Board Names New High School Principal

Charles Heidner

By GERRY MUELLER
Statesman Staff Writer

The Kewaskum Board of Education, Monday night, unanimously voted to hire Charles Heidner as the new Kewaskum High School principal.

Heidner has been employed as the assistant principal at Oshkosh West High School, which has a population of 1,300 students, for the past three years. Prior to that, he and his family resided in Two Rivers for nineteen years where he taught Social Studies at Two Rivers High School. Heidner is a graduate of Carroll College. He also has a Masters Degree in Administrative Leadership from

UW-Milwaukee.

The board approved a two-year contract to Heidner, with a starting salary of \$53,500 plus benefits for the 1991-92 school year, plus \$2,000 for moving expenses. His first-year salary will be pro-rated, based on a 240-day schedule.

Because Heidner has not been officially released from his current contract with Oshkosh, he was not able to give the board a firm starting date. Heidner said the Oshkosh Board of Education was meeting Wednesday evening and he hoped to have an answer on his release by Thursday morning.

In a brief interview Heidner said he was excited to be here

and looked forward to assuming the duties of his new position. Heidner noted one of his responsibilities at Oshkosh was discipline. It was one of my major duties, he said. "I believe in being fair, progressive and consistent in that area," stated Heidner.

Heidner is married and has two children. His wife is employed as a mortgage lender with an Oshkosh bank. His daughter is a middle school teacher in the Milwaukee area and his son is studying Aero Space Engineering at the University of Minnesota.

Heidner is replacing Leroy Kopecky who resigned last month to accept the position of director of Instruction with the Waupun School District. Kopecky's salary at the time of his resignation was \$46,064.

District Administrator Dr. David Heather said the district had received 24 inquiries on the principal's post and interviewed four candidates before making a final selection.

Heather said the board would now begin interviewing for a new assistant principal to replace James Connell who also resigned to accept a principal's position to Grant County.

Heather said he hoped Heidner would be on staff by the time the board began interviewing for that position. "I would, very much, like to have Mr. Heidner a part of that selection process," said Heather.

School District to Welcome Back Students Monday, Aug. 26

Monday, August 26 is the first day of school for returning and new students of the Kewaskum School District.

Parents and guardians should by this time have received information on bus rules and pick-up times. If you have not please call the Johnson Bus Company at 626-4414 to complete arrangements.

We ask that families take time to review the bus riding rules and safe boarding, riding and unloading procedures. If this is your child's first experience at riding on a bus, why not take some time to accompany him/her or arrange for someone else to accompany him/her for their first pick-up and drop-off?

Also, please be aware of the times crossing guards are present on village street corners and utilize them accordingly. Please do not send or drop your children off at school before the school doors open because they will be unsupervised.

Information for those interested and eligible for the free and reduced hot lunch program is also published in the Statesman. Middle school and high school students also received copies during registration. Forms will again be given to elementary students (one per family) during the first week of school. If you did not receive one or wish to review the qualifying criteria, please call the business office at 626-8427.

Hot lunch prices for the 1991-92 school year are as follows: elementary schools \$1.10 per day or \$5.00 per week, high school \$1.25 per day or \$5.50 per week. School on Monday is a full day and hot lunch will be served. The calendar for the school year has been published and each family will receive one at registration. Extra calendars are available for purchase at the business office.

The school district does not carry accident insurance for students. We therefore urge parents/guardians to review their own policies to be certain coverage is adequate. Particularly in the case of athletics, this is a necessity. The schools do have insurance forms provided by Student Assurance Company of Stillwater, Minnesota available to parents who would like to purchase additional insurance or insurance for their children. The parents purchase the insurance on their own - the district is not involved in the sale of insurance.

The buildings and grounds are in good shape and the classrooms are clean and ready

for students. All is in readiness and all are anxious to greet the children and begin anew.

Many teachers have attended various courses, workshops and seminars over the summer to improve their educational skills. Administrative staff worked to hire new staff and arrange schedules, discuss goals and establish a vision for the district.

Most important to us will be the continued support and involvement of parents, grandparents, guardians and community members at large. Please take the time to review school handbooks and rules with your children, help them with their homework, call their teachers or principals, and visit their schools. You are important and we need your assistance.

Hints for a successful start to the 1991-92 school year include the following: Be positive about the teacher(s) your child(ren) has/have and the programs available; be interested in what is happening on a daily basis; encourage participation in extra-curricular activities; set goals that are high enough yet realistic; and set aside some time to talk to your child/children.

Welcome back and we all hope you have a great year!

Board Okays Girls Softball for 1991-92 Season

By GERRY MUELLER
Statesman Staff Writer

On a 5-1 vote, the Kewaskum Board of Education has voted to approve girls softball as a regular interscholastic sport for the 1991-92 school year.

