relations Commission has appointed Robert J. Mueller, a Madison attorney, to act as mediator-arbitrator to resolve the deadlock in negotiations between the Kewaskum School District and the Kewaskum Education Association. The appointment was made on August 25, 1980.

The collective bargaining unit involved consists of all certified teachers, including school social workers. Substitute teachers, aides and supervisory and managerial employees are not involved.

The school district and teachers' union are deadlocked over wages, hours and conditions of employment.

Persons who wish to obtain a copy of the final offer of both sides may write to the Wisconsin Employment Relations Commission at 14 W. Mifflin St.,

Suite 200, Madison, Wis. 53703. Those submitting requests are responsible for postage and reproduction costs.

According to WERC, any five citizens residing in the Kewaskum School District may file a petition within ten days of the appointment of the mediator-arbitrator with the Wisconsin Employment Relations Commission at the above address requesting that a public hearing be scheduled by the mediator-arbitrator for the purpose of providing the opportunity to both parties to explain or present supporting arguments for their respective positions and to members of the public to offer their comments and suggestions. A copy of such petition shall be served on the parties and the mediator-arbitrator.

Such a petition must be received by the commission before Sept. 4.

Zemlicka Outstanding Teacher Nominee From Kewaskum District

Howard Zemlicka

By DAN MEILAHN
Statesman Staff Writer

An Industrial Education Teacher at Kewaskum High School, Howard Zemlicka, has received recognition from the State Dept. of Instruction. High School Principal Clark Pearson, Local Vocational Education Coordinator Roy Esser, and Harold Schneider, a second grade teacher and night-school student of Zemlicka, all had a hand in nominating him for Outstanding Teacher of the Year to Represent the Kewaskum District at the state level.

Esser presented Zemlicka with a certificate from the state honoring his nomination at the district's annual staff breakfast on Thursday morning, August 28.

Barbara Thompson, State Supt. of Schools, in a letter commented on all nominated teacher - "The committee was impressed by the many fine nominees and the outstanding effort put forth in their behalf by those who recommended them. "At the state level those that were finally chosen as Outstanding Teachers of the Year were: Ms. Barbara Evered in the elementary area; William Buchholtz in the middle school area; Robert Orth in the high school area, and Ms. Jan Damaschke in the special services area.

Preceding the presentation of the certificate, Esser said, "I'm certainly pleased to present this award to Howard Zemlicka. For 20 years, Howard has been a

friend of mine and also a fellow worker." He spoke of Zemlicka's "concern for the kids he teaches, the ability to get kids to learn, and his enthusiasm, and also for activities in the community." "He's been a driving force in the success of our local Lions Club."

Each district in the state was to nominate an outstanding teacher and send in verification of his or her educational expertise and community involvement by letters of nomination.

In Esser's letter of recommendation, he termed Zemlicka, "an excellent teacher and a very cooperative person to work with." He also cited Zemlicka's exceptional knowledge and varied abilities in his subject area and that he constantly changes to meet changing needs of students. Esser also mentioned Zemlicka's ability to motivate students and that "he is just a hard worker and this is supplemented by his interest and concern for people." Esser added, "The goal of the student is the goal of Mr. Zemlicka and he will do everything in his power to achieve it."

Principal Clark Pearson said of Zemlicka, "He's the kind of guy who's always willing to help the kids and give the students that extra help when they ask for it."

In Pearson's letter of commendation, he also added, "He is very knowledgeable, very well prepared, and above all, very industrious." Pearson also termed him a firm but fair disciplinarian.

This is the old steel bridge across the Milwaukee River on East Main Street, in Kewaskum. The picture was taken about 1911. Note the steel or iron railings, wooden sidewalks, dirt road and old buildings to the right where homes now stand. The driver crossing the bridge with his horse and buggy was not identified.

although none was reported this year. Knaup assured everyone that his company policy was to put in catch basins and drains to tap into the storm sewers and to maintain a certain pitch on the property to allow drainage. Sump systems would eliminate basement water and the first floor would be 22" above the surrounding area. He also said this was the first time he'd heard of possible serious water problems on the site and said, "Believe me, there'll be a lot of investigation and research done on my part."

Roger Groeschel was concerned whether 36 more living units could be handled by the sanitary sewers in that area of town. Knaup said from what he could ascertain the present 8" pipes could handle this additional flow unless there was a serious infiltration problem. As Administrator Dan Schmidt pointed out later, some reasons that the Clinton St. area had been occasionally flooded by a combination of sewage and water was that much surface water or clear water had been

allowed to enter the sanitary sewers. He also noted that some large stones in pipes impeded water flowage. The recent clear water survey and the sealing and cleaning of manholes had cleared up much of the problem. Knaup later referred to an area in Beaver Dan known as "Yucca Flats" which was actually a drained swamp. He said that drainage tiles, and pumps had helped dry this area out, and that "anything which we do with regard to any surface water or subsurface water would definitely benefit you people."

