## Wessing Presents Preliminary Plan for New Apartments

By GERRY MUELLER  
Statesman Staff Writer

James Wessing, who recently purchased the former Ideal Land subdivision from the village, came to Tuesday night's Plan Commission meeting to show its members preliminary construction plans for one of the two R-4 multi-family lots in the parcel.

Wessing said that the plans, however, were tentative but he wanted the commission to have an idea of what he would like to build on the smaller of the two multi-family lots.

Wessing said, "the building

we're proposing will fit the lot real well because it slopes a lot." The plans call for a ten-unit building with each apartment containing a little over 800 square feet of living space. Each unit would have two bedrooms, one about 10x12 feet and another of about 12x12 feet.

Wessing told the commission that while it would add another cost to the building's construction, extra materials would be built into the flooring and walls to provide greater sound deadening quality between the apartments. "That's one of the

problem with living in an apartment," said Wessing, "the noise."

Wessing said he was not seeking any approval or recommendation from the commission. His visit was simply informational and he wanted the commission members to take a look at the drawings to see if there was anything in the plans which could cause a delay or problem when he formally presented the plans at a later date.

Zoning Administrator Richard Zarlring noted the only

## Kindergarten Registration

This year's annual "round-up" for the parents of all prospective kindergarten pupils in the Kewaskum School District will be held on Monday, Feb. 6th from 8:00 a.m. to 4:00 p.m. and also 4:30 p.m. to 7:30 p.m. to accommodate those unable to come during the day. Registration will again be held on Tuesday, Feb. 7th from 8:00 a.m. to 4:00 p.m. only.

All registrations will take place in the Farmington, Kewaskum and Wayne school offices. Please register your child at the school in your area on one of the above days. It is not necessary to bring the child while registering.

To be eligible for enrollment in kindergarten, children must have attained their fifth birthday on or before September 1, 1989. Evidence of date of birth,

either a birth certificate or a baptismal certificate, must be brought to the office at the time of enrolling.

Parents of bus pupils will need their section number and fire number as well and also fill out bussing forms.

Parents will register their children for next year's term, and get the necessary health forms. If you know of any new families in the district, please pass this information on to them.

I should like to impress upon you the importance of registering your child on either of these two days so that we may plan for them and know staff requirements for next year.

thing he might have a concern about was the building's elevation. He advised Wessing that the village's height limit is 35 feet and a quick calculation showed the building was pretty close to that restriction.

Beside the proposed apartment, Wessing said he has had two inquiries about the single-family lots in the subdivision which is located on the northwest side of the village. The land has also been given a new name, it is now known as Creekview Subdivision.

Wessing thanked the commission for its time and comments and said he would continue to work on a formal presentation for the project.

In other business the commission reviewed and discussed the village's Wetlands Inventory Map, Wetlands Zoning Ordinances and official SEWRPC Village Zoning Map, for possible adoption by the Village Board.

## Bob Castro Nominated As Competing Alternate to U.S. Air Force Academy

BROOKFIELD - Rep. F. James Sensenbrenner, Jr. (R-Wisconsin) has announced his nominations to the United States Service Academies for the entering class of 1989. In Washington County, Roberto Castro, John Cole, Christine Frederick, Rick Hartwig, Sean Mish, and John Pluta were nominated as competing alternates to the U.S. Air Force Academy. Christopher Holbrook was nominated as a competing alternate to the U.S. Naval Academy.

Roberto Castro, a 1989 graduate of Kewaskum High School, is the son of Dr. and Mrs. Florizel Castro, 1450 Brooklane Drive, Kewaskum.

John Cole, a 1989 graduate of Hartford Union High School, is the son of Mr. and Mrs. John R. Cole, Sr., 7215 Pond Road, Hartford.

Christine Frederick, a 1989 graduate of Hartford Union High School, is the daughter of Mr. and Mrs. William Frederick, 6473 Cherry Hill Road, Hartford.

Richard Hartwig, a 1989 graduate of West Bend East High School, is the son of Mr. and Mrs. Richard Hartwig, 537 S. 17th Ave., West Bend.

Sean Mish, a 1989 graduate of West Bend East High School, is the son of Russell Mish, and Sharon Ziegler, 5409 German Village Road, West Bend.

John Pluta, a 1989 graduate of Washington High School, is the son of Mr. and Mrs. John Pluta, N98 W16897 Concord Road, Germantown.

Christopher Holbrook, a 1989 graduate of West Bend West High School, is the son of Mr. and Mrs. Richard Holbrook, 6655 Trenton Road, West Bend.

Sensenbrenner said, "the young people selected this year have extraordinary academic records and a broad range of interests pursuits, extra-curricular activities, and athletic achievements. They all have the potential to win appointment to the academies and the promise that marks outstanding military careers."

Because of the large number

of highly qualified applicants, Sensenbrenner used the "competitive" method of nomination, selecting nine alternates for each vacancy that he is entitled to fill and allowing the individual academies to select the persons best qualified from among the list. All recommendations for nomination were made by the Ninth District Academy Nomination Selection Committee, a panel of citizens appointed by Sensenbrenner to review and evaluate the applicants.

The selection of nominees is based on a composite of academic factors: school records, class rank, and SAT or ACT scores, along with leadership potential, extra-curricular activities, athletics, physical fitness and community involvement.

Last year nine of Sensenbrenner's nominees were awarded appointments by the Academies.

