## Valley Bank Will Be Bank Wisconsin

John C. Schlosser, Chairman of the Board, President and Chief Executive Officer of St. Francis Capital Corporation and its affiliate St. Francis Bank, F.S.B., in a recent visit to the Kewaskum Statesman office talked candidly about their acquisition of Kewaskum's Valley Bank.

Beginning shortly after October 31st, after seeking and acquiring a number of regulatory approvals, Valley Banks in Kewaskum and Hartford will both be named Bank Wisconsin, with Kewaskum as the parent branch.

"The name reflects our ties to Wisconsin," remarked Schlosser, and pointed out St. Francis' 72 years of business in

Milwaukee. "These two offices (Kewaskum and Hartford) are very valuable businesses, and we hope to expand further through branching or acquiring other banks."

"We offer a full range of business and consumer services, including home mortgage loans," Schlosser explained. "Our services will basically remain the same, except we will be expanding in the home financing area. We want to offer as broad an array of services as possible."

The Bank Wisconsin-Kewaskum branch will increase its emphasis on home lending to meet the needs of recent community-wide growth. Its central

location serves the needs of Kewaskum, as well as West Bend and Campbellsport.

All checks will be replaced for customers as soon as possible to avoid any inconvenience, Schlosser stated.

In other related news, it was announced that Thomas R. Perz has been appointed to the position of President and Chief Operating Officer of the St. Francis Bank, effective October 1, 1994.

In announcing this change, Schlosser noted the need to devote more time to pursuing St. Francis Capital Corporation objectives. "One of the major goals of our Company is to grow through successful acqui-

