## Nicole Lynne Schneider is Kewaskum Centennial Baby

Proud parents, Sue and Jeff Schneider, with their two daughters, Amanda, and Centennial baby Nicole.

By Louise Martin

There was a reason Nicole Lynne Schneider was two days late. Due to her timely arrival on Sunday, June 11th at 6:07 p.m., Nicole has been honored as the Village of Kewaskum First Centennial Baby and as such, Nicole and her parents, Sue and Jeff Schneider were the lucky recipients of a basket of assorted gift items donated by Kewaskum area businesses.

Coordinated by the GFWC Kewaskum Junior Woman's Club, a variety of

items were collected and delivered to the Schneiders. The gifts included a \$50 Savings Bond from West Bend Savings, a portrait package from Hollywood Studios, a bottle of sparkling grape drink from Kuehl's Suds and Spirits, a bouquet of flowers from Kewaskum Floral, a gift certificate from Kewaskum Pharmacy, four free toning sessions from the Toning Shoppe, a gift certificate from Village Hair Stylists, a dinner certificate from Hon-E-Kor, a one year subscription to the Kewaskum Statesman and Avon

crystal products as well as several items for Mom from area Avon representatives Connie Gasner, Cindy Ratzel, Kathy Giese, JoAnn Bauer and Carol Oelhafen.

Nicole was born at St. Joseph Community Hospital in West Bend. She weighed eight pounds, 13 ounces and was 20 3/4" long. Nicole joins her big sister, Amanda, who is four, at home.

Congratulations to the Schneiders for having the Kewaskum Centennial baby and many thanks to all the generous businesses who donated gifts.

## Board, KEA Agree on 3.8% Settlement

# Preliminary School Budget Figures Announced

By Sharon Callaway Roznik

Computers, lists of school equipment, and trying to meet everyone's needs was the function of the school board at last Monday night's meeting.

Temporarily packed into the village's community room until school construction work is completed, the board tried to decipher computer terminology, and decide what systems would best benefit the district, and allow for future upgrading.

Board member Mary

Andera had questions concerning the list of new KHS furnishings up for approval, which included 15 IBM55 computers, at a cost of \$38,895.00. She stated that she recently spoke with a computer "guru," who indicated these models were already obsolete, and wondered if perhaps these computers were being "unloaded" on us (the district). "If we do this, I would hate to see us buying, what I would call, Milwaukee freeway computers, that they're outdated

before they're built."

Several of the board members indicated their computer knowledge did not allow them to make this kind of decision at this point, and more information would be needed in order to make the right choices. "It is crucial that they be upgradable and expandable," board member Karen Sparks added.

In order to approve the list of equipment as presented, the board left the computer decisions to the administration, asking that they look

## Berger Rezoning Request Approved Restricted Parking Issue to Committee

By Lana Harbeck Kuehl

The main topic of discussion at Monday evening's Village Board meeting centered around the issue of restricted parking on Third Street and Bilgo Lane in Kewaskum.

The issue came up towards the end of the school year following the huge bottleneck of traffic along these streets that are located in close proximity to the Kewaskum High School and Elementary School.

It is realized that some of the traffic congestion was caused by the construction area surrounding the high school and the fact that one parking lot was located in the construction zone and had to be shut down.

But it is also common knowledge, as enrollment grows and more and more young people acquire vehicles and jobs after school, parking space at the high school could be at a premium.

Police Chief Richard Knoebel brought the issue before the board requesting some type of direction to take to alleviate the growing problem before school resumes in August.

Knoebel stated, "The one day I counted 60 cars out on the streets and there were 110 spots in the lot, so there was enough room on the lot, even with the construction. And I'm hearing from some of the people in the neighborhood if they get people visiting during the day, they can't even park in front of their house; they have to park a block and a half away."

Knoebel added, "Another problem with having cars parked there all day like that in a school area, with the problems we're having with the gangs and everything else, we'd like to have all their school cars on school property. That way we know if there's strange cars around. All of a sudden we're going to have a bunch of extra people coming in on the school property that we don't need."

