Week's Wit

A friend of ours always insisted that talk was cheap—then he went to a psychiatrist.

Five Foreign Exchange Students Hosted at KHS

Left to right, foreign exchange students Samuel Ortiz, Lynn Correa, Cynthia Barra, Sandra Henrich and Mads Poulsen.

Five foreign exchange students have arrived at Kewaskum High School for the 1985-86 school year. The five students are sponsored by four different exchange organizations.

Lynn Correa, a YES student from Panama, will be staying with the Radman family. Correa likes to play volleyball, dance and read. While here, she hopes to learn how to speak English better.

Mads Poulsen, a YFU student from Denmark will be boarding with the James Degnitz family. Mads enjoys skiing. He also likes the warmer weather and bigger cars in America.

Sandra Henrich is an EFFF student from Hannover, West Germany. Henrich is staying with Dave and Kathy Boyd. She enjoys volleyball and meeting new people.

Cynthia Barra from Brazil is being sponsored by AFS. Barra is staying with the James Dieringer family. She enjoys volleyball, reading, movies and music. Barra hopes to learn more about this community's culture and language.

Samuel Ortiz, another AFS student, is from Bucaramanga, the fourth largest city in Columbia. Ortiz really enjoys staying with the Cornelius

Beisbier family. He enjoys running, fishing, singing and swimming. Ortiz thinks the people in the U.S. are very organized.

Kewaskum Book Discussion Group To Meet at Library

The Kewaskum Book Discussion Group will meet at the library for their first meeting on September 10, at 9:30 a.m.

The book to be discussed is "A Woman of Independent Means" by Elizabeth Forsythe Hailey.

This year the meetings will be the second Tuesday of each month at 9:30 a.m.

Everyone is welcome.

Kewaskum FFA Member Departs for Switzerland

Barbara Schulz of Allenton meets with Dr. Larry Case, National FFA Advisor, at the National Future Farmers of America Center in Alexandria, Virginia, before departing for Europe. She is participating in FFA's Work Experience Abroad program by spending six months on an agricultural operation in Switzerland. Schulz is the daughter of Mr. and Mrs. Allen Schulz and a member of the Kewaskum FFA Chapter. David Rizzardi is her FFA advisor.

The FFA members attend a three-day orientation at the National Center before leaving for Europe. They receive hints from speakers how to avoid culture shock and how to bridge communication gaps. The WEA participants also learn about FFA programs, tour Washington, D.C. and meet with embassy officials.

After a week-long introductory tour of central Europe, Schulz will live and work with the Christian Berger family of Schangnan.

The Work Experience Abroad program is sponsored by the FFA organization to give FFA members an opportunity to sample another culture. By living and working with their host families, FFA members learn the history, traditions,

Park Shelter to Be Dedicated

Historical Society Early Farm Days Festival Here Sunday

The Kewaskum Historical Society invites you to their 11th annual Early Farm Days celebration on Sunday, Sept. 8. The event will be held on the west side of River Hill Park from 10:00 a.m. to 6:00 p.m.

Visitors will be able to view miniature gas and steam engines, old farm equipment and antiques which will be on display. The award winning Museum and reconstructed 1847 log cabin will be open to the public.

Highlight of the day will be the dedication at noon, of the new shelter building construct-

ed by Aid Association for Lutherans.

A fall harvest stew, roast beef sandwiches, hot dogs, delicious homemade desserts and refreshments will be available.

Admission to the event is free for all.

The 11th annual Early Farm Days commemorative collectors button will be on sale for a \$1.00 donation. The proceeds will be used for the Society's museum and log cabin.

There will be free horse drawn wagon rides and special entertainment.

Area Fire Departments Hold Mutual Aid Training Exercise

A mutual aid fire drill involving departments from Campbellsport, Eden, Lomira, Kewaskum and Kohlsville was held at Campbellsport last Tuesday evening.

Phil Hahn, first assistant chief of the Campbellsport Fire Department, and Training Officer Randy Karoses started planning the exercise already in May. It was conducted next to the Shefond Oil Co. bulk plant north of Main Street on the west side of the railroad tracks.

The simulated emergency involved the derailment of two railroad cars — one a boxcar loaded with asphalt shingles and the other a tanker. No fire was set for the drill, but firefighters sprayed water on the railroad cars.

Hahn said the fire department received the cooperation of the Chicago & North Western Transportation Co., which loaned the railroad cars, and

Shefond Oil for help in staging the scene.

Hahn said, "I hope we never have to do this for real but we need this kind of training."

Rita Osterbrink, a firefighter and first responder from the Kohlsville Fire Department, said drills of this nature are essential because it teaches fire departments how to work together. "The only way anyone is going to learn is by practice," she added. "The training films are valuable, but the practice is essential."

Back in May, the Kohlsville department participated in a mutual aid fire drill with West Bend, Hartford and Allenton firefighters. The simulation involved a school bus that had collided with a tanker.

The mutual aid training exercise is intended to teach fire departments how to work together to bring an emergency situation under control.

her 100th birthday included many fresh-cut flowers, plants and other floral arrangements, and she also received a hand-made shawl from the guild, along with many birthday cards, a nightgown, stockings, necklaces and a cake.

She is still going strong and at 100. Mrs. Kleineschay still wants to feel useful. Each week she helps out part of a day working at the home.

Potluck Supper To Welcome New AFS Students

To Welcome the new AFS students at KCHS this year, the Kewaskum AFS Chapter has planned a potluck supper for Wednesday, September 11, at 6:00 p.m. The chapter invites anyone in the school district to join them and meet Cynthia Nery Barra, Brazil, and Samuel Orlando Ortiz, Colombia. The potluck will be held in the high school cafeteria. Please bring a dish to pass and plates; drinks and tableware will be provided.

Both Cynthia and Samuel are excited about all the differences they have already seen between the U.S. and their countries. They are looking forward to the many new experiences that lay ahead. September 13-15 they will participate in an area AFS orientation at Camp Y-Koda near Plymouth. The area AFS organization plans monthly activities for the students that often include host brothers and sisters.

Samuel is living with the Cornelius Beisbier family in Kewaskum; Cynthia's host parents are Mr. and Mrs. Jim Dieringer of Fillmore. If you would like to know more about the AFS students or the AFS programs, please come to the potluck September 11 or call 626-4808.

Mrs. Kleineschay Honored On Her 100th Birthday

Mrs. Hulda Kleineschay, formerly of Kewaskum, celebrated her 100th birthday last week Monday at the Cedar Lake Home.

A resident of the Cedar Lake Home, she was the guest of honor at a birthday party given by the Peace United Church of Christ Ladies guild of Kewaskum on Sunday. Rev. Darrell Joiner, pastor of the church, offered a special prayer for Mrs. Kleineschay, the oldest member of the church.

Mrs. Kleineschay resided in Kewaskum and area for nearly 50 years before taking residence at the home.

She was a volunteer at the Cedar Lake Home for many years formerly and is also the oldest peace church guild member, having been active in the organization since moving

to Kewaskum from Dakota in Waushara County, where she was born.

Mrs. Kleineschay loved flowers and had a special interest in them. Residents remember the large flower garden she always kept next to her home on Midland Avenue. The year before going to the Cedar Lake Home six years ago she had 72 indoor plants and 20 to 30 different kinds of flowers in her garden. She also raised all her own vegetables.

Her husband, who was a retired cheesemaker, died in 1961.

BREAST LUMPS

Tests show that doses of vitamin E may offer relief for a common distressing female ailment of non-cancerous breast lumps, states Dr. Robt. London, Dir. of Endocrinology, Baltimore's Sinai Hospital. Treating 26 patients with daily vitamin E for 8 weeks, Dr. London found 22 were good or fair responders to treatment, 4 were non-responders. "The lumps went away and the patients noticed tremendous clinical improvement," says Dr. London, "with absolutely no side effects." [dosage: 600 i.u. Vit. E daily 8 weeks] 8 control patients received placebos.

KHS Students, Advisers Attend Yearbook Workshop

KHS students who attended the Jostens Printing and Publishing workshop at UW-Stevens Point were the following — Back row: left to right, Carolyn Adkins, Lisa Collins; middle row: Mark Brodzeller, Kristie Sarauer, Colleen Alsberg, Scott Schmitt, Rhonda Herriges, Lisa Krahn; Front row: unidentified students attending from another high school.

UW-Stevens Point, Stevens Point, Wisconsin was the site of a Jostens Printing and Publishing workshop on August 5, 6, 7 and 8. More than 240 students and yearbook advisers attended the workshop, representing more than 80 schools throughout Wisconsin.

The workshop provided the students with practical training in yearbook production and gave each staff the opportunity to plan their 1986 publication. The sessions were conducted by Jostens yearbook representatives, professional artists from

the Josten plant in Topeka, Kansas and professionals in the photography field.

