day afternoon, April 23rd, a
suicide.

The details of the incident are
somewhat bizarre. According to
the Fond du Lac County
Sheriff's Department report,
Sylvester Krahn, 807 Highway
A, Adell, was traveling south on
Highway S, just north of New
Fane at about 3:15 p.m., on his
way to work, when he noticed
smoke off the roadway. Krahn,
a volunteer fireman, stopped to
investigate and found a young
woman standing next to a
burning car.

Krahn spoke to the woman
and asked her if there was
anyone in the vehicle. She said
yes. He then tried to open the
doors but they were locked.
Krahn asked where the keys
were and the woman said they
were inside. Krahn broke some
windows to determine if there
was anyone in the vehicle but
the car was too heavily engulfed
in flames.

As Krahn was trying to see if
there was someone in the car,
the woman grabbed some of her
clothes and started walking up
the hiking trail to the wooded
area at the top of the hill.

While Krahn stayed at the
car, he flagged down Myron
Strobel in his oil delivery truck
and asked him to call the fire
department. Strobel relayed the
message to a man standing at
his mailbox. He ran to his home
to make the call. After waiting
awhile and not hearing any
sirens, Krahn went into New
Fane and made a second call,
returning to the burning car.
The Sheriff's Department
acknowledged receiving two
calls on the incident.

When the Fond du Lac Sheriff
and Kewaskum Fire Depart-
ment arrived on the scene,
Krahn explained what had
happened to that point and he
continued on to work.

The deputy went up into the
woods to find the woman. After
about 10-15 minutes of search-
ing, he found Perkovich
hanging from a tree with a rope
around her neck.

According to other
individuals at the scene, a long
hose was found near the car and
it appeared that the victim had
apparently first tried to commit
suicide by hosing the exhaust
carbon monoxide into the
vehicle, but somehow the car
caught fire.

A Fond du Lac County
spokesperson said there was no
motive for the suicide listed in
the report.

Sheriff's Dept. Suspends Investigation Of Guenther, Luebke Shooting Deaths

By GERRY MUELLER
Statesman Staff Writer

After more than a year, the
Washington County Sheriff's
Department announced in a
written statement Monday, that
it is suspending its investigation
into the February 12, 1986,
shooting deaths of Allen
Guenther and Lee Luebke at a
Town of Farmington residence.

Sheriff Clarence Schwartz
and District Attorney David
Resheske advised that the
criminal investigation into the
deaths has been suspended
pending any new information.

In November, 1986, Sheriff
Schartz requested that experts
from the Division of Criminal
Investigation, Wisconsin
Department of Justice, conduct
an independent review of the
Sheriff's Department investi-
gation into the incident.

After reviewing the case, the
Division of Criminal Investiga-
tion concluded that the investi-
gation of the incident by the
Washington County Sheriff's
Department was complete and
professional and that all
investigative leads had been
developed to their maximum
potential.

Since the incident last year,

the department had continued
to keep the investigation open,
following up on any and all new
leads and information it
received in the hope of coming
upon that one break which
would help it solve the puzzle of
just what if any, crime or crimes
were committed.

Conflicting statements and
evidence presented during last
year's two-day inquest only
seemed to cloud the issues,
resulting in Judge James
Schwalbach handing down an
advisory opinion that he could
not, from the evidence present,
determine if a crime had been
committed or whether at least
one of the deaths may have
been self-defense.

During that inquest Glenn
Zimdars admitted shooting the
two men. According to
witnesses, Zimdars shot
Guenther and Luebke in self-
defense. Schwalbach also felt
there was insufficient evidence
to indicate the shootings were in
self-defense.

New School Board Elects Officers

By GERRY MUELLER
Statesman Staff Writer

At a special meeting Monday
night, the Kewaskum Board of
Education held its election of
new officers.

Ralph Horner was elected
president on a unanimous ballot
after board members Donald
Nowak, Ruth Schmitt, and Clara
Trapp declined their nomina-
tions.

Ron Beimborn was elected
vice-president, defeating Perry
Ankerson on a 5-2 vote.

Clara Trapp was elected
treasurer over Ron Theusch on
a 4-3 vote.

