1993 Outstanding Conservation Farmers Named

Pictured (left to right) Jim and Harriet Becker, Chuck and Mari Bindrich, Kiwanis President Roger Neumann, and Washington County Conservationist Pat Murphy.

The Kewaskum Kiwanis have selected Ramor Acres and Bindrich Beef as their 1993 outstanding conservation farm operations. The award has been presented annually since 1958 to family farms within the Kewaskum School District who have demonstrated a commitment to soil and water conservation. The award is presented as a part of Kiwanis annual Farm/City Meeting which emphasizes the importance agriculture plays in our local economy.

Ramor Acres is operated by the Becker family and is located in Section 20 of Kewaskum. Jim and Harriet Becker operate the farm with Jim's parents LeRoy and Margaret. LeRoy received this award in 1961. The farm has been selected for a second generation award because of additional conservation work which has been completed.

The Becker's operate 200 acres of cropland to support a 56 cow dairy herd. An additional 56 head of young stock are kept on the farm as milk cow replacements. Becker's also own three Belgian draft horses that are kept for their personal enjoyment. In 1991 Becker's agreed to participate in the Milwaukee River Watershed. To reduce the amount of manure leaving the farm a combination barnyard runoff control and manure storage system was constructed. This system allows manure to be more efficiently handled and delays field spreading until manure can be incorporated into the soil. The Becker's already had an effective soil erosion control program in place. The water quality benefits of the

existing crop rotations and grassed waterways have been enhanced by the use of grass-buffer strips along a stream on Becker's farm.

Bindrich Beef is owned and operated by Chuck, Mari and Tracy Bindrich. The operation is headquartered in Section 10 of Farmington. Bindrich's maintain between 100-150 head of cattle depending on the time of year. In 1991 Bindrich's also agreed to participate in the Milwaukee River Watershed Program. Last summer a barnyard runoff control structure was built around the main feedlot. The feedlot is located next to a stream and the system has effectively prevented manure from entering the water.

A manure storage is planned for construction in 1994 to complete the manure management system. A comprehensive manure/nutrient management plan is currently being developed to more effectively use the manure as fertilizer. Ultimately this plan will reduce fertilizer costs and improve water quality. Bindrich's operate 200 acres of cropland to support the beef operation. Chuck has been an area leader in the development of no-till and reduced till cropping systems. This commitment to conservation tillage is important because of the large amount of corn grown as feed for the beef herd.

The extra ordinary conservation efforts of these family farms are important to all of us. Through their efforts the productivity of the land is being maintained for future generations and the Milwaukee River is a step closer to the goal of being usable for fishing and swimming again.

Board Approves Resolution to Borrow \$7.5 Million for Renovations; District Residents Will Have Final Say Feb. 15

By Noel Stollenwerk

KEWASKUM - The Kewaskum Board of Education last Monday unanimously approved an initial resolution to borrow \$7.5 million for additions and renovations for the Kewaskum Middle and High Schools.

The move was part of an on-going process, which will now go to the District voters in a referendum set for February

15.

The Board has been looking into a Building and Grounds sub-committee recommendation that will result in improvements to facilities at the two schools. Improvements include renovation of the science and music/art facilities at the high school; the administrative offices, locker rooms and possible new auditorium at the high school; several additional rooms at the middle school, and a new athletic field just to the west of the high

school.

The \$7.5 million figure is the most that the District can borrow, according to the resolution. It will take a majority vote by the district voters in order for the resolution to pass and the School Board to continue its plans for the project. A "Yes" vote on the referendum question is in favor of the borrowing of the money, while a "no" vote is opposed to the borrowing of the money.

Village Board Opts for Five Year Loan on New Fire Truck

Additional \$11,600 Needed Annually to Realize \$18,000 Interest Savings

The Kewaskum Village Board dealt with a lot of miscellaneous business at the December 14th meeting due to the fact there is only one village board meeting in December because of the holidays.

Police Chief Richard Knoebel discussed the intricacies of the new squad car which will be coming in the near future and gave his monthly report. He also mentioned the winter parking ban is now in effect and violators will be ticketed. (Most people had previously received warnings up to December 10.)

Fire Chief Mark Groeschel was not in attendance to give his report, therefore Director of Public Works Jerry Gilles gave statistics on his department. He was also seeking direction from the board on which route to take to replace a 16 foot long box, hopefully to be utilized "if we get a winter."

Lengthy discussion was held on the countywide library system and a motion was made by Trustee Beisbier and seconded by Trustee Goeden to authorize signing the four year agreement with the countywide library system.

Village Administrator Dan Schmidt explained the financing for the new fire truck to board members. He said if the board chose to take the loan out for 10 years, the interest rate would be 4 1/2% and would come to \$31,600 dollars. If they chose to go with a five year loan, the interest would be 3 3/4% and the interest would run

\$13,800.

The five year loan would mean the village could save \$18,000 in interest, however, they would have to come up with an additional \$11,000 annually. When asked why there was only \$15,000 budgeted annually for the truck, Schmidt explained his figures were based on the original fire truck that came with a \$104,000 price tag. The board then later changed their mind and decided to go with the more expensive truck.

Schmidt also explained that two small trust fund loans will be paid up in 1995. Hopefully, if one of these loans could be cleaned up in 1994, additional monies could be realized.

Trustee Gavin said, "\$12,000 is a lot to come up with, how are you going to do it?"