Smaller group instruction covered organization, page layout and design, copywriting and merchandising the book. Simultaneously, photographers instructed students in equipment use, picture content and darkroom techniques.

Each year, Jostens yearbook representatives throughout the nation participate in over 100 workshops attended by approximately 25,000 yearbook staff members and advisers.

Jostens, headquartered in Minneapolis, is a leading manufacturer of recognition and motivation products and services in education, business and athletics.

Aunt Agnes is Outliving Her Resources. How Can She Plan for Her Funeral?

With an irrevocable funeral trust.

It's happening often these days. It might well be happening in your family right now. An aunt, an uncle, perhaps even your mother or father is outliving their resources.

Their total income from whatever sources is not enough. They have to dip into their meager savings in order to live. But they will not be eligible for additional governmental assistance until their assets are practically gone.

They worry about living, but they also worry about dying. They would like to plan and pay for their own funeral. But is this possible? The answer is "yes" through an irrevocable funeral trust.

Under the law an individual can set aside up to \$1,500 for funeral costs in addition to a burial space and vault and still be eligible for Supplemental Security Income (SSI) or Medical Assistance (MA). This can most easily be accomplished with an irrevocable funeral trust. Your funeral director will be glad to assist in setting up such an agreement for Aunt Agnes or anyone else in a similar situation.

He can also answer any questions you may have about such a trust or any other funeral preplanning. So contact your funeral director first. Remember, satisfying your needs is always his main consideration.

Jazzercise Promotes Fitness for All with Nine Statewide Open Houses Sept. 11-12

Pam Fritz, a West Bend Jazzercise instructor will join 223 other Jazzercise instructors, throughout the Central United States, by offering a city-wide Open House in her classes on Sept. 11-12.

Why an open house? "We wanted to say thanks to all our students who have made Jazzercise a success in the Midwest. We also wanted to give the public an opportunity to see what Jazzercise is all about," says Pam Fritz, local Jazzercise instructor.

The Open House will include a 15 minute fitness lecture, to help introduce the public to the instructors credentials, the

anatomy of a Jazzercise class and teaching techniques. The lecture will be followed by a regular 60 minute class. Refreshments will also be served.

Jazzercise, the nations number one leading dance fitness program, is solidly based on the accepted principles of exercise safety and physiology. The instructors teach the routines follow-the-leader style, demonstrate modified movements for people with sensitive areas (knees, lower back etc.) and cue students on breathing correctly, pacing, exercise physiology and other safety tips. Jazzercise is now a sweat and suffer exercise program. The Jazzercise philosophy is to provide a simple, enjoyable, safe and effective workout that people can enjoy for life.

Pam Fritz wishes to invite the public to the free Open House at Skate Country, West Bend, on Wednesday, Sept. 11, at 8:45 a.m. and Thursday, Sept. 12, at 5:45 p.m. Dress to exercise. Bring a mat or rug for the floor exercises or feel free to simply come and watch. For more information about local JAZZERCISE classes please call: (414) 626-2038.

Moraine Symphony Invites New Members

The Moraine Symphony Orchestra, which will begin its 17th season this September, welcomes all adult musicians interested in performing with a full orchestra. If you are an adult musician and can play a violin, viola, cello, string bass, or percussion instrument please come to the first rehearsal of the orchestra in the music department of the University of Wisconsin-Washington County Campus located in West Bend on Thursday, September 5th, at 7:30 p.m. Brass and woodwind players are welcome to audition for the orchestral positions still available.

The Moraine Symphony, which is directed by Professor Albert Asch of the UW-WC, draws members from Ozaukee and Milwaukee Counties as well as from Washington County. Here is an opportunity for accomplished musicians to join an established group, and for those who haven't played for years to begin again. Rehearsals for the season are scheduled every Thursday night from 7:30 until 9:30 p.m. and five concerts are planned between October and April. Last season the orchestra had 55 members and the goal this year is to increase that number as much as possible, particularly by adding string players.

Anyone with a question about the Moraine Symphony Orchestra is asked to call either 334-2084 or 377-0653.

'Back to Nature' Craft Fair and Cookie Walk

Cynthia Poling Joins Dance Slimnastics Staff As Instructor

Dance Slimnastics Ltd., a Wisconsin-based aerobic fitness organization, announces the addition of a local resident, Cynthia Poling, to its staff of qualified aerobic dance instructors.

The Dance Slimnastics Ltd. program combines the elements of dance and exercise to produce routines that are energizing, enjoyable and aerobically beneficial. New choreography is developed for each 6-8 week session, ensuring that the program is fresh and invigorating for new and returning students alike.

Participation is not limited by age, size or shape. The emphasis is on fun and fitness. The routines are designed to allow students to progress at their own rate; no dance or athletic experience is necessary. In many areas, the club offers programs specially-developed for men, children or people with handicapped conditions.

Dance Slimnastics Ltd. is a nonprofit corporation with classes offered in many states. The program is run in accordance with the President's Council of Physical Fitness and

Sports. All instructors must be certified in cardiopulmonary resuscitation (CPR) techniques.

For further information on the program, call (414) 375-2502.

UWWC Announces Auditions for Play

Professor Brad Ford, Theatre Director for the University of Wisconsin Center-Washington County in West Bend, has announced the audition dates for Theatre on the Hill's fall production of Brendon Behan's, THE HOSTAGE. Auditions will be held September 10 and 11 from 7:00-10:00 p.m. in UWWC's theatre, 400 University Drive, West Bend. Roles will be cast for 10 women and 10 men of various ages. Singing and non-singing roles are available. No experience is necessary. Performance dates are November 1, 2, 3, 8, 9, and 10.

THE HOSTAGE is set in a disreputable Dublin lodging house where a young Cockney soldier is being held hostage in reprisal for an I.R.A. man who is to be hanged. The play is a witty and profound comment of Anglo-Irish relations and the Irish themselves, full of rollicking comedy, satirical songs, and ballads.

For special audition appointment or more information, call Prof. Brad Ford at 338-5222.

Save Money! Refinance Your Current, High-Rate Mortgage.

If you bought a home during the early 1980's chances are very good the mortgage financing rate is very high... and the scheduled decreases (if any) from your lender probably haven't kept pace with the rates available today. In fact, your payments may be higher than necessary.

NOW IS THE TIME TO REFINANCE YOUR HOME . . .

- Mortgage loan rates have been steadily decreasing and are at the lowest since 1980.
- New types of mortgage plans have been developed to be more responsive to individual needs and payment abilities.
- There are new sources of mortgage financing available today that did not exist as recently as seven or eight years ago.
- Some lending institutions have changed. . . West Bend Savings, however, has remained committed to serving homeowners.

REFINANCING YOUR HOME TODAY MAY BE ONE OF THE WISEST DECISIONS YOU'LL EVER MAKE.

For complete refinancing details visit or call your nearest West Bend Savings' full service office, or call Williams Mortgage Corporation (representing West Bend Savings' home loan programs) at 334-5636 or Metro: 344-5440.

Letters to the Editor...

August 29, 1985

To the Editor:

I would like to thank several ladies for volunteering their help to the Summer Library Program this past summer. Without their assistance, the Summer Library Program at Kewaskum Elementary School never would have existed. The following ladies deserve a big thank-you: Jan Uhlman, Beth Stoffel, Ann Thull and Vicki Janik. Mrs. Leon Schmidt helped coordinate the entire program.

I would like to encourage parents of youngsters who are grade school age, to urge your children to read as much as possible and to take advantage of programs like the summer one at a grade school near your home.

Editorial Department:

I am writing concerning the busing of the children from Bel Ric and the trailer court.

I personally feel that a few of the school board members and some of the people from the village have misunderstood us.

Our fight is not one of a selfish matter. We truly are concerned about the safety of not only our children, but also, the children from other sections of the village.

Hwy. H, Hwy. 45, and I must include Hwy. 28, are all much

too busy to have children, especially those 5th grade and lower, walking to and from school. The openness of the land I feel proposes a real threat. Abduction is an issue that must be looked into carefully while making a decision about busing. It happens everywhere. Where are these children to go if they are approached?

Please consider all issues while deciding whether or not to

bus these children after the 1985-86 school year. What is a child's safety worth?

A special thank you to Mr. Neal Weare, Mrs. Lynn Dieringer, and Mrs. Jean Goeden, for the help they gave us. They seem to understand our true concern is for the safety of all children.

Unique Woman of God to Hold First Luncheon of Season

The Unique Woman of God, an interdenominational Christian organization, will hold the first luncheon of the fall season on Thursday, September 21, from 12:30 - 2:30 at Stoneridge, 5660 Hwy. 45 So., West Bend.