On a ballot vote, Ruth
Schmitt was elected clerk by a
vote of 6-1, over Ron Theusch.

The board held the special
meeting to elect officers rather
than waiting until its next
regularly scheduled meeting
because the district will be
involved in a joint meeting with
the Lomira School District next
month.

The two districts will be
considering a petition by Susan
and Michael Gundrum, Town of
Wayne, to detach their property
from the Kewaskum School
District to attach to Lomira.

At the last regular school
board meeting, District
Administrator Penny Kleinhans
indicated it would be better to
have the new officers elected so
they would have the power to
make any necessary decisions in
the petition hearing.

Woman's Club 'Spring Fling' Luncheon Cruise Planned

It's that time of the year for the Kewaskum Women's Club to have their annual "Spring Fling."

This year a tour is being planned for the Lady of the Lake Luncheon Cruise at Lake Geneva.

The Lady of the Lake is a handsome reproduction of a twin-stacked Mississippi paddle wheel steamer, with gleaming mahogany, polished brass, elegantly appointed vessels painstakingly restored to the elegance of the steamers that once sailed the lake.

We will have a sit-down luncheon of sliced sirloin of beef, chilled assorted relishes, vegetable du jour, fresh Polynesian fruit platter, rolls, dessert and beverage, while cruising around the lake.

This exquisite adventure will take about 2½ hours. After relaxing on this steamer, we will journey to Bristol for a hour visit to the Merkt Cheese Factory. (There is not a lot of walking on this tour).

The date for this memorable Spring Fling is Wednesday, May 13th. Our departure time is 8:15 a.m. from the Kewaskum Community Center, and our return time will be approximately 5:30 p.m. The complete

cost of this Fling is \$30.50 and in order for this price to stay firm, we must have the reservations for 30 adults. Our commitment for this Spring Fling for 1987 is very important and we need some support and cooperation to make this a success.

If anyone is interested in going on this great tour, please contact Carol Leitheiser at 626-4932 or Jeanne Goeden at 334-9549 before May 6th.

Recipes Wanted

The Kewaskum Historical Society is in the process of putting together a personalized recipe book, which we will be selling in order to raise money to operate our museum. If your recipe is selected to go into our book, your name will appear at the bottom of that recipe. If a recipe is selected and there is more than one person who submits the same or similar recipe, then all names will appear at the bottom of that recipe.

We are looking for very old recipes, those passed to you

from your parents, or grandparents. Other ideas are recipes with wine; low in sugar; or low in salt. Microwave recipes are also welcome. We would like to have as much variety as we can. Recipes in all categories are welcome; such as hors d'oeuvres, pickles & relishes, salads, vegetables & soups, meat, fish & poultry, candy, jelly & preserves and misc.

Please write clearly, or type if possible. Also sign the recipe at the bottom, in case the envelope is misplaced. The deadline for your recipes is May 19.

Thirteen members of the KHS forensics team earned the honor of advancing to state competition in Madison this past week after successfully competing in the district meet a few weeks earlier. Coach Barb York said this was the largest number of KHS students going on to state competition in many years and she was very pleased.

Scoring 24 out of a possible 25 points, Debbie Pamperin led the KHS team with her poetry selection "Snow White and the Seven Dwarfs." Gayle Swift scored 22 points in her category - the four minute speech with the selection "Radiation." Kim Poling scored 22 points in the storytelling category with her selection "The Old Traveler" and Leighton Peterson scored 22 points with his poetry selection "The Glunk That Got Thunk." In the prose category Mark Peters also scored 22 points with his selection "Count

Dracula." The above people all received silver medals for their efforts. John Hazelwood won 21 points with his solo acting selection "The Wood Connection" while Sheila Paulson and Jennifer Lettow were close behind in the same category with 20 points. Their selection was "A Day in the Life of a Lemon." Group I Interpretive readers, Ann-Marie Horner and Shannon McFadden scored 20 points with their selection "Teenage Worries" while Group II Interpretive readers Jill Peterson and Janell Peterson received 18 points with their selection "Fall of Freddie the Leaf." Matt Gruss received 15 points with his prose selection "Long After Midnight." The above eight students received bronze medals for their achievements.

