Town of Kewaskum Receives \$13,245 Grant for Road Programs

George Allmann, chairman of the Town of Kewaskum, announced today that the township has been awarded a grant by the Department of Natural Resources for maintenance of 4.3 miles of township roads within the boundaries of the Kettle Moraine State Forest.

The grant of \$13,245.00 will be used to cover approximately 40% of the costs of repairing and resurfacing all of the Kettle Moraine Drive in the township as well as one mile of East Moraine Drive.

The Town of Kewaskum grant is part of the state appropriation of \$240,000.00 for the 1981-82 fiscal year.

In accepting the grant award, Allmann indicated that this is the first time the local unit of government has been able to receive funds of this type.

Work on the project is expected to begin in early May with township crews doing the preliminary repair work. The asphalt resurfacing will be bid

by private contractors with the entire project to be completed by June 15.

Allmann indicated that the township has applied for additional funds for the 1982-83 fiscal year. The new proposal is estimated at \$14,500.00 and would involve the repair and resurfacing of Oak Road and North Mill Road.

Ten Confirmed at Peace Church

PEACE CHURCH CONFIRMATION CLASS - 1982 — First row, left to right: Scott Schmitt, Jill Schmidt, Barbara Panzer. Second row: Mark Brodzeller, Brian Sedgwick, Erik Christensen. Third row: Amy Serwe, Lisa Fusek, Rev. Joiner, Brian Taylor, Deborah Seideman.

Peace United Church of Christ, Kewaskum, confirmed ten 8th graders on Palm Sunday, April 4. These confirmands studied two years with Rev. Joiner in the Bible, the Christian faith, and the Christian church. They were presented to the congregation on March 31, at which time they read papers they had written regarding what they had studied and learned, their personal statement of faith, their understanding of what it meant to be a Christian and what it meant to them to become a church member. Each

of the students exhibited a fine understanding of the faith and a deep commitment to Christ's church.

Those who were confirmed are: Mark Brodzeller, son of Harvey and Nancy Brodzeller of Kewaskum; Erik Christensen, son of Douglas and Judy Christensen of Campbellsport; Lisa Fusek, daughter of Mrs. Ruth Fusek of Kewaskum; Barbara Panzer, daughter of Herman and Nancy Panzer of rural Kewaskum; Jill Schmidt, daughter of Lee and Barbara Schmidt of Kewaskum; Scott

Schmitt, son of John and Ruth Schmitt of rural Kewaskum; Brian Sedgwick, son of Donald and Carol Sedgwick of rural Kewaskum; Deborah Seideman, daughter of Dennis and Margaret Seideman of rural Kewaskum; Amy Serwe, daughter of Norbert and Gloria Serwe of Kewaskum; and Brian Taylor, son of Richard and Ruth Taylor of rural Kewaskum.

We congratulate each of these on their achievement and pray God's blessings on them as they live out their Christian lives.

Catholic Women to Meet at Newburg

District 13 of the Milwaukee Archdiocesan Council of Catholic Women will hold its spring meeting on April 12 at Holy Trinity Church, Newburg. The meeting, which is usually held the fourth Monday of April, was scheduled earlier so that members will be able to make reservations for the archdiocesan convention which will be held in Sheboygan May 11 and 12.

District President Mrs. Sandra Bradt urges all affiliates to be present to make plans for the convention. In addition to discussing convention plans Mrs. Ann Enright will give a slide presentation, "Abortion, How It Is." Mrs. Enright is president of the Kettle Moraine chapter of Wisconsin Citizens Concerned for Life and vice president of region 1 of the WCCL.

A 7:30 p.m. Mass will precede the meeting and a rosary will be recited by those arriving early. Refreshments will be served by Holy Trinity Christian Mothers.

Lengthy Agenda Faces School Board Meeting

Among the items which will be discussed at Monday evening's Kewaskum School Board meeting are the All Day/Alternate Day Kindergarten recommendation proposed at the last meeting, along with a report on busing, including routes, private and special education transportation, increasing of driver education fees, a summer gymnastics program, staffing for 1982-83, special ed summer school and consideration of requests for exemption from paying school fees.

The board will also hear a late bus report.