Featured speaker will be Rev. Gene Jakubek S.J. He makes you laugh---and think. Known to millions, Jakubek has been active in worldwide TV and radio programming. Since 1967 he has had a weekly TV series, "The Answer is Love."

The Catholic priest has authored nine books on "life and its problems." He has written numerous magazine and newspaper articles, and has produced and narrated three long-playing records on marriage and family.

In addition he is founder and mentor of HELP, a nationally recognized group of over 2,400 volunteers dedicated to bringing happiness for the elderly,

COMPASSIONATE FRIENDS TO MEET FOR GRIEVING PARENTS ON SEPT. 12

Compassionate Friends, a support group for bereaved parents meets on the second Thursday of each month. The next meeting will be on Thursday, Sept. 12, at 7:00 p.m. in the third floor lounge of the old section of St. Joseph's Community Hospital. The topic for September's meeting is Sibling Grief.

This support group is designed to meet the needs of parents who have lost children at any time from miscarriage through the teen years. Parents are invited to share as much of their experience and feelings as they wish. These meetings simply provide a compassionate atmosphere.

Anyone who has felt the loss of a child at any age, including miscarriage, or still birth is cordially invited. For more information, please contact St. Joseph's Nursing Service Office at 334-8226 or 334-5533.

Girl Scout News

Now that the last of the summer holidays is past it is time for us to really get involved with Girl Scouting. The troops are set up and the leaders are all ready to meet the girls.

This year Kewaskum will have 7 troops for the girls to join. This week I was able to obtain all the information that is available at this time:

Brownie Girl Scout Troop 17 (Holy Trinity Grades 1 & 2) will have as leaders Joan Fleischmann and Izzy Straub. They will meet on Sept. 17, Tuesdays, from 2:45 to 4:00, at Holy Trinity Church Basement.

Brownie Girl Scout Troop 95 (KES Grades 1 & 2) will have as leaders Kathy Schreffler, Lorey Weston, and Carole Conner. They will meet on Wednesdays, starting Sept. 4, from 3:45 to 5:00, at the KES Cafeteria.

Brownie Girl Scout Troop 225

(3rd Grade, Both Schools) will have as leaders Nadine Lendved, Jodi Broecker, and Jeanine Nagel. They will meet on Wednesdays, starting Sept. 4, from 3:45 to 5:00, at the KES Cafeteria.

Brownie Girl Scout Troop 225 (3rd Grade, both Schools) will have as leaders Nadine Lendved, Jodi Broecker, and Jeanine Nagel. They will meet on Wednesdays, starting Sept. 4, from 3:45 to 5:00, at the West Bend Savings and Loan - Kewaskum.

Jr. Girl Scout Troop 72 (Grades 4 & 5) will have as leaders Meri Lou Chambers and Joan Stoffel. They will meet on Thursdays, starting on Sept. 12, from 3:45 to 5:00, at the West Bend Savings and Loan in Kewaskum.

Jr. Girl Scout Troop 25 will have as leaders Carole Connor and Kathy Ramthun. They will meet on Fridays, starting Sept. 20, from 3:45 to 5:00, at the KES Cafeteria.

Jr. Girl Scout Troop 53 will have as leaders Vivian Stommel and Judy Geidel. They will meet on Tuesdays, from 4:00 to 5:30, starting Sept. 3, at the Kewaskum Labor Center Hall.

Cadette Girl Scout Troop 144 will have as their leader Sharon Beal. This troop will be girls from 7th and 8th grades. The time and place will be announced shortly for them.

The important thing for all girls is to attend a meeting and sign up before October 1. You still can sign up after that day if you choose.

Most of the troops will be meeting every other week this year.

Nutrition for Teen Athletes: Separating Myths From Facts

By Joan Hanrahan
Summer Home Economist

Athletes and coaches hear claims for "wonder products" and nutrition secrets. Also, they get caught sometimes in some of the common myths regarding nutrition for teen athletes.

One old, hard-to-shake myth is that teen athletes need tremendously high amounts of protein to increase muscle size and improve performance. A balanced diet containing five ounces of meat or meat alternatives such as fish, poultry, eggs, or beans, along with four servings of milk and/or milk products will meet an athlete's daily protein needs.

Huge intakes of protein won't improve performance or increase muscle size. Carbohydrates are a better, less-expensive energy source than protein while conditioning and training are the only way to increase muscle size.

Athletes should eat a variety of foods to meet their nutritional needs and not rely on vitamin and mineral supplements. Foods supply all the necessary vitamins and minerals. Supplements will never take the place of adequate diet. Those who advocate meeting all nutrient

needs with supplements forget that unidentified factors in food may make important contributions to our diets.

Excesses of vitamin A can be toxic. Excess water-soluble vitamins such as the B vitamins and vitamin C are generally lost in the urine, but recent evidence suggests that large doses of some of these vitamins may also be toxic.

However, supplements may offer a psychological edge because athletes who do well after taking vitamins and minerals may attribute their success to the pills. Athletes who insist on taking supplements should not take excessive doses such as 10 times the Recommended Dietary Allowance (RDA) but look for a supplement that provides 100 per cent of the RDA.

Authorities do not recommend that athletes use salt tablets regularly. Salt tablets can compound a dehydration problem by accelerating water losses. Except for the most extreme sweating — for example, more than five pounds lost in one day — needs for sodium, chloride and potassium can be met with food. Even under these extreme conditions, a little extra table salt will replenish lost minerals.

Avoid unproven products which promise to give athletes an edge. Products such as bee pollen, protein supplements, and athletic super drinks just

Kewaskum Statesman, Page 7
Friday, Sept. 6, 1985

aren't necessary. It would be better to spend the money for nutritious foods.

Athletes' desires for competitive edge continues to foster nutritional myths. If we could only have such positive associations with well-balanced meals, we would be better off.

WEST BEND GALLERY OF FINE ARTS OFFERS TOUR TO SOUTH PACIFIC

An outstanding South Pacific islands, New Zealand and Australian cultural arts tour is being offered by the West Bend Gallery of Fine Arts. The seventeen day national tour will feature the arts and crafts of those areas. Visual and the performing arts of the New Zealand Maori, Australian Aboriginals as well as contemporary artists will be one of the focal points of this tour. Symposiums, performances and tours of cultural interest will also be offered. Participants will experience the land down under which is full of scenic riches and wonder. LABOR DAY SPEAKER — Ed Garvey, a Democrat running in the 1986 election for the U.S. Senate seat, now held by Robert Kasten, was the main speaker at the Washington County Labor Day Picnic Sunday in Allenton. Garvey, 45, stated the United States must "get its financial house in order" to end its economic problems that threaten workers, farmers and small business people alike. He called for a reduction in the federal budget deficit and tax reform to make multi-national corporations pay their fair share. A native of Burlington, in Racine County, he formerly was executive director of the National Football League Players Ass'n. Also present at the picnic was another Democratic contender for the U.S. Senate seat, Matt Flynn.

Flu, Pneumonia Vaccine Available To County Residents 65 and Older

Influenza vaccine and pneumonia vaccine will be available to Washington County residents 65 years of age and older and those with chronic disease, at clinics offered by Washington County Community Health Nursing Service. The charge for vaccine will be:

Influenza vaccine - \$3.00 per dose.
Pneumonia vaccine - \$5.00 per dose.

WHAT IS INFLUENZA ("FLU")? It is an illness caused by influenza viruses. It generally affects people of all ages. Typically, people with influenza have fever, chills, headache, cough, and muscle aches and may be sick for several days to a week or so. Most people recover fully. A small proportion of cases are particularly severe, and patients may develop pneumonia or other complications. The risk of complications and death from influenza is highest for people with chronic health problems and those over 65 years of age.

WHO SHOULD GET INFLUENZA VACCINE? 1) Individuals over 13 years of age with chronic health problems such as diabetes, diseases of the heart, lungs, or kidneys, or severe anemia. 2) Elderly persons 65 years and over. Because influenza is usually mild and most people fully recover, immunization of healthy children and adults is not recommended and will not be offered at the clinics.

Influenza vaccine will not be given to:

- Healthy children and adults (under 65).
- Those who have a fever or feel ill with something more serious than a cold on the day of clinic.
- Those who have received another type of vaccine in the past 14 days.
- Those with allergies to eggs.
- Those with multiple sclerosis and other recurring or persistent neurological illnesses.
- Those who are pregnant.
- Children under 13 years of age.

WHAT IS PNEUMONIA? It is an acute bacterial or viral illness affecting 400,000 to 500,000 persons per year. Pneumococcal infections cause respiratory symptoms, meningitis, and otitis media. The risk of complications is greatest for persons over 65 years of age and those with chronic health problems.

