School Administration Reports on Kewaskum Trust Fund Expenditures

By GERRY MUELLER
Statesman Staff Writer

At its meeting Monday night, the Kewaskum School Board heard an administrative report on the status of the District's \$400,000 State Trust Fund loan.

As requested by board member Ralph Horner at an earlier meeting, the board was given an itemized breakdown of all expenditures to date. Business Manager Baird Stouffer told the board, of the \$400,000 loan, approximately \$288,000 has been expended or encumbered on maintenance or equipment projects.

In the maintenance area, \$132,200 has been spent or earmarked for roof repairs, \$17,449.13 for air locks, \$11,968 for boiler room work, \$23,346 for generator replacement, \$4,650 for gas valve replacement, \$2,058 for tile replacement, \$5,529 for sink replacement, \$5,000 for architect fees and \$200 for roof inspections. The total expended in maintenance is \$202,401.00, with a balance of \$72,599.00 left for

additional maintenance work.

In equipment, a total of \$85,407.00 has been spent. The District has spent \$22,449.00 for Apple Computers, \$6,952 for Commodore Computers, \$5,000 for computer software, \$1,296 for stove and refrigerator for Home Ec, \$1,093 for an Industrial Arts saw, \$1,976 for Master Clock at the High School, \$4,728 for High School cafeteria tables, \$18,770 for copiers and supplies for all schools, High School library furniture \$17,952, H.S. class furniture \$3,374, Farmington furniture \$1,615, leaving a balance of \$39,593 for other equipment projects.

A report of roof conditions at the various schools was not given since the inspection by Carroll Haug Roofing Company had not been completed by the time of the meeting.

In other action, the board approved the creation of two kindergarten classes to handle the 31 students at Farmington Elementary. Discussion of the situation brought up the problem of unequal class size

distribution throughout the district's schools. District Administrator John Long noted that whether the District liked it or not, it would eventually have to address the problem of closing a school and consolidating classes for both financial and building efficiency.

Long said the kindergarten
(Continued on Page 6)

Homeplate Restaurant To Open Shortly

Paul Behring, owner of the new "Homeplate" Drive-In, said Monday he is hoping to have the operation open for business on December 20th.

Behring said, however, that if he did not make the 20th date, he would definitely be open before Christmas. A grand opening is being planned for some time in January.

Candidates File Papers For Spring Election

By GERRY MUELLER
Statesman Staff Writer

Prospective candidates are taking out papers for Kewaskum's two elections next spring.

Three positions will be up for grabs on the School Board when the terms of Charles Ogi, Tom Brigham and Jean Goeden expire.

Two candidates have already taken out papers, they are Jean Goeden and Charles Voge.

In the Village Board election,

the terms of trustees Don Mlodzik, Howard Laubenstein and Richard Schmidt will expire. Village Administrator Dan Schmidt said Mlodzik, Schmidt and a newcomer, Tom McElhatton of 1512 Brooklane, have taken out papers. Schmidt said Laubenstein has indicated he will also seek re-election, however, he has not taken out papers as yet.

The deadline for filing running papers is January 3rd, the first Tuesday in January.

Woman Paralyzed After Being Struck by Hunter's Bullet

A 55-year-old Milwaukee woman shot in the head by a hunter's stray bullet in the Armstrong area has been moved from Froedtert Memorial Lutheran Hospital to Sacred Heart Rehabilitation Center in Milwaukee after undergoing brain surgery.

The victim, Virginia E. Rendflesh of Milwaukee, was struck in the head by a bullet that ricocheted off three trees Nov. 21 while hunting with her husband, Eugene, near Paradise Valley Campground off Mitchell Road, Route 2, Campbellsport.

Rendflesh told Fond du Lac County Sheriff's authorities his wife was walking behind him when he heard shooting coming from an area to the northwest of their location. His wife suddenly screamed, he said, and when he turned around, he saw her lying on the ground, wounded in the head.

He told authorities he did not see anyone, but yelled to stop shooting when someone fired

after his wife had been hit. Rendflesh noted that he and his wife, who had been hunting together since 1975, both were dressed in proper hunting attire.

He transported his wife to the Campbellsport Medical Center. She later was taken to St. Agnes Hospital in Fond du Lac and then transferred to Froedtert.

Mrs. Rendflesh reportedly is suffering from paralysis and she is unable to speak, according to her sister-in-law, Marie Block of Milwaukee.

Northern Part of Washington County Still Under Scrutiny for Landfill Possibilities?

By GERRY MUELLER
Statesman Staff Writer

Rumors have been circulating that Washington County is looking at still other county landfill prospects in the Town of Farmington.

In a phone conversation with this paper Monday, Paul Mueller, Administrator of the Washington County Land Use and Parks Department acknowledged that the county is still looking for possible sites in the northern part of the county.

When he was asked if the rumor was accurate that still another site in the Town of Farmington was under consideration, he declined to either confirm or deny the rumor. When asked if new sites were not in Farmington, he said he did not say that either, only confirming that the northern part of the county was still being looked at for possible test sites.

Mueller did say that the county had not contracted, at this time, to do any further testing. He said, as stated at an earlier Town of Farmington Board meeting, when the county enters into any other contracts, the boards will be notified and the sites made public.

When Mueller was asked why the county would not make public the locations of sites under consideration until negotiations were completed he said this was done to stem land speculation. Mueller said when anybody, such as the county government, begins land acquisition inquiries, there is always the problem of land speculators coming in to buy up the land and raise land prices up out of the buying reach of local governments.

Senn Begins New Federal Job

Peter Senn has officially reported for duty in Madison as newly appointed Wisconsin executive director of the U.S. Agriculture Stabilization and Conservation Service.

Senn, Route 1, Campbellsport, was nominated for the post by U.S. Sen. Robert Kasten, R-Wis., and the appointment by Agriculture Secretary John Block was expected for some time.

Senn, 54, serving on the state ASCS Committee, has been in Madison all week attending a committee meeting. Kasten announced from his Washington office that the secretary would appoint Senn and would name Jim Johnson, a Darlington grain farmer, to succeed Senn on the state committee.

Senn will replace Kieran Powers, who resigned Oct. 20

and who currently is under investigation for his participation in the ASCS-administered payment in kind program.

Senn, a registered Holstein dairyman in the Town of Ashford, said, "We are just getting the PIK program tooled down. We've had a lot of inquiries on details on the dairy reduction program, and all county offices will be getting preliminary instructions on how farmers will establish their basis."

The reported pay range for the position is \$48,553 to \$50,171.

Senn is working at the USDA office building on Madison's west side at the Beltline Highway 151. His phone number in Madison is 1-608-264-5304.

Allenton Man Dies in Crash

A 27-year-old man, Bradley A. Peterson of 301 Second Ave., Allenton, was killed Saturday night when the westbound car he was driving struck a highway post and rolled down an embankment on State Highway 33 between West Bend and Allenton, Washington County authorities said.

Peterson suffered massive internal injuries in the crash and was pronounced dead at St. Joseph's Community Hospital in West Bend.

Police said Peterson was driving west on 33 near County Trunk WW when he lost control of the car and left the roadway. Peterson was ejected from the vehicle, which then rolled over him, it was reported.

The accident occurred about 10:35 p.m.

The Washington County Sheriff's Department said the death raised the number of 1983 traffic fatalities to 19, compared to 23 at this time last year.

Special Christmas Program at Peace Church on Sunday

Pastor Joiner and the members of Peace United Church of Christ of Kewaskum extend a warm welcome to the people of Kewaskum area to attend a special Christmas program on Sunday, Dec. 18.

The Sunday School children and the Chancel Choir will be participating in the play entitled "Night of Miracles" by Georgianna Summers. The Christmas program is at 9:30 a.m. with nursery care available. A coffee hour will follow the special program.

VILLAGE OF KEWASKUM NEWS NOTES

The snow and ice season has arrived bringing along some problems. To elevate the problem or to clarify two items let us refer to the Municipal Code, Chapter 8.09 which covers, "Snow and Ice Removal."

I. Sidewalks to be kept clear. The owner or occupant of any lot or parcel shall promptly each day remove all snow and ice which may have fallen or accumulated upon the sidewalk in front of each lot or parcel; provided, when ice has so formed that it cannot be removed, the owner or occupant shall keep the same sprinkled with a material which will prevent the sidewalk from being dangerous to pedestrians. If the owner or occupant fails to comply with this subsection, the Superintendent of Public Works shall cause the snow or ice to be removed or sprinkled as required in this section and the

cost thereof assessed against the property as a special tax.

II. Snow not to be deposited in the streets. No person shall cause to be deposited snow from his premises or sidewalk abutting thereon onto any street in the Village without a permit from the Superintendent of Public Works, who may require to be paid a fee sufficient to reimburse the Village for the cost of removal of such snow.

As for this and all ordinances a penalty is also provided for in Chapter 25.04 of this Municipal Code.

Area Residents Among 83 Honored By Cedar Lake Home

The Cedar Lake Home Campus honored 83 staff members for their dedicated years of service as members of the total team providing care to the home's residents.

The service awards were presented at Staff Appreciation Nights, December 6 and 7.

The 445 campus employees and their guests were feted to a six course dinner and residents expressed their appreciation by presenting the traditional Christmas pageant and concert.

Area residents who received 5,000 hour awards were: Denise Menzel, Kewaskum; Janet Byrnes, Karen Giese, Kim Heberer, Campbellsport.

Four area residents received 10,000 hour awards: Kathy Bates, Tracy Boettcher, Karen Fellenz, Kewaskum; and Viola Klug-Reichl, Campbellsport.

Rita Justman, Kewaskum, was among those who received a 15,000 hour award pin.

"We praise heartily only those who admire us."

Area Students On National Dean's List

A total of six students from this area have been included in the sixth annual edition of THE NATIONAL DEAN'S LIST, the largest recognition publication honoring college students, published by Educational Communications, Inc., Lake Forest, Illinois.

Students are selected for recognition by their deans or on their school's Dean's List. The 85,000 students included in the current edition are from 2,500 colleges and universities nationwide and represent one half of one percent of the more than 8,000,000 college students in the country.

Local students selected include:

Kewaskum — Kevin R. Chesak, Univ. of Wisconsin at Stevens Point; Doreen J. Klug, Univ. of Wisconsin at Whitewater; Joseph A. Swanson, Univ. of Wisconsin at Platteville.

Campbellsport — Ann M. Krebs, Univ. of Wisconsin at Whitewater; Theresa R. Ruplinger, Univ. of Wisconsin at Whitewater; Kevin B. Scammel, Univ. of Wisconsin at River Falls.

Middle School Toy Drive in Progress

The Kewaskum Middle School Student Council is conducting a toy drive for the benefit of needy families in the Kewaskum area who need some help at Christmas. They are seeking toys for ages up to 12 years and also would like scarves, caps and mittens. They must be in new or like new condition.