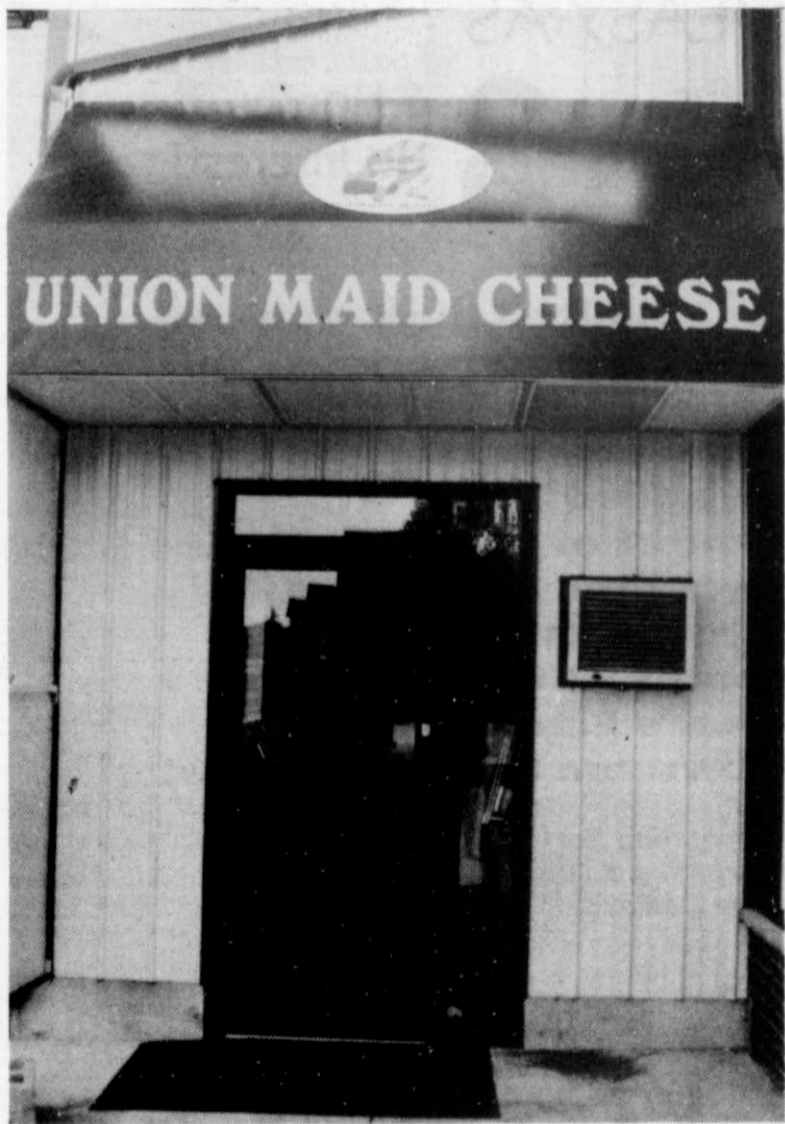

sitions, and this change will provide a greater opportunity for me to pursue those and other Company objectives," Schlosser stated. "We continue to seek suitable acquisition candidates among thrifts, and will now be pursuing additional partners for our soon to be acquired commercial banking offices in Kewaskum and Hartford," he added.

St. Francis Capital Corporation (NASDAQ:STFR) also announced that it has adopted a share repurchase program for its Common Stock. Schlosser stated that the repurchase program was adopted to improve earnings per share and return on equity and represents an attrac-

tive investment option for the Company and its shareholders. He added that the Company has received notification from the Office of Thrift Supervision ("OTS") that the share repurchase program is consistent with OTS regulations.

St. Francis Capital Corporation, with \$990 million in assets, is the holding company of St. Francis Bank, F.S.B., which is the third largest Milwaukee based savings institution. Founded in 1923, St. Francis Bank, F.S.B. operates 11 full-service offices throughout Milwaukee, Waukesha and Ozaukee Counties and four additional limited service facilities.

## Rural Town of Kewaskum Residents Oppose Rezoning

By Louise Martin

Washington County is the fastest growing county in the State of Wisconsin and the rural area surrounding Kewaskum is becoming a more attractive, inviting setting for those people wishing to escape urban growth.

Several town residents were in attendance at the Town of Kewaskum's August board meeting to voice their concerns and opposition to proposed rezoning of land currently zoned as Exclusive Agricultural or Agricultural Transition.

The town currently has a land use plan that was adopted in the

70's with the purpose of protecting the town farmland, the environment, soil, water, air and to preserve the quality of life. Until recently, requests for zoning changes were few.

Residents are concerned that the uniqueness, the openness, the rural setting of the Kettle Moraine will be disturbed if rural land development is permitted.

One resident stated, "just because other townships are changing and developing doesn't mean we have to follow suit." The Towns of Richfield, Erin and Germantown were cited as

## Kohlsville Woman Is County's Fifth Fatality

On Monday, August 22, 1994, at 6:22 a.m., Washington County suffered its fifth traffic fatality of 1994. The accident occurred on CTH D, .3 of a mile east of Aurora Road in the Town of Wayne.

A seventeen-year-old Kohlsville woman, Jeanette K. Schulz, was pronounced dead on the scene of the accident by Washington County Coroner Marlene Yoost.

The accident occurred when the westbound vehicle, driven by Schulz, who was alone, crossed the center line and struck an eastbound truck being driven by Gary I. Sampson, 45, of 1010 Mary Lane, Lomira.

Sampson took evasive action, but was unable to avoid the head-on collision. He was transported to St. Joseph's Community Hospital, West Bend, by the Kewaskum ambulance.