WHO SHOULD GET PNEUMONIA VACCINE? 1) Elderly persons 65 years and over. 2) Persons, two years and older, with immune deficiencies. Children, from 2 years through 17 years, will need a written order from their physician to receive the vaccine. 3) Persons with chronic health problems such as diabetes, chronic respiratory disease, or cardio-respiratory disease.

WHO SHOULD NOT GET VACCINE? 1) Those who have a fever, illness, or active infection on the day of clinic. 2) Those who have had a pneumonia vaccine; repeat immunizations

of pneumonia vaccine are not recommended. 4) Those who are pregnant.

Pneumonia vaccine and influenza vaccine can be administered on the same visit to a clinic.

New Wisconsin Fall and Winter Tourism Guides Available Free

"Wisconsin is entering a new era in Fall and Winter tourism promotion," Lieutenant Governor James T. Flynn, Secretary of the Wisconsin Department of Development, said today as he unveiled the Division of Tourism's WISCONSIN: Escape to Fall & Winter, 1985-86 travel guide. "We've expanded our book to highlight indoor and urban escapes to go along with the excellent coverage of outdoor wide open spaces we've always provided."

Flynn displayed the full-color, 72-page, glossy, covered book and an events calendar at a news conference at the Milwaukee Public Museum in Milwaukee. "I chose to have the announcement of these publications in Milwaukee because it's important that we recognize the urban component of Wisconsin's tourism industry," he noted. "The cities offer a broad spectrum of arts, culture, shopping, indoor and outdoor recreation, events, and weekend getaways that are as important to our tourism economy as ski hills, snowmobile trails, and other fine outdoor activities. If Wisconsin is going to continue to be competitive in the market, we must call attention to every one of the great resources that we have to offer to travelers and vacationers. This book and calendar do just that."

Highlights of the publications according to Flynn include:

- A guide to Wisconsin's seven tourism regions with addresses and phone numbers for more information;
- Fall color recommendations for some of the best areas in the state for driving tours;
- Fall and winter parks and

sports information;

- A guide to state parks and forests;
- A section highlighting the arts indoors and other indoor escapes;
- Complete downhill skiing listings including location, hours, runs, lifts, and other helpful information;
- Cross-country skiing areas with trail descriptions and service listings;
- Ice fishing information and safety tips;
- Sports ticket information;
- A list of places with changing art and history exhibits;
- A listing of theater, music and dance organizations;
- Speed skating information and a list of major meets;
- Hockey and curling information with event highlights;
- Snowmobile trail listings and an "overview" map of the state's public trail system showing the statewide interconnections;
- Outdoor escapes for wheelchair users and the mobility impaired;
- A guide to chamber of commerce and other travel information sources; and
- Five colorful postcards to be used by Wisconsin travelers to send to friends to tell them about their Wisconsin escapes, and a sixth card to return to the Division of Tourism to be put on the advance mailing list for the next spring and summer guide.

"Our added urban and indoor

emphasis fits perfectly with the kinds of travel activity that we see on the increase. Our studies have shown that the mini vacation and weekend vacation market is growing, so our museums, art galleries, performing arts, indoor sports, and shopping getaways are wonderful alternatives to add to our long list of tempting outdoor recreation escapes."

"While more people than ever are enjoying active sports, a good example of a new kind of vacationer is the person who we call the solitude seeker," Flynn explained. "There is a growing number of people who just want to get away from the stress of their daily jobs and relax. They rent a cabin with a fireplace for a few days, or go to a hotel or motel with an indoor pool, and spend the time watching a crackling fire or sitting next to the water reading a book while the snow falls outdoors."

"Our new book and calendar address these new markets as well as our traditionally strong areas," Flynn said. "Given the level of promotional spending by our competition we're in a new ball game now. To keep our high profile in the fall and winter market we're going to have to target all of our resources carefully in order to stay competitive."

The Calendar of Events and Escape to Fall & Winter, 1985-86 guide are available free of charge from the Wisconsin Department of Development, Division of Tourism, Box 7606, Madison, WI 53707 or by calling toll-free in Wisconsin and adjoining states: 1-800-ESCAPES.

REALLY A LABOR DAY FOR KATHY GUDEX of Campbellsport. She spent the day laboring at the Shefond Self-Service station in town. Tough luck Kathy.

How Did People Spend Labor Day?

Most of us have slipped into thinking that everyone has to travel for several hours to northern Wisconsin over the holiday weekend to have a good time. Not necessarily so. Shown are some folks who had a good time close to home.

ART WASHICK from West Bend spent the day at his camper at Benson's Campground at Long Lake.

Children's Chorus Auditions at UWWC

The University of Wisconsin Center-Washington County Continuing Education program will again offer the Moraine Area Children's Chorus under the direction of Carol Asch, music teacher and graduate of UW-Eau Claire. This special chorus is for any child in grades 3 through 7 who expresses an interest in music. The chorus is an excellent opportunity for children to become acquainted with a variety of musical styles while learning about the fundamentals of music. As a

member of the chorus, each child will experience both the discipline and the camaraderie which results from participating in a musical organization.

Voice placing has been set for September anytime from 10:00 a.m. to 2:00 p.m. Appointments can also be arranged if this date is inconvenient, by calling Carol Asch at 629-5975. All auditions will be held in the practice rooms in the music wing at UWWC, 400 University Drive, West Bend. No prepared material is necessary for these auditions.

Rehearsals are once a week on either Tuesday or Wednesday

afternoons beginning September 10 and 11, from 4:30 - 6:00 p.m. Chorus members must attend practice on one of these two days. In addition, the chorus will practice one Saturday

morning a month.

Anyone interested in having their child audition for the chorus should sign up by calling 338-5233. Dues for one semester are \$25.00.

St. Joseph's Weight Loss Program Offered

Losing weight is difficult for most people. Join St. Joseph's Weight Loss Program and learn how to lose weight safely and permanently. This program consists of a 45-minute exercise program which will enable one to increase muscle tone, flexibility and blood circulation. Routines involve stretching and toning exercises with 7 to 10 minutes of aerobics.

This is followed by a Monday night group lecture on topics such as: choosing low calorie foods, changing eating patterns, exercise, self-image, and fad diets.

This program meets Mondays and Wednesdays and begins September 16 thru November 20 with the exercise class from 4:45 to 5:30 p.m. at Fair Park Elementary School. On Mondays following the exercise program, group lectures will be held from 5:45 to 6:45 p.m. at St. Joseph's Community Hospital.

The fee for this program is \$55 which includes, a ten-week exercise program, a weekly education class and a six month support group. Samaritan Plan policyholders will be reimbursed 100% if they reach their goal.

To register or for more information, contact Lynette Gagnon at 334-8390 or 334-5533. Register early since physician permission must be obtained for the exercise class.

MPTI to Sponsor Marital Property Reform Seminar

Moraine Park Technical Institute will sponsor a seminar on "Marital Property Reform," Monday, Sept. 30, from 7-9:40 p.m. at West Bend East High School in Room E-118.

Many new rules and concepts differing substantially from our existing legal system, will go into effect Jan. 1, 1986. Attorney Elaine Shanebrook will present a seminar on the rights of married persons as affected by this new legislation.

Participants will learn the new concept of shared ownership between spouses; the factors which determine spouses' rights to manage and control assets; how this affects the ability of one or both spouses to receive credit; and what changes the act has on wills in probate procedures.

Attorney Shanebrook is a shareholder with Schloemer, Schlaefer, Alderson, Seefeldt and Spella, S.C. in West Bend. She has lectured on marital property at various continuing legal education seminars sponsored by the State Bar of Wisconsin, and is a past member of former Governor Lee S. Dreyfus' Task Force on Marital and Economic Initiatives.

The fee is \$4.20. To register, call MPTI at (414) 334-0909.

Barn Owls Released In Sheboygan County

DNR ornithologists in the endangered resources program will begin eavesdropping on the private lives of two families of common barn-owls through the use of a radio telemetry monitoring system. The owls will be fitted with a small radio transmitter the size of a piece of chalk. The transmitters were paid for through taxpayer donations to the Endangered Resources Fund. Each tracking device is attached to central tail feathers.

Thirty-nine captive-bred barn owls have been released in southeastern Wisconsin since 1982. Three died within 5 miles of the release site. Nothing is known about the remaining 36 birds. To justify continuation of the barn-owl recovery program based on captive breeding and release efforts, scientists want to determine what is happening to the birds following their release.

Little is known about the movements and habitat use of wild Wisconsin barn-owls. Through the use of the telemetry monitoring system, the movement, feeding habits and possible migration of both wild and captive-bred barn owls can be determined. Scientists will use a hand-held antenna, a telemetry receiver and aircraft to track and identify the owls' locations.

On Sunday, September 1, the captive-bred family was released in Sheboygan county near the Kohler plant. Tracking will continue through December.

