ShopKo Care Clubs Make Donation to Exodus House

ShopKo Care Club members, left to right: Karen Schaub, Jan Smith, and Jessica Gintner, Frank Ciesielczyk of Exodus House (receiving check), Judy Rogge, Judy Steiner and Lynn Fellenz. Missing on the photo was Sandy Justman and Carol Purgett. Chris Korallis is the Store Manager.

WEST BEND... Shopko Care Club in West Bend recently presented a check for \$1,000 to Exodus House of Kewaskum. Proceeds were raised from the sale of porcelain Holiday Villages available exclusively at ShopKo stores.

"At ShopKo, we believe we have a responsibility to help others in the communities we serve. Our Care Clubs are very thankful to all the customers who purchased the Holiday Villages and made this donation possible," said Karen Schaub,

ShopKo Care Club spokesperson.

The ShopKo Care Clubs, teams of ShopKo volunteer associates, conduct a number of community events to benefit local families, children and charities. This year, the Care Clubs distributed Thanksgiving food baskets to needy families and also organized Holiday Shopping Sprees for local needy children.

Area Care Club members include Karen Schaub, Judy Steiner, Sandy Justman and Jan Smith of the Kewaskum area

and Carol Purgett, Lynn Fellenz, Jessica Gintner and Judy Rogge of the West Bend area. The West Bend store manager is Chris Korallis.

ShopKo Stores, Inc. is a leading regional retailer operating 117 stores in 15 states. The company recently announced plans to build 37 new stores in 1994-96. ShopKo stock is traded on the New York Stock Exchange under the symbol "SKO."

Chamber to Meet Feb. 9

The January 19th meeting of the Kewaskum Area Chamber of Commerce that was canceled due to the cold weather, has been rescheduled for Wednesday, February 9th.

Please note this meeting will be held at the Legion Clubhouse on Fond du Lac Avenue at 7 p.m.

All Chamber members and anyone interested in joining the chamber are encouraged to attend this meeting.

Agenda items will include discussion of this year's Kettle Kountry Colors festival and fund raiser, the possible formation of a downtown renovation committee and the newly printed chamber booklets will be available.

Local DARE Officer Trains for Classroom

KEWASKUM -- In an effort to continue the nationally-recognized D.A.R.E. (Drug Resistance Education) program in Kewaskum Schools, Officer Thomas A. Bauer of the Kewaskum Police Department recently completed a special 80-hour training course at The Wisconsin State Patrol Training Academy located in Sparta.

The training prepared Officer Bauer to teach a 17-week series of lessons that will give fifth and sixth grade youths the skills they need to resist drugs.

Officer Bauer was instructed in teaching techniques, elementary school operations, the use of visual aids, officer-school relationships, communication skills, child development and classroom management. The final training session involved the officers "student teaching" a D.A.R.E. lesson in a local classroom.

The D.A.R.E. curriculum includes officer-led lessons on drug resistance, self-esteem, assertiveness, stress management without drugs and decision making. It concludes with a graduation ceremony in which students pledge to stay off drugs.

The D.A.R.E. program was designed to be taught by officers because students are frequently much more sophisticated about substance abuse than classroom teachers. Veteran police officers answer questions based on their training and experience.

D.A.R.E. officers are representative of the best officers in their police departments. They are selected based on their interest in working with children and their ability to maintain a positive rapport with students, schools and the community.

D.A.R.E. was established in 1983 as a joint venture between the Los Angeles Police Department and the Los Angeles Police Department and the Los Angeles Unified School District. It has since expanded into more than 100,000 classrooms in 49 states, Department of Defense Dependent Schools, American Samoa, Canada, Australia and New Zealand.

D.A.R.E. is the largest and most successful drug education program in the U.S. today.

Kern Financial Planner In Washington State

The following article appeared in a local newspaper in Tacoma, Washington, where Bonnie Kern works as a financial planner. She is the daughter of Ruth and Orville Kern, of Allenton, and is also a 1968 KHS graduate.

Bonnie was born and raised in Wisconsin, graduating from the University of Wisconsin with a degree in home economics. Bonnie taught home economics, then moved to Washington as a consultant for the Educational School District. She then worked as an administrator in Snohomish County schools.

In 1983, Bonnie decided to make a career change to a financial advisor. She had always enjoyed handling her own investments and working with people, she said. After talking with other planners she decided to earn her certification.

She then joined KMS Financial services and has stayed there since, working at their Steilacoom office and more recently in Lakewood.

She has taught financial planning seminars, including some at Pierce College.

In her spare time, Bonnie enjoys skiing, golf, sewing and needlework. She and her husband, Jim, have three grown sons.

Bonnie is vice-president of the Clover Park Rotary, a past-president of Lakewood Women in Business, and a long-time member of the Lakewood Chamber.

"A big part of what I see my job as isn't just helping people put together a plan, but understanding the investments they have and how to use their money wisely."

St. Lucas Kindergarten Registration Feb. 10

A Couple, Plus God, Makes Three

The event was extremely successful several years ago so the Human Concerns Committee of Holy Trinity Church in Kewaskum has decided to sponsor another evening reflection for married couples on Sunday, Feb. 13, at 6 p.m. in the Church Hall.

This will be an opportunity to take time for each other and enjoy a catered dinner for two at your own reserved table, followed by a group presentation, individual reflection time, private dialogue with your spouse and a concluding prayer service.

The facilitators for the evening will be Barb and Dennis Barrish, who are coming to us through the Adult and Family Ministry Office of the Milwaukee Archdiocese.

The cost is \$25 per couple.

For reservations, contact one of the following: Midge Swanson, 338-0892; Marty Stoffel, 626-2337 or Judy Harlow, 626-4202. The deadline for reservations is Feb. 6. Sign up early - 35 couples is the maximum number that can be accommodated.

Raindrops range in size from about 0.02 to 0.25 inch.

Village of Kewaskum NEWS NOTES

The residents and businesses of the Village are asked to help the garbage and recycling process by removing the snow around all mobil containers, so as to provide proper access for pickup. Those placing their garbage at the curb should place it on the street side of the sidewalk for street access.

If mobil containers and regular garbage and recycling materials are not accessible the contractor will leave the garbage remain where placed. Your cooperation is appreciated. Thank you!

Grothman Sets Up Office, Hires Staff

MADISON... State Representative Glenn Grothman (R-59) is completing the process of moving into his Capitol office, and is happy to announce the hiring of his legislative staff.

Grothman, who recently won election to the Assembly seat vacated by Senator Panzer, has established his Madison office in 100 North Hamilton, among several conservative freshmen and sophomore legislators.

Grothman was pleased with his new office assignment. "I am looking forward to settling in to my office space and getting down to work tackling the issues important to my constituents.... taxes, abortion, crime and others."

Grothman has also hired a Legislative Aide, Steve Krieser, of Jefferson. Steve Krieser worked previously as a part-time aide for State Representative Albers. Krieser is familiar with the district, and is looking forward to serving the constituents with their concerns.

Grothman commented on his new staff person. "Steve is a dedicated conservative whose views are in line with my own. He is also an experienced and

competent staff person. I am looking forward to working with him."

Grothman emphasized that he wants to know the views and feelings of his constituents. "I am prepared to work hard fulfilling my campaign promises for pro-life legislation, smaller government and fewer taxes. I want to know your feelings on these issues. I look forward to your calls and letters."

You may contact Representative Grothman at the toll-free Legislative Hotline, 1-800-362-9472. You may call his office directly at (608) 264-8486. You may also write to him at: P.O. Box 8952, Madison, WI 53708.