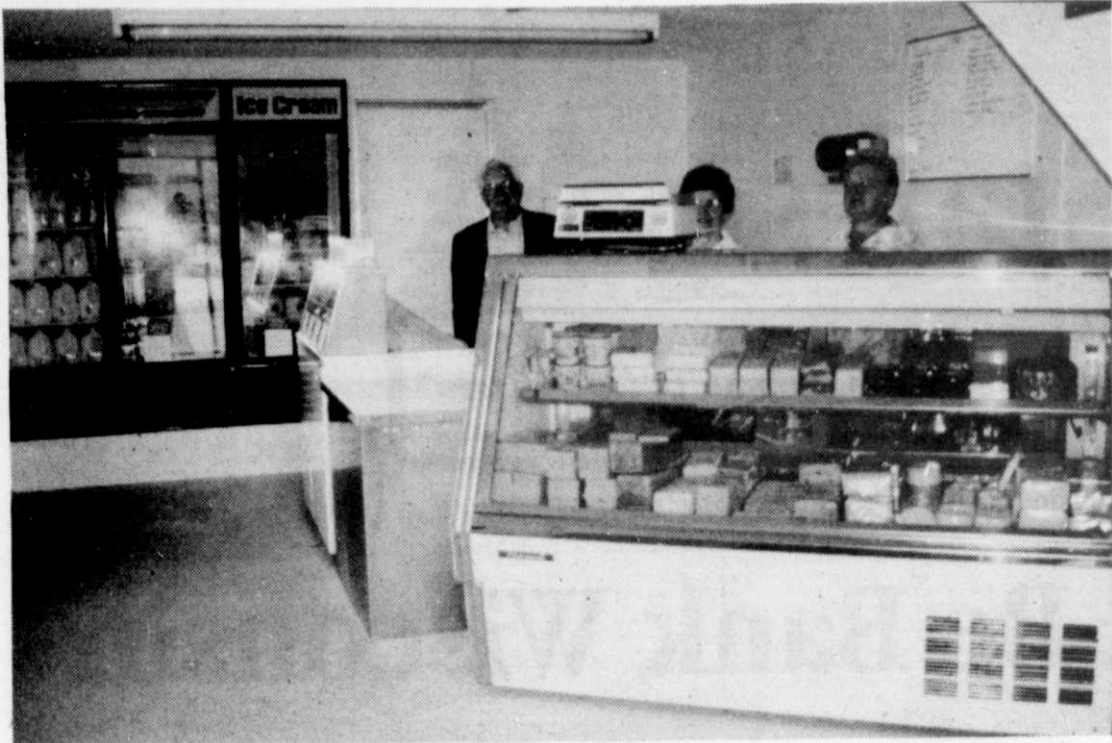

The Kohlsville Fire Department and First Responders, along with units from the Kewaskum Fire Department, responded to the scene. The accident remains under investigation by the Washington County Accident Investigation team.

Jeanette K. Schulz, was the daughter of Gerald and Elaine Schulz of Kohlsville. Her obituary appears on page 12.

## Best Trailer Benefits from Move

# BEST TRAILER CORPORATION

Owners of Best Trailer pictured left to right: Mark Holz, Jerry Remillard and Lionel Remillard.

A finished trailer is ready to be shipped to Arizona.

By Sharon Callaway Roznik

Since November 1993, Best Trailer has been operating from its new location on Highway 45, south of Kewaskum.

Adding an additional 34,000 square feet of space by moving from West Bend into the former Badger Packaging building has been an asset for the company who manufactures trailers used for hauling construction equipment.

We've added hoists, welders, plasma cutter, a forklift... I guess we've spent some money," part-owner Jerry Remillard explains about the move. His partners include his brother, Lionel of Allenton, and Mark Holz of West Bend. Jerry's son Jason also works for the company. They've recently put in an order for a new \$40,000 paint booth.

Best Trailers haul equipment such as backhoes, cats, and skids used in the construction industry. The business originated in West Bend in 1988, and since then, has received orders from all over the United States. "It's a very competitive field," remarks Jerry, who spends a lot of his time bidding for jobs.

The business employs approximately 15 to 20 employees, and a typical shift runs from 6 a.m. to 5 p.m., "but lately we've been putting in a lot of overtime."

Their busy season begins after the first of the year when companies are getting ready for the spring construction season and they cover the entire United States as far as highway departments are concerned.