The Student Council advisor, James Borusky, stated that last year's toy drive was quite successful and he hopes that this year even more families may be helped.

All donations should be brought to the Kewaskum Middle School.

Kewaskum Special Olympics Team Attends State Meet

The Kewaskum Special Olympics team again attended the annual State Meet and made an excellent showing.

This year the winter meet was held at Red Carpet Lanes in Milwaukee. Tim Moody earned a First Place Gold Medal, Stacy Mueller and Jean Weisner received Second Place Silver Medals, Joanne Stautz and Joan Bath garnered Third Place Bronze Medals and Mike Busse brought home a Sixth Place Ribbon.

The team did an excellent job against stiff competition.

Letters From Santa Available

The G.F.W.C. Kewaskum Jr. Women's Club has announced that one of Santa's mailboxes is waiting for letters at Rich's Foods in Kewaskum. Children should include their full name and address, so Santa can answer their letters promptly. Santa's elves will be picking up the mail routinely and enjoy hearing about boys' and girls' plans for Christmas. They will also relay messages to Rudolph and the other reindeer. 12-9-2t

Area Students Included in Who's Who Among American High School Students

A total of 136 students from this area have been included in the 17th annual edition of WHO'S WHO AMONG AMERICAN HIGH SCHOOL STUDENTS, 1982-83.

WHO'S WHO, published by Educational Communications, Inc., Lake Forest, Illinois, is the largest high school recognition publication in the country. Students are selected by high school principals and guidance counselors, national youth groups, churches or by the publishing company based upon students' performance in scholarship award contests or extra-curricular activities.

Final selection is determined on the basis of criteria which include high achievement in academics and leadership in school activities, athletics or community service. Traditionally, 99% of WHO'S WHO students have a grade point average of "B" or better and 97% are college bound.

The 17th edition of WHO'S WHO, published in nine regional volumes, features 375,000 students, or 5% of the nation's 6,500,000 high school juniors and seniors. They represent 18,000 of the 22,000 public, private and parochial high schools in the country.

WHO'S WHO students also compete for over \$50,000 in scholarship awards and participate in the publication's annual opinion poll of teen attitudes. The book is distributed on a complimentary basis to over 15,000 high schools, colleges, universities, and public

libraries throughout the country.

Local students selected for this year's volumes are:

ADELL — James Helwig, Scott Payne, Pamela Krahn, Gina Pelshek.

ALLENTON — Christine Sauer, Tim Westerman.

CAMPBELLSPORT — Rick Carpenter, Rita Huspen, Sally Ann Nummerdor, Christine M. Schiek, Amy Sekas, Troy David Stucke, Krista Hayes, Steve Kuphal, Judith G. Serwe, Paula Schlafer, Judith G. Serwe.

KEWASKUM — Brad Bartelt, Margaret Bowman, Jeff Eisenmann, Jason Grover, Ken Heisdorf, Tracy Howell, Barbara Jandre, Holly Kempf, Randy Marquardt, Douglas Miller, Mary Paul, Rose Ann Peterson, Lisa Rahlf, Tammie Soik, Christopher Ven Haus, James Warnkey, Wendy Wilson, Debbie Becker, Lynn Dewane, Amy Grahl, James Hanrahan, Theresa Heller, Stephen J. Hubbell, Joan Jung, Peggy Kempf, Dan Menzel, Sandra Nigh, David Pesch, Kelli Prescott, Steven Seitz, Elizabeth K. Strigenz, Kirkland Vogt, Steve Wendelborn.

WEST BEND — George L. Adams, Janet Barth, Scott Berg, Deborah Brath, Kimberly Breit, Rhonda Butt, Debra Clark, Laura M. Doll, Karen Ehren, Laura J. Griffith, David A. Guenther, Jandelyn Hazelwood, Jeffrey Igel, Tadeus Jaromin Jr., Susan T. Kern, Karen Kohlman, James Kroner, Theresa Leppla, Steven Lichon, Judith Listwan, Bridget

Matenaer, Sandy McCrimmon, Laurie Mickel, Agnes Moritz, Debra Nonhof, Annette Peterson, Karen A. Pikaske, Lori Prochnow, Mary Reak, Tami Roher, Dan Rudolf, Carol Sanders, Pamela J. SENIOR CITIZENS EXTEND THANKS

The XYZ Club (Senior Citizens) wish to extend a Merry Christmas and Happy New Year to everyone. We had a good year and wish to thank everyone who has given of their time and generosity to our club in 1983.

Christmas Concert At KM Lutheran High

Kettle Moraine Lutheran High School, Jackson, will hold its annual Christmas Concert on Sunday, December 18, at 2:30 p.m. in the gymnasium. The concert will involve all the music organizations of the high school.

Selections have been centered around the theme "All Around the Manger!" The antiphonal arrangement of All Around the Manger, written by David Johnson, will be sung by the KML Concert Choir and the assembly. The Concert Choir will also feature a special arrangement of Luther's beautiful Christmas hymn - Away in a Manger. The A Cappella Choir will present a special "Symphony to the Savior" with a professionally taped background. The Charger Band, the Concert Choir, and the assembly will join together in "A Festival of Carols."

Confessions Listed At Holy Trinity

Confessions for the Christmas Holiday will be heard at Holy Trinity Church, Kewaskum, on Wednesday, Dec. 21 from 10-11 a.m.; 3:30-5 p.m. and 7-8:30 p.m. Thursday, Dec. 22 from 10-11 a.m.; 3:30-5 p.m. and 7-8:30 p.m.; Friday, Dec. 23 from 10-11 a.m.; 3:30-5:30 p.m. and 7 to 8:30 p.m. There will be two priests to hear confessions on Friday afternoon and evening.

Nutrition Program Thanks Frank Felix

The Kewaskum Nutrition Program thanked Frank Felix for his dedicated volunteer service with a meal and party recently held at the Kewaskum Legion Club House. Mary Lehn (Outreach Program) offered her appreciation. She also read a letter from Linda Olson, Director of Office on Aging, thanking him for the volunteer service of delivering food to the home bound and the many other services rendered to the Senior Citizens of the Community.

Our volunteers think the spirit of giving rests on the ability to give their time unselfishly. It means being willing to help not only on the holidays, but volunteering their services throughout the rest of the year.

My special thanks to Frank.
Dolores Kleinke

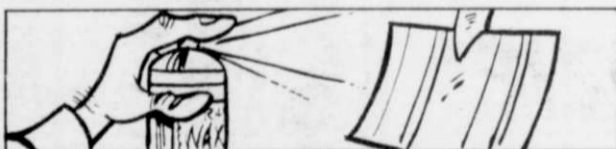

Births

SERWE — A son, Lance Charles, to Charles and Jill Serwe of Cheyenne, Wyoming, Monday, Dec. 12. Paternal grandparents are Mr. and Mrs. Norbert Serwe, Kewaskum, and maternal grandparents are Mr. and Mrs. Michael McCarthy, Waupun.

OLMSTED — A son to Eric and Patricia Olmsted, 9079 Townline Drive, Kewaskum, Tuesday, Dec. 6.

DEL PONTE — A daughter, Victoria Marie, to Jeffrey and Lillian Del Ponte, 207 Forest St., Campbellsport, Friday, Dec. 2.

TURDO — A daughter to Kurt and Deborah Turdo, Route 3, Box 152E, Campbellsport, Saturday, Dec. 10.

To keep snow from sticking to the shovel, first cover the shovel with spray wax.

You Can Keep the Spirit of Christmas

by Henry Van Dyke

Are you willing to forget what you have done for others and remember what others have done for you: To ignore what the world owes you and think what you owe the world: To stoop down and consider the needs and desires of the sick and little children: To remember the weaknesses of those no longer young: To stop

asking how much your friends love you and ask yourself whether you love them enough: Are you willing to do these things, even for a day? If so, then you can keep Christmas. And if you keep it for a day, why not always?

Merry Christmas from Dolores Kleinke, Kewaskum Nutrition Program Manager.

The original St. Nicholas was a 4th century Turkish bishop. According to legend, he dropped a bag of gold coins down a chimney into a stocking a poor girl had hung up by the fireplace to dry.

ABOUT LEFTOVERS

If holiday meals left you with excess food, don't wait until you have served a meal several times before deciding to freeze some of it. Food frozen after the first cooking will be much better than food that has gone through numerous re-heatings and then frozen. This is especially true for holiday turkey.

Most books are soon forgotten — especially by the friend who borrows yours.

Valley Bancorporation Reaches \$1 Billion Asset Mark; Continues Strong Earnings Trend

For the first nine months of 1983, net income amounted to \$6,263,560, a 16.8% increase over the \$5,361,051 recorded during the first nine months of 1982. On a per share basis, 1983 amounted to \$2.30 per share compared with \$2.00 per share a year ago, an increase of 15.6%. For the third quarter, 1983, net income totalled \$2,093,797, an increase of 12.4% over the \$1,862,255 recorded in the third quarter of 1982. On a per share basis, 1983 amounted to \$.77 compared with \$.70 a year earlier. Weighted average shares outstanding totalled 2,718,469 in 1983 and 2,685,230 in 1982. Applicable per share data and weighted average shares outstanding for 1983 and 1982 have been adjusted to reflect the 3-for-2 stock split declared July 26, 1983, to shareholders of record August 22, 1983. The results of operations for 1982 have been restated to reflect the merger of United Bankshares, Inc. (Green Bay) with Valley on December 31, 1982, and recorded as a pooling-of-interests.

As of September 30, 1983, consolidated assets topped the 1 billion mark at \$1,007.3 million, an increase of 10.1% over the \$915.0 million recorded a year earlier. Net loans as of September 30, 1983, amounted to \$557.4 million, compared with \$514.6 million recorded in 1982. Deposits climbed to \$848.7 million compared with \$743.2 million reported a year earlier.

Stockholders' equity, showing an 11.3% increase over the previous year, totalled \$57.4 million compared with \$51.6 million recorded a year earlier. On a per share basis, book value at June 30, 1983, totalled \$21.09 per share versus \$19.19 per share recorded in 1982.

Commenting on the \$1 billion

asset mark, Peter M. Platten, III, Valley's President, stated that "Valley's size is allowing it to increase its activity in developing state-wide presence in all markets in Wisconsin." He also pointed out that the company is expanding its services throughout the state through state-wide calling officers in loan production and employee benefit areas. Additional expansion will come from opening mortgage banking offices outside present service areas and expanding its equipment leasing subsidiary. Platten said that Valley stockholders recently approved an increase in the number of authorized common shares from 3,000,000 to 6,000,000 shares. The increase in authorized shares would give Valley greater flexibility in implementing its expansion strategies.

The Board of Directors has declared a regular quarterly dividend of \$.22 per share, or \$.88 on an annualized basis.

Valley Bancorporation serves Wisconsin through 38 banking locations with trust, data processing, leasing and reinsurance subsidiaries.