Snowmobilers: Keep Your Distance

Snowmobilers are reminded to keep a safe distance from other outdoor recreation enthusiasts. The recent warm weather has brought out the ice fishermen, the cross country skiers and even the walkers. A snowmobiler must slow his snowmobile to a speed not to exceed 10 MPH and yield the right-of-way when traveling within 100 feet of a person who is not on a snowmobile or other vehicle. This 100 ft. restriction also applies to ice fishing shantys on frozen public waters. The law does apply to persons in the same group, even if they indicate it is alright to operate in excess of 10 MPH when within 100 ft. During a Fishery this seems to be a real problem, so

be aware and slow down.

Also be advised that after 10:30 p.m. until 7:00 a.m. when a snowmobile is being operated within 150 ft. of a residence, the snowmobile must be operated at a speed not to exceed 10 MPH. This rule is designed to show a little respect to people who maybe are trying to get some sleep.

Both of these speed restrictions are common sense to most of us but are often ignored by others. Lets make snowmobiling and all other activities safe in the outdoors.

If you have any other questions feel free to contact me.

67TH

STATEMENT OF CONDITION

1993 - A SUCCESSFUL YEAR....

West Bend Savings Bank completed its most successful year in our 67 year history. Long ago, the directors of our bank made the conscious decision to maintain a local community presence and to grow in a manner conducive to the needs of our customers. Today, in our market area, we are one of the few locally owned financial institutions serving the public. We are committed to Washington County and we are proud of the strong working relationship which has developed between our employees and the communities we serve.

Our success in recent years has afforded new opportunities to you. As we grow, we continue to develop new products, services and banking facilities for your convenience. As evidence of our "strong roots" in Washington County, we opened our seventh full service office during 1993 in Hartford. The Hartford Money Market is located in the Sentry Food Store, the first of its kind in our county. As we begin the new year, we will be opening a new branch office building in Kewaskum replacing the original office opened in 1972.

It is our intention to remain fully involved in our market. The Bank's ongoing commitment to affordable housing, our vigorous promotion of Totally Free Checking, and the active involvement of our employees in community projects are our goals. We want to provide you with fast, efficient, and friendly service; the kind of service you'd expect from your bank.

Sincerely,
Richard A. Larson

75 Years Ago

January 25, 1919

James McKee of Boltonville, who several weeks ago froze his hands and feet, while on his way home from Fillmore, underwent an operation on Wednesday at his home for the removal of both his hands at the wrist and his toes. This move was thought advisable in order to save the man's life.

Little Beatrice Dworschak, three-year-old twin daughter of Mr. and Mrs. Theo. Dworschak of New Fane, was badly cut about the face last Sunday morning. The little one had been helping her mother dry the dishes, and when on her way to the pantry with a cup, she tripped and fell breaking same and falling upon the broken fragments. A very bad gash was made along the side of her face, from the eye to her chin, which required nine stitches to close. The doctor was summoned as soon as possible and dressed the wound. The cut narrowly missed the child's eye, which was fortunate.

Mrs. Charlotte Litcher, a former resident of Five Corners, who presides over the C. & N.W. road's tower at Shorewood, a station near Milwaukee, done her bit during the war. She has held this responsible position for the past several months. Shortage of help on account of the war, necessitated her to accept this position, in which capacity she has made good and this is evidenced by the fact that not a single accident has occurred for which she was responsible. Mrs. Litcher, when interviewed, stated that "Signaling trains is mere play." This is one of the many instances showing that women have made good in the various new lines of occupation they were thrust into on account of

the shortage of male help brought about by wartime conditions. Mrs. Litcher was formerly Miss Charlotte Schleif, daughter of Mr. and Mrs. Philip Schleif of Five Corners. She is 39 years of age, and the mother of five children.

Several of the young men of this village, who were mustered into the military service the early part of the winter, have organized a basketball team, known as the Kewaskum 30th Separate Company W.S.G.R. Basketball Team. The boys are old and experienced players and have done some hard and extensive practicing the past month and have rounded themselves into such shape as to be able to cope with the best guard teams in the state. Others need not challenge them. All of the players are members of the Kewaskum 30th Separate Company, and will therefore be run strictly under the rules and regulations of the Company. All proceeds will go into said treasury. A game has already been arranged with the Campbellsport 28th Separate Company's team to be played on February 7th in the local Opera House. Following is the lineup of the local team: Norton Koerble, center; Harry and Ralph Schaefer, guards; August Bilgo and Maurice Rosenheimer, forwards; and Allie Schnurr and Elroy Backhaus, substitutes.

Joseph Flasch, 25, a son of Mrs. Anna Flasch, residing near St. Kilian, met with a very painful accident on Tuesday at his home. The young man was engaged in cutting feed at his home, when in some manner, his right hand got caught in the feed cutting machine. The fingers were so badly mangled that it was necessary to remove them. Last summer Mr. Flasch was kicked by a horse, suffering painful injuries. In May 1913 his brother was killed in a run-

away at Lomira.

William Kirsch of St. Kilian was in the village on Monday after being confined to his bed from severe burns he received about his face, hands and feet. About two weeks ago, during the night, a fire caused by the explosion of an oil stove, set fire to his residence and did considerable damage to his building. Mr. Kirsch, being alone, managed to extinguish the flames, only after his face and hands were badly burned. No one can understand how Mr. Kirsch was able to quench the flames alone.

Due to the fact that many relatives of soldiers overseas are not receiving any mail since the armistice has been signed, General Pershing gave out orders last Saturday that every soldier must mail out a postcard to his nearest relative at home, giving his present location, his state of health and military unit of the writer.

Local Host Families Needed for Exchange Students

World Heritage, a nonprofit, public benefit organization, is seeking local host families for high school boys and girls from Spain, Mexico, France, Germany, and Sweden coming to this area for the upcoming school year.

These personable and academically select exchange students speak English, are bright, curious, and eager to learn about this country through living as part of a family and attending high school.

The exchange students arrive from their home country shortly before school begins and return at the end of the school year. Each World Heritage student is fully insured, brings his or her own personal spending money and expects to bear his or her share of household responsibilities, as well as being included in normal family activities and lifestyles. At the same time the student will be teaching their newly adopted host family about their own culture and language.

The students are well screened and qualified by World Heritage. Families may select the youngster of their choice from student applications, photo collages and biographical essays. Once paired, student and families are encouraged to begin corresponding prior to the student's arrival.

World Heritage is also seeking local high school students to become exchange stu-

dents abroad. Students should be between 15 and 18 years old and interested in living with a host family, attending school and learning about the lands and people of other countries. Students should be in good academic standing and have a desire to learn of another culture and language through living with a warm and giving volunteer family. Academic year and shorter term summer programs are available.

Those persons interested in obtaining more information about becoming a host family or becoming an exchange student should contact World Heritage's local representative, Nina Honts at 708/657-2152, or call Amy at 1-800-888-9040.

Host Families Needed for Summer Cultural Exchange

New friendships are developed through Project Self-Help and Awareness.

Host families are needed for a summer cultural exchange program in which black children from Mississippi spend two and a half weeks with Wisconsin families. This yearly exchange began in 1968 and is organized by PSA (Project Self-Help & Awareness), a non-profit, non-denominational organization.

Rural and small town Mississippi children, ages 6-16, come from an economic cross-section. Wisconsin families are able to choose the age and sex of the child. The cost to Wisconsin families is \$35 per

child to help cover transportation from from Mississippi to Fond du Lac and insurance during their stay. The dates for this summer's exchange are June 5-23, June 19 - July 6, July 2-21, July 9-29, and July 24 - August 10.

Each year, over one hundred children return to Northwest Wisconsin as the exchange is a chance for them to live in an environment more free of prejudice and oppression. Host families will learn about a new culture and lifestyle. The

equal Rights Council of Wisconsin has recognized PSA as the only organization in Wisconsin doing lasting programs to eliminate racism and prejudice.

Many Mississippi children, especially those ages 10-13, hope to come to Wisconsin this summer, but have no family to host them. You and your family, or someone you know, may be able to make that wish a reality. Interested families can obtain an information packet by calling Kathy Boyd at 692-2673.