District Administrator Dr. David Heather told the board response to the sport the past season had been excellent and the team had met with some success considering the sport had been instituted on a trial basis. Approximately 29 girls participated during that trial season.

While the team needs uniforms, Heather noted that item is not a top priority. Some of the necessary equipment had already been purchased during the past season, said Heather.

Depending upon how many coaches are used, that cost would run between \$2,000 and \$3,500. Heather said that money would come from extra curricular salaries "and

squeezing a couple of funds." The Athletic Department budget will have to come up with the rest of the expense money to operate the program, said Heather.

Board member Ron Beimborn asked Heather how adding girls softball affected the equity between girls and boys sports. "We would now have eight for the girls and nine for boys," stated Heather.

In other sports related action, the board approved the hiring of Al Brunke and Russ Freeman as assistant football coaches for 1991, and Janet Molebash as an assistant Volleyball coach.

The board again heard a request from the parents of three Kewaskum Elementary School fifth grade students asking that their children be allowed to remain at KES for the 91-92 school year. The three were among several students who are being shifted to the Wayne School as a result of the

boundary changes to equalize the student population between the three elementary schools.

A fourth student will be allowed to remain at KES instead of transferring to Farmington because her parents' name was omitted, by the bus company, from the notification list. That family was not made aware of the change until last week.

In other business the board approved Heather's recommendation to hire Carol Zoerb as the half-time Gifted and Talented Coordinator for the district. "As of September 1st, it is a state requirement that all districts have a G & T coordinator," stated Heather.

The board also gave Heather authorization to hire up to four instructional aides if, and as needed, for the coming school year.

Contracts for milk and food services were also approved by

90 candidates' names on the wall...
90 candidates' names...

30 CANDIDATES LEFT ON THE WALL!

That's all there is! Thirty "King" candidates — only ten left in each category.

Some of you guys are finally able to sleep nights after breathing a deep sigh of relief. Others have been swept into a cavern of bitter disappointment and utter despair after realizing how close you came to the brass ring. These poor souls will never know the thrill of victory... only the agony of defeat.

And then there's the winners! Only those of you will know the sweet taste of victory... the gold crown... the vast prizes... the personal satisfaction realizing YOU were chosen by your fellow citizens to REIGN! (oh, brother!)

Next week, time and space permitting, I would like to start sharing some special insights on these candidates with you. (And you guys thought this was a rough contest before!) The government trying to dig up judges on the Supreme Court was nothing compared to this.

MY APOLOGIES TO: RICHARD, RICHARD and RICHARD!

Last week I erroneously reported there were only two sets of three-generation candidates. My mistake... there were three... The Thieme clan was also still in the running for "family of

Kings." And their name was forgotten. I wish I could somehow make it up to them... but alas, one was eliminated from this phase of the contest. Next year guys... I'll throw in the first 10 nominations for each of you myself... well maybe five. And now there is only one three-generation "family of Kings" contestants left... the Laubachs. One of the Korth clan was eliminated as well as one of the Thieme's. Please middle Richard... forgive me.

St. Joseph's Community Hospital Offers New Treatment in Rehabilitation Services

A new piece of equipment utilized for therapeutic exercise and work simulation by Occupational and Physical Therapy at Joseph's is the Baltimore Therapeutic Equipment (BTE).

The BTE Work Simulator does much more than simulate job activities. By duplicating "real world" conditions, the 17 standard attachments give the therapist a total system for the evaluation and rehabilitation of injuries and disabilities. Because of the versatility of the BTE, hundreds of functions can

be simulated with precise motions, weights and positions required for a particular task. It allows the therapist to set up a comprehensive therapy program which might include upper extremity rehabilitation, back treatment, cardiac conditioning, stroke rehabilitation, sports medicine and work reconditioning. If a patient has been injured on the job, the BTE can assist the worker to return to the work place quickly through conditioning exercises, duplicating the movements and stresses encountered on the job site. For this reason the BTE is often incorporated as part of the treatment in Work Hardening. Work Hardening is a highly structured, goal oriented, individualized treatment program that allows the transition from acute care to return to work. Use of the BTE may be part of this process.

Using the BTE is Timothy Klitzman, an employee of Pick N Save. Klitzman is a client of St. Joseph's Work Hardening program following a work related back injury. The BTE allows the therapist, Pat Waters, O.T.R., to control the amount of weight the client lifts as he is instructed in proper lifting techniques.

The BTE, with its companion computer software program, records patient progress in meaningful units of measure, producing objective data which doctors, therapists, employers

and insurance carriers can rely on to determine the extent of an injury and the progress gained during the therapy program.

