KHS Students Score High in Aptitude Test

Clark Pearson, principal at Kewaskum High School, is pleased again this year to announce the results of the P.S.A.T. scores. The Preliminary Scholastic Aptitude Test is given annually, on a nationwide basis, to primarily junior students who are planning to go on to college. The results of this test are a good indication to the students as to their present verbal and mathematic ability on a national scale. The scores also indicate to the school administration and teachers that success in the classroom is being achieved.

Fifty-two juniors and three sophomores participated in the P.S.A.T. testing this year. Thirty-three percent of the students who took the test were in the 90-99th percentile, 16% in the 80-89 percentile and 25% in the 70-80 percentile in mathematics. Eighteen percent of the students who were tested scored in the 90-99th percentile,

20% in the 80-89 percentile and 33% in the 70-79 percentile in verbal skills. Overall, seventy-eight percent were above the 50th percentile in the verbal part of the test. The 50th percentile is the average for all students who took the test nation-wide. Prospects look good for the college bound class of 1983 at Kewaskum High School.

Taverns Must Close at 3 A.M. New Year's

Washington County Sheriff's Department and the West Bend Police Department would like to remind citizens that closing hours for all licensed premises in Washington County and the City of West Bend where alcoholic beverages are served are required by State Statute to close by 3:00 a.m. on January 1, 1982 (morning after New Year's Eve).

We ask the public for their cooperation in helping bar owners, bar managers and bartenders in abiding by the State law (State Statute 176.06(3)).

Sensenbrenner to Be in Kewaskum

Ninth District U. S. Rep. F. James Sensenbrenner, Jr. will hold open office hours for Kewaskum residents on Tuesday, January 5.

Sensenbrenner will be at the Municipal Building from 10:00 to 11:00 a.m. to give residents a chance to meet with him about issues of concern or problems they may be having with federal agencies.

No appointments are necessary, and everyone will be seen on a first come, first served basis as time permits.

Have Your Blood Pressure Taken

A blood pressure screening clinic will be held in Kewaskum on Wednesday, January 6, from 11:00 a.m. to 12 noon, at the Senior Citizen Center, Kewaskum Legion Hall.

This clinic is a service offered by Washington County Community Health Nursing Service and is provided without charge.

Three Killed, Four Hurt in Crash South of Kewaskum

Three people were killed and four were injured in a two-car crash on a snow and ice covered Highway 45 Saturday afternoon, about four miles south of Kewaskum in the Town of Barton.

According to Washington County sheriff's deputies, a southbound car driven by Michael L. Kircher, 17, of Brown Deer crossed the centerline south of County Trunk D. The car was struck by a northbound auto driven by Ellwood J. Kaatz, 56, of Argonne, Wis. at 4:15 p.m.

Kaatz and his wife Olive M. Kaatz, 52, were dead at the scene of internal injuries. Another passenger, Agnes Kaatz, 77, of Ripon died a short time later at St. Joseph's Community Hospital, West Bend, according to Coroner Robert Boltz. All three died of internal injuries.

Kircher suffered lower back injuries in the accident. Three passengers in his car were also injured. Jennifer L. Wenzel, 11, of 910 W. Decorah Road, West Bend, received lower back and side injuries. Marisa A. Litscher, 15, of Brown Deer and Allison A. Dedrich, 10, of 1017 Summit Drive, West Bend, were also taken to St. Joseph's Community Hospital with unspecified injuries.

Kircher and his passengers were treated at the hospital and released, it was reported.

Snow and ice on the highway contributed to the accident, according to the Sheriff's De-

partment report.

The fatalities raise the 1981 Washington County traffic toll to 26, compared with 23 at this time last year.

Horner Completes Study Course in Accounting 201

Ralph Horner of Kewaskum has recently completed an Independent Study course in Accounting 201 through the University of Wisconsin-Extension.

Three hours of University credit are awarded for the completion of the course.

Ralph Horner, Plant Superintendent at the Gehl Company, is one of more than 10,000 students who participated in the Extension correspondence program during this past year.

Approximately 400 correspondence courses are available through Independent Study, varying from high school English to advanced college engineering courses.

More than 200 of the courses offered are university credit courses with the balance divided between high school and continuing education courses.

UW-Extension operates the fourth largest Independent Study program in the nation. More information is available from the Washington County Extension Office, 338-4479.

