Weekend Accidents Claim One Life, Injure 3

By GERRY MUELLER
Statesman Staff Writer

An accident shortly after noon Friday, claimed the life of an Adell youth. Edwin F. Wendt, 17, of 366 Highway SS,

Adell, was a passenger in a car driven by Barbara J. Abitz, of 841 Eastern Avenue, West Bend.

According to a Washington County Sheriff's Department

report, the accident occurred at 12:30 p.m., at the intersection of Highway 144 and Highway H, when Russell Volm, 18, of 4250 Highway H, stopped at the intersection.

According to Volm, he was having engine problems and his motor kept stalling. After stopping for the stop sign, he proceeded east to cross highway 144, when his motor again began to stall and he struck the northbound Abitz vehicle causing it to slide sideways into the southbound lane where it was struck again, this time broadside on the passenger's side, by a semi-trailer truck driven by Daniel Obbink of Cedar Grove.

The Kewaskum Rescue Squad had to use the Jaws of Life to free Wendt from the car.

A Sheriff's Department spokesperson said the report did not indicate whether any citations had been issued.

Wendt was to have stood up for Abitz' wedding on Saturday. Friday was also the eighteenth birthday of Volm.

There was no information of the extent of injuries for Abitz or Volm.

In another accident Friday night, Herman J. Wondra, of Highway V, Campbellsport was injured when the car he was driving struck a horse that was standing in the road on Highway 45, just north of Friendly Drive.

The Sheriff's Department report stated Wondra was traveling north at 11:40 p.m., when he hit the horse, causing his car to spin around 360° and come to rest in the ditch on the east side of the road.

No further details on the accident or the extent of Wondra's injuries were available.

The horse, which was killed, belonged to Mary Katzenberger of 7850 Sandy Ridge Road.

Backus Leaving to Accept Hartford Post

School District Losing Another Top Administrator

Julie Backus

By GERRY MUELLER
Statesman Staff Writer

Julie Backus, the Kewaskum School District's Curriculum Coordinator and Middle School Principal, confirmed the fact Tuesday, that she has submitted her resignation to District Administrator Penny Kleinhans effective June 30th.

Backus, who has been with the district since December, 1985, also assumed the duties of middle school principal last year after the resignation of Dennis Reha.

Backus is leaving to accept the position of Curriculum Coordinator for the Hartford School District. Her duties will encompass curriculum programming on both the elementary and high school levels.

During July, Backus hopes to complete her dissertation for a doctorate in urban education and curriculum instruction.

Backus declined to release any details regarding her contract or salary.

With Backus' resignation, two positions will be left open. Beside the search for a new district administrator, the Kewaskum School Board will be

faced with the task of filling two more top administrative positions before the start of the 1988-89 school year, Director of Instruction, and Middle School Principal.

As of the last school board meeting, little information was available about the district's success in its search to find a replacement for Kleinhans.

Backus' resignation will be presented to the school board at its June 13th meeting.

Northern Moraine Auto Body Offers Quality Work, Products

John Schulte of Northern Moraine Auto Body recently completed the repair and repainting of a damaged fender on this MGB. Schulte says he pays close attention to detail. "On a repair such as this, I even match the paint's texture and finish so it blends in with the rest of the car."

By GERRY MUELLER
Statesman Staff Writer

Quality workmanship and the finest grade products are what John Schulte offers his customers when they come to him for auto body painting and repairs.

Schulte, who originates from Marshfield, now operates his own body shop, Northern Moraine Auto Body, on Highway S, 3/4 of a mile southwest of Beechwood.

Schulte has fifteen years experience in all phases of auto body repainting and repair work. Prior to opening his own shop, he worked for Kuettner Olds of Waukesha, managed a restoration shop for a private car collector, was a manager for Coach House Racing and a team manager for MP Enterprises.

A testament to the quality of Schulte's work can be found in the 1988 Snap-On Tools Collector's Special Edition calendar. The calendar's March/April 1936 Cord and the July/August 1931 Cadillac Roadster are examples of Schulte's skill in quality repainting and restoration.

While Schulte has worked on collector cars, he said his main

objective now is to concentrate on repair and bodywork including insurance claim repairs. Schulte stressed his work also includes rustproofing and repainting for owners who want to return their vehicles to their original new appearance. He also specializes in working on European imports.

"I use only high grade products in my work," said Schulte, "many of the products are imported from Europe." Schulte said he uses imported products because they are much more technically advanced than most of the paints and rust-proofing products available in this country. They tend to provide a better quality end result and last longer, he noted.

"We do not do any large scale mechanical work," said Schulte, "I have a local part-time man, Mark Ringwall, who does minor mechanical repairs."

"I take time and care in my work and if a customer wants it, I will guarantee that work in writing" said Schulte. His shop is located at Route 1, 17-138 Highway S, Kewaskum and it is open Monday through Saturday from 8:00 a.m. to 5:00 p.m. The telephone number is 626-4133.