KMS Elects Student Council Members

The Kewaskum Middle School Student Council election results are complete. Council members are elected at large from their grade.

Those elected from Grade 8 were: Craig Hubbell, President; Kim Poling, Secretary; Keith Bartelt, Kim Kasseckert, Kari Kurtz, and Eric Pearson.

Grade 7 members are:

George Walz, Vice President; Allison Frac, Mike Heberer, John Jalas, Cindy Stych, and Paula Wilson.

Counselor, Mr. James Borusky, is the Student Council Advisor.

Toss shredded cabbage, diced, unpeeled apple and chopped salted peanuts for a crunchy salad. Top with dressing of peanut butter, honey and mayonnaise.

NOVENA TO ST. JUDE

O holy St. Jude Apostle and Martyr, great in virtue and rich in miracles, near kinsman of Jesus Christ, faithful intercessor of all who invoke your special patronage in time of need, to you I have recourse from the depth of my heart and humbly beg to whom God has given such great power to come to my assistance.

Help me in my present urgent petition. In return, I promise to make your name known and cause you to be invoked, say three Our Fathers, three Hail Marys and three Glorias. St. Jude pray for us, and all who invoke your aid. Amen.

This Novena has never been known to fail. This Novena must be said for 9 consecutive days, and publication must be promised.

Kewaskum Rescue Squad Gives Demonstration to FFA Chapter

Here the EMTs are demonstrating on John Schmitt on how they transport a victim who had a back or neck injury. John was totally immobilized during the demonstration. If only it could have lasted!

One of the EMTs is showing how to wrap a wound that has severed a major blood vessel. The EMTs described and demonstrated many helpful first aid treatments.

The Kewaskum FFA held its Safety Demonstration on Tuesday, November 15, at 7:00 p.m.

Members of the Kewaskum Rescue Squad displayed many techniques on the following: the stoppage of bleeding, severed joints, broken bones, broken back, unconsciousness, electric shock, and burns.

Many helpful hints were given such as—never move or straighten an injured knee or elbow, don't move anyone who is hurt until the rescue squad arrives, unless the person's life depends on it. If moving is necessary, use a steady motion—don't jerk the injured person.

The Kewaskum FFA thanks

all those attending and, especially, the Kewaskum Rescue Squad members who devoted their time.

The demonstration was over at 8:06 p.m., and refreshments were had by all.

50th Anniversary

Mr. and Mrs. John Clark

Mr. and Mrs. John Clark, Sr., R. 1, Campbellsport, celebrated their 50th Wedding Anniversary on Oct. 16th with a 1:00 p.m. Mass at St. Mary's of Eden, and a dinner for the family, followed by an Open House from 6:00 p.m. to midnight for friends and neighbors.

The former Susan Vander Grinten was married to John (Jack) Clark at Eden, on Oct. 7, 1933. Their attendants were: Tommy Clark, Leonard Vander Grinten, Phyllis (Serwe) Guise, now deceased; also Helen (Weitor) Eckes of Oconto and Bernice (Serwe) Timler.

Jack is retired from Western Lime and Cement Co. of Knowles, and Susan is retired from Regal Ware of Kewaskum. They have been farmers all their lives.

The couple's children are: Leo of Waupun, David of Oakfield, Mrs. Ervin (Helen) Theis of Rosendale, Mrs. Gordon (Pat) Del Ponte of Knowles, and John Jr. of Waucousta. They also have 19 grandchildren and

3 great-grandchildren.

The Clarks are members of the XYZ Club (senior citizens) in Kewaskum and the Eden Senior Citizen Club. Mr. Clark is a member of the Holy Name Society and Mrs. Clark is a member of the Christian Mother's Altar Society at St. Mary's of Eden.

situation was a good example. He noted that there were 14 kindergarten students at Beechwood and 31 at Farmington for a total of 45 students, which, if they were all at one school, would equal only two classes. However, because of the unequal split between the two schools, three classes are necessary resulting in an additional \$10,000 cost to the taxpayers.

The board discussed participation in an AFS one-week exchange program and decided against taking part in it.

Honer gave a report on the new CESA #6 and the election of officers.

The board approved the maternity leave of Mrs. Kathy Charland and the resignation of Miss Theresa Kline, Spanish teacher.

The board heard a report from Agriculture Teacher David Rizzardi. They will review his recommendation and discuss them at a later meeting.

outstanding contributions of students across the country to university residence hall programs, the members of the National Association of College and University Residence Halls (NACURH) established the National Residence Hall Honorary. The society was seen as a way that students could thank their peers for a job well done in residence hall government, programming, and staffing.

Membership in NRHH is based upon academic standing, a minimum residency requirement in a university residence hall, and leadership in the advancement of the residence hall system. No more than one percent of the residence hall population may be active members at any time.

The UW-Whitewater chapter has been committed to being more than just an honorary. Members have been active in programming, service projects, leadership development programs, and in sponsoring

leadership awards.

Doreen is Benson Hall secretary, a Resident Assistant, member of the Resident Assistant Council, participated in the 1983 Great Lakes Association of College and University Residence Halls (GLACURH) and National Association of College and University Residence Halls (NACURH) conventions. She is active in intramural sports and serves on various committees. The daughter of Mr. and Mrs. Floyd Klug, Route 1, 3291 Highway D., Doreen is a junior accounting major at UW-Whitewater.

A SAFE AND CONSERVING CHRISTMAS By Wisconsin Electric

As you ready your home for the holiday time, Check out your lights and your cords (does this rhyme?) Make sure they're approved for use outside and in. So you'll be safe and so will your kin.

Never use wires that have any fray And make sure Christmas lights are kept far away From furniture, draperies and other such things, Like clothes, and rugs that Santa Claus brings.

Why not use Christmas lights that twinkle, not glare? They'll save you money cause they're off—then they're there.

You'll enjoy while they're on, and conserve when they're not, And keep your electric bill from being a lot.

Save bucks on decorations this year, Use shiny ornaments, tinsel, a mirror. Place your tree so the mirror is way in the rear, You'll double the impact of visual cheer.

So you see there are ways to be safe and conserve, To earn a holiday you truly deserve. At WEPCO we wish you peace and good cheer A Happy Christmas and a healthy New Year!

P.S. If you want information on safety and conservation during the holidays in a more traditional manner, call WE's Communications Department at 271-7117.

Rosenthal Enters U.S. Air Force

Scott G. Rosenthal, son of Gordon and Patricia Rosenthal, 5012 Beaver Dam Rd. West Bend, enlisted in the U. S. Air Force's Delayed Enlistment Program, November 25, according to SSgt Anthony Wolff, Air Force Recruiter, 1605 S. Main Street, West Bend.

Scott, a 1984 graduate of Kewaskum High School, is scheduled for enlistment in the Regular Air Force on July 26, 1984. Upon graduation from the Air Force six week basic training course he is scheduled to receive technical training in the Administrative Area.

He will be earning credits toward an associate degree in applied sciences through the Community College of the Air Force while attending basic and other Air Force technical training schools.

Campus Notes:

Mike Ciha, a student at De Vry Institute of Technology, Lombard campus, Chicago, recently completed a trimester in the Electrical/Electronics Engineering program. Records indicate he attained the President's List, a grade point average between 3.5 and 4.0. Mike is the son of Al and Claire Ciha, Mullen Drive, Allenton, and a graduate of Kewaskum High School.

....

Doreen Klug of Kewaskum was among 15 students inducted into the University of Wisconsin-Whitewater chapter of the National Residence Hall Honorary society on November 17.

MRS. ROBERT SCHENK

Funeral services for Mrs. Robert (Agnes) Schenk, 54, of Star Route, Athelstane, Wis., were held Saturday, Dec. 3, at Morasky-Messar Funeral Home, Wausaukee. She died Wednesday, Nov. 30, at the Marinette Hospital due to cancer. Burial was in Forest Home Cemetery, Athelstane.

Born at Campbellsport on July 6, 1929, she was the daughter of John and Eleanor Gremminger Miller. She resided in Milwaukee for several years, and on Oct. 16, 1953, was married to Robert Schenk at Waukegan, Ill.

Mrs. Schenk was employed by the Decore Co. at Wausaukee as a lathe operator. She was a member of the Parent-Teacher Association at Milwaukee and the Women's Auxiliary of the Athelstane Volunteer Fire Department.

Surviving are her husband; four sons, Robert Jr. of Pewaukee, Wade and Russell both of Athelstane and Randy of Minnetonka, Minn.; two daughters, Mrs. Michael (Carolee) Polomis of Green Bay and Lindalou of Athelstane; and her mother of Athelstane.

Also surviving are two brothers, Francis Miller of

Baraboo and Benno Miller of Campbellsport; and three sisters, Mrs. Julia Broecker and Rita Zehren, both of Kewaskum, and Mrs. Florence Simon of Campbellsport. She was preceded in death by her father and a brother.

HENRY GUELL

Funeral services for Henry A. Guell, 93, of Route 3, Campbellsport, was held at 1:30 p.m. Wednesday at Taber United Methodist Church, Eden, where he was a member. He died Saturday, Dec. 10, 1983, at St. Agnes Hospital, Fond du Lac.

The Rev. Stanley Hayes officiated and burial was in Mitchel Cemetery, Town of Osceola. Friends called from 3 to 9 p.m. Tuesday at Twhig Funeral Home, Campbellsport, and at the church from noon Wednesday until the time of services.

He was born April 2, 1890 in the Town of Osceola, to the late Fred and Augusta Zerbek Guell. On Nov. 8, 1917, he married Mabel Priepke, and she died April 19, 1977.

The couple farmed in the Town of Osceola, where Mr. Guell was a former assessor. He served on the Mitchell School Board and was also an insurance agent.

Surviving are two daughters, Mrs. Willard (Marlene) Schellpfeffer of Mayville and Mrs. Richard (LaVerne) Hornburg of Route 1, Eden; two sons, Allen of Route 3, Campbellsport, and Gordon "Bob" of Route 1, Eden; 18 grandchildren; 28 great-grandchildren; and a sister, Mrs. Walter (Esther) Seefeld of Fond du Lac.

A great-grandchild, four sisters and five brothers preceded him in death.

MRS. LILLIAN SHOEMAKER

Mrs. Lillian Shoemaker, 72, of Route 3, Campbellsport, died Dec. 13, 1983, at St. Joseph's Community Hospital, West Bend.

She was born Nov. 5, 1911, in Fond du Lac, to the late Joseph and Hattie Goducke Sanders. On Jan. 12, 1935, she was married to Walter Shoemaker.

Mrs. Shoemaker is survived by her husband; three grandchildren and two sisters, Mrs. Daisy Dama of Necedah and Mrs. Virginia Seitz of Tomah. A daughter preceded her in death.