St. Joseph's Community Hospital recently sent Pat Water, O.T.R. to the manufacturer in Baltimore, Maryland to learn more about the various abilities of the BTE. Mrs. Waters reaction to the BTE is very positive. "I'm excited about the opportunity to enhance our patient's therapy program. This is a progressive state-of-the-art instrument that provides additional evaluation and treatment options."

Ken Schiller, Rehabilitation Services Director at St. Joseph's added, "This equipment will help in the hospital's effort to offer continued quality of care to the West Bend community and surrounding areas."

Auditions to Be Held for KHS Musical

The Kewaskum High School Music Department will hold auditions for the musical production of "The Pirates of Penzance" on Monday and Tuesday, August 26 and 27, from 6:30 to 8:00. The tryouts are open to any student of KHS and will be held in the choir room (room 560). Students will be asked to speak some dialog and sing. A prepared solo would

be appropriate but not necessary.

"The Pirates of Penzance" was written by W.S. Gilbert and Arthur Sullivan the masters of the comedic operetta and forerunners of modern musical theater. This particular story unfolds as the apprenticed pirate is told of an unfortunate circumstance. When he was very young, his father instructed his nanny to have him become a "pilot" of a ship. The nursemaid thought he said "pirate" and thus the zany troubles begin. The Pirate King, the Major-General and his "bevvy of beautiful maidens," and the Police (much like the Keystone cops) all join in the fun. The ending is, of course, as far-fetched and wacky as the beginning.

The performances of "The Pirates of Penzance" is scheduled for Friday and Saturday nights, November 1 and 2.

Young Man Drowns In Lake Lenwood

A 20-year-old West Bend man drowned early Saturday in Lake Lenwood in the Town of Barton when the canoe he was in overturned, reported the Washington County Sheriff's Department.

John Gross, 706 Jefferson St., was pronounced dead at St. Joseph's Community Hospital, West Bend.

According to the Sheriff's Department, deputies were called to Lake Lenwood to investigate a possible drowning at about 12:10 a.m. The West Bend Fire Department Rescue Squad assisted the deputies, and found Gross' body in about 15 feet of water one hour later.

Gross and another 20-year-old West Bend man were 75 to 100 feet from the north shore of the lake when the canoe tipped, throwing both men in the water. The other man swam to shore.

The men were at a friend's house when they decided to take the canoe out on the lake. It is not known what caused the canoe to overturn.

Tests will be performed to determine if alcohol or drugs were a factor in the drowning.

Kewaskum Kiwanis Recognized For Conservation Achievements

LEXINGTON, KENTUCKY — The Soil and Water Conservation Society (SWCS) named 11 business firms and organizations as recipients of its 1990 Merit Award.

The awards were presented by President Richard L. Dueterhaus of Washington, D.C., at a banquet concluding the Society's 46th annual meeting.

The Merit Award is given by SWCS to organizations or firms for model activities that notably advance the science and art of good land and water use.

The Kewaskum Kiwanis Club was recognized for its contribution to conservation awareness by honoring, every year for the last 33 years, two farming families for outstanding conservation activity.

The program has helped to create a community awareness of conservation practices. More than 30 of the 66 farmers honored in the history of the program have turned their farms over to next-generation farmers, all of whom have maintained, if not increased, conservation treatments. In addition to the awards to farmers, the program has brought farm and city people together on the issue of conservation. Kiwanians and their guests, most of whom are not farmers, regularly visit farms with and without conservation practices. Orville Benke and Roy Esser, who accepted the award, were responsible for the initiation of the awards program.

Valley Reports Second Quarter Earnings; Declares Dividend

Valley Bancorporation today reported net income of \$7.727 million for the quarter ended June 30, 1991, up from \$7.546 million in the same period last year. Earnings per share for both periods amounted to \$.63. On a year to date basis, Valley

earned \$14.494 million or \$1.19 per share in 1991 versus \$14.848 or \$1.24 per share in 1990.

Commenting on the second quarter results, Peter M. Platten, III, Valley's President and Chief Executive Officer, said, "Based upon our 1991 operating plan, Valley's earnings remain on target and reflect additional expenses related to our aggressive franchise expansion and backroom consolidation initiatives begun during the last half of 1990. Valley's franchise expansion, consisting of 21 new locations, had a negative after-tax impact on 1991 earnings of approximately \$1,000,000 (\$.08 per share). We are also carrying additional costs related to our backroom consolidation program. This major reorganization, when fully completed in the third quarter, will streamline Valley's cost structure by standardizing our operations and eliminating many duplications of effort."