Schmidt replied, "You have to do alternative things with some of the other things in the budget to help cover that \$11,600."

Gavin said, "Well we already got a bare bones budget."

Schmidt added, "I think when you are looking at coming up with \$11,600 for one year to save \$18,000 plus... even if you have to go to the bank and borrow the \$11,600, you're still saving \$7,000."

Trustee Gavin then said, "I'll make a motion that we take the loan out for five years at 3.75% interest, and you can worry about how you're gonna

get the money."

Thus the motion was introduced by Trustee Gavin, the motion was made by Trustee Goeden and seconded by Trustee McElhatton.

The board decided to meet January 6th prior to the first 1994 village board meeting, to discuss the future of the newly acquired West Bend Savings Bank Building.

Trustee Tom McElhatton also made an announcement that he would not be seeking re-election when his term expires in 1994.

Thompson Honored By Modern Woodmen

Mervin Thompson was recently honored by the Modern Woodmen of America. Shown above, left to right, Pearl Thompson, Merv, and Ruth Weddig, who represented the Modern Woodmen.

The Modern Woodmen of America Camp 2233 sponsored a Community Service Recognition Dinner on Sunday, November 21, at the Labor Center in Kewaskum.

Recognition was given to Mervin C. Thompson of Kewaskum for his outstanding service to this community.

Mervin was born in Estherville, Iowa, on May 9, 1910. He married Pearl Peterson in Dunille, Minnesota on August 4, 1935, which adds up to 58 1/4 years of togetherness.

The Thompsons have three children: Pat Cardarelle, Mary Jo Rainbolt and Mervin (Butch) Thompson, eleven grandchildren and three great-grandchildren.

Merv enjoyed hunting and fishing and currently likes meeting people and just being a part of everyday life.

His service record started with the U.S. Cavalry in 1929 as a fairer and horseshoer at Fort Riley, Kansas until 1935. He was then in the Reserves.

During his third re-enlistment, Merv was scheduled to go to China, but then found out he did not have to go. Instead, he met Pearl (his wife) and thus added another form of "hitch."

He continued in the Army Reserves until he was called to duty in 1942, when he transferred to the Navy Reserves where he was in the C.B.'s (Construction Battalion).

His first tour of duty was on Attu, Alaska. He then spent 3 1/2 years at Pearl Harbor, Hawaii, Guam and then Japan on V-J Day.

His work as a construction superintendent took him to four states which meant they lived in Marshfield, Wisconsin in 1946; Norfolk, Nebraska in 1948, Rhineland and West Bend, Wisconsin and then to their present home in the Town of Kewaskum.

Mervin has belonged to six different Legion Posts. He has been a member for 49 years and is a Past Commander of the West Bend and Kewaskum Posts, a Past Washington

County Commander, a member of the 40 et 8 in which he was Chef de Gere, and was Passe Cheminot of the Second District. The 40 et 8 gives out four nurses training scholarships each year.

Merv has collected for the Red Cross, is a member of the Moose, a lifetime member of the West Bend V.F.W., a member of Wings Over Wisconsin, Kettle Moraine Sportsmen Club, Great Lakes Drainage Association and has also won a Conservation Award.

Mervin, along with Clayton Stautz and Marvin Kleinke, are members of the Camp American Legion Board at Lake Tomahawk, Wisconsin. Merv has been a member since 1953. It is supported by the State American Legion and any veteran can go there for 10 days free of charge.

Thompson is also a Past

Commander of the 136 Navy C.B. Association, a member of the Red Cross Board, Washington County Department of Social Services, a longtime supporter of (C.O.P.) Planning Committee, Advisory Council Office of Aging, Building and Grounds Committee of the Kewaskum School District and a member of Peace United Church of Christ.

Letters to the Editor

Dear Editor,

I was particularly disgusted by the December 15th article on the front page of the West Bend News. The story concerns the Kewaskum Indians name and mascot, and all the pressure that is being mounted to change it.

My question is, why does a small handful of malcontents all worried about "sensitivity" command so much credibility in the media? I think it is about high time for the 99% of the majority of good, hard working citizens of the Kewaskum School District's voice to be heard above the 1% of liberal activists that apparently have way too much time on their hands.

As the old saying goes, "If it ain't broke, don't fix it." My opinion is that the local residents and taxpayers, parents and students should decide if any changes need to be made, not some outside element with a liberal agenda. My vote is to leave things the way they have been in the past. We have survived quite nicely over the past number of decades proudly being called the Kewaskum Indians.

This entire episode sends a negative message to our kids. The message is that a small vocal minority can subvert the will of the majority. That my friends, is not how a democracy is designed to work. That is how communism works. Unfortunately in the political climate of today these socialistic ideas are alive and well.

It would seem that our local school decision makers are bowing to the will of a few and now it's time for them to hear from the many!

We have a unique history here that we are all aware of. Our founding fathers decided to honor Chief Kewaskum years ago by naming our village after him. Stop and think what respect, admiration and reverence Chief Kewaskum must have commanded. Wouldn't we all love to be so highly regarded that a town was named after us? I don't know about you, but I don't consider keeping the traditions of our past alive, contemptuous or disrespectful to our Native Americans.