Coaches Barb York and Judy Jacak felt much talent has been utilized and team members have done exceptionally well this year.

County Homemakers Observe 50th Anniversary

1987 marks the 50th anniversary of the Washington County Extension Homemakers. Extension Homemakers is an organization which is enjoyed by women of all ages. It is not only for learning to cook, can, and sew, as many people may think, but concerns itself in the areas of family living, health, safety, citizen and community outreach, and cultural arts. There are 36 local clubs in Washington County with 365 members. The 36 clubs are divided into seven centers, Germantown, Hartford, Kewaskum, Richfield, Slinger, Trenton and West Bend.

The Kewaskum Center has seven clubs, they are:

Wayne Willing Weavers - Started in 1951, the Wayne Willing Weavers is the oldest club in the Kewaskum center. They have 13 members and meet on the third Thursday of the month. Their members come from the Kewaskum, Wayne, West Bend, Allenton and St. Kilian areas. Some of the activities they enjoy most are, food projects, countries, crafts, fall and spring council meetings, and they like to volunteer for finger printing. Two of their members, Pearl Terlinden and Theresa Bruckert have been with the club since its start.

Farmington Handi Maids - The Farmington Handi Maids have been in existence for "thirty-five rewarding years." They have averaged 12 members through the years. Their favorite projects have been anything on food, clothing, family living, health, and last but not least, crafts. They have donated food and clothing

to needy families for many years, and also donated money to the Ronald McDonald House and the March of Dimes. Some of their members volunteered to help at the Chuck Wagon Dinner at the fair and some also demonstrated crafts at the craft days held at Glacier Hills Park. From the Farmington area, they meet on the second Thursday of the month at 10:00 a.m. Four of their members, Mrs. Fred Belger, Mrs. Richard Degnitz, Mrs. John Youngbauer, and Mrs. Edward Beck have been with the club since it started in 1952.

Kewaskum Kitchenettes - The Kitchenettes have 16 members and they meet on the third Monday of the month. Most of their members live west of Kewaskum. Their club was started in 1957 and Peggy Stoffel, Darlene Schaub, Dorothy Volm, Paula Schoofs, Adeline Schoofs, and Martha Foerster are still in it today. They like to work at The Sweet Yesterday Ice Cream Shoppe at the Samaritan Home twice a month and they helped the Little Whistlers club fingerprint children in Kewaskum. In the past they have held special interest meetings on social services and they have had Mrs. Heidi Thomas speak on Haiti. They are also involved in many other community projects.

Happy Hearts - The Happy Hearts from the Fillmore area, started in 1957 and have 12 members. One, Beulah Leissring, has been with the club since its start. They meet on the second Thursday of the month at 8:00. As some of their projects, they have given tray favors and bibs to the Samaritan

Home, made quilts for the Farmington Athletic Club and Fillmore Fire Department raffles.

Country Cousins - The Country Cousins have sixteen members. They started their club in 1963 and still have ten of their original members. Weekly Health Tip

From Tom Kennelly

BREAST FEEDING

More women are choosing to nurse their babies because of evidence that it's better for the child's well being. Scientists at State Univ. of NY-Buffalo report that for women before the age of menopause, those who nursed their first or second child for 1 to 6 months, reduce their breast cancer risk by 10 to 25%. Those who nursed for 7 or more months reduced the risk by 50 to 75%. Breast feeding is healthful for mother and child.

Linda Howe Visits Multiple Sclerosis Office in Florida

On March 27, 1987, Linda Howe and her father, Maynard Kemp, of rural Random Lake, left for a trip to Florida via Arkansas and Louisiana. They visited many relatives and friends along the way.

When they finally arrived in Florida Linda went to the Central Florida Chapter of the National Multiple Sclerosis Society. Here she met with Alice Stafford the Executive Director.

Many things were discussed including the Wisconsin National Multiple Sclerosis money maker of the 500 snowmobile run. The Howe's have been involved with this since its beginning 4 years ago. Alice did not think this would work very well in Florida. They are sponsoring their first 150 mile sponsored bicycle ride. We also do this in Wisconsin. The event this year sounds very exciting and if you are interested contact the M.S. office at 1-800-242-3358.