Knaup said that he picked this site due to its proximity to services as stores and banking. Secondly, he said the area once

designated as park was actually inadequate for total recreational development but had the utilities present for this residential subsidized housing.

The board had no objections to the plans which were presented through numerous drawings. Trustees which had seen Knaup's development in Beaver Dan were impressed with his landscaping, well-designed buildings, and management skills. Knaup assured the board, "I appreciate your vote of confidence and will do the right thing."

Gossiping is a game in which the participants play by hear.

Village Board Agrees to Pay Bulk of Sludge Conditioner

By DAN MEILAHN
Statesman Staff Writer

The 10-month saga of the sludge conditioner purchased by the village of Kewaskum came to a conclusion at a special meeting last Thursday afternoon. The village board agreed to pay \$25,089 in full for a DCG 200 dewatering device from Permutit Co. The board agreed to pay the majority of \$32,422 for an MRP press unit subject to certain conditions.

The main DCG unit has been successfully operating over a 100-day trial period. Supt. of Wastewater Treatment Pete Albers said this unit was operating above specifications which had been set by the village engineers, and "up and above its guarantee."

However, the major problem with the press unit was that filter screens kept tearing at a certain weak connection. Permutit had experienced some difficulty in procuring screens until lately. A recent letter from Field Service Representative Jim DeVaney stated that Industrial Fabrics Co. would be able to manufacture newly designed 2-ply filter belts. The Permutit Co. would also furnish one year's supply of free screens from May 1980 to May 1981.

In an effort to get some guarantee on the screens, the village decided to withhold the cost of one year's screens, which may range from \$3,000 to \$6,000, from the payment on the press until the screens had functioned properly for a period of 6 months.

Tom Lawn, a sales representative of the company had suggested that instead of having the village withhold cash, Permutit would furnish a performance bond for this amount. Village Administrator Dan Schmidt said that once he received the bond, he would send a check for the remaining cash. Board members felt this was a good idea to provide some leverage in case the screens did not meet the 6 month test.

Bidding on the sludge conditioner was done last October. Permutit Co. did have the lowest bid on the main unit. During January, a pilot unit was brought in to demonstrate the dewatering capabilities. During February and March, bids were taken on an additional press in case the sludge was not dewatered sufficiently for transport in an open dump truck. As of May 19, a 100-day trial period began for the installed unit and expired near the end of August, 1981.

Kewaskum, Other Area 1980-81 AFS Students Get Acquainted

Nineteen AFS foreign students, the largest number the Lake Moraine AFS Area has hosted, their eight Chapter Presidents' the host brothers or sisters of AFSers, Americans Abroad students who spent the summer in another country and the Domestic Program students from other areas of the U.S. met together for the first time on Wednesday evening, August 27.

Getting to know one another and to plan the year's events was the occasion for the meeting of AFS Chapter Presidents and students of the Lake Moraine AFS Area. The gathering was held at the summer home of Mr. and Mrs. Clarence J. Weber in Random Lake.

A special feature of the evening was an "International Tasting Table" of foods prepared by the foreign students which was followed by a pot-luck supper. The foreign students prepared dishes native to their countries and included such varieties as Chicken Monterey from Colombia, Japanese and Indonesian Fried Rice, Japanese Noodles, Italian Tagliatelle, Jollof Rice from Ghana, Carne Apanada from Ecuador, Thai Bergers, Swiss Chrapfli, Australian Vegemite sandwiches, Uruguayan Empahadac, Argentine Tortilla, Mexican Pizza Taco, French Shrimp Salad, Austrian Apfelstrudel, German Pflaumenkuchen and Krebbseln, Belgian Chokolat Mousse and Danish Sandkage.

AFS students at Kewaskum are: Lek Mahasakhungyong from Bangkok, Thailand, host parents, Mr. and Mrs. Leland Schaub, Kewaskum, and Isa Koch of Ehenbichel, Austria, host parents, Mr. and Mrs. Ronald Landvatter of Fredonia.

Other chapters in the Lake Moraine Area and number of AFS students include: Elkhart Lake-Glenbeulah (2), Howards Grove (2), Kiel (1), Plymouth (1), Sheboygan North (4), Sheboygan South (4), Sheboygan Falls (3).

An AFS student at Plymouth during 1974-75, Kimiko Tonogai from Japan, is in the area

visiting and attended. Kim has received a scholarship and will be doing advanced studies at Yale University this fall.

Justin Deehr, son of Mr. and Mrs. Francis Deehr of Kiel, who spent the summer as an Americans Abroad student in Ash-town, Ireland, was the only AA in the area who attended. The other AA students who have spent this past summer abroad and will soon be returning include Kenneth Scott, son of Mr. and Mrs. Dennis Scott of Kewaskum, who spent the summer in England.