As a matter of fact, I have Indian blood running through my veins (not alot, but some) and I get goosebumps every

time I hear the high school band play the Indian's fight song before an athletic event. I was proud to wear the Kewaskum Indians uniform. Don't take that Kewaskum pride away from future generations because of a fad called, "political correctness." Hopefully, in three years it will be just a bad memory, like bell bottoms and disco!

What would be an acceptable name to this group of fruitcakes? How about the Kewaskum pro-choicers?

Kewaskum is a nice place to live, a village filled with churches and an old-fashioned work ethic. Let us control our own destiny on this issue. Please let the school board, district administrator and high school principal know how you feel. You now know how I feel.

Sincerely,

Thomas H. Timblin

Thank You Santa's Helpers

The Kewaskum Area Chamber of Commerce would like to say thank you to the people who helped distribute all the hats, mittens, gifts and food that were collected before and during the Christmas parade. These people included Mr. Ammel of the Kewaskum High School, Mrs. Domasky of the Kewaskum Middle School, and Mrs. Paul of the local food pantry. These people and their helpers were a big help in getting the Christmas spirit out to the less fortunate. Thank you so much!!!

Also one last note of thanks goes out to the Kewaskum Post Office who gave their prize winning float money to the collection cause. It will be used to provide Christmas dinner for the families of the needy.

Thanks again to ALL who helped.

Some Toys Can Make a Child Lose Sight of Things

A child's favorite gift may be his/her WORST enemy. It could cause serious eye injury or blindness.

Last year, more than 14,000 children suffered eye injuries while playing with toys. Nearly ALL of those injuries could have been prevented. Safety is one of the most common features parents and grandparents forget when purchasing toys as gifts. Unfortunately price, advertisements and anticipated child appeal often motivate our toy choices.

Prevent Blindness-Wisconsin asks you to make eye and

general safety a priority when you shop for children's toys and gifts during the holiday season.

They offer these safety tips:

- *DON'T buy on impulse.
- *READ age, instruction and safety labels on toys.
- * CONSIDER a child's ability, not just age when choosing a toy
- *CHECK for breakage, defects and potential hazards
- *REPAIR or throw away damaged or dangerous toys at home
- *HELP a child learn to use and store toys safely.
- *Play with the child.

A child enjoys the experience and learns to play safely in the process.

To receive the brochure, "Some Toys Can Make A Child Lose Sight of Things," describing developmental, safety and gift tips according to age, send a self-addressed, STAMPED business size envelope to: Prevent Blindness-Wisconsin, SAFE TOYS, 759 N. Milwaukee St., Milwaukee, WI 53202.

School District Will Be a National Test Site for IBM

By Noel Stollenwerk

KEWASKUM - The Kewaskum Board of Education approved an offer from IBM that will make the Kewaskum School District a national testing site for some new IBM computer software programs for elementary school children in grades two through five.

Kewaskum will be one of two sites in Wisconsin that IBM will be using as a test site. IBM will be providing the district with \$18,000 of software to be used in the test.

The decision to accept IBM's offer came after nearly an hour of discussion by School Board members. Several members, as well as some in attendance at the meeting last Monday, voiced concern regarding the cost that the program will have for the district.

Cathy Harrison spoke to the Board on behalf of IBM, and noted that there would be some cost to the district. A total of \$5,000 - \$6,000 would have to be spent on staff development

and equipment modifications.

The software would be compatible with existing programs at Kewaskum Elementary School, which currently is using IBM's Writing to write programs.

"Kewaskum has demonstrated that it is a student and curriculum-oriented district," Harrison said in explaining why this school district was chosen. "We believe that these new programs are very compatible with your curriculum."

In his letter to Board members, District Administrator David Heather pointed out that he was in favor of accepting the proposal. He said that the district would probably be buying the software in the next couple of years anyway, and that this would give the Kewaskum school district national exposure.

During the meeting, Heather noted that the money the district would be spending on the project would come from the expenditure fund, and that there was money available in the fund.

Youth and Family Project Seeking Applicants for Rainbow Group

The Youth and Family Project is currently seeking applicants for the second semester rainbows group, to be held in Kewaskum. Beginning in January, we will be having weekly support groups for children who have lost a parent either through death, divorce, separation or abandonment. Rainbows is a not-for-profit program that offers peer support-programs, not counseling or therapy, for children living in single parent or step-family-homes.

The program consists of fourteen sessions divided into two semesters. Small groups of children in similar age categories meet weekly and share an activity which focuses on a

theme relating to the needs of children in single-parent and step-family homes. The groups are led by trained adults who are bound by confidentiality, which fosters trust and provides a safe atmosphere. Children learn to deal with their feelings, regain their self-esteem, accept what has taken place in their family and get on with being a child.

Anyone interested in registering their child can call The Youth and Family Project, at 338-1661.

The Salvation Army is Experiencing A Disaster of Another Nature

Donations to The Salvation Army's Statewide Service Extension Campaign are running 52% behind. Salvation Army officials are questioning whether or not donor resources have been limited by their participation in the Army's midwest disaster relief efforts.

"All segments of our Christmas mail solicitation program are behind with some donor categories as much as 58% down from last year. Direct mail solicitations make up 73 percent of our total Christmas fund raising," reports Major Robert L. Bonifield, Divisional Commander of The Salvation

Army.

"In the past, nearly three-quarters of funds collected during Christmas came from our average \$10 to \$25 donors. Many of these donors are the same people who have responded so generously to our disaster collections. Since thousands of these donors have not yet responded to the Christmas Campaign, we are concerned that our resources may now be limited."