The large trailers are built

THURSDAY, AUGUST 25, 1994 PAGE 3

completely from start to finish within their shop, and painted before they're shipped out. One of the largest trailers yet is a 48 foot long by ten feet wide version with a 70 ton capacity, getting ready to be shipped to Pennsylvania.

Another 24 trailers are bound

for the state highway department of Arizona. Remillard adds, "we've also done some federal work with the Tank and Automotive command of the Armed Forces."

It takes a great man to make a good listener.

Letters to the Editor

To Kewaskum School District Voters,

WE CARE

The concerns have not gone away; the crowding has not diminished; outdated, undersized and inadequate facilities have not been improved. We say we are concerned with quality education for all students and we know have a chance to TAKE ACTION. On September 13th school district residents will be asked to vote on several parts of the school district building and remodeling plan. This plan offers a comprehensive, multi-discipline answer to our district's physical needs.

With overcrowding at an all time high and students and teachers being shuffled between buildings, it is time to address the current and future growth in

the Kewaskum School District. With this growth, the school tax has decreased by over \$1.00 per thousand dollars of equalized valuation of property for the coming year, greatly reducing the financial impact of the referendum. Approving the referendum NOW will save the taxpayer from paying increasing building costs and interest rates.

Areas of our schools are a disgrace. Many people who have taken the tours are shocked at the conditions, and realize why students, staff and families are embarrassed to have other schools visit our district. Be informed. Be armed with the facts. Take a tour of the schools and see for yourself why you should VOTE YES ON SEPTEMBER 13th.

prime examples of such development and are not necessarily seen as favorable improvements to the rural area. For most in attendance, the thought of possible subdivisions dotting the rural landscape was not appealing.

Town Chairman George Allmann has invited representatives from the state in charge of agricultural zoning to the next town board meeting scheduled for September 19th to hopefully receive some insight as to what direction the agricultural program is taking.

Acting on a recommendation from the Plan Commission, the town board denied a request from David and Marilyn Jung to rezone approximately 40 acres from Exclusive Agricultural to Agricultural I.

Marvin and Gladys Tackes presented a request to rezone approximately 40 acres at the end of Mill Road with the intended purpose of selling an eleven acre parcel on which a one family residence would be constructed. In order to do so, Mill Road would need to be extended 1/8 of a mile. A concern was raised and discussion followed as to who, the town or the land purchaser, would be responsible and bear the expense of building the road extension. The town board tabled the request until the

September meeting to allow the attorneys to determine road ownership.

Theodore and Joyce Moyer are in the process of restoring the Becker farm home and requested the rezoning of approximately 38 acres from Agricultural Transition to Agricultural I. Following the recommendation from the Plan Commission, the town board tabled the request until the September meeting pending more information on the possible division of some commercial property instead of considering this rezoning request.

A request for a Conditional Use Permit on property owned by Alice Karl Estate was also tabled by the board pending more information.

In other action by the board, a bid from Campbellsport Building Supply was accepted to construct a recycling building on the town hall grounds for \$23,800 with the town doing the site preparation.

## Named U.S. Achievement Academy Award Winner

Nicholas Brettigen

The United States Achievement Academy announced recently that Nicholas Brettigen, Kewaskum, has been named an All-American Scholar.

The USAA has established the All-American Scholar Award Program in order to offer deserved recognition to superior students who excel in the Academic disciplines. The All-American Scholars must earn a 3.3 or better grade point average. Only Scholars selected by a school instructor, counselor, or other qualified sponsor are accepted. These scholars are also eligible for other awards given by the USAA.

Nicholas who attends Kewaskum High School, was nominated for this National Award by Mr. Curt Winterfeldt.

Nicholas will appear in the All-American Scholar Directory, which is published nationally.

"Recognizing and supporting our youth is more important than ever before in American history. Certainly, winners of the All-American Scholar Awards should be congratulated and appreciated for their dedication to excellence and achievement," said Dr. George Stevens, Executive Director of the United States Achievement Academy.