Platten said Valley's outlook for the balance of 1991 is positive. "This is a transition year in Valley's history," he said. "The negative impact of our franchise expansion program is lessening with projected growth. We also began to show benefits from our backroom consolidation in the second quarter and will show increased benefits in the second half of 1991. We are confident that 1991 will show increased earnings with strong momentum in the third and fourth quarters."

At its Board meeting held today, the Valley Board of Directors declared a dividend of \$.30 per share (\$1.20 annualized). This dividend is payable September 6, 1991, to shareholders of record August 30, 1991.

Valley Bancorporation is the third largest bank holding company headquartered in Wisconsin.

New Lottery Game Is Triple Moola

TRIPLE MOOLA is the name of the latest Wisconsin Lottery instant scratch game unveiled by Governor Tommy G. Thompson and Lottery Executive Director William F. Flynn, Jr. Friday afternoon (Aug. 2).

"The name does a good job of explaining the game," Flynn remarked.

TRIPLE MOOLA uses a match three play format — a player matches three dollar amounts on a single ticket and wins that dollar amount instantly.

If a player gets two matching dollar amounts along with the word "TRIPLE" the prize triples.

"If a player gets a pair of '\$4.00' symbols and the word 'TRIPLE' on a single ticket, the '\$4.00' prize triples to \$12," Flynn explained.

Top prize in the game is \$3,000.

"TRIPLE MOOLA is also the best way to get on our weekly MONEY GAME show. Players have a chance at winning more than \$50,000.

"Odds of getting a TRIPLE MOOLA ticket with three TV symbols are 1 in 20,000, the best TV Winner odds we have offered," Flynn said.

Matching three TV's on a single ticket wins a \$100 instant prize and an appearance on the television program. At the television show, TV winners are guaranteed an additional \$400 and may win more than \$50,000.

TV Winners have won nearly \$11 million since the show went on the air in early 1989.

"The Moola games have been extremely popular. Players want a chance to be part of the weekly television show. With 65 percent of sales returned to players as prizes, I expect TRIPLE MOOLA will be another chapter in our instant game success story," Flynn noted.

Germanfest at West Bend

GERMANFEST — Left to right, Karen Butz, Delores Stoffel and Chairman Herb Tennes.

West Bend's Sixth Anniversary Germanfest is scheduled for August 23rd, 24th, and 25th!!! It is being billed as the "Best Little Germanfest in the Midwest."

What makes this festival so special? For three big days, a downtown parking lot at the corner of 5th and Walnut, is transformed into a Bavarian Wonderland. The tree lined streets and brick paved walks of the downtown, along with the small-town atmosphere and friendliness, lend a European authenticity to West Bend's festival.

An exciting addition to this years festival, is the introduction of "West Bend Fest" beer, a new German beer offered by Sprecher Brewing Co. of Milwaukee. Sprecher has been providing several authentic German beers for West Bend's Germanfest for a number of years and has come to realize it as a special event. "A special occasion calls for a special beer," stated Randy Sprecher, owner and brewmaster of the specialty brewery.

In addition to the German beers, domestic beer, old fashioned root beer, and wine coolers will flow freely in the bar area.

The experience of Old World dining is recreated with the offering of an abundance of German food including authentic German desserts. Some of this years new offerings include marinated pork steak, kassler rippen, knackwurst, and goulash, along with the old standbys of sauerbraten, spanferkel and bratwurst. No meal is complete without a visit to the dessert tent. Black forest torte, cheesecakes, strudels and kuchen will be enjoyed in an atmosphere reminiscent of an authentic German "kaffee haus."

The Sheepshead

Tournament, successfully begun last year, will again be held each day. Fifteen hands are played each hour of the tournament.

Opening with the "official" tapping of the first keg, Germanfest begins at 11:00 a.m. on Friday. Traditionally, Friday is Senior Day. From noon 'til 2:00 p.m., local senior groups perform on the main stage, and special recognition is given to the oldest, the senior who came the farthest, and those who've been married the longest. Bands performing Friday include: Noon - 2:00 p.m. — Local senior bands and choirs; 2:00 p.m. - 6:00 p.m. — The Jerry Schneider Band; 6:15 p.m. - 10:15 p.m. Die Sterne der Heimat.

Special events on Saturday will include the second annual "All you can eat" pancake breakfast sponsored by the West Bend Jaycees. Beginning at 7:30, pancakes and sausage served with apple sauce will be offered in the main tent. The breakfast, which lasts until 10:00, will cost \$3.00 in advance, or \$3.50 that morning.

The Saturday morning Farmers Market, located on Main Street in downtown West Bend, will be extended an hour longer than usual, to run from 7:30 until 12:00 noon. The Country Kettle Cloggers, a local dancing group, will entertain Germanfest week.

A Ronald McDonald Show will be held at 11:00 a.m. Saturday on Sixth Avenue, behind Old Settlers Park.

