Razing Started on Feed Mill

By GERRY MUELLER
Statesman Staff Writer

Workers have begun razing a village landmark, the building which formerly housed the F-S Feed Mill on Railroad St., and in recent years, Kewaskum's Halloween Haunted House.

The building was erected as an elevator by A. G. Koch around the turn of the century. Following Koch's death in 1913, it was remodeled into a feed mill and was then operated by Koch's sons, Arthur and Ervin Koch.

The property was recently purchased by the Village of Kewaskum and the building is being torn down to provide

room for approximately 25 parking places. The additional spaces are part of a plan for future remodeling of the Municipal Building. In that plan, the Police Department's area will be remodeled and expanded. A new Community Room is also planned.

Village Administrator Dan Schmidt said the additional parking will be needed when residents begin using the Community Room. The new parking will also replace some slots which will be lost along the Municipal Building's west side when remodeling in the garage area is done.

Schmidt said the village

board decided to add a community room to provide area organizations and groups a place to meet. Many clubs and meetings had used the bank's community room, however, that facility is no longer available for public use.

Local Man Accidentally Shot When Gun Drops

A 43-year-old Kewaskum man sustained a shotgun wound to the right hand Thursday night in an apparent accidental shooting at a location just north of the Washington-Fond du Lac County line.

The victim, Hartwell (Jim) Paul, owner and operator of Paul Auction Co., was rushed by the Kewaskum rescue squad to St. Joseph's Community Hospital, West Bend, for treatment. The shooting incident occurred inside the Paul Auction facility located along County Trunk S in the Town of Auburn, two miles north of Kewaskum.

Following initial treatment at the West Bend medical facility, Paul was transferred to St. Joseph's Hospital, Milwaukee, where he submitted to surgery on Tuesday. Paul is expected to be released from the hospital this weekend.

At the time of the shooting, Paul, according to Fond du Lac County Sheriff's Department authorities, was in the auction center with Donald W. Naegele, 47, of Milwaukee.

Paul was walking through a doorway with the double-barrel shotgun and about to show it to Naegele when the shotgun somehow dropped to the floor and discharged, with the blast striking Paul in the right hand, authorities said.

The sheriff's department was notified of the shooting through Washington County authorities at 7:38 p.m.

Naegele said it appeared the shotgun slipped out of its case and fell to the floor.

Questioned by authorities at the West Bend hospital, Paul said he was walking when either the shotgun or the whole case slipped out of his hand.

DOG BLAMED FOR ACCIDENT

A dog may have been the cause of a one-car accident Monday night near the intersection of Clinton Street and Roseland Drive in Kewaskum. Todd Stern, 18, of 819 Pleasantwood Drive was traveling eastbound on Clinton just before 9 p.m. when his dog began growling. When Stern turned to reprimand the animal, he lost control of his vehicle, which jumped the curb and struck a utility pole. In the process he sheared off a small tree and uprooted two cluster mail boxes which were cemented in the ground.

The car came to rest tilted on the telephone pole until it was removed by a wrecker. Neither the driver, his passenger or the dog were injured, but there was damage to the vehicle, pole and mail boxes.

Ninneman of 605 Summit Drive in West Bend. He is 8 years old and picked the name of the "criminal" as "BIG HANK." He received \$5.00 from the society for the best name. Thank you to all the rest of the children that entered, keep on your toes because in the following months we may be having more contests.

Also a big THANK YOU goes out to Jim Warnkey for making the arms, legs and face. He also will be receiving a gift from us.

As I have said in previous articles, there are numerous things in the museum that you the public would like to view. One of these things is the collection of SHERIFFS that have served in the OLD JAIL and in the present one. We have quite a lot of pictures that are hanging up on the stairway wall for you to see. Also pictures of

There are many things I'm sure you'd like to see. How about a double key typewriter, the capital on one key and the small letter on another key, also other typewriters.

Our doll collection is growing as we have acquired some more very old dolls that we will be putting in our special case.

ART TAUGHT TO CHILDREN

By Mr. Anglim

The Kewaskum Art Program, provides opportunities for expression of the child's own observation of his world - how he/she feels, thinks and reacts in a creative way to their environment. Mr. Anglim and Mrs. Henke accomplished this through various media such as clay, paint, watercolors, colored chalks and scrap materials.