President Wagner asked, "Couldn't we get the school to issue parking permits?"

Knoebel answered, "They

do have parking permits for their lot. They cost \$5 a year and some of the kids don't want to spend the \$5 and they're finding that they get out alot faster and if they want to skip out it's easier for them to run out to their car if it's off the lot."

Wagner added, "When I was going to school it was a privilege, it wasn't a right. You had to earn the privilege to take your car to school."

Knoebel reiterated, "Things have changed though... but when there's 110 spots left in their lot, there's no reason for 60 cars to be out along the street."

Knoebel sent letters to all residents in the neighborhood and was awaiting feedback from them. He had received complaints from residents who had come home for lunch and couldn't get into their driveways, because cars were hanging over them.

When asked if these cars had been ticketed, Knoebel replied, "Yes, but that doesn't help the guy trying to get into the driveway at that time."

A representative of the residents of Bilgo Lane, Dick Schlice, was in attendance, and commented that he had been in contact with all residents along Bilgo Lane. Each resident was grateful for the letter Chief Knoebel had sent in regards to the parking problem. Schlice had also been in contact with the school administrators who stated the parking issue would be addressed.

Schlice stated, "Now I am speaking for everybody on the block, we oppose having restricted parking on Bilgo Lane. We would like to wait until the school year gets into session to see how the school progresses, see how they handle their end of the parking lot."

Schlice added, "We would like to go on record as opposing. We kind of feel that we are still a residential area. We would like to try to maintain that. We don't want a whole street full of signs. But we would like to keep the option open with the village that if it doesn't work out that we can come back to the village. Because we have some other

(Continued on Next Page)

alternative suggestions that maybe we can offer at that time."

Wagner asked, "When you talked to Dr. Heather, did he make any suggestions about trying to force the kids to park on the parking lot?"

Schlice answered, "They are going to completely look over their parking restrictions and completely review all that."

Knoebel added, "You have to remember we had

buses backed up 2 1/2 blocks there after school and before."

Knoebel also stated he would like to see something done about Third Street before school starts and parking habits and problems are formed. He mentioned he had been in contact with the school officials but said, "How are you going to force somebody to park on the school property the way people's rights are nowadays?"

After further discussion, it was decided to bring up the issue with the Protection and Public Safety Committee prior to the next meeting.

In other matters brought before the Board, members unanimously approved the request of Michael and Judy Berger to rezone the parcel of property located at 417 Main Street from R-2 Single Family Residence District to B-3 Central Community Retail Business and Service District as previously approved by the Plan Commission.

## Nighs Preparing to Spend Year in Russia

David and Barbara Nigh

Former local business owner and village official David Nigh, along with his wife Barbara, have qualified and been accepted to be involved in the CoMission Project currently underway in the former Soviet Union. The Nighs will serve from July 1996 - July 1997.

The CoMission is a cooperative venture of over 70 christian organizations. At the request of school officials in several republics of the former Soviet Union, the CoMission has been invited to train their educators to teach Christian morals and ethics as a foundation for society. "We closed God out of our country and it caused so many problems in our society we can not count them. We must put God back in our country and we must begin with our children," says Evgeniy Kurkin a deputy minister for the Russian Ministry of Education. The goal of the program is to send CoMission teams into every school district in the CIS by December 31, 1997, the date which concludes the five year agreement.

Prior to moving to St. Cloud, FL three years ago, Nigh was a co-owner of Kewaskum Frozen Foods in Kewaskum and Sausage Plus in West Bend. He also served as a trustee on the Kewaskum village board from 1975-1985 and he was village pres-

ident from 1985-1987. He served on the Board of Directors of St. Joseph Community Hospital for a number of years.

Presently Mr. Nigh is a full-time student at Florida Bible College in Kissimmee, FL where he plans to graduate next May with a major in Biblical Education and a minor in Missions. He is also employed by Royalty Foods in Orlando as a meat cutter. Mrs. Nigh is employed as a receptionist at Campus Crusade for Christ in Orlando.