KHS Theater Students Attend UWWC Drama Clinic

Professor Brad Ford, UWWC Drama Clinic

On Saturday, May 21, interested theater students from Kewaskum High School attended a clinic at the University of Wisconsin-Washington County theater. Professor Brad Ford of the UWWC drama department conducted the clinic and centered his discussion on auditioning techniques and casting from the director's point of view. Students were advised

as to the advantages and disadvantages of "cold" reading verses prepared auditions. Much of the time was spent with the students participating in a simulated audition.

At the end of this audition the students were asked to pick the cast for a show from the available students. Professor Ford also chose a cast and

proceeded to discuss why certain casting decisions were made. The clinic concluded with a short analysis of characters and ways to develop characterization for lead roles as well as smaller, chorus-type roles.

The drama clinic was sponsored by the Kewaskum High School Music Department and was available to any music or forensics student.

Pastor Installed At St. John's

St. John's United Church of Christ, Kohlsville celebrated the installation of Rev. Curtis Schowalter as pastor in a special service at 10 a.m. on Sunday, May 22.

Rev. Schowalter and his wife, Marge, have recently returned to Wisconsin after more than 20 years of ministry in Illinois. He now resides in West Bend.

Lunch was served to visitors as well as friends and members of the congregation following the service.

Bicycle Safety Clinic Tuesday

A bike safety clinic will be offered Tuesday, June 7, at 1 p.m. All bike riders age 7 and older are invited to bring their bicycles to the Kewaskum Middle School parking lot.

All in attendance will see a special film on bicycle safety, perform a bike-obstacle course, and take a written test of bike handling and safety.

The clinic is sponsored by GFWC Kewaskum Jr. Woman's Club and in cooperation with the Kewaskum Police Department. We encourage you to attend the Safety Clinic.

The Opportunity League of Washington County, Inc.

by Judy A. Behlen

The Opportunity League of Washington County, Inc. is a group of people with disabilities who advocate for themselves and other persons with disabilities.

We have been advocating for five years as a group. A few of the members formed the group on their own. With little money and help, we accomplished a number of things throughout our existence. It took a lot of support, understanding and time by the members to do these things on our own.

We were able to convince the county board to have their public hearings in the evening for people with disabilities who are employed during the day to attend them in accessible places.

We got transportation to be available more often. This still needs improvements. We are still fighting for more hours of available transportation. We made a video on transportation information and have a

transportation committee to discuss the problem.

We worked on the housing issue throughout the existence of the Opportunity League. We have some low-income housing for our people. We are still working on getting more housing which is affordable for the people.

We are working on a number of issues concerning people with disabilities. There is never a dull moment.

We would like to continue to strive to be integrated in the community with transportation, affordable housing and competitive jobs. We want to continue our education to the general public.

We are involved with the Full Citizenship Initiative project. The Full Citizenship Initiative is a three year project through Wisconsin Council on Developmental Disabilities (WCDD). The aim for this project is to establish future state legislation to ensure the availability of basic, quality

services for all Wisconsin citizens with developmental disabilities.

In what she hopes will become an annual tradition, principal Julie Backus welcomed students, parents and guests to the Kewaskum Middle School's first Sports Recognition Night.

Backus told the audience that 50% of both the seventh and eighth grade students had come out to participate in a sport during the year. She said it was an excellent beginning for the expanded middle school sports program which she hoped

would continue to grow in both activities and participation. Backus also thanked the parents for their commitment during the year in not only bringing in the students to participate in meets but for staying to cheer the athletes on and supporting them.

The evening's activities began with a light meal followed by a recognition program featuring guest speaker Lavale Thomas, a running back with the Green Bay Packers.

Thomas spoke to the students

about sports, setting goals and staying away from drugs of any kind. He told the audience goal setting includes a burning desire and will to succeed. "Motivate yourself to get better and all these things can be achieved if you set your mind to it." Thomas told the students goals are accomplished step by step as you keep telling yourself, "I can, yes I can."

The program continued with the presentation of pins and certificates to members of the seventh and eighth grade girls and boys track teams, girls and boys basketball teams, boys wrestling, girls volleyball and cheerleading.

Each of the coaches had words of praise for their teams. Seventh grade girls basketball coach Dennis Reha expressed special pride in his championship team as he presented Backus with the trophy the girls had received for winning their conference's championship.

Clark Pearson, who coached the eighth grade boys basketball team, congratulated his athletes on earning a second place in conference competition.

Bob Sobolewski, coach of the seventh grade girls volleyball team, told the audience his team was having a great season which was scheduled to end on June 1st. With a win on that night, the team will secure another conference championship for the Middle School. Should they lose that game, they will still be tied for first place.