Art Education varies at the different grade levels. The overall objectives of art education are the same no matter what the age level. Art education endeavors to help children see and appreciate beauty in their environment. This provides them with rich opportunities to observe natural and man-made creations. In art provision is made for self-expression. This is brought about through each child exercising his/her own skill within a favorite medium that he/she is exposed to in the classroom. Each child will grow in ability to express themselves as the need arises and as they see a chance to experiment and enjoy the opportunities shown to them. To accomplish these objectives the art program offers these units of work for the child to explore: basic drawing, picture planning, color and shading, painting with watercolors and tempera, out-door sketching with charcoal and lead pencils and crafts.

Free drawing is also included where the child draws without suggestion or direction from the instructor to begin with but shows his finished work which should show results of classroom study and practice. Large pictures are drawn correlating art with the subject matter and they are colored by the children in a group form.

Educators in every field strive toward desirable outcomes and so it is in the art field. These desirable outcomes are: a sincere expression of the child's own feelings and ideas; a growing understanding of the world about him and what he can do for himself in that world; the development of visual growth and judgment; an enjoyable experience using various materials; an increasing coordination between mind and hand; a feeling of satisfaction with his own work; and an appreciation of the efforts of others around him.

Letters to the Editor

May 21, 1984

Page 12, Kewaskum Statesman, Friday, June 1, 1984

To the Editor:

YMCA Tot Time in Kewaskum and myself, in particular, wish to thank all of the community and parents who assisted us this year. You have helped to make our year so successful.

Thank you to Peace United Church of Christ for your warm and friendly classrooms.

Thanks to the Kewaskum Junior Woman's Club, who, along with Sue Wessing, so graciously arranged for Woodsy the Owl to visit in the fall and for Mr. and Mrs. Easter Bunny to hop in for a visit at Easter-time. Thank you for all the conservation information you shared and for our Easter gifts.

Thank you to the Kewaskum Fire Department and the Police Department for helping us learn how to be safe at home and away. Honeck Chevrolet let us tour and learn about transportation and simple machines. Homeplate Restaurant taught us how to operate our own play restaurant and also treated our tummies with ice cream cones! Kewaskum Floral kept us clean! Thank You!

Parents are the secret ingredient of any school. Ours are special in so many ways. They share learning games they have made; find us extra paper for our easel; babysit for our pet hamster, "Pumpkin," in the summertime; donate wood to build with; dress-ups, tools; farm supplies when we study the farm; beauty shop items; water play items; play musical solos and smile all the time!

Thank you to the Tot Time parents and especially to: Jan Bunkelman, Chris Buss, Pat Deshotels, Nancy Fehlhaber, Vicki Fenrick, Lana Kuehl, Kathie Stephani, Jan Uhlman, Jenny Warner, Sue Wessing and Donna Ziarkowski.

Have a wonderful summer!

Sincerely,

Rosalynn Kiefer

Kewaskum Statesman:

Our school year is again coming to a close. As a parent of two Kewaskum students, one in Kewaskum Elementary and one in Middle School, I would like to say a BIG THANK YOU to all teachers and the staff. I feel they are doing a terrific job. I feel very lucky to be in this school district. It's small enough to have that "family type" atmosphere and yet the opportunity of working on computers and numerous extra activities are available. Most important, they are learning their reading, writing & arithmetic!

My kids really enjoy school and I feel it's because of the great teachers they've had through the years. Again, thank you for all your time and efforts with my kids and all the others. You deserve a big round of applause.

A Very Pleased Parent

To The Editor,

On May 15th, 1984, the Public Service Commission unanimously voted against General Telephone's proposal

on Local Measured Service. The public outcry against LMS was so strong that it could not be ignored. I would like to applaud and thank the people who participated in the "grass roots" organization against LMS. The comments and speeches made at the Campbellsport Community Center during the press conference held by CUB showed how government and concerned people can work together to achieve a worth that supercedes the so-called "political" control. This has truly supported my belief of government "by the people, for the people." Thank you again, we should be proud of our community effort.

Respectfully yours,

Pat Gruber Jerominski
Candidate for 59th
Assembly District

'Thank You' for Supporting Baseball Card Program

On behalf of the Washington County Sheriff's Department, myself as Sheriff, and the citizens of Washington County, I wish to extend sincere appreciation for your generous donation to the Milwaukee Brewer Baseball Card Program being sponsored by this Department.

Last year's program proved that your support will substantially aid in the improvement of relations between the young people of our community and uniformed police officers, and was termed a "huge" success.

We are grateful for the consideration given by our County business community. Be assured positive contacts such as this program is offering will contribute towards positive effects on the future of our young people and is definitely a wise investment.

SPECIAL "THANKS" TO:

Editor:

The Threshold is thankful to many community and county citizens who cooperatively donated the funds that resulted in the construction of our new park shelter.