# Approve Second Aide For KES Fourth Grade

By GERRY MUELLER  
Statesman Staff Writer

The one and only item on the agenda for Tuesday night's special Kewaskum Board of Education meeting was the discussion and approval to hire either another full time teacher or aide for the Kewaskum Elementary School's large fourth grade.

The meeting came in response to a letter and request presented to the school board at its January 9th meeting from fourth grade teachers John Stephani and Barbara Harju. In that letter they asked the board to provide some assistance with their classes.

At the meeting Tuesday, Stephani told the board he had dealt with large classes in the past, however, this year's two classes of 31 students each have some additional difficult factors affecting them. Among those students are nine pupils who are being mainstreamed from the special education program. He noted that there are also some students who are borderline and do not qualify for the special education program but who still need more individualized assistance.

According to Stephani's letter, "Because of the number of students currently in the fourth grade classes, it is difficult to meet the individual needs of all the students. Students who are experiencing academic difficulty can not receive the help they need while the accelerated students are not afforded the time to achieve to their full potential." He also noted that with 30 students in a class, discipline also becomes a problem.

Stephani indicated the hiring of a full time aide would at least allow the teachers to work more individually with students in the academic areas.

In response to the request, board member Neal Weare made a motion to hire a full time aide for the remainder of the school year. The motion was seconded by Donald Nowak.

Board member Ruth Schmitt said she would not vote in favor of the motion. In explaining her reasons, Schmitt told fellow board members and about twenty parents attending the meeting that, while she was in favor of the aide time, she was against one full time aide.

From her own past experience as a substitute teacher, noted Schmitt, she felt it would be better to hire two aides so each teacher could have help at the times she felt they most needed it, during Math, Reading and Science classes. "You can't split a person between two classrooms" said Schmitt.

One parent questioned what will happen when these classes move on to the fifth grade. District Administrator Dr. David Heather said, "that remains to be seen, however, one solution that will be looked into is the adjustment of school boundary lines."

In listening to the discussion, Weare stated "the bottom line figure, one full time teacher's aide would be adequate for the balance of the year."

KES principal Richard Zarling was then asked for his comments on the motion. "A teacher's aide would be adequate," said Zarling, "but

the teachers have requested another full time teacher."

"This would again have to come out of Fund Equity and it's a dollars and cents thing as well as alleviating the problem," stated Weare. "We asked for a teacher, but a full time aide would help," said Stephani.

School Board candidate John Schulte asked if there was room for another class at the school and if there would be a lot of facilitating expenses. Heather said there was room, with no expenses except for the disruption and moving of the students.

Paul Reindl, a parent, asked what the difference in cost could be between a teacher and an aide. Heather said, "for the remainder of the year the cost for a teacher would be about \$19,250 as compared to \$4,400 for an aide. A teacher would get \$19,250, so for a full year they'd be getting \$38,000?" asked Reindl. Heather said that was correct, that the average Kewaskum School District teacher's salary is \$38,000 a year, plus benefits.

Stephani was asked what he thought of Schmitt's idea to approve an additional eight hours, but divide it between two aides. He said "Two half time aides would be worse than one full time aide."

Zarling noted that this year's situation was unusual in that 18 new students came in at mid-term and four of them are in the fourth grade.

Board member Clara Trapp said she would like to see the kids stay where they are and work on solving the problem for the next year.

On a 5-1 vote, the board approved the hiring of one full time aide to work with the fourth grade classes until the end of the year. Schmitt voted against the motion and board member Perry Ankerson was absent.

# Memories...

The above photo of Maria and Peter Kohn was taken on their golden wedding day in 1900. They lived in the Town of Kewaskum, Section 6, in a log building which is still standing on the Merv Thompson farm. They were the parents of 14 children, and were the grandparents of Jim Andre, Kewaskum, Dolores Lemke, West Bend, and Florence Pfeifer, Milwaukee.

Peter was born in Metz, France and came to America with his four brothers. It took them 48 days to cross the ocean in a sailing vessel. Jim Andre still has the trunk which his grandfather brought to this country with all his worldly possessions.

Maria was born in Ohio. Her parents had a trading post in Young America. Peter also was a Civil War veteran. Maria passed away in January, 1915, and he died one month later. Many of their descendants live in the Kewaskum area.

## Salem Church Hosting Special Musical Program

Robert McClelland

On February 12, at 7:00 p.m. Salem United Church of Christ at Wayne will sponsor a delightful and entertaining musical program. The community is invited to attend.

Robert and Borgne McClelland have performed their two-person show, "Tevye and Golde," more than 250 times for churches, civic groups, personal gatherings and community organizations in four states. The show was adapted by Robert from the musical, "FIDDLER ON THE ROOF." Original staging and dialogue tell the story as it revolves around the marriages of two daughters.

With simple props and costumes, the story is told as a change from "tradition" to "love" as a basic principle for life. The opening production song, "Tradition," explains what governs their lives up to this time. The final song hears Tevye asking Golde — after being married for 25 years — "Do You Love Me?"

Golde will tell of the traditional way to arrange marriages as she sings the song, "Matchmaker, Matchmaker." Tevye encounters God

through one of his many conversations with the Almighty and wonders how it would be "If I Were a Rich Man." In the tradition of a Jewish home, Tevye and Golde sing "The Sabbath Prayer" in blessing for their family. They also wonder how children grow up so fast, and they hardly noticed it, as they sing "Sunrise, Sunset."

Piano accompaniment is played by Mary Lou Fries. The show lasts from 35 to 40 minutes. The community is invited to attend. A free will offering will be received.