The popular Riverwalk Art Fair will take place Saturday from 9:00 a.m. until 4:00 p.m. along both sides of the beautiful downtown riverwalk, and is sponsored by the West Bend Daily News.

Saturday's band schedule is as follows: 7:30 a.m. - 9:30 a.m. — River City Irregulars German Band; 10:00 a.m. - 2:00 p.m. —

The Harbor Lights; 2:15 - 6:15 p.m. — Alte Kameraden; 6:30 - 10:30 p.m. — Austrian Trio Grande.

Sunday's festival hours run from 11:00 a.m. until 8:00 p.m. Continuous German music will again be offered: 11:30 a.m. - 3:30 p.m. - The Dorf Kapelle; 3:30 - 7:00 p.m. — The Johnny Hoffmann Band.

4-H American Spirit Trip

Washington County Representatives for the American Spirit trip were Weston Duenkel (left) and Joanne Lemke.

Forty-two 4-Hers from Southern Wisconsin participated in the American Spirit Program. Representing Washington County was Joanne Lemke from Kewaskum and Weston Duenkel from West Bend.

The program consisted of tours of the Amish Country in Pennsylvania, Philadelphia, New York City, Boston and Niagara Falls. Education activities were conducted throughout the week long trip. Youth had the opportunity to experience a whale watch, lobster bake, Salem Witch Museum, Statue of Liberty, Empire State Building, United Nations, Liberty Bell, Hershey Chocolate Company, and the Freedom Trail Tour of Boston.

The American Spirit was designed to increase their understanding and appreciation of American Heritage, learn about how the United States gained independence and freedom as well as giving

leadership skills, the delegates shared 4-H ideas and learned to express themselves.

Chaperones on the trip were: Steve Schotten, Columbia County; Lisa Brooks, Sauk County 4-H Alumni; Susan Marino, Vernon County 4-H & Youth Agent; and Sandy Kracht, Sauk County 4-H & Youth Agent.

All of the youth enjoyed and learned a lot about American History. It was a fun way to learn history. The best part of the whole trip for everybody was making new friends.

For more information or a presentation on this 4-H program please contact Kandi O'Neil, 4-H & Youth Agent at 335-4478.

The organizations that help to sponsor this trip for Washington County youth are the American Legion, Robert G. Romaine Post No. 384 Kewaskum; Germantown Rotary; and Washington County 4-H Leader's Association.

The carving, entitled "Farmland U.S.A. - A Salute to Farmers," represented an aerial view of several farms, which when viewed together formed the American flag. Scheifel has won the Cheese Carving Challenge for four consecutive years. If you attended last fall's Kettle Kountry Colors Festival here, you got a chance to see one of David's "masterpieces" in person. He carved an Indian head, complete with headdress out of a block of cheese. Feathers surrounding the headdress were all carved in the shape of the state of Wisconsin.

4-H Citizenship Washington Focus Trip

Becky Trzebiatowski, Brenda Pasek, Rachel Heidtke, Teresa Anderson, and Amy Chesak represented Washington County at the National 4-H Center in Chevy Chase, Maryland, for the Citizenship Washington Focus Conference. The Washington County 4-H members joined 41 other 4-H youth and adult leaders from the Southeast District in Washington D.C., the week of July 13 - July 20.

Citizenship Washington Focus helps 4-H youth, ages 15-19, better understand how government functions at all levels and how to effectively use local government processes to

address issues. The theme for this year's Citizenship Washington Focus Conference was "200 Years of Rights and Responsibilities" to celebrate the bicentennial of The Bill of Rights.

While in Washington D.C., the delegates had the opportunity to meet and speak with Senator Robert Kasten, Senator Herb Kohl, Congressman James Sensenbrenner, and Congressman Thomas Petri, attend workshops and educational field trips. Another highlight of the trip was to meet 4-H youth from the states of Minnesota, Pennsylvania, Missouri and

Georgia. The youth exchanged momentos representing their state's agriculture, industries, places of tourism, and shared ideas about 4-H from their respective state.

The Citizenship Washington Focus trip was sponsored by: Jim and Carol Oelhafen, the Washington County Farm Bureau Women, the Washington County Farm Bureau, and the Washington County Leaders Association.

WB Christmas Parade Becomes Part of 'We Care' Program

West Bend's Christmas Parade has developed a reputation of being one of the best in the area. Community involvement and participation has been high; crowds of children and their families and friends have pushed the 20,000 mark; the atmosphere in West Bend during parade time is festive.