Environmentally Friendly Mail

By Ann McK. Robinson
Vice President & Consumer Advocate, U.S. Postal Service

(NU) - Minding the mail is the Postal Service's main job. At the same time, we're minding the future of Mother Earth.

With 700,000 employees around the nation, the Postal Service has launched the largest recycling program in the United States.

Many Postal Service vehicles run on compressed natural gas, comprising one of the country's biggest fleets of alternative-fuel delivery vehicles and creating substantially less air pollution.

The Postal Service also has helped develop water-based inks that cut down on lead and other metals in water supplies. These inks are now used in all Postal Service stamps and stationery, and new recyclable papers are being developed for stamps, stationery and other Postal Service products.

Similarly, water-activated adhesives that dissolve during recycling are used in virtually all of the 40 billion stamps produced each year.

You Can Help

With everyone's help, the Postal Service can expand these efforts.

Businesses can design environmentally friendly mailings using recycled paper, water-based inks and adhesives, uncoated paper, and fewer non-recyclable windows on envelopes.

Suppliers of office products can provide recyclable goods and environmentally sound packaging materials.

And businesses can print on both sides of paper, reuse packing materials, and reduce the amount of paper and plastics used.

They can decrease paper usage with targeted mailings, and update address lists frequently to reduce undeliverable mail.

General postal customers also can pitch in by using recycled paper and cards.

If your workplace doesn't have a recycling program, why not take the initiative and start one? To find out how to recycle paper waste, call the American Paper Institute at 1-800-878-8878 or write the API at 1250 Connecticut Ave., N.W., Washington, DC 20036-2601.

Be sure to use complete addresses to cut down on undeliverable mail. If you receive duplicate advertising pieces, notify the mailer.

To receive a free brochure entitled "Mail That Mother Earth Can Love," write to: Protect the Environment, P.O. Box 7996, Mt. Prospect, IL 60056-7996.

A Message from the Postmaster

Hello Kewaskum Statesman readers and how is everyone doing today? The phone has been "ringing off the hook" people want to know about the "error" stamp and if they have one or if they are for sale at the Kewaskum Post Office. Know that there are many avid stamp collector's out there so let's discuss that... STAMP COLLECTING.

Why would anyone want to collect stamps? For some the hobby is an investment opportunity, others find the educational aspect of the hobby reward enough and to still some others ("yours truly" for one)... a type of legacy to pass on to my daughter and future grandchildren.

Did you know that normally 150 million stamps are printed of a commemorative stamp? The Elvis Presley stamp was an exception as there were over 250 million printed and sold.

With so many issued, they are worth 29 cents and may never be worth anymore. However, a stamp recently printed honoring the Black rodeo star, Bill Pickett was printed with the wrong picture (it depicts his brother) and if you could find one... it would be worth MILLIONS.

What are your chances of obtaining one of these? Well, unless you were in Bend, Oregon a couple of weeks ago, you are "out of luck." Bend is the ONLY place in the country where the stamp was mistakenly put on sale.

Commemoratives have a so-called "issue date" and most post offices are supposed to be in strict compliance NOT to sell them before that "issue date." As a Postmaster, let's just say... "I am happy that I am not Postmaster of Bend, Oregon."

The Bill Pickett "error" is included on a sheet commemorating 20 Old West heroes. It was the first time in 147 years that the Postal Service has issued a stamp carrying an incorrect image.

250 million sheets in the series have been recalled. Many customers have been calling as they heard it was a Country Western stamp and thought they might have one. This "error" stamp was NOT part of the Country Western musical stamps already issued. As previously stated, the error stamp is part of an Old West hero sheet... NEVER yet received by the surrounding post offices, has been totally recalled from some offices in the country that did receive it and I have no knowledge of whether or not it will be reprinted in the correct format.

Collecting stamps is fun and interesting. Some collectors purchase "one" of each new stamp while others will save the

"plate block" (normally four stamps in a corner with a number in the margin.)

Then... I know of some that will buy a complete sheet of each commemorative or just wait until the end of the year and buy the Mint Set which will consist of every commemorative issued during the year, protective "panels" to put them in and a book that "tells the story behind each stamp."

Chrystal has 20 of these Mint Sets... one for every year of her life. To me, they are "historical" and figure the worst thing she could ever do is use the stamps as regular postage as they never lose their face value. 1994 looks like there are going to be a lot of interesting and colorful commemoratives coming out.

The only two that have been issued thus far are the Winter Olympics and Edward R. Murrow. A couple of weeks ago, I had a listing in my column of the stamps due to be issued. For those that might have missed that, there are listings available at the Kewaskum Post Office... free of charge... compliments of one of my employees.

To some of you... "a stamp is a stamp." Then there are the collectors and last, but certainly not least... the non-collectors who just like to have a "variety of stamps." We "aim to please" each of you. Many of you have stated... "the no-licks are the best thing the Postal Service ever came up with."

Many businesses have switched from the "coils" to these "no-lickers" and their office personnel say... "we love it!" Please remember... the "no-lick" stamps do not cost anymore. Try them today... you may never have to (or want to) lick another stamp in your lifetime!

Well, that is about it for this week. The newest commemoratives are on display at the Post Office and do feel free to ask any of us at the counter to see the selection of 29 cent stamps that we have on hand. Buy a sheet, pick and choose a few of each... IT IS YOUR CHOICE. YOU are important to us and as the signs in the lobby state... CUSTOMER SATISFACTION IS OUR PRIORITY.

P.S. Did we forget about the new collection box? No way! The majority have stated placement by the Sentry store. Hopefully, the cold temps have passed us and we can get with officials in that area, call Milwaukee to "place it" and have it done as soon as possible.

Thank you for your patience in this matter. Until next week, TRY to have a good day... A HAPPY EVERYDAY.

Your Postmaster, Bonnie

NEW! ACOUSTICAL CEILING CLEANING

To The Editor:

The issue being addressed in this week's letter is the need to replace the front (south) wall of the High School. Constructed in 1957, the wall is built of metal panels which, through the years, have lost their insulating capacity and have rusted through. This, in conjunction with inefficient windows, allows great energy loss. By moving this wall approximately 25 feet to the south, several other areas of concern may also be addressed in this building plan.

The physical science and chemistry rooms, also built in 1957, are out-dated and undersized. More modern facilities in the other two science rooms offer a lab area and desk area in each room, allowing for lectures and set-up of experiments without changing rooms. Ventilation concerns and a floor drain for the required OSHA chemical wash station would also be addressed.

Moving student services areas and guidance offices into the administrative area, and enlarging the secretarial and main office space would allow more efficient use of personnel and equipment.