First Baby Born to Kewaskum Parents on Christmas Day

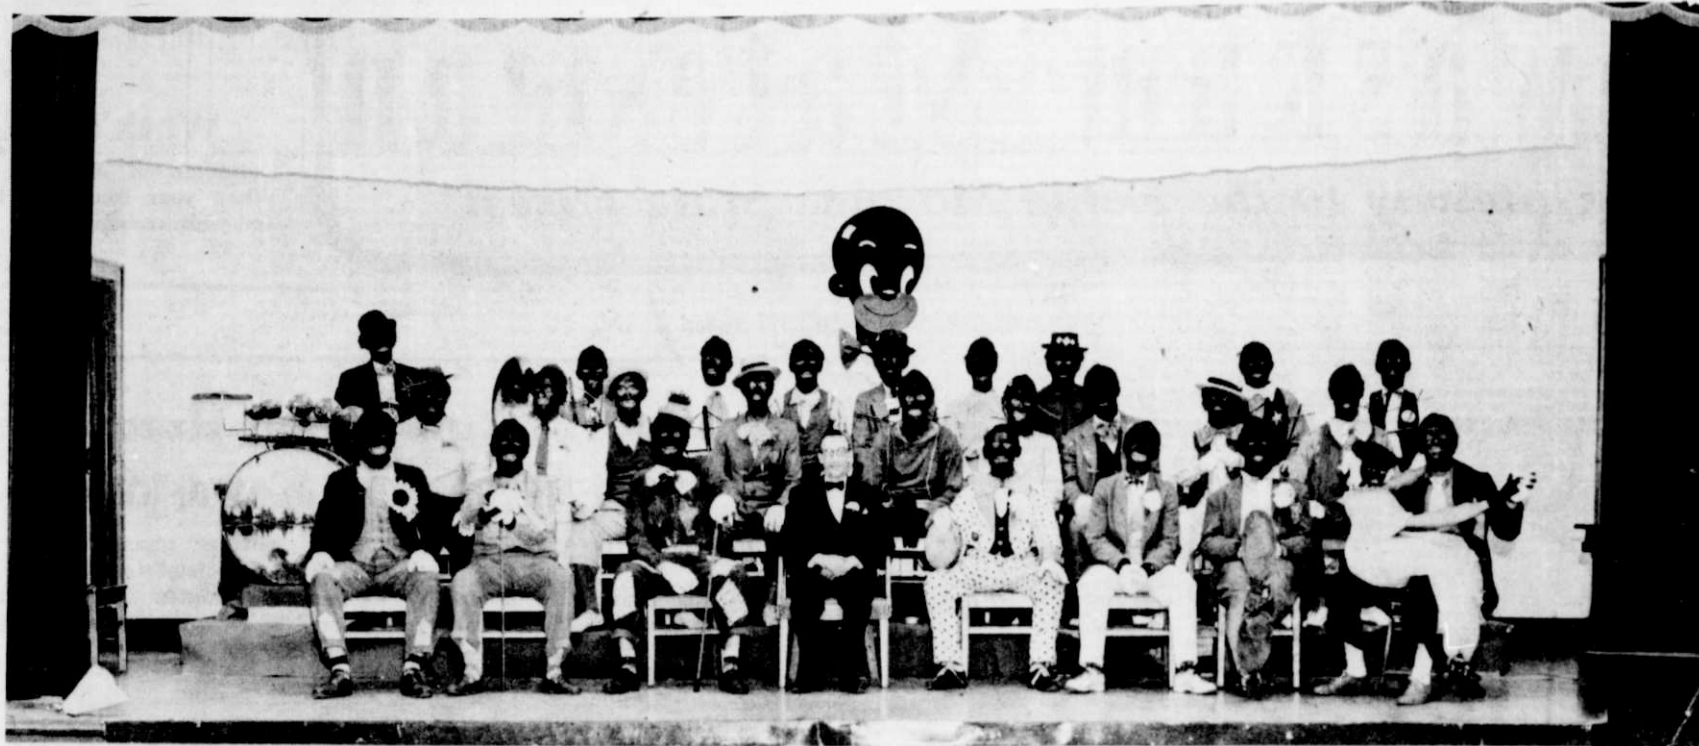

The Kewaskum Junior Woman's Club presented a gift box to the first baby born on Christmas Day at St. Joseph's Community Hospital in West Bend. The proud parents are Mr. and Mrs. Phillip Markey of 9383 Old Fond du Lac Road, Kewaskum. Their baby girl, Sara Rhianna, was born at 4:02 a.m. Christmas Day and weighed 6 lb., 5 oz.

Pictured, left to right, are: Connie Thull, Mrs. Kim Markey, baby Sara and Kathy Wagner. This is one of the many projects the Home Life Department does throughout the year.

Memories...

The Statesman welcomes readers to submit photos for the "Memories" feature. Photos should show life in the olden days in this area. Deliver or mail to The Statesman, 250 Main St., Kewaskum, WI 53040. Photos can be picked up again after publication.

Page 2, Kewaskum Statesman, Friday, Jan. 1, 1982

About one year ago, on Jan. 2, 1981, we ran a photo of the cast of the minstrel show sponsored by the Kiwanis Club of Kewaskum back in the spring of 1948. At that time the characters in the photo, submitted by Dr. R. G. Edwards, were not identified. Since then Sylvester "Tiny" Terlinden has come up with the identification of members of the cast in the photo repeated above.

Front row, left to right: F. Hansen, Casey Heberer, W. Falk, Ted Schmidt, Don Harbeck, M. Perschbacher, Mike Gnacinski, "Dummy"

and L. Rosenheimer Jr.

Center row: Walter Wesenberg, Morrie Hammer, Ray Schaefer, Clifford Rose, Mr. Christensen, M. Kluever, H. Weddig, Pat Miller, August Koch.

Rear row: Earl Etta, Mr. Stoffel, Al Hron, Elmer Schabo, Cliff Stautz, Orville Potter, Tiny Terlinden, Clarence Kluever, Norman Jaeger.

Degrees Received at UW-Stevens Point

STEVENS POINT — About 500 students received degrees Sunday, Dec. 20, in midyear commencement ceremonies at the University of Wisconsin-Stevens Point.

Gerard Veneman, president and chairman of the board of Nekoosa Papers, Inc., Port Edwards, told the class to defy the current wave of pessimism over the economy and "focus instead on the greater underlying issues of opportunity." He contended there would be a "boom" in the 1980s.

He urged support for domestic and foreign policies being pursued by the Reagan Administration in cutting government spending on social programs, beefing up the na-

tional defense and in promoting arms control talks.

His specific advice to the graduates was to be self starters, good listeners, maintainers of good attitudes, positive thinkers, resolute and humble.

Among the graduates are: April Guenther, Campbellsport, BS Degree in Dietetics, Michael H. Krueger, Route 2, Campbellsport, BS Degree in Business Administration, and Margaret A. Lang, Campbellsport, BS Degree in Elementary Education; Linda K. Ciriacks, West Bend, BS Degree in Resource Management, Margaret S. Gellings, West Bend, BS Degree in Resource Management, John W. Kluever, West Bend, BS Degree in Sociology, and Daniel R. Traas, West Bend, BS Degree in Forestry.

Kettle Riders Share Christmas Spirit

By GERRY MUELLER
Statesman Staff Writer

In the joy of the holiday season, the New Fane Kettle Riders Snowmobile Club presented a Christmas gift of fruit and wine to residents of the Beechwood Nursing Home.

The club also delivered gift boxes to Mrs. Herman Panzer, Sr. and Mrs. Krewald. A fruit basket was delivered to Mrs. Stella Lex, the oldest member of the Kettle Riders. Mrs. Lex has been a faithful and supportive member of the club since its beginning. Stella and her late husband Louis were always active in all club functions and projects.

Rescue Squad Calls

Thursday, Dec. 24 — Almeda Krueger, 77, 1227 Fond du Lac Ave., Kewaskum, taken to St. Joseph's Community Hospital, West Bend, from her residence with illness.

Friday, Dec. 25 — Rosella L. Gessner, 53, 20-62 Maple Tree Rd., Town of Scott, taken to St. Nicholas Hospital, Sheboygan, with injuries suffered in a fall down a steps.

Letters to the Editor

Letter to the Editor:

This is in reply to "No Scrooge" and what this person called our "Bright Light District;" we think those decorations spread cheer and beauty to everyone who sees those lights.

We think that the joy a person gets as they drive past and say, "Oh, look, isn't that pretty," far outnumbers the minor amount it costs for those colored lights to keep shining.

With all the turmoil and sadness in this world, isn't it nice to have something to lift our spirits?

Come on now Scrooge --- ENJOY!!!

No Scrooge Either
Arthur and Audrey
Jaraczewski

12/12/81

To the Editor:

I am very disappointed this year at the lack of fan and student support at the school athletic events. Kewaskum should be very proud of one of the best athletic facilities in this area of Wisconsin.

All of the athletic teams from 7th grade on up play a very competitive style of game and deserve more than support from a few students and players' families.

The Eastern Wisconsin Conference has a lot more competitive spirit than the Scenic Moraine had and our coaches should all be commended for the fine job they are doing this season. Both varsity and freshman basketball teams are going to wind up close to the top of conference this year before it's all over and certainly deserve more fan support than they are getting.

I hope that more people in the community will get out after the holidays to cheer our teams on because no one will be disappointed.

A fan and supporter
of School Athletics

Your
**HEALTH
TIP**

from Tom
Leitzke, R.P.H

HEALTHY ARTERIES

Linoleic acid, found in many vegetable oils and in highly unsaturated margarines, not only reduces elevated blood-cholesterol levels [believed involved in atherosclerosis and coronary heart disease] - it also may help prevent the formation of blood clots that block coronary arteries and trigger heart attacks. Studies show that emphasis on highly unsaturated oils in the diet reduces the tendency of blood to form clots, and encourages aggregated platelets safely to separate.