Dave and Barbara will be visiting family and friends in the local area from July 1-16 and will be speaking to several churches and groups about the CoMission project. If you are interested in knowing more about CoMission and the work the Nighs will be doing, or desire to know about how you may be of help, they can be reached at 334-4860 from July 1-16 or drop them a line at: 911 Whisler Ct., St. Cloud, FL 34769.

## Forensics Medal Winners Perform

Among the state medal winners of Kewaskum High School forensics program, eight students volunteered to entertain the student body at Holy Trinity School's RIF Program recently.

Judy Schmidt performed a prose selection from Laura Ingalls Wilder; Brian Kleinke, Jenni Theisen, Karla Martin, and Jenny Schmidt presented "The Ark," a humorous selection by Bill Cosby.

Marni Winninghoff, in a more serious tone, gave a rendition of "Birth Order." Anne Mertz's selection was "Sleeping Ugly," by Jane Yolen. "The Berenstain Bears Christmas Tree," by Stan and Jan Berenstain was presented by Renee Dahmann. The third grade of Holy Trinity offered thank you cards which they had made to each speaker.

Sister Janet Heder, RIF Coordinator, presented certificates to students who participated in "In Celebration of Reading." Certificates were also given to Brian Sabel, Holy Trinity's RIF reader, and Samantha RIF choosers, Holy Trinity's RIF poster contest winner.

After sharing a poem, "Oh, How I Wished I Could Read," students were made aware of the Newberry and Caldecott winners and honor books for 1995.

Students were also shown how to make a "hamburger book," an anywhere book for "anything" writing. Students were then allowed to choose a book they could call their own to take home, keep and enjoy.

Refreshments were served by the RIF Committee volunteers, who offered to serve on the three RIF Committees this year:

BOOK SELECTION: Sue Rettler, Carol Weddig.

# 60th Anniversary

Ralph and Hazel Remmel, Kewaskum, celebrated their 60th wedding anniversary with family and relatives at the home of Wayne and Sandy Remmel, Kewaskum, on Saturday, June 11.

They were married on June 8, 1935 in Wausau.

They are long time residents of Kewaskum.

into the bids further, which also included Compaqs, and Centrum, and purchase the "most for their money." Furniture and equipment for the high school was approved in the amount of \$91,808.46, and for the middle school at a cost of \$38,328.79. Along the same lines, the board approved a list of suggested "electronic technology purchases," that included all schools within the district, for a total combined cost of \$61,810.00, with Andera voting no.

The 1995-96 negotiated agreement between the Board and the Kewaskum Education Association was approved, calling for a 3.8% settlement, which includes salary and fringe benefits, for both years of the contract. The KEA had voted to accept the new agreement on June 7th, with the second year salary schedule to be set after July 1st, when new insurance rates will be available.

Preliminary budget figures were announced by Dr. Heather, with estimated expenditures for the 1995-96 school year coming in around \$11,087,232. The Fund 30 preliminary budget figure (debt service) of \$746,175, along with the Fund 10 (operational expenses) estimate of \$11,186,652, reflects

of KHS, and has accepted an administrative position with the Green Lake School District. Connie Strand will be stepping down as district curriculum coordinator to take over as K-8 principal for Campbellsport Elementary school.

Construction representatives were once again on hand to give the board it's monthly update, and let them know everything is going well schedule wise, with the KMS project slated for completion by August 15, or earlier, and that the quality of the work has been excellent so far. The board approved adding air conditioning to the new music area of the high school, at an estimated cost of \$25,000. Mr. Dell'Agnesse of EU, told the board that it had been left out of the original plans because they thought there would be a lack of funds. Now, considering the number of students who will be using the area during class time, the moneys will be taken from the contingency, or interest funds.

