### Levy to Increase Less Than 1%

## Public Hearing Nov. 27th For 1990 Village Budget

By GERRY MUELLER  
Statesman Staff Writer

After long hours of discussion and review, the Kewaskum Village Board and the various municipal department heads have come up with what they feel is a financially sound and prudent budget for 1990.

That proposed budget carries a price tag of \$1,270,002, up 10.1% or \$117,478, over the 1989 budget of \$1,152,524. The good news for village taxpayers though, is the fact that, despite a double-digit increase in the budget itself, the tax levy will go up less than 1% over last year.

Based on a levy of \$427,723.72 (including the TIF District), Kewaskum's municipal levy will only go up .805% or six cents, to \$7.36 per \$1,000 of assessed valuation as compared to last year's mill rate of \$7.30.

Village Administrator Dan Schmidt told the board at its meeting Monday night, however, he could not calculate the total tax levy since he has not received any figures as yet, from either the state or county. Schmidt said he suspected the state's levy would be about the same as last year, however, he had no idea what the figures might be for the county.

"I've already received the school district and VTAE's (vocational school) figures," said Schmidt. The school district's levy is \$949,213.82, carrying a rate of \$16.34 per \$1,000 of assessed valuation. That represents a 16.97% or \$2.37 increase over last year. The VTAE levy is \$101,310.08, with a mill rate of \$1.74/\$1,000, up 5.84% or ten cents over last year.

Schmidt noted because he was lacking some levy numbers and would not receive the state tax credit figure until December, he could not calculate exactly what the total tax levy would be. He indicated he did not care to make a guesstimate at this time which might end up too low or too high.

While the total budget represented an increase of 10%, the average increase, by department, came out to about 3.5%. The reason for that, noted Schmidt, was that some operations such as streets and sidewalks (due to the repair program), had substantial increases, while other operations had no increases or dropped, such as the Parks

budget.

Also slated for a public hearing November 27th, will be the Water Pollution Control and Water Department budgets. In discussing the Pollution Control budget Schmidt noted there is no planned rate increase through 1990.

The board also reviewed the proposed Library budget. Schmidt said that, while the total budget comes to \$43,051, the village's portion is only \$25,079, with the balance of \$17,972, coming from county library funding.

In other action, the board approved a building permit for the construction of footings for an apartment complex being built by Drs. Cesar and Aurora Sison at 1038 Fond du Lac Avenue. It also gave conditional approval for a building construction permit, contingent upon receipt of state approved building plans.

The trustees also approved an increase in fees for special assessment certificates, a new contract with Bowmar Appraisals and a revised meeting schedule for the months of November, Decem-

ber and January, due to the holidays.

Bids were opened for the new 1990 replacement squad for the Police Department. Five bids were received with Ewald Chevrolet of Oconomowoc, apparent low bidder with a 1990 Chevy Caprice with police package, for \$13,523. The other bids were, Schwartzburg Chev/Olds of West Bend, Caprice - \$13,952.29, Honeck Chevrolet, Kewaskum, Caprice - \$14,145, Meyer Ford, Campbellsport, Ford Crown Victoria - \$14,458, and Young's Royal Ford, West Bend, Ford CV - \$15,283. The bids were turned over to Police Chief Knoebel for further review.

In reviewing correspondence, Schmidt advised the board the village had received a letter from residents involved in the Bonnie Lane annexation. He said the property owners are requesting another meeting with the board on five objects of concern, including a possible moratorium on the curb and gutter installation, financial hardship, and the possibility of obtaining some type of state or

## Minor Injuries in Two-Car Mishap

By GERRY MUELLER  
Statesman Staff Writer

Three Kewaskum area people were transported to St. Joseph's Community Hospital, West Bend, where they were treated and released for minor injuries suffered in a two-vehicle accident late Friday afternoon. They were Cynthia Eggert, 32, 2053 Elm Tree Lane, Victor Arnold, 70, 128 Prospect Drive and his passenger Mae Arnold, 57, all of Kewaskum.