Earlier in the week the board had considered tabling the kindergarten discussion to a later date, however, several people felt this item should remain on Monday night's agenda. As of Wednesday morning, Superintendent Floyd Brenholt stated the kindergarten question will remain on the April 12th agenda.

Letters to the Editor

March 31, 1982

TO: Editor of The Kewaskum Statesman

A recent letter from Mrs. Joan Rosenberger, candidate for the Kewaskum School Board seems to have spawned some heated debate concerning so-called Advanced Placement Programs (APP) and related issues. Since some of the debate and apparent confusion are being attributed to me ("a college administrator at UWWC"), I feel it would be appropriate for me to respond both to Mrs. Rosenberger's letter and to some of the related debate.

To begin with, APP needs to be clarified. In its most basic form, APP is simply a series of examinations, standardized examinations in various areas, which are designed to be given to students who have completed advanced-level high school work. In other words, a school may be said to have APP if the school is a designated College Board APP testing center.

A given school may elect to provide advanced-level experience for "Talented" students, in a number of ways. A school may offer "enriched" experiences to such students within a standard course, for example. Some schools designate a particular section of a multi-sectioned course as an advanced section or separate, advanced-level courses may actually be developed. The way in which a given high school might elect to prepare students for AP exams will depend on such things as high school size, staff capabilities, number of "talented" students, and budget. Schools which participate in APP range from those who are simply testing centers to those who have one or more AP courses. Whether or not Kewaskum's involvement in APP would cost more money depends on what level of program Kewaskum might want to have.

College Board statistics on how many AP programs exist are not necessarily all that helpful in determining the

number of programs or, certainly, what kinds of programs they are. If a school has been designated as a testing center, it is counted, whether or not it administers any tests at all during a given year. The number is trusts given in a year is more instructive. In a survey I conducted in the fall of 1980, I found that 507 AP exams had been administered in Wisconsin in 1979. Whether that makes APP a "large," "medium," or "small" program depends on one's own definition of those words.

Before I go any further, I must assert that I do not intend to evaluate the quality or merit of any APP. The desirability of providing up-graded, quality programs for advanced students seems clear to me. No college or university educator I know would object to admitting better-prepared students. Whatever a school thinks it can do, given the constraints of size,

budget, and staffing, should be applauded, in my opinion.

The matter of college credit for AP exams is a separate, complex issue. APP is only one of several commercial testing programs, designed to help students obtain credit retroactively for prior learning. Acceptance of such exams for credit is very much a hot issue in higher education and it is far from being resolved. At this point, it is very dangerous to make generalizations about retroactive credit and advanced placement. Let me illustrate this by citing by current situations in Wisconsin.

In general, most college freshmen are required to write placement tests, administered by the admitting institution, prior to admission. Those tests are commonly given in the areas of English and math. There is no charge for these tests. Based on a student's scores, he/she may be allowed to waive one or more courses in math and/or English; however, no credit is generally granted for the courses waived. When, then, would a student want to test out

of a course? One answer might be that an engineering student, for example, is considered to be behind in his/her program if he/she has to begin with any math course below calculus.

In foreign languages, many schools place a student according to high school experience (i.e., 1 year of high school work = 1 semester of college work) and, if the student earns a high enough grade in the next-level courses, he/she may be granted credit for lower-level courses. Different colleges and universities have different approaches to granting this type of retroactive credit, however.

Acceptance of AP scores for credit also varies from one institution to another. Separate colleges and schools within a given institution may also have differing policies regarding

those scores. Many schools and programs have no policies at all for accepting AP scores and those that do are in flux. This is not to say that students do not receive credit for AP scores. Some do, but receipt of such credit is far from routine. APP may, indeed, be the wave of the future. I am suggesting only that the issue of credit-by-examination is very complex and that gross generalization about their acceptance are risky.

Finally, I must add that, after all is said and done, it is most assuredly possible to meet the advanced placement needs of many students through programs at UWWC. The courses here may be taken by "talented" high school students and transferred to any four-year institution. We have been working cooperatively

HOT CAR CAN KILL

Parents should not lock children in the car while they shop. In warm weather, the direct rays of the sun, with lack of ventilation, can turn a car into an oven. With outside temperatures of 80 degrees, the car's inside temperature can hit 130 degrees after 45 minutes. If your children are under five, take them with you when you shop. Consider your pets as well.

