## Zero Hour Approaching in School Budget Reduction Decisions

By GERRY MUELLER  
Statesman Staff Writer

The Director of Instruction and the Administration have apparently done their jobs in reviewing the Kewaskum School District's staffing and curriculum needs from "stem to stern," with the result being a report of budget reducing proposals for 1986-87.

On Monday, February 24th, the "ball will be in the School Board's court" when it will be asked to act and make some hard decisions regarding programming changes and staff reductions for the coming year. The biggest challenge will come to the board in the form of staff reductions since the district will begin shortly to issue teacher contracts. Once contracts are issued the district is obligated to honor them and no lay-offs

can be made during that school year.

In a brief summary, Julie Backus, Director of Instruction, again outlined the major points concerned with the district's programming and staffing for 1986-87. These included the creation of a sixth to eighth grade Middle School, which would result in the reduction of one sixth grade teacher at a cost saving of approximately \$15,000, depending on unemployment costs, that figure could be higher. The consolidation of the Beechwood attendance area with Kewaskum and Farmington Schools, with conservative savings running between \$86,000 and \$100,000, depending upon the disposition of Beechwood School once it was closed. Revisions in the seventh and eighth grade reading pro-

grams, resulting in the reduction of one teacher with a net savings of \$21,300. Discontinuing the present KES remedial reading position with the transfer of the Chapter One position from Beechwood being transferred to KES at a 60% position, for a saving of \$28,950. Revisions in the ED programs which could eliminate one aide at a cost saving of \$4,500. Possibly reducing one section of kindergarten resulting in the reduction of 1/2 kindergarten teacher position because of continued projected enrollment drops, saving \$14,400.

On the high school level, a summary of staffing and programs for 1986-87 shows the district would realize a reduction of 4.85 teachers. Backus indicated she was con-

## Primaries Tuesday - Remember to Vote

By GERRY MUELLER  
Statesman Staff Writer

One of the privileges of being and American is the right to vote. While most people will go to the ballot box for major issues such as presidential elections, they fail to use their powers for what they may consider unimportant issues such as primary elections.

Remember the old stories about the citizen who always complained about his elected officials and the bad jobs they were doing. When a friend asked him which candidate he voted for, the man replied, "Oh I didn't vote, I'm not even registered."

There will be two primary elections for some electors in

the Kewaskum area. The Kewaskum Board of Education primary will narrow the field from six to four candidates whose names will appear on the April 1st ballot when the terms of incumbent candidates Lynn Dieringer and Neal Weare expire. Ruth Schmitt, Clara Trapp, Donald Nowak and Ralph Horner are also hoping to win a spot on the spring ballot.

In the race for Supervisor of the Eleventh District in Washington County, incumbent Norbert Dettmann will be competing against Francis Mayer, Hilbert Scheunemann, Stephen Schmidt and Ted Stude to retain his position. There will also be primaries in three other supervisory districts in the county.

## Freezing Rain Brings Back Memories of 1976 Storm

Area side roads were a contrast of icy gray and white as trees bent under the weight of their icy robes.

Mother Nature again demonstrated her awesome power when she proved, this past week, she can be a beauty and beast at the same time. As she went on a stormy rampage, bending and breaking almost everything in her path, she then, as to make up for her tantrum, dressed the countryside in millions of icy diamonds and crystal garments as if to apologize and cover up her

destruction.

While the glory of her work may not have been noticed or appreciated by everyone, many people rode through the countryside this past weekend enjoying the glittering scenery which was a climax to the week's ice storm. During the evenings, many people said it sounded like hundreds of wind chimes as the winds blew through the ice laden tree branches creating soft musical sounds.

The rains that began early last week gave no inkling as to

what was in store for area residents in the days to follow. With steadily dropping temperatures Tuesday, the rains begin to freeze on trees, roads and power lines, resulting in outages in some parts of the Kewaskum area. As the rains continued, hazardous driving conditions increased and roads became covered with a mirror-glaze of ice. Area schools were closed Tuesday and Wednesday, as were some businesses and factories, and most events were postponed or called off.

## Blaze Destroys Ashford Tavern

By GERRY MUELLER  
Statesman Staff Writer

The Hard Times Bar and Grill on Highway 67, Town of Ashford, was destroyed during a fire early Sunday morning.

John and Connie Corrao, who lease the building and operate the tavern had gone upstairs to their living quarters after closing the tavern. Corrao was awakened by heat and an odor. The Corraos escaped by using an escape ladder they had purchased just a few weeks earlier.

The blaze was fought by the

Campbellsport Fire Department with assistance from Lomira, Brownsville and Theresa.

The cause of the fire was not determined, however, it is suspected that faulty wiring at the top of the back bar started the fire.

An account for the Corraos, who lost all their possessions in the fire, has been set up at the Marine Bank in Campbellsport. The couple has received enough clothing to meet their needs but the bank will accept cash donations or household items for the family.

## Washington County Incinerator Plan Dead

By GERRY MUELLER  
Statesman Staff Writer

After a second unsuccessful attempt to generate enough support for a county operated incinerator, the Washington County Solid Waste Management Board has finally conceded the plan is dead.

The County Board had determined last year that at least 60% of the municipalities would have to state, by resolution, that they would support and use the incinerator to burn their garbage.

The final vote tabulation reported last week was a disheartening 38% for the incinerator and slightly over 61% against. After receiving the

results, the board considered a resolution saying all county activity with respect to a waste to energy plan would be suspended.

The resolution specifically called for an end to consultant and staff activity on incineration with an orderly closing to all solid waste efforts by December 1986.

The Solid Waste Management Board would also cease its activity and the remaining funds of approximately \$26,000 would go into the County Reserves for capital projects use.

The board voted unanimously to drop the plan and end the existence of the board itself.

## School Board

[Continued from Page 1]

cerned with the number of proposed high school reductions. She noted, however, that most of the reductions would be positions which were filled during the last year. Backus felt that, had the board been provided with an accurate assessment of the district's staffing needs for the past school year, many of these teachers would not have been hired to begin with.

In reference to her earlier recommendations regarding the math program, Backus' report stated there had been public accusations on those recommendations. However, further information gathered by Backus added more support for those changes and the fact that an examination of the program was long overdue. Evidence has proven that the technical and remedial math programs are not meeting the students' needs and there is a duplication of instruction in Basic Business, Consumer Management and Consumer Math. "The overlap in curriculum is unbelievable," stated Backus.

Backus report concluded with a statement that "projected overall cost implications to date equal an estimated reduction of \$147,512."

The School Board will now be asked to act on the administration's recommendations. While there has been considerable vocal opposition to the District's new Director of Instruction position, the tide may be changing as Monday night's audience of approximately 40 applauded Backus and the Administration at the conclusion of Backus' report. One resident told the board, the administration has finally realized that something has to be done and some changes made, now it's up to the School Board to wake up to those same facts. Board member Kim Peterson acknowledged their efforts noting, "we like what you're doing." Board Vice President Neal Weare stated, "I think, if it weren't for Julie, we wouldn't know where the teacher reductions are."

In an effort to establish some guidelines for the 1986-87 budgeting process, board member Perry Ankerson moved that the tax levy be limited to a 3.5% increase of 1985-86, and the district budget a non-deficit budget. The motion died due to a 3-3 tie vote as Board President Tom Brigham was absent. Ankerson, however, asked that the levy item be placed on the agenda for February 24th.

The board also approved a motion to allow Business Manager Cherna Gorder to visit municipalities in the district to review how payments are calculated and if proper submission of funds is being made.

Some people in the audience questioned whether the board did not trust the townships. Board member Ron Theusch said it was not a matter of not trusting, just the wide disparage in the percentages to what we're getting from the municipalities," Ankerson said, "maybe they're following procedures, but they're not doing it properly and they don't know they are doing it wrong." Peterson said the board is not saying anyone is being dishonest. Gorder said the formula to be used is spelled out in the

## Local Chapter Hosts AFS Weekend

Pictured, left to right — Samuel Ortiz [holding Josh Dieringer], Eva Abban, Bruno Jactat, Lynn Correa [YES student], Cynthia Barra, Claidy Barron, Jorge Perez, Adda Morales. Not pictured — Rachel Cockburn.

The Kewaskum AFS weekend January 31 - February 2 brought students from Ghana, Australia, France, Costa Rica, Peru and Venezuela to the Kewaskum area. Also invited to participate in activities were the

state statutes.

In other action, the board approved a bid for the removal of hazardous chemicals from the high school, and Building Superintendent Fred Boehlke's recommendation to hire Bray and Associate Architects to draw up specifications for re-roofing of the one-story portion of Kewaskum Elementary School.

The board discussed the creation of a Long-Range Planning Committee, however, Ralph Horner objected to a vote on the proposal noting it was listed on the agenda as a "discussion" not an "action" item. The proposal will be included on the February 24th agenda.

The board also approved several administration recommendations regarding hiring of personnel for various coaching positions. The board then adjourned to closed session.

AFS students from West Bend. Kewaskum's own AFS'ers, Cynthia Barra and Samuel Ortiz, welcomed them on Friday afternoon before a tour of Regal Ware, Inc. The weekend ended with a potluck at noon on Sunday.

The students and their Kewaskum host families were: Eva Abban (Ghana), the Robert Kougl family; Rachel Cockburn (Australia), the James Dieringer family; Bruno Jactat (France), the Mitchell Gebheim family; Jorge Perez (Costa Rica), the David Nigh family; Claidy Barron (Peru), the Gerald Yearling family; and Adda Morales (Venezuela), the Joel Nehrbass family. Cynthia's host family is the Dieringers, while Samuel is staying with the "Cornie" Beisbier family.

The local AFS chapter extends their thanks to these families for hosting and sharing the spirit of Kewaskum and AFS.

