Village Board Votes to Stay In County Library System

By GERRY MUELLER
Statesman Staff Writer

At a special meeting Monday night, the Kewaskum Village Board voted to remain a member of the Countywide Library System and to look into the options it has to bring the Kewaskum Public Library into compliance with the system's standards.

The action was taken during a joint meeting with members of the Library Board which was called to discuss the fact that the library's director, Kitty Hlavaty, does not have the

necessary credentials, as required by the system, to head the library.

At its meeting March 5th, Village Administrator Dan Schmidt informed the Village Board he had been notified by the county system that Mrs. Hlavaty held a Grade Four rating when actually a library the size of Kewaskum's is required to have a director who possesses a Grade Three classification. At that meeting Schmidt also advised the trustees that the village has until November 15th to rectify

the situation. If, by that time, the village does not take action to come into compliance, it will be expelled from the county system. Schmidt said if that happened it would cost the village approximately \$10,000 a year to buy in to services.

Schmidt said until the notification, the village was unaware that there was a problem. What apparently happened is, when the village joined the county system Mrs. Teeselink was still the librarian and she held a Grade Four rating. Because of that she would have been 'grandfathered' in and allowed to remain with that classification. When Mrs. Teeselink left, however, the village was unaware that the new director who was hired, according to the county system, should have had a Grade Three rating.

A Grade Three classification requires a minimum of two years college or a technical

Kewaskum Firemen Respond To Two Fire Calls Monday

The Kewaskum Fire Department had a busy afternoon Monday responding to two separate calls.

The first call, received at 1:56 p.m., involved a car fire on Courtney Lane near the Timblin apartments. Larry Lanser, the rural mail carrier, was delivering mail when he came back to his car and noticed smoke coming from it. He lifted the hood and flames erupted from the engine area.

Lanser was able to remove all the mail from his vehicle before the car was completely destroyed by the fire.

Postmaster Frank Beesten picked up the carrier and his mail and they completed the delivery. No mail was lost.

At 4:48 p.m., the department received the second call to a grassfire on Highway 28 and Highland Drive. Firemen remained on the scene for approximately a half hour.

Spring Concert At Middle School

The Kewaskum Middle School Music Department will present its early spring concert featuring the choirs and bands of all three grades.

The concert will be given on Thursday, March 29, at 7:30 p.m. in the middle school gym. We hope to see you there.

Election April 3

Races Shaping Up for Kewaskum Area Voters

By GERRY MUELLER
Statesman Staff Writer

When area voters go to the polls next Tuesday, the outcome of at least two elections will not be foregone conclusions. With more candidates than positions in both the Kewaskum Village Board and Kewaskum Board of Education races, electors' interest should be peaked enough to get a fairly good voter turnout. In both elections no one will know the outcome until the last ballot is counted.

Four candidates are vying for the three terms of trustee expiring on the village board. Two of the candidates are incumbents Tom McElhatton and Larry Williams who are being challenged by two newcomers, Joseph Gitter and Gary Gavin.

McElhatton will be seeking his fourth term on the board. Williams will be seeking his first full term on the village board, having been appointed a year ago to fill the unexpired term of former trustee Howard Laubenstein.

Richard Schlice, who holds the third expiring position, decided last year not to seek re-election.

As for the Kewaskum Board of Education, a similar situation exists. Three terms, those of Ruth Schmitt, Ronald Beimbom and Donald Nowak are expiring. Again, two incumbents are seeking re-election while a third is not. Both Schmitt and Beimbom are looking to win a second term on the board. Nowak indicated he would not seek re-election because he may be moving out of the school district.

With a third seat on the board apparently unopposed, former

school board member Clara Trapp decided to again throw her hat in the political arena, taking out papers for the April 3rd election. Trapp was previously defeated in her bid for re-election after one term on the board.

With three posts available and only three announced candidates, it appeared a clear-cut case of Schmitt, Beimbom and Trapp being elected. The complexion of that race, however, has also changed with the announcement of Janet Wolfenberg, Town of Farmington, that she will be seeking election to the school board as a write-in candidate. This will be Wolfenberg's attempt to win a seat on that board.

People wishing to vote for any write-in candidates must remember they have to write in that individual's name on the ballot as well as mark or punch their vote on the ballot. Failure to do both steps will void a write-in vote.