KENNELLY

To the Editor:

Are you planning a party over the holiday weekend? The Washington County Sheriff's Department would like to remind you that if you are entertaining, serve food with any alcoholic drink and try to limit drinks to one per hour.

I'm sure you realize that a good host worries about more than just entertaining his/her friends! If one of your guests should happen to "party" too much, suggest they stay overnight or provide him/her with a

ride home. You will be doing a friend a favor.

This is Clarence Schwartz, Sheriff of Washington County, reminding you that "HIGH-WAY SAFETY" is contagious - an epidemic I wish we suffered from a lot more often. PLEASE DRIVE WITH CARE, and the best of holiday greetings from all of us at the Washington County Sheriff's Department.

Clarence A. Schwartz,
Sheriff
Washington County

Cleaning shag carpeting a problem? Nylac cleans shags without fuzzing or matting. No machine. Ask Miller's of Kewaskum.

4-H Club News

KEWASKUM 4H'ERS

The Dec. 10 meeting of the Kewaskum 4-H Club was called to order at 7:35 p.m. The pledge was said, and the secretary's and treasurer's reports were given and accepted.

For old business Mrs. Seideman stated that all the money from the candy and peanut sales should be in.

For new business it was

motioned that our club donate 25 cents per member to the National 4-H Foundation to be used for camp, trips, etc.

For a fun event in January, it was decided that a skating and sledding party will be held at the old park on January 16 at 1:00.

The meeting was adjourned. A Christmas party and gift exchange then followed.

The next meeting will be Jan. 14 at 7:30 at the meeting room of the West Bend Savings and Loan.

Joy Cari Zarling and John W. Breese were united in marriage on October 24, at Our Savior's Lutheran Church, West Bend. Pastor Larry Kocha officiated. Parents of the couple are Mr. and Mrs. Robert Zarling, Kewaskum, and Mr. and Mrs.

Robert Breese, Waukesha.

The bride and bridegroom are graduates of the University of Wisconsin-Milwaukee. They are both employed at Lakeside Family and Child Care Center, Milwaukee.

QUILT WINNER — Pictured above is Mrs. Burnette Klein of rural Kewaskum, winner of the Junior Woman's Club's "Lazy Daisy" quilt, which was handmade by club members. Mrs. Klein is shown with the quilt in the bakery department of Rosenheimer's Dept. Store, where she is employed.

**Garbage Pickup
Now Once a Week**

The Village Board of the Village of Kewaskum, with the approval of the 1982 Budget, eliminated twice-a-week refuse (garbage) pick-up. This action was taken to minimize any increase in the Village's property tax. This action also brings the Village in line with other communities as far as once-a-week refuse pick-up. The Board feels this action will not create any problems or hardships. If a problem or question does arise, please call the Municipal Building and an effort will be made to resolve the problem or answer your question.

The Board has kept open the possibility of resuming twice a week pick-up for the three (3) main summer months. This matter will be reviewed and

discussed in the spring of 1982 and a decision made.

The proposed pick-up schedule will be the same as it is currently. That is the normal Monday and Tuesday pick-up, with NO Friday and Saturday pick-up.

The Village Board and Public Works Department would like to ask for your cooperation with the change. Thank you!

Signed the Village Board,
Village of Kewaskum

Births

UHLMAN — Erv and Jan Uhlman, 380 Braatz Dr., Kewaskum, announce the adoption of a son, Matthew Edward, born November 14, 1981. The baby was adopted December 23. They also have a daughter, Heather, 2½ years.

DON'T LET A HANGOVER SPOIL YOUR HOLIDAY

Most people look forward to the Christmas and New Year holiday season. To many of us, the holidays are synonymous with family get-togethers, Christmas shopping, and festive parties. The holidays are also a period of heavy drinking and, for some, miserable hangovers.

Statistics show that 80 percent of the adult public drink some form of alcoholic beverage. Another survey of adult males showed that of "social" drinkers, 45 percent will have five drinks or more at one sitting.

Alcohol is absorbed directly and fairly rapidly into the blood stream from the stomach and the intestines. It is carried to the liver, then to the heart and distributed throughout the body's tissues. The rate of absorption varies among individuals, depending on the amount of alcohol in the drink; how fast you drink it; whether your stomach is empty or full; how much you weigh; and if you are relaxed or emotionally upset.

Even though you may only be a "social" drinker, social drinkers can become problem drinkers once they're behind the wheel of a car. That's why it is so important that persons approach drinking sensibly and take appropriate steps to reduce or prevent its side effects.

The first step is to know your individual tolerance for alcohol. This is dependent on weight, age and sex. For example, it takes three to five drinks consumed in a short period of time for a 175 lb. male to reach the level of legal intoxication (0.1 percent alcohol in the blood). For a 120 lb. female, however, it takes only two to three drinks to reach this level. Persons 50 years of age and older metabolize alcohol less efficiently and therefore their alcohol

tolerance is lower.

Drink slowly. Alcohol is metabolized slowly by the body. It takes about one hour on the average for a drink to be burned up by the body. Drink on a full stomach. Food slows down the absorption of alcohol into the bloodstream.

Don't exercise while, or soon after drinking. Drinking places an additional load on the heart when the oxygen supply is already low. Smoking while drinking will further deplete the oxygen supply in the blood.

Pregnancy and alcohol don't mix. Although more research is needed in the area of fetal alcohol syndrome, studies have linked greater incidence of mental retardation, learning disabilities, physical abnormalities and retarded growth in babies born to mothers who drank heavily during pregnancy. The best advice is don't drink during pregnancy.

If you're hosting a party this holiday season, there are several things you can do to make your guests have a good time and still show concern for their health and safety:

- * Offer an assortment of non-alcoholic beverages in addition to the alcoholic drinks.

- * Serve food with the beverages.

- * Deemphasize alcoholic beverages well before the end of the party.

- * Don't let a guest who has drunk too much drive home. Call a cab or have a friend drive the person home.

HAVE A SWEET NEW YEAR

There's a celebration in store as September 29 approaches. Families and friends will gather for a very special meal in observance of Rosh Hashanah. "Have a Sweet New Year," a bright and warm greeting, prompts serving a dessert that symbolizes hope for sweetness in the New Year. A Rich Two-Toned Cake with a delicious glaze of sweet cooking chocolate is the ideal way to mark the occasion. This pound cake is self-marbling with a chocolate mixture that slowly moves to the bottom of the cake pan as baking proceeds. When cut, the cake shows off the complementing cake batters, all fine textured and moist. Option to the sweet cooking chocolate glaze is a sprinkling of confectioners sugar. Both dress up a handsome holiday celebration cake.

RICH TWO-TONED CAKE

- 1 package (4 oz.) Baker's German's sweet chocolate
- 2 tablespoons water
- 2 cups sifted cake flour
- 2-1/2 teaspoons double-acting baking powder
- 1/2 teaspoon salt
- 3/4 cup butter or margarine
- 1 cup granulated sugar
- 4 egg yolks, slightly beaten
- 1/2 cup milk
- 1 tablespoon vanilla
- 4 egg whites, stiffly beaten
- Sweet Chocolate Glaze

Heat chocolate with water in small saucepan over

low heat, stirring until chocolate is melted. Cool.