To the Editor:

The most important result of this school board election should be the continuation of the educational opportunities for the youth of this district. Whether I win or lose should not be significant if that can be accomplished.

I believe it is very important that the school board endeavor to set aside those differences which have polarized it so that the input of each member can be fairly weighed when decisions are made.

Let us hope that one of the good things resulting from the election activity will be greater community awareness of the importance of the Kewaskum schools. One way of showing continued public interest is by attending board meetings.

A special and sincere thank you is in order for those of you who provided support this past month and on election day.

Dear Mr. & Mrs. Harbeck,

I would like to sincerely thank you for all the cooperation which you have given to the high school "Smoke Signals" during the girls' basketball tournament in Madison.

TO THE EDITOR:

The Washington County Unit of the American Cancer Society will be holding its residential campaign this week. The residential campaign, in addition to raising funds for research, education and patient service is designed to increase awareness regarding signs and symptoms of cancer. The volunteers visiting your homes will have information regarding activities and services available

in Washington County.

With dwindling governmental support for research and medical services, private organizations such as the ACS must assume increasing responsibilities in these areas. We have been fortunate in recent years to have enthusiastic people involved in the residential campaign allowing for increased coverage throughout the county. This, combined with a mailing program designed to reach areas not normally covered by our residential activities, may result in some families being contacted by mail in addition to the personal contact of the residential campaign. Please understand that we are not intentionally doubling up on requests for money.

We thank you for welcoming ACS volunteers into your home. They are part of a group of people helping people." Hopefully your contact with us will be limited to providing help for others.

To the Editor:

They plan career workshops, organize wilderness excursions, guide community projects, coach singing groups, host international visitors, and encourage girls to develop the planning and decision-making abilities that enables young women to meet challenges and to become competent, self-assured adults. They are the more than 300,000 women and men who are today's Girl Scout

leaders.

How can the community thank Girl Scout leaders for their important work? One way is to take part in the nationwide celebration of Girl Scout Leader's Day on April 22, 1982.

On that day, in honor of the Girl Scout leader, a flag will be flown from the U.S. Capitol building; proclamations from government officials will be read; and girls, families, and neighbors will recognize their leaders in a variety of ways, from thank-you notes and parties to special service projects.

We invite you to join with us in extending your appreciation for the generous contribution the Girl Scout leader has made to our community, and to the more than 44 million individuals who have been members of Girl Scouts of the U.S.A. since its founding 70 years ago. Thanks to the Girl Scout leader, Girl Scouting continues going and growing.

With this issue the Kewaskum Statesman introduces a new look and a new size. The new size we had to change to is seven column, 12 ems in width and 20 inches in height. This may seem quite a contrast to you at first because you are used to the large, outmoded sheets. But we are sure you will find it more convenient, more readable and easier to handle.

A class of 13 will be confirmed at the Peace Evangelical and Reformed Church on Palm Sunday, April 6. Today's Medicine

WHY FLUORIDATE?
By J. D. Connor, D.D.S.

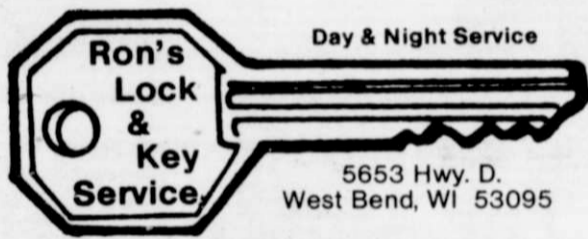

Early in the 20th Century dentists wondered why people in certain sections of the country had significantly fewer decayed teeth. After much research, it was determined that those areas water supplies had significant amounts of fluoride. Fluoride, when incorporated into the tooth structure, makes the enamel more resistant to acid. It may also prevent the bacteria in plaque (sticky film) from manufacturing the destructive acid in the first place.

Because it is incorporated into the structure of developing teeth, fluoride is most effective when it is available from infancy, during all the years the teeth are forming. But there is no cutoff point for fluoride benefit — it benefits teeth throughout life.