The Washington County Sheriff's Department reported the accident occurred at approximately 5:13 p.m., at the

intersection of Highways 45 and H, south of Kewaskum.

According to the department's spokesperson, Eggert was driving southbound on Hwy 45, and had stopped at Hwy. H, to make a left turn onto H, when her truck was hit in the rear by a southbound car driven by Victor Arnold. Arnold told authorities he was blinded by the oncoming lights of the northbound traffic, didn't see the Eggert vehicle and ran into the back of the truck.

According to the Sheriff's Department, no citations have been issued at this time.

## KEYS, Inc. to Award \$7,000 in Scholarships

The Board of Directors of Kewaskum Youth Scholarships, Inc. has announced that four scholarships totaling \$7,000 will be offered and presented to this year's graduating Kewaskum High School seniors.

Three of the scholarships will be for \$1,000, and the fourth scholarship will be for \$4,000. The \$4,000 scholarship will be given out at \$1,000 a year and is renewable for four years. These scholarships can be used for college or vocational school.

Kewaskum Youth Scholarships, Inc. was founded in the fall of 1985. The purpose of the organization is to raise and invest money and use the interest to provide additional scholarships for Kewaskum High School graduates. All income is used to help provide scholarships. All individuals working for KEYS, Inc. do so on a volunteer basis.

The first scholarships of \$500 each were awarded in the spring of 1986 and 1987. In 1988, a \$500 and a \$1000 scholarship were awarded. Last spring three \$1000 scholarships were presented at the May

Awards Ceremony. The amount of money to be presented by KEYS this spring exceeds the total amount of money presented by KEYS the last four years combined!

As the scholarship fund has increased, the number and size of scholarships offered have also increased. The KEYS organization and all past and future recipients of KEYS scholarships thank the community and businesses for their donations that make these scholarships possible. Even with the success of KEYS, the KEYS Board of Directors urges continued support. The need for additional and larger scholarships is now more apparent than ever! All contributions are tax deductible. Donations now will assist students in their pursuit of continuing their education. Donations can be sent to KEYS, Inc., Box 124, Kewaskum.

## Area Food Pantries To Benefit From Scouts' Good Turn

Cub Scouts, Boy Scouts, Varsity and Explorer Scouts have mobilized to help feed the hungry in their local communities.

Organized by the Bay-Lakes Council, Boy Scouts of America, the 1989 Scouting For Food Good Turn will involve Scouts and volunteer leaders from 22 counties in an effort to collect 1,000,000 cans of food. The local appeal is part of the 3rd national Good Turn being conducted to ease the food problem for more than 20 million Americans who are hungry.

Scouts placed Scouting For Food plastic bags on door knobs November 4. Residents are reminded to fill the bags and place them on their porches November 11 by 9:00 a.m., so scouts can return and collect them. Anyone not receiving a bag can place their food donations in a store bag on their porch, or bring it to the collection site in the parking lot of the old Sentry Store.

The Army Reserve will provide a truck and personnel to transport the food to the Full Shelf Food Pantry at St. John Lutheran Church, 899 S. Sixth Street, West Bend, which serves our community.

The Hartford Food Pantry, located at the Recreation Center, 525 Main Street, and the Slinger Food Pantry located at St. Peter Church, 200 E. Washington Street, will receive the food collected in their respective areas.

"This project is one of the most remarkable statements of the Scouting spirit that we can make," Honorary Chairman, Chuck Ramsay, Co-Anchor of WBAY TV news, explained, "and one of the most worthwhile efforts we can offer our

community. Hunger is a problem we can address, and our neighbors facing the pain of hunger are people we can help directly."

## Sheriff Receives Donation To Support DARE Program

Washington County Sheriff Robert H. Schulteis has received, on behalf of the Sheriff's Department, a \$500 donation from the Jackson Area Business Association. The donation will be used to support the sheriff's department implementation of a DARE program.

DARE, which stands for Drug Abuse Resistance Education, is a primary prevention program aimed at children who have not yet had their first alcohol or drug experience. The program emphasis is to help students recognize and resist the subtle pressures that can influence them to experiment with drugs and alcohol.