Funeral services will be held at 10 a.m. Friday at Twhig Funeral Home, Campbellsport. The Rev. Victor Kemme will officiate. Entombment will take place in Shrine of Rest Mausoleum, Ledgeview

Memorial Park, Fond du Lac. Friends of Mrs. Shoemaker may call from 4 to 8 p.m. Thursday at the funeral home.

LILLIAN E. BEHLING

Lillian E. Behling, nee Weiss, 79, a resident of the Cedar Lake Home, West Bend, died Saturday, Dec. 10, at Cedar Lake.

She was born Oct. 14, 1904, in South Milwaukee, and married Louis Behling, Jr. in Waukegan, Ill., May 8, 1926. He passed away Nov. 28, 1958.

At an early age she moved to West Bend, and after her marriage settled in South Milwaukee. Following the death of her husband, she returned to West Bend. Since 1981 she has resided at Cedar Lake.

Survivors include a son, Kenneth (Lorraine) of Hales Corners; two grandsons; three sisters, Esther Boesewetter of West Bend, Dolores (Peter) Nehrbass of Argonne and Edythe (Charles) Zastrow of West Bend; three brothers, Leslie (Mildred) of Boltonville, Edgar (Marion) of Kewaskum and Milton (June) of West Bend; and other relatives and friends.

She was preceded in death by one sister and two brothers.

Funeral services were Tuesday at 8 p.m. at the Schmidt Funeral Home, West Bend, with Rev. Brenda K. Yeager officiating. Burial was in Valhalla Memorial Park, Milwaukee, Wednesday at 10 a.m.

Visitation was Tuesday after 4 p.m.

Christmas Seal Campaign in County Passes 46% Mark

The 1983 Christmas Seal campaign in Washington County has passed the 46 percent mark but will need additional generous contributions to reach its goal of \$17,000, according to Charles W. Chapman of West Bend, state chairman of the 76th annual American Lung Association of Wisconsin appeal.

"The statewide Lung Association campaign, which has a goal of \$800,000, is at the 60 percent mark, but it will also be successful only if many more people make their annual contribution," Chapman said Wednesday.

New Videotape Program Gives Teenage Perspective on Drunk Driving Arrest

What really happens during a drunk driving arrest?

A half-hour video program that premiered Aug. 31 at Green Bay and Sheboygan shows in chilling detail the entire drunk driving arrest, conviction, assessment and treatment process.

Aimed at teenage and college age students, the group which accident data shows suffers most from alcohol and drug related crashes, "Sobering Consequences" was produced by the Center for Television Production at the University of Wisconsin-Green Bay for the state Department of Transportation's anti-drinking/driving campaign.

It will be available to driver education and other teachers this fall to help with the difficult task of convincing youthful audiences that drunken driving arrests do not always happen to the other person. Statistics show that nearly half of convicted drunken drivers are under 25 years of age, an age group that constitutes only about a quarter of the driving population, according to Maynard G. Stoehr, state highway safety coordinator.

"Sobering Consequences" begins on an upbeat note with a Saturday afternoon softball game, followed by a beer bust on the beach. "On the way home, the teenagers are jolted when a police cruiser pulls them over...and sobering reality sets in," explains Maynard A. Schneider, director of the office of information.

The DOT official cited the program for its believable acting "by several Green Bay and Sheboygan area residents including Craig Koller, Melissa Littig and Tom Pederson, Green Bay, as the central characters, and Parker Drew, DePere, as the Group Dynamics Instructor. Actors playing their real-life roles include State Trooper Roger Jones, Lt. John Webb and Deputy Judith L. Davies of

the Sheboygan Sheriff's Dept., and Circuit Judge John Buchen of Sheboygan.

The program was developed by the Department of Transportation as part of a comprehensive educational campaign aimed at fulfilling the mandate by the state Legislature to "inform and educate" drivers about the new law. "Sobering Consequences" is the Madison advertising agency, CommuniCraft, Inc., for earlier phases of the program.

Funding was provided through the \$150 surcharge placed on all drunk driving and related convictions and from federal funds provided through the Office for Highway Safety.

Copies of the program, teaching guides, leaflets and other materials are available free of charge from the Office of Information, PO Box 7910, Madison 53707 or by calling (608) 266-0552.

UWVC MUSIC DEPARTMENT CONCERT THIS WEEK

The University of Wisconsin Music Department will hold its annual winter concert on Thursday, December 15 in the University Theatre, 400 University Drive, West Bend, at 8:00 p.m. This concert will showcase the various musical groups at UWVC - concert band, instrumental ensembles, chorus, vocal ensembles, and soloists. Many local students will be performing at this time, and area music aficionados will have an opportunity to hear an excellent variety of literature.

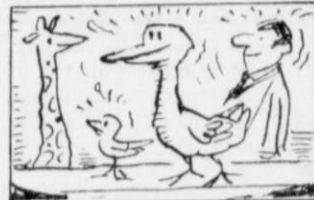

There is no charge for this event. The public is invited to attend. For more information call 338-5200.

Moisture Essential to Christmas Tree

Page 10, Kewaskum Statesman, Friday, Dec. 16, 1983

Whether you cut your own Christmas tree, or buy it from one of the service clubs or individuals who make them available during the holiday season, remember that the tree, although cut, is far from dead. It is, or should be, fresh and should be so treated.

Place the tree in a water well and keep it well watered. Once a tree absorbs all the water in the well, pitch will form rapidly on the base of the tree and it will lose its ability to absorb more moisture when it is made available.

A sparrow has 14 vertebrae in its neck. A giraffe or a man has only seven.

In the Service

Steven J. Riffel

Airman Steven J. Riffel, son of King J. and Mary M. Riffel of 617 Cabrini Circle, West Bend, will remain at Lackland Air Force Base, Texas, after completing Air Force basic training.

During the six weeks at Lackland the airman studied the Air Force mission, organization and customs and received special training in human relations.

In addition, airmen who complete basic training earn credits toward an associate degree in applied science through the Community College of the Air Force.

The airman will now receive specialized training in the voice processing field.

He is a 1983 graduate of West Bend West High School.

....

Army Pvt. Wayne L. Van Kooy, son of Joann Gahagan of 304 S. Park Ave., Fond du Lac, Wis., and George Van Kooy of Rural Route 2, Campbellsport, Wis., has completed basic training at Fort Dix, N.J.

During the training, students received instruction in drill and ceremonies, weapons, map reading, tactics, military courtesy, military justice, first aid, and Army history and traditions.

He is a 1982 graduate of L.P. Goodrich High School, Fond du Lac.

....

Stephen A. Trott

Airman Stephen A. Trott, son of Roy H. and Celia S. Trott of 1050 Chestnut St., West Bend, has been assigned to Chanute Air Force Base, Ill., after completing Air Force basic training.

During the six weeks at Lackland Air Force Base, Texas, the airman studied the Air Force mission, organization and customs and received special training in human relations.

In addition, airmen who complete basic training earn credits toward an associate degree in applied science through the Community College of the Air Force.

The airman will now receive specialized instruction in the

aircraft maintenance field.

His wife, Roxanne, is the daughter of Lawrence and Kay Roy of 1222 Adams St., West Bend.

The airman is a 1977 graduate of West Bend East High School.

....

Timothy G. Bertrand

Marine Pfc. Timothy G. Bertrand, son of Eugene F. and Constance J. Bertrand of 1018 Highway 143, West Bend, has completed the infantry combat training course at the Marine Corps Base Camp Pendleton, Calif.

During the six-week course, he received classroom instruction and participated in field exercises involving infantry tactics, the construction and camouflage of fighting positions, and the use of mines, demolitions and intra-company

communications equipment. His specialized training centered on the operation, employment and maintenance of 60mm and 81mm mortars.

....

Airman Brian L. Strout, son of Betty L. Spotts of 1301 Eder Lane, West Bend, and William R. Strout of Crystal River, Fla., has been assigned to Chanute Air Force Base, Ill., after completing Air Force basic training.

During the six weeks at Lackland Air Force Base, Texas, the airman studied the Air Force mission, organization and customs and received special training in human relations.

In addition, airmen who complete basic training earn credits toward an associate degree in

applied science through the Community College of the Air Force.

The airman will now receive specialized instruction in the aircraft maintenance field.

....

Navy Seaman Daniel D. Emmer, son of Richard and Nancy Skudlarczyk of Route 3, Campbellsport, recently departed on a deployment to the Mediterranean.

He is a crew member aboard the ammunition ship USS Nitro, homeported in Earle, N.J.

During the deployment, his ship will participate in training exercises with other Sixth Fleet Units and those of allied nations.

Port calls will be made to several Mediterranean ports.

The Nitro is 512 feet long and carries a crew of 386.

Today's Medicine

UNDERSTANDING VITAMINS
by DAVID G. LEY B.S., R.Ph.

Vitamins are organic substances necessary for life, and save for a few exceptions, cannot be manufactured or synthesized by our bodies. We must obtain them from foods, which in their natural state contain only minute quantities, or from dietary supplements. If you think of the body as an automobile engine, vitamins could be looked upon as the spark plugs regulating our metabolism keeping us tuned up and functioning at a high performance level.

In addition to these traditional physiological functions, there is a new awareness of their role in performing important pharmacologic functions. For example, Vitamin A derivatives may exert anti-cancer effects; Vitamin E may protect the body from cellular damage; Vitamin C appears to affect the immune response. Many of these potentially-beneficial effects may require dosages significantly greater than the RDA (Recommended Dietary Allowance) levels.

While a dietary deficiency is the overwhelming cause of primary vitamin deficiency, deficiencies can also result from any abnormality in any of the steps in which vitamins are processed by the body. Vitamins cannot replace food. In fact, vitamins cannot be assimilated without ingesting food. The optimal time to take vitamins is after meals. Your cells do not go to sleep when you do, nor can they exist without continuous oxygen and nutrients. Therefore for best results, space your supplements as evenly as possible during the day. Vitamins should be taken with other foods and minerals for best absorption. If you must take your vitamins and minerals all at once, then do so after the largest meal of the day. You cannot take vitamins, stop eating, and expect to be healthy. Vitamins are not pep pills and have no caloric or energy value of their own.

"How much and what vitamins to take?" are complex, personal questions. Dosage charts are designed for some mythical average person who is taller, shorter, fatter or skinnier than you. Your vitamin requirements are unique unto yourself and vary from any generalized statistics. Smokers will have a greater Vitamin C requirement as one cigarette destroys 25mg of Vitamin C. People who live in smoggy cities are not getting the Vitamin D that their friends in the country will get because the smog absorbs the sun's ultraviolet rays. More than one cocktail daily can cause a depletion of Vitamins B1, B6, and folic acid. Women taking oral contraceptives will find that the pill can interfere with the availability of Vitamins B6, B12, folic acid and Vitamin C.

The solution to the vitamin requirement question is that people having become more aware of the importance of vitamins need clear, uncomplicated information, and with recent research showing that the right vitamins at the right time are much more important to us than anyone realized, this information must be made available to you as it is essential to improve the quality of life. This information can then easily be used as a flexible, individual vitamin program when working with your own personal physician. No more information can substitute for professional care.