The idea of a park shelter for Threshold received support and donations from the Wausaukee Aid Association for Lutherans. The Local Branch #3743 of A.A.L. is one of eight locals who belong to this group. They raised funds at their summer picnic. The Kohlsville Local #1657 contributed \$400.

The Aid Association for Lutherans, Local Branch #3743, raised \$4000 which paid for the materials and stain. Under the chairmanship of Paul and Janet Techtman, they held a pizza sale and rummage sale in 1983. The funds raised were matched by the A.A.L. home office in Appleton, Wisconsin. Paul and his volunteer crew also installed the footings for the shelter and did other preliminary work prior to actual finalized construction.

Kons Sadonokow, owner of West Bend/American Building Systems, Inc., a local building contractor, donated the funds to pay for the erection and shingling of the roof of the 30' x 60' park shelter.

The concrete floor, electrical outlets and wheelchair accessible walk leading to the shelter were paid out of funds from a previously established special "restricted" fund for recreation. This money has been donated by many people and groups in the past 3-5 years and now has been put to good use.

Our clientele and workers will now be able to use this shelter on a daily basis especially those who because of side-effects from medication could not partake in outdoor activities due to lack of shade.

Other community groups may also use the shelter with prior arrangements being made with The Threshold. We feel that we should share our facilities with our community for without their support over the past years, we would not have what exists today.

We are most appreciative to the many contributors who have donated their time, efforts, and have given us monetary consideration.

Sincerely,

Horst D. Wagner
Executive Director

**Stitt Announces
Candidacy for Senate**

Donald K. Stitt

(PORT WASHINGTON, WI) State Representative Donald K. Stitt (R-60th Assembly District) has today declared his candidacy for the 20th Senate District. The seat has become an open seat due to the retirement of Senator David Opitz who announced that he will not be a candidate for re-election. The announcement was made before the 9th District Republican Caucus in Pewaukee.

"Due to the vacancy in the 20th Senate District, the need for continued responsible representation in Wisconsin's upper chamber is now," Stitt said.

"I have declared my candidacy for the 20th Senate District because I feel the 1985 January session of the Legislature will be a watershed year. The direction of state government and its tax policy will be decided between the tax spenders and the tax savers."

Stitt explained that his goal in the Assembly has been to make Wisconsin a better place to do business. "But," Stitt said, "with the current political climate in Madison, businessmen both large and small are having trouble simply surviving, let alone growing and prospering."

"I will continue to work to improve the business climate that has been damaged by the tremendous tax increases and anti-business policies of the Earl Administration," the Republican candidate for the 20th said.

Stitt is currently practicing law and living in Port Washington with his wife Mary and their three girls: Heidi, 12; Lindsay, 7; and Sarah, 3.

Stitt is a 1968 graduate of the University of Wisconsin where he received a B.S. degree. He earned a law degree from the

Marquette Law School in 1971 and an advanced law degree in taxation from the Georgetown Law Center in 1977.

He worked for the brokerage firm of Robert W. Baird & Co. in Milwaukee and is currently a practicing attorney in Port Washington.

Don Stitt was elected to the 60th Assembly District seat in a special election in July, 1979 and was re-elected in 1980 and 1982. He served on the Port Washington Board of Education from 1975 to 1984.

**Area Youth Receives
FBI Scholarship**

The former agents of the Federal Bureau of Investigation have awarded Law Enforcement Explorer Sharon K. Schauer a \$500.00 College Tuition Scholarship. Sharon, a Lomira High School senior, belongs to Explorer Post 9929, sponsored by the Wisconsin State Patrol in Fond du Lac.

Exploring is a co-ed career oriented program of the Boy Scouts of America for young adults ages 14-20 with a national membership of 750,000.

This national scholarship was presented to six high school seniors nationally; each eyeing a career in Law Enforcement, Law or Criminal Justice.

Tornado Tips

**AFTER THE STORM —
WHAT DO YOU DO?**

[Last in a series]

If a tornado should hit, remain calm — panic never helps. Most tornados are short-lived, lasting only four or five minutes and travelling on the ground for two miles, on the average, according to the Wisconsin Division of Emergency Government.

Closely inspect your property, including automobiles, for damage. Check immediately for electrical problems and gas leaks and report to utilities or the fire department if danger is imminent.

If you have extensive damage, contact your insurance company immediately. In the meantime, secure your property from further damage or theft. Heavy rains often follow a tornado.

Take an inventory of the damage to speed your insurance settlement. Your policy may provide coverage for additional living expenses should you not be able to stay in your home. There is also a policy provision

for paying the expense of debris removal.