Robert is Pastor of St. John Lutheran Church (ELCA), Grafton where he has served since 1976. Borgne is a homemaker, very involved in the life of the congregation, and teaches at Milwaukee Area Technical College.

Mary Lou, with her husband, Lyle, lives in Cedarburg where she is homemaker, as well as organist and choir director at Pilgrim United Church of Christ, Grafton.

Salem United Church of Christ is located in Wayne — corner of Washington County Highways H and W.

## Jogging to the Inaugural Ball

While politicians in Washington D.C. celebrated the inauguration of our new President, George Bush on January 20, 1989, the students of Holy Trinity School held their own Inaugural Ball to celebrate their quest to fitness.

Starting back in November, the students in Mrs. Gail Filzen's physical education classes jogged a specific number of minutes each class period in order to log 5 miles. By January 19th, they had "jogged" the approximate 800 miles from Kewaskum to Washington D.C. While en route they shared highlights and points of interest of various towns and cities they passed through.

The distinguished guests at the Holy Trinity Inaugural Ball were students and teachers dressed as historical figures

from the past. Nutritious refreshments were provided by each class as part of a fitness and nutrition unit.

## Area First Graders Take Part In 'Smoke Free Class of 2000'

Up to 35,000 Wisconsin first graders will soon take their first step toward graduating from high school as part of America's "Smoke-Free Class of 2000."

They attend one of 975 elementary schools in the state participating in a 12-year nationwide smoking awareness project sponsored by the Tri-Agency Coalition on Smoking or Health — the American Cancer Society, American Heart Association and American Lung Association.

In the next few months, the students will use a special classroom kit with music and stories to learn about the benefits of a smoke-free environment and the value of choosing a smoke-free lifestyle for themselves.

Wisconsin's Tri-Agency Coalition shipped the free classroom kits to participating schools including the following area schools:

Allenton Elementary, Amy Belle Elementary in Colgate, Barton Elementary in West Bend, Calvary Life Academy in West Bend, County Line Elementary in Germantown, Decorah Elementary in West Bend, Farmington Elementary Kewaskum, Green Tree Elementary in West Bend, Holy Trinity in Kewaskum, Jackson Elementary, Kewaskum Elementary, Lincoln Elementary in Hartford, Peace Lutheran in Hartford, Richfield Elementary, Rossman School in Hartford, Slinger Elementary, St. Boniface in Germantown, St. John's Lutheran in Newburg, St. Peter's in Slinger and Trinity Lutheran in West Bend.

The kits, which include colorful story cards and family participation materials, were offered to all public and private elementary schools in

Wisconsin this fall. The cost of some of the materials being used in Wisconsin is being funded by Time Insurance of Milwaukee and AAL of Appleton.

The Smoke-Free Class of 2000 project was developed in response to Surgeon General C. Everett Koop's call in 1984 for a smoke-free society by the year 2000.

State Superintendent of Schools Herbert Grover has called for "widespread cooperation in the project so that Wisconsin can effectively work toward the prevention of cigarette smoking among our youth."

"I look forward to standing with this class when it graduates 12 years from now," he said.

The ambitious Smoke-Free Class of 2000 campaign is one of the most extensive smoking prevention efforts ever attempted in the state and nation. Some 45 percent of Wisconsin schools are participating. Nationally, the goal is to reach one million youngsters — one-third of all first graders.

The national Tri-Agency plans to provide smoking prevention materials for the class of 2000 regularly for the next 11 years.

## St. Matthew's Sponsoring 'Night Around the World'

Each year St. Matthew's annual "Night Around The World" gets bigger and better. And this year is no exception.

Chairman John Brandl reports that this year's "Night Around The World" includes donations of auction items, entertainment packages and services valued in excess of \$5000, dancing to the music of Vintage, a babysitting service, raffles, free popcorn, a completely decorated gym and the traditional foods from various countries. All events will take place at St. Matthew's school in Campbellsport on Saturday, January 28.

Brandl notes changes in the auction, combining a silent auction with the live auction. Beginning on January 14, several Campbellsport businesses will display a number of the items along with a complete auction list. Bidders can place their bids in boxes located in the stores. Some of the items available for the auction include: a hand made solid Oak rolltop desk (valued in excess of \$750) with the successful bidder choosing the finish; a horse drawn hayride for up to 25 people; a ceiling fan and installation; a cord of wood, a hand crocheted tablecloth; a hand quilted Precious Moments wall hanging; a Barbie Doll house; Hand made Christmas decorations, including a tree skirt; dinners and sports packages including golf outings and skiing.

A traditional favorite, the Night of Murder, will allow a group of eight to enjoy a French dinner set in the 1950's aboard a yacht in the Mediterranean. The host is murdered and the guests will try to solve the murder, using the clues provid-

ed throughout the evening.

Of the approximately 75 items on the auction list, Brandl says numerous items will be auctioned off from 7 to 8 p.m. and during the band breaks throughout the evening. Both the silent and live auctions will include a variety of items in a wide price range. The committee reserves the right to offer "silent" items for live bidding.

The gym will be decorated with posters, a crepe paper ceiling, special lighting and the flags of 39 countries. Foods from several countries - France, Germany, Italy, Mexico, USA, Israel, Hawaii and the Orient - will be featured from 4 p.m. to 7 p.m. Foods will include: Tacos, Nachos, Egg Rolls, Brats, Kraut, German Potato Salad, Donuts, Bavarian Torte, a watermelon boat, Pineapple Cheese Cake, French Pastries, Sub Sandwiches, Pizza and Koekisters - an Israelian braided pastry. Jeff Krumbein and his band 'Vintage' will provide music for dancing from 8 p.m. to midnight with beer, wine coolers, non-alcoholic cocktails and free popcorn available. There will be a door prize and raffles, including penny raffles for the youngsters.