The area business meeting of AFS chapter presidents was conducted by the Area Rep, Mrs. Elden Amundson of Plymouth. The group is sponsoring

a week-end at Camp YKoda in mid-September, and AFS bus trip to Chicago in mid-October and a tour of the Regal Ware plant in Kewaskum later that month. The annual Lake Moraine Area meeting is scheduled for February 7, 1981 at Sheboygan Falls. Other activities being planned for the area include an afternoon of roller skating in November; an "AFS Day at School" in Plymouth and a Talent show at the John Michael Kohler Art Center in Sheboygan in April.

Applications for the Americans Abroad program are due October 15 and are to be sent to Mrs. Larry MacDonald, Sheboygan, by that date. Many more homes are now available abroad to host American students. Chapters are asked to encourage their high school students to apply for a summer or a

school year abroad to live in another country and learn another culture first hand.

Domestic Program applications (living in another part of the U.S. for a semester) are also due on October 15 and are to be sent to the area Domestic Program Coordinator, Mrs. Sue Schmitz, Kewaskum, by that date. We now have two Domestic Program students in the area. Beth Heiman from Darien Center, New York, will be here for the first semester at Kewaskum High School and lives with the John Hazlewood family. Cynthia Nolette came from Sharon Springs, New York, to be at Kiel High School for the semester. Her host parents are Mr. and Mrs. Dawe Thomas of Kiel. Scott Buchel, Kewaskum, is in Ellsworth, ME as a DP student for this semester.

HOSPITAL NEWS

Bud Weinand, 1420 River-view Drive, Kewaskum, has returned home after a two week stay at St. Luke's Hospital, Milwaukee, where he underwent extensive open heart surgery.

Everyone qualifies for a TAX DEFERRED ANNUITY

Now everyone, even you, can postpone taxes while you plan for retirement.

Whether you are currently covered under a pension or profit sharing plan or not, you qualify for a West Bend Savings TDA (Tax Deferred Annuity).

A West Bend Savings TDA is designed to allow people to plan for retirement without having to pay any current state or federal taxes on interest earned. Taxes are paid only after the money is withdrawn — which is usually after retirement when most people are in a lower tax bracket.

The money you put in a West Bend Savings TDA today earns an annual yield of 11.87% and is insured safe up to a cumulative total of \$100,000 by the Federal Savings and Loan Insurance Corporation.

You can open your first TDA with a deposit of \$3,000. Additional TDA's can be opened as often as you like with deposits of \$1,000 or more.

Find out more about a West Bend Savings TAX DEFERRED ANNUITY at any of our seven convenient countywide offices.

This TDA is an annuity plan underwritten by the Wisconsin Employers Insurance Company and offered through West Bend Savings and Loan Association.

taken "woods" classes under Zemlicka, said this instructor effectively passes on new methods and techniques in the industrial-vocational area to have students achieve satisfaction in relation to their educational goals.

In response to the honor of being nominated, Zemlicka described it as "kind of a pleasant surprise." He said it was nice to have a pat on the back, particularly in a time when anything funded by the public sector, as education, is being highly scrutinized.

Zemlicka has taught industrial arts in the Kewaskum district for 22 years. He originally came to Kewaskum in 1958 after receiving his BS degree in Industrial Education from UW-Platteville. In 1970 he earned his Master's degree in Industrial Education from UW-Stout. He presently resides at 1527 Stark St. in an edifice constructed by himself and his father. He and his wife, Connie, who teaches kindergarten at Wayne Elementary, were married in 1961 and have two children, Julann, 17, and Jennifer, 16.

Zemlicka presently teaches 3 different levels of metals classes and auto mechanics to seniors at the high school. In past years, he has taught nearly every area of industrial education - woods, drafting (from freshman orthographic projection to senior architectural drawing), welding, and plastics. About 1960, the "dusty arts" area consisted of a shop and a drafting room under one teacher and has now expanded into a separate addition to the high school involving at least 5 instructors. In 1965, a machine shop was added, but Zemlicka noted that the first 3 machines in the original shop were still used today. He pointed out the durability of this equipment and the related lack of expenditures

on this specific equipment.

Zemlicka has also taught night classes through the Moraine Park Technical Institute since the late 60's. Courses in woods, small engines, snowmobile repairs, and auto tune-up have been conducted by him whenever enough people are interested to warrant a course.

When asked how education has changed over the years, Zemlicka said that there seemed to be less general respect for teachers. He was not overly concerned about this matter, since teaching requires a certain amount of "bark" or resistance to any negative aspects.

He did feel that vocational education had changed drastically and that students now are receiving more diversified and more realistic courses in this area. He pointed out that the high schools have taken over much of the training that was once done by the vocational and technical schools such as MPTI. Education in vocational schools is now more technical and takes over where the high schools leave off. Zemlicka said that learning how to efficiently operate machines was accomplished in high school and that upon graduation, many students already have "job entry skills."