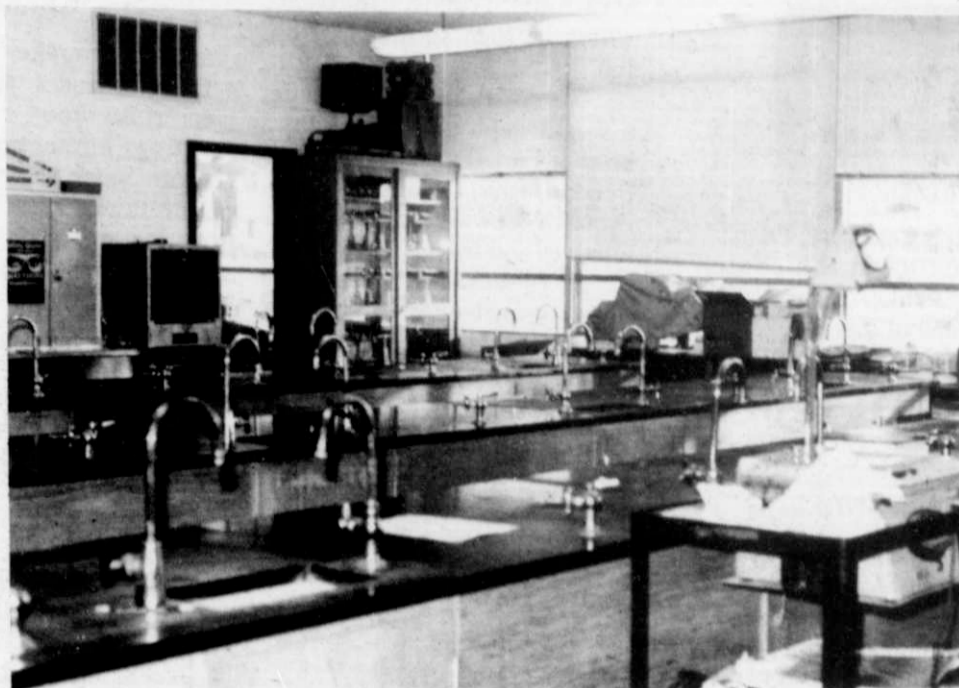

Enlarging the cafeteria to seat the 315 lunch hour students eliminates the need to eat in the halls and in Rose Hall, also allowing a noon hour intramural program. The kitchen, producing food for KHS and KES, is undersized, out-dated and requires freezer and dry food storage in the north and north basement areas of the school. Increased size would allow for more modern equipment and in-kitchen storage.

Family and Consumer Education classes would relocate in the addition, opening one classroom for health classes, which currently does not have a permanent classroom, and an area for weight training, currently located in the north basement corner of the school.

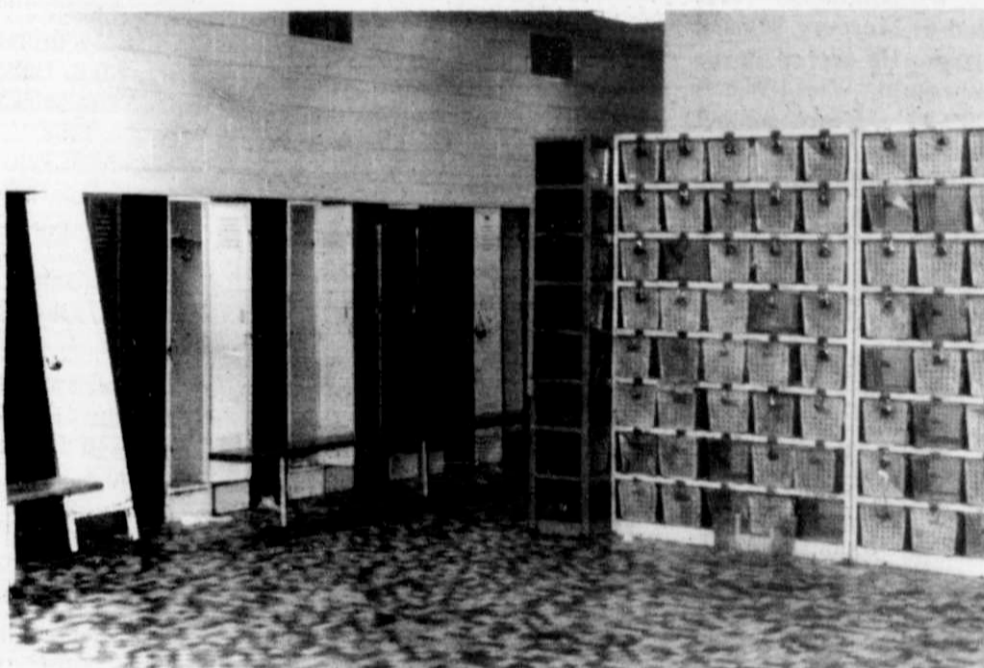

A new boys and girls locker room would be built immediately south of the fieldhouse, adequate for all interscholastic sports and physical education classes, also satisfying gender-equity requirements. A mezzanine area above the locker rooms would house the wrestling program, thus locating all athletic facilities in the same area of the school, with current basement locker room areas to be used for storage.

The south wall of the High School must be replaced. In the building plan, doing so also addresses areas of need in Science, Student Services, Guidance, Administration, Cafeteria, Kitchen, Family and Consumer Ed and Boys and Girls Locker Rooms, and updates facilities for better student education.

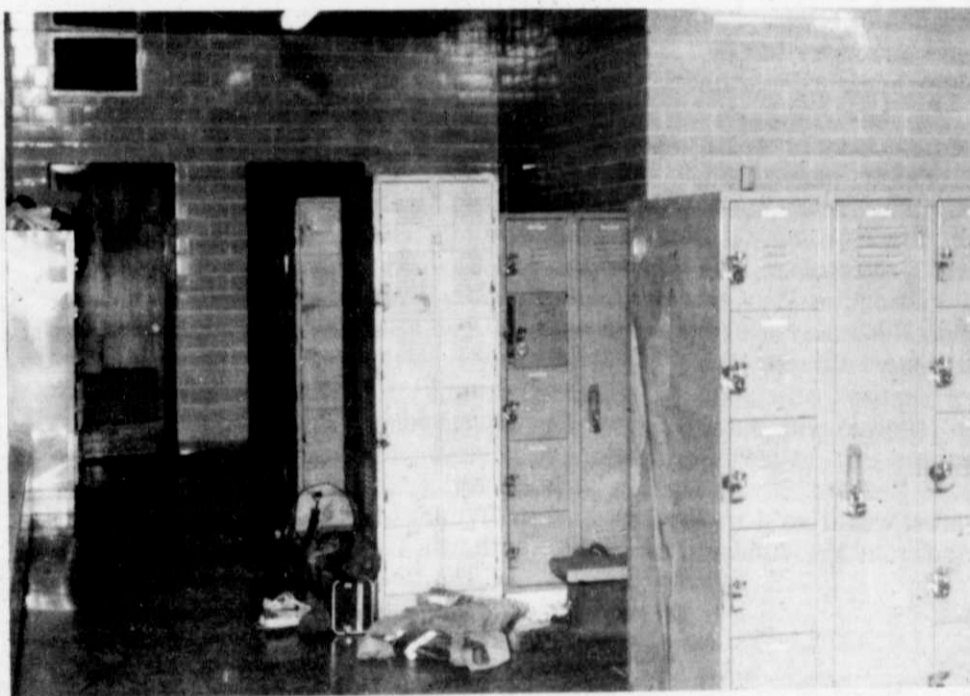

Kewaskum School District Referendum Steering Committee

Current physical science and chemistry rooms lack modern facilities, are undersized, and need additional ventilation.

Locker rooms and shower facilities for Kewaskum's boys interscholastic teams, physical education classes and visiting teams are grossly inadequate.

Current undersized girls' locker room facility must be used by all interscholastic sports teams and physical education classes.

Are Potato Skins Good for You?

By Joyce Albrecht
UWEX Family Living Agent

Potatoes are great for you; in some cases, potato skins aren't. That's because skins contain solanine, a natural chemical that can be toxic enough to cause headaches, fever, cramps and diarrhea... if you eat enough of it. The amount of solanine increases when a potato has been bruised, subjected to bright light or extreme temperature changes.

- store potatoes in a cool, dark place
- use within two to three weeks
- trim visible spots or blemishes
- if you notice a green tinge, peel the potatoes, paring away all the green
- gouge out any sprouts
- if a potato is soft or is excessively sprouted, throw it out
- if a potato tastes bitter, don't eat it -- that's a sign that excess solanine may be present.

The price of greatness is responsibility.

The first Social Security payment was made in 1937.

1945-'68.

After moving to the central Wisconsin area, he started the Mid-State Traffic Lines Co., which he then sold to his son, Joe.

Survivors include his wife; a son, Joseph of Rothschild; a brother, Earl (Dorothy) of West Bend; a sister, Dolores (Willard) Prost of Kewaskum; and other relatives and friends.