IN DARE, a uniformed deputy who has been specially trained for the task, meets with 5th and 6th grade students at participating schools. Each meeting lasts one hour, and is held once a week for 17 weeks.

The program shows the students the dangers of drugs, how to resist peer pressure, and how to experience other aspects of life that can prevent the need to rely on the artificial stimulus of drugs and alcohol.

The Sheriff pointed out that DARE is far more intensive and detailed than any other program used to date. Instead of one visit to a school, there are 17. And this extensive contact between the Deputy and the students is a major reason for DARE's success in other cities.

Donations will be used to purchase materials and to help offset the cost of supplying a Deputy for the DARE program. The Sheriff welcomes donations from private citizens and service groups.

More information can be obtained by contacting Sheriff Robert L. Schulteis at (414) 338-4388.

- A choice of either a March 18 or an April 8 concert, with the first focused on youth winners of the annual UWWC concerto contest in Ozaukee County and the second built around winners in Washington County.

## VA Sees Increase In Aged Veteran Population

A new study by the Department of Veterans Affairs (VA) projects continued growth in the number of elderly veterans in the 1990s, but a decline in the total veteran population for the foreseeable future.

"The study provides valuable assistance in developing spending and program policies," says Department of Veterans Affairs Secretary Edward J. Derwinski. "It is particularly important in planning for future medical care for veterans."

In Wisconsin, veterans 65 years old and older will increase from today's total of 122,000 to 162,000 in 2000, according to the projection. But the total veteran population in Wisconsin is expected to continue its decline from 561,000 today to 498,000 by 2000.

The veteran demographics assist the Department of Veterans Affairs in formulating policy, budgeting, and program planning. Included are national and state-level data on living ex-service personnel by age, sex, and period of military service, with breakdowns by county, VA medical districts, and VA medical center primary service areas.

According to the study:

\*There were 27.2 million veterans living in the United States and Puerto Rico as of March 31, 1989. By the turn of the century this number is expected to fall to 24.1 million and by 2040 to be down to 13 million.

\*While the number of veterans will be on a downward trend, the elderly veteran population will grow dramatically. The number of veterans at least 65 years old will increase from today's total of 6.7 million to a peak of 9 million in 1999, a 34 percent increase. Veterans 75 and older will grow from today's 1.4 million to 2.6 million in 1995, and then more than triple in size over the next 15 years to 4.4 million.

\*Those 65 years old and over now represent 25 percent of the veteran population. This percentage will rise steadily over the next 25 years before peaking at 46 percent in the year 2016.

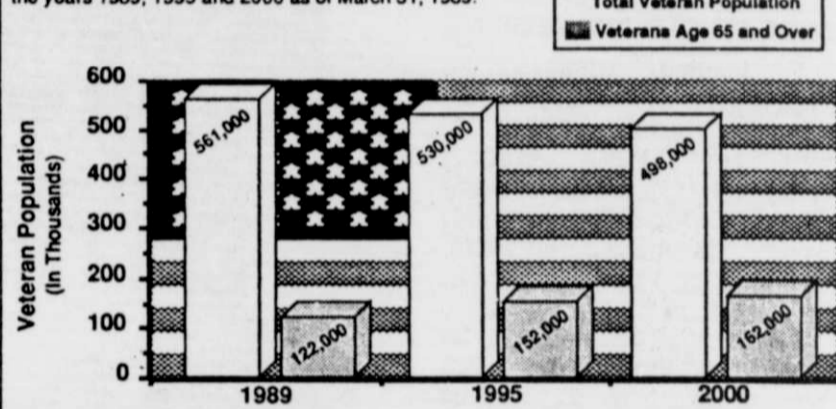

\*The overall decline in the number of veterans will not be distributed evenly among the states. In general, the Northeast and industrial Midwest will lose the most veterans, while certain states in the Sunbelt will lose the fewest veterans. In fact, only one state, Alaska, is expected to gain veterans between now and the turn of the century, although Florida and Arizona will experience only a slight decrease due to a significant influx of veterans from other states. In contrast, all states will experience marked increases in their veteran population aged 65 years and older during the next ten years.