Two members of the eighth grade boys track team were given special recognition for their efforts this year. Joe Rehbein set a new middle school record in the mile run and Randy Schlice set a new school record for the long jump.

IN MEMORY

In loving memory of Jessica Jean Flynn, who passed away six years ago, June 2, 1982:

Little Angels

When God calls little children to dwell with Him above,
We mortals sometime question the wisdom of His love.
For no heartache compares with the death of one small child
Who does so much to make our world seem wonderful and mild.

Perhaps God tires of calling the aged to his fold,
So He picks a rosebud before it can grow old.

God knows how much we need them, and so He takes but few

To make the land of Heaven more beautiful to view.

Believing this is difficult still, somehow we must try,

The saddest word mankind knows will always be "Good-bye."

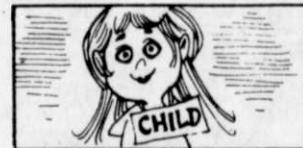

So when a little child departs, we who are left behind
Must realize God loves children
Angels are hard to find.

Sadly missed by mother and family.

Old Wade House to Celebrate 35th Anniversary As a State Historic Site Sunday, June 5

Old Wade House in Greenbush will celebrate its 35th anniversary as a state historic site Sunday, June 5, with live music, pony and carriage rides, and tours at 1953 prices.

Old Wade House in Greenbush will celebrate its 35th anniversary as a state historic site Sunday, June 5, with live music, pony and carriage rides, guided tours and a temporary return to 1953 prices.

The event will also be the occasion for the premier presentation of the State Historical Society's Lyman Copeland Draper Award to Herbert V. Kohler Jr. for distinguished achievements in historic preservation in Wisconsin. Kohler, chairman of the board of the Kohler Co. and president of the Kohler Foundation, has been instrumental in restoring numerous historic sites throughout the state.

"The 35th anniversary of Old

Wade House is a particularly fitting time to recognize Herb Kohler's work in historic preservation," said Society Director H. Nicholas Muller III, "because it was under the leadership of his mother, Ruth DeYoung Kohler, that the restoration of the Wade House Inn was completed in 1953."

The 1850s stagecoach inn and the Wesley W. Jung Carriage Museum will be open for tours at regular admission rates from 9 a.m. to noon. Both buildings will then close for a special rededication ceremony and presentation of the Draper Award beginning at 12:30.

After the rededication, a variety of activities will be available on the grounds, including pony rides, hay rides,

and horse-drawn wagon rides. Activities will be just 50 cents per person throughout the afternoon, with books of 12 tickets available for \$5.

There will also be hourly performances by the Sheboygan Heritage Band, a lemonade and cookie stand, and a reading of the speech delivered by Carl Sandburg at the Wade House grand opening ceremonies on June 6, 1953.

At 2 p.m. 1953 prices will go into effect as the inn and carriage museum reopen to the public. Adults will be admitted for 50 cents, children for 10 cents. The last tour tickets will be sold at 4 p.m.

Throughout the afternoon the Visitors Center and gift shop will be open for browsing. An

ongoing slide presentation will also be presented, detailing six historic preservation projects undertaken by the Kohler Foundation. At the nearby Jung Carriage Museum there will be a videotape presentation featuring footage taken during the 1953 grand opening.

Visitors are invited to bring a picnic lunch and spend the day taking part in the anniversary celebration. For those who do not bring their own lunch, food service is available nearby and a brat fry will be conducted by the Greenbush-Glenbeulah Lions Club at the Greenbush Community building.

For more information contact Old Wade House, Highway 23, Greenbush, Wis. 53026, (414) 526-3271.

Clubs Invited to Special Summer Outing

Garden clubs and all other area organizations are invited to participate in a "sumptuous" summertime outing at the John Michael Kohler Arts Center, Sheboygan, and The American Club in Kohler. This special outing includes exhibitions of floral imagery and a gallery talk at the Arts Center and a savory lunch at The American Club.

All groups of ten or more are invited to tour the "Hothouse" and "Imaginary Gardens" exhibitions at JMKAC. "Hothouse" explores floral imagery in the works of emerging and established contemporary American artists. "Imaginary Gardens" gives a unique historical perspective on the use of flowers in purely decorative works as well as in objects for everyday use. In addition, Associate Curator Sheila Webb will be available for a gallery talk or lecture.

Groups may choose to precede or follow their visit to the Arts Center with lunch at The American Club and a stroll through its gorgeous gardens, a complement to the floral imagery in art at JMKAC.

Tours may take place Mondays through Fridays, 9:00 a.m. to 5:00 p.m. June 10 to July 22. "Hothouse" will continue to be available for tours through August 12. Evening and Saturday tours are sometimes available.

The Arts Center is located in downtown Sheboygan at the corner of Sixth Street and New York Avenue and is handicapped accessible. The American Club is located on Highland Drive, Kohler.