When studies of comparable communities were examined, the communities with fluoride had 60% fewer cavities than those without. Antigo, Wisconsin, began to fluoridate its water in 1949, but discontinued the procedure in 1960. A survey made 4 1/2 years later showed a steep increase in decay, 183% among second grade children. Antigo became sufficiently concerned so that fluoridation was reinstated within a year after the survey was done.

In brief, children who consume fluoridated water from birth can have 65% fewer cavities, 90% fewer tooth extractions, and fewer teeth that are crooked due to "baby" teeth lost prematurely. When they reach their teen years, 20% of these youngsters will have no decayed, missing or filled teeth than their counterparts who are deprived of fluoridation.

For families who are not fortunate enough to have access to a fluoridated water supply, vitamins that have fluoride are available for children up to the age of thirteen. For those over the age of thirteen fluoride rinses are now available. Ask your dentist about this.

US Chess Co-champion To Give Lecture, Exhibition at UWWC

The U.W.W.C. Chess Club is bringing Walter Browne, current co-champion of the U.S. to U.W.W.C. on April 22. Walter Browne is one of only three American International Grandmasters who will be playing in the Interzonals, a step toward the World Championship match in 1984.

He will give a lecture at 6 p.m., which is open to the public, costing \$1.00 for students and \$3.00 for the general public. He will play a simultaneous exhibition at 7 p.m. against 30 people at a time continuously, until 10:30 p.m., which will cost \$7.00 per person to play, but free to anyone who wants to watch. This is exceptionally cheap, since it costs \$75.00 per person to play Spassky, Korchnoi, others on tour.

Four former Kewaskum Chess Team members will be participating, Dusti Howell, Steve Yahr, Kim Manthei, and James Simon. Their advisor is Steve Krevisky.

This is a major event which will greatly help chess in the area, and it will be good for the community and U.W.W.C.

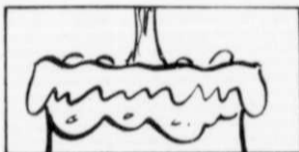

All are welcome to attend.

1982 Kewaskum High School Boys Track Team

Front row [left to right]—Bill Gruss, John Nowak, Rick Steiner, Dan Bingen, Stuart Stautz, Doug Miller, Jeff Nigh, Tim Standish, Dean Miranda, Barry Murre.
 Second row—David Zettler, John Mertz, Darryl Tews, Mike Sekeres, Mark Larson, Mark Durian, John Swanson, Steve Seitz, Wayne Boudreau, Jim Braun, John Weis.
 Third row—Coach Amundson, Monty Shaw, Mark Follmann, Gary Butzlaff, Dan Becker, Brian Johnson, Toby Mueller, Scott Durian, Mark Rodenkirch, Jay Petermann, Gregg Classey, Rick Gaspardo, Head Coach Drexler.
 Missing—Jerry Buettner, Bob Jandre, Rob Slegler, Chris Neumann, Brian Larsen, Mike Geldreich, Mike Steinhardt.

With four returning lettermen as the nucleus and strong showing from the underclassmen, the 1982 boys track team has a promising future. Led by seniors Wayne Boudreau, Bob Jandre and Tim Standish in the distance, senior Jerry Buettner

and freshman Monty Shaw in middle distance, and junior Mark Rodenkirch, sophomores Rick Gaspardo and Jim Braun in the sprints, the running events are handled well. In the hurdles junior Brian Johnson is leading the way with the help from

junior Toby Mueller, sophomore Doug Miller, and freshmen Mark Follmann and John Mertz. The pole vault is led by Stuart Stautz and Mark Durian, who has already cleared a personal best of eleven feet, and the shot

put by a newcomer, senior Jay Petermann, with a put of near 40 feet. Also looking very promising is freshman Mike Steinhardt in the high jump.

Indian Boys, Girls Finish Last In County Indoor Track Meet

The fifth annual Washington County Indoor Track Meet was held at West Bend Thursday evening.

The Hartford boys who barely missed out a year ago, won the first place trophy this time and the girls' end of the meet was won by West Bend East.

The Kewaskum boys and girls both finished last in the meet, the boys scoring only 4 points.