A funeral mass was held Tuesday, Feb. 1, at 7 p.m. at St. Therese Catholic Church, Rothschild, with Rev. Norbert King officiating.

Visitation was Tuesday at the church from 4 p.m. until the time of services.

The Hayden Funeral Home, 948 Grand Ave., Schofield, was in charge of arrangements.

EDGAR HOFF

Edgar G. Hoff, 92, of W1601 Highway 49, Brownsville, died Sunday, Jan. 30, 1994, at St. Agnes Hospital, Fond du Lac.

He was born Feb. 9, 1901, in Nenno, a son of Albert and Augusta Krueger Hoff. On April 2, 1923, he married Amanda Enderle at Lomira. She died on Nov. 19, 1969. On Jan. 9, 1971, he married Mamie Kedinger in Fond du Lac.

Mr. Hoff was a lifelong farmer in the Brownsville area and a member of St. Paul's Lutheran Church in Brownsville.

Survivors include his wife; six sons, Donald and his wife Teresa of Mayville, Lenard and his wife Bernice, Clinton and his wife Blondie, and Wayne and his wife Dorothy, all of Brownsville, Roland and his wife Joanne of Fond du Lac, and Rodney and his wife Jane of North Potomac, Md.; one daughter, Aimee Strelbow and her husband Gerald of Mayville; 27 grandchildren; 38 great-grandchildren; one great-great-grandchild; eight step grandchildren; three step great-grandchildren; three stepchildren, June Johnson of Milwaukee, Donald Kedinger and his wife Virginia, and Darlene Gross, all of Campbellsport; one sister, Viola Kliefoth of Fond du Lac; two brothers-in-law, Martin Enderle and his wife Marcella of Fond du Lac, and Raymond Rimmel and his wife Gertrude of Neenah; and one sister-in-law, Esther Hoff of Fond du Lac.

Preceding him in death were five sisters and three brothers.

Funeral services were held at 11 a.m. Wednesday at St. Paul's Lutheran Church in Brownsville. The Rev. Allen P. Zenker officiated. Burial was at the church cemetery.

Visitation was from 6 to 8 p.m. Tuesday at Kietzer Funeral Home in Lomira, and at the church from 10 a.m. Wednesday until the time of services.

Memorials in his name may be directed to Hospice Hope or to St. Paul's Lutheran Church.

**In Loving Memory
of my Dad
Hilbert A. Yogerst
"Hibbie"**

What makes me think of Dad: ice skates, that homemade ice rink, wood carvings, sled riding, horseradish, a rosary cross, pork roast, dumplings, and sauerkraut, horseshoes, worms, and fishing, the sing of a guitar, the button box, polka music, pushing the furniture back for a dance, cards, jokes, laughter, the #2, the smell of the shop, hunting and its stories, cows and their smells, plants, God's green earth, a sturdy oak tree, dandelion wine, sturdy shoes, a warm coat and my little "Hibbie."

I have to remind myself that I asked God to take your pain away; but I never imagined that never again was so long. I thank God for giving you to us, all the beautiful memories, the care you gave each of us, the way you approved of all of us, the little squeeze on the knee, your smile, and all the love in Daddy's hands.

Sadly missed by: Carol, Jerry, Matt, Luke, Sara, Lucas, Rosie, Tim and Claire.

IN MEMORY

In loving memory of Norbert Mueller who passed away Feb. 2, 1988:

Somewhere back of the sunset
Where the loveliness never dies
He lives in the land of glory
Mid the blue and gold of skies.

Gone from us who loved him
Into the Heaven of peace
The home of our loving Saviour
Where his soul is happily at ease.

His life is a beautiful memory
His absence a silent grief.
He sleeps in God's beautiful garden
In the sunset of perfect peace.

Dear missed by wife Ottilia,
children and grandchildren.

IN MEMORY

In grateful memory of Hilbert Yogerst who passed away one year ago, February 6, 1993.

God has not promised skies
always blue,
Flower strewn pathways all our
lives thru.

God has not promised sun with
out rain,
Joy without sorrow, peace with
out pain.

But God has promised strength
for the day,
Rest for the labor, light for the
way.

Memories of things you did and
said,
Will keep you close throughout
the days ahead.

Your presence was missed this
past summer,
When rowing through our spe-
cial spot.

An eagle soared over and I
knew you were there,
Watching, Caring, Protecting, as
you always did.

What a wonderful memory.
Thanks for sharing your wis-
dom.

Deeply loved and missed by
Bob, Lois, Becky, Katie & Joe

IN MEMORY

In memory of SYLVESTER FELLEENZ, who passed away 20 years ago, Feb. 6, 1974.

I watched through all your suf-
fering and often had to cry
For I knew that very soon I'd
have to say goodbye
When days are sad and lonely
and everything goes wrong
I seem to hear you whisper
cheer up and carry on
Every time I see your picture
you seem to smile and say
don't cry, I'm in Gods keep-
ing we'll all meet again
some day.

Deeply missed by wife,
Gertrude Felleenz.

IN MEMORY

In loving memory of Vashti Kapp, who passed away February 4, 1993:

When I am gone forever from this life
Erect no marble shaft for me.
But plant somewhere upon a dusty road
An acorn in my memory.
And plant it deeply that the seed may spring
Into an oak some distant day.
A tall and stately tree to spread
King shade for travelers who come that way.
And hold its' boughs widespread
To welcome there small feathered creatures
On the wing that they find sanctuary
And the world may share the loveliness they sing.
Then I shall rest in peace,
Content to know I have a monument
While oak trees grow!
I planted an acorn in memory of you grandma, and now I care for it just like you cared for your family.

We miss you,
Love, your family

Wisconsin Milk Marketing Teams Up With Badger State Games

One of Wisconsin's dairy finest gets an escorted ride around Madison's Capitol Square by Wisconsin lieutenant governor Scott McCallum at the recent 1994 Badger State Winter Games Kickoff Ceremony. Milk is the official beverage of the Games, and The Dairy Farmers of Wisconsin are a major sponsor for the sixth consecutive year.

MADISON... For the sixth consecutive year, the Wisconsin Milk Marketing Board, representing the Dairy Farmers of Wisconsin, will be a major sponsor of the Badger State Winter Games, the largest of its kind in the country, scheduled to take place February 4-6 in Wausau and North Central Wisconsin.

The games will consist of over 4,000 talented Wisconsin athletes participating in eight winter sports. These athletes

will get their energy from milk, designated the official beverage of the Badger State Games.

Banners, noting milk's designation as official beverage of the Games, will be hung at competition sites. Artwork has been provided to dairy processors to be used on milk cartons. Dairy processors will also be involved during the Games, with several processors providing product samples for participating athletes on-site at various events.

The Badger State Winter

Games will include competition in the following sports: hockey; downhill and cross country skiing; curling; figure skating; ski jumping; speedskating; and snowshoe racing.

Opening ceremonies are Friday, February 4, in Wausau. The games will take place through February 6 in the following North Central Wisconsin cities: Antigo; Iola; Medford, Mosinee; Rhinelander; Stevens Point; Tomahawk; Waupaca; Wausau and Wisconsin Rapids.

Herbicide Tolerant Soybean Seed Availability Increases

In March of 1993, Dairyland Seed Co., Inc. announced that it was the first seed company in the world to be releasing herbicide tolerant soybean varieties in maturity Groups I, II, and III. At the time, Dairyland noted there would be limited availability of these products for 1993. We checked with Dairyland to see what their 1994 availability looked like.

"The seed fields we've grown of some of our new DSR/STS soybean varieties are the best in the company this year," stated Soybean Production Manager, Dave Boettcher. Boettcher also noted that one of Dairyland's key producers, Phil Wesch, of Arcola, Ill., told him that the "DSR/STS soybeans jumped out of the ground and showed excellent early season vigor."