The Salvation Army is thankful for its many friends who assist in meeting the needs of people.

Sharing is caring."

Hello Kewaskum Statesman readers. Are you all ready for the BIG DAY? I am...finally !! Did you ever get told by your college daughter or son to "stay out of the mall?" Those were Chrystal's explicit instructions to "yours truly" last Saturday night. Like most parents, I have the tendency to go just a little overboard at Christmas. Just happen to enjoy the "giving" to family and loved ones and know that many of you share that sentiment. Had one person left on my list last Sunday--my sister's family dog. Did follow Chrystal's advice and went to the grocery store for dog bones. Ha Ha!!

As promised last week...a "special" Christmas message from your Postmaster and "team" at the Kewaskum Post Office.

CHRISTMAS: C is for each and everyone of our CUSTOMERS and the joy you bring to us all with your calls or visits to the post office. I have been in three post offices (Fond du lac, New Holstein and Kewaskum) and YOU are the GREATEST. The postal service aims for customer satisfaction and here, in Kewaskum you can see it readily as you enter the lobby and the signs tell you... "Customer Satisfaction is OUR priority" We may not always be able to give you the answer you want to hear but you have MY word on this...each and everyday, we will do our utmost to provide the best possible service that we can!

H is for the HAPPINESS you provide us in serving you! It is a sheer joy for me each and every morning to get out of my Blazer and open up the back door with a "smile on my face" and that comes from YOU. A happy atmosphere permeates the Kewaskum Post Office workroom floor and then...8:30, we open up for the day and in come the happy, smiling faces of our customers...We love it and we thank you!!

R is for REMEMBERING. As your Postmaster, I readily recall my first day in Kewaskum (February 17th, 1993). Boy, did not know any of you and felt a little embarrassed as you came in to pick up packages and had to repeatedly ask your name. Well, here it is 10 months later and sorry to say, I do not know each and everyone of you by name but "am getting there." Ten years from now, when I retire...I will always REMEMBER the kindness, sharing and caring that made my position in Kewaskum MEMORABLE.

I is for INDIVIDUALS. Each and everyone of my employees and customers is an individual with specific needs, personalities, likes and dislikes. Hopefully, when you visit our office; you are afforded the opportunity to be an individual. I have said this before but please remember...whether you are purchasing ONE stamp or a HUNDRED, you are an IMPORTANT INDIVIDUAL and YOU make our jobs necessary. THANK YOU!!

S to me means SERVICE. We may sell stamps, envelopes, money orders, packaging needs BUT I like to think that SER-

VICE is our "best seller". When I bought my last vehicle, the owner told me "anyone can sell you a car but the SERVICE is what will bring you back". No truer words were spoken. To me, SERVICE is something that must be worked on day by day. As your Postmaster, you have my word that WE WILL strive to give you, our customers the best possible SERVICE.

T is for TEAMWORK. First of all, you may have noticed that our "Christmas greetings" in the Statesman last week was signed "Bonnie and TEAM". That is how I feel about each and every one of my employees... "team players". Sincerely proud of each and everyone of them as they know that their "team leader" requests and requires a 100% personal best out of them each and everyday and "THEY DELIVER" TEAMWORK would not be complete without mentioning the GREAT co-operation that was received from each and everyone of you during the Christmas season. Each and every piece of mail had to be cancelled and sorted into a seven-way separation and you assisted us immensely with that by bringing your letters and cards to the window...THANK YOU! THANK YOU! THANK YOU!

A is for APPRECIATION. Where do I begin? Little did I know upon coming to Kewaskum that I would "settle in here" and finish off my career as Postmaster of Kewaskum. When I first started in management (1980), my goal was to someday become the first woman Postmaster General. I continued that goal UNTIL arriving in Kewaskum and THIS IS IT... you know it - you have heard it many times before...I LOVE IT HERE and sure do APPRECIATE the warm welcome (since day one), the positive feedback about my newspaper article, the hundreds of friendships that I have made, just the GREATNESS of THIS community.

February of 1975 I started my Postal career and have always felt honored to be a Postal employee. I APPRECIATE the chance to be able to see

you, serve you with your Postal needs, to share a laugh or two. From the bottom of my heart...just "love each and everyone of you"

S is for the STATESMAN. With out them, my column would not be possible. Lana and her "team" works hard to give each of us the best possible newspaper. I love stopping in there for a photocopy as there is a lot of merriment mixed in with the hard work and dedication of each of the employees. They like the Post Office and so many other Kewaskum businesses "are like family"...I LOVE IT HERE!!!

Well, there it is... "My Christmas message" and hope that you enjoyed it. HOLD IT...the phone is ringing. "Hi Santa. Yep! I know .. this is the last call for the season. All right...the sleigh is completely loaded and ready to go. Have a happy and safe trip Santa. Yes, I will tell everyone in Kewaskum to have a VERY MERRY CHRISTMAS from you and everyone at the North Pole. Talk to you next year, Santa". Until next week, a sincere and heartfelt MERRY CHRISTMAS to each and everyone of you.

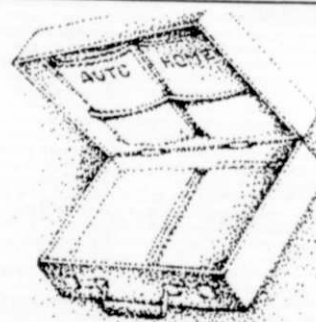

Your Postmaster
Bonnie!!