The CYO (Catholic Youth Organization) and adults will provide a babysitting service in the classrooms at a cost of 50c per child for the evening. The children will enjoy movies, including Disney and ET, along with free popcorn.

Tickets can be obtained in advance. The cost is 50 cents for children through 8th grade and \$1.00 for 9th grade and over. Prices at the door will be 50c higher. Tickets are available at

Kewaskum Statesman,

a number of Campbellsport businesses and at Wegner's Office Supply in Fond du Lac. Food items are offered in individual servings below restaurant prices according to Brandl.

St. Matthew's invites everyone to sample an exotic delight, enjoy a serving of their favorite food, or, to eat their way around the world.

Proceeds of the "Night Around The World" will be used by St. Matthew's School to purchase educational items not included in the regular school budget. St. Matthew's provides a Christian education for students from St. Martin's (Ashford) and St. Killian's (St. Killian) along with parish members.

## 'The Money Game' Includes New Weekly Television Broadcast, Jackpot Prize

MADISON...A new weekly television broadcast with a chance to win a jackpot prize of \$50,000 are highlights of the Wisconsin Lottery's new "Money Game," according to Lottery Executive Director William F. Flynn, Jr.

"The Money Game" combines the fun of an instant scratch game with the excitement of a television program that includes a chance to win a \$50,000 jackpot prize at the end of the show each week," Flynn said.

"The television program idea is very successful in a number of states," Flynn noted. "People get a chance to be on television and be seen by their friends as well as win a large amount of money."

The key to the television show is a new "TV Winner" ticket being introduced as part of "The Money Game."

"If a player buys a ticket with three TV symbols on it, two things happen," Flynn explained. "That person wins an instant prize of \$100. They will also be contacted by the Lottery and asked if they wish to be part of a television show on a certain date."

"If the winner says 'yes,' they will come to Milwaukee and be part of a studio audience. Five people from that studio audience will be selected to appear as on-stage finalists."

"The on-stage finalists will choose spaces on a game board. Each space will win that player a specific dollar amount. The on-stage finalist with the most money at the end of four rounds of play will go on to a bonus round."

"In the bonus round, the champion will choose one of five spaces on a game board and will win between \$1,500 and \$50,000 at that point."

"The on-stage finalists will

each keep all of the money they won in the first four rounds of the game. The Wisconsin Lottery will match the total amount earned by the five on-stage finalists in the first four rounds, and divide the amount among the players in the studio audience," Flynn explained.

Studio audience members are guaranteed at least \$200, if the total earned by the on-stage finalists is less than that amount.

Flynn said "While we want to encourage the people who own the "TV Winner" ticket to participate in the television broadcast, we will allow a person with a "TV Winner" ticket to designate a proxy or stand-in for the television show. The ticket holder will get whatever prize the proxy wins, however."

"The Money Game" will offer better odds of winning the top instant prize of \$5,000 than "Double Cash" did. In "The Money Game," the chances of winning \$5,000 are 1:120,000 while in "Double Cash" the odds of winning \$5,000 were 1:1,680,000.

"We have also improved the odds of winning \$25, \$5 and \$1 instant prizes," Flynn noted.

Prizes of \$25 or less may be collected from the retailer who sold the winning ticket or by mail, while prizes of \$100 (TV Winner) or more may be collected at Wisconsin Lottery District Offices in Madison, Milwaukee, Green Bay, Eau Claire and Rhinelander, or by mail.

To claim a prize by mail, include a completed prize claim form, available from any

Wisconsin Lottery retailer, with the winning ticket and send to: Prize Payments, Wisconsin Lottery, Madison, WI 53774.

"The Money Game" will return 51.21 per cent of ticket sales as prizes, Flynn said.

"The Money Game" ticket is larger (2" x 4") than previous instant scratch tickets (1½" x 3½").

## Star Cablevision Announces Basic Rate Change

The monthly cost of Basic cable service in the area will become \$18.50 on March 1, 1989 according to Dean Sinclair, System Manager. "The rising overhead costs in programming fees, maintenance cost of construction, general cable plant maintenance, and increased operational costs is what drives our prices," said Sinclair. "We are constantly working to improve the services we offer by keeping up with new technologies in the cable industry."

While the basic rate will rise, all other rates will remain the same. The new TNT, Turner Network Television, will be premiering to the basic cable package, keeping up with new programming items.

Star Cablevision serves more than 8,000 customers in West Bend, Kewaskum, Jackson, Allenton, Town of Trenton, Town of Barton, Town of Addison, and the Town of Farmington.

What is "clog dancing?" Well, it's a true American folk dance. Clog is the Gaelic word meaning "time." Clog dancing or clogging as it is called is "time" dancing with the heel being the time keeper. Dancers wear special double taps on their shoes which make the familiar clicking sound produced by cloggers.

Clogging is a fun, challenging, and healthy activity that the whole family can enjoy. It's exciting pace makes it appealing to all ages.