The Academy selects All-American Scholars upon the exclusive recommendations of teachers, coaches, counselors, and other qualified sponsors. Once awarded, the students may be recognized by the USAA for other honors.

Nicholas is the son of Mr. and Mrs. Jeffrey Brettigen. The grandparents are Mr. and Mrs. Allen Brettigen of Greenfield, and Mrs. and Mrs. Vern Lorbiecki of Colgate, and Mr. Lawrence Wergin of Menomonee Falls.

Members of the Kewaskum 4-Hers are pleased with the cooperation they are receiving in the Adopt-A-Highway program. When they picked up trash along Highway 28 East of St. Michaels on Saturday, Aug. 13, they found very little trash. Thanks for your help and keep up the good work!

The letter from the Village Engineer relating to certain matters regarding Conrad Street were reviewed and it was determined by the Board to not take action until such time as those improvements and points are addressed.

On a motion by Trustee John Borland, seconded by Trustee David Goeden and unanimously carried by voice vote, the Board approved the placement of a stop sign at the intersection of Conrad Street and Wildlife Drive.

On a motion by Trustee Robert Stoltzmann, seconded by Trustee William Kulas and carried by the majority roll call vote, the Board approved the Temporary Class "B" Retailer's Licenses for the following:

Kewaskum Area Chamber of Commerce, August 6, 1994 - RHP - Chamber Summer Dance.

Kewaskum Lion's Club, August 14, 1994 - RHP - Lion's BBQ.

Kewaskum Historical Society, September 11, 1994 - RHP - Early Farm Days.

Note: The Police Department had no objections to any of the applications. Roll call vote was 6 "Aye" 0 "Nay" 1 "Absent."

On a motion by Trustee Charles Waala, seconded by Trustee

John Borland and unanimously carried by voice vote, the Board approved the agents for the aforementioned events. (Leander Kempf, Frank Beesten and Phyllis Schmidt.)

On a motion by Trustee William Kulas, seconded by Trustee Robert Stoltzmann and unanimously carried by voice vote, the Board authorized the sale of abandoned bikes and obsolete items as listed. The items will be sold by Paul Auction Company.

Discussion was held on the placement of sidewalk along the east side of Reigle Drive adjacent to the High School athletic field. It was noted the School Board has not been receptive to the placement of the sidewalk due to the lack of street right of way. The Village Board suggested that they would work with them regarding the cost of the installation and the School Board still rejected. It was noted the original cost to the School District was \$7,280.00, with the Village Board offer to co-pay the project sharing the expense at \$3,640.00 each. This option was rejected and it was suggested the Village place the sidewalk in the street. The estimated cost to accomplish this would be \$14,163.00 and this cost would be assessed 100% to the School District. The consensus of the Board was to send a letter to the School Board explaining the circumstances and informing them that the Village President would be willing to meet with them.

On a motion by Trustee Charles Waala, seconded by Trustee Robert Stoltzmann and unanimously carried by voice vote, the Board changed the meeting dates for the month of September due to Labor Day to September 12 and 26, 1994.

On a motion by Trustee William Kulas, seconded by Trustee Charles Waala and carried by the majority roll call vote, to adjourn. Roll call vote was 6 "Aye" 0 "Nay" 1 "Absent."

## Goeden Retains Point Lead Tracy Takes Checkered Flag at Plymouth Race

(PLYMOUTH, WI) Randy Tracy of Plymouth took the checkered flag in the 30 lap Eastern Wisconsin Stock Car Association Modified feature race Saturday night at Sheboygan County Fair Park.

Tracy started from the pole and powered into the lead on the drop of the green flag. By lap 8, the 22 year veteran had opened up a half-straight away cushion over two-time Modified track champion Donny Goeden of Kewaskum. Goeden, who started fourth, closed up to Tracy's rear bumper on lap 12 as the leaders worked through slower traffic. Over the next eight circuits, Goeden pressured Tracy but was unable to make a serious attempt to pass.