If you have not suffered damage, be a good neighbor and help those who need it. But, do not telephone directly into or visit a disaster area. Reports will be broadcast, so let the rescue work proceed unhampered by spectators and curiosity seekers.

Do not enter a building damaged by a tornado until you are sure it is safe and will not collapse.

Use only approved or chlorinated supplies of drinking water.

Check food supplies. Food may contain particles of glass or slivers of other debris. Discard canned goods with broken seams.

Get food, clothing medical care or shelter at Red Cross Stations or from local communities if necessary.

Notify your relatives of your safety. Local authorities may waste time trying to locate you if you don't send word. Do not tie up phone lines if they are

needed for emergency calls.

Cooperate in the general clean-up of debris. You are responsible for cleaning debris from your own property.

During repairs and clean-up wear shoes and gloves. Glass, including fiberglass insulation, can injure unprotected hands and feet.

WHAT IF YOU ARE A VICTIM? Do your best to protect yourself, your family and your neighbors from further damage.

Make sure authorities are notified that you are a tornado victim.

Be prepared to cooperate with trained and authorized officers and volunteers who will arrive to give you aid.

Do not sign contracts for repair work, removal of rubble, or new insurance without consulting authorities.

By thinking clearly and calmly and helping one another, we can limit the injury and destruction tornadoes cause.

END OF SERIES

Tornado Alert

We don't want to alarm you, but no community is immune from tornadoes or other possible disaster.

Kewaskum does test its warning system the first Thursday of the month at 10:30 a.m. by blowing the siren from 3 to 5 minutes.

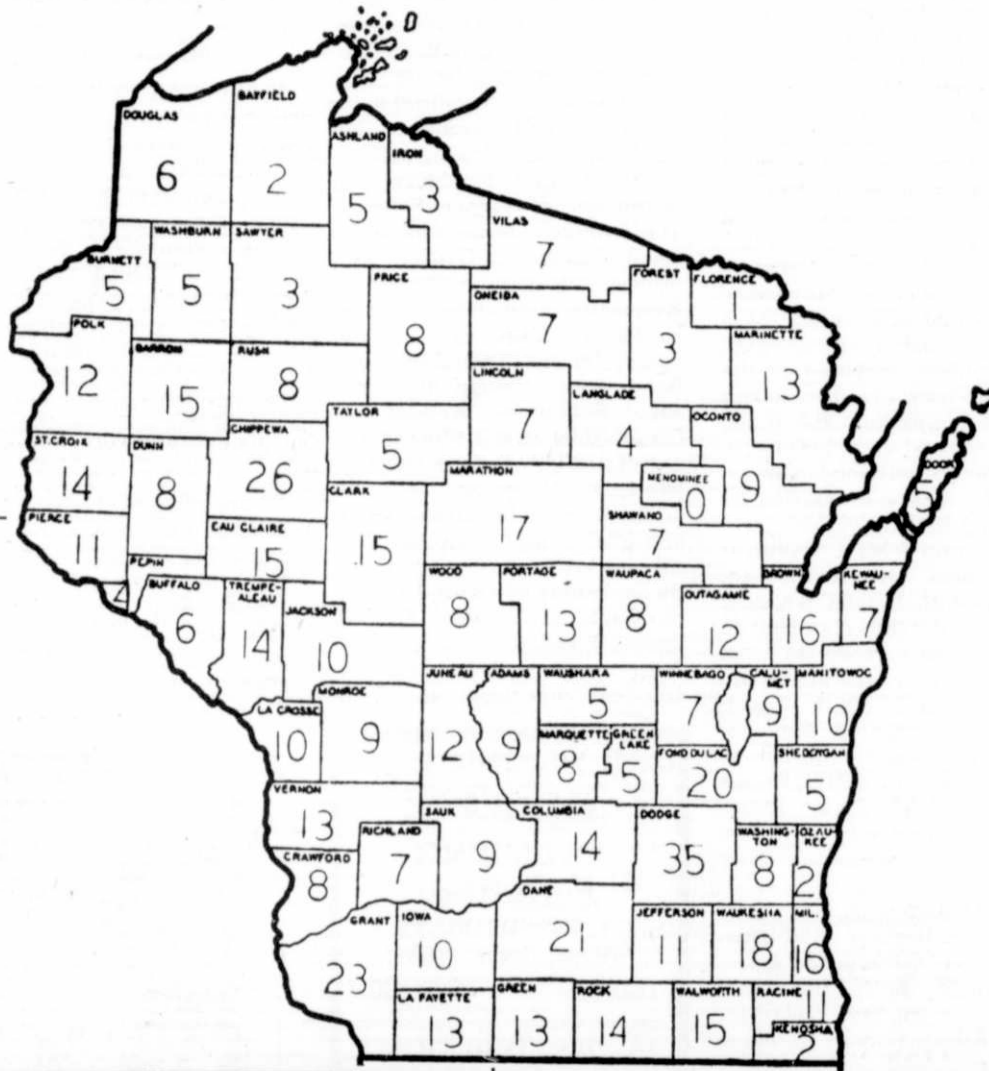

So what should you do if a disaster takes place? Take shelter and listen to your local radio station.