\*World War II veterans, numbering 9.3 million, are currently the largest group of veterans, and Vietnam era veterans are second, with just under 8.3 million. By 1993, Vietnam era veterans will be the largest group.

### A Veterans Day Message from Robert G. Romaine Post 384 American Legion

Some people call me OLD GLORY, others call me the STAR SPANGLED BANNER, but whatever they call me, I am your FLAG, the FLAG OF THE UNITED STATES OF AMERICA. Something has been bothering me, so I thought I might talk it over with you...

I remember some time ago people lined up on both sides of the street to watch the parade and naturally, I was leading every parade, proudly waving in the breeze. When your daddy saw me coming, he immediately removed his hat and placed it over his heart... remember? And you, I remember you. Standing there as straight as a soldier. You didn't have a hat, but you were giving the right salute. Remember your little sister? Not to be, outdone, she was saluting the same as you, with her right hand over her heart... remember?

What happened? I'm still the same old flag. Oh, I have a few more stars since you were a boy. A lot more blood has been shed since those parades of long ago. But now I don't feel as proud as I used to. When I come down your street, you just stand there with your hands in your pockets and I may get a small glance, then you look away. I see the children running around and shouting... they don't seem to know who I am... I saw one man take off his hat and then look around. He didn't see anybody else with theirs off so he quickly put his hat back on.

Is it a sin to be patriotic any more? Have you forgotten what I stand for and where I've been... Anzio, Guadalcanal, Philippine Islands, Korea and Vietnam. Take a look at the MEMORIAL ROLLS sometime, of those who never came back, to keep this Republic free... ONE NATION UNDER GOD... When you salute me, you are actually saluting them. So, when you do see me coming down the street, stand straight, place your hand over your heart... and I'll know that... YOU REMEMBERED!

Elmer Hallen, Jr. Vice Commander

## LETTER TO THE EDITOR

To the Editor:

We, the support staff, are very proud to be working for the Kewaskum School District. We are found in many phases of the system. Some help with the nutrition program; some keep the buildings clean and in working order. There are some who work directly with the teachers and students. Others are found answering your phone calls, doing bookwork and working with the administration. All of us play a big part in making the system work enabling the administration to accomplish the most important task of educating our children.

We truly support and encourage you to support American Education Week.

At Schwartzburg we are proud of our used car division. All of our cars are locally traded and in many cases they have been maintained by our own service department.

I'd like to tell you about a few of these fine cars that I've personally inspected...

We recently took in a **1988 Corsica**, mid-size sedan that's really FUN to drive. This one's equipped with automatic transmission, air conditioning, stereo radio, cruise control

## Schwartzburg's Used Car Ledger

and lots of other creature comforts. This car has 18,500 miles, looks and drives like new. It's a great buy at \$8,995!

We've just taken in a light blue **1983 Olds Royale**, 2 door that was sold new right here by Mr. Schwartzburg! Nicely appointed with air conditioning, tilt steering wheel, cruise control and more. It's reasonably priced at only \$4,390.00.

Or choose the **1983 Royale Brougham** that I sold when it was new. Now here's a sedan with split seat, velour cushions and best of all, low mileage...only 53,300! Both of these cars have the popular V8 engine.