Sift flour with baking powder and salt. Cream butter. Gradually beat in sugar and continue beating until light and fluffy. Add egg yolks in two additions, beating well after each. Combine milk and vanilla. Add flour mixture alternately with milk, beating after each addition just until smooth. Do not overbeat. Fold in beaten egg whites. Pour 3-1/2 cups of the batter into greased and floured 9-inch tube pan. Blend chocolate mixture in- to the remaining batter; spoon over white batter in

325° for about 1-1/2 hours or until cake springs back when lightly touched. Cool in pan 15 minutes. Remove from pan and finish cooling on rack. Top with Sweet Chocolate Glaze.

Note: Chocolate mixture will go to the bottom as the cake bakes.

Sweet Chocolate Glaze Heat 1 package (4 oz.) Baker's German's sweet chocolate, broken into pieces, with 3 tablespoons water in small saucepan over low heat, stirring constantly until chocolate is melted and mixture is smooth. Makes about 1/2 cup.

School Menus

25 Years Ago

January 4, 1957

Harry E. Koch of Kewaskum has been appointed acting postmaster for Kewaskum by the post office department, Washington, D.C., to succeed Frank Hepe, postmaster for more than 22 years, who retired on December 31. Koch formerly held a position with A.G. Koch, Inc. Harry was designated acting postmaster on Monday of this week and took over his new position on Tuesday, January 1. Hepe is still at the post office at present to acquaint the new acting postmaster with his duties.

On Christmas Day Mrs. Kathryn Ramthun, Kewaskum, announced the engagement of her daughter, Beverly, to William Kober, son of Mr. and Mrs. Christ Kober, Jr., Kewaskum.

Miss Elaine Kluever, daughter of Mrs. Clarence Kluever, Kewaskum, became the bride of Earl Klabunde, son of Mr. and Mrs. Arthur Klabunde, Sr., of Two Rivers on December 29 in Kewaskum.

On New Year's Day, Dr. and Mrs. Arnold W. Albrecht, West Bend, announced the engagement of their daughter, Rita Ann, to Robert W. Schmidt, son of Mr. and Mrs. Theodore R. Schmidt, Kewaskum. The bride-to-be is a graduate of Stephens College, Columbia, Mo., and Mr. Schmidt is a graduate of Marquette University, Milwaukee. He is assistant secretary of the Kewaskum Mutual Fire Insurance Co.

At a dinner on December 30, Mr. and Mrs. Elmer Zuehlke, Route 1, Kewaskum, announced the betrothal of their daughter, Marlene, to Lee Burrows, son of Mrs. Evelyn Burrows, Milwaukee. Both are students at the University of Wisconsin, Milwaukee.

Mr. and Mrs. Lester Kluever, West Bend, announce the engagement of their daughter, Ellen Ann, to Myron Prost, son of Mr. and Mrs. Clarence Prost, Kewaskum. The announcement

was made on Christmas Day. A daughter was born to Mr. and Mrs. John Brandt, Route 2, Kewaskum, on December 27. Sons were born to Mr. and Mrs. George Beck, Route 1, Kewaskum, on December 29; to Mr. and Mrs. Walter Plautz, Route 2, Kewaskum, on December 30, and to Mr. and Mrs. Gerald Cain, Kewaskum, on January 1.

Oliver Petermann, Harold Krueger, Ruth and Bobby Wesenberg, Robert Bartelt, and Evangeline Schmidt.

The Bryon city basketball team, who played the Kewaskum quintette here Sunday evening, stepped out of their class and were defeated by the overwhelming score of 12 to 40.

Miss Agnes and Carl Meilahn entertained the 1930 alumni class of the Kewaskum High School at a party at their home Monday evening.

Cadettes Hold Beauty Clinic

Cadette troop #57 from Farmington held a beauty clinic on Saturday. The nine girls met at the home of Mrs. Gross and began the afternoon with a new hairstyle. Mrs. Judy Goetsch, a beautician, was on hand to help, and the girls were all washed, cut, permed, dried and curled in the latest styles. They discussed face shape and hair texture, and received help in choosing a hairstyle.

The next step was make-up. Maryanne Walter, a makeup consultant was there to explain about face contours and proper application. She helped all the

girls choose proper shades of eye shadow, blusher, and lipstick to bring out each girls best features.

The last step was a manicure and help with nail care from Mrs. Bonnie Fowler. The girls were shown how to shape their nails and to care for the nail cuticle, and then ended up with several coats of bright colored polish.

The results were just beautiful and I am sure there were quite a few families in Farmington who barely recognized their lovely young daughters when they returned home.

Congressman's Wife Gives Birth

WASHINGTON, D.C. - Ninth District Congressman and Mrs. Jim Sensenbrenner had a surprise, early Christmas present Monday evening - a five pound, ten ounce baby boy.

The boy, who will be christened F. James Sensenbrenner III, was born four weeks prematurely, but is in fine health, according to the Sensenbrenners.

There were no complications, and Mrs. Sensenbrenner and son were expected home Monday, December 28th.

FIREMEN TO MEET

The regular monthly meeting of the Kewaskum Fire Department will be held at the fire station at 7:30 p.m. Thursday, Jan. 7.

Henry J. Weld, Mrs. Pieper Die

Henry J. Weld, 71, of 203 E. Main St., Campbellsport, died Saturday, Dec. 19, at Americana Healthcare Center, Fond du Lac.

He was born March 11, 1910, at Campbellsport, a son of the late Dr. Henry J. and Catherine Fellenz Weld.

Mr. Weld was a member of St. Matthew's Catholic Church, Campbellsport. He attended Ripon College and Marquette University, from 1929 to 1932. He was a member of and active in the Fond du Lac County Republican Party and was a member of the Fond du Lac County Board for 15 years. He worked as a sportswriter for a time in the Fox River Valley.

Surviving are a brother, Dr. Stephen L. (Carole) Weld of Eau Claire; two nieces, Kay Mikolaizyk of Milwaukee and Laurie Gommermann of New Berlin. He was preceded in death by one brother.

Visitation was held Tuesday, Dec. 22, after 5 p.m. at the Twohig Funeral Home, Campbellsport. Services were held Tuesday at 7:30 p.m. at St. Matthew's Church, with the Rev. Victor Kemmer officiating. Burial took place in Union Cemetery, Campbellsport.

MRS. DOROTHY PIEPER

Mrs. Dorothy M. Pieper, 61, of Route 1, Eden, died early Monday, Dec. 21, at St. Agnes Hospital, Fond du Lac.

Born Feb. 28, 1920, in the Town of Auburn near Campbellsport, she was a daughter of Ruben and Mathilda Jandre Backhaus. She married Henry Pieper on June 5, 1945, at Kewaskum.

Mrs. Pieper was a member of Immanuel Evangelical Lutheran Church at Campbellsport, Ladies Aid and Winnebago Lutheran Academy Auxiliary.