## New Summer Program to Host Foreign Students Is Offered

The AFS International/Intercultural exchange program is offering Kewaskum area residents a chance to host foreign students under a new, abbreviated program.

The "Summer Homestay" program provides families the opportunity to share their homes with students and young adults ages 15-35 for periods of eight, five or four weeks, beginning in July.

The applicants come from a variety of countries from several continents. All participants are screened by selection committees overseas and placed in families by the AFS New York staff. All have studied English in their home countries. Most

will also spend three weeks in an intensive English language study program here in the U.S. before arriving at their homes.

Hosting involves everyone in the family. With an AFS'er, the family learns that there is more than one way to look at the world. Host families vary in income level, occupation, age and size. AFS seeks families who are open-minded, flexible, curious about others, and willing to share their summer with an AFS'er.

Please call 626-4808 for more information on the Summer Homestay program. The local chapter would like all applications by March 31.

## Brent Boegel is National Award Winner in English

The United States Achievement Academy announced today that Brent Boegel has been named a United States National Award winner in English.

This award is a prestigious honor very few students can ever hope to attain. In fact, the Academy recognize less than 10% of all American school students.

Brent Boegel, who attends Kewaskum Middle School, was nominated for this National Award by Miss Smith, an English teacher at the school. Brent's biography will appear in the United States Achievement Academy Official Yearbook,

published nationally.

"Recognizing and supporting our youth is more important than ever before in America's history. Certainly United States Achievement Academy award winners should be congratulated and appreciated for their dedication to excellence and achievement," said Dr. George Stevens, Executive Director of the United States Achievement Academy.

The Academy selects USAA winners upon the exclusive recommendation of teachers, coaches, counselors or other school sponsors and upon the Standards of Selection set forth by the Academy. The criteria for selection are a student's academic performance, interest and aptitude, leadership qualities, responsibility, enthusiasm, motivation to learn and improve, citizenship, attitude and cooperative spirit, dependability, and recommendation from a teacher or director.

Brent is the son of Paul and Sharon Boegel. The grandparents are Mr. and Mrs. Raymond Scharf of Taycheedah and Mrs. Roman Boegel of Kewaskum.

# ICE STORM

Friday, Feb. 14, 1986, Kewaskum Statesman, Page 5

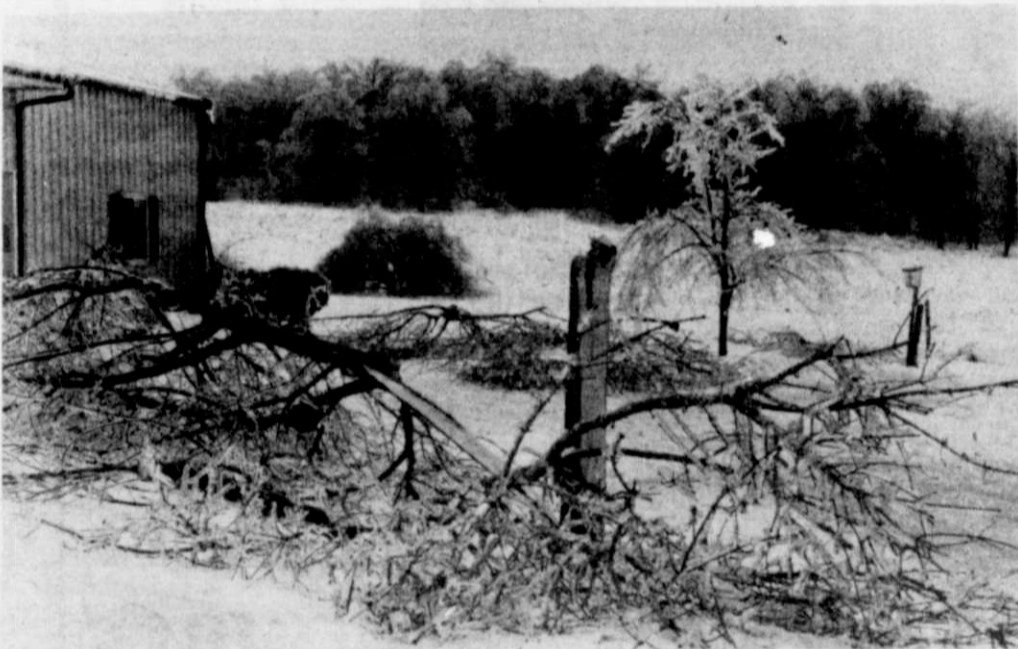

A huge limb on this large tree succumbed to the icy weight in last week's storm.

Branches covered with ice looked like they had been encased in clear shiny glass.

This large tree in front of the Herman Panzer Jr. home in St. Michaels suffered major damage.

Even a sturdy 20 ft. hard maple tree could not withstand the weight from last week's ice storm.

Service trucks lined the streets of Kewaskum as their crews came in for meals. Statesman Photos by Gerry Mueller

[Continued from Page 1]

By Friday, approximately 9,000 utility customers in southeastern Wisconsin had been out of service at some time during the week. It was estimated that between 4,500 and 6,000 people in the Kewaskum, West Bend, Random Lake and Port Washington areas were without power, some for more than three days.

In the immediate area, people living to the north and east of Kewaskum seemed hardest hit, with ice build-ups ranging from 1/2" to 1".

Wisconsin Electric officials said that the continued rain, cold and finally windy conditions hampered their work. The heavy ice layers compounded with the winds resulted in repair crews having to restore service to some areas two and three times because of trees and branches continually falling and pulling down power lines. The company had 60 crews from throughout the state working long hours to restore service. Several outside tree service companies were also brought in to assist in clearing

away downed trees and branches.

Several times during the week observers noticed anywhere from fifteen to thirty trucks at a time parked along Kewaskum's streets as service crews came in from the outlying areas for meals. The rigs included cherry-pickers, tree trimmers and equipment trucks.

The effects of the storm varied throughout the area, from minor outages and little damage, to extensive outages with, not only branches but entire trees being downed. Besides the damage to power lines, many roads were littered with downed trees making travel difficult.

Washington County officials said last week's storm was minor compared to the ice storm of March, 1976, when some areas were without power as long as nine days.

# Kiwanis Students for the Month of February

Beth Bartelt

Ron Theusch

Beth Bartelt, daughter of Mr. and Mrs. James Bartelt of rural West Bend and Ron Theusch, son of Mr. and Mrs. Richard Theusch of rural Campbell-sport, have been chosen as the Kiwanis students for the month of February.

Beth was inducted into National Honor Society as a junior and this year is president of NHS. She was president of her class during both her freshmen and junior years. She served as a student government representative during her sophomore and junior years. Beth was a cheerleader for three years and is a member of the Spanish club. She was involved in the school musical production of Bye, Bye Birdie. She has been a member of the swing choir for two years, and also the concert choir, girls' choir and honors' choir for two years each. She was a state participant at solo ensemble during her junior year.

Ron has had the lead role in four musical productions at Kewaskum High School including Pajama Game, South Pacific, Bye, Bye Birdie and Once Upon a Mattress. He has been in the swing choir for three years and received a state award for two of those years. He has also been in the honors' choir for two years. Ron has played on the basketball team for four years. For two years, he has been a member of the Olympics of the Mind team. He was Kewaskum's representative to Badger Boys State last summer.

**UWVC Lists Cast Members for Spring Musical Production**

Professor Brad Ford, theatre director for the University of Wisconsin Center-Washington County in West Bend, has announced the cast for Theatre on the Hill's spring musical production, A LITTLE NIGHT MUSIC.

Cast members and their characters include:

John Emanuel - Mr. Lindquist; Carol Asch - Mrs. Nordstrom; Jan Peterson - Mrs. Anderssen; Daryl Dietrich - Mr. Erlanson; Tammy Suprenant - Mrs. Segstrom; Kim Zunker - Fredericka Armfeldt; Sue Keyes - Madame Armfeldt; Greg Muth - Frid, the butler; Tim Dondlinger - Henrik Armfeldt; Hilerre Kirsch - Anne Egerman; Jim Mohl - Fredrick Egerman; Shari Wittemann - Petra; Annie Strancke - Desiree Armfeldt; Julie Kasper - Malla, the maid; Mike Kirsch - Bertrand, a page; Jim Nelson - Count Carl-Magnus Malcolm; Ginger Frederick - Countess Charlotte Malcolm; Dachia Arritola - Osa.

Set in turn-of-the century Sweden, A LITTLE NIGHT MUSIC captures the myriad forms of desire in song and romantic plot line. Adapted from Ingmar Bergman's film, SMILES OF A SUMMER NIGHT, this Tony Award-winning Stephen Sondheim musical reflects the poignancy of love through all stages of life.

Persons interested in working on theatre crews for this show can contact Ford at 338-5222.

All performances will be held at the University Theatre, 400 University Drive in West Bend. The production will run March 7, 8, 9 and March 14, 15 and 16. Friday and Saturday night performances begin at 8:15 p.m. and Sunday night performances are at 7:30 p.m. Tickets can be reserved in advance by calling 338-5208 or can be purchased at UWVC weekdays from 8:00 a.m. to 5:00 p.m. Tickets will also be available at the box office before each performance.

## Buss - Lauritzen

Jeri Buss, 4093 W. Hawthorne Trace, Brown Deer, and Jeffrey Lauritzen, 2549 N. 60th St., Milwaukee, exchanged wedding vows during a 3 p.m. ceremony at St. Lucas Ev. Lutheran Church, Kewaskum, on Saturday, October 19. Rev. Paul Hoenecke officiated.

Parents of the couple are Mrs. Marjorie Buss, 520 Alpine Lane, Campbellsport, and the late Ivan Buss, and Mr. and Mrs. Paul Lauritzen, 1274 W. Court St., Whitewater.