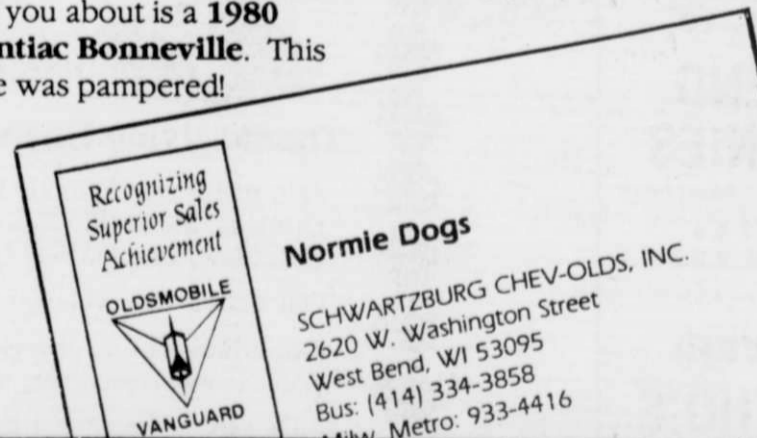

Buy one or both!

I sold this light garnet (red) **1986 Cutlass Ciera Brougham**, when it was new. It's been serviced here and has had only one owner. It came equipped with air conditioning, tape cassette, and even a trunk opener. It needs minor paint touch-ups, buy it as is and save. It'll be hard to find a better running and driving car. Buy this one now, it won't be around long.

The last car I would like to tell you about is a **1980 Pontiac Bonneville**. This one was pampered!

A nice 4 door family size car with split seats. This car was maintained to the ultimate and it shows. Drive it and you'll agree. It only has 67,900 miles. It is a "one owner" car just traded on a new Olds, seeing is believing!

*Bring this ad in, ask for "Normie", buy the car and I'll fill the gas tank and make sure you get a turkey for Thanksgiving.*

## 'The Music Man'... Another KHS Success

Senior John Hazlewood, "The Music Man," and junior Angie Schoofs, Marion the Librarian, in a more tender scene in which Marion finally gives in to romance.

The barbershop quartet made up of, left to right: senior Doug Mueller, sophomore Shawn Schneider and freshman Chad Harlow, and senior Kevin Bartelt, enlightened the audience with some good tune harmony.

The Music Man was presented at the Kewaskum High School November 3rd and 4th and although it had its rough moments during practices, everything flowed together beautifully for the performances. On Saturday, a full-house rewarded the show with a standing ovation.

The play written by Meredith Wilson is about a Music Man who really doesn't know music at all... he uses the "think" method. Senior John Hazlewood portrayed this main character to a "T". Hazlewood not only fit his part but provided many non-verbal extras that added to his stellar performance.

Junior Angie Schoofs alias "Marion the librarian" is who the Music Man wants to give his heart to. Schoofs, in her second lead in as many years, uses her fine soprano voice and her superb acting skills to hold the Music Man "at bay"... until some coaxing by Senior Jill Peterson, Marion's mom, lets her know that waiting too long may be a dangerous thing. Peterson applied a nice Irish brogue to her performance to make her character quite believable.

Marion's little brother Winthrop was played by two 7th grade middle school students, Paul Reis and Tim Strigenz. In Saturday nights performance Strigenz's voice rung out loud and clear on his rendition of "Gary Indiana" to the delight of the full-house crowd. Both performers did a great job "lipping" through their lines.

The mayor of the town, Junior Curt Ammel and his wife; Senior Becky Manthei added some humor and excitement to the play. Ammel with his "four score and seven years ago" 4th of July speech and Manthei with all her "lessons" are not soon to be forgotten.

For the audience's musical pleasure, one can't help but praise the excellent harmony of the River City, Iowa's Barbershop Quartet. Seniors Doug Mueller and Kevin Bartelt,

sophomore Shawn Schneider, and freshman Chad Harlow comprised this singing sensation and it was a delight to listen to their songs throughout the show.

Other fine performances were put out by Jeff Brigham, Chad Cook, Brenda Behling, Pam Gauger, Karen Junk, Rachel Gosa, Ingrid Ankerson, Jenny Brigham, Stacey Pamperin, Dan Schulteis, Josh Kurtz, and Keith Herman. Director Dave Bertelsen also cited all the River City townspeople, the tech crew, and the pep band who "all worked hard pulling this play together and making it a success."