The fire siren will be sounded on Thursday, June 7, at 10:30 a.m. to acquaint residents with the tornado or other disaster signal. It will be sounded at a steady pitch for three minutes.

In the event of a tornado or other impending disaster take precautionary measures.

The alerts will be held throughout the year on the first Thursday of each month.

Ranging in age from 4 to 74 years, around 200 residents of Wisconsin met in Kewaskum Sunday morning to take part in a hike through the rugged Kettle Moraine area northeast of here. The tour was the first "Ice Age National Park" hike. Leading the hike was Henry S. Reuss, Democratic Milwaukee congressman and author of a bill to establish a national park in Wisconsin. Included in the proposed park are inter-lobate moraines, terminal moraines, eskers, kames, drumlins, kettle holes and outwash plains, most of which were viewed by the group Sunday.

With all the splendor of the Catholic Liturgy, Holy Trinity Church of this village, was the scene of a most solemn and impressive service on Tuesday morning. The Reverend Aloysius S. Fellenz, one of Holy Trinity parish's favorite sons, offered up his First Solemn High Mass. After 12 years of intense training, study and prayer at St. Francis Seminary, Aloysius S. Fellenz reached the goal which had been his aspiration from his boyhood years. The young priest was escorted in solemn procession, amid the joyful ringing of the church bells and the melodious strains of the organ to the church which some years ago had been the scene of his Baptism, First Holy Communion and Confirmation. The music and singing at the high mass was by young priests of St. Francis Seminary, all classmates of Father Fellenz. The symbolic bride was little Rhea Gadow of Barton, her bridesmaids Harriet Stoffel of Kewaskum and Mary Agnes Laufer of Milwaukee, train bearer Jerome Heitpas of West Bend, Pages Nathan Nigh and Alan Stoffel of Kewaskum. Father Aloysius S. Fellenz is the son of John P. Fellenz and the late Helen Mahlberg.

Three men were arrested and one of the largest alcohol distilleries ever uncovered in Fond du Lac county was seized Thursday night when seven federal agents invaded an abandoned farm three miles north of Dundee. The district in which

the distillery was seized was one of the "wettest" in eastern Wisconsin during prohibition days. Distilleries were found in the vicinity of Dundee frequently and on one occasion alleged distillers engaged a federal agent in a gun battle. The plant apparently was a new one, probably set up in the last two months, agents said. When the agents opened the valves on the mash tanks, a veritable flood of mash filled the barn. Agents worked all night dismantling the still.

Milton L. Meister of West Bend will open a law office in the bank building at Kewaskum starting June 7. He will be here every Thursday afternoon from 1:30 to 5:00 or by appointment.

The Washington County Highway Commission had a crew of men here this week oiling our streets, which is greatly appreciated by our citizens who have been used to eating dust for the past few weeks.

Considerable excitement prevailed Monday morning when a team of horses belonging to Louis Backhaus of the Town of Kewaskum, went through Main Street at a break neck speed, having gotten away from Mr. Backhaus' son about two miles east of the village. The runaway was caused by the dumpboards on the wagon striking the horses. No damage was done.

The barn on Herman Tesch's farm near Boltonville was struck by lightning at 5 a.m. last Thursday. His best horse and a cow were killed by the bolt. Mr. Tesch was milking in the barn at the time but was not injured.

The Junior Prom was given in the South Side Park Hall last Friday evening and it was a very pretty event. The hall was beautifully decorated in pink and white and elaborate re-

freshments were served. Everyone enjoyed the affair very much.

Mrs. Math. Luis, a well known pioneer resident of St. Kilian, died last Wednesday, after a lingering illness with cancer. The former Clara Miller was born in Canton, Ohio, on June 1, 1835. She was married to Christopher Bassel in 1852, their union being blessed with six children of whom four survive besides her aged husband, namely: Martin and John of Kewaskum, Anna (Mrs. Fred Mutter) of Chicago and Mary (Mrs. Mat. Labr) of Eau Claire. Her first husband preceded her in death in 1868. In 1882 she married Mat. Luis.