Wendy Sonnenberg, West Bend, a friend of the bride, served as maid of honor. The bridesmaids were Jacqueline Chizek, Brown Deer, a friend of the bride, Nancy McCulloch, Brown Deer, a friend of the bride, Karen Lauritzen, Whitewater, sister of the groom, and Jill Friker, Brown Deer, a friend of the bride.

The bride was presented in marriage by her brother, Charles Buss, Manchester, Wisconsin.

The groom chose Marc Durette, St. Louis, Missouri, a friend, as his best man. The groomsmen were Gregory Bolduc, Valparaiso, Indiana, Eric Field, Whitewater, Thomas Theune, Colorado Springs, Colorado, all friends of the groom, and Michael Buss, Campbellsport, brother of the bride.

Ushering duties were shared by Jeffrey Dixon, Milwaukee, and David Ourada, Brown Deer, both friends of the groom.

Following the ceremony, a reception, dinner and dance was held at the Dillon Royale, West Bend.

The bride is a graduate of

Kewaskum High School and UW-Whitewater. She is employed as a systems analyst with the J.C. Penney Company, Milwaukee.

The groom graduated from Whitewater High School and UW-Whitewater. He is employed as a senior programmer for Northwestern Mutual Life Insurance Company, Milwaukee.

The newlyweds spent their honeymoon in Jamaica and are now residing at 2549 N. 60th St., Milwaukee.

## Nutrition and the Athlete Workshop

Good nutrition can improve performance for everyone engaged in athletic activity — from competitive athletes to the individual seeking physical fitness. For optimal physical achievement, individuals must be well nourished. Plan to attend the "Nutrition and the Athlete" Workshop on Tuesday, February 18. The workshop is sponsored by U.W. Extension and will be presented by Donna Elliott, Nutrition Consultant for the Dairy Council.

The workshop encompasses special nutritional needs, foods for human performance and nutrition myths of physical fitness. Exercise and good nutrition influence muscular endurance, muscular strength, flexibility, cardio-respiratory endurance and human potential.

Plan to attend the presentation on "Nutrition and the Athlete" and learn of your special nutritional needs as an athlete. Pre-registration is requested. Call U.W. Extension at 338-4479; 342-2929 or 644-5204. The cost of the session is \$1.50 and will be held in the Courthouse Auditorium, 432 E. Washington Street in West Bend.

Dear Jim and Residents of Kewaskum School District:

Yes, there are people who live in this community who are interested in the education of our children, although when one reads the minutes from school board meetings, or many of the recent editorials, one would certainly begin to question whether these interested people existed.

Now, if experience accounts for any type of creditability, maybe my twenty four years in the field of education may add some validity to my comments, or at least it may make some of our community members aware that not everyone is of the same opinion as they are concerning certain issues. I have had the opportunity of working very closely with the Director of Instruction in the district that I teach in, so my opinions and comments are based on experience, rather than emotion, which seems to be characteristic of many of the previous letters.

Now, for the sake of getting everyone at the same starting point, let us assume that we all realize that our children are our most valuable resource, and that we are all working toward the goal of quality education in our district.

I have lived in the Kewaskum School District for almost twenty years, and have two children attending area schools. I don't believe that I could say that I have seen a great deal of progress being made in this district during the past twenty years, at least not until this past year. It has only been with the hiring of our present District Administrator, and Director of Instruction, that I have been able to see any type of visible progress. We now have a District Administrator who is willing to, "take the bull by the Horns," and do what needs to be done. If previous District Administrators and prior School Board Members would have done that earlier, I doubt that we would be in the situation that we are in right now.

I teach in a school district where they now know who the District Administrator of the Kewaskum School District is. Previous to this time, several of the administrators in the district I teach in, were very unaware of our District Administrator, as he apparently made very little effort to attend or participate in meetings involving area administrators, so he never shared or gained from the experience or information that these type of meetings can offer.

As far as the Director of Instruction, I can hardly believe some of the comments that are made. They are made without knowledge of the job, its enormous responsibilities, or the importance of the position to a school district. The position of a Director of Instruction is long overdue in our district. I had the privilege of working with Julie Backus long before she came to Kewaskum. My association with her has been on a professional basis, and anyone who comments on her lack of experience is obviously very uninformed and unaware of her background and credentials in the field of education. If it will make anyone feel better, she will very easily pay for her salary, but that is not the reason we need her in our district. If we are

going to have quality education, at the best price possible, we need to have coordination of curriculum within our district, and that is a full time job, not part of the job description for the District Administrator. I keep wondering just how much some of our community members expect someone to do. You will get your money's worth from Julie, in fact having worked with her, she will give you a great deal more than she is asked to do, as that is just the type of high quality professional that our district has had the opportunity to hire, so put that particular concern aside. Another comment on her qualifications. Do you realize that she is a doctoral candidate? Most professionals in this area get twice the salary that she is now getting. Let's enjoy and benefit from her expertise as long as we are able to have the opportunity and privilege of employing her in our district. We are extremely fortunate to have her accept a job of this magnitude.

She has been hired by the district, and is under a three year contract, whether all of you agree or not, so I keep wondering why all these editorial writers don't give her some of their time and energy to help her do the best possible job she can. Sometimes I get the distinct feeling that these individuals seem to be more interested in writing letters with individual "axes to grind," that the end result of giving our children the best possible education that we can, is forgotten.

Along with these two high qualified and capable people that I have previously mentioned, we have many outstanding teachers in our district doing an excellent job in the classroom in spite of all the conflict that this district provides. How much longer do you really think that these people will stay? All districts do not offer this type of atmosphere to work in.

One of my main concerns is that we may lose these people as valuable resources, because of other job opportunities that will become available to them, and if we do, we will be right back to point ZERO. Why can't we join efforts, if we all have the same end goal in mind? Isn't it about time that individual concerns and interests be put aside and that we as individuals of a community support our District Administrator, Director of Instruction, and teachers in the best possible way we can?

It's going to take time for wounds to heal, but we need to start this healing process as soon as possible, for if we don't, and the battle continues, we will never heal. Be aware residents of the Kewaskum School District, and I speak from a great deal of experience in the field of education, we have a great deal to gain with effort and cooperation and understanding, or if WE CHOOSE, we have a great deal to lose, and it is a choice...OUR CHOICE...YOUR CHOICE...

A Very Concerned and Worried Resident of the Kewaskum School District...  
Joyce Schulte

Feb. 11, 1986

Editor, Kewaskum Statesman:  
Open letter to  
Mr. Jim Kleinhans:

Dear Mr. Kleinhans,

In reply to your letter to the Statesman on Feb. 7 — Yes, there are people in the Kewaskum school district who do care about the quality of their children's education. And you're right, it is time we start speaking up.

There are those of us in this district who are supportive of the new administration's and Board's uphill struggle to improve the quality of education and see the facts and figures for what they are. We know why our tax levy has gone up the past few years. For example, we know that declining enrollment in the last two years alone has cost this district \$151,000 in state aids. Obviously, these kids didn't all leave the same classroom, so the expenses go on and must be made up by the taxpayer.

We also know that part of the reason our teacher/pupil ratio has increased while student enrollment has declined is due to statemandated programs, especially in the special education area. It is also probable that many classes are now getting to a more desirable, smaller size. If there are areas of duplication in course content or some such thing, we have faith in our new Director of Instruction to ferret them out and present them to the Board for change.

We realize that in order to have quality education for our children, we must attract quality teachers and administrators. We know we can't do that unless these professionals are paid what they're worth. We can't expect to attract new instructors of merit when they can make ten to fifteen thousand per year more in surrounding districts. How fortunate for us that seniority holds many of our best teachers here, that a move by them would result in too large a loss of tenure. We applaud the strides the Board has made in this area and hope for continued improvements. And we do not begrudge our two top administrators their own offices. What other heads of a 6.5 million dollar business, as our district is, would be asked to work under such deplorable, inefficient conditions?

There are those of us who welcome a Director of Instruction to give our curriculum the major overhaul that it needs. We have great hopes for her not only adjusting class offerings to more accurately meet present needs while maintaining desirable class size, but also for coordination of programs from class to class and building to building. We are also certain that after the curriculum is back on track, the necessity of the position will be reviewed.

We know our buildings have been virtually ignored for the last 25 years and now serious, major repairs are needed to provide safe, efficient environments for our children. We applaud the Board for taking the heat for past injustices and now trying to fix our decaying buildings while being called "spend-thrifts."

And that, Mr. Kleinhans, is probably the crux of the whole

problem. For years, the powers that be were pleased as punch with their austere spending and pointed with pride to statistics like being 355 out of 433 Wisconsin school districts in per pupil spending as we were in 1981. That kind of short-sightedness is costing us a bundle with today's inflated dollars. But there are many of us who are proud that in 1984/85 we had climbed to 300 of 432 and are interested in realistic long-range goals for improvement. This will undoubtedly mean more loans in the future, but we make a lot of money from interest on invested funds from these loans and we know good businesses routinely operate this way.

So yes, Mr. Kleinhans, there are those of us cognizant that we have a long uphill battle to get this district back in shape and pleased there are people willing to stick their necks out to do so. We know that though this is a horrible time economically to catch up, our children are our most precious resource and aren't going to stop growing until things get better. Even some really hurting financially, realize that the cures of our nation's problems come from strong education of today's youth and that no sacrifice is too great for their welfare.

Because we are supportive of the positive changes that are taking place, we are going to vote for the incumbents and urge others who consider their children as their #1 priority to do the same!

Thanks for your concern Mr. Kleinhans.

Sincerely,  
C. M. Connor

.....