Governmental funding of vocational programs has declined in recent years as compared to the mid-60's when vocational education was the vogue just as science and math had been the emphasis in the late 50's and early 60's. He said funds were available but may vary from none at all one year to 10-15% the next year. Zemlicka claimed the reason for an interest in vocational education in the 60's was simply based upon the need for skilled labor then. He added that today there "is always a need for the good ones," referring to those people who may be eligible for an apprenticeship in tool and die and other machine trades. Usually only a top student is eligible to get into this. Another incentive in this industrial area is that starting wages are significantly

higher than in other areas.

Zemlicka was asked about advice for anyone going into the teaching field. He broadened this topic to say that any student should "pick a field where there is a shortage or stay out." Also he recommended professions which had "spinoff opportunities" such as the areas of math and science, particularly chemistry and physics. As far as teaching went, he observed some shortages in the industrial education area, agriculture, and some openings in girls' physical education.

Zemlicka claimed that kids had not really changed in the last 20 years. They didn't seem more extreme in their behavior - good or bad - and that they really had no more or no less mobility in terms of transportation than 20 years ago. His one major observation was that kids of good parents function better in school and that if every parent instilled the idea that doing well in school was the most important thing, teaching would be a lot of fun.

Roy Esser had referred to Zemlicka as the "number 1 Lion" in Kewaskum. Zemlicka refuted this saying there was a lot of good people in this service organization. He has served as Lion Tamer, Tail Twister, Third, Second, and First Vice President, and was President during '76 and '77. He built the equipment for the annual Lions Chicken Bar-B-Que which was first held in 1972. Other events as wrist-wrestling, bicycle races, and the Kettle 20 foot race have been held in conjunction with this affair. Presently, Dale

Squier and Zemlicka organize the Kettle 20 + 2. This race attracts many runners due to its efficient organization. Some participants from Palatine, Illinois, recently commented how the race was very tough but a real challenge. They said it was a beautiful course, and well supervised with personnel along the way for emergencies and providing water, etc.

The Kewaskum Historical Society held its Early Farm Days along with the Chicken Bar-B-Que. Zemlicka felt this was a good marriage of activities although it led to understandable traffic problems near the old park. He said that the Lions also took care of insurance coverage for the Historical Society's event.

The Lions Club also sponsors paper drives the third Saturday of each month with proceeds going to local charities. Also, eyeglasses are collected by the Lions and sent to Wausau for distribution to nursing and rest homes. The Lions have also contributed to the local senior citizens organization.

Besides building his own house and constructing furniture as stereo cabinets, cupboards, tables, lamps, and bookcases, Zemlicka enjoys fishing, and at one time flew radio-controlled model airplanes. He belongs to the Experimental Aircraft Association and indicated he may possibly construct his own experimental aircraft. This may take about five years and would require inspections by the Federal Avi-

ation Administration. He said that last year he attended the EAA convention in Oshkosh and ended up parking airplanes for other members. The payment was a free ride in a helicopter.

Another interest of Zemlicka's is antique and classic cars. He recently joined the Kettle Moraine Classic Car Club (known as the K.K.K.K. under the presidency of Normie Dogs). Zemlicka has always enjoyed unique cars, especially Fords, and has a renovated '66 blue Mustang convertible with red pin-striping parked in his garage.

One of the more memorable sidelights of history is that Zemlicka owned one of the few 1959 Ford "Skyliners." This vehicle which sported a few homecoming queens in those days, featured a retractable metal roof and was actually a hardtop convertible. This Skyliner cost \$3200 then and would now be worth around \$10,000. He said that the vehicle always worked perfectly and had a series of electric motors precisely timed to have the roof fold neatly into a rear compartment of the car.

Facsimile Ballot Notice of September Primary Election Sept. 9, 1980

**OFFICE OF WASHINGTON COUNTY CLERK
TO THE ELECTORS OF WASHINGTON COUNTY:**

Notice is hereby given of a Primary Election to be held in the several wards in the County of Washington, on the 9th day of September, 1980, at which the officers named below shall be chosen. The names of the candidates for each office to be voted for, whose nominations have been certified to or filed in this office, are given under the title of office and under the appropriate party or other designation, each in its proper column, together with the questions submitted to a vote, in the sample ballot below.

INFORMATION TO ELECTORS

Upon entering the polling place, an elector shall give his or her name and address before being permitted to vote. Where ballots are distributed to electors, the initials of two ballot clerks must appear on the ballot. Upon being permitted to vote, the elector shall retire alone to a voting booth or machine and cast his or her ballot. An election official may inform the elector of the proper manner for casting a vote, but the official may not in any manner advise or indicate for whom to vote.

At the September primary, the elector shall select the party ballot of his or her choice or the ballot containing the names of the independent candidates for state office, and make a cross or other mark in the square at the right of or depress the lever or button next to the candidate's name for each office for whom the elector intends to vote or insert or write in the name of the elector's choice for a party candidate, if any. In order to qualify for participation in the Wisconsin Election Campaign Fund, a candidate for state office at the September primary must receive at least 6% of all votes cast on all ballots for the office for which he or she is a candidate, in addition to other requirements.