Other things discussed were client needs and resources that

are available, classes at the Orlando Technical Center, Government relations committee of which Linda is co-chairman of on the Wisconsin National M.S. Board, etc. It was a very worthwhile meeting and Linda came home with some good ideas.

Linda wishes to remind anyone that has Multiple Sclerosis in the area that we do have an active support group here. We have a lot of literature which can be available also. If you do not contact us we can not help you.

We would like to meet you and thus by doing so we will also gain support from you for ourselves. Contact Linda at 692-2285, Harriet Cain 334-4472, or Vel Wheatley 629-5929. Next meeting is May 21, 2:00 at Cedar Lake Home. We hope to see you there.

After the visit to the office in Orlando, Linda and her dad visited Disney World. Handicapped accessibility is really good in Epcot, said Linda. They go out of their way to make things easier for you. They then went to Virginia to visit the family of Ray Howe, Linda's son.

Total miles, 5,400 in 19 days.

Free Education And Career Fair At UWWC May 6

Adults considering a return to school or a change of career are invited to attend a free Education and Career Fair at the UW Center - Washington County on Wednesday, May 6.

Participants can attend two workshops, hear a panel discussion by four older students, meet with representatives from a dozen schools and West Bend Job Service, see displays and pick up free literature.

UWWC's third annual fair will run from 3 to 8 p.m. in the main building lobby area.

Mike Murphy, UWWC's director of student services, will conduct workshops on "Returning to School" at 5:30 p.m. and "Choosing and Changing Careers" at 7 p.m.

At 6:15 p.m. four non-traditional age students will discuss: "What Being Back in School Means to Me." Panel members are Timothy Buege of N42 W5759 Maple Street, Cedarburg, and three West Bend students: Taira Grubb of 1141 Pleasant Valley Road, Sharon Newcomer of 737

Imperial Court E. and Sue Reichle of 1215 N. 10th Ave.

According to Murphy, the fair is aimed at helping adults become aware of their career and educational options and the resources available.

"Adult students," he said, "have similar concerns and questions. This event will help them discover that they are not alone. Others have the same fears, anxieties, questions and hopes about returning to school."

Schools invited to participate in the fair are Alverno, Cardinal Stritch, Concordia, Lakeland Marian, Marquette, the

Milwaukee School of Engineering, Moraine Park Technical Institute, UW-Green Bay, UW Milwaukee, UW-Oshkosh and UWWC.

All of the schools permit adult students to gain credits for prior experiences and training through the College Level Examination Program (CLEP). Some offer support through scholarships, daycare services and support groups. All offer a variety of class scheduling to fit into adult work hours and family responsibilities, including evening, weekend and off-

campus courses.

The public is invited to take part in any or all of the fair events. No registration or fees are required. For further information, contact the UWWC Student Services Office by calling 338-5201.

Foreign Missions Leader to Speak

Dr. Charles E. Greenaway, noted missions speaker and missionary statesman of the Assemblies of God, will be guest speaker on Saturday, May 2, at 7 p.m. (Missions Fair) and Sunday, May 3 at 8:15 and 10:45 a.m. and 6 p.m. Rev. Robert L. Schooley pastor, of Calvary Assembly of God, 1110 E. Decorah Road, West Bend, has announced.

A colorful missionary career in Africa, Europe, and southern Asia, and an inspirational preaching style has made Mr. Greenaway one of the most sought-after missions preachers in America today. His unique ministry and thorough dedication to world evangelism has led many young ministers into full-time missionary service.

About the contribution of Continental Bible College, Dr. Greenaway says, "Training leaders for the Pentecostal

revival in Europe is not an option — it is a must! The key to the heart of Europe is college-trained preachers bearing the message of the Pentecostal faith and experience."

One of the best-known of the Assemblies of God missionaries Mr. Greenaway began his overseas ministry in 1944 in Upper Volta, West Africa, where he and his wife Mary worked among the Mossi tribe. In 1949 they pioneered in Togo-Benin, later serving as field superintendent and principal of the Bible School.

Mr. and Mrs. Greenaway also were the denomination's pioneer missionaries in Senegal. In 1956 he obtained permission from the High Commissioner of French West Africa for the Assemblies of God to enter the country on a trial basis. Today the church has a thriving work in that

country.