Anonymous HIV Testing Offered At Northwest General Hospital

Northwest General Hospital has a program for individuals who want free HIV testing which is completely confidential and anonymous. In this case, in addition to following routine confidentiality procedures, "anonymous" means that names are not used in reporting results to either private or state agencies. Identification is only by a numbering system. Those who test positive are notified in person and given extensive information on all available assistance.

STD Specialties Clinic will conduct testing and counseling

in the Industrial Medicine Clinic at Northwest General Hospital every Tuesday from 8:30 a.m. Appointments are required and can be made by calling 264-8800.

If you have further questions about the program, contact Judy Hein, Industrial Medicine Clinic, 447-8704.

STD Specialties Clinic is a private, non-profit clinic funded with grant money from the Wisconsin Division of Health. Northwest General Hospital is a non-profit, acute care community hospital located at 5310 West Capitol Drive, Milwaukee.

Inspection Stations Closed for Holidays

All Wisconsin Vehicle Inspection Stations will be closed December 24th and December 27th for the Christmas holiday and December 31st and January 3rd for the New Years holiday.

Station hours are Monday, Wednesday and Friday, 8 a.m. to 3:20 p.m. and Tuesday and Thursday, 8 a.m. to 7:30 p.m. There are three locations in Milwaukee plus others in

Waukesha, West Allis, West Bend, Cedarburg, Sheboygan, Racine, Kenosha and Burlington.

POINSETTIAS

The poinsettia is a welcome Christmas gift, but does require some special attention. They will last longer if they have plenty of light, are kept in a cool place and given proper watering.

Proper watering is necessary to prevent leaves from dropping. Water soil thoroughly, until water runs from the bottom of the pot, then allow to become rather dry before watering again.

Excerpts From Menagerie

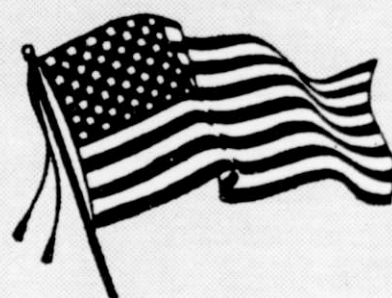

Through the year we will be running student's writings from the All Conference Literary Magazine, Menagerie.

! WINTER !

Winter, what a wonderful time of the year!
Snowflakes are falling,
The cold wind is calling.
The water is frozen,
and it's time to go ice skating.
Christmas is near,
There's no need to fear!!
Jingle! Jingle! Jingle!
-the bells ring on the sleigh.
Up and down the mounds of snow...
Oh, Oh, Oh!

Winter, what a terrible time of the year!
Everything is cold, cold, cold!
The evil breeze is whistling,
Turning everything to ice!
Snowdrifts are high, high, high!
- Soon they will be reaching the sky!
Wishing it was summer,
'Cause winter is a bummer!
There's nothing to do
Except stay in the house,
Covered with a million blankets
Trying to stay warm!
-Why can't it be summer?!?!

Talk to Social Security Now If You're Retiring Next Year

By Valli Green
Branch Manager

If you're past age 62 and thinking about retiring any time in 1994, contact Social Security now to discuss your plans. Because our rules permit you to work and receive retirement benefits at the same time, it could be to your advantage to have your benefits begin in January even if you aren't actually retiring until later in the year. For an application to be effective in January 1994, you should file any time before January 31, 1994. For additional information, call Social Security's toll-free number, 1-800-772-1213, business days between 7:00 a.m. and 7:00 p.m., to make an appointment to discuss your retirement plans.

If you plan to stop working and to begin receiving Social Security retirement benefits immediately at age 62, you should contact Social Security to file your application three months before your birthday.

Even if you expect your 1994 earnings to be relatively high, you should check to see if you'll be eligible to receive any benefits. For example, under the Social Security earnings rules for 1994, at age 65 a retired worker with maximum benefits of \$1,147 per month may earn up to \$49,011 during the year and still be eligible to receive a benefit for one month. If any family members also are eligible for benefits, the earnings could be higher and some benefits might still be payable. If you're under 65, you also can have substantial earnings and still qualify for some Social Security benefits.

In 1994, the earnings limit for individuals aged 62-64 will be \$8,040. For every \$2 you earn over \$8,040, \$1 is withheld from your benefits. For those aged 65-69, the amount is \$11,160. For every \$3 you earn over \$11,160, \$1 is withheld from your benefits. For beneficiaries aged 70 or older, earnings do not affect their benefit payments.

Free Throw Woes Spell Defeat for KHS Boys

By Noel Stollenwerk

KEWASKUM - In a perfect world, a coach's decision would always be right, and his players would always execute. Unfortunately, it was a far from perfect night for the Kewaskum basketball team here, last Friday night, Dec. 17, against Chilton.

The Indians made only 53 percent of their free throw tries, and a couple of late gambles didn't pay off, as the Tigers outlasted the Indians 69-68 in an Eastern Wisconsin Conference tilt.

The loss dropped KHS to 1-2 in the EW, 2-4 overall, while the Tigers improved to 1-2.

The woes at the charity stripe were puzzling to KHS coach Jim Westphal, whose team shot a season-high 50 percent (24-48) from the field. The Indians made just 19 of their 36 free throw tries.