The vote should not be cast in any other manner. If the elector spoils a ballot, he or she shall return it to an election official who shall issue another ballot in its place, but not more than three ballots shall be issued to any one elector. If the ballot has not been initiated by two ballot clerks or is defective in any other way, the elector shall return it to the election official, who shall issue a proper ballot in its place. Not more than five minutes' time shall be allowed inside a voting booth or machine. Unofficial ballots or a memorandum to assist the elector in marking his or her ballot may be taken into the booth and copied. The sample ballot shall not be shown to anyone so as to reveal how the ballot is marked.

After an official paper ballot is marked, it shall be folded so the inside marks do not show but so the printed indorsements and ballot clerk's initials on the outside do show. After casting his or her ballot, the elector shall leave the machine or booth, and where paper ballots are used, give his or her name to the inspector in charge of the ballot box, hand the inspector his or her folded ballot to be placed in the ballot box, deposit any unused ballots in the blank ballot box, and shall leave the polling place promptly.

An elector may be assisted by two election officials of different political parties in casting his or her vote if the elector declares to the presiding official that he or she is unable to read, has difficulty reading, writing or understanding English or that due to physical disability is unable to cast his or her ballot. Alternatively, an elector making such declaration may have another elector of the county assist in marking the ballot or operating a voting machine. The presiding official may administer an oath to a person making such declaration.

Blood Bank Here Sept. 9

The Milwaukee Blood Mobile unit will be at the Kewaskum High School (old gym) on Tuesday, Sept. 9, from 1:30 to 6:30 p.m. All past donors will be sent post cards and new donors are encouraged to walk in anytime at their convenience. In past years the no-appointment method has worked well with little or no waiting for the donors.

The Blood Center is frequently asked how many people must donate to provide blood for a particular patient. The answer is always the same — patients in any of the hospitals served by the Milwaukee Blood Center (including West Bend) are eligible to receive as much blood as needed. There is no fee for the gift of blood itself. Only a processing fee is charged to cover the costs of drawing the blood, testing it to ensure the patient's safety and distributing blood and blood components to the hospitals. The fee is usually covered by health insurance.

There are no rules or restrictions on who can receive blood. As long as enough people donate, patients will receive all the blood they need. At this particular time there is an extreme shortage at the center and then TV media has been requesting past donors to come in at this time. Sept. 9 will provide the time for Kewaskum area residents to do their part.

If you are in good physical condition and between the ages of 18 and 66 years, you can donate every 10 weeks but not more than five times in 12 consecutive months. If you are 17 you are also eligible to donate but you must have a consent form signed by a parent or guardian. These forms will be available at the school prior to Sept. 9.

BLOOD IS A TRUE GIFT FROM THE HEART!

MARRIAGE BANNES

Marriage banns have been announced for the first time in the Holy Trinity Church bulletin for William Backhaus and Kathryn Garvey, and Mark Schaefer and Cynthia Steinhardt.

from Tom Leitzke, R.P.H.

A vitamin E rich diet can help protect the lungs from the effects of noxious air pollutants, such as ozone and nitrogen dioxide, reports Dr. D. Menzel of Duke Univ. Medical Center.

It may offer a prevention of emphysema and other chronic lung diseases that are environmentally triggered. Vitamin E may act as an antioxidant, preventing the damaging effects of oxidation within the lungs, which is partly caused by inhaling air-borne pollutants.

Junior Women Invite Guests

The Kewaskum Junior Woman's Club is active in many areas. There are projects available that will interest a variety of tastes and talents.

The Conservation Committee brings Woodsy Owl to all local schools. They are working on a nature path through the new park and planted a tree and a flower garden at the new park. Recycling also is a monthly project of this committee and keeps growing.

Library books are continually donated to the Kewaskum Public Library by the Kewaskum Juniors. They also thank all Kewaskum teachers during Education Week. The Block Parent program continues to grow as do the scholarships that have been given graduating seniors for thirteen years. This year the possibility of a bookmobile visiting Kewaskum is being investigated.

The Home Life committee handles the Poison Prevention Puppet show and bicycle safety clinics. They visit Beechwood Rest Home once a month and take Jack-O-Lanterns and Easter Bunny to the Pediatrics Ward at St. Joseph's Hospital.

Each year the Kewaskum Juniors give each AFS student a

telephone call home. They work with CARE and provide United Nations materials to local schools. The highlight of the past year was the Mini-Olympics held for area children this past June. Key Club members also helped make this day a success.

The Public Affairs committee will sponsor a tour of the County Jail on September 23 and will host an appreciation luncheon for village employees on September 17.

The Kewaskum Juniors have great fun with a cookie and craft exchange at Christmas. The programs are super as are all the friends. Ladies in Kewaskum—why not join Juniors? Plan to attend the first meeting which will be held Thursday, September 11, at 8:00 p.m. at the Valley Bank. The program will feature a brief film and discussion led by Sue Moser informing members and guests about the Washington County Citizen Advocacy Program which is based at St. Joseph's Hospital in West Bend.