Boys' standings: Hartford 119, West Bend East 105, Germantown 94, Slinger 69, West Bend West 40, Kewaskum 4.

Girls' standings: West Bend East 119, Germantown 76, West Bend West 56, Slinger 45 2/3, Hartford 41 1/3, Kewaskum 32.

The Indian boys' four points were garnered in the low hurdles and that was it. The points were scored by Brian Johnson, who placed fourth in the event.

The girls fared better, scoring 32 points, and placed just 9 2/3 points behind fifth place Hartford. Linda Larsen placed second in the 440, just over two seconds behind Penny Gerner of West Bend East, who set a new record time of 1:03.2 in the 440 yard dash. Gerner also tied the county 50-yard low hurdle record, which she held along with Kewaskum's Katie Lightner (1979).

Germantown's Tracy Tesch had a record breaking effort in the long jump. She went 17 1/2, which is an inch better than the old mark she shared with Kewaskum's Carrie Kempf from 1977.

Larsen, better known for her feats with the Kewaskum girls' varsity basketball team which just recently placed second in the State Meet, scored 18 of the Indians' 32 points, it was noted

by Coach Jane Vesper.

Larsen also placed second in the 880-yard run and other Kewaskum points were scored by: Wendy Wilson, fourth in the 880; Vicki Reif, sixth in the two-mile run; a fifth in the 8-lap relay; Holly Kempf, third in the shot put, Sandy Klein, fifth and Erika Follman, sixth, in the mile run, and Wendy Wilson, sixth in the 440-yard dash.

Kewaskum Adult Basketball League

Amerahn defeated Timblin's Solar, 90-70, thus Kewaskum Saloon and Amerahn are in the final Thursday, April 8, at 7:00 p.m. at Kewaskum Middle School.

Without the services of Chuck "Dunk" Boegel and Mark "Slapshot" Tessar, the fine Timblin's team didn't stand much of a chance against the big, strong and good Amerahn bunch.

Mike Coulter, the Timblin flash, showed some of the younger gents a trick or two before the final hour which ended the season for Timblin's.

Kewaskum Ousted In Tournament

The Kewaskum Lakes basketball team was eliminated by Mentink's of Oostburg, 76-71, in the semifinals of the Howards Grove Athletic Club tournament Saturday afternoon, behind Rolly Rauwerdink's 27 points. The loss was a tough one for Kewaskum, as a victory would have put them in the consolation bracket championship game and would have assured them of a trophy, which would have brightened an otherwise dismal year. The game was postponed on Saturday because of the blizzard and rescheduled for Sunday. The finals of the tournament were rescheduled for Wednesday night.

Kewaskum played without their top scorer, Leon Laatsch, who also led the Land o' Lakes League in scoring the past season.

The game was close throughout as the teams seemed to pretty evenly-matched. Mentink's jumped to a 17-11 first quarter lead behind Rauwerdink's 7 points. Kewaskum came back with a 23-18 second quarter to trail by only 35-34 at the half, behind Dale Wodsedalek's 12 points. Kewaskum tied it up at 52-52 after the three quarters as Bill Gonwa had 10 in the quarter. However, Kewaskum fell behind at the start of the fourth quarter and was forced to trail to catch up. Mentink's outscored them 24-19 in the quarter, with 10 of their points coming from the free throw line. John Rademacher tallied 15 points in the quarter for Mentink's, including 7 of 8 from the line.

Besides Rauwerdink, John Rademacher had 23 points for Mentink's and Craig Otte added 18. Wodsedalek led Kewaskum with 21 points, while Bill Gonwa had 16, Dave Smucker 14, and Bill Backhaus 11.

Mentink's made 14 of 23 free throws for 60.9 percent, while Kewaskum was 15 of 22 for 68.2 percent.

This game marked the end of Kewaskum's season. They finished their Lakes season tied for fifth place in the 'B' Division with Mayville with a 2-13 record. Their overall record, including tournament games, was 3-16.

The Land o' Lakes Annual Awards Banquet will be at the D & G Club in Port Washington on Friday, April 23, with cocktails at 6:30 p.m. and dinner at 7:30 p.m.