Feb. 10, 1986

Dear Editor,

Recently letters-to-the-editor concerning Kewaskum District School Board and the status quo of education in the district have been presented to gentle readers of this column for perusal....in fact, a whole bunch of 'em have been published of late. Truly it is gratifying to see this interest in finding out more about our education system. I heartily suggest that any gentle reader interested in the next installment, - the ANSWERS - go to the source, logically, the Superintendent of Schools, Tel. 626-8427. Or go to your elected representatives on the school board. It would seem to this gentle reader that any other approach could possibly lead to speculation, heresy and/or letters to the editor.

The Kewaskum School Board is currently undergoing its periodic trial by fire, commonly referred to as election time. In the midst of all this, the Board is duty bound to continue its primary function, that of making policy decisions concerning our children's education. Decision making is truly an art....it can involve such variables as inaccurate information, not asking the right questions not grasping the issue, etc.; but decisions have to be made, regardless. Most people, including board members, make decisions based on their best judgment at the time and do not willingly and knowingly make poor

choices - it's embarrassing to do so. The rest of us may not agree with those decisions. But constant "second guessing" those decisions can only undermine the effectiveness and intent of the entire process. And more embarrassing, it can lead to a rash of rescinding decisions.

A decision was made to hire a district curriculum coordinator. The decision was based on strong recommendations by the board's Evaluation Policy Committee (EPC) for at least four years in a row, to deal with inaction, overlap, lack of continuity, misunderstanding, etc., about curriculum. That committee had, in turn, consistent and strong support for such a position from teachers and parents, again for several years standing. As a former committee member, I can vouch for the overwhelming need for someone with authority and expertise to bring some order to the mess (documentation is available for review upon request, but space limitations prohibit me from detailing the mess in this letter). The district now has a Director of Instruction. Surely it is in our best interest to support that person's effort to get this much-needed job done. So far, part of this job has included cleaning house and catching up, one example being the discovery that recommendations were made three years ago to deal with problems still standing today. It is inaccurate to state that programs are being eliminated without Board approval. It is accurate to state that some changes will be unpopular. Check with your district superintendent for details.

One of the dilemmas in this art of decision making is that in order for the decision to be effective, action must follow, and for school districts that can translate: "put your money where your mouth is." A school board member who votes "yes" for a program, only to turn around later at the annual slash-and-hack budget show and vote "no" is, gentle reader, a political animal, or worse. The School Board needs to hear from its constituents that we support the reality of having to pay for good education. On your calendar, mark Feb. 24, an important school board meeting. Bring your interest in your kids' education and bring your questions. Answers, gentle reader, are on the agenda.

Sincerely,  
M. A. Peterson

.....

To the Voters of the Kewaskum School District:

These past 3 years have been very informative and has given me a good foundation to make the many decisions that one is going to have to make in the next few years.

There are a few issues that I would like to address.

The first item is taxes or the budget. I will be strongly supportive of all proposals made by the administration to keep the 1986-87 budget to a very minimal increase.

The taxpayers of today are paying for the "bare-bones" budgets from the past, such as

[Continued on next page]

not allowing for maintenance and equipment replacement.

The other issue is the statements I've heard regarding the 3 top administrative positions.

I feel our District Administrator, Mrs. Kleinhans, is doing a very good job trying to set goals for this district to upgrade its resources; i.e. C.B.T., better utilization of staff and setting stronger goals for the principals.

Mrs. Gorder, our Business Manager, has given us more information with facts and figures than anyone in the past. I feel she has saved our district money and she will find more ways to invest and make money for this district.

The Director of Instruction was a position that was long overdue! There were many administrative and committee recommendations to hire a curriculum coordinator. In the long run she will also save us money and has already shown us where the gaps and lack of curriculum continuity are within the district.

There are many more issues that will surface such as declining enrollment, less state aids per student, teacher contracts, etc.

The main concern of a board member should be the education of our children and I hope I have made some good decisions in that direction.

Laneille Dieringer  
Kewaskum School  
Board Candidate

.....

To: All Kewaskum  
School District Residents:

For the past ten years, Monday night football on TV has had some stiff competition. The Kewaskum School Board seldom disappoints the taxpayers on Monday nights as we watch "the thrill of victory and the agony of defeat." Lately, we have seen and felt more defeat than anything else, especially when we look at our tax bills.

I have watched the Kewaskum School Board "fumble the ball" too many times. I have seen too many decisions made and then reversed. Just when you believe that a matter is settled, somebody on the board decides otherwise.

Below is a list of reversed decisions made in the past few years. Remember, these things cost money and do nothing for the education of the students. Often, expensive lawyer fees are involved.

1. The school board agreed to put the Director of Instruction position on hold and then several weeks later, hired a Director of Instruction at \$32,000 with zero experience in the position.

2. The school board voted to hire a social worker and then changed their minds and put the position on hold.

3. The school board told us we had to take out a \$400,000 loan immediately or our buildings would be ruined from disrepair. Three years later, the roofs are still being repaired and all the money is still not spent.

4. The school board voted to close Beechwood and then reversed the decision and reopened the school.

5. With strong public approval, the 8 period day was voted down. The 8 period day is once again being considered.

6. The administration

building was closed and the offices were set up in the high school. Now thousands of dollars have been spent to reopen the building with an additional \$3,000 soon to be spent on remodeling.

Whether you agree or disagree with these decisions, indecision COSTS money! Part of the problem is that fact that some board members do not do their homework. They ask few questions and let someone else do their thinking.

Your vote can change things. I would appreciate your support at the polls on Tuesday, February 18.

To the Editor:

I think that recent Kewaskum School Board meetings have got to be Kewaskum's version of the popular T.V. show, "Bloopers and Blunders."

At the February 3rd meeting, we had the board entertaining proposals that would affect our district's children in many ways. They talked about uprooting all the sixth graders and herding them into the Middle School. They talked about reducing the reading program at the 8th grade level to a one semester course. They talked about making other sweeping changes at the Middle School that sounded to me a little like a "mini-mod" system (and we know what disasters such a system has created in some other districts). They talked about closing an outlying school and bussing these children even further than they are now being bussed.

And why? To save a little over \$100,000 for the district taxpayers. (Not that I am against saving \$100,000. Heaven knows the taxpayers need it). But, why should this be done at the expense of our children's education? Isn't it more than a little ironic that the board recently added another administrative position at a salary of \$32,000? Isn't it more than a little ironic that the board has chosen to support four administrators with a total salary in excess of \$140,000, when perhaps they could have only one at a \$40,000 salary and save \$100,000 that way? Isn't it ironic that even now the board is considering yet another supervisory position for the food service program? Did you know that a salary survey of the 44 district administrators (superintendents) in CESA 6 showed that in 1982-83 Kewaskum ranked 21? Did you know that in 1983-84 that ranking was 11? Isn't this what is commonly called "salary creep?" (The word "creep" hardly seems appropriate, "gallop" would be more like it). In addition to these salaries, are you aware that the board has been most generous in providing fringe benefits to these administrators?

Are these board actions "bloopers" or are they "blunders?" "Bloopers and Blunders" on T.V. may be funny, but when they affect the education of the children of this district, they are FAR from funny!

Editor:

There is much in the news about the plight of the farmers, but the media does not give reasonable views for the why of this situation.

About two years ago, I was asked my opinion of the Federal Reserve. At the time, I thought it was doing a "good" job, because I had no real knowledge of its policies. Since then I tried to find out all I could. Mr. James Sensenbrenner, at my request, sent a packet of official-looking government printed information on the subject. Nothing much there. You realize it's difficult to find such information. None of the history books and encyclopedias at my disposal had a good explanation of its founding and purpose.

One day I was listening to a radio program which discussed the Federal Reserve. The program was a review of a book entitled The Secrets of the Federal Reserve by Eustace Mullins, who devoted 30 years of research to write it. He describes how, in 1913 it was initially foisted upon the U.S. Government in a suspicious manner. You ought to read this book! It will open your eyes!

It is not a Federal Agency, but is privately owned and it does not hold money in reserve, but creates debt for you and me; witness the national deficit. In short, the Fed is controlled by international bankers who by manipulating the money supply and interest rates can cause inflation and recession at will.

In the Agricultural Depression of 1920-21, Mr. Mullins reveals that the Fed increased the money supply, causing inflation. The Government encouraged farmers to buy new land, even to borrow money for this purpose "and then they were bankrupted by a sudden contraction of credit and currency which took place in 1920." But "manufacturers and merchants were allowed a very large increase in credit. This was to tide them through the contraction of credits which was intended to ruin the American farmers, who during this period were denied all credits."

Farmers, can you see a parallel? Money is controlled, Energy is controlled, next they want to control the food source.

To the Editor:

Re: Town of Wayne  
Snow Plowers

I'd like to thank the men who do such a great job of keeping the roads open in the Town of Wayne. I've traveled other townships and ours is something to brag about. I especially give these men credit, as in the last month (Jan). All the storms we had, with all the snow, they were out at 3:00 a.m. thru the night and all the next day, til the whole township was open, rest a while and start all over again.

To me that's dedication! There's no nicer sound and sight as when the snowplow comes through after a snow-storm and several inches of snow and you can see the road again. I think we're all spoiled, everytime it snows, the crew is always out. I can't imagine what it was like years ago before they had such big equipment. I guess people had to learn to

2-6-86

drive in any situation or just stay home.

If the plow isn't out right away to plow or sand, there's always some that are going to call in and complain and sometimes hang up without giving their names. I just wish they would feel as lucky as I to have such a terrific township as ours. Someone said to me, that plowing sure looks easy and how they thought it should be done, also how aggravating it is when their driveway gets snow in whenever the plow goes thru. To me the only duty to the driver is to get the road open. I'm just grateful of that! My driveway is my problem.