On the county level, electors will be selecting a new judge to replace J. Tom Merriam who is retiring from Washington County Circuit Court, Branch One.

In that race J. Dennis Thornton is being challenged by Lawrence Waddick. Both men are seeking their first term as a judge.

Thornton presently serves as Washington County District Attorney. Waddick is an attorney who practices law in West Bend.

Of interest to all Wisconsin voters is a proposed constitutional amendment to limit the governor's authority to partial veto appropriation bills.

An Evening With the Arts

What exactly is An Evening with the Arts? Well, it could be an evening spent posing for a portrait, but it isn't. Maybe it's an evening listening to music, and that's partially correct. Could it be time listening to people speaking, or watching young people do funny and creative things? Actually, it is just about all of the above.

Those fortunate people who will be in attendance in Rose Hall at Kewaskum High School on April 9, 1990 beginning at 7:00 p.m. or in the Library at 5:30 p.m. will see and hear it all.

Come and see some fabulous art by the talented artists of KHS. Come and listen to music

as performed by our state bound musicians. Spend some time viewing displays by students in the Graphic Arts area. Enjoy speaking and acting by the Forensic students who will be competing in the State meet, and come to see the KES and KHS Odyssey of the Mind teams as they present their problem to you.

An Evening with the Arts, all of the above and more, it's free! Art Show in the HS Library beginning at 5:30 p.m. and Music, Forensics, Graphic Arts display and Odyssey of the Mind in Rose Hall at 7:00 p.m. See you all on April 9 at Kewaskum High School.

The Boltonville Fire Department was called out late Monday afternoon to fight a smokey fire on the Leroy Peterson, Jr. farm at 7725 Hwy. 144N, in the Town of Farmington.

When firemen arrived on the scene they found about 20 large round bales of cornstalk bedding on fire.

The fire was discovered about 4:30 p.m., by Peterson's son

Tim who put in the fire call. The Boltonville department was at the scene until approximately 6 p.m., with mutual tanker aid from the Fillmore Fire Department.

The bales were stacked in an open area northwest of the barn. Peterson said the strong, shifting winds complicated fighting the fire. "When we tried to pull the burning bales apart to extinguish them, the wind would switch and blow the

smoke into our faces."

There was no other damage from the fire.

school equivalent.

Schmidt said if the library were no longer a part of the county system, it would not be allowed to use the services of other libraries and the many other purchasing and reference services offered by it.

During Monday night's meeting the trustees voted to stay in the County System, one way or another. The board has two options it is looking at. First, it is giving Hlavaty the option to find out what she needs to upgrade her credentials to meet the county standards and deadline. Secondly, the village can advertise for a person that is already qualified and holds a Grade Three classification. That could result in some realignment of the library staff.

The board would like an answer from Hlavaty within the next two months so it will know whether or not it will have to pursue the second option.

IN MEMORY

In loving memory of Joanne Schulteis who passed away five years ago, March 31, 1985:

Though her smile is gone
And her hands we cannot touch,
Still we have so many memories

Her memory is our keepsake
With which we'll never part.
God has her in His keeping
We have her in our hearts.

Sadly missed by her family.

UWWC Spring Enrollment Shows Busiest 2nd Semester in History

Official spring enrollment figures for the University of Wisconsin enrollment figures show the busiest second semester in history is underway at the University of Wisconsin Center - Washington County.

UWWC has 585.1 full-time-equivalent (FTE) students, up 2 percent from previous high school semester in 1989. The FTE figure is obtained by dividing total credits carried by all students by 15 credits.

This spring UWWC has a headcount of 762 students, down by 7 from a year ago. But the students this spring are continuing a trend of several years by carrying larger number of credits. Seventy of the UWWC students are enrolled full-time this spring.

A total of 10,293 students are enrolled at all 13 UW freshman-sophomore centers this spring, down from 10,351 last year. A survey of all spring centers students show that nine out of ten expect to earn a college degree.

UWWC is the fourth largest center in terms of FTE and the fifth largest in headcount.

Ninety-two students are at UWWC for the first time this

spring, including 45 new freshmen and 35 transfers from other schools. Sixty-four other students reentered UWWC after absences of at least one semester.

Women outnumber men 406 to 356 this spring.

Three-fourths of the students (570) live in Washington County, a figure that has held constant over the years.