Survivors include her husband; a son, H. Frederick of Route 1, Eden; and five daughters, Mrs. George (Mary) Herbst of Bay City, Mich., Mrs. John (Diane) Douglass and Mrs. Richard (Joan) Dostal, both of Cincinnati, Ohio, Ellen Pieper of South St. Paul, Minn., and Beth Pieper of Route 1, Eden.

Also surviving are four grandchildren; and two sisters, Mrs. Carl (Beatrice) Dins and Mrs. William (Vernice) Lenz, both of Route 2, Campbellsport.

Funeral services were held at 1 p.m. Thursday at Immanuel Evangelical Lutheran Church, Campbellsport. Pastor Allen Capek officiated and entombment took place in Shrine of Rest Chapel Mausoleum, Ledgewood Memorial Park

Cemetery in Fond du Lac.

Visitation for Mrs. Pieper was after 4 p.m. Wednesday at Twohig Funeral Home, Campbellsport, and at the church from 11:30 a.m. Thursday until the time of services.

HERBERT ULLRICH

Herbert "Cacus" Ullrich, 75, of 410 Forest St., Campbellsport, died early Thursday Dec. 17, at the home of his daughter, Mrs. Richard (Theresa) Immel, with whom he had been living.

He was born Jan. 9, 1906, at Milwaukee, a son of the late Charles and Eva Adelsbach Ullrich.

He married Mae Eggers at Armstrong on July 28, 1931, and she died June 17, 1951.

On Nov. 26, 1952, he married Helen Coulter at Campbellsport, and she died Jan. 10, 1976.

Mr. Ullrich was employed as a carpenter and painter in the Campbellsport area. He was a member of St. Matthew's Catholic Church, Campbellsport.

Survivors include a son, Gerald of Campbellsport; three daughters, Mrs. Eugene (Beatrice) Roth, Mrs. Norbert (Joan) Bassill and Mrs. Richard (Theresa) Immel, all of Campbellsport.

Also surviving are three stepsons: John Coulter of Kewaskum, Glen Coulter of Eden and Neil Coulter of Theresa; five

step-daughters: Mrs. Betty Quandt of Lomira, Mrs. Enida Roth of Eden, Mrs. Sandy Ruecker of Theresa, Mrs. Gwen Kollman of Florence and Miss Paulette Coulter of Phoenix, Ariz.; 20 grandchildren; and 21 great-grandchildren.

Three brothers and three sisters preceded him in death.

Funeral services were held at 10:45 a.m. Saturday at Twohig Funeral Home, Campbellsport, and at 11 a.m. at St. Matthew's Church, Campbellsport. The Rev. Victor Kemmer officiated, and burial followed in the parish cemetery.

Visitation was held after 4 p.m. Friday at the funeral home.

J & J AUTO TOPICS

THINKING TIME.

'Stop on a dime.' What an illogical expression! Actually at only 20 MPH your car moves 22 feet while your brain decides to send the message to the muscles for brake action. This is known as 'thinking distance.' It takes another 21 feet of good braking to stop. At faster speeds the distance progressively increases.

Another 'thinking equation' for good auto maintenance is the stop at 450 E. Main, the home of J & J AUTO SERVICE. Here you get certified brake work, tune ups, lubrications and a hundred other important services that keeps your car efficient and safe. See us today or phone for an appointment.

**WAYNE CRUSADERS
4-H CLUB NEWS**

The December meeting of the Wayne Crusaders 4-H Club was called to order Tuesday, December 1, at 7:40 p.m. by President Jill Etta. The pledges were led by pledge leaders Brenda Oelhafen and Shelly Lloyd.

Roll call was to bake and decorate a Christmas cookie. They were judged by Shawn Oresnik and Brenda Oelhafen won for most decorative cookies.

The Secretary's and Treasurer's reports were read and approved as read.

A demonstration was given by Carla Anderson and Christine Schulz on Christmas ornaments. Next month the health committee will give a demonstration.

Roll call is to write a health tip with your name on the back.

Dues will be \$1.00 per person next month.

The meeting was adjourned and the Christmas Party began.

Club Reporter
Beverly Schulz

member can earn a \$5 discount on the class fee for each friend who joins the club and enrolls in the dance/exercise program.

Best of all, students in class receive a complete aerobic workout, resulting in an improved cardiovascular condition. Here the heart and lungs are strengthened as they work to deliver oxygen efficiently throughout the human system.

Classes are fun! Fresh choreography is easy to learn, and no previous dance experience is necessary. Members are encouraged to work at their own level of fitness in a non-competitive atmosphere.

The classes meet two times per week for a full 60 minutes. In addition, members may take advantage of a unique Open Class Policy, in which they may attend as many extra classes per week as they wish at no extra cost.

Dance Slimnastics, Ltd. classes will be held at the following locations:

Kewaskum: At the Homestead, 1139 Fond du Lac Ave., on Mondays and Thursdays at 5:30 p.m. for former students (retreads only), and at 6:45 p.m., which will be a regular BeFit class. Call Vicki at 338-2396 to register.

West Bend: At the V.F.W., 915 Indiana Ave., on Tuesdays and Thursdays at 10 a.m., and again at 6:00 p.m. Babysitting will be available at the morning class. Call Karen at 334-9785 to register.

Slinger: At the Kettle Moraine Bowl, 4685 Hwy. 60, on Tuesdays and Thursdays at 1

p.m. Call Linda at 474-4780 for this class. Evening classes will be held at 6:45 p.m. on Mondays and Wednesdays and again on Tuesdays and Thursdays. Call Sue at 644-5089 after 5:30 p.m. to register.

**County Residents
Raise \$17,400 for
Heart Association**

Residents of Washington County have donated more than \$17,400 to the annual campaign of the American Heart Association of Wisconsin, in support of the Association's lifesaving work to reduce the impact of heart disease - the single greatest cause of death in Wisconsin.

According to reports of volunteer campaign chairmen, still to be confirmed through an auditing of all campaign contributions, public support for the

Association's programs increased 15.9% across the state to \$1,373,245. The Association's annual solicitation is made in every county within the state, providing major funding for year-round efforts to discover the causes and cures of heart disease or to provide educational and community-based services.

"Results of the 1981 campaign are very encouraging and are extremely welcome," James F. King, M.D., president of the Association, said. "The residents of Washington County contributed especially needed dollars, resulting in a county campaign total of \$17,452 or \$.20 per resident."

"These donations will have a direct impact upon the Association's ability, as a voluntary organization, to serve the residents of the State of Wisconsin. Who knows how many lives will be touched, improved or benefitted as a result of this generosity. The Association, and the people of Wisconsin, are thankful for this charity," King added.

The campaign involved scores of volunteers throughout Washington County, who conducted several different fund-raising campaigns, including residential solicitations, letter campaigns, and special events.

Results from the campaign of one year ago were \$15,564.