MERRY CHRISTMAS AND A HAPPY, HEALTHY
NEW YEAR

Leitzke, R.P.H.

DRUG INTERACTION

Are you taking prescription medication? If so, check with your physician or pharmacist before you take ANY patent medicine. Why? Many patent medicines can interfere with the action of other drugs, making either or both less effective, or even toxic. This precaution applies to such items as: Aspirin [and other headache medicines]; laxatives; cough medicines; vitamins; milk of magnesia; cold pills; antacids [and other stomach medicines], and many others.

... about your Social Security

By David Becker, Social Security Branch Manager in West Bend

APPEALING SOCIAL SECURITY DECISIONS

Many people have wondered whether any adverse decision made by the Social Security Administration on a claim may be appealed. The answer is, yes. The law assures that when a claimant does appeal, the decision will be thoroughly reviewed and that the claimant will have the opportunity to present his or her case to the fullest extent.

It's important that people understand the appeals process, particularly the time limits involved. Such an understanding can mean the difference between the success and failure of the appeal.

Essentially there are 4 different levels of appeal—a reconsideration, a hearing before an administrative law judge, a review of the hearing decision by the Appeals Council, and the Federal Courts. If you are turned down at any level, you have 60 days to appeal to the next, starting with the time you receive the notice in writing. One exception is an adverse decision by the Appeal Council—you have 60 days to bring suit in Federal Court from the day the notice was mailed to you.

A request for a reconsideration, a hearing, or an Appeal Council review must be in writing and filed with any Social Security office. In addition, you may be represented by any qualified person of your choice.

A reconsideration is a complete review of the claim by a person other than the one who made the original decision. It includes an examination of all the evidence submitted plus any additional evidence that may be obtained. If you still disagree with the decision, you may ask for a hearing before an administrative law judge.

However, if you are appealing a decision that you are no

longer disabled, a temporary rule enacted in January 1983 may affect you. You can ask to have your disability payments and Medicare coverage continue through the reconsideration and hearing steps, but you must request this within 10 days after you receive the notice. If you later lose the appeal, you may have to repay any benefits not due you, although you have the right to ask that you not have to pay it back.

Also, another rule to be in effect by January 1984 provides that beneficiaries who are appealing a decision to terminate their disability benefits will have an opportunity for a face-to-face evidentiary hearing as part of the reconsideration. This will not affect any other of your appeal rights.

The administrative law judge is an officer of the Social Security Administration's Office of Hearing and Appeals who had no part in the initial or reconsidered decision. A hearing is generally held in the same city as the Social Security office that handled your claim or a nearby city. The administrative law judge reviews what has gone on in the case, listens to

any oral arguments you or your representative have, including new evidence, and asks questions of you and any witnesses you may have. If you do not appear at the hearing, the decision will be based on the evidence submitted and you will be notified of the decision.

If you disagree with the administrative law judge's decision and appeal to the Appeals Council, the request will be considered and the appeal either accepted or denied by the Council. If your requests for an appeal is granted, you have the right to file a written statement and request an appearance to present oral arguments. If you believe that the Appeals Council's decision is not correct, your final recourse is a civil suit in a Federal Court, which of course, has another appeals structure.

The appeals process for supplemental security income (SSI) and Medicare claims differ somewhat from the procedures described here. Ask the Social Security office for special leaflets on these subjects. You can call or write or stop by. We'll be glad to answer any questions you may have about appealing a Social Security decision.

"If a man could have half his wishes he would double his troubles." Ben Franklin

25 Years Ago

December 12, 1958

The village board has again joined the Kewaskum Kiwanis Club in sponsoring a home decorating contest for the coming holiday season. Cash prizes will be awarded to the winners.

New officers for the coming year were elected at the regular monthly meeting of the Kewaskum fire department last Thursday night in the municipal building. The officers are: Assistant chief — Armin Oppermann, re-elected; foreman — William Martin, re-elected; succeeding foreman — Bob Ours; succeeding John Stollpflug, who declined re-election; treasurer — Harry Koch, re-elected; secretary — George Koerble, re-elected. The chief is not elected by the department but will be appointed later by the village board. Chief Harry Schaefer was again recommended to the board by the department.

On December 2, Kewaskum Camp 2233, Modern Woodmen of America, met in regular meeting and held election of officers for the coming year. Elected by the group were: Walter Wesenberg as council, Otto Weddig as advisor, Wilmer Probst as banker, Martin Ernst as escort, Joe H. Schwind as sentry and Syl. Serwe as watchman.

Mr. and Mrs. John Bremser, West Bend, former residents of the Town of Kewaskum, were honored on their 50th wedding anniversary on Thanksgiving Day with a mass read in Holy Angels Church, followed by a dinner and reception at the Moose Hall in West Bend. Mrs. Bremser is the former Susan Berres. The couple has eight children: Celeste (Mrs. George Meilinger), West Bend; Earl, Route 1, Kewaskum; Lenore (Mrs. Ken Goerke), Wauwatosa; Mrs. Helen Weinert, West Bend; Alois, Route 2, Kewaskum; Frank, Route 1, Hubertus; Mary (Mrs. Bob Bruchle), Monroe, and Angeline, West Bend.

Mr. and Mrs. Edwin Kempf of West Bend have announced the engagement of their daughter Karen, to Lloyd Butzlaff, son of Mr. and Mrs. Walter Butzlaff, Route 2, Kewaskum. Army Pvt. Lloyd W. Butzlaff, son of Mr. and Mrs. Walter A. Butzlaff, Route 2, Kewaskum, recently completed the final phase of six months active military training under the Reserve Forces Act program at Fort Bliss, Texas.

Laatsch PFC Donald C. Laatsch, son of Mr. and Mrs. Lawrence H. Laatsch, Route 1, Kewaskum, recently returned to his regular assignment in Hochst, Germany, after a two-month tour of duty with Task Force 201 in Lebanon. Laatsch, a grader operator in the 299th Engineer Battalion, was promoted to specialist four while serving in Lebanon.

Second Lt. Gerald C. Liepert, son of Willard C. Liepert, Route 1, Kewaskum, recently completed the officer basic course at the Infantry School, Fort Benning, Ga. Designed for officers who have not served with troops, the 15-week course instructed Lieutenant Liepert in the duties and responsibilities of an infantry commander. Army Pvt. Russell L. Pillar, 19, son of Mr. and Mrs. Albert L. Pillar, Route 1, Kewaskum,

recently completed eight weeks of basic combat training at Fort Leonard Wood, Mo.

A daughter was born to Mr. and Mrs. Armand Mertz, Route 1, Allenton, (Town of Wayne) on December 6. A son was born to Mr. and Mrs. Elmer Footland, West Allis, on December 6. Mrs. Footland is the former Adeline Vorpahl, daughter of Mr. and Mrs. John Vorpahl, Kewaskum.

50 Years Ago 75 Years Ago

December 15, 1933

Work being done by CWA employees in this village is progressing very nicely. On account of the severe cold weather the forepart of the week, the workers have been transferred from the school grounds project to the beautifying project of the dumping grounds near the Main Street bridge. The work of clearing up this dumping ground and chopping and grinding up the brushes already shows a remarkable improvement. Heretofore, these grounds were an eyesore. Another project for the village was approved by CWA officials Monday, which is the finishing of several rooms in the high school building, such as plastering, etc.

Wednesday afternoon was Santa Claus Day in the village. The good fellow arrived with his work escorted by a fleet of passenger automobiles representing the Kewaskum Chamber of Commerce. The parade was continued on the various streets of the village. After the procession disbanded Santa made himself generally useful by shaking hands with the numerous youngsters who came to see him. In the evening, Santa gave practically every child in the community a treat, in the nature of a bag of candy. Approximately 400 bags were distributed by him. The distribution was made about the Community Christmas tree in front of the village hall. Santa Claus Day was sponsored by the Kewaskum Chamber of Commerce.

Kewaskum will again be represented in the basketball world with a first class basketball team under the management of Lester Dreher. Mr. Dreher promises the basketball fans of Kewaskum a very fast aggregation and will schedule games with some of the fastest clubs in the state. The Kewaskum team will be composed of such stars as "Pete" Felda, 1932 Marquette star, and now assistant basketball coach in Fond du Lac; Bert Elliott and Archie Andrews of Fond du Lac neither of whom need an introduction to this community; Manager Dreher, Henry Rosenheimer and Chas. Miller. Several more local players will

be added to the roster shortly.

Miss Frances Zeimet returned home to Kewaskum from Milwaukee last week where she took the State Board examination for a trained nurse.

Mr. and Mrs. Monre Stahl of Beechwood are the happy parents of a baby girl born to them on Monday. A girl boy was born to Mr. and Mrs. Wendel Petri of Wayne on December 13.

December 12, 1908

Seven inches of snow fell in the first real snow storm of the winter Saturday night and Sunday. A drop in temperature followed, lasting nearly all week.

Kewaskum Statesman, Friday, Dec. 16, 1983, Page 13

Elizabeth Wescott Myers, one of the first settlers of Kewaskum, died at the home of her daughter, Mrs. Frank H. Gordon in Los Angeles, California, on November 21. Elizabeth Wescott Myers was born March 25, 1840, at Pompey, Onondago County, New York. When she was but three years of age, her family emigrated to the wilds of Wisconsin, locating near the present Village of Kewaskum, where they bore their part in the hardships and privations incident to pioneer life in the development of a new country. In 1861 she was married to Jesse Myers. Three children came to gladden their home, Myron, Addie and Louis. In 1867, Mr. Myers retired from active business and moved to

Lake Mills. He built the first log house here in 1852 and in the fall of the same year built a sawmill, and in 1856 the grist mill now owned by Backhaus and Marx.

GIRL SCOUT NEWS

Troop 145 service project for 1983, painting the school equipment at Farmington.

Recently Troop 25 went to the Stoffel Farm for a first hand look at what is better known as computer farming. This was a very interesting as well as educational trip. It also helped the girls work on a badge for the World of Tomorrow.

In December Troop 25 went to West Bend for a tour of the Gallery of Fine Arts. The theme there was Christmas in Other Lands.

The girls were glad that their leaders (Carole Connor, Rose Kiefer) were able to take them

on these trips.

The Brownie Troop 95 recently held their investiture and rededication ceremony at the K.E.S. cafeteria. The leaders for this troop are Lori Seitz and Nancy Heckel.

At rededication, receiving second year membership stars the scouts were Jamie Weinfeuter, Stacy Heckel, Terry Schult, Heidi Survis, Jenny Large, Dawn Breuer and Julie Krezman.

At Investiture the girls becoming Scouts for the first time were Jamie Weinfeuter, Wanda Lauters, Reinchael Chambers, Shelly Williams, Renne Sabish, Jessica and Jennifer Krieser, Laura Roadruck, Lynn Thull, Mary Yahr, Melissa Radtke, Tammy Kamrath, Esther Vogt, and Annie Mertz.