The official UW Centers report shows that 111 students come from Ozaukee County, 32 from Dodge, 15 from Sheboygan, 11 from Waukesha, 9 from Fond du Lac and 5 from Milwaukee.

Six counties each sent a single student to UWWC. Thirty Washington County students are attending five other UW Centers this spring.

1990 United Way Campaign Chairman, Theme Announced

John Dedrick

John Dedrick, President of West Bend Mutual Insurance Company, has been named Chairman of the 1990 United Way of Washington County fund drive.

Dedrick, a native of West Bend, serves on the United Way Board of Directors, is president-elect of the West Bend Rotary Club and served on the Boards of Bank One, West Bend and St. Joseph's Community Hospital.

"We're in the process of lining up leadership in the different campaign divisions," Dedrick said. "Thankfully, due to the efforts of the 1989 Chairman, John Torinus, many key people are already in place."

The 1990 campaign theme is "Touch A Life - The United Way." The campaign officially begins in August. "We're already doing a lot of behind-the-scenes work to prepare for this campaign," he said. Money raised will provide 1991 funding for 33 agencies in Washington County. These agencies are:

Individual & Family Services — The Council on Alcohol and Other Drug Abuse, Catholic Social Services, Lutheran Social Services, Friends of Abused Families, NOVA Services, DePaul Clinic - Hartford, Caring Outreach Adult Day Care.

Health — American Heart Association, American Red Cross - West Bend, American Red Cross - Kettle Moraine, American Social Health, Arthritis Foundation, Hartford Area Blood Donors, Hartford C.P.R., Kettle Moraine Hospice, Kewaskum Area Blood Bank.

Social & Personal Development — Bay Lakes Boy Scouts, Big Brothers/Big Sisters, Child's Place Day Care, Kewaskum AFS, Outreach to Aging, Senior Citizen Activities, Wau-Bun Girl Scouts.

Special Programs - Christian Record Braille Foundation, Citizen Advocacy, Southeastern Wisconsin Center of Independent Living, The Threshold, Children's Service Society.

Community Services — Full Shelf Food Pantry, Hartford Emergency Squad, Salvation Army, USO, Volunteer Center of Washington County.

Agencies are currently preparing their requests for 1991 funding. The United Way of Washington County

encompasses seven communities: West Bend, Hartford, Kewaskum, Jackson, Slinger, Allenton and Newburg. The 1989 campaign raised \$629,000.

"I'm looking forward to a successful campaign," Dedrick concluded. "The strong support of businesses and individuals in Washington County enables United Way to help thousands of people in our community."

Kewaskum FFA to Host Annual Rabies Clinic

Dr. Charles Ogi, center, administers a vaccination to one of the many pets that attended last year's rabies clinic. Drs. Charles and Greg Ogi will be on hand once again to take care of your pets' needs.

It is the time of year to once again begin thinking about having pets vaccinated against rabies. Wisconsin is one of the leading states in rabies reported cases, a statistic the state could do without. The Kewaskum Chapter of FFA is concerned about the problem.

Along with local veterinarians Drs. Charles and Greg Ogi, the chapter will conduct a rabies clinic on Tuesday, April 5, from 7:00 to 9:00 p.m. in the Kewaskum High School agricultural shop.

The vaccines will be administered at a reduced cost of \$5.00 per animal, with the proceeds from the clinic going to the Ogi Scholarship Fund.

Rabies is an acute disease caused by a virus. The most common form of contamination is by means of a bite from an animal containing the virus bearing saliva.

The incubation period is variable, but signs of the disease may become visible within 15 to 20 days after contamination. The first sign is general loss of appetite and a change of behavior. The second phase is known as the paralytic form, where paralysis and salivary excretion begin. The third phase, or sign, is the furious form, where the animal becomes very irrational and viciously aggressive. Dogs rarely live more than 10 days after the onset of these signs.

For more information about rabies and accompanying symptoms, consult your local veterinarian or physician.

FACSIMILE BALLOT NOTICE OF VILLAGE ELECTION VILLAGE OF KEWASKUM, WISCONSIN APRIL 3, 1990

Notice is hereby given of a village election to be held in and for the Village of Kewaskum, Washington County, Wisconsin, on the 3rd day of April, 1990, at which the officers named below shall be chosen.