Why not give clogging a try? There will be a free "Try It" on Sunday, Feb. 5 from 1:30 to 2:30 p.m. at the West Bend Recreation Center, Eighth and Elm. No special shoes are necessary, just come with eager

enthusiasm. For more information about clogging call 338-1369 or 338-0943. There is no age restriction, however, parents are required to be present during the classes if their children are under the age of 12.

The Kettle Country Cloggers, the first clogging group to form in Washington County has now formed an exhibition group consisting of ten members ranging in age from 9 years to senior citizen status. Their clogging performance consists of solos and duets as well as line dances performed by the entire team. They are eagerly looking for exhibition bookings. If your club or church group is interested, call 338-1369 or 338-0943 for information.

"Double Cash" "ENTRY" tickets should be mailed to \$1,000,000 Drawing, Wisconsin Lottery, Madison, WI 53775. "ENTRY" tickets are accepted only by mail.

"The "Double Cash" \$1 million drawing will be the last \$1 million drawing for the time being," Flynn noted, "so anyone wanting to participate in a \$1 million drawing has a few days to find an "ENTRY" ticket in the remaining "Double Cash" inventory at our retailers."

"Our new game, "The Money Game," features a weekly television program with a jackpot prize. It will replace the once-a-game drawings for the time being," Flynn said.

Luke, 9, downtown with his mother, stopped in front of the theatre, looked up at the marquee and read, "New Seats Are Now Being Installed." Luke sighed disapprovingly, "It's still on. I'm not going unless they change it. That show's been on two weeks."

## Parks Admission Sticker Design Contest Opens for High School Seniors

MADISON, WI — The Department of Natural Resources' Bureau of Parks and Recreation has announced their 2nd annual Wisconsin State Parks and Forests Admission sticker design contest. The winner will be awarded a \$500 post-high school scholarship.

"Somewhere in the creative imagination of a Wisconsin high school senior lies the design concept for the 1990 Admission sticker," said Bill Moorman, coordinator of the contest.

"Our first design contest last year yielded many exciting and beautiful designs," said Moorman. "Making a final choice was not easy; there's a lot of talent in our schools."

The contest is open to all Wisconsin high school seniors. Entries are due by March 1, 1989. Judging will take place later that month.

The 1990 design must fill a six-inch diameter circle. Students interested in the competition can obtain the contest rules from their high school principal.

The annual admission sticker allows unlimited entrance into any of Wisconsin's 66 state parks and seven state forests.

## Redmen Women's Team Wins Two

RIPON, WI; January 18, 1989

— In their first action after a five week semester break layoff, the Ripon College women's basketball team used a combination of balanced scoring and tenacious defense to pull out a pair of non-conference wins in Indiana before returning home for a conference rematch with Lawrence University. Ripon topped Marian College 82-78 and Anderson University 65-52 but fell to Lawrence 81-67. Ripon's record now stands at 4-6 for the season and 0-4 in the conference.

In Indianapolis last Wednesday Ripon played well from start to finish. The Redmen led 45-35 at the half and survived a late Marian rally for the win. Andi Walczak's (Waupaca, WI) two free throws with :09 remaining iced the win. Balanced scoring was the key for the Redmen as five players scored in double figures. The Redmen were led by Kathy Russell (Niles, IL) who scored 16 points. Sandy Secor (Kewaskum, WI) chipped in with 15 points.

Parks and Recreation is co-sponsoring the contest with Laacke and Joys Co., a Milwaukee-based sporting goods retailer. Laacke and Joys is providing all prizes. Children of DNR employees, judges or sponsors are not eligible.

The contest is designed to assist young artists in applying their talents while providing an attractive sticker for park visitors. For additional information, contact the Bureau of Parks and Recreation, P.O. Box 7921, Madison, WI 53707.

For more information contact: Bill Moorman — 608-266-7616.

At this time of year, when so many people are escaping to warmer climates, the feat of dressing in style, on-the-go, and with a minimum of packing, is a real art. Presenting tips on utilizing a minimum amount of clothing for a maximum amount of wear, along with accessorizing with scarves, pins, etc., will be a fashion consultant from Elliott's, one of the newer women's apparel shops in West Bend.

For those so inclined, the afternoon will proceed to an old-fashioned Card Party - Bridge, Sheephead, or whatever. Partners/players will be provided, if needed. (Don't let coming "solo" stop you!)

Tickets, at \$6.00, are available now through Feb. 9th, at both M&I First National Bank locations, 321 N. Main St., and 868 S. Main St., West Bend, or call 334-4202, 629-5105, or 334-2997. No tickets will be sold at the door. (For the children's safety, we ask that you enter and leave the parking lot from So. 7th Ave. entrance).

This is the Woman's Club major fundraiser of the year - of which the proceeds are used to provide needed scholarships, awarded annually, as well as to support other club projects.

So please join us on Valentine's Day - for some good camaraderie, a good meal, and hopefully - good cards!

Guests and the public are cordially invited.

### DEHYDRATION

As we grow older, we lose our sense of thirst and can become dehydrated without realizing it. When the elderly drink too little to equal their fluid losses, their blood becomes thicker and the kidneys fail to filter it well enough to rid the body of wastes. One should always drink enough liquid to keep the urine pale yellow in color, and to keep it coming in fair volume.

## West Bend Savings and Loan Ass'n. Records Excellent Year in 1988

"West Bend Savings and Loan Association had an excellent year in 1988," stated Richard A. Larson, President and Chairman of the Board at the Association's annual meeting held in West Bend January 18th. Larson said that while the thrift business is receiving adverse publicity due primarily to some severe problems in Texas and the Southwest, West Bend Savings, along with the majority of Wisconsin thrifts, are recognizing sound, profitable years and they remain relatively problem free.