They have also been working closely with Building and Grounds Superintendent Fred Boehlke on the asbestos issue, with the FTBG committee recommending the board approve asbestos removal at a total cost of \$42,450. This would be done by Environet Inc., of Wisconsin, and would cover all phases of construction. The board O.K'd these construction expenses.

Parent Gail Ramirez addressed the board with her concerns regarding teacher's expectations, pointing out that the district needed more unity and consistency, and felt the standards were being lowered to meet the needs of some students. "Teachers and parents need to raise expectations for our kids," she expressed. "Kids are bribed to behave and do their work. We need to raise reading and comprehension abilities, and we can and need to expect more from our kids." When she questioned the board as to who was in charge, President Weare answered, "In my opinion, you are in charge, all the people who hire the school board."

Other items receiving confirmation that evening included an auction list, comprised of miscellaneous obsolete equipment and materials that will be taken to Tri-

County Auction; the sale of a used lawnmower; the purchase of playground equipment for KES by their PTO; the approval of student trips in 1996 to Spain and Germany; the addition of a style manual (provides sample forms for writing papers/reports) for middle schoolers, for a \$6 student fee; and an increase of \$2 for the KHS yearbook.

The board turned down a request from long time teacher Clark Pearson, who proposed he take early retirement, but continue to work in a teaching capacity for another year. This concept is legal, and would have saved the district \$5,900 on the WRS contribution. Dr. Heather pointed out that this kind of proposal may become quite popular in the next few years, and once you approve it for one person, it will be difficult to deny this fringe benefit to anyone else. The vote denied the request 2-3, with Andera, Goeden, and Beimborn voting no and Ruth Schmitt abstaining.

The following personnel

appointments were approved for the district: Karah Holle as a KHS English instructor, Joe Kinney as KHS social studies teacher and assistant football coach, Manny Alvarado as soccer coach, Carla Pritzlaff as girls' tennis coach, and Debra Stone to the art position at KHS, replacing Mary Stephan

## KMS Student Council Officers, Advisors Attend JAM Conference

Four student council officers and two advisors recently departed the Kewaskum Middle School parking lot and headed north for the Third Annual JAM State Conference held in Green Lake.

This conference, attended by Middle Schools and Junior High Schools throughout the entire state of Wisconsin, is held once a year. Its purpose is to bring

student council members and advisors from around the state together to share ideas, teach leadership skills, and motivate all participants.

The title of this year's conference was 4>2 which stands for "Doing Things for Others is Greater Than Doing Things to Others." The KMS participants, officers Sarah Westerman, Jamie Peterson, Adina Kofler, and Megan Hammen, and advisors Kathy

West and Karen Diemer, gained a lot from the experience.

Participants were expected to attend workshops dealing with topics such as "Peer Pressure," "Multicultural Concerns," and "Team Building." In addition to the work involved by attending workshops, participants enjoyed leisure time attending a dance, movie, swimming and a final candle lighting ceremony.

KMS participants are

excited about putting the ideas and knowledge gathered at the workshop to work next year for student council.

# Money Donated to Centennial

Pictured (LtoR) quilt raffle winner Carola Immel and quilt designer Toni Farrell

Pictured (LtoR) Village Administrator Daniel Schmidt accepts a check for \$940.10 from Karen Ellefson and Toni Farrell of W.C.A.H.C.E.

Toni Farrell and Karen Ellefson of the Washington County Association for Home and Community Education, recently donated some special prizes toward a Centennial Raffle, which was held at Riverhill Park on June 10th.

An Amish style quilt, made by Toni, was won by Carola Immel of Kewaskum. Carola is employed at Callaway & Co. Goldsmithing.

Ann Bruendl of Kewaskum, won the overnight stay at The Country Ridge Inn Bed and Breakfast, located on Ridge Road in Kewaskum.

The Kewaskum Center

Homemakers then presented a check for \$940.10 to the Village of Kewaskum, with

the monies raised from the raffle and their pizza booth at the Centennial Celebration.

## Jacobs Graduates From Ripon College

RIPON, WI.- More than 125 students graduated from Ripon College during the college's 129th Commencement May 14.