Special recognition should also be given to the directors Dave Bertelsen and Larry Ammel who year after year continue to put in many, many hours of time and energy to produce top-notch plays. These men do so many "behind-the-scenes" extras that are never noted and they definitely deserve some praise. Dramatics coordinator Judy Jacak has also been with the plays over the years and continues to do a fine job of "whipping the performers into shape." New to the play scene this year was choreographer Pat Alvarado and judging from the "moves" exhibited throughout the play, she had no problem adjusting to her new "role."

Special thanks goes out to the school Board, the Booster Club, Marge's Glitter Shop, the parents, and the community for making this play a success. It was definitely a night of music and a night to remember. This play-goer has been marching to the tune of "76 trombones" ever since...

The mayor's wife, alias senior Becky Manthei, center, leads her "quartet" in some smooth-flowing dance moves.

## IN MEMORIAM

In loving memory of Ruben Oppermann who passed away 15 years ago, Nov. 13.

A beautiful memory of one so dear

We cherish still with love sincere

He left us quietly, his thoughts unknown

But left us with a memory we are proud to own.

So treasure him Lord in your garden of rest.

For when on earth, he was one of the best.

Sadly missed by his wife and family.

## IN MEMORY

In memory of Donald A. Baumhardt who passed away one year ago, Nov. 10, 1988:

In life we loved you dearly,

In death we love you still;

In our hearts you hold a special place

No one else can ever fill.

It broke our hearts to lose you,

But you didn't go alone;

For part of us went with you,

The day God called you home.

Sadly missed by wife Marion, children and grandchildren.

A total of 736 votes were cast in Tuesday's election in the village just 14 short of the record vote in the last presidential election in 1960 when 750 ballots were cast. There were 234 straight Republican votes and 170 straight Democrat. Village voters followed the trend in the country by giving President Lyndon B. Johnson a good margin on the Democratic ticket but favoring Republicans for the other offices.

Jack Wilson, 39, of 1256 Meadow Lane, who came to Kewaskum 18 years ago and was associated with Regal Ware, Inc. in the shipping department since, was killed and two companions injured near Chadron, Nebr. Friday afternoon, Oct. 30, in a crash when a tire blew out on their car as they were returning home from a hunting trip in Wyoming. Wilson was pronounced dead of head injuries at the scene of the mishap. His two hunting companions, Melvin Klein, 55, of the Town of Wayne and his son Donald Klein, 25, of the village were taken to Chadron Municipal Hospital. Both sustained back injuries and suffered from shock but were not seriously injured and returned to their homes this week.

At the public auction held at the Donald and Yvonne Backhaus farm on Hwy. 45 south of Kewaskum last Saturday, the 77-acre farm, two-family house and other buildings were purchased by Russell Krueger and Henry Timblin of this village. Part of

Because the polls in the Town of Ashford were not opened until 10:45 on the morning of election day, instead of 9 o'clock as presented by law, it is possible that the entire vote cast in that town may be declared illegal, according to statements made by Republicans of this city. According to the story told by members of the Republican Party, when voters in the town of Ashford attempted to cast their votes in the morning they were unable to do so because the polls were closed. At 10:45 it was claimed, the polls were opened but the Republicans contend that several voters were unable to cast their votes at that hour or afterward thereby causing a change in the results of the election. One Republican candidate who would be affected if the Ashford vote is thrown out would be Louis J. Fellenz, candidate for district attorney who lost by a margin of 28 votes to D.A. T.C. Downs.

## THANK YOU

Special thanks to my family for all the help given me while I was at St. Mary's, Ozaukee, and now at home.

# 1989 Gun Deer Season Has Makings for Breaking Record

MADISON, WI — For deer hunters, the advance view of the 1989 Wisconsin gun deer season looks like it just can't get much better than this and, barring any unforeseen catastrophic weather, harvest records could fall, according to Chuck Pils, DNR wildlife manager.

"This season has the potential for a record year in Wisconsin," Pils said. "We have an estimated deer herd statewide of about 1.2 million animals and a season designed to shoot 285,000 deer."