The sponsors of the parade, the West Bend Area Chamber of Commerce and the business community, are committed to maintaining high standards for the West Bend Christmas parade. As costs escalate and the economy tightens, new avenues are being considered to help fund the parade. The chamber welcomes the opportunity to become a part of the "We Care" program at Pick 'n Save.

This is an opportunity for everyone to give to the Christmas Parade without "pain." Shoppers at either of West Bend's Pick 'n Save stores are invited to save cash register receipts (be sure to have a "We Care" sticker placed on it before leaving the store). One percent of the total of each receipt will be paid by Roundy's to help fund the Christmas Parade.

Pick 'n Save shoppers are encouraged to drop their cash register receipts in boxes at the following locations: Bank One, West Bend; M & I First National Bank; Valley Bank; F & M Bank of West Bend, and the chamber office in the Centrum Building, 120 N. Main Street, Suite 280. Office hours at the chamber are 8:30 a.m. to 5:00 p.m. Monday through Friday.

This bittersweet memoir also tells the love story of Sonny and Cher and their ride to superstardom. Mr. Bono shares his trials and tribulations with warmth and humor.

Counsel to the President by Clark Clifford with Richard Holbrooke. Mr. Clifford, an advisor to America's presidents, has written a memoir of "power, policy, and politics in Washington" over the past five decades. Clifford was Truman's White House Counsel; Kennedy's personal lawyer; and Johnson's Secretary of Defense at the height of the Vietnam War.

Silent Coup; the Removal of a President by Len Colodny and Robert Gettlin. The product of a seven-year investigation, this book documents the political and personal agendas that toppled Richard Nixon from the presidency.

Woody Allen; a Biography by Eric Lax. For the past twenty years, the author has spent much time with Woody Allen discussing his work, his career and his life. This is a funny and intimate book about one of the

world's most accomplished filmmakers.

The Crown of Columbus by Michael Dorris and Louise Erdrich. This novel chronicles the adventures of a pair of mismatched friends and their quest for the truth about Christopher Columbus — and themselves.

Murder in Vegas by Steve Allen. Mr. Allen is not only a famous comedian but is also the author of several bestselling mysteries. In this newest book, Mr. Allen faces his most challenging performance yet when a show in Las Vegas turns into an engagement with death.

Paradise by Judith McNaught. This is a "heart-warming love story" about Meredith Bancroft, a major executive with her family's firm; and Matthew Farrel, business tycoon.

The Kettle Country Cloggers performing at the Washington County Fair. They will also be performing at the West Bend Farmer's Market on August 24 and September 7 and at Kewaskum's Early Farm Days on September 8.

Clogging is a true American folk dance whose roots are buried deep in the heart of the Appalachian Mountains. The word "clog" is a Gaelic word meaning time. Clog dancing is "time" dancing with the heel being the time keeper. Cloggers wear double taps on their toes and heels which produce the double sound.

The steps performed by cloggers are combinations of eight basic toe and heel movements of the dance. Cloggers learn routines to all types of music from 50's numbers like "Old Time Rock and Roll" to the modern sounds of "Cover Girl" and "Locomotion" to the sounds of Country - Western music such as "Get Back to the Country" and "Louisiana Saturday Night."

Clogging routines can be done as solos, duets, or they may be done in lines as line dances where no partner is necessary. This is one type of dance when a partner is not a requirement.

Clogging is fun. It's challenging. It's healthful. People of all ages can clog - from small children to senior citizens. It's a great activity that a whole family can enjoy together.

All individuals and couples, adults as well as children are encouraged to give clogging a try. There will be a **FREE TRY IT** on Wednesday, September 11 from 6:30 to 7:30 at the West Bend Recreation Center - Eighth and Elm. No prior experience nor special shoes are necessary for lessons. Just come with an eagerness to try something new. Call 338-1369 or 338-0943 for more information. There is no age restriction however, parents are required to attend classes if their children are under twelve years of age.

KOREAN WAR VETERANS MEMORIAL ASSOCIATION OF WISCONSIN, INC.

July 27, 1991

Managing Editor:

At a time when our nation seems to be revitalized by a spirit of patriotism; when yellow ribbons and flags bespeak a renewed faith in our democracy; when our collective conscience seems to have come to terms with an unpopular war and the courageous men and women who fought in it, we cannot forget the brave who have made great sacrifices for their country in Korea.

It has been 38 years since the end of the 38 month war in Korea protecting the 38th Parallel, and a memorial in Wisconsin for those who served is long overdue.

In the spring of 1987, a group of Wisconsin Korean Veterans came together to establish an organization dedicated for the purpose to have a monument built honoring the men and women of Wisconsin who served their country during the

Korean War.

A site has been chosen, and working plans have been designed by Wisconsin artist Joseph Mendla, and accepted by the committee. The Wisconsin Department of Transportation has granted land for the construction of this monument. Enclosed is a complete description of the memorial.