"We had a lot of chances to put them away," Westphal said of the free throw shooting down the stretch. "We missed seven free throws in the fourth quarter alone. We just couldn't convert."

Despite the troubles at the line, the Indians were in position to pull out the victory late. Tim Strigenz's free throw with :21 left put the Indians up 68-67, and wiped out a ten-point fourth quarter deficit.

Chilton called time out with :12 to go, setting up a final play. Westphal figured the ball would be in the hands of Paul Eisner, who had scored 24 markers to that point.

"I told them not to foul," Westphal said of his instructions to his players.

His players listened, only too well. Eisner did get the ball and ran a pick and roll. But "no one stepped up to pick him," according to Westphal, and

Eisner drove in for his 25th and 26th points, putting the Tigers up by a point with :04 to play.

KHS took a timeout, and Westphal diagramed a play for a long pass to 6-4 Travis Jacak. "I was hoping they would foul him," Westphal said, noting that the Tigers committed 30 fouls in the game, "and they were playing real aggressive."

But the long pass was off the mark, forcing the Indians to foul. Chilton obliged by missing the bonus attempt, but Erik Ankersen's three-quarter court shot was well off the mark.

"I took a chance there," Westphal said of the play designed for Jacak. "I didn't think our chances were too good of dribbling the ball up the court."

Strigenz almost single handedly brought the Indians back, scoring 10 of his 17 points in the final quarter. The effort by Strigenz, who missed the previous game with a sprain ankle, helped offset a 54-44 Tiger lead at the end of the third.

"We came back nicely," Westphal said of the fourth-quarter run. "Tim played real well down the stretch. He was all over the place."

Strigenz got plenty of help on the offensive end, as Jacak (16), James Zautner (15) and Ankersen (10) all reached double figures.

Eisner "had a great game for them," according to Westphal. "He's a very good ballplayer."

With his team having dropped four of its last five contests, Westphal says he's not too worried at this point.

"I expected we'd struggle," he said. "We're not that strong (physically). I was hoping for better, but I guess every coach does. I think it's just a matter of

us putting the ball in the basket. We just haven't been consistent."

The Indians will travel to Kiel Tuesday for its final game before the Christmas break. KHS resumes play after the holidays with a contest at Sheboygan Falls on Jan. 4. KHS returns home for a Jan. 6 (Thursday) affair with Plymouth.

Select Sires Honors State's Dairy Producers

Southern Wisconsin's top dairy herds buy their herd's genetics from East Central/Select Sires. This was evident when East Central recognized the top-producing herds at a recent district member meeting. Recognized from Washington County were Roger and Ann Neumann, Kewaskum, and Herb Pikoske, West Bend.

The member-owned cooperative honored 152 members with herds producing 15 percent above the state average for milk, fat and protein production. Twenty-five percent of the honored dairy producers actively participate in Select Sires' young sire program.

Of the 152 dairies recognized, seven earned Gold honors with production levels 35 percent higher than average. Silver

awards went to 24 farms with production level exceeding the state average by 25 percent. In addition, 121 received Bronze awards for maintaining rolling herd averages that are 15 percent above Wisconsin's average.

East Central Select Sires, headquartered in Waupun, is an artificial breeding cooperative that serves over 5,500 dairy and beef producers in southern Wisconsin. As a member/owner of Select Sires, East Central/Select Sires helps to make up the largest Artificial Insemination (A.I.) Cooperative in the world.

Indian Matmen Breeze Past Warhawks

By Noel Stollenwerk

KEWASKUM -- The Kewaskum wrestling team had very little trouble with Germantown in a dual meet here, last Thursday night, Dec. 16.

"It was a good night for us all around," KHS John Nell said of his team's 42-23 victory over the Warhawks. "We didn't have too many problems with them at all," Nell added, noting that several JV wrestlers posted easy wins as well.

Leading the way for the KHS varsity was senior Chad Muckerheide, who chalked up win number six with a pin against John Micka (4:00). Muckerheide has pinned all of the wrestlers he has faced.

"That kid (Micka) stayed away from Chad pretty much," Nell said of the match. "But Chad's just been so aggressive this year. He just doesn't let up for a minute."

Jake Thull also didn't let up, pinning Jason Becker in just over a minute. Tyler Dieringer (130) and Paul Reis (145) also posted pins in respective times of 3:03 and 3:19.

"He's (Reis) such a solid wrestler...doesn't make too many mistakes," Nell said, adding that Dieringer, who has lost just once, "is doing a real great job." As for Thull, "he's improved so much. He's really looking good...very competitive. He knows his moves so well this year."

Eric Ralph (103), Troy Maertz (119), Jason Czaja (135), Rich Farchione (171) and Richard Wulff (189) all received forfeit wins. "They (Germantown coaches) felt that there kids weren't experienced enough to put them in there," Nell said of the forfeits.

Another bright spot for KHS was freshman Joel Dziedzic, who suffered his first loss of the season against Mike Edwards. Edwards, a senior, was rated as the second-best wrestler in the state in Division I last year, and on Saturday won his weight class at the competitive Stoughton Invitational.

"It went right down to the wire," Nell said of Dziedzic's match, which he lost 3-7. "Joel clearly dominated him, but the kid snuck out a win. It shows

that he can wrestle with the best of them."