To make a reservation, call Jean Puls at the Arts Center, 414/458-6144. There is a nominal fee for the gallery talk. Luncheon arrangements should be made directly with The American Club, 414/457-8000.

The Arts Center is located in downtown Sheboygan at the corner of Sixth Street and New York Avenue and is handicapped accessible. The American Club is located on Highland Drive, Kohler.

Weekly Health Tip

From Tom Kennelly

PANCREATIC CANCER

Moderate to high consumption of raw fruits and vegetables [high fibre and rich in Vitamins A, C and E] appears to reduce the risk of pancreatic cancer, report scientists from John Hopkins Univ. Conversely, the risk was apparently increased by consumption of white bread, perhaps because of low fiber and the removal of trace elements, zinc and copper in the milling process.

We wish you good health

Letters to the Editor

TO THE Editor:

Dear Sirs:

Clyde Brehm, a former teacher at Kewaskum Community High School, passed away this week.

Mr. Brehm was an instructor of instrumental music, but he was much more. He had the ability to give our young adults, visions; and then, help them to reach their goals. As the director of numerous recitals, musicals and plays he enriched the whole community.

In a sense, Mr. Brehm graduated this week. He did so, Summa Cum Laude.

Respectfully submitted,
Carol Butz

Dear Editor:

We, the Kewaskum High School Swing Choir, journeyed to Orlando, Florida on Thursday, April 28, to participate in the Three Worlds of Florida Choral Festival. Just to give you, the reader, an idea of what it was like down there, I have gathered some comments from the swing choir members as to their favorite memories of the trip.

"... performing and the banquet...." - Shelly Hug and Cindy Stych

"... flying for the first time...." - Jason Miller

"... staying up late and getting to know people in our swing choir better, but most of all, the feeling of hearing Kewaskum get a 'number one' rating...." - Paula Wilson and Cheryl Miller

Angie Schoofs said it was the first time out of the state for her. She thought Florida was different, but likes Wisconsin better.

Jean Rochon's favorite place was the Wet-n-Wild water amusement park.

Lisa Steiner loved getting the award - "The hard work paid off!"

Becky Manthei thought flying was scary at first and then added- "The award made me feel good and gave us confidence."

"I think Florida brought us all closer together and was a great experience for everyone!" - Kim Poling

I think... no.... I know, that everyone worked hard to go on the trip. It meant selling pizza, Dairy Queen coupons, and candy bars or even saving up money, which for me, is a hard thing to do. But, for all the hard work we put into it, we received something that no one can ever take away from us: comradeship and memories of the best of times.

A plaque found its resting place on our school walls. It is varnished wood with a silver plate in the middle that bears the inscription, "Orlando, Florida... Division 1." It is a monument to be treasured by all swing choir members and everyone should be proud.

Well, the day finally did come when we had to go home and the trip has been over long since, but the memories will live on. We thank all the chaffers and choreographers, but most of all, we thank Mr. Bertelsen for his long and hard dedication to the swing choir and to whom this could not have been possible without. Here's

to good memories!

Sincerely,
Jeff Brigham

Dear Editor,

Memorial Day is and should be a day our nation stands still and silent to honor those who have given the supreme sacrifice, fighting for our nation and our flag.

I was very upset on the day our nation was to honor our war dead, that I am compelled to direct this note to the citizens of Kewaskum and the surrounding area.

Today, as the American Legion members play honor to our war dead, with a parade and short ceremonies at the Legion grounds, I was witness to our flag passing by, but I saw no one even raise to his feet or place their hand over their heart.

During the memorial prayers many people were seated, not standing, talking not silent, and had their hats and caps on.

What has happened to respect for our flag? Our nation? Our war dead?

What honor can we really give to those who gave their lives for us?

Think about it!
Be a proud American!
A caring American!

Dear Editor:

On behalf of the Board of Directors of the University of Wisconsin-Stevens Point Foundation, I thank each taxpayer and business for paying state income taxes because a portion of that tax helps support our University of Wisconsin-Stevens Point.

We don't take the payment of your taxes for granted. Our Foundation, which was established in 1965 to provide private financial support to UW-Stevens Point, values the widespread support for our state's great public University System, of which this University is a member.

The UW-Stevens Point is proud of the contributions its distinguished faculty, hard-working staff, enthusiastic students and their families and our outstanding alumni have made to our state, country and the world. WE WERE ABLE TO ACCOMPLISH MUCH BECAUSE OF YOU, the taxpayer. Washington County Will Be Well Represented at State 4-H Congress

Twelve Washington County 4-H'ers will be among the nearly 1,000 4-H members and adult volunteers expected to attend the 68th Annual State 4-H Congress June 6-9 on the University of Wisconsin - Madison Campus.