INFORMATION TO ELECTORS

The following instructions are given for the information and guidance of electors:

(a) Upon entering the polling place, an elector shall give his or her name and address before receiving the ballot card and ballot envelope from the ballot clerk. The initials of 2 ballot clerks must appear on the ballot card envelope. Upon receiving the ballot card and ballot card envelope, the elector shall retire alone to a voting booth and punch/mark his or her ballot card and ballot card envelope. A ballot clerk may inform the elector of the proper manner for punching/mark a ballot card and ballot card envelope, but he or she shall not in any manner advise or indicate for whom to vote.

(b) To vote for a person whose name is printed on the ballot, insert your ballot card with both hands, be sure the pins are through the two holes, hold the punching device straight up and down, press down firmly opposite the candidate and/or proposition selections of your choice.

(c) Write-In voting. To vote for a candidate whose name does not appear on the printed ballot, use the ballot card envelope to "write-in" the office and the candidate's name.

(d) The ballot card and ballot card envelope should not be punched/marked in any other manner. If you incorrectly punch/mark, tear, or deface the ballot card or ballot card envelope, return it to the election judge for another one, but not more than 3 ballot cards or ballot card envelopes shall be issued to any one elector. Not more than 5 minutes' time shall be allowed to punch/mark the ballot card or ballot card envelope. Unofficial ballots or a memorandum to assist the elector in punching or marking his or her ballot card or ballot card envelope may be taken into the booth and copied. The sample ballot shall not be shown to anyone so as to reveal how the ballot card or ballot card envelope is punched/marked.

(e) After the official ballot card or ballot card envelope is punched or marked, remove your ballot card, place it in the ballot card envelope and take it to the inspector at the ballot box, hand him or her the ballot card envelope with the ballot card placed inside, to be placed in the ballot box, and leave the polling place promptly.

(f) An elector may be assisted by 2 election officials of different political parties in punching or marking the ballot if he or she declares to the presiding official that he or she is unable to read or that due to physical disability he or she is unable to punch or mark his or her ballot. If an elector declares that he or she is visually handicapped; he or she may have anyone assist him or her in punching or marking his or her ballot card or ballot card envelope. The presiding official may administer an oath to a person's disability.

(g) Any qualified elector who is absent, or expects to be absent from the village in which he or she is a qualified elector, or who, because of sickness or disability cannot appear at the polling place on election day, may vote at such election by means of an absentee voter's ballot card or ballot card envelope to be secured upon application to the Village Clerk, not more than sixty days and no less than three days, or by personal application, not later than the close of office hours on the day prior to such election.

(h) The following is a sample of the official ballot:

NOTICE TO ELECTORS: This ballot is invalid unless initialed by 2 election officials serving as ballot clerks. If cast as an absentee ballot, the ballot envelope must bear the initials of the Municipal Clerk.

NOTICE OF REFERENDUM ELECTION APRIL 3, 1990

NOTICE IS HEREBY GIVEN that an election to be held in the several towns, wards, villages and election districts of the State of Wisconsin, on the first Tuesday, of April, 1990, being the Third day of said month, the following proposed amendment to the Constitution of the State of Wisconsin, having been approved by two successive legislatures, will be submitted to a vote of the people pursuant to law:

1989 Enrolled Joint Resolution 39

To amend section 10 of article V of the constitution, relating to the veto procedure for appropriation bills (2nd consideration).

Whereas, the 1987 legislature in regular session proposed an amendment to the constitution by 1987 Senate Joint Resolution 71 (1987 Enrolled Joint Resolution 76) and agreed to it by a majority of the members elected to each of the 2 houses, which amendment reads as follows:

SECTION 1. Section 10 of article V of the constitution is amended to read: (Article V) Section 10(1)(a) Every bill which shall have passed the legislature shall, before it becomes a law, be presented to the governor; if he approves he shall sign it; but if not he

(b) If the governor approves and signs the bill, the bill shall become law. Appropriation bills may be approved in whole or in part by the governor, and the part approved shall become law.

(c) In approving an appropriation bill in part, the governor may not create a new word by rejecting individual letters in the words of the enrolled bill.