The Association's after-tax income rose 11.5% from 1987 and net income of \$491,162 was added to the Association's retained earnings. Reserves were increased by 8% to \$6,675,221 which is well above the federal reserve required level.

A great deal of credit belongs

to the fact that West Bend Savings recorded more residential mortgage loans in Washington County during 1988 than any other mortgage entity, as the Association continues to be the county's largest home loan lender. The Association increased its loan portfolio by 7.6% and its savings totals reached a new high of over \$112,000,000. Year end assets for the Association were \$120,863,371 representing a 3.07% increase from last year.

The annual meeting report indicated that all of the Financial Resource Group companies affiliated with West Bend Savings recognized very profitable years. In addition, Directors A.V. Weasler, Ronald Reigle and Richard A. Larson were re-elected for three year terms.

## Governor Approves Final Two Contracts for West Bend Bypass

Governor Tommy Thompson has approved the final two paving contracts totaling \$5 million to upgrade the 13-mile West Bend Bypass (US 45) to a 4-lane divided highway between WIS 145 and County D.

The Governor announced last August that the project would be pushed ahead by two years and the contracts are now in place for its completion, according to Harvey Shebesta, director of the Department of Transportation's Waukesha district, which includes Washington County.

The first three contracts for bridge construction and signing were approved last month.

"Two additional lanes will improve the traffic flow and safety on this stretch of highway," said Shebesta. "The region's economic development should also get a boost."

Both paving contracts were awarded to Roddie E. Beaudoin & Son Co. of Menomonee Falls. Under the first contract, seven miles will be paved from WIS 145 to Paradise Dr. The second

contract takes care of six miles between Paradise Dr. and County D.

The new roadways will be 24 feet wide with 10-foot shoulders on the outside and 6-foot shoulders on the inside. Six feet of the outside shoulders and three feet of the inside shoulders will be paved.

"Paved shoulders provide motorists with extra room to maneuver in emergencies and reduce maintenance by moving the pavement edge — which is more susceptible to wear and tear — farther from traffic," said Shebesta.

About 13,400 vehicles — 12% of them trucks — use the highway every day. The bypass is the principal route south of WIS 33 and important to the economic growth of the area.

Work will begin in the spring and be completed in the fall. Staged construction will require traffic to be moved from one lane to the other. Ramps and crossovers will be used at reduced speeds.

## 25 Years Ago 50 Years Ago

Jan. 24, 1964

Special anniversary services are planned on Sunday, Feb. 2, in commemoration of the 50th Anniversary of the dedication of St. Lucas Lutheran Church, Kewaskum. The festivities include two morning services at 8:00 a.m. and 10:15 a.m. a congregational dinner at noon, a special afternoon service followed by a fellowship luncheon.

Rev. Clarence F. Hammen submitted his resignation as pastor of Peace United Church of Christ, Kewaskum, on Dec. 10 to accept the pastorate at the Walworth United Church of Christ, Walworth, Wis.

Vandals broke eight or more windows in the Spring public school on Hwy. 28 west of Kewaskum some time Sunday night during the snow storm or early Monday morning.

Because of the broken windows and due to the fact that the furnace did not function, classes at the school were called off Monday.

Dr. Leo Brauchle, 64, of Columbus Wis., a former dentist in Kewaskum for many years, died Jan. 20 at the Veterans hospital in Madison.

Mrs. Walter Belger, 73, a lifelong resident of the Kewaskum area, passed away Jan. 18, following a lingering illness.

Mr. and Mrs. Frank Herriges of Kewaskum announced the engagement of their daughter Carol Ann to Ron Gross, son of Mr. and Mrs. Albert Gross of Campbellsport.

The engagement of Miss Karen Johnson to William H. Grahl, was announced by her parents, Mr. and Mrs. Tom Johnson of Campbellsport. His parents are Mr. and Mrs. Harold Grahl, Eden.

The West Bend Junior Chamber of Commerce announced the results of its 1964 Outstanding Young Farmer Award at a dinner at Timmer's Resort.

First place was awarded jointly to Louis Schuenemann, Cedarburg and Marvin Riesch, Jackson. Third place went to Edward Volm, Kewaskum.

Other runner-up candidates from Kewaskum honored at the dinner were Daniel Rodenkirch, William Butzlaff, Ervin Butzlaff, David Schaefer, Allen Schoofs and Francis Volm.

Daughters were born to Mr. and Mrs. Norman Boegel on Jan. 13. Mr. and Mrs. Floyd Dreher on Jan. 16, and Mr. and Mrs. Robert Gavin on Jan. 20. A son was born to Mr. and Mrs. Dewitt Jennings on Jan. 17. Mrs. Jennings is the daughter of Mr. and Mrs. Elmer Zuehlke, Kewaskum.

Jan. 27, 1939

Fire destroyed an implement and machine shed on the Alvin Faber farm, located two miles west of Wayne, last Sunday at about 12 o'clock. About 75 chickens, a corn binder, plow and automobile were destroyed in the blaze. The fire is believed to have been caused by faulty wiring.

In a ceremony performed at 2 p.m. Saturday, Jan. 21, at St. Matthews church in Campbellsport, Miss Dorothy Majerus of Campbellsport, daughter of Mr. and Mrs. William Majerus, became the bride of Roland E. Comins, also of that village.