Nell said he held Jake Gundrum out of the meet because Gundrum was still experiencing shoulder problems. "We're hoping that he'll be ready in time for the (Oshkosh) tournament."

The Indians will take part in the Oshkosh Lourdes Invitational December 28th and 29th. The matches will be held at the Kolf Fieldhouse on the campus of UW-Oshkosh, and will feature some of the best teams in the state.

Holy Trinity B-Squad Takes Mayville 49-32

The Holy Trinity B-squad boy's team won their Dec. 18th game against St. Mary's of Mayville at Mayville by a score of 49 to 32.

The team was led to the victory by a trio of three pointers shot by Billy Cook who had a game total of 15 points. Chris Koth kept in stride with a game total of 12. At half time the game was still rather close with only a seven point difference.

After halftime Holy Trinity drew away with some steals and good defense on the part of Chris Koth and Jason Strobel.

Coach Struebing was again able to substitute younger players at will in the second half. The B-squad is now 3 and 0. Scorers for the day were: Billy Cook - 15; Chris Koth - 12; Jason Strobel - 8; Jason Gruber - 4; Tim Bonlender - 2; Travis Knoeck - 2; Mark Schrauth - 2; Paul Mertz - 2.

Two points were scored when a Mayville player sunk a ball in the Holy Trinity basket by mistake.

Injuries Slow KHS Wrestlers

By Noel Stollenwerk

KEWASKUM - Kewaskum's wrestling team would have had its hands full with Chilton's improving squad here, Thursday night, December 9. Add in the factor that the Indians were minus a couple of regulars due to injury, and it was an uphill battle all evening for the hosts.

The Tigers proved to be dominant in the middle weights, running off four straight wins midway through the meet, and that propelled them to a 34-30 win over the Indians.

The Indians were somewhat shorthanded, as both 119-pounder Jake Gundrum and 189-pounder James Schaeffer were unavailable due to shoulder injuries. Their two replacements were both pinned, and Kewaskum was never able to make up the difference.

"That really hurt us," KHS coach John Nell said of the injuries. "Jake would have probably beat his kid, so that is about a nine-point difference right there."

Also hurting the KHS effort was Chilton's experience in the middle weights. Starting with the 135-pound match, the Tigers won four straight matches to pull out to a 28-15 advantage.

"They were really tough," Nell said of the Tigers. "They had a couple of kids back that I thought had graduated. But I was really happy with the way we wrestled."

Several Indians wrestlers turned in good performances, though. KHS' 112-pound freshman Joel Dziedzic, remained unbeaten, moving his record to 5-0 with a quick pin (:44) over Nathan Kleinhans.

"He looked real tough," Nell said of Dziedzic, who "did a really nice job out there."

Others recording pins for KHS were Tyler Dieringer at 130-pounds (3:45), and Tim Gundrum at heavyweight (1:22).

"I was real pleased with Tyler," Nell said. "He was really dominant. He just kept pressuring that kid, and never really gave him a chance."

Jake Thull also was victorious, beating Mike Brocker in a nailbiter, 6-5. Rich Farchione, meanwhile, moved to 4-1 on the year with his 7-4 win over Pat Casper. Chad Muckerheide also remained unbeaten, receiving a forfeit at 160 pounds.

"We wrestled pretty good, I thought," Nell added. "I was real happy with our performance. We just need to get some of the younger kids some mat time."

The loss dropped the Indians to 2-3 in dual meets this year, and to 0-1 in the Eastern Wisconsin Conference. They

will take part in the Oshkosh Lourdes Invitational December 29-30.

Holy Trinity Wildcats Win Big

The Holy Trinity Wildcats A-team boys basketball team dominated their first on-the-road game as they defeated St. Mary's Celtics of Mayville 62-22.

The Celtics took the tipoff but were not able to capitalize. Just minutes into the game the Celtics were at the free throw line but again failed to score. In intense play and excellent rebounding, the Wildcats lead the Celtics at the end of the first quarter 15-4 with Jim Kopecky the lead scorer for the Wildcats with six points.

Chad Schoofs had three steals in the second quarter. The aggressive defense of the Holy Trinity Wildcats limited the Celtics to four points while their offense playing added eight points reflecting a 23-8 score at halftime.

The Wildcats continued to dominate in the third quarter demonstrating great passing plays and impressive team unity. Corey Amerling added six points to the Wildcats

score. The third quarter resulted in a comfortable 41-14 Wildcat lead.

Holy Trinity added 21 points in the fourth quarter with Eric Wenninger leading with eight points. The Wildcat defense limited the Mayville Celtics to just eight points resulting in a confident win for the Wildcats 62-22.

The Wildcats had a total of 17 steals. Seventh grader Shaun Timblin, captured the most rebounds with nine.

Jim Kopecky and Eric Wenninger lead the Wildcats with eight points each followed by Corey Amerling, Jason Butschlick, Shaun Timblin and Chris Wessing all adding seven points each. Derek Dorn, Dave Gerhart and Jarrod Gruber each added six.

Undying Christmas Love

The whole idea of gift-giving at Christmastime began with God. He gave us the greatest Gift anyone could ever wish for. God showed us the way to love and to have good will in our hearts for all mankind. The depth of God's love is a mystery--we cannot fully understand it. A father giving his son to the mission of dying for one of his friends is so overwhelming, much less letting him die for one of his enemies.