Beginning in 1960 Mr. Greenaway served on a special assignment as field representative for what is now called Good News Crusades, a mass evangelism program. In 1962 he was appointed resident director of the Assemblies of God in Europe. Then in 1966 his responsibilities were broadened to include Eurasia, where he traveled constantly for almost 20 years in 30 countries from Portugal to Burma.

Mr. Greenaway will be drawing on almost a half-century of experience as he brings a challenging and informative message at this special foreign missions service, which the public is cordially invited to attend. Nursery services will be provided.

Trip to Chicago Museums May 2

Reservations are being accepted now for the annual Chicago Museums Trip at the UW Center — Washington County.

Forty-five seats are available on the chartered motorcoach which leaves UWWC at 6:30 a.m. on Saturday, May 2, and returns to the campus at about 11 p.m. The cost is \$9 for transportation plus museum admissions and meal costs.

Mike Cahill, assistant professor of physics at UWWC and chairman of the sponsoring Fine Arts Committee, said the trips have been going on for about seven years. "We get a full bus every time," he said.

Cahill said the 1987 trip is "the most ambitious we've ever tried" because of an effort to give participants a variety of choices as to what they will see. The bus will swing past five museums at the beginning of the morning and repeat the run at noon, picking up people and dropping them off enroute.

Museums on the route are the Field Museum of Natural History, the Shedd Aquarium, the Adler Planetarium, the Art Institute and the Museum of Science and Industry. Special exhibits in May include "Intruders from Outer Space" at the Planetarium — featuring

meteorite impacts with the earth, "Renaissance Master Bronzes" at the Art Institute and the new Henry Crown Space Center at Science and Industry.

Participants can bring a brown-bag lunch. The bus will travel to both Chinatown and the Art Institute area to offer eating alternatives for the evening meal.

Cahill said the public is welcome on the trip, which usually draws a 50-50 mix of students and community people. A broad range of ages participate, he said, ranging from children with their parents to senior citizens. Travel, he emphasized, "should be very comfortable" with a bathroom and air-conditioning provided.

"This is not a school bus," he said.

Further information may be obtained by calling 338-5208. To reserve a spot on the bus, mail or bring the \$9 bus fee to UWWC, 400 University Drive, West Bend.

Cahill said participants should be prepared to be at bus pickup points promptly because of the extra "shuffling" to provide more museum choices. But, he said, the trip should go smoothly, adding: "We've never lost anyone yet."

Forgiveness does not change the past, but it does enlarge the future.

Martin Flasch, an employee of Strachota Bros., of St. Kilian, was accidentally killed last Tuesday afternoon, death resulting from injuries received in a runaway. Mr. Flasch was employed as a teamster for Strachota Bros. and on that day made his second trip to Theresa Station with a load of egg cases filled with eggs and some cheese. When arriving at the station and preparing to unload, the team in some manner became frightened and started to run away. Mr. Flasch grabbed the lines and was dragged on the ground until the wagon struck the curb of the sidewalk around the depot, tipping the entire load upon him. The unfortunate man had three ribs broken and hemorrhage of the lungs set in which proved fatal.

Last Sunday a class of 17 boys and girls received First Holy Communion at Holy Trinity Church. The names of the communicants are as follows:

Odelia Klassen, Isabella Muckerheide, Frances Raether, Mary Muckerheide, Olga Klassen, Leo. Develice, Frank Peters, Walter Nigh, Louis Oppgenorth, Neal Wollensak, Raymond Fellenz, Edwin Seefeld, Arnold Hoerig, Leo Marx, Phillip Brodzeller, Herbert Beisbier and Leo Brodzeller.

Peter Fellenz, an employee of the H. J. Lay Lumber Co. of this village, had a narrow escape from serious injury last Tuesday afternoon, when he fell from a high load of lumber. Mr. Fellenz was engaged at the time in delivering a load of lumber to the L. Rosenheimer Malt & Grain plant, and was sitting upright on a keg of nails, while turning around a corner, the wagon in some way struck the railroad track and threw Mr. Fellenz forcibly to the ground rendering him unconscious.