Dairyland reported that it's seeing excellent plant growth in the majority of its DSR/STS production fields. "There is a feeling that we've really captured some exciting growth traits in these DSR/STS products," stated Dairyland President Steve Strachota. As a result, Strachota indicated that they anticipated having excellent

supplies of DSR/STS soybeans.

"We were fortunate that the majority of our production acres of the DSR/STS soybeans were in areas unaffected by this year's excess rainfall," stated Boettcher. This has Dairyland quite pleased with its 1993 production levels.

While the production levels for Dairyland appear to be in good shape, there is still an underlying question of supply. Essentially, because of the new technology, it is difficult for Dairyland to predict the exact level of interest in these soybean products. "While we feel our supplies are in good shape, we believe that we will sell out of all DSR/STS soybean seed for

1994 planting," stated Strachota. "Due to the novelty of this type of product, it is difficult to predict precisely how the farmers will react. However, there is no question that these products have value for today's farmer."

Dairyland is the only family-owned seed company with research programs in soybeans, hybrid corn, and alfalfa. The Dairyland Soybean Research (DSR) breeding program was established in 1966 and includes varietal testing locations from the Rocky Mountains to the East Coast and from Canada to the mid-South. Company domestic breeding and nursery facilities are located in Clinton, Wis., Gibson City, Ill., and West Lafayette, Ind. Dairyland Seed also utilizes winter nursery sites at various locations in the southern hemisphere.

Village Board Meeting Minutes

**Special Meeting
January 5, 1994
8:00 p.m.**

The Village Board of Kewaskum, Washington County, Wisconsin, met in Special Session in the Council Room of the Municipal Building, 204 First St.

President Robert Wagner presided. Trustee Harry Roecker asked to be excused and was absent, all Trustee Members were present. A quorum was present.

The meeting was opened with a Moment of Silence and Pledge of Allegiance.

Discussion was held on the direction the downtown area is to go as well as the proposed uses for the Central Village Complex (old West Bend Savings Bank). The Chamber of Commerce as well as all abutting properties were encouraged to attend. The discussion process was informal as to promote and bring out a variety of view points.

Administrator Daniel Schmidt was asked to give a brief history as to how we came to be where the Village is today in reference to the building, etc.

1) Spring of 1980 the Village Board further realized a need for downtown parking.

2) Village took option on a building and land and promoted a joint business/public parking lot south side of Main Street west of railroad tracks. Died for lack of support by the property owners.

3) Tried again on joint parking in conjunction with TIF, but again died for lack of support.

4) Worked with dairy on upgrading the southerly parking lot along Railroad Street.

5) Purchased and tore down mill northerly parking lot along Railroad Street.

6) Considered a parking facility on the northeast corner of Railroad Street and Main Street.

7) Considered a parking facility at the old store adjacent to the railroad tracks.

8) Looked at several less desirable options.

9) West Bend Savings offered their two properties to the Village at a very desirable price.

a) Closing took place on 12/30/93.

b) Potential for 20 to 22 parking stalls.

c) Suggested uses:

1. Community/Senior Center
2. Library
3. Join with other adjacent land for a larger scale downtown development.

It was noted that there are currently two tenants in the building and that their leases would be adhered to.

It was further noted that the Village's population has increased 18.5% since 1980, while the number of vehicles registered in the Village has increased 26.7% since 1980.

Three abutting property owners as well as one tenant were present with four other Chamber of Commerce members present. The Library Director, Chief of Police, and Director of Public Works were also present with the news media.

The consensus was indefinite, with one exception that being a committee to be established by the Chamber with a Village Board representative on it to look at alternatives, etc.

On a motion by Trustee Thomas McElhatton, seconded by Trustee Gary Gavin and carried by the majority roll call vote to

adjourn. Roll call vote was 6 "Aye" 0 "Nay" 1 "Absent."

**Regular Meeting
January 10, 1994
8:00 p.m.**

The Village Board of Kewaskum, Washington County, Wisconsin, met in Regular Session in the Council Room of the Municipal Building, 204 First Street.

President Robert Wagner presided. All Trustee Members were present. A quorum was present.

The meeting was opened with a Moment of Silence and Pledge of Allegiance.

On a motion by Trustee David Goeden, seconded by Trustee Robert Beisbier and unanimously carried by voice vote, the minutes of the December 13, 1993 meeting were approved as printed.

Fire Chief Mark Groeschel brought up for discussion a request from the Fire Department to change the 3rd of July Fireworks to the Friday evening of the Kewaskum Firemen/Legion Picnic (July 8, 1994). The Fire Department explained that having the Fireworks and the picnic within approximately a week of one another was a lot of work and created a burden in getting adequate help for set up, etc. They also explained a decision is needed soon so as to provide the proper type entertainment. It was suggested the Village Board may wish to have an informal public hearing on the matter and the other option was to ask residents to vote on the matter. The Kewaskum Statesman indicated they would work with the Village to get a ballot in the paper this week so responses could be reviewed at the January 24, 1994 meeting of the Board.

Chief of Police Richard L. Knoebel reported that Officer Thomas Bauer is in the DARE training and that at the end of January will be in the local schools with the program.

It was also noted that provisions have been made to occasionally wash the squad car at Rain Dance at a cost of \$3.00 per wash versus paying an officer \$14.00 to do the same.

Director of Public Works, Jerry Gilles reported that there have been some water main breaks that have been fixed and that the broken street light cable on Main Street has been repaired. He suggested that the Board consider upgrading the Street Light system in the near future. The Board was also reminded that the street opening permit process has not been acted on and that should not be forgotten.

On a motion by Trustee Gary Gavin, seconded by Trustee Harry Roecker and unanimously carried by voice vote, the Board authorized the purchase of the tractor cab, blower and broom for the 1175 and trade of the old 430 tractor to Serwe, Inc., the low quotation of \$2,744.25.

On a motion by Trustee Robert Beisbier, seconded by Trustee

David Goeden and unanimously carried by voice vote, the Board authorized the purchase of a long box for the old garbage truck chassis from TESCO the low quotation of \$8,825.00.

On a motion by Trustee Thomas McElhatton, seconded by Trustee Gary Gavin and unanimously carried by voice vote, the Board authorized advertising the sale of the 1968 dump truck, tank and straight plow.

Administrator Daniel S. Schmidt, reviewed the following:

1) News notes regarding snow emergency response.

2) Mid-Moraine Municipal Association upcoming meeting January 26, 1994.

3) League bulletins and pending legislation.

4) The lack of volunteers for individuals to serve on the Library Board as well as the need for an individual to serve on the Plan Commission.

On a motion by Trustee Robert Beisbier, seconded by Trustee Charles Waala and unanimously carried by voice vote, the Board approved the payment of bills as recommended by the Administrative Committee. The total of all claims as recommended are as follows:

General	245,012.44
Sewer	12,783.92
A/P Check #7093 - #7208	
Water	11,799.60
Payroll	25,013.97
P/R Check #4770 - #4826	

TOTAL 294,609.93

Review of the informational meeting held on January 5, 1994 regarding the Central Village Complex (old West Bend Savings Bank) took place.

Board Representative for the Plan Commission, Trustee Thomas McElhatton reported that it was more than likely that a Plan Commission meeting would be held on January 25, 1994.

Board Representative for the Library Board, Trustee Charles Waala, reported that the Library Board wanted to thank Chief Knoebel for setting up the new computer for the Library and also reported that the circulation for 1993 was 36,210 compared to that of 1992 at 30,863.

Action was taken on Resolution No. 94-1 a resolution combining Resolutions No(s). 93-27 & 93-28 as per the request of the State Commissioners of Public Lands as attached hereto:

Administrator Daniel S. Schmidt reviewed with the Board the possibility of receiving some Local Road Improvement Program funding to go towards the improvements to be completed on Wildlife Drive. Two items need to be submitted; a three year local Street improvement program and an application. On a motion by Trustee Gary Gavin, seconded by Trustee Thomas McElhatton and unanimously carried by voice vote, the Board approved the Three Local Street Improvement Program as prepared.