With the rapid replacement of old barns and silos with modern metal barns and glass-lined silos, critical nesting habitat for barn-owls has been significantly reduced. Only one wild nesting pair is known in the state.

IN MEMORY

In loving memory of EVELYN and PEARL THEUSCH, who passed away twenty-five years ago, Sept. 12, 1960:

Twenty-five years have passed and gone,
Since those we loved so well,
Were taken from our home on earth,
With Jesus Christ to dwell.

The flowers we place upon their graves,
May wither and decay,
But the love for those who sleep beneath,
Shall never fade away.

Sadly missed by the Ed. Theusch family.

... about your Social Security

By David Becker, Social Security Branch Manager in West Bend

NOW IS GOOD TIME TO REVIEW EARNINGS

With the year half over, now is a good time for people who get Social Security checks and who are working to review their earnings, Dave Becker Social Security manager in West Bend, said recently.

It may be that a person has earned more or less than he or she expected and this could affect Social Security checks, Becker said.

The general rule is that a person can receive all checks for the year if earnings do not exceed the annual exempt amount. In 1985, the annual exempt amount is \$7,320 for people who are 65-70 and \$5,400 for people under 65 all of 1985.

If earnings exceed the annual exempt amount, then \$1 in benefits is withheld for each \$2 of earnings above the limit.

This earnings test applies to all people under 70 getting checks except those getting checks because they are disabled.

There is a monthly test that can be used in the first year a person has a month he or she does little work even though annual earnings exceed the limit. Under this test, a person can get a check for any month he or she earns less than the monthly limit or does little work in self-employment. The 1985 monthly limit is \$610 for people 65-70 and \$450 for people under 65.

People should remember that gross pay counts for purposes of the earnings test, not just take-home pay.

A person who finds that he or she is earning significantly more or less than expected should notify Social Security so that any needed adjustment can be made.

More information about the earnings test can be obtained at any Social Security office or by calling 1-800-242-9946. A free leaflet explaining the earnings test can be obtained there.

SHORT-TERM MANURE STORAGE

If you raise livestock, a short-term manure storage facility can save you time and money, add management flexibility, and possibly improve water quality.

Short-term storage is best suited to smaller operations producing solid manure. That includes most Wisconsin dairy farms.

Short-term storage is nothing more than an area to put manure when you can't or shouldn't spread it on fields. If you size the facility to allow for 30 to 90 days of bad weather or poor field conditions during a six-month period, you'll only have to unload it twice a year.

The exact size depends on your management needs, manure volume and land available for spreading, but plan for a 30-day minimum. Some farms may require longer minimum storage sizes due to management and water-quality concerns.

The storage facility itself is a concrete slab, sloped to allow rain and manure seepage to drain. You can load it from a

spreader and unload it with a front-end loader or tractor and bucket. A dump wall eases unloading.

Costs are minimal. A 30-foot by 50-foot concrete slab, adequate for a 40-cow dairy herd, should cost less than \$3,000. The outlay for any herd size should be under \$5,000. Cost-sharing programs dealing with rural water quality may favor short-term storage systems, since these systems provide more bang for their cost-sharing buck. If correctly built, short-term storage facilities can be expanded later to provide long-term storage.

Well-designed, short-term storage helps preserve surface water quality at minimal cost. Such a facility will also save more labor than daily hauling.

feeder livestock and motor supplies offset a rise in the Consumer Price Index.

Farmers received \$13.98 per hundredweight for milk in November 1984. Today, farmers receive \$11.60 per hundredweight, a reflection of its continuous decline.

On the national level, the prices received index dropped two points since June, while the prices paid index remained the same.

'Culinary Hearts Kitchen' Course Offered at MPTI

Moraine Park Technical Institute will offer "The Culinary Hearts Kitchen" course on Wednesday evenings from 7-8:50 p.m. beginning September 11. Classes will be held at the West Bend High School, Room E-117. This course is recommended for persons with heart problems as well as for anyone who wants to follow a healthy diet and still create delicious food.

"Culinary Hearts" was designed by the New York Heart Association and is designed to show participants about cooking, foods and nutrition with emphasis on creating exciting meals that are low in calories, fat and cholesterol. It also teaches principles of healthy eating at home, parties and restaurants. The course fee is \$8.55. To register, call MPTI at (414) 334-0909.

Farm Prices Decline for 7th Consecutive Month

Wisconsin farmers received lower prices for their products in July, while prices for production items held steady for the seventh consecutive month, according to information released by the Agricultural Reporting Service.

The index of prices received by Wisconsin farmers declined one point in July and is 13 points below a year ago. The prices paid index is unchanged since December 1984, but two points below July 1984. Compared to the base year, Wisconsin producers are receiving 29 percent more for their products than they did in 1977, however they're paying 62 percent more for supplies.

For the prices received index price, declines were recorded for steers and heifers, slaughter cows, calves, eggs, milk, wheat, corn, oats, barley and soybeans. Records show price increases for hogs, sheep, lambs, turkeys and hay.

For the prices paid index, declines in prices paid for feed,

Wisconsin Electric Offers Free Home Energy Checkup

MILWAUKEE — Enjoying a tall, cool glass of lemonade on a lazy summer day is hardly the time to be thinking of the cold, snowy winter just four months away.

"But that's exactly what we want our customers to do," said Doug Craig, coordinator of Wisconsin Electric Power Co.'s home energy check-up program. This is the perfect time to weatherize homes or apartments in preparation for the winter heating season.

"It's a good time for customers to take advantage of Wisconsin Electric's free home energy checkups," said Craig. "If our trained specialists find any problems during the inspection, you'll have plenty of time to fix them before the winter months are here."

He said about 10,000 customers a year take advantage of the home energy checkup.

In addition to the inspection, the company offers a list of state-approved suppliers, contractors and lenders who install

or finance energy-saving measures.

"Some Wisconsin Electric customers may be eligible for special weatherization assistance programs, depending on their income and where they live," he said. These programs include help in paying for all or part of the cost of weatherization materials and installation.

"It's also possible to qualify for a federal tax credit through this program," Craig added. "Fifteen percent of the investments made in insulation, caulking, weatherstripping, storm windows and other items may be claimed as a tax credit."

Customers interested in a free home energy checkup should contact Wisconsin Electric at 277-3400 in the metropolitan Milwaukee area, or their local Wisconsin Electric office.

Craig offered several energy-saving tips that can also save money:

1. Check caulking. It prevents cool air loss in the summer and heat loss in the winter. It's a good idea to caulk now around doors, windows and other openings in your home or apartment, rather than waiting until it's too cold to caulk.

2. Inspect the weatherstripping on doors and windows and stop drafts with door sweeps or door shoes. Stopping drafts also cuts down on warm or cool air loss, saving both energy and money.

3. Have your heating system inspected to make sure that it is performing efficiently. It probably uses more energy than anything else in your residence.

4. Have the insulation in the attic and walls inspected. Attic insulation is generally one of the most cost-effective energy-saving measures, and it's very easy to install.

For more energy-saving tips, call Wisconsin Electric's Energy Facts Phone at 277-3311.

NEW 1983 FIGURES SPELL DARK NEWS FOR WISCONSIN TAXPAYERS

Washington D.C. — U.S. Representative F. James Sensenbrenner Jr. (R-Menomonee Falls) released 1983 preliminary data on the declining tax capacity of Wisconsin.

These figures updated the Advisory Commission on Intergovernmental Relations (ACIR) study, the "Tax Capacity of the 50 States." Sensenbrenner said, "The new 1983 figures clearly show that overtaxation is disturbing the economic ebb and flow of the state of Wisconsin to the point where there is an economic flow in only one direction: out of the state."

"Let the facts speak for themselves," Sensenbrenner stated. "In 1982, personal income taxes per capita were \$35.14, while the taxpayer's true ability to pay was \$192.66." The Congressman compared this to the 1983 preliminary ACIR data, which showed the true ability that year was \$195.76 as opposed to \$364.99 in revenue effort.

The ACIR study is constructed to evaluate where a state, such as Wisconsin, stands in relation to other states in its ability to tax and be taxed. 1982 figures determined Wisconsin ranked 5th in tax effort per capita, but ranked only 38th in state taxpayer's ability to pay (tax capacity).

Commenting on these statistics, the Ninth District Congressman remarked, "Since 1979, Wisconsin has marked a deep decline in its tax capacity. If Wisconsin's ability to be taxed was declining at the same rate taxes were on the decline, I would not have found the results so devastating. But the 1983 preliminary figures show this is not the case, and frankly, it scares me."

Sensenbrenner cited the figures regarding property taxes as another example of the decline in Wisconsin tax capacity. "In 1982, property taxes per capita were \$435.80, whereas the property taxpayer's ability to pay was only \$318.92. The 1983 total property tax figures show capacity at \$359.04 as opposed to revenue per capita of \$536.36."