Guests are always welcome at Kewaskum Junior Woman's Club meetings. For more information call Joan at 626-4577 or Kathy at 626-2424. You will find it is rewarding as well as enjoyable to be part of community-oriented group in Kewaskum.

Receives \$250 Scholarship

Jim Schaeffer, son of Mr. and Mrs. Gerald Schaeffer, Kewaskum, has recently received a \$250.00 scholarship towards his fourth term of studies at The Culinary Institute of America in Hyde Park, New York. The scholarship has been made possible through the generosity of the Albert Pick Jr. Fund.

Needless to say Jim was surprised and very happy to receive this award.

Girls and Horses!

The Kewaskum Area Girl Scouts are forming a special interest troop dealing with horsemanship. If you are between the ages of 13 to 18 and are interested in learning about horses from the basics to the advanced, this is for you. It is NOT necessary that you own your own horse.

If you think this program sounds interesting, just call Barb Peterson for more information at 626-4387.

During the severe electrical storm Monday evening, the large barn on the Joe Matenaer

farm, located about a mile and a half south of Kewaskum was struck by lightning. The bolt struck the lightning rod and consequently no damage was done to the building.

Next Monday, September 8th, the Kewaskum Public School will begin the fall term.

At the last monthly meeting of the Kewaskum Post, American Legion, it was agreed by the members present to again hold monthly dances at the Kewaskum Opera House.

With weather conditions favorable, a large crowd attended the formal opening of Kewaskum's new Main Street on Wednesday evening, held under the auspices of the Kewaskum Fire Department.

A son, Robert, was born to Mr. and Mrs. Alois Staehler, Kewaskum, on August 29. A son was also born to Mr. and Mrs. Art. Wilke at Milwaukee on August 28. Mrs. Wilke was formerly Miss Elizabeth Coulter of Wayne.

the Kraetsch saloon property at Batavia and has already taken possession of the later.

Louis Petri held a dance in his new granary in Wayne last Thursday evening which was enjoyed by a large number of young people.

A baby daughter made her appearance in the home of Mr. and Mrs. Matt. Geib of Boltonville on Friday of last week. A baby boy was born to Mr. and Mrs. Otto Luedtke of Wayne on Tuesday morning.

A new cement sidewalk is being built on Fond du Lac Avenue between Rosenheimer's Store and Brunner's livery barn this week.

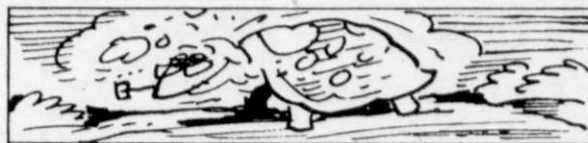

The newlywed came home to find that his wide-eyed young bride had roasted her first chicken. Preparing to carve the steaming bird, he asked, "What did you stuff it with, dear?" "I don't understand," she replied, puzzled. "It wasn't hollow."

NORMA SCHULTZ

Norma B. Schultz, nee DeWeese, 66, of 8856 Hwy. 45, Kewaskum, died at St. Joseph's Community Hospital, West Bend, on Thursday, Aug. 28.

She was born in Hoopston, Ill. on Nov. 23, 1913, and at an early age the family moved to Danville, Ill. where she lived until coming to her present address in October of 1979.

She married Lester Schultz in Danville on June 3, 1934. He preceded her in death on April 2, 1973.

Survivors include three children, Willard (Joyce) of Wisconsin Rapids, Junette (William) Wilke of West Bend and Ralph (Gretchen) of Sliver Thorn, Colo.; five grandchildren; one sister, June (Ray) Wright of Danville, Ill., and other relatives and friends.

She was preceded in death by four brothers.

She was a member of St. John's Lutheran Church, West Bend, and the West Bend TOPS Club.

Funeral services were Saturday at 2:30 p.m. at Trinity Lutheran Church, Danville. Burial was in Sunset Memorial Park, Danville.

Visitation at the church only was Saturday from 12 noon until

time of services.

Schmidt Funeral Home, West Bend, was in charge of local arrangements and the Berhalter Funeral Home, Danville, Ill. also served the family.

September Meeting of School Board

The regular September meeting of the Kewaskum Board of Education will be held on Monday, September 8. Beginning at 8 p.m., the meeting will be held in the district administrative offices.

Action on the athletic code, discussed at the previous meeting, will be on the agenda under old business. Other old business will include passage of policies on the lunch program, a first reading of a policy on graduation and discussion of late busses. This last item

comes as a result of requests from parents.

Under new business, the board will act on a contract with CESA No. 13 for special education services, approval to contract with Van Der Jagt, Buss & Associates for a fall membership audit and for additional equipment purchases. The board will also act on approval to sell typewriters and vehicles and will take up any transportation questions which may arise. Approval of payroll and vouchers payable will also be on the agenda.