Thanks to the many generous contributions, approximately one-third of the goal has been received. Financial support is still needed to fulfill the dreams of this memorial.

With a contribution to the Korean War Veterans Memorial Association of Wisconsin, additional gifts will join those from many others who have been inspired by this unique tribute to America's heroes.

KOREAN WAR MEMORIAL

The Korean Veterans' War Memorial will be located adjacent to State Wayside #81, located on the southbound lane (west side) of U.S. Highway 51, (The Korean Veterans Memorial Highway), between the towns of Coloma and Westfield.

The Memorial will sit on a wooded knoll just below Liberty Bluff, to the right of the wayside building and will sit on a 40 foot base. The Memorial is composed of a circular wall, open at the front, then slowly rising on both sides to the highest point at its rear, from one foot to ten feet. There will be four flag poles placed around the wall at equal distance's and height. On these flag poles will fly the U.S. Flag, the U.N. Flag, The Korean Flag, and the flag of the State of Wisconsin. Inside the wall is an eight foot wide walkway, with six stone benches, one for each year U.N. Troops were in Korea: 1950, 1951, 1952, 1953, 1954, and 1955. At the front of the walkway will be a pathway leading to and from the Memorial. Just above the place where the walkway and pathway come together a four foot round bronze plaque will cover a Time Capsule. The Time Capsule will hold momentos of the Korean War and the building of the Memorial. The Plaque will simply say "HONORING WISCONSIN'S KOREAN VETERANS", and shows our state with U.S. Highway 51 marked on it. In the center of the Memorial will be a disk in the shape of the State of Wisconsin, made of native red granite. On this disk will stand the Memorial Statuary. On the back wall of the Memorial will be inscribed the following:

25 June 1950	KOREA	27 July 1953
DEDICATED TO THOSE WHO SERVED		
WISCONSIN'S PARTICIPANTS - 132,000		
CASUALTIES - 4286		
KILLED IN ACTION - 801		
PRISONERS OF WAR - 111		
MISSING IN ACTION - 84		

The Memorial's main statuary is composed of five larger than life figures. A Nurse leads the group, because without the dedication, compassion, and bravery of the Medics, many would not have returned. Following the Nurse is an Army and Marine Infantryman, because the Infantryman bears the brunt of battle. Then comes an Air Force Pilot and a Sailor, without whose support the battle would have soon been lost. The statues face East, because Korea is in the Far East, and in memory of all who lost their lives, and those still missing in action. All five figures are touching, touching in a Brotherhood that comes of battle. There are no weapons on the memorial, this is to confirm the Veterans' wish for peace. The five figures together are in memory of all veterans who served our State.

Aug. 12, 1966

Wind, torrential rain and hail which struck this area shortly before the noon hour on Monday caused damage in an area about two miles north of Kewaskum and developed into a tornado in the Sheboygan County area. No noticeable damage was caused in this village but some streets were flooded after the downpour. Main Street was flooded at three places, in front of Sentry Foods, Herriges Shell Service and Kohn Bros. Farm Service, when sewers became clogged or could not take the water fast enough.

The Campbellsport Fire Department was called to the summer cottage of Lee Honeck at Long Lake, at 8:15 a.m., last Tuesday when a space heater overflowed and started to burn. The blaze threatened to do considerable damage. The fire burned itself out by the time firemen arrived. The floor under the heater was charred and the paint on the wall near the heater was blistered.

Mr. and Mrs. William Koch of Pewaukee, were honored Tuesday, July 19, by Gov. Warren Knowles at a dinner-theater party at Milwaukee. They were the honored guests. Gov. Knowles presented the Kochs a plaque for making land for Camp Vista near Long Lake available. It had been their farm. The camp, a non-profit organization under the supervision of Father Joseph Fisher of Good Hope parish, Milwaukee, is a youth camp for needy boys and girls of all faiths and colors.

One of the daughters is Mrs. Charles Miller of this village and her daughter is Carol Ann. The four mothers had their daughters baptized on the 75th birthday anniversary of Mr. McCormick.

During the severe electrical and rain storm early Monday morning, lightning killed a horse on the Jac. Beck farm just north of the village on the River road and also struck at the Kewaskum Aluminum company plant. Whether the bolt struck the horse or the wire fence could not be determined as the animal was not found until later in the morning. At the aluminum plant lightning blew a transformer making it necessary to shut down the plant while repairs were being made.

In a quiet ceremony on Tuesday afternoon Aug. 12, in the St. Lucas Church parsonage, Miss Amanda

Meilahn, daughter of Mr. and Mrs. Carl Meilahn of this village became the bride of Lester Firme, son of Mr. and Mrs. Charles Firme, Town of Scott. Their wedding came as a surprise to the many friends of the couple. Miss Frances Bunkelmann attended the bride as maid of honor while Oliver Diener of Batavia was the best man for the groom.