Representative Sensenbrenner concluded by saying, "At a time in our country's history when the federal government and almost all state and local governments are reviewing their tax structures, with hopes of reducing the tax burdens of their citizens, I find the ACIR study's numbers inexcusable."

Sensenbrenner made available these statistics on the House floor to his fellow Representatives on Thursday, August 1st.

Tougher Punishment for Criminals Needed

By Senator Don Stitt

The recent murder of a young Port Washington girl underscores the need for tougher punishments for convicted criminals. Wisconsin, well known across the nation for its enlightened attitude toward public policy, should initiate a more equitable and tougher criminal sentencing policy to prevent crimes.

Washington State has just instituted a new criminal sentencing law that makes sense for Wisconsin. We must first trash the theory of rehabilitation and simply provide a formula which determines the appropriate sentence considering the nature of the crime and

the criminal.

In Washington, this goal is satisfied by an uncannily simple formula - they use a grid. On one axis they rank the seriousness of the crime from minor offenses to first degree murder on a scale; on the other axis, they rate the history of the criminal from first offender to violent career criminal. The intersection of any of these two rankings determines the severity of the sentence.

This system would clearly eliminate the need for a discretionary parole system which exists in Wisconsin under current law. (I have co-

sponsored legislation which would abolish discretionary parole for most criminals). Good behavior is the only possible option for an early release date, and then, only under justifiable circumstances.

To realistically prevent crime criminals must clearly understand, beyond a doubt, that they will be severely punished by society. When the cost of crime becomes higher, there will be less crime. By moving away from unsuccessful rehabilitation programs, crimes like the tragic Port Washington murder may be deterred more successfully. I intend to make every effort to further this type of philosophy in Madison.

Please feel free to write me, Senator Don Stitt, P.O. Box 7882, Madison, Wisconsin 53707, or call my office at 608-266-75413, or leave a message with the Legislative Hotline at 1-800-362-9696.

Area Has New Air Force Recruiter

Technical Sergeant Ronald C. Devroy of Little Suamico, Wisconsin, was assigned to Air Force Recruiting Office, 1605 S. Main Street, West Bend.

As an Air Force recruiter, Technical Sergeant Devroy is responsible for the recruitment of qualified people for the Air Force in the counties of Ozaukee and Washington.

Technical Sergeant Devroy is a recent graduate of the Air Force Recruiting School, near San Antonio, Texas, where he was trained in various areas of study, including the Airman Classification System, Air Force opportunities and community relations, to broaden his qualifications for presenting the facts of Air Force career options to young men and women in this area.

Technical Sergeant Devroy was selected for the special course and recruiting duty as a volunteer with an outstanding Air Force record.

Prior to Technical Sergeant Devroy's assignment here, he was stationed with the 47th Organizational Maintenance Squadron at Laughlin Air Force Base, Texas, as a Non-Commissioned Officer-In-Charge of Administration.

Other assignments since enlisting in the Air Force on 19 Nov., 1975 include: Scott Air Force Base, Illinois, and Spangdahlem Air Base, Germany.

Technical Sergeant Devroy is married to the former Lynn Bardouche of Algoma, Wisconsin, and they currently reside in Wisconsin. The Devroys have one child, Nathan, age two.

Farm Population in Wisconsin Falls From 21.1 to 6.9 Percent: Proxmire

Senator William Proxmire (D-Wis.) said that, "A simple head count of the American people shows why our nation's farmers lack political clout today. The farm population as a percent of the total U.S. population has fallen from 15.3 percent in 1950 to a mere 2.4 percent in 1982, the latest year for which U.S. census data are available. For Wisconsin, the comparable figures are 21.1 percent in 1950 and 6.9 percent in 1980, the latest figure available."

In a statement released from his Washington office, Proxmire said, "There is no need to search far and wide for an explanation of why American farmers rank low on the pecking order of influence in Washington. These hard, cold facts tell it all."

"Another way to understand this tough situation for farmers is to take a look at the number of farms in the United States. In 1950, there were 5,388,437 farms in America. By 1982, that number had plunged to 2,240,976, a decline of 58.4 percent."

"The same story holds true for Wisconsin. The total number of farms in Wisconsin in 1950 was 166,561. By 1982, that number had fallen to 82,199, which represents a drop of 51.2 percent."

"Does the picture change for dairy farmers? No way. In 1950, there were 602,093 commercial dairy farms in the U.S. But in 1982, the figure was 163,963, or a whopping 72.8 percent dive. And in Wisconsin, there were 116,529 commercial dairy farms

in 1950. By 1982, this number had dwindled to 40,088, a decrease of 65.6 percent.

"Anyway you look at these numbers, they spell only one thing: the deeply diminished impact of farmers on those making the decisions that affect American agriculture. The sad truth is that the voice of the farmer is being drowned out by a chorus of interests that are more numerous, and thus more powerful, in our society today."

County Republican Brat Fry Sunday

The Elder Peer Counseling Program is a Joint Effort of The Washington County Mental Health Center & Office On Aging

Older adults traditionally do not seek out existing mental health or counseling services due to a decreased mobility, lack of transportation, or information concerning these services. Often because of these same factors, older adults face depression, isolation, and loneliness.

There are more than ten thousand persons age sixty or over in Washington County according to the 1980 census. In Wisconsin, one out of every seventy older adults who experiences significant mental health problems receives mental health services. In Washington county, less than eight percent of the outpatient clients are traditionally fifty-one years of age or older. These facts and the knowledge that the older population is ever increasing indicate a need for agencies to address the specific mental health needs of the older adult and to gear services in a manner which is most accessible to the older adult. The model that has been developed to meet older adult needs in Washington County is that of an Elder Peer Counseling program. The model is a joint project of the Washington County Mental Health Center and the Washington County Office On Aging.

Volunteers for Elder Peer Counseling are recruited year round. Training sessions take place each Fall and Spring. The peer counselors are volunteers who will provide a bridge to the traditional mental health services. The trained peer counselors receive ongoing consultation and supervision with an outpatient therapist at the Mental Health Center. Elder peer counselor services are offered to all Washington County residents at no charge.

Support groups, facilitated by Elder Peer counselors with specialized training, address such issues as loss, depression, loneliness, and transition. Additional support groups are offered for the caretaker of older adults to examine issues commonly encountered for those who provide support for those older adults.

Periodically, the program sponsors educational presenta-

tions to the community on topics of interest regarding the aging process and family relationships.

In most cases the elder peer counselor will need to make an inclusive assessment to determine the elderly person's needs. Home visits can be arranged at the request of the individual or a referral source. These home contacts will generally be time limited and include specific goals. Those visited at home may need a referral to agencies providing such services as mental health, nutrition, social services, and community health nursing.

The Elder Peer training program offers an opportunity for local churches, groups, clubs, and organizations to become involved in their community. The peer counselors will be volunteers providing an extremely meaningful opportunity to many older adults with special skills and abilities. The peer counselor as a vehicle for delivery of mental health services is much more accessible to the older adult and remains a contributing member to his or her own organization.

NOTICE TO ALL VILLAGE OF KEWASKUM DOG/CAT OWNERS

Pursuant to Section 174.052, Wisconsin Statutes, notice is hereby given to all owners of dogs in the Village of Kewaskum that rabies vaccinations and dog licenses are required under the Statutes.

The same applies to cat owners under Chapter 12.04 of the Kewaskum Municipal Code.

Vaccination by a veterinarian against rabies is required (Section 95.21(2)) within 30 days after the dog reaches 5 months of age and revaccinated within one year after the initial vaccination. Older vaccinated pets must be revaccinated when the certificate expires or within three years of the previous vaccination. Certificates of current vaccination must be presented when obtaining licenses.

All dogs/cats, 5 months of age or older, require a license. The minimum dog license for neutered males or spayed females is \$4.00, upon presentation of evidence attesting to the same and \$7.00 for the unneutered male or unspayed female dog. The minimum cat license for neutered males or spayed females is \$2.00, upon presentation of evidence attesting to the same and \$4.00 for the unneutered male or unspayed female cat.

All dogs and cats are not to run at large or cause damage to other peoples property. As per Chapter 12.02 of the Kewaskum Municipal Code and State Statutes Chapter 174.02. The owner or keeper of any dog or cat licensed or unlicensed, shall not permit the same to run at large in the Village. The owner or keeper of any dog or cat licensed or unlicensed, shall not permit the same to cause damage (leave body waste) on others property. These matters are also redefined in both Chapter 9, Peace and Order, and Chapter 10, Public Nuisances, of the Kewaskum Municipal Code.

IN MEMORY

In loving memory of my dear husband, our father and grandfather, Ralph Horner, Sr., who passed away ten years ago, Sept. 5, 1975:

They say time heals all sorrow,
And helps us to forget,
But time so far has only proved,
How much we miss you yet.