Chairmen of the various Heart Fund drives in Washington County included among others: Mrs. Randall Butzke, Cedarburg; Mrs. John B. Kohl, Hubertus; Mrs. Alfred Stauss, Jackson; Mrs. Darlene Beisbier, Kewaskum; Mrs. Warren Gerner, Newburg; Mrs. Gilbert

Selle, Slinger; Mrs. Alfred Falk and Mrs. Franklin Novotny of West Bend.

The American Heart Association of Wisconsin is the State's only voluntary organization dedicated to the reduction of premature death and disability resulting from heart disease. It sponsors support of basic biomedical and clinical research while providing services in community programs (CPR instruction and blood pressure screening, among others) public education and information and professional education.

There are 45 miles of nerves in the body.

LIQUOR LICENSE APPLICATION

TO WHOM IT MAY CONCERN

I hereby certify that the following applicant has applied to the Village Board of the Village of Kewaskum, Washington County, Wisconsin, for a Combination Class "B" Fermented Malt Beverage and Intoxicating Liquor License for the period commencing January 5, 1982, and ending June 30, 1982.

David Allen Kohler, 1310 Riverview Drive (formerly John and Dee's).

The above application will be heard and considered at a public hearing to be held in the Council Room of the Municipal Building, 204 First Street, in the Village of Kewaskum on the 4th day of January, 1982, at 8:00 o'clock P.M.

William S. Martin, Clerk
12-25-2t

VOTING BY ABSENTEE BALLOT

Any qualified voter, unable to get to an election day, may ask to vote by absentee ballot. A qualified voter is one who is a U.S. citizen, will be 18 years of age or older on election day, and who has resided in the ward or aldermanic district where voting is desired to be accomplished for at least 10 days prior to the election. If the voter resides in a municipality which requires voter registration, then registration is also a requisite for the voter who is qualified in other respects.

To obtain an absentee ballot, contact the clerk in the city, village or town in which you reside by mail or telephone, or in person, and request an application form. After properly completing and returning the application to the municipal clerk, an absentee ballot will be sent to you along with a postage pre-paid return envelope, or given to you if the application is submitted to the clerk in person. The deadline for receipt of the application by the municipal clerk is 5:00 p.m. on the Friday before election day in the case of applications mailed to the municipal clerk, and 5:00 p.m. on the day before the election in the case of applications made in the clerk's office.

With one exception, the voter who wants to cast an absentee ballot must make a separate application before each election. Voters indefinitely confined to their home or care facility because of illness, age or disability need not file an application before each election; a special statement on the application form can be completed asking that an absentee ballot be automatically mailed to them before each election; if they fail to make and return the ballots sent to them in an election, they must complete another application later on.

Absentee ballots can be voted at home anytime after they arrived in the mail. They can also be voted right in the clerk's office if submitted in person. If returning the ballots by mail, the affidavit-certificate must be properly completed and witnessed by two persons. If returning the ballots in person, the affidavit-certificate must be properly completed and subscribed and sworn to by the clerk or the deputy clerk who are authorized to administer oaths. In either case, the marked, sealed ballot must be in the hands of the issuing municipal clerk on or before election day. Any absentee ballot received at the polling place after the polls close or received in incomplete or improper form cannot be counted.

George F. Nehrbass, County Clerk
Washington County

PUBLIC NOTICE

Public notice is hereby given that the next meeting of the Village of Kewaskum, Wisconsin, Village Board is scheduled for Monday evening, Jan. 4, 1982, at 8:00 p.m. in the Council Room, of the Municipal Building, 204 First Street.

The agendas for meeting are prepared as of Wednesday night preceding the meeting and are available at the office of the clerk at the Municipal Building on Thursday preceding the meeting.

Copies of the agenda are also posted in the lobby of the Kewaskum Post Office and in the lobby of the Valley Bank.

William Martin, Clerk

A NOTE OF THANKS

I would like to take this opportunity to thank everyone for their cards, flowers, gifts, thoughts, and prayers while I was a patient for six weeks at Columbia Hospital. Special thanks to family, friends, the Kewaskum Rescue Squad, Bill and Judy Geidel, and Alan and Linda Gundrum. I will always remember the love, caring, and kindness that you all showed.

Judy Gaffke

Energy Conservation Incentives Still Offered by Government

If you have recently made some energy conserving improvements on your home, or have installed a renewable energy system, it may be time to claim credit where credit is due.

Although many government funds for energy conservation programs are being discontinued, several state and federal programs still offer financial incentives to save energy. However, changing federal policies and budget appropriations could cause some of these programs to be discontinued before their initially legislated terms have expired, so all Wisconsin residents who believe they may qualify for one or more of the incentives described here should get the details and submit their applications right away.

For more information on all of the programs contact your local utility, or your county U.W.-Extension office. Details about the federal programs are available from local Internal Revenue Service (IRS) offices or the toll-free statewide IRS hotline: 1-800-452-9100. Applications for the Wisconsin programs are available from the Department of Industry, Labor and Human Relations (DILHR), Room 101, 201 E. Washington Ave., Madison, WI 53702; (608)266-1149.

Federal Home Weatherization Tax Credit - Claim 15 percent (up to \$300) of what you spend for such items as storm doors and windows, insulation, caulking and weatherstripping, clock thermostats, automatic

flue dampers and more efficient furnace burners. You must be a Wisconsin homeowner, renter, condominium member or cooperative apartment stockholder, and improvements must be to your principal residence. Improvements must have been made between April 1977 and December 1985 on a residence built before April 1977.

Federal Renewable Energy System Tax Credit - Claim 40 percent (up to \$4,000) of purchase and installation costs for active or passive solar, wind or geothermal equipment installed on principal place of residence. Wood burning systems, greenhouses, swimming pool heating equipment and structural components of buildings do not qualify. Expenses must be incurred between January 1980 and December 1985. Other restrictions apply.

Wisconsin Renewable Energy System Direct Refund - Receive 16 to 24 percent refund (depending on year costs were incurred and age of building) on expenditures between \$500 and \$10,000. Wisconsin individuals, partnerships, unincorporated businesses, churches, schools, non-profit corporations, and municipalities installing renewable energy systems on their properties in Wisconsin may apply. Expenses for the design, construction, equipment and installation of an active or passive solar, mechanical or electrical wind, or a waste conversion energy system may qualify.

USDA Announces Plans for Cheese Distribution Program

WASHINGTON, December 22 — Secretary of Agriculture John R. Block today announced plans to implement President Reagan's authorization of the release of 30 million pounds of cheese to states for distribution to non-profit organizations for households in need.

The U.S. Department of Agriculture's Food and Nutrition Service regional offices will respond to state requests for commodities through state distribution agents who customarily handle commodities for schools and institutions.

"The Food and Nutrition Service distribution network for commodity programs will be used to the maximum extent possible," Block said. The Agriculture Stabilization and Conservation Service will ship

the cheese in trucks or railroad car lots to central locations serving as delivery points.

Charitable, non-profit organizations, including food banks, will make the cheese available at the local level. Churches and other non-profit groups customarily operate food banks.

These groups will be eligible to participate in the cheese distribution program, if they have adequate storage facilities and record-keeping ability as determined by the states.