Miscellaneous items which arise will also be considered.

The bigger a man's head gets, the easier it is to fill his shoes.

Junior Jargon

The Kewaskum Junior Woman's Club is actively planning the 1980-81 club year. Interesting programs, good friendship and community service are standard fare for the Kewaskum Juniors.

The first meeting of the year will be Thursday, September 11, at 8:00 p.m. at the Valley Bank in Kewaskum. The program will feature a brief film and discussion led by Sue Moser informing members and guests about the Washington County Citizen Advocacy Program which is based at St. Joseph's Hospital in West Bend.

Guests are always welcome at Kewaskum Junior Woman's Club meetings. For more information call Joan at 626-4577 or Kathy at 626-2424.

Port Man Hits Hole-in-One at Hon-E-Kor

Warren "Dick" Hadler of Port Washington shot the only hole-in-one of the year at Hon-E-Kor Country Club, Kewaskum, on Labor Day afternoon Monday. He accomplished the feat with a 7 iron on the 128 yard 14th hole.

His wife, Betty, and another couple of golfers from Port witnessed the hole-in-one. It was the first ace for Hadler, who has golfed for over 20 years. He works in the office at the Simplicity Co.

Class A winners were Irene Schlefke and Sue Decker; B - Helen Goetz; C - Eleanor Marx and D - Jan Koch.

A chip-in was made by Tudy Warner. Longest putt on hole 18 was made by Dorothy Schaefer. Low net for 18 holes was won by Sue Decker. Card winner was Laura Matthews.

Indians Will Host Slinger In Football Opener Friday

Two former Scenic Moraine Conference rivals, the Slinger Owls and Kewaskum Indians, will continue their rivalry when they clash in a non-conference opener here Friday night. Game time is 7:30 p.m.

Kewaskum has moved into the Eastern Wisconsin Conference this year and Slinger is now a member of the Parkland Conference, following the disbanding of the Scenic Moraine. The level of competition should be about the same, with one or two strong teams.

EDITORS TOUR EASTERN WISCONSIN SCHOOLS

For a Labor Day ride, the publishers of the Statesman made a get acquainted tour to learn the locations of the schools and their football fields in the Eastern Wisconsin Conference, of which Kewaskum is a new member this year. We started out at Plymouth and Sheboygan Falls, then headed north to Two Rivers, [a long trip of about 70 miles from Kewaskum for the Indians], then back down to New Holstein and Kiel, and over to Valders [which dropped out of the conference this year] and ending up at Chilton enroute home. We found that some of the schools have fine football facilities, similar to the Scenic Moraine, especially the city of Two Rivers.

Last year Kewaskum's lack of depth contributed heavily to the team's poor 2-7 record (1-6 in the Scenic Moraine) but this year Head Coach Mike Ffrick has more depth. His squad of 42 players includes 12 seniors, 24 juniors and 6 sophomores. Ffrick said that for a successful football program about 33 juniors and seniors are needed so you're three deep at all positions.

Ffrick believed that frequent coaching changes probably contributed to dwindling interest in Kewaskum football. Some of the current seniors had three different coaches in three years. Together with Kewaskum, Eastern Wisconsin schools in-

clude Two Rivers, Plymouth, Sheboygan Falls, Kiel, Chilton and New Holstein. Two Rivers is the largest school with an enrollment of about 1065. Then comes Plymouth 1009, New Holstein 850, Kewaskum 804, Sheboygan Falls 680, Kiel 655, and Chilton 550.

Ffrick, beginning his second year as head coach, has just six lettermen and a few other regulars returning. Lettermen include seniors Randy Heberer, LB and FB; Perry Kempf, E and LB; Steve Muench, T; Roger Gavin, T, and Brian Dreher, FB and LB, and junior Dave Donath, HB and LB.

Of these lettermen, two of them are already out of action. Dreher will miss the first few games while recovering from a separated shoulder and real tough blow was Donath tearing ligaments in his knee in an intra-squad contest. A two way starter, Donath underwent knee surgery and is expected to be lost for the season.

Besides having more depth, this year's team has much more needed size. Last year the biggest player was only 182 pounds. This year 5-9, 230-pound Dick Thompson, 6-1, 220-pound Ken Schuette, 6-0, 208-pound Jim Simon, 6-1, 192-pound Doug Petsch and 6-0, 185-pound Dale Rimmel will help the line.

This year's juniors posted a 4-3 record last season as JVs, losing to Hartland in four overtimes and to Mayville on a last second field goal. Promising juniors include tackle Jon Davis, 6-0, 210; guard Pat Miller, 5-11, 172; tackle Scott Nigh, 6-1, 172; halfback Randy Westerman, 5-11, 147; quarterback Ric Leitheiser, 5-11, 150, and quarterback Jeff Geidel, 6-0, 149. Leitheiser and Geidel will battle for the starting quarterback job.