Cadette candle ceremony

The Girl Scouts from Wayne held their year-end awards and fly-up ceremony last week. Nine third grade brownies from troop 50 bridged into Juniors, and two sixth grade Juniors from Troop 223 crossed into Cadettes. They each carried a candle signifying the carrying over of the promise from Juniors to Cadettes.

Awards and badges were also handed out to the girls in Troops 20 and 222. Next the leaders were all thanked for their year of hard work (and pleasure) and then everyone

enjoyed refreshments provided by the leaders.

Minutes of Village Board Meeting

Mid-Monthly Meeting
May 21, 1984
8:00 P.M.

The Village Board of Kewaskum, Washington County, Wisconsin met in regular session in the Council Room of the Municipal Building, 204 First Street.

President Gerald F. Stollenwerk presided. Trustee Donald Mlodzik and Trustee Paul Blumer asked to be excused and were absent. All other Trustee Members were present.

On a motion by Trustee Mary Krueger, seconded by Trustee David Nigh and unanimously carried by voice vote, the Board approved the minutes of May 7, 1984.

Mr. Rick Dietzler and Mr. John Kieckhafer of the Accounting Firm of Kannenberg and Kieckhafer were present to answer questions and make a statement to the Board regarding the audit for the year ending December 31, 1983. Mr. Kieckhafer made some general comments regarding to year end balances indicating the General Fund was in the black showing a surplus; that the Water Department Fund was in the red showing a loss, but explaining it was caused by the repair work done on Well No. 1; and the Water Pollution Control Department Fund was in the black showing a surplus. Trustee Howard Laubenstein and President Gerald Stollenwerk both asked a similar question to Mr. Kieckhafer, that being, will your 1983 audit meet State and Federal requirements for revenue sharing? The answer given was yes and he indicated that his firm had added the footnote to accomplish that.

The opening of the sealed bids for the residing of and the addition of eaves to the Village Garage were as follows:

Jack Walters & Sons, Corp., Allenton, WI \$22,491.00.

On a motion by Trustee David Nigh, seconded by Trustee Howard Laubenstein and unanimously carried by voice vote, the Board turned the bids and related documents over to the Public Works Committee for review and a recommendation for the June 4, 1984 meeting.

On a motion by Trustee Mary Krueger, seconded by Trustee Thomas McElhatton and unanimously carried by voice vote, the Board approved the building permit application of Steve Cundy, 1170 Stark Street, for the construction of a new home. The office was authorized to issue the proper permits upon proper payments of fees. The permit application was approved by the Certified Building Inspector and Zoning Administrator.

On a motion by Trustee Howard Laubenstein, seconded by Trustee David Nigh and unanimously carried by voice vote, the Board approved the building permit application of Augie Bilgo, 1314 Parkview Drive, for the construction of a garage. The office was authorized to issue the proper permits upon proper payment of fees. The permit application was approved by Building Inspector and Zoning Administrator.

The Board discussed attending either the League of Wisconsin Municipalities or Mid-Moraine meeting of Wednesday, May 30, 1984. It was the consensus of the Board to

attend the Mid-Moraine meeting.

On a motion by Trustee David Nigh, seconded by Trustee Mary Krueger and unanimously carried by voice vote, the Board authorized the purchase of 3 portable voting booths at a cost of \$639.00 from the Thornber Group.

The Park and Recreation Committee Chairman, Trustee Thomas McElhatton, reported that the Committee recommended the acceptance of the Lifeguard and Basket Attendant Manuals. On a motion by Trustee Howard Laubenstein and seconded by Trustee David Nigh and unanimously carried by voice vote, the Board accepted the manuals as recommended by the Committee.

The Park and Recreation Committee also recommended the approval of allowing the Jaycees to construct and install some timber playground equipment. On a motion by Trustee David Nigh, seconded by Trustee Howard Laubenstein and unanimously carried by voice vote, the Board accepted the Kewaskum Jaycees offer to construct and install playground equipment in the parks. Trustee Thomas McElhatton also informed the Board that from the donation to be received from the Modern Woodmen of American Camp 2233, a flagpole would be purchased for River Hill Park.

On a motion by Trustee Mary Krueger, seconded by Trustee Thomas McElhatton and unanimously carried by voice vote, the Board approved the hiring of Kathleen Schmitt and Beverly Hansen as Crossing Guards at \$13.63 per day and a substitute, Patricia Hafermann, at \$12.00 per day.