Additionally, under the farm bill signed today by President Reagan, the Food and Nutrition Service has authority to distribute cheese and other bonus dairy commodities, non-fat dry milk and butter, to the Title III elderly program and child care facilities.

Soil and Water Resource Problems

(Editor's note: This is the last in a series of three articles that outlines the soil and water resource problems, trends and analyses, and the proposed national conservation program).

The U.S. Department of Agriculture announces a proposed national conservation program to deal with the serious resource conservation problems ahead for American agriculture.

Four points highlight the program, according to Cliff Maguire, state conservationist, Soil Conservation Service (SCS):

- Setting soil and water conservation priorities;
- Strengthening the role of local and state governments in conservation planning;
- Increasing budget coordination and cooperation between USDA agencies; and
- Targeting more USDA conservation assistance to critical problems and areas.

This program is the proposed response to the Congress required by the Soil and Water Resources Conservation Act of 1977 (RCA), reports Maguire. It is based on an extensive appraisal of the condition of the nation's soil and water resources and an analysis of future trends.

Highest national priority in the proposed conservation program is reducing soil erosion to maintain the long-term productivity of agricultural land. Second priority is reducing flood damages in upstream areas. Other priority activities are conserving water and improving water supply and quality, community-related conservation, improving fish and wildlife habitat, and increasing the use of organic waste.

Strengthening the relationship between landowners and government at all levels is a principal feature of the proposed program. This would include having local conservation coordinating boards identify critical resource problem areas, set priorities and develop programs for action. Local boards would be based on the existing organizations—Soil and Water Conservation District boards, Agricultural Stabilization and Conservation (ASC) committees, Extension advisory boards and others. A state board would be organized along similar lines. A national board also would be set up to

advise the Secretary of Agriculture.

The relationship between the state government and the federal government would also be strengthened through an agreement signed by the governor and Secretary of Agriculture to establish cooperative activities and through federal block grants.

Other features of the program include targeting USDA conservation dollars and people to critical areas; promoting tax incentives for conservation systems; targeting research, education and information toward the most critical problems; and setting up pilot projects to test new solutions to conservation problems. Current programs would continue.

Details of the new program are presented in the RCA Revised Draft Program Report and Environmental Impact Statement available for references use at Soil Conservation Service and Agricultural Stabilization and Conservation Service offices throughout the state. The two USDA offices also have leaflets that summarize the program and that contain a postage-paid, pre-addressed response form.

Comments on the proposed new program are encouraged. They must be mailed to the state conservationist, Soil Conservation Service, 4601 Hammersley Road, Madison, WI 53711, before January 15, 1982. If you have any questions please contact Don Kurer or Don Sampson, 2395 W. Washington St., West Bend, or phone 334-3706 or 334-4765.

How to remove ballpoint pen stains? Try spraying liberally with hair spray. Then rub with a clean dry cloth. Works very well on polyester fabrics.

Never Too Late to Send Card, Donation To Badger Camp

Wisconsin Badger Camp recently announced its eighth annual "Cards for Camp" campaign which is once again proving to be successfully supported by people from all over the state of Wisconsin. The 1981 campaign has netted \$1092.15 to date, to sponsor needy campers. Badger Camp would like to continue to encourage every one to place Badger Camp on their Christmas mailing list and send a card to camp along with a donation. The "Cards for Camp" campaign is unique in that the entire card will be used in the camp's summer program. The card will be used in the craft program, the envelope to start the first campfire of the 1982 season, and the donation will be used to sponsor needy children and adults who attend camp.

Wisconsin Badger Camp is a non profit, nonsectarian organization located in southwestern Wisconsin to serve mentally and physically handicapped individuals ages 3 - 93. All donations to camp are tax deductible.

As the holiday season draws to a close, Badger Camp would like to see many more supporters join this much needed and beneficial campaign. All cards and donations can be sent to "Cards for Camp," Wisconsin Badger Camp, Box 240, Platteville, WI 53818.

And by the way, it's never too late to send your card to Badger Camp. Being a non profit organization, Badger Camp relies on the public to make it Christmas year round so that we may serve the hundreds of mentally retarded and physically disabled that come to camp.

Monday, Jan. 4 — Porcupine meatballs over rice, green beans, lettuce salad, wedge homemade chocolate cream pie, milk and coffee.

Tuesday, Jan. 5 — Baked chicken, parsley buttered potatoes, corn, baking powder biscuits, orange honey butter, apple crumb cake, milk and coffee.

Thursday, Jan. 7 — Beef stew with mixed vegetables, mixed fruit in jello, whole wheat bread & butter, chocolate cake, milk and coffee.

New catering for the program will be Juliann Catering from Germantown and will begin Monday, Jan. 4. Reservations

NEW 1981-82 ILLUSTRATIONS ON SAFE WINTER DRIVING

TESTS MEASURE STARTING AND PULLING ABILITY

In the above scene at the National Safety Council's test project at Stevens Point, Wisconsin, pulling ability of the passenger car is being measured on a glare ice test course. The light truck is used as the "hold-back" vehicle and is connected to the test car using an instrumented drawbar that measures the pounds of pulling ability developed by the test car.

TRACTION RATING*

ON GLARE ICE at 25°F			
TIRE TYPE	PULLING ABILITY (LBS)	REG. TIRE PULLING ABILITY (LBS)	% IMPROVEMENT OVER REG. TIRE
REGULAR TIRES	100	100	
SNOW TIRES	128	100	28%
STUDED SNOW TIRES	318	100	218%
REINFORCED TIRE CHAINS	730	100	630%
ON LOOSELY PACKED SNOW			
SNOW TIRES	151	100	51%
REINFORCED TIRE CHAINS	413	100	313%

*TESTS BASED ON REAR DRIVE VEHICLES.

As shown in the above chart, these tests have disclosed that conventional snow tires provide only a small improvement in pulling ability on glare ice although they produce half again as much pulling ability as regular tires in loosely packed snow. Studded tires are appreciably more effective on ice, providing about three times the pull of regular tires. Reinforced tire chains provide from four to seven times the pulling ability of regular tires on snow and ice.

must be in by 1:00 p.m. preceding Monday, Tuesday and Thursday.

Undefeated Campbellsport Wrestlers Roll Over Indians

Campbellsport, a perennial powerhouse in wrestling, thumped the Kewaskum Indians before a partial Parents' Night crowd at Campbellsport last Tuesday, 47-9, in a dual meet.

Right from the start the Indians had a 12-0 deficit as they were forced to forfeit the first two matches. Paul Riley became ill just before the meet and two 105 pounders were injured. Therefore the Cougars won the first two matches and also won three on pins.

It was the Cougars' sixth win without a defeat this year. Four Cougars retained their unbeaten status.

Campbellsport wrestlers winning by pins were Mark Westemeier, who stopped Kirk Vogt at 2:20 of their 119-pound match; Andy Cochran, a winner over Chris Harlow at 3:11 of their 185-pound match; and heavyweight Tony O'Brien, a winner in 3:34 over Scott Durian. Stuart Stautz got the only pin for the Indians, stopping Jeff Zimdahl at the 3:33 mark of their 155-pound match. Kewaskum's only other winner was Dave Goeden, who decisioned Rich Narges, 6-2, at 145. It was the first loss for Narges.