(2)(a) If the governor rejects the bill, the governor shall return it to the house in which it originated, together with his objections in writing, to that the house in which it shall have the bill originated. The house of origin shall enter the objections at large upon the journal and proceed to reconsider it. Appropriation bills may be approved in whole or in part by the governor, and the part approved shall become law; and the part objected to shall be returned in the same manner as provided for other bills. If, after such reconsideration, two-thirds of the members present shall agree to pass the bill, or the part of the bill objected to notwithstanding the objections of the governor, it shall be sent, together with the objections, to the other house, by which it shall likewise be reconsidered, and if approved by two-thirds of the members present it shall become a law. But in

(b) The rejected part of an appropriation bill, together with the governor's objections in writing, shall be returned to the house in which the bill originated. The house of origin shall enter the objections at large upon the journal and proceed to reconsider the rejected part of the appropriation bill. If, after such reconsideration, two-thirds of the members present agree to approve the rejected part notwithstanding the objections of the governor, it shall be sent, together with the objections, to the other house, by which it shall likewise be reconsidered, and if approved by two-thirds of the members present the rejected part shall become law.

(c) In all such cases the votes of both houses shall be determined by yeas and nays, and the names of the members voting for or against passage of the bill or the rejected part of the bill objected to, notwithstanding the objections of the governor shall be entered on the journal of each house respectively. If any

(3) Any bill shall not be returned by the governor within six days (Sundays excepted) after it shall have been presented to him; the same the governor shall be a law unless the legislature shall, by their final adjournment, prevent its return, in which case it shall not be a law.

Now, therefore, be it resolved by the senate, the assembly concurring, that the foregoing amendment to the constitution is agreed to by the 1989 legislature; and, be it further

Resolved, That the foregoing amendment be submitted to a vote of the people at the election to be held on the first Tuesday of April, 1990; and, be it further

Resolved, That the question concerning ratification of the foregoing amendment be stated on the ballot as follows:

QUESTION: "Partial veto of appropriation bills. Shall section 10 of article V of the constitution be revised, and shall an additional provision be created in that section, so that the governor's power to veto appropriation bills in part does not permit the creation of a new word formed by rejecting individual letters in the words of the bill passed by the legislature?"

EXPLANATION

Article V, section 10 of the Wisconsin Constitution allows the Governor to approve appropriation bills in whole or in part. The Governor indicates his disapproval by vetoing that part of the bill to which he objects. Wisconsin Supreme Court opinions have interpreted the present constitutional provision as allowing the Governor to veto appropriation bills in part by rejecting individual letters in the words of the bill as long as what remains after the veto is a complete, entire and workable law.

A "yes" vote on this constitutional amendment would mean that the Governor could not create a new word by rejecting individual letters of words in an appropriation bill. A "yes" vote would also make some technical changes in article V, section 10 of the Wisconsin Constitution and change that section of the constitution from one paragraph to three numbered paragraphs. A "no" vote would retain the present language of article V, section 10 of the Wisconsin Constitution as interpreted by the Wisconsin Supreme Court.

GIVEN under my hand in the City of West Bend, Washington County, this 2nd day of April, 1990.

Resolution No. 90-9

The Kewaskum Village Board's
Opposition to SJR 34, AJR 25,
and SB 193

WHEREAS, the Village Board of the Village of Kewaskum, Washington County, Wisconsin has used the Trust Fund Loan program in the past and hopefully will be allowed to use it in the future, and

WHEREAS, the Village Board has over the years worked hard to stabilize the local property tax rate, and

WHEREAS, the Village Board and staff has used preplanning, long range budgeting and planned growth, and

WHEREAS, the Village Board and staff has been successful as most towns, villages and cities have been, despite the

legislatures help, and

WHEREAS, members of the legislature have suggested cost controls are needed to keep spending by local units of government in line.

BE IT RESOLVED, that local units of government are capable of limiting their own spending and far more accountable to their constituents than are the legislators in Madison.

BE IT FURTHER RESOLVED, that restrictions placed on the Trust Fund Program and limitation of funds suggested are identical to dollar mandates and increased interest rates placed on local units of government.

BE IT FURTHER RESOLVED, this will be the beginning of the deterioration of the communities infrastructure.

NOW THEREFORE, BE IT RESOLVED, that the Kewaskum Village Board opposes SJR 34, AJR 25 and SB 193 and that it asks for the legislatures support in opposing the aforementioned.

Letter to the Editor:

3/21/90

I would just like to remind my friends, neighbors, and other concerned parents and constituents of the Kewaskum school systems' upcoming election on April 3rd, for the vacancy on the school board.