On a motion by Trustee Thomas McElhatton, seconded by Trustee Harry Roecker and unanimously carried by voice vote, the Board authorized the signing of the application for LRIP Funds by the Administrator so as to receive

\$29,320.50 to go toward the payment of the road improvements on Wildlife Drive.

Action was taken on Resolution No. 94-2 a Resolution Establishing a Charge for Dishonored Checks as attached hereto:

On a motion by Trustee David Goeden, seconded by Trustee Robert Beisbier and unanimously carried by voice vote, the Board approved the purchase of the ACCU Vote ES-2000, Mark Sense Voting System, from Government business Systems, Inc. at a cost of \$6,250.

The request of the Town of Auburn for an extension on the signing of the Fire Contract was discussed by the Board taking into consideration the boundary changes and etc. It was noted that the contract as sent could not be revised for 1994, but that the Board would work with the Township in reference to 1995. On a motion by Trustee Thomas McElhatton, seconded by Trustee Charles Waala and unanimously carried by voice vote, the Board granted the extension until February 28, 1994.

The Municipal Building cleaning topic was tabled.

It was noted that at the meeting of January 24, 1994, the School Building Program will be explained to the Board at 7:00 p.m. and that the matter of the CATV franchise will be discussed at 8:00 p.m. possibly going into closed session because of the negotiations.

On a motion by Trustee David Goeden, seconded by Trustee Robert Beisbier and carried by the majority roll call vote, to adjourn to closed session under Chapter 19.85(1) (c) of the statutes to consider employment, compensation and performance of public employees over which the governmental body has jurisdiction. Roll call vote was 7 "Aye" 0 "Nay" 0 "Absent."

For The Birds

by A. Mi

Mid-winter often brings one to the conclusion that "spring will never arrive." There is something about those long winter nights and cold winter days that trick our senses a bit. Give us the feeling of being boxed in, to an extent.

For me, the best cure-all for these feelings is to take a second look at the birds around us. For some, it can be observing their feeder visitors. For others, a hike into the depths of a forest area. Birds have a pert manner about themselves which can lift ones spirits and provide hope to even the most negative of mankind. No matter the condition of nature...snow, ice, sleet, wind or cold...our little feathered friends bravely portray a resiliency beyond our wildest imaginations. Somehow they find shelter; food; and the heart to sing in spite of it all.

Indeed, there are somber days for all of us. And it is not always the weather alone which affects us. But when we think of those tiny winged creatures alone out there, braving the worst of living conditions...and still able to raise their lovely songs to the heavens...well, it always gives me a lift of spirit and faith.

And their sprite songs are an eternal reminder of "that which is to come." For following every winter, there is a spring. A green up time. A day when their many friends will return from the warmer climates and join them in the lush months of another summer.

If it wouldn't be FOR THE BIRDS, I am afraid our Wisconsin winters would be both long and dreary. But their daily reminders provide in and through their presence in our county is witness to the everlasting promise that there shall be a SPRINGTIME!

Dziedzic Ranked Number Two in the State KHS Wrestlers Score First-Ever Win Against Plymouth

By Noel Stollenwerk

PLYMOUTH - Fellow Eastern Wisconsin Conference Schools have made a habit of scheduling their Parent's Nights to coincide with a visit from Kewaskum teams. That trend may be on the way out, however.

Especially if KHS squads perform the way the Indian wrestlers did against EW power Plymouth here, last Tuesday night. The Indians recorded their first-ever dual meet victory against the Panthers, beating the hosts 33-31 in front of Plymouth's Parent's Night crowd.

"It's always fun to beat them on Parent's Night," KHS coach John Nell said of the victory. "Our kids really wrestled well. Even the ones that lost did a real nice job."

What Nell was referring to was that only two of the Indian

losses came via pinfall, thus preventing Plymouth from scoring additional team points. And those two pins came in the final two matches, after the outcome was virtually decided.

KHS pins by Joel Dziedzic (103), Jake Thull (125) and Tyler Dieringer (130) helped the Indians seize a commanding 24-6 lead early in the match. After Plymouth scored a couple of victories in the middle weights, the score was 27-19 heading into the 160-pound match.

"That was a really big match," Nell said of the bout pitting KHS' Chad Muckerheide against Paul Robinson. "We really needed that one."

The Indians got it, too, as Muckerheide scored a takedown in overtime to win 5-3. Rich Farchione then sealed the Indian victory, surprising Mike Mulder, 11-9.

"I'm sure that they (Plymouth) were banking on Mulder winning that match,"

Nell said. "Rich really handled him though. He had control of him virtually the whole match."

"The kids just never gave up," he continued. "They (Plymouth) are a tough team, and we knew that coming in. They are at full strength right now, so this was a really big win for us."

Nell said he still expects the Panthers to be the favorite in this weekend's EW Conference meet at New Holstein. But he added, "we're certainly going to be in it. It's going to be a very tight meet. Five teams, I believe, have a shot at winning it."

In a tuneup for that meet, the Indians hosted Two Rivers on Tuesday night in a makeup from a meet that was cancelled last week.

Nell also noted that Dziedzic, who improved his record to 22-1 on the year, is ranked number two in the state (Division 3) at 103 pounds. Two Rivers currently has the number five ranked wrestler at that weight.

JV Girls Win

By Noel Stollenwerk

KEWASKUM - It was almost a clean sweep for the Kewaskum girls basketball teams in their Parent's Night contests with New Holstein last Tuesday.

The Indian JV's joined the varsity in the winner's circle, beating the Huskies 40-27. The KHS freshmen were the lone Indians team to fall, losing 39-35.

Tiffany Laubach scored 20 points, and Michelle Thull added 15 to lead the JV's. "Missy Thull had some great rebounds," said JV coach Keith Amundson, adding that the key to the game was "great second half defense by all." The JV's improved to 3-5 in the Eastern Wisconsin Conference, and to 5-11 overall.

The freshman contest was a "closely played game all the way," according to coach Ken Soerens. Becky Heisdorf scored 15 points to lead the frosh, who fell to 3-11 on the season.

H T Wildcats Fourth in Tournament

The Holy Trinity Wildcat A-Annual Boys participated in the annual seventh and eighth grade basketball tournament hosted by St. John's Lutheran School in West Bend on Jan. 28 and 29. With eight teams participating, the Wildcats placed a respectable fourth.

In their first game played Friday night, the Wildcats were matched against the St. Francis Cabrini Warriors of West Bend. The Holy Trinity cheerleaders were present to encourage and lead the fans in support. Unfortunately, cheering was not enough as the Wildcats struggled with their offense throughout the game. The Warriors played a tough, aggressive defensive game and just did not allow the Wildcats in the paint area. Controlling the game, the Warriors came away on top 43-29.

Despite the demonation by the Warriors, the Wildcats did not give up, compiling the following stats. Dave Gerhartz led the team with 17 points including one three point basket and five steals. Derek Dorn added four points and led in rebounds with seven. Shaun Timblin scored three points while Jim Kopecky and Eric Wenninger added two and Chad Schoofs added one. Corey Amerling had six rebounds and Eric Wenninger three.

Saturday morning the Wildcats sized up to the St. John Lutheran Eagles from West Bend. During the first quarter the teams were pretty evenly matched with Holy Trinity holding a slight edge at the quarter's end 12-8. In the second quarter, the Wildcat offense really started to click as they began to pull away from the Eagles leading 21-11 at the half.

Displaying good, aggressive play and a great team effort during the second half, the Wildcats came away with the

win 43-30 over the Eagles.

Dave Gerhartz again led the Wildcats with 13 points followed by Derek Dorn with ten, Jason Butschlick added eight while Jim Kopecky, Corey Amerling, Chad Schoofs, Shaun Timblin, Chris Wessing and Eric Wenninger each contributed two.