Indian JV Wrestlers 5th in Invitational

Two Kewaskum wrestlers placed second and the Indian team as a whole tied for fifth in the Sheboygan Falls JV Wrestling Invitational held on Saturday, Dec. 19.

The Indians, with 47 points, tied with Plymouth for fifth. Winning the team championship was host Sheboygan Falls with 147 points, 10 points ahead of Fond du Lac, which had 137.

Three-Wheel All Terrain Vehicles for Recreation, But Not on Snowmobile Trails

By GERRY MUELLER
Statesman Staff Writer

A new source of recreational enjoyment for many people is being found in the three-wheel all terrain vehicles (ATV's).

More and more of these machines are being purchased as alternates to off-road bikes and snowmobiles. Owners of these machines, however, have been given the mistaken impression that they are free of all restrictions and that they can go anywhere they want, any time they want, in any conditions. This is definitely not the case.

One area, snowmobile trails, has been developed for one purpose and that one purpose only, the sole travel by snowmobiles. These trails, both public and private are NOT meant for such ATV use.

Three-wheel riders have been told their machines will not cause any damage such as ruts and holes, but this is not true. Experiences of snowmobile clubs in northern Wisconsin have resulted in adoption of area ordinances prohibiting

The Indians JVs were also defeated, 55-3, forfeiting at five weights:

CAMPBELLSPORT 47, KEWASKUM 9
98 — KHS forfeits to Dean Flitter
105 — KHS forfeits to Scott Flitter
112 — Russ Katzenberger lost to Rick Carpenter 2-8
119 — Kirk Vogt was pinned by Mark Westemeier 2:20
126 — Wayne Boudreau lost to Tim Grah 0-9
132 — Don Goeden lost to Ron Chaney 1-5
138 — Doug Miller lost to Jeff Galligan 0-7
145 — Dave Goeden decisioned Rich Narges 6-2
155 — Stuart Stautz pinned Jeff Zimdahl 2:33
167 — Steve Seitz lost to Pete Flood 3-14
185 — Chris Harlow was pinned by Andy Cochran 3:11
Unl. — Scott Durian was pinned by Tony O'Brien 3:34
All Kewaskum wrestlers listed first.

Lakes Team at Sussex Sunday

The Kewaskum Lakes team will resume action after the holidays, taking on Sussex at Sussex Hamilton High School this Sunday, January 3, at 7:30 p.m.

Kewaskum is currently 1-3 in the Lakes "B" Division, with the Sussex is 2-2. Kewaskum upset first place Port Washington, 122-103, just before the holidays, while Sussex was defeated by Slinger, 102-83.

Kewaskum scoring leaders through the first four games are Leon Laatsch with 125 points for a 31.3 average, Don Gruber with 71 points for a 17.8 average, John Slesar with 42 points in three games for a 14.0 average, and Bill Backhaus with 41 points for a 10.3 average.

Kewaskum will also be participating in the Mt. Calvary Tournament, which begins January 22.

It is said that we should expect a bad winter if birds begin eating up all the berries early.

Great Lakes Fishing Stamp Is Not Yet Available

The Wisconsin Great Lakes Salmon and Trout Stamp, required for fishing those species in the Great Lakes beginning January 1, 1982, will not be available for purchase until sometime the latter part of January, according to Department of Natural Resources officials.

Because of that fact, George Meyer, Administrator of the Division of Enforcement said that enforcement of the stamp requirement will be delayed until the stamps are available for purchase by the public. Announcement will be made when the stamps are received from the printer and have been distributed to DNR license sale outlets.

The stamp was created by legislation enacted late this fall and there was not sufficient time to have the stamps printed and ready for sale to the public prior to the first of the year.

Persons who are required to purchase a fishing license to fish in Wisconsin also must purchase the Great Lakes Salmon and Trout Stamp if they fish for salmon and trout in Lake Superior, Lake Michigan and Green Bay and streams tributary to Lake Michigan and Green Bay upstream to the first dam or lake. An exception is the Kewaunee River where the stamp is required from the river mouth upstream to County Trunk Highway "F." Pending legislation would extend that boundary farther upriver on the Kewaunee.

The stamp, which costs \$3.25, is expected to generate about three-quarters of a million dollars annually. The money will be used to offset federal funding losses for Great Lakes fish management programs including stocking.

DNR Monitoring Goose Flock—Mild Weather Could Bode Ill

HORICON — Mild weather, similar to last year which contributed to a lead poisoning outbreak among Canada geese near here, has prompted Department of Natural Resources wildlife managers to increase their monitoring of the goose flock.

"The potential, theoretically, is there for another lead poisoning problem and we are aware of that and are watching the flock closely," said Joe Frank, supervisor of DNR's Horicon Area.

A U.S. Fish and Wildlife Service aerial survey team counted 60,650 geese in south central Wisconsin last week and Frank described this figure as "conservative."

Totals included 26,200 at the Horicon National Wildlife Refuge, 25,000 at Big Green Lake, 5,000 at Lake Maria, 2,500 at Grand River Marsh, and 1,600 at Fox Lake.

Last February, over 3,100 Canada geese, the majority dead from lead poisoning, were collected in and around Dodge and Green Lake counties when mild weather attracted 20,000 geese to overwinter in south central Wisconsin.

Canada geese migrating through Wisconsin are part of the Mississippi Valley population which normally winter in southern Illinois.

Lack of snow this year, as was the case last year, is providing the birds easy access to field crops, mainly corn, and that available food supply coupled with mild temperatures is encouraging the geese to remain in Wisconsin, explained Frank.

While searching for grit on lake bottoms and upland fields, the birds contract lead poisoning by ingesting lead shot deposited by hunter's guns. Once afflicted with lead poisoning, geese are unable to digest food, become emaciated, then weak, and eventually die.

Last year's outbreak occurred mainly on Lake Puckaway, Grand River Marsh and Lake Marie in Green Lake County. All three areas have a long history of waterfowl hunting

with lead shot, the use of which has since been banned in those zones by DNR's Natural Resources Board.

However, lead shot can accumulate even on fall plowed fields where it is turned over, or in sediment deposited on lake bottoms

Horicon Area personnel, by using explosion (guns) and pennants, have succeeded in frightening geese away from last year's big problem area, Lake Puckaway. Similar scare gun tactics at Lake Maria have kept most birds off that lake, said Frank.

"Most of the birds are at Big Green Lake, the safest place for them to be under the circumstances," noted Frank.

That's because Big Green is quite deep - lessening the opportunity for bottom feeding - and it has a minor hunting history compared to lakes Puckaway and Maria.

Frank said that DNR personnel will continue monitoring and observing lakes Puckaway, Maria, Fox, Big Green and the Grand River Marsh.

"The main thing we need to drive the birds south is snow. A good bit of snow cover would limit their access to food. Past history has shown that geese have and will tolerate cold," Frank pointed out.

"Right now, though, we're just subject to the vagaries of the weather," he added