I would also at this time like to endorse my support for Janet Wolfenberg. In the time that I've known Jan I have found her to be a concerned, responsible parent and a skilled business woman. Jan is also somewhat new to the area, bringing with her a fresh, unbiased opinion.

I believe that these qualities show a fine combination of the skills necessary to be an outstanding school board member.

Thank You

Letter to the Editor:

To the voters of the Kewaskum School District:

I moved to the Farmington area into the Kewaskum school district one and a half years ago. With a child in kindergarten and another entering next year I've become more aware and interested in the quality of education my children will receive.

I've gotten to know and talk with JANET WOLFENBERG, a Write-In Candidate, who is running for Kewaskum school board on April 3rd.

I feel as a mother of two

herself, Janet will have our children's best interests at heart. Also, as a business woman she has the same concerns as all taxpayers regarding the school budget. She will work well with and for the people of the Kewaskum school district.

So please vote on April 3rd for JANET WOLFENBERG, Write-In Candidate for the Kewaskum School Board.

Please follow the directions on the ballot or how to vote for a Write-In Candidate to ensure that the vote counts.

To the Ladies of the Community

Fantastic, great and enjoyable are words to describe the Fashion Show held by the Kewaskum Women's Club last Thursday evening. The 36 members were very supportive in bringing 21 guests to see the new fashions for spring. It was the largest number of ladies we have had for a special event.

Thank you, members, for your support.

Jean Moe, the coordinator of the Fashion Show spent many hours and placed many phone calls to make this event a success.

Thank you and Congratulations, Jean for a job well done. The Fashion Niche on Main St. of West Bend, provided the many beautiful articles of

clothing. The items were sporty outfits to classy dresses and most of them were washable.

Thank you for your efforts, Delores Stoffel and Barb Stoffel, owners of the Fashion Niche.

Five club members took the time to visit the store, try on some apparel and coordinate their shoes and jewelry. Everyone was impressed with the poise, and femininity displayed by these ladies. Thank you...Rita Etta, Joyce Schleif, Agnes Schaefer, Melinda Seifert, and Lois Bunkelman.

Since this event was such a success, it has been mentioned to make plans to do it again next year. It is something for our members to think about.

Although a lot of time and effort must go into preparing a program such as this, it is always worth the work when the event becomes a big success. Each member did their part to achieve this goal. I...thank you.

Dear Media Director,

On May 3, the thirty-eighth consecutive National Day of Prayer will be observed in cities and towns throughout the United States. Observance of the National Day of Prayer dates back to the First Continental Congress and is a tradition we can ill afford to ignore.

In 1988, Congress passed a bill and President Reagan signed into existence a permanent date to observe the National Day of Prayer, the first Thursday of May each year. Last year alone over 30 governors and 200 mayors issued proclamations recognizing the National Day of Prayer. Thousands of churches, synagogues and religious and civic groups will participate in activities designed to promote this voluntary celebration of individual and corporate faith.

The National Day of Prayer Task Force is available to help promote this commemorative day by offering materials that will encourage participation all over the United States. Please

To the citizens of Washington County:

For 73 years Planned Parenthood has defended the right of individuals to make private decisions about health care.

The local clinic of Planned Parenthood provided medical services for 2,560 men and women in 1989. Over 1,000 participants benefited from our community education / training programs.

Since this is a very healthy community, a community that takes care of its own according to the United Way of Washington County September newsletter, it is important that Planned Parenthood remain one of the agencies being

supported.

Painting a brighter picture for the entire population of Washington County includes access to health care.

If you believe in effectively and efficiently helping people in need of medical services and want to see our \$9,000 reinstated in 1991, 1992 and beyond call the United Way office at 338-3821. In addition to leaving a phone message for the board of directors the address is United Way of Washington County, Box 304, West Bend, WI 53095.

Police-School Liaison Program Gaining Acceptance

Police-School Liaison Program representative Officer Steven Seitz.

By GERRY MUELLER
Statesman Staff Writer

Kewaskum Police Chief Richard Knoebel said recently he is pleased with the growing response to the Police-School Liaison Program which has been established with the cooperation of the school district.

The program is designed to function in a casual, informal atmosphere which focuses on three basic points; communication, assistance and prevention. It is not a response to discipline problems in the schools.