The Washington County delegation to State 4-H Congress will include Mark Hautamaki, Diana Buckmann, Penny Gundrum, Holly Prochnow, Lana Pamperin and Becky Schwoch of the Badger Boosters 4-H Club. Connie Schmidt, Brenda Beder and Jenni Buchholz of the St. Lawrence Eager Beavers 4-H Club and Amy Chesak and Tracy Fechter of the Myraneeers 4-H Club. Pam Gundrum will chaperone the county delegation. State 4-H Congress is an educational program designed to help delegates exchange ideas, make new friends, and learn about UW-Madison, explains Valerie Talsma, Washington County 4-H and Youth Agent.

Delegates are 4-H members 14 to 18 years old and are selected by Washington County on the basis of their demonstrated or potential leadership ability.

While at the congress, delegates will attend four general assemblies and participate in a variety of seminars and educational tours.

At the Tuesday evening general assembly, the State 4-H Drama Company will present an original play focusing on relationships. It will include stories, poems, scenes and monologues depicting qualities of friendships expressed with families, peers or strangers. The play will be followed by a ceremony announcing Friends of 4-H and Outstanding 4-H Alumni awards.

The Wednesday evening general assembly will feature a performance by the State 4-H Music Group, directed by Dave Peterson, UW-Madison extension music specialist.

Dr. Steven Lanfried, a social worker from Stoughton High School, will speak at the closing general assembly Thursday morning. He will discuss trends and issues relating to young people.

On Tuesday and Wednesday delegates will choose from among a variety of two-day, one-day and half-day educational seminars and tours. The combination of seminars and tours lets the 4-H'ers create their own unique learning experiences, Talsma explains.

Seminar topics encompass the entire 4-H curriculum, including water quality, arts and crafts, community involvement, small engines, canines, dairy selection by computer, song leading and international

4-H. Tour groups will visit the Wollersheim Winery and USDA Dairy Forage Research Center, the State Capitol, the State Historical Society, Olbrich Gardens, UW-Madison School of Veterinary Medicine and Henry Vilas Zoo.

The 4-H Art Exhibit, featuring artwork by 4-H'ers from around the State, including the work of two youth from Washington County will be displayed Tuesday through Thursday in the Theater Gallery of the Memorial Union. These two youth are Donna Starr of the Addison Achievers 4-H Club and Weston Duenkel of the Good Luck 4-H Club. Also on display in the Theater Gallery will be the 1988 State 4-H Photo Display with nearly 100 photos taken by Wisconsin 4-H'ers. The State 4-H Photo display also includes the work of three Washington County 4-Hers; Lisa Bloom of the Kewaskum 4-H Club, Robby Beisenstein of Hartford Hans of Friendship 4-H Club, and Becky Schwoch of the Badger Boosters 4-H Club.

WISCONSIN OUTDOORS AND CONSERVATION NEWS

A 'Planned' Boating Trip Is a Safer Boating Trip

Early in the boating season, it's better to plan a boating trip than just take to the water and see what happens, Department of Natural Resources boat safety coordinator Dale Morey explains.

"When boaters leave for a day of cruising, they seldom expect to find themselves in the water, but if they do and aren't wearing a lifejacket, their chances of becoming a boating statistic are increased," Morey warned. "Planning for the trip on the water should include making sure everyone has a lifejacket or PFD (personal flotation device)."

Boaters just starting out again for the season and inexperienced boaters seldom realize how vulnerable small, open boats are to hazards on the water, according to the National Safe Boating Council.

"Early in the boating season in Wisconsin when water temperatures are in the mid-40s to upper 50s, hypothermia is a constant danger to boaters making an unexpected dunk into the lake," Morey added.

Hypothermia is the process of loss of body temperature and kills people in cold water by reducing their ability to swim or stay afloat. A person left in cold water eventually will die of cardiac arrest.

"Hypothermia is thought to be responsible for half of all boating deaths," Morey added. "Cold water chills the body 25 times faster than cold air."

Small boats can cause a dunking that might not be the result of anything done wrong by people in the boat. It might be caused by wind, waves, hitting an unseen underwater object, or the wake of a careless powerboater.

Wearing a lifejacket will keep a person afloat while they tend to the urgent business at hand. That business, Morey states, includes climbing back into their boat, getting to shore, or just keeping still in the water and waiting for help.

The first thing a canoeist is taught by the American Canoe Association is that a lifejacket is part of the equipment of canoeing. Experienced boaters and boating professionals all wear well-fitting lifejackets everytime they are out on the water.

"Part of planning that boat trip should include making sure everyone onboard wears a lifejacket," Morey concluded. "Another part of the planning is to take a safe boating course offered through the DNR."

Information on enrolling in a safe boating course is available from any DNR office.

State Park Campers Can Phone In Reservations

Prospective campers are able to phone in their reservations for camping at four state parks in a pilot Department of Natural Resources project developed to increase state park services.