The Scouts at Farmington have been busy this fall also. 6th Grade Junior Scout Troop

145 with their leaders Carol Neuser and Joanne Oneska painted the school playground equipment which was in need of

service project for their community. It was accomplished with warm old clothes, paint brushes and LOTS of paint remover!

A Reminder to Cadette Troop 72

There has been a change in the Round Robin Christmas party. It will be Monday, Dec. 19, starting at 5:30 p.m., at Kerri Kudek's home. Exchange gift is \$3.00. Parents can pick up the girls at 9:45 p.m. at the Labor Center. PLEASE — No jeans. Also, any candy money still out must be turned in.

HISTORY OF THE WISCONSIN DEER HERD

By Dave Weitz,
DNR Public Information Officer in Eau Claire

HUNTER PRESSURE
[Third in a series]

If you ask Wisconsin's deer management researchers about hunting pressure in the state, they'll answer briefly: "It's going up."

More hunters have taken more deer in each of the last four years with nearly 640,000 hunters buying licenses in 1982 for the nine-day gun season. That season resulted in a take of more than 182,000 deer. In addition, in 1982 nearly 190,000 hunters went afield during the archery season to take nearly 31,000 deer.

Frank Haberland, Madison, forest wildlife specialist for the Department of Natural Resources, says the trend toward more deer hunters isn't abating. It appears logical, he says, that when hunter numbers increase faster than deer numbers, the percentage of successful hunters would drop.

That doesn't mean that fewer deer would be taken but it does mean the average hunter wouldn't be quite as likely to take a deer. It seems a simple case of more folks after a limited supply of deer.

But it hasn't worked quite that way lately because the deer herd has experienced a period of growth.

Instead, as hunters increased in number, so did their success, Haberland says. And as success has increased, more hunters have joined the sport.

Haberland says relatively mild winters in most recent years that promoted deer herd buildup have helped. "Part of it's due to these mild winters that we've enjoyed since 1972. There have been occasional severe ones but until we get two in a row, they don't mean much." In addition, antlerless quotas have been too conservative to stabilize herds, especially in the farmland.

Researchers Bill Creed and Keith McCaffery, at the Department of Natural Resources forest game research center at Rhinelander, agree with Haberland.

It appears now as if more hunters will be afield each deer season. Creed says the increasing popularity of deer hunting is because of the increasing success of hunting. "That (success) brings in new hunters."

One impact of having more hunters afield is that they, inevitably, will become more

concentrated, Haberland says. Eventually, it could mean that the rate of success among hunters will decline. "The land base can't continue to supply a rate of return at the rate that it has," Haberland says.

Statistics about hunter density are somewhat murky, but it appears clear that in most areas of the state there are more hunters now than a decade ago.

In game management unit 59C in Jackson and Trempealeau Counties, hunter density increased from 24 hunters per square mile to 50 hunters per square mile in a 10-11 year period. In unit 67 in Marquette and Green Lake Counties, the hunter density increased from 32 hunters per square mile in 1960 to 58 per square mile in 1976.

Still, deer management units are relatively large and there is wide variation within them, according to Haberland. In one public area in the Central Sands area, some 200 hunters per square mile were documented. In other parts of relatively heavily hunted units the number of hunters may be sparse.

"They involve much greater figures and much lesser figures," Haberland says.

The most heavily hunted areas in Wisconsin are, for the most part, within a 3-hour drive from major population centers. But there has been some increase in hunter numbers in the northern part of the state, according to McCaffery. His records show that the number of hunters in Wisconsin's north increased by 40,000 during the 1970s as the number of licensed hunters increased by 100,000.

It isn't just because more hunters are driving long distances to hunt in the large forested tracts of the north. "There are more people coming to the north to live," McCaffery says.

Haberland says there isn't any real certainty about what is to come. "Just what that upper limit of hunters is? It hasn't been determined. Hunters themselves are likely to decide sometime in the future."

Rep. Panzer Attends National Forum for Women Legislators

San Diego... Representative Mary Panzer attended the National Forum for Women Legislators held December 1-4 to discuss the expanding role of women in politics and concerns of women nationwide. The Forum, sponsored by the Center for the American Woman and Politics (C.A.W.P.) of the Eagleton Institute of Politics at Rutgers University, was the largest meeting of elected women ever held. More than 350 women legislators from 46 states met to discuss issues such as education, criminal justice and the economy.

Highlights of the Forum included speeches by Vice President George Bush, U.S. Representative Olympia Snow (R-Maine), and Jill Ruckelshaus, a member of the United States Commission on Civil Rights and founder of the National Women's Political Caucus.

A meeting with Democratic presidential candidates was held on Sunday and included Senators Alan Cranston and Gary Hart.

"It is rewarding to see the increasing numbers of women becoming involved in the political process," said Panzer. "I found many of the issues discussed in the sessions to be applicable to the concerns of those living in my district."

According to Representative Panzer, there are 993 women in state legislatures and 24 women in Congress. The West Bend legislator also noted that three U.S. Cabinet members are women, the most in our country's history.

Public policy experts, party leaders, educators and women from the corporate community and national leaders of women's organizations also attended the four-day event.

Chinese is the oldest living language, dating back more than 4,000 years!

TODAY'S AGRICULTURE

By Jack Trzebiatowski, Washington County Agricultural Agent

TAX TREATMENT FOR PIK GRAIN

November 1 was entitlement day for the Payment-In-Kind (PIK) program. If you are getting PIK grain, it's important that you understand the important tax implications of that PIK grain now and work them into your year-end tax management strategy.

Treat PIK grain as raised grain for tax purposes. If you start from that premise, you're in a better position to think your way through. For cash-basis taxpayers, that means you have zero basis in the PIK grain. However, if you treated Commodity Credit Corporation (CCC) loans as income, your tax position may be different than you think.

We can illustrate this point by describing three farms, each entitled to 6,000 bushels of PIK grain.

- The Smiths have no corn in nine-month CCC loan and no corn in the Farmer-Owned Reserve (FOR). They simply get 6,000 bushels of PIK corn from the CCC. This corn is treated as raised grain. Income taxes on it are due when it is sold or assigned.

- The McDonalds have 4,000 bushels of CCC or FOR corn in their bins. They didn't report the loan money as income the year they received it. They're required to sell the corn for \$2.50 to the government and in doing so trigger \$10,000 in income (\$2.50 per bushel times 4,000 bushels). The government forgives the loan, then gives them the corn as part of their PIK payment. The McDonalds get another 2,000 bushels from government stocks to make up the difference.

- The Washingtons also have a 4,000 bushel CCC loan, but they treated it as income the year they received it. There is no further tax consequence on the loan. They receive another 2,000 bushels from government stocks. That loan is forgiven as

partial PIK payment. They get 2,000 more bushels from government stocks. All 6,000 bushels are treated as if they'd raised it.

To participate in PIK, you had to be in the Acreage Reduction Program (ARP). ARP income is current income. CCC form 182, available from the Agricultural Stabilization and Conservation Service office, will tell you more about this.

Tax consequences of assigning a PIK entitlement are tricky. If you assigned it for value — toward a fertilizer purchase, for example — it's income at the time you assign it. If assigned as collateral, it may or may not be income.

Look at the terms and conditions of what's been done. If you're still uncertain, talk to a tax specialist.

Church to Hold Religious Theater

The Fifth Avenue United Methodist Church is preparing the production of "Amahl and the Night Visitors," a religious theater experience for the West Bend community. They produced the story three years ago.

The cast has changed since the last production. The title role of the crippled boy, Amahl, is being sung by Sara Prah; the mother is played by Diane Naatz; Ron Wittemann portrays King Kaspar; King Melchior is played by Douglas Johnson; King Balthazar is played by Roger Johnson; and Donald Stettler portrays the page.

The production is scheduled for 8:00 p.m. in the sanctuary of the Fifth Avenue United Methodist Church, 323 S. Fifth Avenue, West Bend, on December 15, 16 and 17. A free-will offering will be taken.

WINTER DRIVING ADVICE: Good Tires, Good Planning, Use Seat Belts

A couple of relatively mild winters have left Wisconsin Drivers dangerously complacent, according to Maynard G. Stoehr, highway safety coordinator for the State Department of Transportation.

"The fact remains that Wisconsin is in the blizzard belt, the winter wheelin' can be deadly if drivers aren't prepared for the worst," Stoehr warned.

"The Wisconsin driver should be especially concerned about traction, since lack of it is what leaves cars stranded in snowbanks or, worse, in contact with telephone poles or parked cars," Stoehr said.

"Good snow tires, or new all-weather radials on all four wheels, are significantly better than regular treads. But if you really need to drive in snow or on ice, you can't beat a set of tire chains," he added.

Anyone venturing into rural areas should have a special winter car kit in the trunk, Stoehr advised. The kit should contain two or more blankets (or the old sleeping bag with the broken zipper could be put to good use); extra clothing such as a parka, overshoes, caps and mittens, in case you have to walk for help; sand or strips of old carpeting to help provide traction; and a snow shovel and plastic windshield scraper.

Other items that might come in handy would include a flashlight with extra batteries, high calorie, non-perishable food such as candy or canned nuts, candles, matches, an empty tin can (for melting snow), booster cables, tow chain or cable, fire extinguisher and tire chains.

How you drive is just as important as what you drive if you want to successfully cope with Wisconsin winters, Stoehr said. "Drive as if you have a raw egg under your accelerator and brake pedal," he advised. "You can get started on almost all surfaces if you accelerate so gently that you don't let your wheels start spinning. When they spin, you have lost traction and the spinning wheels are only going to melt the snow or ice enough that you will need a push to get going."

"Likely, brake gently enough

that you avoid locking the wheels, or you're going to start sliding. Remember that even though snow has been plowed from the highway, intersections are likely to be icy," Stoehr said.

Front-wheel drive cars can be hazardous, Stoehr added. "Because they have greater traction when starting, drivers tend to believe that they have greater stopping ability as well. They become overconfident and drive faster than conditions warrant," he explained.

Another major hazard, which costs Wisconsin lives every winter, is carbon monoxide poisoning, Stoehr said. Although carbon monoxide (CO) is usually associated with older cars with rusty exhaust systems, it can occur in new vehicles as well, particularly if the engine is warmed up in an enclosed garage or if the vehicle has skidded off the road and the tailpipe is plugged with ice or snow.

"Children are particularly susceptible to CO poisoning," Stoehr said. "Exhaust fumes are heavy and tend to concentrate in lower areas of the vehicle. This means that a child sleeping on the floor or rear seat might be overcome with carbon monoxide while the seated parent might not be aware of any of the symptoms."

Having the car exhaust system checked every fall is a good precaution, Stoehr added.