The police-liaison officer does not function in the role of maintaining school discipline but rather as a resource person when and wherever appropriate. To maintain that relaxed structure and informal atmosphere, the department's representative visits the high school each week in street clothes, rather than as a uniformed, armed police officer.

Upon the invitation of teachers and administrators, the liaison officer attends staff meetings, speaks to classes and aids with technical assistance in a variety of school programs. He serves as a resource in helping school staffs develop law related curriculums and assists in setting up such related programs.

When it is appropriate the liaison officer may be involved in student/teacher/parent conferences and meet with students in both informal and

formal situations.

Opportunities are also provided for students, parents, and/or school staff to meet privately with the officer. Meetings with the liaison officer are arranged on a self-referral or call-in basis. He works under the authority of the Chief of Police and in cooperation with the school staff.

The program is not a way for the department to gather information, although in some situations this may also occur as an incidental function.

Financial support of the police-school program is undertaken by the police department, while office space and supplies are provided by the school district at the high school. The plain clothes Youth Services Officer, who serves as the program's liaison representative, is located in one of the high school's conference rooms on a rotating day schedule, from 11:00 a.m. to 2:00 p.m.

The goals of the program are

wide ranging from providing a positive interaction between the police department and the youth, parents, faculty and administration of the schools, to providing school staffs and youths additional opportunities to learn about law (including juvenile law) and law enforcement. It also allows the police department to function more effectively as a resource for classroom or large group presentations regarding issues of mutual concern.

The program is also designed to increase the availability of the Kewaskum Police Department in helping school officials prevent and resolve extra-legal incidents which may occur in the schools as well as create opportunities for the department to work cooperatively in setting up juvenile delinquency prevention programs as part of a joint community effort.

State Offers Higher Education Financing Program

MADISON, Wis. (March 14, 1990) — Wisconsin parents worried about how to pay for their children's higher education will get some help from the State under a new tax-free investment program signed into law by Gov. Tommy G. Thompson.

The program, announced by Gov. Thompson at a news conference Wednesday afternoon, offers state residents the opportunity to buy Wisconsin Higher Education Bonds for a relatively small initial investment. The bonds will mature on dates ranging from 6 years to 20 years and the interest earned on the bonds will be exempt from both state and federal income tax.

Gov. Thompson discussed the program at a news conference following a meeting of the State Building Commission which authorized the bond issue. The governor chairs the commission.

"I'm extremely happy to announce a tax-free State of Wisconsin bond offering that will make it easier for state residents to save for their children's higher education," Gov. Thompson said.

This is the first time a program of this type has been offered in the State of Wisconsin. About a dozen other states have issued similar bonds in the past two years.

The bonds will be sold in \$1,000 denominations, rather than the standard bond denomination of \$5,000, in order to make this investment available to the broadest possible spectrum of state residents, Gov. Thompson said.

"We have chosen to make an investment in higher education more affordable to Wisconsin residents who have a strong desire to plan for their children's future," the Governor explained.

Holders of the bonds do not receive interest before the maturity date, a type of investment often called zero-coupon or capital appreciation bonds.

The longer the bond's period of maturity is, the larger the initial price discount. For example, a \$1,000 bond with a maturity of 20 years can be purchased for around \$243. The cost of a \$1,000 bond with a maturity of 6 years is expected to be about \$682.

The exact prices and the interest rate they represent will be determined by market conditions during the offering. The order period for the bonds is scheduled to begin April 18 and run through April 24.

The total value of the offering to investors will be about \$85 million. The bonds are general obligation securities of the State of Wisconsin and are fully guaranteed by the state. Proceeds will be used to fund a

variety of capital projects including schools, correctional facilities, pollution abatement and recreation facilities.

Merrill Lynch Capital Markets is the senior manager of the bond issue, with a consortium of six Wisconsin institutions functioning as co-senior managers. They consist of Robert W. Baird & Co., First Wisconsin National Bank of Milwaukee, Blunt Ellis & Loewi, B.C. Ziegler, Bank One and M&I Marshall & Illsley Bank.

Fourteen other investment bankers around the country are acting as co-managers.

In addition to the managing brokerages and banks, other banks and financial institutions will also be selling the bonds.

As further insurance that the bonds be widely available to individual investors, the state has instructed the underwriters to fill the smaller orders first, Thompson noted.