Mr. and Mrs. Arthur Enfelt of Campbellsport, brother-in-law and sister of the bride were attendants.

Playing at Port Washington last Sunday evening, Kewaskum's basketball team took its most decisive beating of the season from the Ozaukee Musics, league leaders in the Land o' Lakes circuit. The score was 39 to 4, and Kewaskum never had a chance after the first quarter.

The Land o' Lakes boxing tournament announced to take place at the stock pavilion at Waukesha has caused boys from all over Washington, Ozaukee, Dodge, Jefferson and Waukesha counties to become interested in the manly art of fisticuffs. Up to this time, Kewaskum has one entry in the tournament who is Lloyd Backhaus, according to Martin C. Weber, director of Land o' Lakes athletics.

Mike Klein of Wheat Basin, Montana, arrived at the home of his brother, Hubert P. Klein, at St. Bridgets, Route 3, Kewaskum, last Saturday for a short visit after being gone from Wisconsin for the past 29 years. The brothers failed to see each other during all these years and the visit provided a happy reunion. After visiting his kinfolk and friends he expects to return to his ranch in Montana.

A marriage license has been issued to Miss Junerose Wilke and Lloyd L. Lemke, both of Route 3, Campbellsport.

An extreme change in weather conditions was noted here. On Saturday the temperature was 40 degrees above zero and on Sunday, accompanied by a fierce gale, the mercury dropped to 2 degrees above zero.

## 75 Years Ago

Jan. 31, 1914

William Batzler, aged 42 years, a resident of St. Kilian and who resides about seven

miles west of this village, was instantly killed last Tuesday evening at about 6:45 p.m. at a crossing about a mile from Theresa station.

Batzler had gone to Theresa with a load of barley earlier in the day and was returning with a load of shingles. It was very foggy and the steep grade at the crossing, very likely disenabled Mr. Batzler to notice the swiftly approaching southbound Soo train. Although nobody witnessed the accident it is clear to state that the wagon, horses and all were struck for the horses were also killed and the wagon badly demolished. The train crew noticing that something dreadful had happened stopped and picked up the body and took it to Theresa station where it was placed in an undertaking parlor.

The deceased leaves to mourn his loss his wife, two small children, five brothers, George, Jacob, Adam, Joseph and John and one sister Mrs. John Mack and his aged father who made his home with the unfortunate man.

Jacob Honeck of the town of Kewaskum who died last Wednesday from the results of injuries received in a runaway accident a few weeks ago was buried last Saturday at St. Bridgets.

Mr. Honeck sustained severe internal injuries which resulted in bright's disease. He hovered between life and death for sixteen days but finally had to answer the call, we must all answer.

Tomorrow, Sunday, February 1st, the new Ev. Luth. St. Lucas church will be dedicated. Three services will be held one at 10:00 a.m., another at 2:30 p.m. and one at 7 p.m.

Petitions are being signed around town against the prohibition of the sale of liquor in this state. There are two petitions to be signed, one for the senate and one for congress.

A baby girl arrived at the home of Mr. and Mrs. Peter Senn Thursday, Jan. 22. A daughter was also born to Mr. and Mrs. R.F. Mayer on Saturday, Jan. 24.

### Men, Age 18 Through 25 Must Register for Selective Service

Young men who will turn 26 in 1989 will be reaching an important milestone, according to the Selective Service System.

Beginning on January 1, 1989, men who were required to register with Selective Service in 1981 will be turning 26. Selective Service does not have the authority to accept late registration after a man reaches his 26th birthday.

Selective Service Acting Region Director Ronald V. Meilstrup warned that, with few exceptions, a man who fails to register before turning 26 will permanently forfeit his eligibility for certain federal benefits such as student aid, job training, and most federal employment, in addition to facing possible prosecution as a felon.

Some states also require registration for state student aid, entrance to state-supported colleges and universities, state employment, and permission to practice law.

Many of the men who have not registered may be unaware of the requirement or do not understand the importance of the obligation to register. Some may even have served in the military but failed to register either before entering the armed forces or after leaving active duty. Others may have been institutionalized or incarcerated at the time of their 18th birthday and did not realize they were required to register if released prior to age 26.

Ronald V. Meilstrup points out that men age 18 through 25 who have not yet registered can avoid the risk of prosecution and loss of benefits by registering promptly at any local post office. Failure to register is a felony punishable by a fine of up to \$250,000, up to 5 years in prison, or both.

For those men born in 1963 who have registered, 1989 also marks the year that ends their eligibility for selection for induction under present law.

Over 20 million men, age 18 through 25, have registered with Selective Service since registration was reinstated in 1980. Of those 20 million men, 311,509 are from Wisconsin.

More than 1,000 state athletes are expected to compete in five sports; cross country and downhill skiing, curling, figure skating and hockey.

"There had been reports we didn't have enough snow, but our trails are in good shape," Zimbric said. "We don't anticipate any problems as we get ready for the first weekend of February."

Zimbric encouraged skiers to pre-register before the Jan. 27 deadline, but athletes may also register on-site, Saturday and Sunday from 8:30 a.m. to 11:30 a.m. The race, formerly known as the Snekkvik Classic, features 10 km and 20 km classical and freestyle competition and other divisions for skiers of all ages and abilities.

## Indian Cagers Win One, Lose One

The Kewaskum Indians Varsity team won one and lost one at home this past week. On Tuesday, Jan. 16 our Indians played the Lomira Lions at home and chalked up a victory, 58-42.