I also said, do you know how long it would take the crew to get thru the township if it had to slow down and try and miss every driveway? Then you would really have some aggravated people. Whoever has mixed feelings or complaints should come to the town meetings and speak up or maybe sign up to be a driver. I know the people of our Township are pleased with the job of the snowplowers and townboard as I am. We have a great board and chairmen and they should get credit for it.

And thanks again for a terrific job snow plowing, guys!

Signed,  
Grateful

Dear Editor,

As a doctor I don't usually get involved in the legislative process, but the Safety Belt Law, which is currently under consideration, is an issue that I feel very strongly about. In fact, I feel so strongly about it that I have taken on the Chairmanship of the Wisconsin Safety Belt Coalition.

The facts are compelling. Over 240 lives a year could be saved if Wisconsin had a safety belt law. It is estimated that 30,000 new injuries would be prevented.

In a recent survey we learned that 82% of Wisconsin citizens would buckle up if such a law was on the books.

In addition to the human life factor, wearing safety belts saves money. It is estimated that with a Safety Belt Law over \$200,000,000 in health care and insurance costs would be saved.

Life is very precious. Once life has been taken, neither you nor I can give it back. Buckling up is such a simple step to take to help ensure the safety of our loved ones.

Our opportunity to save lives and prevent crippling injuries through this no cost common sense measure has always been apparent. Our responsibility to do so, however, has never been more urgent. The vote on Senate Bill 7 in our state Legislature takes place within the week. If every person reading this letter would pick up a pen or the phone they could make an immediate decisive impact on their Legislator. Your putting this request aside, even for a day, could turn this real opportunity to save lives into an unfortunate good intention.

Please call the legislative hotline 1-800-362-9696 and talk to your State Senator and Representative.

We need your help today!

Sincerely,

Michael Bowman, M.D.  
Chairman  
Wisconsin Safety Belt  
Coalition

Dear Editor:

Recent reports by the National Institutes of Health confirm the suspected link between the use of smokeless tobacco and oral cancer. These findings are accompanied by alarming reports on the growing popularity of smokeless tobacco among your youth.

Your readers should be made aware that the terrible toll which tobacco is destined to exact on Wisconsin youth would be considerably lessened by the passage of Wisconsin Assembly Bill 196, a measure which would prohibit the sale of tobacco products to persons under the age of 18. The bill is currently before the Joint Finance Committee.

The current state financial crisis should not deter support for A.B. 196. Tax revenue lost by the prohibition of tobacco sales to minors is quite small when measured against the financial and human ravages caused by tobacco use. The addition to tobacco usually begins in the teenage years. Let's all support A.B. 196, and help discourage our youth from adopting a harmful health habit.

Sincerely,

Gerald L. Doelle  
Executive Vice President

### In the Service

Airman Lori L. Puerling, daughter of Mr. and Mrs. Robert Puerling of 733 Judith Court, West Bend, has completed Air Force basic training at Lackland Air Force Base, Texas.

The airman, who is remaining at Lackland for specialized training in the security police field, studied the Air Force mission, organization and customs and received special instruction in human relations.

Completion of this training earned the individual credits toward an associate degree in applied science through the Community College of the Air Force.

She is a 1982 graduate of West Bend East High School.

Navy Petty Officer 3rd Class Brian D. Kumrow, son of Ronald and Gloria Kumrow of 8080 Highway 144 N., West Bend, recently participated in the exercise Kernel Usher while stationed aboard the tank landing ship USS Barbour County, homeported in San Diego.

The 11 day exercise was conducted off the California Coast and involved more than 10,000 sailors and Marines, 12 ships, and various types of aircraft. The exercise included a shore landing, supported by aircraft bombing runs, and naval gunfire. There was also a long range, noncombatant evacuation operation on the mainland.

A 1984 graudate of Kewaskum High School, he joined the Navy in September 1984.

# A Thank You From Wisconsin Electric.

When the weather was at its worst, our customers and employees were at their best.

When last week's severe ice storm swept through southeastern Wisconsin, it damaged thousands of trees and power lines. Nearly 20,000 Wisconsin Electric customers lost their electric service at some point.

The damage inflicted by the storm was the worst that Wisconsin Electric has experienced from ice in the last ten years.

Every effort was made to restore electric service to the affected areas as quickly as possible. Line crews from all parts of our Wisconsin and Michigan service areas were rushed to the storm-damaged area to assist in the repair efforts. All told, more than 700 Wisconsin Electric employees, Wisconsin Public Service Corp. employees and private contractors pitched in to help get the power restored. Office workers handled thousands of telephone calls and provided the support staff necessary to speed service restoration. Repair crews worked 16-hour days, replacing over 1,000 spans of wire.

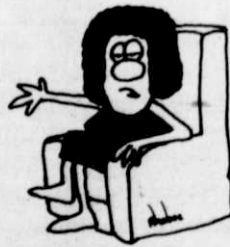

All of us at Wisconsin Electric want to extend a special "thank you" to our customers and area businesses for their cooperation, patience and understanding following the storm. Your spirit of cooperation and concern enabled our crews to restore power as quickly and efficiently as possible.

**Pastor Gorman, TV Personality, Coming To West Bend Church**

**Rev. Marvin Gorman**

Marvin E. Gorman, nationally known pastor, evangelist and television personality, will be in West Bend on Thursday and Friday, February 20 and 21.

The Reverend Marvin Gorman, host of the Good News America radio and television program, is seen daily on some 800 T.V. stations via the PTL (Praise The Lord) satellite network and syndicated outlets. His radio program is heard on many stations throughout America.

The public is invited to services held at 7:00 p.m., Thursday and Friday, February 20 and 21, at Calvary Assembly of God, 1110 E. Decorah Road, West Bend. Nursery services will be provided.

In addition to his international evangelistic ministry, Marvin Gorman pastors one of the fastest growing churches in the south. In 1965 he went to New Orleans to pastor First Assembly of God, a church of 100 members. Today he ministers to more than 6,000 in seven services weekly.

Marvin Gorman is founder of Marvin Gorman Ministries, Inc., which reaches beyond his local church to tell the world that there is someone who cares and that someone is Jesus. The organization's outreach include radio and television programming, literature publishing, prison ministry, foreign missions and Louisiana Teen Challenge.

Reverend Gorman is especially noted for his dynamic biblical preaching, with emphasis on salvation, supernatural healing and the baptism

in the Holy Spirit. His charismatic ministry is marked by the operation of the gifts of the Spirit.

A state and national official in his denomination, Reverend Gorman is in demand as a camp meeting, seminar and crusade speaker.

**To Begin Aerobic Dance/Exercise Classes Locally**

A new session of aerobic dance/exercise classes, sponsored by Dance Slimnastics, Ltd. will begin on February 24. The session titled, "I Sweat," will run for eight weeks.

Classes in Kewaskum are at the bank on Monday/Tuesday/Wednesday at 5:15 and at St. Michael's Church Hall in St. Michaels on Tuesdays/Thursday at 6:30 p.m. and Saturdays at 9:30 a.m.

Under the club's unique Free Class Option, members can attend class as many times per week as desired for greater aerobic fitness. The class fee covers the cost of two one-hour sessions per week.

An exciting feature continues to be available in classes this session. An exercise band will be distributed free to each student. The bands are used to increase the toning and firming

benefits of exercise.

Students need no previous dance or athletic experience to enjoy this session. The non-competitive atmosphere of class allows persons of all fitness levels to participate in a safe and effective program led by trained instructors. Those looking for a "Low Impact" aerobic class are encouraged to join us. Low Impact is an aerobic workout done at a walking level (without bouncing or jumping) and it's perfect for people who have joint problems, are new to exercise or just want low impact. There is a special program for everyone wishing to get in shape or stay in shape.

Dance Slimnastics, Ltd. is a national nonprofit fitness organization dedicated to providing quality fitness at an affordable price. Classes are designed to be enjoyable, challenging, entertaining and effective for persons of all ages and shapes.

## LEONA STRADE

Mrs. Leona F. Strade, 80, of 504 Forest St., Campbellsport, died Saturday, Feb. 8, 1986, at her home.

Mrs. Strade was born April 16, 1905, a daughter to William and Mary Polzean Kaehne in rural Campbellsport. On Aug. 25, 1937, she was married to Monroe Strade at Campbellsport. She worked at Regal Ware, Kewaskum, and at Stella Cheese Co., Campbellsport, for 14 years. She was a member of St. Matthew's Catholic Church, Campbellsport, and its Christian Mothers and Altar Societies.

Survivors include her husband; three sons, Steven James Fuller of Milwaukee, Lawrence M. Fuller of Germantown and Raymond M. Strade of Campbellsport; one daughter, Mrs. Roman (Laverne M.) Schekirke of Kewaskum; 10 grandchildren; and three sisters, Mrs. Loretta Olderman and Ms. Rose Meade, both of Fond du Lac, and Mrs. Martha Essman of Eden. She was preceded in death by four brothers.

Funeral services were held Tuesday at 7 p.m. at St. Matthew's Catholic Church. The Rev. Victor Kemmer officiated. Burial was on Wednesday at 10 a.m. at St. Matthew's Cemetery.

Friends called Tuesday from 4 to 6:30 p.m. at the Twohig Funeral Home, Campbellsport.

Memorials may be directed to the Heart Fund.

## FLORENCE WEITZER

Florence M. Weitzer, 80, nee Falarsch, of Milwaukee passed away Friday, Jan. 31.

She was the wife of Ernest Weitzer, a former resident of this area, who graduated from Holy Trinity Catholic School and Kewaskum High School.

Besides her husband, she is survived, by one sister-in-law, Emily Falarsch, other relatives and friends.