Perhaps we can best explain this Gift with the name used long ago, Emmanuel, meaning "God is with us." By the birth of Jesus, God IS with us.

The true meaning of Christmas can be kept alive in our customs as we remember the past and as we renew the spirit of Christmas by cherishing thoughts of the Christmas Babe and His undying love.

Indians Pull Away to Beat Huskies

By Noel Stollenwerk

KEWASKUM - The Kewaskum boys basketball team was without one of its best offensive players against New Holstein here, last Tuesday night, December 14. Luckily for the Indians and coach Jim Westphal, somebody else there to pick up the slack.

That somebody was James Zautner, who scored 19 points, including seven in the decisive fourth quarter, as the Indians beat the Huskies, 48-43, in an Eastern Wisconsin Conference contest.

"He had a real fine game," Westphal said of Zautner's play. "He did a real good job of penetrating with the ball, and that's what you need out of a point guard."

Zautner's effort was all the more important for KHS (who was without Tim Strigenz, who sprained an ankle), as the Indians ran into foul trouble with front-liners Travis Jacak and Erik Ankersen.

Jacak fouled up his third personal foul with just three minutes gone in the second quarter, and Ankersen took a

seat on the bench with his third just about a minute later.

With the lack of height on the front line, the Indians saw their eight-point lead dwindle to a 23-23 tie at the intermission.

"We had a real good first quarter," Westphal said of his team's 11-7 early lead. "But with both of them out, they (New Holstein) had their chance to come back, which they did."

Neither team shot the ball particularly well, though. The Indians connected on just about 32 percent of their field goal tries, while the Huskies "shot even worse," according to Westphal.

Still, the Huskies were able to go ahead by two, at 37-35, after three quarters of play. But Zautner, along with reserve guard Dan Survis, didn't let the Huskies do any further damage.

"Survis came in and did a real nice job for us," in the second half, according to Westphal.

The junior finished with eight points, including a pair of free throws to give the Indians a 46-43 lead with under a minute to play. Zautner then sealed it with two more tosses at the :24 mark.

"We didn't necessarily out-play them," Westphal was quick to point out. "It was a very pretty game. It was actually real rugged."

Still, the play of Zautner and Survis was encouraging to the Indian coach, who was sure just who would step forth at the guard spots. Strigenz had been supplying much of the scoring punch at the spot.

"We were missing a lot of our firepower with Tim out," Westphal added, encouraged by what he saw from Zautner and Survis. "I've been looking for that, someone who is going to go out there and create things for us offensively."

The win upped KHS' mark to 1-1 in the EW, and to 2-3 overall.

Poor Second Half Costs Lady Indians

By Noel Stollenwerk

CHILTON - The Chilton girls basketball team didn't resemble a squad that was undefeated in the first half of its game with Kewaskum here last Thursday night, December 16.

But a poor second half shooting performance by the Indians was enough to help keep the Tigers unbeaten, as the hosts emerged with a 25-23 victory.

Chilton, which hasn't lost at home in four years, shot a miserable two-for-22 in the first half, as Kewaskum built an 18-8 halftime lead. But the Lady Indians matched the Tigers' inability to put the ball in the basket, as they managed just a two-for-25 performance in the second half, including missing all 11 shots in the third quarter.

"Out of those 25 shots (in the second half), 14 of them were from in the lane or closer," KHS coach Glenn Eichstedt said of the Indians shooting woes. "We were getting good shots. I felt sooner or later we would hit a few, but we didn't."

The Indians inability to put the ball in the basket allowed Chilton to creep within three, at 19-16, by the end of the third quarter. Chilton's Cathy Seckel then hit a three-pointer to open the final stanza, and the game was tied at 19-all.

"Going into the game we knew that they were a good three-point shooting team," Eichstedt said of the Tigers. "So we extended our defense to try and take that away, and for the most part we did a nice job."

But Seckel's bomb gave the Tigers a much-needed boost, and the hosts went out in front soon after, 22-19. The Indians battled back, however, and Ginger Wiesner's basket with

just under a minute to play gave Kewaskum a 23-22 advantage.

Chyanne Kapitzke hit a pair of free throws to put the Tigers back in front. Lori Reimer then added another free throw with :04 to play. Reimer missed her second attempt, though, and the Indians had one last gasp.

But Wiesner's three-point attempt was off the mark, and the Indians failed to capitalize on a golden opportunity to end the Tigers' unbeaten streak.

"I was very pleased with everybody's defense," Eichstedt said of his squad. "When you give up 25 points... you can't expect much more than that."

"I just never expected such a drastic turn-around in the second half," he went on to say. "We almost completely dominated the first half. But we tried switching up our offense a little to give them a different look. In the process, I think we slowed ourselves down."

Wiesner finished with eight points to lead all scorers. Sophomore Kelly Schreffler, meanwhile, scored all four of her points in the second quarter, but didn't attempt a shot in the second half. Eichstedt said he wished he would have taken advantage of Schreffler's hot hand, and got her the ball more in the second half.

Instead, the Lady Indians struggled in dropping their third straight in the Eastern Wisconsin Conference, and fell to 2-5 overall. Chilton, meanwhile, improved to 3-0 and 7-0.

"A win would have given us a big boost," Eichstedt said. "It's real disappointing because we were in control of the game in the first half."

The Indians will try and regroup on Tuesday, when they host Kiel, and then will ready

themselves for their own Holiday Tournament December 29-30.