On a motion by Trustee Howard Laubenstein, seconded by Trustee David Nigh and unanimously carried by voice vote, the Board approved the signing of the contract with Westra Construction, Inc. for Water Pumpstation No. 3 for \$232,850.00, on the Engineers (Ruekert & Mielke, Inc.) recommendation. Westra's bid was the low bid received for the bid work.

On a motion by Trustee Thomas McElhatton, seconded by Trustee Mary Krueger and unanimously carried by voice vote the Board accepted the audit as presented by Kannenberg and Kieckhafer, Inc. for the year ending December 31, 1983, with the understanding that the audit meets the State

and Federal requirements for revenue sharing. Mr. John Kieckhafer indicated earlier at the meeting that he felt the audit was completed and would meet the aforementioned requirements.

IN MEMORY

In loving memory of Jessica Jean Flynn, who passed away two years ago, June 2, 1982:

Gone is the face we loved so dear,
Silent is the voice we loved to hear.
Too far away for sight or speech,
But not too far for thought to reach.
Sweet to remember her, who once was here;
And, who though is absent, is just as dear.
Sadly missed by mother, father and family.

A NOTE OF THANKS

Special thanks to the Kewaskum Rescue Squad for their quick service on Easter morning.

We would also like to thank everyone for all the prayers, cards, gifts, food and visits after our accident. May God bless you all!

THIEMERDOME THURSDAY GOODTIME LEAGUE

Standings

Bartelt Ins.	1-0
Kennelly Pharmacy	1-0
BJ & Co.	1-0
Grand Larsony	0-1
Thornton & Schaub	0-2

HIGHLIGHTS

There was a modicum of highlights last week as good old Mother Nature let loose with thunder storms.

In the first game Thornton & Schaub had to forfeit to BJ & Co. Homer Justman's troops lucked out again.

In the second game the dark skies really had an adverse effect on Dan "Cataracts" Filzen, the usually faultless shortstop for Bartelt Ins. His 3 errors paved the way for 6 runs by Grand Larsony in the 1st inning. Dan must have had his church dues paid up because in the top of the 3rd inning the heavens opened up and the game was called due to rain and darkness and will have to be replayed from the beginning. This was just another example of the tough luck the Crass boys and Grand Larsony team has been having over the years. Bartelt Ins. did have an "Ace in the Hole" however, as they look Gerald "Artie" Kiefer off the injured reserve list for this game. The former Brooklyn Dodger minor league catcher from Slinger spent the winter doing knee exercises and is once again in A-1 shape. This has caused concern with the Thiemerdome management as they may have to add some distance to the left field fence.

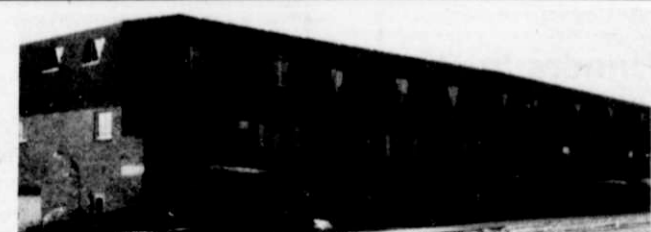

Last week's fans please

remember, to bring your rain stubs along in order to get into this week's games. Attendance 243.

Holly Kempf Goes to State in Two Events

Only one Kewaskum athlete survived Class A sectional competition in bad weather conditions at Fond du Lac last Thursday to qualify for the State Track Meet.

The Indians' Holly Kempf made it to State in two events, finishing first in the discus and second in the shot put. Her discus effort was a personal best and school record 126' 7", which bettered the rest of the field by a full 15 feet. Holly, a senior, placed second in the shot but was not up to her normal form with a 35' 4".

Kempf has had an outstanding season. Her only loss in the shot put this year came in an early indoor meet to De De Davis of Sheboygan Falls. She is undefeated in the discus this year.

Coach Denise Leong said Kempf reached her goal by getting to State, also that she is just peaking in the discus and should have a good opportunity to place in the event.

The two other Indian athletes in the sectional failed to qualify against some very strong competition from the Fox River Valley area.

Kewaskum's only other female participant, Sandy Nigh,

was sixth in the triple jump (32' 4"), while the only boy, Mike Steinhardt, was fourth in the 200 (23.2) and fifth in the 100 (11.6). Only the first two places qualify for State.

The Kewaskum girls tied for 11th in the sectional with 19 points. In the boys end the Indians were far back with 6 points.

Indians Qualify Three For Class A Sectional

By John Harju

Kewaskum's Holly Kempf, Mike Steinhardt, and Sandy Nigh each qualified for sectional, while Monty Shaw and Sandy Klein turned in school records in last Monday's regional track meet held in New Holstein.