The telephone reservation service is established at Bong State Recreation Area near Kansasville, Rocky Arbor State Park near Baraboo, Interstate Park in St. Croix Falls and Council Grounds State Park near Merrill, according to Norman Pazderski, employee development coordinator for the DNR's Bureau of Parks and Recreation. Mail or in-person reservations will be accepted at all other state parks.

"The ability to make same-day reservations over the phone will enable travelers to call rather than take a chance by driving to a park only to find it full," said Pazderski. Future reservations can also be made by phone.

Campers can make reservations by phone from June 1 through August 31, between 9 a.m. and 4 p.m. Monday through Friday.

All reservations must be for a minimum of two days — three days for holiday weekends — but may not exceed 21 days

between June 1 and October 31, 1988. Phone reservation payment will be by Master Card or VISA credit cards.

The following phone number should be used for reservations: Bong - (414) 878-4416; Interstate - (715) 483-3747; Council Grounds - (715) 536-8773; Rocky Arbor - (608) 254-8001.

For additional information contact the Bureau of Parks and Recreation, Madison, (608) 266-2181.

PUBLIC NOTICE LEAD AND DRINKING WATER

"Lead is a toxic metal which has been used in the construction of most household plumbing systems in Wisconsin. Water within the plumbing system will continuously dissolve the lead it contacts. The rate can vary greatly with variations in natural water quality and the age of the plumbing system. When water stands motionless for extended periods of time, such as overnight, lead concentrations in the water can sometimes increase greatly. For this reason, the State of Wisconsin is advising all residents to either:

1. Run your water in the morning for 2 or 3 minutes, or until it gets as cold as it will get before you drink it, and never drink water or make baby formula from the hot water tap.

OR

2. Find out how much lead your water is dissolving from your house plumbing system. A list of laboratories which are certified to test for lead in drinking water is available upon request.

The United States Environmental Protection Agency (EPA) sets drinking water standards and has determined that lead is a health concern at certain levels of exposure. There is currently a standard of 0.050 parts per million (ppm). Based on new health information, EPA is likely to lower this standard significantly.

Part of the purpose of this notice is to inform you of the potential adverse health effects of lead. This is being done even though your water may not be in violation of the current standard.

EPA, the State of Wisconsin, and others are concerned about lead in drinking water. Too much lead in the human body can cause serious damage to the brain, kidneys, nervous system and the red blood cells. The greatest risk, even with short-time exposure, is to young children and pregnant women.

Lead levels in your drinking water are likely to be highest:

- If your home or water system has lead pipes, or
- If your home has copper pipes with lead solder and
- If the home is less than 5 years old, or
- If you have soft or acidic water, or
- If water sits in the pipes for several hours.

Explanation of the Potential Sources of Lead in Drinking Water

The language in the draft brochure (How Can Lead Get Into My Drinking Water?) may be used verbatim for this section.

Discussion of Procedures for flushing Water Plumbing Systems.

Again, language in the draft brochure (How Can I Reduce My Exposure to Lead in Drinking Water?) may be used verbatim, and may be modified to suit your system characteristics.

Discussion of Any Steps Your System is Taking to Reduce Lead in the Water.

At this point you can discuss the results of lead testing which you may have performed. Bear in mind, however, that the past routine lead monitoring performed by the Department was performed on samples of flushed water, and do not tell you what the "first-draw" sample results might be.

Necessity of Seeking Alternative Water Supplies, If Any.

For single family residences, flushing should be the only measure necessary to reduce elevated lead levels. There may be instances, however, where large buildings such as schools or factories may have difficulty in clearing the lead from their plumbing systems by short-term flushing. If you have identified any such situations, please contact your Department representative, and we will assist you in determining appropriate advice.

Advice on How to Determine if Materials Containing Lead Have Been Used in Residences or the Water Distribution System.

Again the language in the draft lead brochure (Does My Homes Age Make A Difference? And My House Is New. What Should I Do?) may be used for this section, and may be modified to suit individual system conditions.

Indians KO'd by Port in Opener

The Kewaskum Indians' baseball team opened up their season last Tuesday at Port Washington getting shellacked by the Pirates, 13-3.

Neither the Indian hitting nor the Indian pitching was evident on this day as the pitchers gave up a total of ten earned runs and the batters managed only five base hits.

Everything started off as planned, as Indian leadoff batter Scott Krahn walked and was sacrificed to second base on a bunt by Noel Stollenwerk. Senior Jeff Miller then hit a line drive off the third baseman's glove to score Krahn.

That was about all that went the Indians' way on this day, however. The Indians left Miller stranded on second and took the field with a 1-0 lead. That lead quickly disappeared as Indian starter Stollenwerk faced just four batters, as he was hit on his pitching hand by a hard line drive, and was relieved by Dennis Aupperle. Port struck for five runs in the first to take a 5-1 lead.