God gave us strength to take it,
And courage to take the blow,
But what it meant to lose you,
No one will ever know.

Sadly missed by his wife,
children and grandchildren.

WEST BEND COUNTRY CLUB WOMEN'S ASSOCIATION

Wednesday, August 28, became "Derby Day" for women of the West Bend Country Club, and golfers jockeyed for position in foursomes of varying handicaps. Planning the day's events along the theme of horse racing was Joan Heying, Chair, and her committee consisting of Kate Reiss, Mary Ann Yahr, Chris Ciske, Char Zarling, Pat Torinus, Alice Nixon, LeaFon Ronyak, Lois McGlenn, Olive Crooker, Marilou Chapman, and Marilyn Hill. Manning the win, place and show windows were Dik Buntrock, Karlk Ratzsch, and Dave Heying. Don

Hill, golf pro, shot the "starter's gun" at 8:30 a.m. and 18 teams of foursomes were off.

Coming in first place was the team made up of Olive Crooker, Ann Gonring, Lila Bowring and Ginny Karstedt. In second place, the team of Alice Nixon, Barb Essenberg, Jan Stark, and Phyllis Moebius. There was a five-way tie for third place, so a play-off took place.

Singled out for special golfing awards were six of the women.

Following luncheon in the clubhouse, tickets were drawn for 4 door prizes, with the winners including Rita Sepersky and Darlene Tessar.

Horse shoe centerpieces,

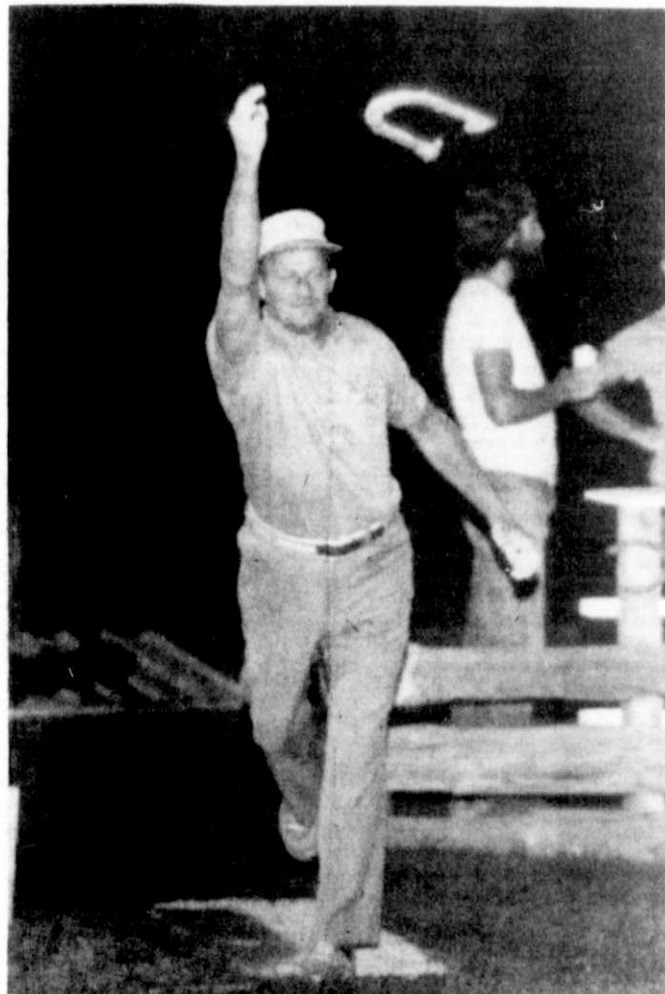

with red roses, were awarded to winning ticket holders.

Prizes were donated to the women golfers' "fun day" by the individuals and businesses.

On September 4, women golfers drew a blind partner for the day's event. Hostesses were LeaFon Ronyak and Chris Ciske.

DNR to Hold Open House at Kettle Moraine Springs Fish Hatchery Saturday

The Department of Natural Resources will hold an open house at the Kettle Moraine Springs Fish Hatchery, Sheboygan County, on Saturday, September 7, from 8:00 a.m. until 4:30 p.m. The hatchery is located 2 1/4 miles northeast of Beechwood and 2 miles west of Batavia on Trout Spring Road (off Hwy. S), Route 1, Adell.

The open house will be held in conjunction with the quarterly meeting of the Great Lakes Sports Fishing Federation, according to Randall Link, Hatchery Foreman. The Federation will provide displays and refresh-

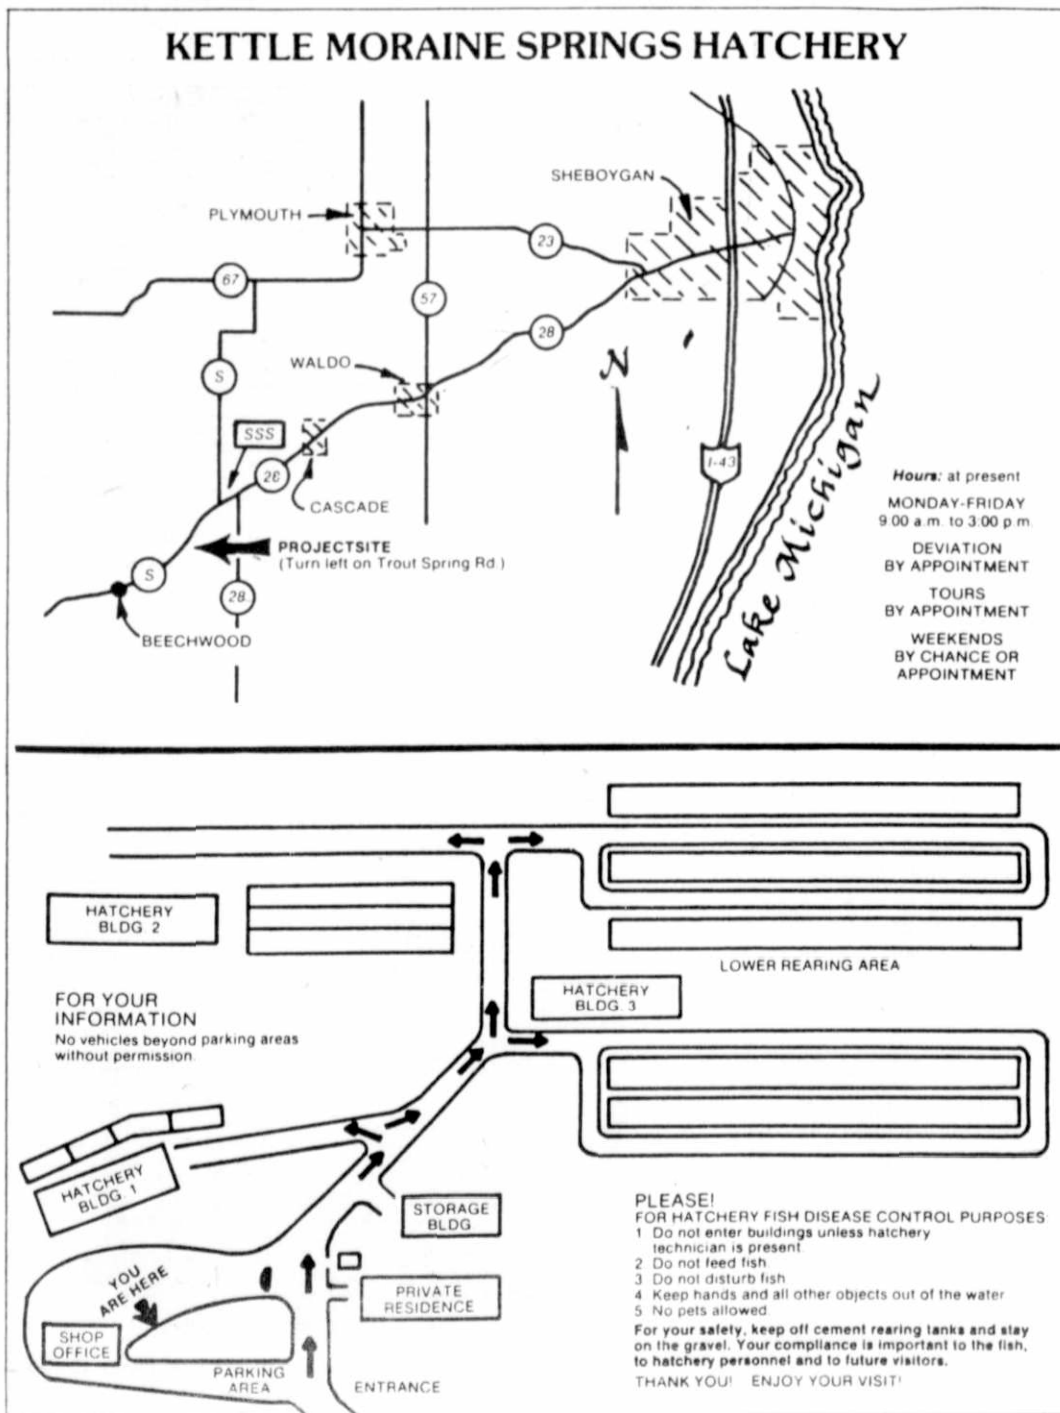

ments on that day. "Although we are still developing the property, we are proud of the fact that we are raising 800,000 fish a year," Link said. "When fully developed, we expect to raise around one million fingerlings and yearlings."