That total, combined with a potential 43,000 to 45,000 bow deer harvest, will make the last deer hunting year of the 1980s the highest harvest year on record in Wisconsin. The potential Wisconsin deer harvest total could be well over 320,000.

The previous top total was in 1985 when gun hunters took 274,302 deer and bow hunters took 40,744. That was the first year the bow harvest topped 40,000. The second highest harvest for gun hunters was the 1988 season with 263,424 deer shot. Bow hunters that year harvested 42,393.

"There are a record number 346,970 Hunter's Choice permits out this season," Pils added. "In the 1988 season there were more than 654,000 licensed hunters and that number should be topped this year, based both on the number of deer available and the Hunter's Choice permits."

Recent winters in Wisconsin have been very easy on the deer herd, with the 1988-89 winter ranking just on the border between moderate and severe with a rating of 80 on the winter severity index. The index adds one point for each day the snow is at a depth of 18 inches or more, or the temperature is at zero degrees or below. When both occur, two points are added. Winters more than 100 points cause high winter mortality on deer.

"Prior to 1988 we experienced only four severe winters in the last 16 years," Keith McCaffery, DNR Bureau

of Research northern forest unit biologist, said. "And those winters have been pretty evenly spaced out over those 16 years, in part as a product of the drought weather cycle we're in now."

Deer seem to be fairly plentiful around the state. In the north however, of the 47 deer management units north of Highway 64, 36 of the units are above population goals. The only potential variance is in the Lake Superior watershed region (the far northwestern countries) down to Winchester in northern Vilas County, where there may have been some heavy winter effect in 1988, McCaffery stated.

Buck harvest this year should be about the same as it was in 1988, McCaffery added, totalling about 124,000. The overall total harvest might be affected by a high number of Hunter's Choice permits being filled with bucks, which may leave some of the bonus antlerless-only permits unfilled.

"The northern third of the state is where deer populations are out of whack, or higher than the prescribed management goals," McCaffery said. "One factor is the mild winters, while another might be that recreational winter feeding of deer is having an upward impact on deer numbers."

Of the 51 farm deer management units south of Highway 64, 15 units are above deer management population goals while 11 are below goals, McCaffery noted. Those units over goals are in the Marshfield to Wausau to Eau Claire area. Northwest of Lake Winnebago there are several units with heavy deer populations and west of Madison three units, 70, 70A and 75 are over management goals.

On the western Wisconsin border in Grant and Crawford counties, three units there are below goals. Regulations have changed to buck only for the nine-day season in Units 74A and 74B.

Uniform hunting hours for both big and small game have been established this year. The

nine-day gun deer season will begin one-half hour before sunrise and end 15 minutes after sunset each day starting Saturday, Nov. 18 and running through Sunday, Nov. 26. Generally across the state,

hunting hours will be from about 6:30 a.m. to 4:30 p.m.

# Laurie Vogt... Going the Distance for KHS

KHS junior Laurie Vogt competing at the State Meet in Madison last month, topping off another successful season for this distance runner.

Junior Laurie Vogt didn't start running Cross Country one day because it was a dream of hers. Rather it started at a track meet in the spring of Vogt's freshman year where then Coach Denise Leong said "Why don't you try the mile?"

Vogt not only "tried" the mile, she won the mile. "I just remember being so happy after I won that race and to this day, I still credit coach Leong for getting me into distance," stated Laurie.

Vogt ended up running the 880 yd. run, the mile, and the two mile in track that season and the first time she ever ran the two mile, she also took 1st place in that. The conditions at Kiel for that meet were terrible," remembers Laurie. "It was sleeting something terrible." She also thinks her time of 14:11.5 is kind of terrible these days considering how much she's improved.

Vogt ended her freshmen season taking 6th place in the mile and 7th place in the two mile. Cross Country Coach Dave Drexler was quite interested in getting Vogt out for cross country the following year after such a successful first track season.

Vogt's sophomore year in cross country ended up with a trip to State which is quite an impressive finish for a first-time-out athlete and more than Vogt ever dreamed. Although she had run well throughout the season, taking firsts in Campbellsport and Kewaskum triangular meets, Vogt making State was "really a pleasant surprise" according to Coach Dave Drexler. Laurie's reaction, "I was shocked."