The Pirates continued to rip the ball against the Indians, tallying two more runs off Aupperle, and pounding Mike Heberer for five runs in his two innings of pitching. Paul Budiak relieved Heberer in the fifth and

he also gave up a run in his stint of action. Only Miller, who finished up by pitching the sixth, was the lone Indian pitcher not to give up a run on this day.

"Port hit the ball well, but we were getting everything up too high," Bartelt said. "We didn't play that well on defense, either."

The Indian offense just couldn't keep pace with the

hard hitting Pirates. Mark Hartmann had two of the Indian hits, and Mike Heberer blasted a solo home run in the third, but it was not nearly enough for the Indians, now 0-1. Jeff Jankowski kept the Indian hitters off balance in picking up his first win of the young season. He got good help from Eric Koslowski who contributed four hits, including a double and a triple.

The first president to pitch a ball to open the baseball season was William Howard Taft, who threw the ball which opened the American League Washington-Philadelphia game on April 14, 1910.

Indians Lose Pair to WB East

What was supposed to be one of the major strengths for the Kewaskum Indians baseball team this summer, the starting pitching, is starting to look like a big question mark early in the season. The Indian pitchers were shelled again, this time by West Bend East, giving up twenty runs in a doubleheader, losing to the Suns 6-2 in the opener, and 14-2 in the nightcap.

Even more discouraging is the fact that the Indians have scored only a total of seven runs in their first three games this year. On the positive side, however, the Indians have been getting their base hits, but inability to hit with runners in scoring position have left the Indians with an 0-3 record.

Things looked good for the Indians at first. As they had in the previous game at Port, the Indians jumped out to an early lead, scoring two runs in the opening frame. Jeff Miller and Steve Johnson provided the scoring punch with back to back homers. But that was all that the Indians were to score, as East pitcher Dave Geldnick settled down to pitch four strong innings, and Scott Prindl shut down Kewaskum the rest of the way.

On the other hand Indian starter Dennis Aupperle was having his problems. Aupperle shut down the Suns in the first, but control problems in the second led to three walks and a wild pitch. The Suns scored three runs in the second without getting a hit. Tony Spaeth added an RBI double in the third, and in the sixth, Geldnick led off with a homer to left field and Spaeth again came through with an RBI single to score Rob Michaels, who had reached on an error.

Kewaskum actually out hit the Suns, 8-5, but the timely hitting mentioned before was not evident in the game for the Indians. In the second game, the Suns did not appear to be gracious hosts, ripping Indian pitching for eleven hits, and cruising to an easy 14-2 victory.

The Suns tagged Indian starter Mike Heberer for three runs in the opening inning. Chris Flynn ripped an RBI triple and Rob Michels used some smart baserunning to score from second on a bunt by Spaeth. Spaeth eventually ripped Indian pitchers for four hits in the two games.

Heberer belted his second homer of the year in the second inning for the Indians but the solo shot was nowhere near enough to stop the Suns. They added homers by Michels and Travis Thull, and a five run fourth inning to coast to an easy victory. Jeff Miller relieved Heberer in the fifth and gave up three more runs, as the Suns showed no favoritism to any of the Indian pitchers.

The Indians will try and get on a winning streak as they open up conference play this week with games against Plymouth and Two Rivers. Kewaskum needs a quick start in conference play if they want to contend, and a couple of

victories would install some confidence back into the Indians' heads. The Plymouth game will take on added significance as the Panthers swept all three games from the Indians last year, and as Indian head coach Tom Bartelt says plain and simply, "I want that one."

Upcoming games: Monday, June 6, New Holstein, home; Tuesday, June 7, Sheboygan Falls, home; Thursday, June 9, at Chilton.

Athletics Lose To Grafton, 13-5

Kewaskum lost to Grafton by a 13-5 score in Land-O-Lakes action Sunday. The loss dropped the Athletic's record to 3-2 (5-3 overall). Grafton scored three in the 2nd inning and four in the 3rd to mount a 7-2 lead which the A's weren't able to overcome.

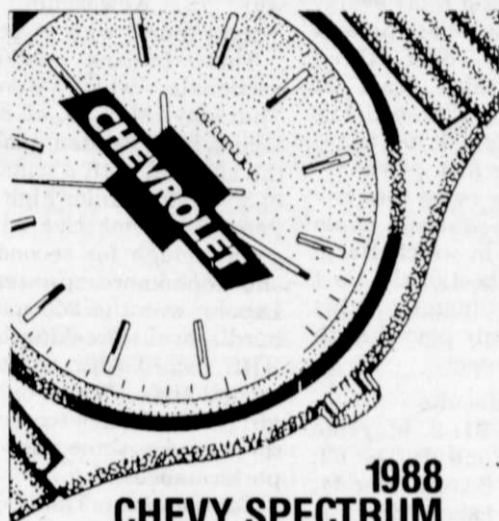

Grafton used 17 hits and 7 walks to run their record to 1-3. Randy Klemann struck out 13 and walked none to notch the victory. Kewaskum was led by Manager Dave Donath who had

a pair of doubles among his 3 hits. Jeff Geidel also had a pair of doubles, while Bob Yahr had 3 hits and Ric Leitheiser added 2.