"The best advice for driving on ice and snow still is: don't," Stoehr said. And the best advice on skidding is to anticipate stops and slow down gradually. However, since not all winter driving can be avoided, the next best thing is to plan and be prepared. This means to start by checking your passenger list. Even if you don't have to go someplace, you don't have to take passengers. Especially for kids, there's no place like home when the roads are slick."

And, finally, remember that seatbelts are a must on slick roads, Stoehr concluded. "They'll protect you in case of a crash, and they will help hold you in the driver's seat where there is a chance of remaining in control of the car."

Shopping for Christmas Toys

By Shelby Maier
Inter Home Economist

Toys are a favorite Christmas gift and with care in selection, you can make sure the toys will be well suited to the children on your Christmas list.

Consider the child's age and abilities when deciding what toys to buy. Choose toys that are slightly above the child's ability level in order to provide a challenge and keep their interest.

Infants up to two years of age need to focus on sensory experiences. They need a toy that they can feel, see, hear or even taste. The infant should be able to do something with the toys. The toys should encourage independent play.

Children from ages two to four enjoy arranging and grouping things, scribbling and drawing. Consider toys that require more than one person to play with at this age to encourage social interaction.

Games with simple rules are good for those between the ages of four and seven. Items to add to collections are good choices. Sports and games are important to these older children and teach motor coordination.

Safety is an important item to keep in mind when selecting toys. Select toys which are non-flammable, harmless if swallowed and those painted or coated with non-lead products. Look for safety devices on folding toys to avoid pinched or crushed fingers. Avoid toys with sharp edges and points, loose pins or pointed objects; also small removable parts with toys for infants and toddlers.

To provide the best equipment for the child's development, as well as get the most value for the money you spend, when choosing toys ask yourself these questions:

- *Is it strong, durable, safe, fun and attractive?
- *Is it easy to keep clean?
- *Can it be used in a variety of ways?
- *Is it suited to the child's stage of development?

Prepare Your Car for Winter

If you haven't already done so, "winterize" your car NOW to avoid mechanical difficulties in the cold weather season ahead. There are certain necessary steps which should be taken before driving any car in winter weather.

Suggestions are as follows:

1. Check tires — install snow or all-weather tires.
2. Check brakes — adjust to get equal pull on all four wheels.
3. Check the exhaust system — replace muffler and any defective exhaust pipe.
4. Check windshield — make sure defroster is working; re-

place worn windshield wiper blades; and put anti-freeze solution in the washers.

An engine tune-up, oil change, and an inspection of all lighting is also in order.

You will be glad to tend to these matters when you face drastic drops in temperature, longer hours of darkness, and the hazards of freezing rain, snowfalls, icy roads and occasional blizzards.

Junior Women Recycling Saturday

The Kewaskum Junior Woman's Club will hold their monthly recycling day on Saturday, Dec. 17, from 9 a.m. to 12 noon. We accept tin, aluminum colored glass (green and brown) and all glass with the label on. Please remove the covers from all glass containers (these can be put in with the tin). Newspapers for the Lions Club can also be left at the recycling center. Used oil can be recycled by dropping it off at Herriges Oil in Kewaskum during working hours.

IN MEMORY
 In loving memory of our dear mother, mother-in-law and grandmother, Johanna Rohlinger, who passed away seven years ago, December 11, 1976.
 God took her home,
 It was His will,
 But in our hearts we love her still.
 Her memory is as dear today,
 As in the hour she passed away.
 Sadly missed by the family.

PUBLIC NOTICES

BECAUSE THE PEOPLE MUST KNOW

Village Board Meeting Monday

Public notice is hereby given that the next meeting of the Village of Kewaskum, Wisconsin, Village Board is scheduled for Monday evening, Dec. 19, 1983, at 8:00 p.m. in the Council Room of the Municipal Building, 204 First Street.

The agendas for meeting are prepared as of Wednesday noon preceding the meeting and are available at the office of the clerk at the Municipal Building on Thursday preceding the meeting.

Copies of the agenda are also posted in the lobby of the Kewaskum Post Office and lobby of the Valley Bank.

William Martin, Clerk

TOWN OF KEWASKUM Town Board Meeting

The Kewaskum Town Board will meet Monday, Dec. 19, 1983, at 7:30 p.m. at the Town Hall, 9340 Hwy. 45, Kewaskum.

On the agenda is discussion of raising wages of landfill custodian and snow plow operators and payment of bills.

Barbara Hinz,
 Town Clerk

COUNTY OF WASHINGTON CITY OF KEWASKUM STATE OF WISCONSIN

We, the undersigned, do hereby certify that while attending revival at the Pentecostal Church of God in Kewaskum, Wisconsin, on January 21, 1983, disid, in fact, witness the death of Sister Sharon Skudlarczyk during the church service. We furthermore testify that Sister Sharon Skudlarczyk remained in the state of death for approximately twenty minutes before being raised through prayer, by the grace and power of the Lord, God. Act. 26:8.

Let it also be known that on the following night of January 22, 1983, Sister Sharon Skudlarczyk led the song service in church.

WITNESSES:

County Had 1,103 Farms in 1982 According to Preliminary Agriculture Census Results

Preliminary reports of the 1982 Census of Agriculture show that the number of farms in Washington County decreased from 1,185 to 1,103, while the average number of acres per farm changed from 141 to 148 since the 1978 census. All land in farms totaled 163,788 acres in 1982. The Census Bureau defines a farm as any place from which \$1,100 or more of agricultural products were sold or normally would have been sold.

Land from which crops were harvested increased to 121,771 acres since 1978.

The county's farmers sold \$54.0 million in agricultural products according to preliminary reports from the 1982 Census of Agriculture. The 1982 sales figure represents an average of \$48,913 for each of the county's farms.

The census reports that \$11.2 million or 21 percent of total sales were for crops, while \$42.7 million or 79 percent of the total came from the sale of livestock, poultry and their products.

Preliminary data indicates that expenditures for feed for livestock and poultry were \$6.2 million; total farm energy costs were \$4.6 million; fertilizer costs were \$2.8 million; and seed costs were \$1.6 million.

Of the total farms in the county, 423 had gross sales of \$40,000 or more; 404 reported sales of less than \$10,000. Farms operated as sole proprietorships represented 88 percent of the total; those operated as corporations accounted for 3 percent. In 1982, the average age of farm operators was 50.3 years. The proportion of operators reporting farming as their principal occupation increased from 60 to 68 percent over the four year period.

Data in the report for 1978 and 1982 are directly compar-

NOVENA TO ST. JUDE

O holy St. Jude, Apostle and Martyr, great in virtue and rich in miracles, near kinsman of Jesus Christ, Faithful intercessor of all who invoke your special patronage in time of need, to you I have recourse from the depth of my heart and humbly beg to whom God has given such great power to come to my assistance. Help me in my present urgent petition. In return, I promise to make your name known and cause you to be invoked, say three Our Fathers, three Hail Marys and three Glorias. Publication must be promised, St. Jude and St. Theresa pray for us and all who invoke your aid. Amen. This Novena has never been known to fail. This Novena must be said for 9 consecutive days. Thank you St. Jude.

4-H and Youth Agent

A SPECIAL FAMILY GIFT

December is a time of family togetherness and gift giving. I'd like to share one idea of gift giving which is in the 4-H Taking Care Health project. It is called "Coupons." Its purpose is to help to identify simple meaningful things you can do for other family members.

Here is how it goes. Spend some time thinking of ways you can do for and with other members of your family. Then make a coupon on a 3x5 card for each special favor and give it to the person you intend it for. On a coupon write the person's name for whom it is intended and then write the special favor and sign your name. When the person wants the favor he would give the coupon to you and ask for the favor.

Some possible gift ideas might be, help with home work, a backrub, some hugs and kisses, doing dishes with someone, reading a story to them, help someone with assigned chores, breakfast in bed or any other idea.

Be sure that you never make a coupon for something you won't be able to redeem when the time comes. Coupons make wonderful gift ideas for Mother's or Father's Day, birthdays, anniversaries or any other time that you want to make someone feel good.

When it comes to telling your family how you feel about them, actions often speak louder than words. Taking time to do something special for someone is a great way to let them know that you care.

CRIME DOWN

The number of serious crimes reported to police in America dropped 4 percent in 1982, according to FBI figures released recently. It was the sharpest decline in five years.

UW-Extension Calendar of Events

Monday, December 19 - 9:00 a.m. - Agriculture, Extension Education and Conservation Committee Meeting - UW-Extension Meeting Room, 515 E. Washington St., West Bend.

Helpful Guide for The Terminally Ill Available

The Cedar Lake Home Campus "Death with Dignity" committee has prepared a helpful guide to assist persons confronted with a terminal diagnosis or visiting with terminally ill persons.

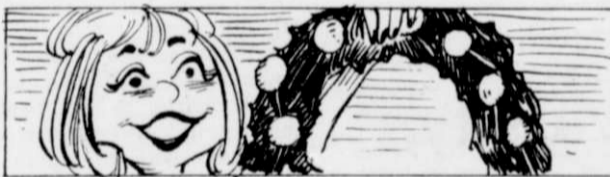

As part of the campus outreach program, up to 10 copies of the "Dying is a Part of Living" guide are available at no charge by contacting the Cedar Lake Home Campus, 5595 Hwy. Z, West Bend, WI 53095. The four page guide encourages discussion and is being used by long term care facilities, retirement centers, churches, hospitals and civic organizations across the state.

The Death with Dignity committee was appointed in 1977 to study euthanasia, death and dying.

Indians Edged by Kiel In EW; Defeat Lomira

By JOHN HARJU

The Kewaskum Indians lost to the Kiel Raiders, 61-58, last Friday night in Kewaskum. It was their second conference setback.

The game featured a basic matchup of the height and rebounding strength of Kewaskum versus the quickness and defense strength of Kiel.

The first half of the annual "Parents' Night" game was an exciting one with the momentum changing sides many times. The Indians scored most of their first half points from the inside over the smaller Raiders with Dennis Butz doing a fine job underneath while Jim Hanrahan added an outside touch.

The Raiders stayed ahead, however, through most of the first half because of some fine passing and defense and took a 28-22 lead at halftime. Scott Schroeder was a thorn in Kewaskum's side as he scored 10 points in the first half.

Kiel used relentless defense to keep a steady lead in the second half, and at the end of the third quarter, the Indians found themselves still down by 6 points.

In the fourth quarter, Kewaskum frustrations continued as the Indians began to have foul trouble, and a full-court defense by the Raiders caused Kewaskum turnovers.

Then, with about 4 minutes left in the game, Kewaskum, using fine offensive rebounding, put together a string of baskets which cut the Kiel lead to just 4 points. However, Indian foul trouble continued as Jeff Squier and Dennis Butz fouled out of the game.

Baskets by Jim Hanrahan and

Tim Leitheiser cut the Indian deficit to 3 points, but Kiel free throws kept them ahead as time ran out.