Vogt ended the season placing sixth at conference with a time of 12:59...but then something happened - Vogt "peaked," she came in at Regionals with a time of 12:55 and 1st place, thus putting her into sectional competition.

At sectionals, Vogt chipped 20 seconds off her time, to not only give her 1st place at

sectionals with a time of 12:35, but also putting her at the State Cross Country meet in Madison. Vogt ended up placing 35th at the State meet and bettering her time another five seconds.

Vogt continued to run throughout the summer months and also attended a couple of Cross Country camps, her most memorable being the camp at Green Lake.

This UW-Oshkosh sponsored camp is well-known for the "mental" preparation and attitude it develops in its distance runners. Said Vogt, "It's more of a psych-up camp that gets you mentally into running...we only ran three miles a day."

In the four summer races, Laurie competed in, she took 1st place in her age group in each of them. She ran the "Washburn" which is a 10K race, the "Kinney" which is 5K race sponsored by Kinney Shoes and nationally known, (top ten winners go to compete at the Kinney National Cross Country Meet in California), the Brat Trot which is an 8K race held in Sheboygan, and the "Coho Run" another 8K run in Sheboygan. Vogt is among the

record holders in the Coho Run with a record time of 37.26 for her 14-18 yr. old age bracket.

This year's "three" goals for Vogt included setting a new personal best time which she did at the State meet with a time of 12:30 and beating Jesse Feltz from Slinger, who Vogt feels is one of her toughest competitors. Vogt beat Feltz three out of the five times they met this year on the cross country course, thus this goal was also met.

Her third goal was a return trip to State. Vogt did return to State after quite a successful season. She consistently improved places over meets, and times also went down consistently every race. On her return trip to State, Vogt went down 17 places to 18th place this year, with her best ever clocking of 12:30. This race included 104 girls in Class B competition.

And what about next year? "well, I definitely would like to place first at the conference meet," stated Vogt. And from there...only time will tell.

Laurie Vogt...a Cross Country runner going the distance at KHS.

# Jessica Rohrer MVP

## KHS Netters Close Out Season

The 1989 girls tennis team closed out their 89 season with an awards celebration in which various players were honored. The coveted MVP award was given to a much-deserving sophomore Jessica Rohrer, who pleasantly surprised her coach and herself in winning the EW Conference championship at No. 2 singles.

Rohrer, who has continued to improve all season, played an outstanding match to earn herself a championship.

Junior Brenda Falk and Senior Laurice Thull were voted by their team mates as co-captains for the season, while another Senior, Debbie Rimmel, was selected as "Rookie of the Year." Rimmel switched from a possible volleyball starting position this year to play tennis and was quite successful in her new venture, she went most of the season without a loss, and

"almost" earned herself a berth in the sectional tournament.

Most Improved Player went to Junior, Tammy Troeller alias "Tie-Breaker Troeller." This player was called the "heart of the team" by Coach Eichstedt because of her dedicated effort. She switched from doubles play last year to singles this year and was very competitive as the season went on. She was known for pushing her match to the third game, thus earning her nickname.

Coach Eichstedt set two goals for his girls tennis team this year, that being to become more competitive and to have fun.

In retrospect, Coach Eichstedt feels both goals were definitely met and although they didn't beat any of the big three EW conference powers this year, (Plymouth, Sheboygan Falls and Two Rivers) he definitely plans on being in a position to contend for the title in a year or so. Quite a big goal for a new coach, but as his girls gain experience, there are possibilities.

Letterwinners this year included: Seniors Carla Lemke, Debbie Rimmel, Laurice Thull. Juniors: Angie Clements, Brenda Falk, Chrissy Survis, Tammy Troeller. Sophomores: Shawn Erdmann, Stephanie Gildemeister, Heidi Gruhle, Jessica Rohrer. Freshmen: Kim Frank and Jenny Thull.