Ffrick said some problems remain but if his 12 seniors contribute the team might be respectable, even though break-away runners Rod Schultz, Mike Pettit and Joel Herriges are gone. New Holstein, Plymouth and Two Rivers are expected to be strong.

Girls Lose to Hartford, Beat Mayville and West Bend West in Golf Triangular

In a dual meet last Tuesday, at Hartford Country Club, the Hartford Orioles defeated Kewaskum, 380 to 413.

The Orioles' Laura DuPont took medal honors with a 46, her best score ever. Teammate Jenny Vogt had second best score with a 54. Kewaskum led by Sue Harlow and Pam Perkins, who each scored 58s.

The coaches counted six players to give all of them a chance to be involved.

The Indians' Debbie Schlice is still to join the team. Hartford is only in its second year of girls' golf.

Playing at Hon-E-Kor Wednesday, Kewaskum had three players coming in with rounds of 54 or better to easily win their home triangular opener. The Indian girls had a 223, to beat

Mayville by 26 strokes. West Bend West was third with a 320.

Coach Joe Harlow's daughter Sue shot 53 and Joan Hanrahan and Pam Perkins were one shot back at 54. Melissa Koch added a 62.

Mayville's Terry Tighe took medalist honors with 50. West's young team had a 59 from Jane Gibson and Kris Backhaus and Linda Gundrum had 83 and 86 respectively. Mayville lost four regulars through graduation.

KEWASKUM 225, MAYVILLE 249, WB WEST 320
Kewaskum — Harlow 53, Perkins 54, Hanrahan 54, Koch 62.
Mayville — Tighe 50, Ondraska 64, Smedema 67, Zangl 66.
West — Gibson 59, Backhaus 82, Gundrum 86, Fennel 93.

Clark Eichstedt Wins Fourth Hon-E-Kor Golf Championship

For the first-time in 15 years, there is another four-time golf champion at Hon-E-Kor Country Club, Clark Eichstedt won his fourth title Sunday when he beat Dave Denis of West Bend, handily, 9 to 7, in the finals.

Eichstedt also won the club championship in 1972, 1976 and 1977. The other four-time winner was Carl Wertz from 1962 through 1965. Len Carroll won it three times from 1967 through 1969. Last year's champ, Chuck McClain, is a member of West Bend Country Club this year.

In the 36-hole championship match, "Ike" built up a big lead over the first 27 holes and it was just a matter of time. He had an even par 35 on the front nine to go two up on Denis with a 37. He followed with another 35 on the back for a 70 while Denis dropped to a 41, giving Eichstedt a lead of eight strokes.

"Ike" had five birdies for 29

holes and birdied No. 8 twice. He narrowly missed an eagle in the first round on No. 12.

In another final match Sunday, the first flight, Bill Wuebben defeated Marsh Alf 5-4. In other men's finals, Paul Lastofka took the second flight with a 3-2 win over Ken "Buck" Averill. Perry Koth won the third flight, beating Jace Dunn 1 up, and Mike Pfeiffer was a 2-1 winner in the fourth flight over Ralph "Buck" Weaver. In the junior flight, which went 34 holes, two West Bend West teammates battled it out before Jeff Josten was declared the winner over Tighe, 3-2.

Indian Girls Beat Slinger, Downed by Plymouth in Tennis

In a tennis match at Slinger last Tuesday, a 3-set doubles victory by Kewaskum's Jane Russell and Lori Banenberg made the difference as the Indians won, 4-3. Kewaskum won three or four singles matches and the victory in doubles was all they needed.

No. 1 and 3 Indians, Brenda Manthei and Debbie Allmann, won by reversed 6-2, 6-0 scores. Slinger's No. 2 player, Corrine Weinert, bested Mary Brenholt, 6-3, 7-5.

Coach Jan Rosenthal has seven letterwomen back in Manthei, Brenholt, Allmann, Julie Dettman, Russell, Darla Prost and Marjean Backhaus. Forty girls turned out for the sport and Rosenthal has an 1/2 assistant, Sue Burgard.

This year the girls won't be up against some of the powerhouses in the Scenic Moraine. The new conference, the Eastern Wisconsin, does not sponsor girls' tennis on a conference level and there are only two schools which have it.

Goeden Wins Feature at Francis Creek

WINNER — Willie Goeden is all smiles when he carries the checkered flag as winner of the Finale Forty Feature.

Last Wednesday at the 141 Speedway in Francis Creek, the Eastern Wisconsin Stock Car Racing Association closed the season with the "Finale Forty" lap feature which was won by Kewaskum's Willie Goeden, followed by Frankie Heimerl and Etchey Biertzer, both of West Bend.

Dave Waldron of Campbellsport won the 15 lap semi. The

evening's fast qualifier was Frankie Heimerl with an average speed of 61.28 miles per hour.

Going into the evening events, Goeden had been fourth in the point standings at 141 Speedway. After the feature win he finished third with Heimerl and Biertzer placing second and first respectively in the standings.