The hatchery was purchased by the Department in 1979 from Ben and Gladys Winton. It raises primarily Coho Salmon, Brown Trout and Steel head or Rainbow Trout. At present time, two strains of Steelhead are being raised - New York and Skamania. They are also handling a wild Brook Trout strain from Ontario.

The 140 acre facility has 1,320 feet of outside raceway with another 600 feet under construction. The three hatchery buildings contain 45 tanks capable of raising over one million fry. It uses 1,200 gallons of spring water per minute.

Link noted that it takes 120,000 pounds of food per year to feed the fish.

"The hatchery was purchased by the Department because of its central location to Lake Michigan," added Link. "Ninety eight percent of the fish raised at the hatchery go into Lake Michigan."

Indians Open Football Season at Horicon Fri.

The 1985 Kewaskum Indians will open the 1985 football season with a non-conference game at Horicon Friday at 7:45 p.m. The Marshmen are members of the Flyway Conference.

Last Friday the Indians scrimmaged with West Bend East and Slinger at Slinger, where the intention was to play as many boys as possible. The scrimmage was a test to see if some players were ready and can play varsity football.

New head coach Fran Charland and his staff are hoping to rebuild the running game, going with a wishbone, rather than a winged-T. Last year the offensive relied mainly on the strong arm of quarterback Mark Follmann, offensive player of the year in the Eastern Wisconsin Conference.

Kewaskum is trying to rebound from a sub-par season, which saw the team win only one game and finish winless in the Eastern Wisconsin Conference with an 0-6 record.

Senior letter winners expected to form the nucleus of the team are: Jack Aupperle (6-2, 210), offensive tackle; Tim Dettmann (5-10, 170), running

back; Jeff Diels (6-1, 225), tackle; Rick Heller (5-9, 195), guard; Mark Johnson (5-10, 170), end; Ken Miller (5-11, 160), linebacker and tight end; Tim Rohlinger (6-0, 175), quarterback and defensive back; Brian Spartz (5-10, 160), running back and defensive back.

Greg Dreher, a 5-7, 180-pound fullback and linebacker, is the only junior letter winner on the squad.

Stahler and Rohlinger are expected to fight it out for the quarterback job, Charland said. Jerry Vetter should bolster the running game.

Among the promising juniors is Mike Coulter, a 6-2, 195-pound fullback. "I think he'll run the ball a lot for us. I'm optimistic about him," Charland declared.

Charland also is looking for help in the line from 5-9, 190-pound senior Dennis Gundrum. "Diels, Gundrum and Heller will be key performers. These guys have some experience," Charland stated.

Two of the lettermen, Heller and Dettmann, are holdovers from the 1983 Division III state runnerup.

4th Title in Row, 8th Overall

Eichstedt Repeats As Hon-E-Kor Champion

The same two golfers who battled it out for the club championship of Hon-E-Kor Country Club for the past three years again were the finalists in this year's finals played over the Labor Day weekend.

And again Clark Eichstedt emerged as the champion with Mike O'Connor Jr. as runnerup. "Ike" beat O'Connor, 5-4, in Monday's 36 hole finals. The win gives Eichstedt his fourth title in a row and eighth overall, while O'Connor, who took the title twice, has been second six times. Clark has participated in numerous tournaments throughout the summer.

Starting out with a one-over-par 71, Eichstedt moved out to a 4-up lead in the 36 hole playoff. "Ike" was 5-up going into 18 but ended up with a 7 which kept him from a sub-par round. The two started with birdies on No. 1 of the second round but after O'Connor took No. 6 and 7 the lead was cut to just one. From here on it was all Eichstedt. "Ike," who ended 6-over for the day, was not real satisfied about his play, and neither was O'Connor.

Tom Larsen took First Flight honors, 5-3 over Lou Santini. The Second Flight title went to

Mike Kaehny, who defeated Norb Rohlinger. Art Jaraczewski bested Art Guenther in Senior Veterans.

In the women's finals, Irene Schlefke won five of the first six holes on her way to a 2 and 1 win over Audrey Jaraczewski, who has had many titles to her credit. Schlefke was in the finals last year, losing a one hole playoff to Mary Ann Koss. The President's Flight was won by Jan Leverenz, who had a 4 and 3 win over Charlotte Chapman.

Tom Farris and Dan Wirsberger battled it out in a 36-hole playoff Saturday with Farris taking his first boys' title, 7 and 6.

The new set of Hogan golf clubs, awarded annually at Hon-E-Kor, was also raffled off on Labor Day. The winning ticket was held by Penny Braatz, Linden St., Fond du Lac.

Girls Beat Ripon, Lose to Waupun in Tennis Openers

The Kewaskum High School girls' tennis team started out

the season with a 4-3 victory over Ripon last week Monday but the next day the Indians lost a 6-1 decision to Waupun of the Little Ten Conference.

Devona Gruber and Becky Falk won over their Ripon opponents at No. 2 and No. 4 singles. Two of the three doubles teams also were winners to give the Indians the win. The JVs also did very well in their first matches, blanking the Tigers, 7-0.

Against Waupun, Gruber was the only winner, taking a 10-6 decision over her opponent. Lisa Dinesen and Falk lost 8-10 and 7-10 respectively at No. 3 and 4 singles.

Second year coach Rob Anglim has six returning lettermen including junior Julie Reha, at No. 1 singles. Gruber will hold down the No. 2 singles spot. Dinesen and Falk are at the No. 3 and 4 spots, strong spots on the team, along with the No. 3 double unit of letter winners junior Shelly Wessing and sophomore Sherry Becker.

The other senior is Tina Survis, who is paired with Barb Panzer at No. 1 doubles. Anglim, who has 18 girls out for the team, also expects junior Karie Sarauer to challenge for a varsity spot. For the first two matches, he has a pair of sophomores, Kristin Vogt and Darcie Garbisch, playing at 2 doubles.

KHS Football on Cable TV Again

Kewaskum High School football will again be televised this year on WBCC (West Bend Community Cable). The games will be shown on Sundays at 6 p.m. and Wednesdays at 7 p.m. on Channel 18.

The Kewaskum Cable Network, producer, Kevin Chambers, will tape the game with commentary by Dave

Wietor and Dave Rizzardi. The home games are scheduled as follows:

Campbellsport — Sept. 15, 6:00; Sept. 18, 7:00.

New Holstein — Sept. 29, 6:00; Oct. 2, 7:00.

Two Rivers — Oct. 6, 6:00; Oct. 9, 7:00.

Chilton — Oct. 27, 6:00; Oct. 30, 7:00.

Kettle Moraine Girls League Completes Season

The Beechwood Senior Girls were the only undefeated team after all season games were played in Senior Division, Junior Division and Midget Division. They finished a perfect season with a 9-0 record while Long Lake took second with a 8-1 record and Farmington finishing third with a 7-2 record. The Senior Sportsmanship trophy was also won by Long Lake.

In the Junior Division there were two teams tied with a 10-1 record after league play making a play-off game necessary. The play-off game was won by Long Lake I, therefore giving them first place and Campbellsport I had to settle for second place after a very good year of league play. Beechwood girls took an uncontested third place with a 8-3 record and both Adell and Farmington had a record of 7-4, making a play-off game necessary for fourth place in this division. Adell came early and was ready to play, however, Farmington could not field a team and Adell won by forfeit. The Junior Sportsmanship Award was presented to Batavia.

In the Midget Division both Beechwood and Campbellsport II had played to a 8-1 record during the season and a play-off was also necessary to settle that division. A very good defensive game was played with Campbellsport II taking it by a score of 3-2 to give Campbellsport II first place and Beechwood second place. Campbellsport I and Batavia played to an identical record for the third place award so they needed to play to settle that division. Campbellsport jumped to an early lead and held it all the way to give them third place in this division.

All teams and coaches in this entire league are to be congratulated for their fine ball playing and sportsmanship

which was displayed throughout the entire summer. Each year the games get harder and the

players get better making this one of the finest leagues in the area for girls from 8 to 18.