Funeral Mass was read on Tuesday, Feb. 4, at 11 a.m. at St. Nicholas Church, 5353 N. Green Bay Ave., Milwaukee. Entombment was in Wisconsin Memorial Park. Friends called Monday after 4 p.m. at the Raasch Funeral Home, 7709 W. Burleigh.

## 4-H NEWS

### KEWASKUM 4-H'ERS

The Kewaskum 4-H meeting was held on January 16th, at the Savings and Loan, from 7:30-9:00.

The 4-H Pledge was led by Renee Kapp and the Pledge of Allegiance was led by Jenni Carron.

The treasurer's report was read. A motion to accept the treasurer's report was made by Jenni Carron and seconded by Bill Butzlaff. There was no secretary report.

For old business, Laurie Horlamus reported on the Christmas party. Mrs. Horlamus reminded everyone to hand in their candy money.

For new business, Renee Kapp reported on the sledding party on January 26th at 1 p.m. at the Old River Park. Donna Sauer talked to the club about the 4-H trust fund.

Steve Liegl gave a demonstration on his woodworking project. Jenni Carron and Laurie Horlamus led the recreation. The refreshment committee for next month's meeting is the Etta family.

Laurie Horlamus made a motion to adjourn the meeting. David Schmidt seconded the motion.

## Sensenbrenner Receives Fiscal Integrity Award

Rep. F. James Sensenbrenner, Jr. (R-WI) was presented with the 1985 Golden Bulldog Award by the Watchdogs of the Treasury, Inc., for his voting efforts to cut federal spending, eliminating waste and reduce the deficit, the Watchdogs announced.

It was Congressman Sensenbrenner's 4th Bulldog.

The award is presented to those members of Congress who vote for fiscal responsibility in government at least 75 percent of the time, based on a compilation of selected votes on economic and fiscal issues published in the "Economy Voting Record." The Congressman had a 69% favorable voting record.

This year's Bulldog Awards presentation commends those members of Congress who have taken an active role in reducing the federal budget deficit.

Watchdogs of the Treasury is a Washington, D.C. based nonpartisan organization whose award for fiscal integrity in government is presented annually.

## NEWS EXTRA...

### Use Your Snow Thrower With Caution

"Use extreme caution when clearing snow and debris from your clogged snow thrower this winter," notes Jane Jansen, assistant administrator with the trade and consumer protection division of Wisconsin's Department of Agriculture, Trade and Consumer Protection (DATCP).

According to Jansen most snow thrower injuries occur when consumers try to clear snow from the discharge chute or debris from the auger/collectors.

Reports from the U.S. Consumer Product Safety Commission (CPSC) indicate that some 4,000 snow thrower users receive hospital emergency treatment each year for injuries suffered while removing snow. Most injuries are hand or finger cuts and amputations happening when consumers try to clear clogged machines.

CPSC offers the following snow safety hints:

Keep hands and feet away from all rotating and moving parts. Stop the engine whenever you leave the operator position. Never leave a snow thrower running while you make repairs, adjustments or inspections.

Never put your hand in the discharge chute or near the auger/collector to remove snow, sticks or other debris. Blocked auger/collectors and impellers can "spring back" when cleared and may cause personal injury, even with the engine stopped. Always use an object such as a trowel or long stick to clear blockages.

Never leave a running thrower unattended.

Keep the area of operation clear of other people and pets. Never aim the discharge at people, pets, automobiles, windows, etc.

Fill the fuel tank of gasoline powered machines with extreme care. Never refuel indoors or add fuel to a running or hot engine.

Be aware of the power cord on electrically-powered snow throwers at all times.

Check the machine often if you are using the equipment sporadically over the winter season. Inspect for loose and missing safety guards.

Refer to the owner's manual for specific operation, care and maintenance instructions of the snow thrower.

If you wish to report a potential snow thrower hazard, call DATCP's consumer hotline at 1-800-362-3020.

## Farm Tractor Safety Course To Be Held Here

Accidents cause more deaths to persons between the ages of 15 and 24 than all other causes combined. On the farm, the major cause of accidents is working with tractors and farm machinery. Most of the accidents happen when the operator does not know how to operate the tractor or machine correctly or is unaware of the dangers involved.

To help reduce accidents, a farm tractor safety course has been started. A federal law says that no youth between 14 and 16 years of age may be hired to operate a tractor on a farm unless he has taken the safety course.

A tractor safety course will be conducted by the High School Vocational Agricultural Departments and University of Wisconsin Extension in Washington County. It will be on Saturdays at the Kewaskum High School, beginning March 8, from 9:00 a.m. to 3:00 p.m. It is open especially to youth who will be 14 and not over 16 years of age by June. However, if there is room, other youth will be accepted. The federal law requiring the safety course does not apply to youth who will be working on their own farm. However, the safety course would be a good thing to enroll in even if a youth does not plan to work for others.

The course includes instructions on understanding how to operate a tractor, with the emphasis on safety. To complete the course, a member must attend four sessions and then pass a written and a driving exam.

You may get details and information on registration from your High School Vocational Agriculture Instructor or from the University of Wisconsin Extension Office in West Bend. Phone 338-4478, 644-5204, or 342-2929.

This village, state and neighboring states were confronted with another severe blizzard which raged all day Saturday and part of the night, and although only about three inches of snow fell, the terrific wind closed all roads and passages up completely so that traffic was again shut off from Saturday until Tuesday, including the railroads. The stinging cold that accompanied the storm made even walking very difficult. Automobile drivers stated that they could not even see the fronts of their cars in many instances. On Wednesday afternoon of this week, when traffic was again starting to move more regularly, more snow began to fall, and continued through the night. By Thursday morning the snow was still coming down. Ever since 1881 we have been hearing the older residents mention time and again of the severity of the winter of that year, which according to them was the most severe of all — up to this winter. Now at last, they are beginning to admit that this has that one topped and from now it is agreed upon that when reference is made to winter, it will be the storms of '36 that will be the main topic of discussion around the stove in the general store on the corner.

## Minutes of Village Board Meeting

Regular Meeting  
February 3, 1986  
8:00 P.M.

The Village Board of Kewaskum, Washington County, Wisconsin, met in regular session in the Council Room of the Municipal Building, 204 First Street.

President David E. Nigh presided. All Trustee Members were present.

The minutes of the meeting of January 20, 1986, were approved as printed upon a motion by Trustee Mary Krueger, seconded by Trustee Paul Blumer. Voice vote was passed unanimously.

A public hearing was conducted on the application for a Class "B" Fermented Malt Beverage License as noticed for David R. Stern, Landmark Inn, 143 Main Street, Kewaskum, WI. David Stern indicated the conditions for serving beer would remain the same as under the partnership.

The Police Department had no reason to protest the application at this time. Motion was made by Trustee Donald Mlodzik, seconded by Trustee Howard Laubenstein to close the public hearing. Roll call vote was 7 "Aye," 0 "Nay," 0 "Absent." Roll call vote was unanimous and the Board declared the public hearing closed.

On a motion by Trustee Richard Schlice, seconded by Trustee Donald Mlodzik, and unanimously carried by voice vote the Board approved the applications for Operator's (bartender's) Licenses upon payment of fee and authorized the office to issue said Licenses as follows:

Linda Schaub, Kewaskum, WI

Agnes Curry, Kewaskum, WI  
Connie Gleason, Kewaskum, WI

Susan M. Seefeldt, Kewaskum, WI

NOTE: The Police Department had no objections to any of the applications.

Administrator Daniel Schmidt reviewed some correspondence with the Board and some general information.

On a motion by Trustee Paul Blumer, seconded by Trustee Richard Schlice and unanimously carried by voice vote, the Board approved the payment of bills as recommended by the Administrative Committee. The total of all claims as recommended are as follows:

General Fund	\$524,746.84
Water Dept. Fund	1,137.84
Sewage Dept. Fund	2,503.93
TID #1 Fund	13,192.83
<b>TOTAL</b>	<b>\$541,581.44</b>

General - Voucher #4761 thru #4911

Water - Voucher #4862 thru #4871

Sewage - Voucher #4240 thru #4254

TID - Voucher #221 thru #222

Trustee Richard Schlice reported on the Library Board meeting of February 3, 1986.

On a motion by Trustee Thomas McElhatton, seconded by Trustee Paul Blumer and unanimously carried by voice vote, the Board accepted the low bid from Oshkosh Fire & Police Equipment, Oshkosh, WI for the tanker apparatus body as recommended by the Fire Department Equipment Committee at a cost of \$15,995.00. Included in the motion was the chassis options equalling an

estimated \$3,000.00 additional.

On a motion by Trustee Mary Krueger, seconded by Trustee Thomas McElhatton and unanimously carried by roll call vote, the Board approved the Class "B" Fermented Malt Beverage License for David R. Stern, Landmark Inn, Kewaskum, WI, for the period commencing February 4, 1986, and ending June 30, 1986, upon proper payment of the required fee. The Police Department has no objections and the office was authorized to issue the proper license. Roll call vote was 7 "Aye," 0 "Nay," 0 "Absent."

On a motion by Trustee Thomas McElhatton, seconded by Trustee Mary Krueger and unanimously carried by voice vote the Board approved the appointment of Clayton Stautz as the Village of Kewaskum's Emergency Government Director for 1986.

Action was taken on Ordinance No. 86-2 and No. 86-3 as attached hereto:

Discussion regarding the Capital Improvement Sidewalk Extension Program was held reviewing the engineer's recommendation on how to proceed. The Administrator reviewed how such a proposal would affect the Village's debt limits and what types of annual debt liability the Village would have. No action was taken and it was noted that the item be placed on a future agenda for continued discussion and possible action.

Motion was made by Trustee Mary Krueger, seconded by Trustee Richard Schlice to adjourn the meeting. Roll call vote was 7 "Aye," 0 "Nay," 0 "Absent." The motion was passed unanimously.