Kempf qualified in two events by easily winning both the shot put (38'11") and the discus (122'2"). Athletes needed to finish at least third in an event in order to advance to the sectional.

Steinhardt, who holds the KHS record in the 200, also qualified in two events, taking third in the 200 and 100 with times of 24.3 and 11.9.

Nigh qualified in the triple jump, taking third with a jump of 32'8 1/2". Teammate Sandy Secor was fourth.

One school record was turned in by Monty Shaw in the 800. Shaw finished in a record time of 2:02.4 but had to settle for fifth. Shaw also tied for fourth in the 400 (55.1).

Sandy Klein missed qualifying in the 1600 by two hundredths of a second and had to settle for fourth. She did, however, manage to set a new KHS record in the 1600 with a time of 5:35.2. Klein, who has flirted with the record throughout the year, crushed the old record by more than seven seconds. Klein was 5th in the 3200, as well.

Gunner Schlieter also had a fine meet placing 4th in the boys 1600 (4:48.4). Julie Koepke was fourth in the shot put, and Lisa Fusek, who set a KHS record in the 200 with a 27.3 at the conference meet, placed a strong sixth in the 200 on Monday.

The Kewaskum boys, as a team, finished last out of 8 teams with 26 points. The girls

ended up a solid fourth with 51 1/2.

Indian Varsity Golfers 5th, JVs 1st in Conference Meet

The Kewaskum varsity golf team finished fifth and the JVs first in the Eastern Wisconsin 18-hole tournament at Riverdale Country Club, Sheboygan, Thursday.

The varsity took fifth in a very close finish. Only nine strokes separated the first five teams. Kiel was the winner with a 332 total for its top four golfers. Chilton was second with 335, Plymouth third with 335, Two Rivers fourth with 338, Kewaskum fifth with 341, Sheboygan-Falls sixth with 350, and New Holstein last with 368.

The Indian JVs won a nine-stroke victory over Plymouth, ending a very successful season. They lost just one conference match the entire year, by a single stroke to Chilton.

The one event determines the all-conference team and Two Rivers' Dan Brooks posted a five over par 75 to win the medal. The only other player to break 80 was Kiel's Steve Bunge with a 78.

Kewaskum's Mark Brodzeller made the team with an 82, to tie for 7th and a medal. Other Indian scores were 85 by Jeff Nigh, 86 by Chris Harlow and 88 by Tim Leitheiser.

Kewaskum had two of the top three JVs in the meet. Junior Brian Bodden and freshman Phil Ciha both carded 89s, while Randy Delcore hit 94 and Tom Czoschke 96.

Harlow Qualifies For Sectional

Kewaskum's Chris Harlow was among the top five medalists in the WIAA golf regional played at Naga-Waukee, Waukesha, Wednesday. As a result he qualified for the sectional meet held at Mee-Kwon Tuesday.

Hartland Arrowhead won the team competition with a 332 total, West Bend East and Hartford were tied for second with 345, two strokes ahead of West Bend West, Kewaskum was fifth with a 358, Sussex Hamilton sixth with 360 and Lomira last with 394.

Harlow and Steve Schumacher and Deven McGlenn of East all came in with 84s so they were playing for the fifth medal. Harlow, who had birdied No. 18 after taking a triple bogey on 17, parred the first extra hole while Schumacher bogeyed and McGlenn took a six.

This was the fourth year in a row Harlow competed in a sectional golf meet. As a freshman, he qualified with the Kewaskum team and as a sophomore, he made it both with the team and as an individual. Last year, he was the regional runnerup.

Brian Kober had a 40-46-86 for Kewaskum, while Mark Brodzeller came in with a 49-41-90, and Jeff Nigh 45-53-98.

Geidel Hurls Well But Kewaskum Loses In Nite League Play

In action last Wednesday night in the Tri-County Nite League, Jeff Geidel of Kewaskum again pitched well but lost to the Horicon Honkers, 2-1.

Horicon scored their two runs in the first on a single by Craig Bunkoske and then a throwing error on Mark Bunkoske's ground ball put runners on second and third. Both scored on Mike Firehammer's ground rule double.

Geidel only allowed four hits but three Horicon pitchers, Rick Dittberner, Todd Spittel and Brian Bischoff were able to maintain their lead as they allowed only six hits.

Dave Donath had half of Kewaskum's hits, getting three of three.

This was Kewaskum's second setback in the Nite League and they also have lost one game in the Land o' Lakes League thus far.