The Athletics take next weekend off to run a fund-raising softball tournament at Fillmore June 3, 4 and 5. Kewaskum next plays June 8 at Juneau in Tri-County league action. The next Land O Lakes game for Kewaskum comes June 12 when they host the league leading West Bend Lithias at 1:00 p.m.

Indian Boys Regional Champs

MAYVILLE — The Kewaskum boys' track team ran away with the Mayville Regional championship last Monday, May 23, totaling 91 team points, almost twenty points ahead of the host, runner-up Mayville.

The Indians had recently placed a disappointing fifth at the Eastern Wisconsin Conference meet; however, with some consistency and a few personal bests, the Indians were able to win the Class B Regional.

Four individuals (in eight events) advanced to sectionals May 16, at Elkhorn; juniors Marty Schulteis and Ryan Degnitz in both hurdle events, the 110 highs and the 300 meter lows, junior Jeff Taylor in the shot put and discus, and senior Mike Lubahn in the 100 and 200 meter dashes.

Schulteis and Degnitz finished 1-2 in both hurdle events. Schulteis easily won the 100 highs with his personal best and school record breaking, 15.02 seconds, while Degnitz also ran his personal best by almost a second, 15.6. It was much closer in the 300 meter lows, an event in which Schulteis and Degnitz have broken the Kewaskum High School record six times this season. Schulteis won in 41.2 seconds while Degnitz was right behind him in 41.34 seconds.

Although Taylor didn't hit any personal bests, he was consistent with his past performances. His 48'5" winning shot put was only one inch further than the second place put by Jeff Walker of North Fond du Lac; however, Walker did outdistance Taylor by 2'2" in the discus, 126'5" - 124'3". Nevertheless, according to WIAA rules, Taylor will advance to sectionals

Lubahn placed second in the 100 and 200 meter dashes with personal bests of 11.13 in the 100 and 23.3 in the 200. Lubahn, Kewaskum's most successful sprinter since the days of Mike Steinhardt (competed at state in 100 and 200 in 1985), was less than one tenth of a second behind the winner, Tyrone Henderson of Brown Deer.

There was one major disappointment for the Indians. Senior Miles Shaw was expected to advance to sectionals in the pole vault, but due to some minor problems, he was unable to make the starting height. Shaw did show what he was made of by coming back and placing third in the 400 meter dash. Shaw's time of 52.02 seconds smashed the KHS record previously held by Mike Steinhardt.

missed qualifying for sectionals in the 800 meter run. He ran his best time of the season, 2:04.24, placing third, half a second from second place.

The 400 meter relay team of sophomore Aaron Miller, senior David Harju, junior Dan Fischer, and Lubahn, ran it's best time of the season, 46.14, as it rebroke it's won KHS record. Kewaskum placed third in the event behind the winning team, Brown Deer (44.85), and runner-up North Fond du Lac (45.26).

In the 1600 meter relay event, Kewaskum ran it's best time of the season by over three seconds. The relay team of Schulteis, Harju, Clarence Fry and Shaw ran a fast 3:36.9 time, good enough for fifth place.

The only other event that any Indian placed in was the triple jump, an event in which Harju qualified for sectionals last season. Unfortunately, this season, Harju only placed sixth at the regional meet.

Indian Girls Fifth at Regionals

MAYVILLE — After a dissatisfying sixth place finish at the EW Conference meet, the Kewaskum girls' track team came together to pull out a fourth place finish at the Class B Regional Track Meet, last Monday, May 23.

The Slinger girls' added another win to their long line of victories this season, as they totaled 112 1/4 points. Mayville, was the runner-up with 90 1/4 points followed by Brown Deer with 75. Kewaskum was a distant fourth with 48 points.

Three Indians qualified for sectionals, which were held Thursday, May 26, at Elkhorn. Senior Patti Padden qualified in the shot put with a winning put of 35'10 1/2", junior high jumper Pam Osterbrink cleared 4'10", good enough for second place, and sophomore sprinter Kristi Lubahn won the 300 meter low hurdle event breaking her own KHS record with a fast 48.87 second time. While only three girls will advance to sectionals, there were some fine Indian performances.

Sophomore Tina Weddig placed third in the discus with a good 102'1" effort, four feet behind the second place toss. Padden also placed in this event with a 99'8" throw.

The Indians 1600 meter relay team of Joy Braun, Rachelle Zuehlke, Debbie Donath, and Lubahn placed third with a time of 4:20.4. Slinger won the relay in 4:12.6 followed by Horicon in 4:14.0.