Daniel S. Schmidt  
Administrator

## IN MEMORY

In loving memory of my wife, our mother and grandmother, LEONA REYSEN, who passed away one year ago, Feb. 17, 1985:

Those we love go out of sight,  
But never out of mind;  
They are cherished in the hearts,  
Of those they left behind.  
The happy house we once enjoyed,  
How sweet the memory still;  
Death has left a loneliness,  
The world can never fill.

Sadly missed by Lloyd Reysen and family.

## IN MEMORY

In loving memory of my husband, our father and grandfather, LESTER KOHN, who passed away two years ago, Feb. 17, 1984:

Those we love go out of sight,  
But never out of mind;  
They are cherished in the hearts,  
Of those they left behind.  
The happy hours we once enjoyed,  
How sweet the memory still;  
But death has left a loneliness,  
The world can never fill.

Sadly missed by the family.

## IN MEMORY

In loving memory of ANNA VOEKS, who passed away one year ago, Feb. 14, 1985:

You gave us years of happiness,  
Then came sorrow and tears,  
But you left us wonderful memories,  
We shall treasure throughout the years.

Sadly missed by her daughters, grandchildren and great-grandchildren.

## IN MEMORY

In loving memory of LEONA REYSEN, who passed away one year ago, Feb. 17, 1985:

If only there had been more time,  
For we never said goodbye  
But even though you've gone away  
Your memory shall not die.

Sadly missed by her sisters and families.

WEST BEND Aqua Club members demonstrate ice diving at the Campbellsport Sportsman's Club fisheriee. There has to be a more comfortable way to have fun.

By Chuck Voge

Mild weather, nice prizes, plus no more Sunday afternoon football games all contributed toward making the annual Campbellsport fisheriee a successful event for the members of the Campbellsport Sportsman's Club. The fisheriee, held at Long Lake on Sunday, Feb. 2, drew well over 800 fishermen from as far south as Waukesha, to as far north as Appleton.

Special entertainment was provided by the members of the West Bend Aqua Club. The dive club put on an exhibition on winter diving through the ice.

Fishermen winning prizes are listed below:

- Walleye Class
- 1 - Terry Leiwinger, Long Lake - 23 3/8 inches
  - 2 - Randy Heberer, Kewaskum - 23 1/4
  - 3 - Danny Popelier, Sussex - 20 3/8
  - 4 - Steve Stepaninak, Long Lake - 20 1/4
- Northern Pike

- The winning fishermen competed for merchandise prizes for a list that included hunting jackets, Coleman lanterns, hunting knives, gun cases and complete fishing rod and reel combinations. Numerous merchandise prizes were also awarded to ticket holders.

Lake Maps for Ice Fishing Available

Ice Fishermen! No more cutting through a foot of ice to find 6 inches of water underneath. An index of over 2500 Wisconsin Mapped Lakes will help many Ice Fishermen enter the charmed circle of experts.

A lake map is actually a hydrographic chart. So what's a hydrographic chart? A hydrographic chart is simply a high-faluting term for a map showing the various depths of a lake along with other information that is so desirable to have for fishing...such as kind of lake bottom (sand, mud, gravel, etc.).

Suppose you want to fish for perch. You know his feeding habits and at what depths and over what kind of bottom he would be. With a Wisconsin Hydrographic Chart you can see at a glance the general contour of the lake bottom and the exact depth of any given place along with the kind and condition of the bottom.

The index is available at no charge by sending a self-addressed, stamped (39c) No. 10 business envelope to: Wisconsin Ice Fishing, Box 5096, Madison, Wisconsin 53705.

Coach Michele Wiedmeyer

By Chuck Voge

If a pretty face and pleasant smile could win games, the freshmen would go undefeated for a long time to come.

Kewaskum graduate, Michele Wiedmeyer, a member of the 1982 Kewaskum graduating class, and also a veteran of four years of high school basketball, is in her fourth year of coaching the freshmen girls basketball team. Wiedmeyer is one of the new non-faculty members of the Kewaskum coaching staff.

Coaching is Michele's only employment and like many other Kewaskum coaches she learned her craft the hard way - "by just gutsing it out and learning as she went along."

Michele and her husband Pete live at 2111 Barton Ave. in West Bend. During her spare time Wiedmeyer stays active in co-ed volleyball and keeps her basketball legs in shape keeping up with three-year-old Tricia, her daughter. In addition to basketball Michele coached the freshmen volleyball team through two seasons.

Wiedmeyer believes that sports teach students the principles of sportsmanship and team work, which she feels are as important off of the floor as well as on. Of more importance she feels that athletics teach young people how to co-exist with those around them, and how to work peacably with others.

Lakes Team Edged by Falls Honey Bucket

The Kewaskum Lakes basketball team came close to recording its third victory of the season on the home floor Sunday night before going down to Menomonee Falls Honey Bucket, 122-117.

Kewaskum led, 59-50, at halftime. The Honey Bucket quickly narrowed the lead in the third quarter and it was close the rest of the way. Kewaskum still led, 84-82, at the end of the third quarter, but faded in the final period.

Mike Ehler stood out for the Honey Bucket, scoring 43 points, more than one-third of his team's total. He was high scorer for the evening but close behind him was Kewaskum's Leon Laatsch with 40. Mark Sievers contributed 23 for Falls and Bob Nigh 20 for the losers.

Kewaskum plays at Thiensville-Mequon this Sunday at 7:00 p.m.

Menomonee Falls Honey Bucket - Ehler 20-3-3, M. Sievers 9-5-4, Plahmer 5-2-5, D. Knuese 7-2-0, Fox 4-0-3, S. Sievers 1-0-1, T. Knuese 8-2-5. Totals: 54-14-21. FTM: 10.

Wisconsin County Map Atlas Available

As important as gasoline when traveling in the State is the Wisconsin County Map atlas.

This 128 page edition includes separate maps for each Wisconsin county. The maps include all Federal, State, County and Town roads. Symbols in a second color overlay show airports, points of interest and scenic tours within each county. Included on each map are symbols for public hunting grounds, state and county parks, and recreation areas. This book will be sent by mail by forwarding \$9.95 per copy to: Wisconsin County Maps, Stock Number 10M-186 R.P., P.O. Box 5096, Madison, WI 53705-0096.

A special feature of the edition is a complete alphabetical (by county) list of all Wisconsin named lakes. This

index includes lake location, size, depth, if there is public access; plus fish species present in the lake.

Hunters to Vote on Northern Deer Season

Dates, times, and places have been selected for meetings where hunters can vote on proposals regarding an early deer season in northwestern Wisconsin. The proposals were developed in response to information gathered last year at 35 public forums, from over 450 letters, and 700 questionnaires.

Statewide, 18 meetings are planned, one in each county within the early deer season zone and the others in major metropolitan areas. A wildlife manager and conservation warden will be on hand to answer questions regarding the proposals. Voting will be done by written box ballot.

Northern wildlife managers and wardens brought the concept of an early deer season to the hunting public, but had no formal proposals of their own. State officials believe that some kind of earlier season would provide better deer herd management while allowing greater recreational opportunities for state hunters.

"Our purpose is to enhance recreational quality while taking some additional bucks that are now lost to other causes," said Bruce Moss, Northwest District Wildlife Staff Specialist at Spooner. He added that the state was not looking for a large increase in the number of deer harvested in the north.

During two of the last three hunting seasons, unfavorable weather conditions certainly affected hunting activity. Moss pointed out that with an earlier start of the season, hunters could take better advantage of more ideal hunting weather.

The dates, times, and places for the only of these 18 meetings in the southeast area are:

- February 20, 7:00 p.m. - Milwaukee Area Technical College, Continuing Education Center Auditorium, Milwaukee.
- February 20, 7:00 p.m. - Moraine Technical Institute, Fond du Lac.

The proposals to be voted on at the meetings are:

A 16-day season starting the Saturday before the regular season and running consecutive days through the regular season.

A 3-day early season on Saturday, Sunday, and Monday the week prior to the traditional 9-day deer gun season.

Open the season on November 15 each year and run it to the end of the regular season.

Open the season on the Saturday nearest November 16 and run it to the end of the regular season.

Continue the current 9-day Thanksgiving week gun deer season with no changes.

The four alternatives recommending an earlier season would also maintain the traditional Thanksgiving week, provide a zoning clause to prevent hunter number increases and contain a season sunset provision.

# All 3 Indian Teams Edged by New Holstein

By Chuck Voge

Close, closer, and double close was the word here Friday night at the Kewaskum field house as all three Kewaskum boys basketball teams were edged out by the New Holstein Huskies.

Both the freshmen and junior varsity were nosed out by slim three point margins of 40-37 and 48-45 respectively, and the varsity dropped their contest by a score of 59-54.

In spite of not scoring at all during the first and third periods, Kewaskum's Bob Yahr was the Indians' high scorer for the evening, picking up a total of 17 points. Starting forward for the Indians, Mike Coulter, had 16. For the Huskies Tim Meyer had 15 points and John Rulseh 14.

The Indians got off to a very slow start in the scoring department, missing on their first three attempts. They came out strong and aggressive, pulling the trigger in a hurry, but shots just wouldn't drop for them. Rohlinger, Theusch, Steger and Coulter each scored on solo shots from the floor and at the end of the first period the Huskies held a 14-8 lead.

In the second frame the Indians got their offense into high gear, outscoring New Holstein 17-12. Six foot senior guard Bob Yahr led the charge scoring 9 points in the period with four coming from the floor, and another on a technical foul. The manner in which Yahr did his scoring was a dramatic change of pace for him. Yahr, who is usually at his best at the base line, scored twice on good old fashioned "hard driving lay-ups." Steger added four of his own for the Indians with two coming after he cleaned up an offensive rebound.