Jim Hanrahan was the game's leading scorer with 20 points. Other Indian high scorers were Dennis Butz with 12 points and Mike Steinhardt with 8. The Raiders were paced by Scott Schroeder with 17 points and Jim Linnabary with 12.

In the JV game, the Indians defeated the Raiders, 51-41. Tim Rohlinger and Bob Yahr sparked the Indians with 16 points apiece while Ron Theusch chipped in 8 points.

The Kewaskum freshmen team was handily defeated in their game, 56-39. Bruce Troeller and Ken Vogt were the leading scorers for the Indians with 11 and 9 points, respectively.

Indian Girls' Varsity, JVs, Frosh Sweep Kiel

By JOHN HARJU

The Kewaskum Indians girls' basketball team defeated the Kiel Raiders, 43-33, last Thursday night, Dec. 8, in Kiel for their first conference victory.

The Indians had their problems in the first half against a strong Raider defense that didn't give Kewaskum many second shots. The Indians countered with some good defense of their own to keep the first half close, but the Raiders, nevertheless, took a 17-14 halftime lead into the locker room.

Strong defense and turnovers hampered both teams' offenses during the third quarter. Then, in the fourth quarter, the Indian girls came to life. A basket by Julie Koepke cut the Raider lead to two points. Then, after a Kiel turnover, Indian guard, Lisa Matenaer, hit a jump shot to tie the score, 29-29.

Good offense by the Indians continued as a basket by Holly Kempf gave the Indians their first lead in the game, 31-29.

After Kempf fouled out, sophomore Lisa Fusek responded with some timely scoring and some fine defense to help increase Kewaskum's lead.

Good fourth quarter play by the Indians proved to be the deciding factor in the game as

Kewaskum outscored Kiel 19-6 during the final quarter.

Fusek led the Indians in scoring with 9 points. Sandy Secor had 8 points while Kempf and Koepke chipped in 7 points apiece. The Raiders were led by Judy Mueller and Brenda Weiskopf, who had 13 and 9 points respectively.

In JV action, the Indians easily defeated the Raiders, 51-21. High scorers for Kewaskum included Cheryl Schladweiler with 11 points, Michelle Gebheim with 8, and Chris Frantzen with 7.

The freshmen girls also won their game with the Raiders, 37-15. Laurie Blum led Kewaskum with 16 points while Brenda Vetter and Terri Schmidt each scored 4 points.

The girls will play again on Saturday, Dec. 16, at 1:00 in Kewaskum against Oostburg in non-conference.

Kewaskum (6-8-10-19-43) — Secor 3-2-3, Kempf 3-1-5, Koepke 3-1-2, Bastian 0-2-4, Matenaer 2-2-2, Fusek 4-1-2, Fellenz 1-0-2, Kober 1-0-0. Totals: 17-9-20. FTM: 12.

Kiel (10-7-10-6-33) — Weiskopf 4-1-4, Mueller 5-3-4, Nett 0-0-0, Klasser 1-2-4, Strothoff 2-0-2, Otto 0-1-0, Freis 1-0-0. Totals: 13-7-14. FTM: 17.

Kiel 61, Kewaskum 58
Kiel (14-14-19-61): Zorn 2-5-2, Deehr 1-0-0, Schroeder 7-3-3, Conreid 1-0-1, Linnabary 6-0-1, Riesterer 1-2-4, Bunge 1-3-1, Morgen 2-6-3. Totals: 21-19-15. FTM: 13.
Kewaskum (10-12-14-22-58): Arndt 2-0-3, Squier 3-0-5, Hanrahan 8-4-5, Steinhardt 3-2-0, Butz 4-4-3, Ruplinger 2-0-3, Herriges 0-0-2, Menzel 0-0-0, Leitheiser 2-0-4. Totals: 24-10-27. FTM: 5.

KEWASKUM 57, LOMIRA 50

By DENISE LEONG

The Kewaskum Indians boys' basketball team defeated the Lomira Lions in Lomira on Tuesday, December 13, by a score of 57-50, in non-conference action.

In the first quarter, the Indians jumped out to a 16-8 lead, showing balanced scoring on offense and good hustle on defense. Using a full court press, which caused numerous turnovers by the Lions, the Indians continued their strong defense in the second quarter. Offensively, the Indians were led by Jim Hanrahan, who scored 10 of his 13 total points in the first half; good passing and patience on offense enabled the Indians to increase their lead at halftime to 32-19.

The third quarter play intensified as Lomira began to hit from the outside and narrowed the margin. However, the Indian defense would not allow the Lions any respite, and the quarter ended with Kewaskum ahead, 43-33.

In an extremely physical 4th quarter, the Indians' shooting cooled, and the Lions managed to cut down the Kewaskum lead. But the Lions could not keep up their offensive momentum thanks to a number of blocked shots and steals by the Kewaskum defense. Brian Ruplinger was high scorer for the team with 14 points, followed by Hanrahan with 13. Dennis Butz and Brian Arndt each contributed 8 points to the 57-50 win.

In JV action, the Indians won 57-54. Coach Perry Koth credited the team for their perseverance as they came from behind and played a strong fourth quarter to win. Leading the scoring for Kewaskum were Bob Yahr with 22 points and Don Menzel and Tony Matenaer, each with 10 points.

The boys will begin action again on Tuesday, December 20, in Kewaskum, facing Two Rivers in conference play.

Kewaskum — Brian Ruplinger 5-4-0-14; Dan Menzel 2-0-0-4; Jim Hanrahan 5-3-3-13; Jeff Squier 2-1-1-5; Mike Steinhardt 2-1-2-5; Todd Wiedmeyer 0-0-1-0; Brian Arndt 3-2-3-8; Dennis Butz 3-2-3-8.

Shorthanded Indian Matmen Beaten by Kiel

With regulars 126 pound Rick Staehler out with illness and 155 pound Doug Miller out with an injury, the Kewaskum Indians had to give up 12 points before the match ever got started and ended up losing 42-21 at Kiel Friday night.

The Raiders started out with two straight pins and recorded two others at 132 pounds and unlimited.

Kewaskum picked up just three wins, pins by Brad Dieringer and Chris Harlow at 145 and 185 and a decision by Tim Landvatter in the 138-pound bout. Otherwise it was all Kiel, although the Indians picked up six points from Wade Jepson on a forfeit at 112. This brought Jepson's record to 4-1.

Dieringer is the only undefeated wrestler on the Indian squad with 5-0.

Coach John Nell also praised Bob Callison, who lost his first match, but turned in a respectable performance in losing 5-4 to Wayne Prahl, 112-pound runnerup in at the state meet in February.

Apparently some of the Indians did not seem to be fired up for the match.

Kewaskum, now 2-3, had three matches scheduled this week — Tuesday vs. Cedar Grove at home, Thursday against Random Lake here, and Saturday in the Horicon Invitational.

KIEL 42, KEWASKUM 21

96 — Bill Lehmann was pinned by Tom Faust, 3:21.
105 — Tom Strigenz was pinned by Steve Kirsch, 3:28.
112 — Wade Jepson won by forfeit.
119 — Bob Callison lost to Wayne Prahl, 4-5.
126 — KHS forfeits to Lorenz Jutz.
132 — Mark Fuller was pinned by Terry Truttschel, 3:52.
138 — Tim Landvatter decisioned Mark Prahl, 5-0.
145 — Brad Dieringer pinned Jim Anderson, 5:33.
155 — Kirk Vogt lost to Greg Lau, 1-6.
167 — KHS forfeits to Erik Jindra.
185 — Chris Harlow pinned John Ramaker, 3:52.
Unl. — John Swanson was pinned by Bob Conrad, 2:34.

KHS Gymnasts Lose Opener To Germantown

The Kewaskum girls lost their opening gymnastics meet to Germantown Wednesday night but did better than they did last year against the Warhawks. The final score was 87.50 to 77.425.

Jane Vesper is starting her fifth year as head gymnastics coach at Kewaskum with five veteran letter winners back. Twenty-five girls reported for the sport, including four of the leading point winners from last year.

Again it was one of the Tesch girls who came through with the top performance for the Warhawks, namely Nickie, who won the all-around with a 6.8 and took first in vaulting and second on uneven bars and balance beam. Last year it was Tracy Tesch.

Tesch got help from Sue Kaminski, who was first in floor exercise with 7.15 and first on uneven bars with 6.70. Kaminski wound up second in the all-around competition.

For the Indians, Sandy Nigh, Wendy Wilson and Dolly

Swenson picked up places, all thirds. Nigh was third in all-around with 6.225 and also on uneven bars with 6.0. Wilson was third in floor exercise with 6.55 and in vaulting with 7.35. Swenson got the only Kewaskum place on beam with 5.85.

Wilson and Nigh both fell on the bars after having looked sharp in practice.

The Indians have a meet Thursday at Beaver Dam.

Lakes Team Beaten by Cedarburg

Kewaskum's Land o' Lakes League team lost their second game in three starts against Cedarburg here Sunday night, 141-120. Cedarburg is now undefeated (3-0) and tied with the Menomonee Falls Badgers for first place in the "A" Division of the league.

Cedarburg got off to a fast start with a 35-20 lead in the first quarter and outscored Kewaskum in every period, although only by one point in the second and third quarters. The winners were ahead at halftime, 69-53.

Cedarburg's Murray took top scoring honors for the night with 40 points, while teammates Sutherland and Van Dyck chipped in 34 and 30 points respectively. Pacing Kewaskum were Leon Laatsch with 37, Clark Eichstedt with 28 and Maney with 16.

Cedarburg sank 19 free throws to Kewaskum's 8.

This Sunday Kewaskum hosts Sussex (3-0), unbeaten leaders in the "B" Division.

Details on the game were received too late (Wednesday) to publish last weekend's results, this weekend's schedule and the standings.

CEDARBURG — Van Dyck 14-2-3, Sutherland 14-6-2, Murray 16-8-2, Friess 6-1-2, Willer 4-0-3, Coultis 1-0-1, Jensen 6-2-5. Totals 61-19-18.

KEWASKUM — Laatsch 18-1-6, Lehnerz 3-1-2, Eichstedt 14-0-5, Backhaus 4-1-0, Gonwa 5-2-2, Maney 7-2-5, Thomas 1-1-0, Stautz 1-0-1, Miller 3-0-0. Totals 56-8-11.

County Deer Kill Reported at 467

Unofficially, Washington County's deer kill registration total reached 467, according to DNR Wildlife Technician Walter Eichstedt of Pike Lake State Park.

The final figure will be up or down a few, depending upon totals registered at stations in adjacent counties and retabulation of the actual deer kill in the respective counties.

Despite all the rain and bad weather, the count is up 30 to 40 percent over last year, compared to the county deer kill of 346 last year.

All five or six of the registration stations in the county were up in their totals, unlike many places in the state where the kill was down, due to rain, which kept the deer from moving from marsh and bush areas and also drove some hunters out of the woods.