The game started out slow with the Lions leading at the end of the 1st quarter 9-8. In the second quarter, the Indians outscored the Lions by a 2 basket deficit which was enough to give them the lead 20-17. Mistakes such as overpassing teammates and trying to pass the ball into traffic were made by both teams which kept the score low and turnovers high.

The Kewaskum big men Mike Ciriacks, Steve Gerhartz, and Randy Krell broke the game open in the 3rd quarter, sinking the underneath board shots in traffic and really working their height advantage to the Indian's favor. At one point in this quarter, Kewaskum was up by as many as ten (35-25 at the 2 minute mark) and ended the quarter 37-29.

Fourth quarter action saw our Indians maintaining control of the game and the point spread teetered between 12-14 points in our favor. Bruce Waechter came off the bench to pop in a quick basket and put out a fine defensive showing to keep the Indian's victory run alive.

Paul Budiac iced the game with seconds remaining by hitting 3-of 4 from the free-throw line for a 58-42 win. High scorers for Kewaskum were Gerhartz with 17 points and Randy Krell with 10 points. The Lions had balanced scoring throughout the team with Matt Mischo and Rob Luedke high with 8 points apiece.

JayVee action saw the Indians drop an intense, close game to Coach Dillman's hometown Lomira Lions. Said Coach Dillman, "We either hit from the line or hit from the floor but we can't seem to pull the two together." The missed free-throws cost them a victory 48-45. High scorers for the Indians were Mark Felix with 13 points

and Chris Schmid with 11 points. Lomira hit 60% from the free-throw line in the victory. The freshmen team was idle as this was a non-conference matchup.

In Thursday night action at the fieldhouse, all three Kewaskum teams played, this time against the Plymouth Panthers.

The Varsity played a strong, solid second half and really were "jelling" together as a team yet they still couldn't hit enough shots to tip the score to their favor. The big three, Gerhartz, Krell, and Ciriacks combined for a total of 37 points and 27 rebounds on the game but Plymouth's 3-3 point shots and solid inside shooting put the victory in their hands 63-56.

The second quarter killed the Indians as they ended up being down by as many as 20 points but true to Indian "tradition" this season, they pulled together a strong third quarter and ended up being down by only 5 pts., 40-45, by the end of three.

And then Panther's Droll popped in a three pointer to start the 4th quarter and Plymouth was up 48-40. The Indians didn't capitalize on their next possession and Plymouth again scored, widening the gap 50-40. The ten point spread seemed to characterize much of the fourth quarter until reserve Tom Sharp swished a 3 pointer for Kewaskum with about a minute remaining. Final score Kewaskum 56, Plymouth 63 with Todd Kuhn of the Panthers

high scorer of the game with 19 points including 2-3 pointers.

The Kewaskum JayVee's lost to Plymouth 51-46 behind Chris Schmid's 20 points. The JayVee's fought hard but with Mike Ruplinger and Chris Weddig out of the game, Kewaskum didn't quite have the depth to pull out a victory. Greg Roltgen led the Panthers with 16 points.

The freshmen team pulled out a win against Plymouth, turning out to be the only victors of the night, 64-54. High scorers for the Indians were Joel Fleischmann with 19 points and Matt Seiser with 17 points. Both players exhibited some tough underneath shooting and defense in the victory.

The basketball teams next game on January 27, is away against Kiel.

## Indian Girls Cop Recent Victories

by Janel Flynn

Last Tuesday the KHS Girls Basketball teams traveled to Plymouth to successfully take a victory. The Varsity played a more defensive game than offensive. The Indians shot percentage was below average, hitting 15 out of 55 shots which is 27 percent. Jenny Schneider really came through for the team. She led the team with 13 points, four steals and two assists. That was Jenny's birthday present to the team.

Slightly behind Jenny was Pam Osterbrink with 10 points.

Pam's points per game average is 15.

The entire game was close. At one point, the score was tied 28-28. The Indians then scored four straight points. They pulled out ahead and stayed ahead to end the game 33-30.

The J.V. also took a victory trip to Plymouth. Throughout the game, the score was close but the Indians pulled out ahead to end the game 24-23. Kelly Rohlinger and Tracey Steinert scored three-fourths of the points with 10 and eight points each. Tracey also led with seven rebounds with Rohlinger and Amy Chesak had three steals a piece.

The freshman (3-3 and 3-4) played their best team effort of the year for a 54-42 win. The leading scorers were Terry Vogt and Kelly Korth with 17 and 10 points.

Saturday, the 21st, Oshkosh North traveled here looking for a victory. They were unsuccessful in their search and ended up losing to all three teams.

The Varsity was ahead by 10 points at the beginning but by the third quarter somehow fell behind by a couple. But the victorious Indians couldn't let them have it and decided to take the win 55-48. Pam Osterbrink had a spectacular shot with 27 points and six steals which helped the team greatly. Jenny Schneider wasn't far behind with 10 points and an awesome seven assists.

The J.V. also played a tough game with the disadvantage of

playing with only six players. But with three people injured and one missing the Indians still took a victory 37-32. At half, Kewaskum only had four team fouls. During the fourth quarter Wanda Jacobs fouled out with 5 minutes left. Then with three minutes left, Tracey Steinert fouled out which left the J.V.'s with only four players. Luckily a Varsity, J.V. player was there. Laurie Vogt, Kelly Rohlinger and Tracey Steinert made the majority of the points with 10 points each. Kelly also had four steals and 4 assists while Steinert had nine rebounds.