The Indians have improved by leaps and bounds in recent weeks in rebounding their own shots. Coulter closed out the period for the Indians scoring on another lay-up and at the half Kewaskum had closed the gap to one at 26-25, New Holstein.

In the third period the

Huskies made a big adjustment in their offensive strategy, and came out smoking with fast break after fast break. On defense they pestered Kewaskum to death putting a lot of pressure on the ball and forced a lot of misguided Indian passes. The combined strategy worked well and they outscored Kewaskum 19-10 to take a 45-35 lead.

In the fourth and final frame the Indians made a good run at it and closed the gap to two points at 49-47 on a long, long jumper from the outside by Rohlinger. The big difference came, however, when the Huskies played mister clean and only sent Kewaskum to the free throw line once in the entire period. Coulter made good on the front end of the bonus throws and that would be all the Kewaskum scoring there was to be in a game that had the Indians at the free throw line only five times during the entire game. Final, 59-54 New Holstein.

Next the Indians will take on Chilton at Chilton on Friday, Feb. 14th, starting at 6:15 and 7:45 p.m. Now that the Tigers have squared accounts by up-setting the two top teams, Two Rivers and Plymouth, Kewaskum is next on their "hit list." Chilton will be out to avenge and earlier defeat here.

Kewaskum — Ramthun 0-0-0-0, Rohlinger 3-1-4-7, Menzel 0-0-0-0, Theusch 2-0-2-4, Yahr 8-1-2-17, Steger 5-0-2-10, Coulter 6-4-2-16, Troeller 0-0-0-0. Totals: 24-6-12. FTM: 3.

New Holstein — Krupp 4-2-2-10, Mauk 1-2-2-4, Rulseh 6-2-0-14, Koenigs 1-2-0-4, Mueller 0-0-0-0, Kuerschner 1-0-1-2, Flynn 5-0-1-10, T. Meyer 7-1-3-15. Totals: 25-9-9. FTM: 8.

# Girls Win Big, Then Lose by Bigger Margin

By Chuck Voge

Six foot forward, Lisa Fusek, led the charge here Thursday night, Feb. 6th, as the Kewaskum varsity girls basketball team romped over the Kiel Raiders by a score of 44-27.

The freshmen lost their game by a slim three-point margin of 40-37, and the junior varsity went down to the Raiders after a last second shot by junior Christie Kougl hit the rim and bounced off to end the game at 27-25, Kiel.

High scorers for the Indian varsity were Fusek with 12 points and Jodi Yearling with 10. For the Raiders Tohnya Brocker had 9 and Crystal Nicolaus 7.

The tall, high powered Indian offense was just too much for a much smaller Raider team and the Kewaskum girls scored almost without opposition. On defense the Indian girls looked like a million bucks, but they

weren't really tested in the whole game. Mis-matches aren't very much fun to watch, and this game was every bit of that.

If anything good can be said about the whole contest it would have to be the way that both teams handled themselves in the lopsided affair. The Raider girls never once let their frustrations out during the game, and to their credit the Kewaskum girls didn't flaunt the easy manner in which they rolled over the much weaker Kiel team. This type of character growth and maturity will probably be an asset to the Indians at regional time when they take on the number one rated team in the state, the Hartford Orioles.

Kewaskum — Fusek 6-0-2-12, Kober 1-0-1-2, Yearling 3-4-2-10, Beck 0-1-1-1, Hintz 1-0-3-2, Schmidt 0-3-2-3, Schneider 1-0-1-2, T. Theusch

2-0-2-4, Vetter 1-0-3-2, B. Theusch 2-2-2-6, Felix 0-0-3-0. Kiel — Brocker 3-3-2-9, Nemecek 0-1-1-1, Kutz 1-0-2-2, Mueller 1-2-3-4, Weiskopf 0-1-0-1, Nicolaus 3-1-3-7, Robichaud 0-0-1-0, Kuester 0-2-3-2, Klauck 0-0-1-0, Laun 0-1-1-1.

## TWO RIVERS 71, KEWASKUM 28

Two days after the Kiel victory, the Kewaskum girls traveled to Two Rivers Saturday for a makeup contest that was postponed Tuesday evening because of the ice storm. There it was no contest as the EW co-leaders thrashed the Indians, 71-28.

The KHS girls got off to a good start, scoring 10 points in the first quarter, and even took a 12-10 lead early in the second period but after that it was all Two Rivers. The Indians were held to 8, 6 and 4 points in the remaining three quarters.

Coach Milt Dickinsen couldn't figure the reason for the big turnaround but the girls didn't get back quick enough on defense nor could they stop the

Raiders' press or control the basketball. After the first quarter the Indians also started throwing the ball away and couldn't get in inside.

They shot the ball poorly, making just 13 of 43 shots, while the Raiders shot 53 percent by making 31 of 58 attempts. Two Rivers, tied for first place with Plymouth currently, is averaging 74 points a game.

The Raiders who scored 20, 19 and 22 points in the last three quarters, did little substituting until the end. Joanne Hendricks and Jackie Thome led the winners with 22 and 17 points. Top scorers for Kewaskum were Lisa Fusek and Lisa Schneider with six each.

Kewaskum — Fusek 3-0-0; Kober 0-0-3; B. Theusch 1-0-0; Yearling 2-0-2; Schmidt 2-0-2; Schneider 3-0-4; Vetter 1-2-3; T. Theusch 0-0-0; Felix 1-0-0; Beck 0-0-0; Hintz 0-0-1.

Two Rivers — Thome 8-1-1; Hendricks 10-2-4; Kornelly 3-2-2; Peterson 2-0-1; Retzlaff 1-1-0; Bonino 0-1-1; Spaeth 4-0-0; Kern 0-0-0; LeGreve 3-0-3; Shinnan 0-2-0.

# EW Wrestling Title Won By Falls; Kewaskum 5th

Sheboygan Falls barely nipped Plymouth, 136.5 to 136, for the Eastern Wisconsin team wrestling title at Kiel Saturday. Kewaskum wound up in fifth place.

The Falcons, defending champions, also won the dual meet competition with a perfect 6-0 record. They got a win from Randy Meyer in the final bout of the day to repeat as champs. Meyer, a blind wrestler, made it to the state tournament last year and is 23-0 so far this season.

Kewaskum had three wrestlers in the finals — freshman Bobby Castro, at 105, junior Rich Straub at 126 and senior Jerry Vetter as 167. None of them were able to win, however, in the championship matches.

Vetter's loss was a real tough one. He was ahead by five points with less than .30 remaining when he tried for a takedown, was put on his back and pinned at 5:41 by Kirk Schillico of Two Rivers.

Castro scored two takedowns on Karl Sabatt of Kiel and was leading 4-1 when he was pinned in the second.

Straub lost in his match with Jay Kohlman of Plymouth, 8-4, but wrestled well.

Kewaskum had just nine wrestlers competing and did well to finish fifth with 99 points. The Indians were without Brian Spartz (167) and Shane Megonigle (119), both out with the flu. A third wrestler, Chris Charland, also missed the meet with a broken thumb.

Charland's sub, soph Steve Kapp, finished third. The Indians had three other thirds from Wade Jepsen at 132, Rick Staehler at 138 and Ken Miller at 145. Staehler lost to Dan Flath of Plymouth in the semis after being the aggressor the entire match.

Freshman Dennis Aupperle at 185 ended up fourth and Jeff Diels took fifth at unlimited.

The Indians will be at the

Hartford regional Saturday.

**FINAL TEAM STANDINGS**  
 Sheboygan Falls 136.5; Plymouth 136; Kiel 113.5; Two Rivers 110; Kewaskum 99; Chilton 51.5; New Holstein 36.5.

**CHAMPIONSHIP MATCHES**  
 98 — Steve Beining, SF, won by technical fall over Ken Schillico, TR, 17-2.  
 105 — Karl Sabatt, K, pinned Bob Castro, KM, 2:35.  
 112 — Doug Brandt, P, pinned Ben Dickmann, SF, 1:06.

 Hwt — Randy Meyer, SF, decisioned Mark Bloomer, C, 5-3.

## Gymnasts Oh So Close At Valders

By Chuck Voge

The February 3rd triple gymnastics meet between Kewaskum, Valders and Southern Door was turned into a dual meet between Kewaskum and Valders as the team from Southern Door failed to show due to team illness.

In the contest the Kewaskum junior varsity finished first with a score of 69.55 to 66.58. The Indian varsity gymnasts came in a close second to Valders with the final score of 91.61 to 86.83.

## Kewaskum Ski Team Fourth at Little Switzerland

Placing fourth in their recent meet at Little Switzerland, Slinger, dimmed the hopes of the Kewaskum ski team of qualifying for the coming state meet again.

Kewaskum is in 13th place and probably would have to take first in the final meet. The weather has taken its toll on several meets the past week.

Waukesha North copped first in the five-team competition at Little Switzerland with a time of 203.91, 1.04 ahead of second place Hartland Arrowhead. Burlington, one of the teams battling Kewaskum for a state qualifying berth, took third with a 208.82, while Kewaskum was next with 211.43 and Oconomowoc last with a 212.13.

Overall individual winner was Arrowhead's Andy Tehl with a combined time of 45.66 for the two runs.

One of Kewaskum's racers, Jesse Mueller, fell near the start of the second run, but had a time of just over 52 seconds. The other three runners, Ethan Miklas, Sonny Sison and Brian Sedgwick, had unofficial times between 51.8 and 56 seconds.

Kewaskum was to have raced at Little Switzerland again Thursday but it was set back one week. As a result, the Midwest Ski League's conference meet which was to have been held at Sunburst, Kewaskum, on Feb. 13, will also be delayed a week.