The red flag flew on the 20th lap when Kewaskum driver Bill Wenninger made contact

with the front stretch wall. When the race returned to green flag action, Tracy held the low groove and pulled away from Goeden over the final five laps to claim his second win of the year.

Goeden's second place finish assured him of keeping the point lead for another week, Chuck Melis of Plymouth finished third, Milwaukee's Pete Ostrowski moved up from ninth starting position to claim fourth spot, and Eddie Staehler of Kewaskum rounded out the top five finishers.

In the Sportsman division, Frank Geiger of Two Rivers won his first feature race of the season in the 25 lap main event.

Pole sitter John Borth of Sheboygan led the first circuit before Glenbeulah's Howie Weiss, who started third, took

over the top spot on lap 2. Over the next thirteen laps, Weiss moved out to a comfortable half-straight away lead over ninth starting Geiger. Geiger closed the gap on lap 15 when Weiss began to encounter lapped traffic.

The two leaders raced side by side and diced by slower cars on lap 16 through 18 with Geiger finally taking the lead on lap 19 exiting turn four. Geiger stretched his lead over the last six laps to score the victory by a ten car length margin over second place Weiss.

Dave Haag of Plymouth worked up from tenth starting position to take third, Plymouth's Steve Hoffmann finished fourth after starting thirteenth, and defending Sportsman track champion and fast qualifier Randy Markwardt of Sheboygan started sixteenth and finished fifth.

Defending track champion Brad Ruh of Elkhart Lake won the 20 lap Hobby Stock feature to earn his first trip to Victory lane this season.

Pole starter Jim Bailey of Oostburg held the lead for the first sixteen laps before a red

flag came out for a four car incident in turn four involving point leaders Chad Kistner and Brian Gilles of Elkhart Lake. On the restart, the eleventh starting Ruh charged past Bailey coming off the second corner.

Ruh opened up his lead over the final three circuits to become the tenth different

Hobby Stock driver to win a feature race this season. Rookie driver Barry Maas of Cascade placed third, Plymouth's Scott Marquardt was fourth, and Chad Czuppa of Random Lake took fifth.

In other action Saturday night, Tommy Johnson of Slinger won the 10 lap Modified C semi-feature while Fred Clatt of Sheboygan Falls took the win in the 15 lap Modified B semi. Twenty year veteran Jeff Gierke of Kiel won the 15 lap Sportsman semi-feature. Point leader Jim Pitzen of Plymouth won the 5 lap Sportsman dash for cash. The 15 lap Hobby stock semi-feature and 10 lap consolation races were won by Donny Kulow and Mark Brass of Howards Grove respectively. The three Powder Puff heat win-

ners were Diane Fechter, Tracy Lierman, and Heather Mueller.

Tim McMullen of Sheboygan and Mike Bergmann of Slinger rolled in the second Modified heat race while Jay Stone of West Bend and Bill Kruetz of Kiel flipped hard in the Modified B semi-feature. Each driver escaped without serious injury.

# Area Runners Excel in Kettle 20

KEWASKUM - Call it the home course advantage if you will.

Running on familiar ground, several Kewaskum-area distance runners performed quite well in last week's 21st annual Lions Club Kettle 20 races.

Heading that list of fine performances were Scott Branta and Todd Rodenkirch, who finished 1-2 in the men's 3.5 mile race. The pair, both living in Kewaskum, crossed the wire in 17:09 and 19:29, respectively, easily outdistancing the rest of the competitors in that event.

Former Random Lake High School ace Sue Daggett, now residing in Kewaskum, also won her event, besting the field in the women's (18-29) 12.5 mile race. Daggett's clocking of 1:21:09 was more than five minutes faster than the rest of the field.