Ripon College, founded in 1851, is an independent, residential liberal arts college with an enrollment of nearly eight hundred students from thirty nine states and fifteen foreign countries. Ripon is nationally recognized for its quality undergraduate education.

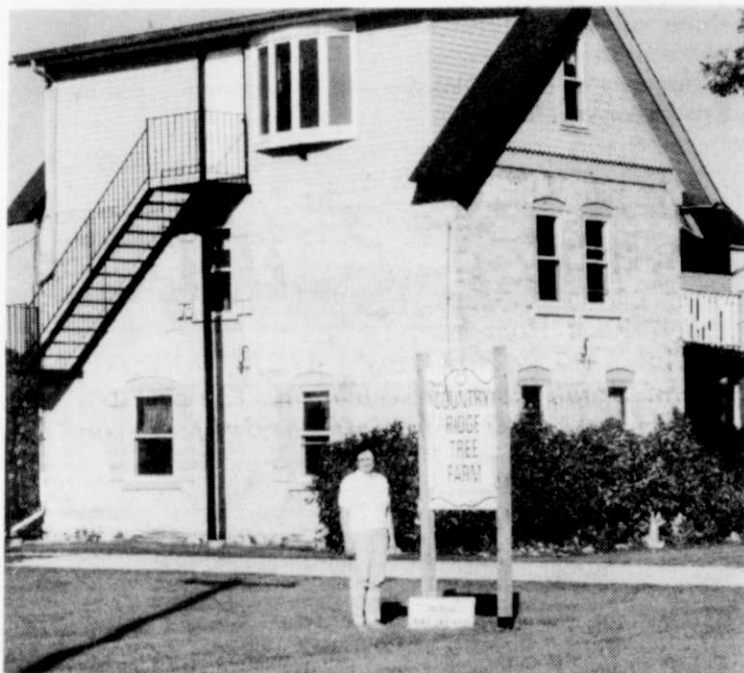

Among the students who graduated is Wanda B. Jacobs, daughter of Mr. and Mrs. Roger Jacobs of Kewaskum, WI., a senior Spanish major and a leadership studies minor.

On May 21st, the following young people were confirmed in their faith in a Worship Service at Zion Lutheran Church, Allenton: Paul Higgins, Crystal Nickel, Myah Obright and William Schuppel. They were confirmed by Pastor Dennis K. Strong.

## Police Department Rejoins Baseball Card Program

The Kewaskum Police Department has rejoined the Milwaukee Brewers Baseball Card Program which has police officers carrying baseball cards with them for distribution to those who request them.

The cards not only have a picture and statistics of the individual players, but also contain a public service message. This year's set even contains a card for Bob Ueker, in honor of his 25th anniversary with the Milwaukee Brewers.

The funds to purchase the cards were donated by Bank Wisconsin of Kewaskum. Police Chief Richard Knoe-

bel commented, "I am very pleased that Bank Wisconsin has helped us to get back into this worthwhile program. This gives the young people of our community the opportunity to establish a one to one interaction with a police officer on a positive note."

Knoebel added, "Youngsters wanting cards should wave down an officer or approach them while they are parked or on foot patrol. If the person wanting the cards runs out into the road before the officer stops, they will not receive cards. We are trying to make this program as safe as possible."

Norb Rohlinger and George Roehrig recently celebrated ten years of service as real estate broker sales associates with Fran Wajer Realty. after a dinner at

Andersons on Freiss Lake, they were presented with a 10 year plaque and a watch. Norb is a Kewaskum resident.

### Prayer to the Holy Spirit

Holy Spirit, you who help me see everything and you who show me the way to reach my goal and my ideal. You who give me the Divine Gift to forgive and forget the wrong that is done to me. You who know my innermost thoughts and desires, I want to thank you for everything and to confirm once more that I never want to be separated from you. I want to be with you and my loved ones in your perpetual glory. Amen. Thank you for your love for me and my loved ones. You must pray this prayer 3 consecutive days without asking your wish. After the 3rd day your wish will be granted no matter how difficult it might be. Promise to publish this dialogue as soon as your favor has been granted.