"You don't have to be a parent or grandparent to buy these bonds. They are a savings instrument that can be used for any purpose. But it is an ideal vehicle for starting a college fund," Gov. Thompson said.

A brochure with more detailed information about the bond issue is currently being prepared and will be available throughout the state in advance of the April 18 start of the order period.

Wild Game Feed Bags Large Crowd

A large crowd enjoys the variety of wild game dishes.

Drawing for door prizes, left to right: Larry Carlton, President Mike Berger, Vice President Lee Backus and Jim Butzlaff.

A variety of wild game dishes was the popular main attraction at the New Fane Sportsmen Club's 1st Annual Wild Game Feed, held March 8th at the Amerahn Hall, Kewaskum.

Over 331 people were served deliciously prepared entrees such as venison meatballs, rabbit stew, roasted pheasant,

goose, bear, several different kinds of fish, and more. Recipes included many ways to serve venison and each dish was better than the next.

Table hors d'oeuvres included smoked fish, sturgeon, wild turkey, pheasant, venison sticks, sausage, and jerky; and

cheese and crackers.

A drawing for door prizes was held and over 30 prizes were awarded.

The New Fane Sportsmen's Club would like to thank the public for their support, and those who donated prizes and food. It was a great success.

Kewaskum Sno-Chiefs Snowmobile Club Celebrates 20th Birthday Anniversary

It was a landmark occasion as members of the Kewaskum Sno-Chiefs Snowmobile Club and guests from several neighboring clubs gathered recently to celebrate the club's 20th birthday.

The event was marked with a banquet at the Hon-E-Kor County Club where club members and friends gathered to reminisce about the early days of snowmobiling and how the sport has progressed and improved in those twenty years.

Past president, and one of the club's organizers, George Hanrahan served as Master of Ceremonies. He related how, one night twenty years ago Roy Warner, the club's first president called him up and discussed the idea of starting a club. They met at Rosie (then Miller) Kuehl's and the three began to form some plans. Just by word of mouth, in a couple days, 32 people showed up for a meeting and the fledgling club was born.

Hanrahan reminded everyone that, in those days, snowmobiling was really a family sport because everyone rode double on a machine. He laughed when he described how just a ride to Kohlsville was considered 'a big trip' and that a round trip ride to St. Michaels and New Fane all in one night was unheard of! "We did it though but we didn't get home until 3 a.m. the next morning." It was nothing to have to stop several times on the trail to change a belt or fouled spark plugs.

It wasn't all 'just fun' though.

There were the many volunteer hours by club members brushing out trails, cutting down trees and building bridges. Before the advent of the regulation sign system and manufactured signs, the club like other clubs, had to make its own trail makers. Many hours were spent cutting out signs, painting them and sprinkling them with crushed glass to make them show up. (Those were the days before reflectorized blazers).

Other past presidents added their chapters to the Sno-Chiefs history. Bob Staehler recounted how the club

worked to raise funds for its first pieces of trail grooming equipment. Bob Stoltzmann described how the club engineered and built a snowmobile bridge in the Hon-E-Kor area which fondly became known as "Old Mackinac."

In conclusion, everyone at the party agreed there were some hard times, some difficult times, but there were also a lot of good times when a lot of lasting friendships were made. But most of all, everyone is looking forward to much more snowmobiling in the years to come.

Ferrantes Finish Fast Despite Pirozzoli's 68

MEQUON — The Thiensville-Mequon Ferrantes claimed a share of third place in the Land O' Lakes basketball race with a 165-133 victory over Kewaskum here Sunday night, despite a 68-point effort by Kewaskum's Tony Pirozzoli. The 68 points was a career high for Pirozzoli and also a Lakes seasonal high. The Ferrantes finished the season at 8-4, tied with Hartland, while Kewaskum finished in the cellar with a winless 0-12 record.

The game was close for three quarters before a 58-point fourth-quarter explosion put it away for Thiensville-Mequon. It was tied at 34 after the first quarter and Kewaskum led 71-70 at halftime. The Ferrantes wrestled the lead from Kewaskum in the third quarter and held a narrow 107-103 lead going into the final quarter. With three of Kewaskum's five players in foul trouble the Ferrantes outscored them by 28 in the final quarter.

The Ferrantes made 10 of 16 free throws for 62.5 percent, while Kewaskum was six of 11 for 54.5 percent.