Other Kewaskum residents finishing first in their respective races included Patti Aupperle in the women's (16-29) 3.5 mile (30:24); Natalie McCoy in the women's (40 and over) 12.5 mile (1:27:18); and Damien Doherty in the men's (1-17) 12.5 mile (1:29:30).

Other winners in the various races were:

# Depth to Help Make Up for Lost Quality KHS Gridders to Open Friday at Campbellsport

By Noel Stollenwerk

**KEWASKUM** - How do you replace a departed senior class of 15, which included one of the best running backs in school history?

"It's going to be very difficult," says Clark Pearson, Kewaskum's head football coach. It will be Pearson's task to fill the void left by those graduated players, and while it won't be easy, there are many bodies available for him to plug into the equation.

A total of 22 returning letterwinners will help make the transition from last year's 6-3 squad that finished second in the Eastern Wisconsin Conference. Only a 7-6 loss to Sheboygan Falls in the final game of the season prevented the Indians from making the playoffs for the first time since 1983.

Gone from last year's team is EW Player of the Year Beau Coulter, who rushed for over 1,000 yards and played a bone-jarring role in the defensive backfield. His lead blocker, fullback Mark Strobel, is also gone, as is all-EW center Jay Enright.

What remains, however, is a plethora of healthy bodies.

"Depth is going to be one of our strengths," Pearson said. "We seem to have more people out this year. We also have decent size."

That should translate into some decent line play, both offensively and defensively. Back are starters Andy Mathias, Dane Dorn, Jared Pankonin, and Eric Beck. Add to the mix juniors Jason Schmidt, Nathan Scheel, Matt Wiedmeyer and the trenches should be as good or better than last season's group.

Quarterback Dan Survis also returns to the fold this season, after a solid junior season last year. His experience is a key, according to Pearson, who says his team will need to rely on the passing game more this year.

"He did a good job for us last year," the KHS boss said of Survis. "He handles the ball very well... makes very few mistakes."

Joining Survis in the backfield will be seniors Tim Strigenz, Cory Rammer, and junior Aaron Kurth, who are all battling for the starting running back position. Senior Rich Farchione is the favorite for the starting fullback spot, while Peter Reis should occupy the

wingback slot.

"There's a real battle for a lot of spots," Pearson said, noting that his set starting lineup has not been determined yet. "We're (the coaching staff) really torn at a couple of positions. A lot of kids are performing at the same levels."

Seniors Travis Jacak and Paul Reis are the top returning receivers on the squad, and should nail down starting spots.

Defensively, senior Shawn Erdmann looks to have a linebacking spot secure, as does junior Tim Gundrum. Seniors Ryan Theusch, Matt Towler, and junior Matt Heather are battling for the other linebacking spots.

The defensive backfield should be another KHS strength, as all-EW selections Rammer and Strigenz will anchor that crew. Joining them will be juniors Joe Rettler and Ryan Herman, while senior Nathan Cartwright "is really pushing for a starting spot," according to Pearson.

"We're going to mix it up defensively," Pearson said, adding that the Indians will use a base 5-2 defense. Offensively, KHS will continue to run a wing-T formation, with some deep I-formation plays as well.

In the EW, Pearson points to defending champs to once again be among the league's elite.

"Falls always seems to produce one good team after another," he said, adding that Plymouth "should be right up there also."

As for his team, "we would like to be in the top two,"

and possibly earn a berth in the WIAA playoffs. "That's a goal of ours. We want to continue to improve each year. It'll be a challenge."

**THIS WEEK:**  
The Indians open their

regular season Friday night at Campbellsport in a 7:30 affair.

Because it is the first contest for both squads, Pearson says he has nothing to go by as far as knowing about the

Cougar's style of play.

"I know almost nothing about them," he said. "They have made the playoffs the past couple of years, so I know they have some good tradition up there. But we have no scouting report to go on."

The Indians beat the Cougars in the season-opener last year, 6-0.