# Art Fair Held at Holy Trinity

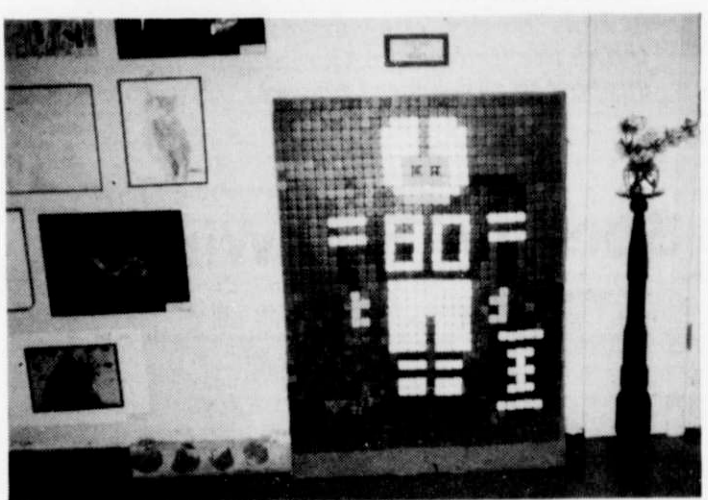

The Holy Trinity Church basement was transformed into an Art Gallery recently, in the name of the annual Art Fair, in which each student entered a number of art projects, both two and three dimensional, completed during the school year.

Mrs. Stone, KHS art teacher, who judged the art fair, commented that many more deserved ribbons than were allotted to each grade, three blue for "Outstanding Achievement" and three gold "Merit Awards."

The following students captured ribbons: Grade 8 (first three blue, and next three gold) - Mary Rinzel, Gretchen Weddig, Robyn Wolf and Crystal Heberer, Shaun Timblin, Nicole Wessing; Grade 7 - Patrick Bohn, Katie Kopecky, Amanda Schoofs and Nick Kallmyer, Lisa Schickert, Danielle Wietor; Grade 6 - Jon Boedeker, Aileen Chambers, Lynn Wiesner and Becky Bohn, Mitch Strobel, Erin Weiss. Grade 5 - Margaret Herriges, Roberta Rinzel, Courtney Timblin, and John Neumann, Jennifer Sargent, Ben Schoofs; Grade 4 - Lisa Boden, Keith Boegel, Kala Rettler, and Jacqueline Chambers, Robert Teofilo, Justin Wessing; Grade 3 - Lisa Beck, Kendra Strobel, Joshua Uelmen and Bethany Boedeker, Mary Reindl, Rachel Shea; Grade 2 - Alex Herriges, Eric Nass, Katie Uelmen, and Rachel Dums, Stacy Gajewski, Joshua Riebe; Grade 1 - Eric Cain, Ashley Feucht, Matthew Rinzel and Christina Nitschke, Ben Schickert, Jeff Thull.

Sister Janet Heder, art teacher at Holy Trinity, is proud of the accomplishments of all her students... all 160 of them.

## Accepting Applications for County Fairest of the Fair

The Washington County Junior Fair is seeking applicants for the 1995 Fairest of the Fairs. Gaining self-confidence, meeting new people, and experiences to enhance communication skills are all rewards for this great summer job. If you are a woman age 18-22 you are eligible to be the next Washington County Fairest of the Fair.

Applicants for the Fairest of Fairs are evaluated on appearance, community activities, personality, poise, and speaking ability. They will participate in personal interviews and a public program prior to the final selection of the fairest of the fairs. The interviews will be held on the afternoon of Wednesday, July 26, and the Formal Evening Program will be held on the main stage at the Washington County Fair in Slinger on the evening of Wednesday, July 26.