75 Years Ago

Aug. 12, 1916

A 1915 Overland touring car belonging to a Mr. Hughes of Waldo was totally destroyed by fire near Carl Meilahn's place northeast of this village last week.

Mr. Hughes, accompanied by friends, was enroute for this village to attend the Firemen's dance when passing Mr. Meilahn's place they met another car coming from the opposite direction and by turning out went into the ditch. Not being able to get out of the ditch, Mr. Hughes went to Mr. Meilahn's place to get a rope, but before reaching there, the car caught fire. Nothing could be done to save it. It is believed the fire caught from a spark from a match which one of Mr. Hughes' friends ignited to see how deep one of the rear wheels was in the ground.

Newton Rosenheimer of Kewaskum took his employes in an auto to Crooked Lake for a week's outing. The men said there was no man on earth better than their manager to them, and he appreciates their kindness by giving them seven days of good rest.

A. A. Perschbacher, local distributor for the Buick autos, last week, sold and delivered a Buick Six to John Staehler.

Born to Mr. and Mrs. And. Bonlender a baby boy and to Mr. and Mrs. Kilian Flasch a baby boy last week.

For Determining Eligibility for Free and Reduced Price Meals

For each additional family member	+2,938	+2,938 and +4,181

Application forms are being sent to all homes with a notice to parents or guardians. To apply for free or reduced price meals, households must fill out the application and return it to the school. Additional copies are available at the principal's office in each school. The information provided on the application will be used for the purpose of determining eligibility and may be verified at any time during the school year by school or other program officials. Applications may be submitted at any time during the year.

For the school officials to determine eligibility the household must provide the following information listed on the application: Names of all household members; social security numbers of all adult household members or a notation that the household member does not possess one; total household income must be listed by the amount received by each household member receiving income and the type of income it is (such as wages, child support, etc.) or a food stamp case number if the household is on food stamps; and the signature of an adult household member certifying that the information provided is correct. Households are required to report increases in household income of over \$50 per month or \$600 per year and decreases in household size.

Under the provisions of the free and reduced price meal policy, the District Administrator will review applications and determine eligibility. If a parent or guardian is dissatisfied with the ruling of the official, he/she may wish to discuss the decision with the determining official on an informal basis. If the parent/guardian wishes to make a formal appeal, he/she may make a request either orally or in writing to: Mr. Neal Weare, Board President, W1065 Auburn-Ashford Drive, Campbellsport, WI 53010, 626-2732. If a hearing is needed to appeal the decision, the policy contains an outline of the hearing procedure.

If a household member becomes unemployed or if the household size changes, the family should contact the school. Such changes may make the household eligible for reduced price meals, or for additional benefits such as free meals if the household income falls at or below the levels shown above and they may apply at that time.

In certain cases foster children are also eligible for these benefits. If a household has foster children living with them and wishes to apply for such meals for them, the household should complete an application for a family of one or contact the school for more information.

The information provided by the household on the application is confidential and will be used only for purposes of determining eligibility and verifying data.

In the operation of the child feeding programs, no child will be discriminated against because of race, color, sex, national origin, age, or handicap. If any member of a household believes they have been discriminated against, they should write immediately to the Secretary of Agriculture, Washington, D.C. 20250.

Any questions regarding the application should be directed to the determining official. Please call 626-8427.

The Beechwood Senior Girls once again remain undefeated and take the championship for the third year.

Recreational Vessel User Fee for Boats

Recently I have received questions on the U.S. Coast Guard Recreational Vessel User Fee. Here are some of the answers.

Where does this fee apply? In Wisconsin, this applies to the Great Lakes, Mississippi River, Green Bay and any tributaries to the point which a 16' power boat is able to operate by the use of locks, canals, etc. It would not apply to Lake Winnebago.

Who must pay? Any boat 16' in length manufactured or operated primarily for pleasure.

How much will it cost?

(A) Greater than 16' to less than 20' - \$25.00

(B) 20' to less than 27' - \$35.00

(C) 27' to less than 40' - \$50.00

(D) 40' or greater - \$100.00

How do you pay the fee and obtain the required decals?

(1.) Write-in: Obtain the decal request form by calling 800-368-5647.

(2.) Phone-in: Payment can be made by Visa or Mastercard by calling 800-848-2100. (Have your boat information available when calling).

This user fee became effective July 31, 1991.

Recreational boaters which the user fee applies too, should be getting in contact with the U.S. Coast Guard.

For more information feel free to give me a call.