Mrs. Ferdinand Feuerhammer, nee Wilhelmina Wesenberg, died at her home in the Town of Auburn on April 21,

WTA Warns: Check Property Assessments

Property owners should check their 1987 property assessments to see if there are any changes, according to the Wisconsin Taxpayers Alliance (WTA), Madison.

The WTA, a privately supported government-research and citizen-education organization, pointed out that assessments are made annually, and it is the property owner's responsibility to check the assessment.

According to the WTA, the first step is to contact the assessor to find out when the assessment roll will be open for inspection. Although owners of property whose assessments have increased should be notified by the local assessor, failure to receive the notification does not make the new assessment invalid.

An owner who feels the assessment on the property is too high should ask the assessor to explain the procedure used in establishing the value. If the explanation is not satisfactory and the owner feels the property is assessed at a higher level than comparable property in the municipality, the property owner may wish to appeal to the board of review.

The WTA said that in the appearance before the board of review, the property owner must establish the fair market value of the property and also show that the property is overassessed in comparison with the general level of property in the town, village or city. This assessment level is shown in the assessor's affidavit attached to the assessment roll.

Important dates to remember for 1987, the WTA noted, are:

Monday, May 4, assessment rolls will be open for inspection in most towns, villages and cities.

Monday, May 11, local boards of review will convene.

However, there are different dates in Milwaukee and Madison, both of which have a board of assessors as a first step in the appeal process. Taxpayers in these cities should check with the assessor's office.

For more information on property assessments and appeals, write the Wisconsin Taxpayers Alliance, 335 West Wilson Street, Madison 53703-3694.

Nine Property Owners at Silver Lake File DNR Application to Dredge Lake Bed

MILWAUKEE, WI — April 23, 1987 — The Department of Natural Resources has received an application to dredge approximately 114,000 square feet of lake bed located in the southwest portion of Silver Lake, Washington County. The area to be dredged is located adjacent to nine shoreline properties. The application has been filed with the Department by the nine property owners. The applicants propose to use a hydraulic mudcat to remove approximately 4,000 cubic yards of muck and marl sediments to increase the depth of the lake for navigation and recreational purposes.

Hydraulic dredging uses pumped lake water to remove and transport loosened sediments to a pre-determined disposal site. Three sites are under consideration for disposal of sediments from this project. All are located within 1,200 feet of the dredge site and include a farm field, a gravel pit and a kettle hole.

The Department has made a preliminary determination that an Environmental Impact Statement is not necessary for this action. Copies of the Department's Environmental Assessment which led to this preliminary determination can be reviewed at DNR's Southeast District office, 2300 North Martin Luther King Jr. Drive, Milwaukee and at the DNR Pike Lake office, 3340 Kettle Moraine Road, Hartford. Contact Mr. Vic Pappas,

Resources, P.O. Box 12436, Milwaukee, WI 53212, (414) 562-9682.

Public comments on the proposed project and the Environmental Assessment are welcome and should be received by Mr. Pappas no later than 4:30 p.m. on May 7, 1987.

year), the first round of Class C girls subregionals will be moved from Monday to Tuesday. (Note: Class B-C schools, which have boys regular season games on this particular Tuesday, should clear this date for their 1988-89 schedule to avoid girls-boys games conflicts).

Considerable unhappiness was expressed this year because girls B-C sectional semifinals fell on Ash Wednesday. This occurs only occasionally but all Wednesday tournament games in past years have met with criticism.

The Board also adopted WIAA Accident Benefit Plan rates and coverages for the 1987-88 school year. There will be a new division, Limited Program, to go along with the two Special Programs, one of which is full coverage and the other \$50 deductible. The new program is designed for schools which want minimal coverage, and it parallels plans offered by commercial carriers. There will be increases ranging from 12-28% in Group Athletic rates in the \$50 deductible program, and there will be increases of 0-11% in the Group Pupil rates of that program. There will be increases of 9-20% in Group Athletic rates in the full coverage program, and there will be increases of 0-10% in the Group Pupil rates of that program. The present coverages offered by the Special Programs will remain unchanged next school year. Schools will receive Benefit Plan information, including enrollment forms, in the coming weeks.