Applicants are limited to women 18-22 who have been a resident of Washington county for at least one year prior to entry. The only exception is if she resides in an adjoining county and the majority of her activities are in Washington County such as school, clubs, and commu-

nity activities. For application forms and information call Joyce Albrecht at 335-4479 or the Washington County Fair Office 335-4485, 644-5204, or 342-2929.

The Library of Congress was established in 1800.

## Summer School Off To a 'Hot' Start

The hot start to June did not keep 345 students from this year's Kewaskum School District summer school program.

Though last year's enrollment was a little over 400, when you remove those students who took driver's education last summer from the count, the enrollment for this

year is actually slightly higher.

Students are enjoying several new classes like gymnastics and rocketry II, as well as many of the old favorites. The first session of summer school ends June 16 with the second session starting right away on June 19. All classes are full. Summer school will end on June 30.

Look Ma! No hands! Danny Hammes works on the balance beam with the assistance of Holly Reindl in gymnastics class.

Bugs... Bugs... Bugs! That's what this group is looking at down by the river. The class, taught by Lynn Heinz, is one of the many enrichment classes offered during the Kewaskum School District's Summer School Program.

## Citizen Input Wanted

Citizen input is being requested for public library service to special populations. The Mid-Wisconsin Federated Library System seeks comments and suggestions for a system-wide plan for library users with special needs. Comments should be sent to Kathy Witt at MWFLS, 244 W. Pioneer Rd., ste C, Fond du Lac, WI 54935. The public library system serves people in Fond du lac, Dodge, Jefferson and Washington Counties through the public libraries in those counties.

Comments are requested which answer these questions:

1. What is your local public library doing right to serve any or all identified special populations?
2. What improvements would you like to see for these populations (identify which ones)?
3. Which of these services would you use?
4. How often do you visit your local public library?

Other comments are welcome. Agencies which serve special populations are encouraged to give their perspectives.

Individuals which special needs are persons of all ages from the following groups: elderly; educationally and socio-economically disadvantaged; ethnic minorities; persons with limited English speaking ability; persons with physical and mental disabilities; and residents of state, county, and locally funded institutions. Functional illiteracy and chronic unemployment are within the term "disadvantaged."

Public libraries in Washington County are the West Bend Community Memorial Library; Duerwaechter Memorial Library, Germantown; Hartford Public Library; Kewaskum Public Library; and Slinger Community Library.

## Kiwanis Hears About County Parks and Golf Course

The guest speaker at the Kewaskum Kiwanis Club's regular Monday meeting on June 12 was Paul Mueller, Land Use and Park Administrator, Washington County.

Mueller has held this position for the past 15 years, and his duties include Land Use Planning, Zoning, Sanitation Regulation, Solid Waste Planning, Economic Development and operation of the 1000 acre County Park System.

It is interesting to note that Washington County has nine public parks. They are located at Ridge Run in West Bend (the oldest park); Sandy Knoll, Town of Trenton; Goeden County Park on the Milwaukee River, Town of Trenton; Lizard Mount Park, Town of Farmington (formerly a state park); Cedar Lake Wayside, Town of West Bend; Homestead Hollow Park, Germantown; Glacier Hill Park, Town of Richfield; Heritage Trails, Town of Polk; and Family Park and Golf Club, town of Hartford, located off the southeast corner of Hwy. 83 and Clover Road intersection.

It is anticipated that the new golf course and family park will have the landscaping completed late this fall, and the club house will be built in the summer of

1996. The Park, the three-hole practice course, and the 18 hole (approximately 7000 yards) golf course are scheduled to open before May 1, 1997. This will allow the new Bent grass seeding to root in and establish itself.

Mueller said there will be no emphasis on group or corporate outings, and there will be no membership. Residents of Washington County will be able to reserve tee times earlier than non-residents who will also pay a higher greens fee. Junior and Senior residents will get a discount.

The golf club will be operated on an "Enterprise Account." That is, all indebtedness will be paid by green fees and club house revenue and not supported by any property taxes.