Derek Dorn again led in rebounds with an impressive 17 followed by Shaun Timblin with ten and Dave Gerhartz with six.

The final game of the tournament found Holy Trinity facing the St. Stephen Knights from Horicon. The Wildcats had a slight height advantage but the Knights stayed with them for a close first half reflecting a 16-12 Holy Trinity half time score.

The Wildcats tightened up their defense in the second half holding the Knights outside the three point line. Not able to get inside, the Knights began attempting three point buckets and connected on several before the tough Wildcat defense began to limit the effectiveness of their shots. The Wildcats held on to take the win 41-31.

Leading the Wildcats was Dave Gerhartz with 18 points, four rebounds and five steals. Jim Kopecky had nine points, seven rebounds and four steals. Derek Dorn led in rebounds with 13 and added five points and starter Corey Amerling added nine points for the Wildcats.

Other team members who participated in the tournament for the Wildcats were Adam Gajewski, Jarrod Gruber, Luke Martin and Kevin Polzean. The players were coached by Tony Butschlick and Tom Timblin.

Immanuel Lutheran School of Cedarburg placed first in the tournament, followed by St. Francis Cabrini of West Bend, St. Mary's of West Bend and Holy Trinity of Kewaskum.

Wiesner, Zautner Among EW Scoring Leaders

By Noel Stollenwerk

KEWASKUM -- A pair of senior guards from Kewaskum rank among the scoring leaders in the latest Eastern Wisconsin Conference statistical information.

As of games played prior to January 26th, KHS' Ginger Wiesner ranks second in the EW in scoring, with 107 points (13.4 per game). Wiesner leads the EW in both free throws attempted (44) and made (31), and her 70.5 percent from the line ranks her fourth in the conference. The 5-9 scorer also leads the EW in field goals attempted (114).

For the boys, James Zautner is third in the league in scoring, with 106 points (15.1 per game). Zautner also leads the EW in free throws attempted (57) and made (42) and his 73.7 percentage ranks him third among players with 20 or more attempts. Zautner is also third in the EW in three-point percentage (6-12, 50%), and tied for third, with teammate Erik Ankerson, with 16 steals.

Ankerson is also among the conference's rebounding leaders with 51. KHS' Travis Jacak is second in the rebounding race, his 66 trailing only Sheboygan Falls' Rick Moser (76). Falls also has the top two scorers in the conference, Matt Wieseckel (133 points, 19.0) and Jason Meerdink (124, 17.7).

As a team, it is easy to see why the KHS boys are struggling in the EW (1-7 thus far).

The Indians are last in field goal percentage (37.5%), and are second last in points per game (52.4) and points allowed (64.1).

The Lady Indians, meanwhile, are second in a number of categories, including defensive field goal percentage (27.8%), steals (110), and offensive rebounds (114). The Lady Indians lead the EW in free throw percentage (52.2%), free throws made (82) and attempted (157).

Indian Boys Ice Cold In Loss to Huskies

By Noel Stollenwerk

NEW HOLSTEIN -- The Kewaskum boys basketball team took its poor shooting to a new low in the first half of last Friday's contest here against New Holstein.

The Indians missed all ten of their second-quarter shots, and scored just a single point in the period. That cold spell was the beginning of the end, as the Huskies scored a 69-45 victory.

The loss dropped KHS to 1-7 in the Eastern Wisconsin Conference, and to 3-11 overall. The loss, Kewaskum's fifth in its last six games, was the result of an Indian weakness shown all season.

"We haven't shot well all year," KHS coach Jim Westphal said. "It's something that you just can't explain. You just can't get any worse than 0-for-ten. It was just that kind of night, I guess."

Actually, the night started out well, as the Indians trailed by just one, 10-9, after one quarter of play. But that's where the good stopped, and where frustration took over.

"I don't recall ever scoring a single point in a quarter before," Westphal said of the collapse. "The shots were good shots - the kind we should make. Nothing went in, though."

All KHS could muster was a James Zautner free throw, while New Holstein raced to a 22-10 lead. The Indians compounded their poor shooting with some mental lapses late in the half. Those lapses led to six more Husky points, and the hosts took a 28-10 advantage into the lockerroom at halftime.

"We pretty much gave them six points there," Westphal said. "Twelve points is salvageable, but to get down eighteen points - that's pretty unmanageable."

The second half saw the Indians playing catchup, not their strong suit. Still, there were a couple of bright spots for Westphal. Eleven of the 12 KHS players scored in the game, as Westphal was able to get more extensive floor action. In addition, the Indians played well defensively.

"I've been real happy with our defense the past few weeks," Westphal said. "It's much better than what it was early in the year."

Tony Bunkelman and Travis Jacak each scored seven points to lead the Indians. Zautner, KHS' leading scorer, was held to just six free throws.

"They did an excellent job on James," the Indian boss said. "They were right up on him, not letting him drive to the basket, which is his strong suit. They just took him right out of the game."

Westphal did single out sophomore Joe Rettler, who made the only two shots he took.

"Joe played a very good game," Westphal said of the 6-2 forward. "He doesn't look to shoot as much as he should, but he works very hard. I've been real happy with his play."

Still, the poor shooting is haunting the Indians this season.

"I tried to tell them to loosen up, and keep shooting," Westphal said. "You have to keep taking the shots. I tell them the ball is going to go down sooner or later."

Wiesner Keys KHS Second-Half Surge

By Noel Stollenwerk

KEWASKUM - It took some time for the Kewaskum girls basketball team to get its offensive wheels spinning here, last Tuesday night. But once the Lady Indians did get moving, there was no looking back.

The Lady Indians had one of their best scoring halves of the season, as they rolled up 37 points in the second half against a shellshocked New Holstein squad. That output was enough to propel the Lady Indians to a 54-50 come-from-behind victory.

The win helped avenge an earlier defeat to the Huskies, who looked to be in control with a 30-17 halftime lead.

"It looked like the same thing was happening again," KHS coach Glenn Eichstedt said of the big deficit. "But (we) came roaring out of the blocks in the second half."

Leading the charge was senior guard Ginger Wiesner, who almost single-handedly kept KHS close in the first half. Wiesner had three baskets in the third quarter, and got help from Ali Bruendl and Missy Radtke, who each added five points. Collectively, KHS outscored the Huskies 20-9 in the period, pulling to within two, at 39-37.

"(The third quarter) was our best offensive period of the season," Eichstedt said, also commending play on the other side of the ball. "Our team defense created numerous turnovers."

But New Holstein regained its composure and upped the lead to 44-37 minutes into the final stanza. Once again, however, the Lady Indians were up to the challenge.

Wiesner had another big quarter, scoring eight points, mostly off isolation plays. Her play triggered the Indians on a 15-3 run that put KHS ahead 52-47 with just over a minute to play. That was enough for a KHS win, their third against five losses in the Eastern Wisconsin Conference. The Lady Indians are 7-9 overall.

"Tremendous credit should be given to Missy (Radtke) and Ali (Bruendl) for turning the momentum in our favor," Eichstedt noted. He also singled

out Mary Yahr, who "came off the bench to give us a boost." Also, Missy Rohrer "put together a strong game defensively."

Wiesner finished with 21 points, while Yahr added 10, and Radtke nine, along with 13 rebounds. Tammy Kraus and Carrie Weber each had 10 points to lead the Huskies.

The win was encouraging to Eichstedt, especially after the Lady Indians played well in nearly upsetting league-leading Two Rivers just two days earlier.

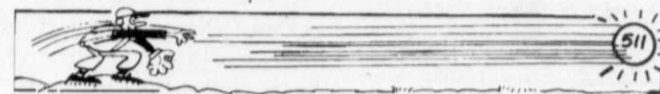

"We had just outplayed the

top two teams (record-wise) in our conference," he noted, adding that he hopes to make it three for three this Friday. That's when the Lady Indians host Chilton.