Approximately \$2.2 million has already been donated by some kind and thoughtful county residents. The total cost of the park, golf course three-hole practice course and the club house is expected to be about six million dollars. Based on experiences of Waukesha and Ozaukee Counties, our county golf club should retire its debt in about 17 years.

The DNR approval and permits have been completed, and field and landscaping work has begun.

## Kick Off Dinner for County Jr. Fair July 26

The Washington County Association for Home and Community Education will again be sponsoring, in cooperation with the Washington County Junior Fair, a dinner served at the fairgrounds.

The meal will be served on Wednesday, July 26, from 4:30 p.m. to 7:15 p.m. in the Dairy Barn at the fairgrounds.

Menu will include roast turkey, roast beef, mashed potatoes, potato salad, green beans, fruit salad, rolls and

butter, cake, coffee and milk.

Ticket prices are \$5.50 for adults and \$3.50 for children 5-12 years old (under 5 free). Tickets are available from any homemaker member or from the Washington County Fair Office, located in the Public Agency Center, 333 E. Washington Street, Suite 1200 (enter off Indiana Avenue) in West Bend. Office hours are 8:00 a.m. to 4:30 p.m., Monday through Friday.

Proceeds for HCE projects.

## County Fair to Honor Most Admired Sr. Citizens

Do you have a special friend, relative or someone you know whom you would like to recognize for outstanding contributions they have done? Why not nominate them for the Most Admired Senior Citizen contest sponsored by the Washington County Junior Fair.

This event is not a popularity contest, beauty pageant or celebrity sweepstakes. It is

an opportunity to recognize older adults who have reached the age of 62 by July 26 for their current activities and contributions.

Nominations forms are available at the Washington County Fair Office, PAC Building, 333 E. Washington Street, Suite 1200 in West Bend or by calling 335-4485; 644-5204 or 342-2929. Nominations are due by July 17.

## Young Area Artists Recognized

Louise Martin Photo

By Louise Martin

The artistic talents of nine area students were recently recognized in the Helen Farnsworth Mears Art Contest sponsored by the GFWC Kewaskum Junior Women's Club. The contest was open to any seventh or eighth grade student with art worked entered in a sculpture or painting/drawing category. The five best entries in each category were selected at the local club level, with three advancing to the district winners advancing to the state level where over one hundred entries from across the state

were judged.

For the first time in several years, a sculpture entry by Kewaskum Middle School student, Connie Maul, advanced from the district level to the state level. Although Maul did not win a cash award at state, it's quite an honor to advance this far because of the stiff competition along the way.

Other students from KMS with winning sculpture entries at the local level were Jamie Bertrand and Jessica Kluever. Students from Holy Trinity School were Robyn Wolf and Nicki Wessing.

The painting/drawing best entries on the local level went to Justin Poenitsch, Stalen Boylen and Connie Maul from KMS and Tammy Wagner and Mary Rinzel from HTS.

Each of these students received a monetary award from Kewaskum Junior Women's Club. Those students whose entries advanced to the district level received Certificates of Participation from the Sixth District Art Chairman. Congratulations to all these young artists on their accomplishments!

### Grothman Reins in DILHR Regulations

## Proposed Septic Rule to be Fixed in Budget

MADISON... State Representative Glenn Grothman (R-West Bend) has announced that assembly Republicans, meeting in a June 14th budget-writing briefing, have come up with a plan to repair an embattled septic system rule.

The new septic rule, known as ILHR 83 and proposed by the Department of Industry, Labor, and Human Relations, has drawn hundreds of complaints from state residents. It would have required all new septic systems to produce output meeting federal clean drinking water standards for nitrate content by the year 2005, a regulation which might have cost affected home owners tens of thousands of dollars.

Grothman stated, "as written, ILHR 83 is ridiculous. While it might have accomplished some good things, it really had the potential to prevent people from selling their homes without spending several thousands of dollars on a new system."

Republican lawmakers in the Assembly, recognizing this danger, have proposed a budget amendment which

would exempt all private sewage systems from the restrictive nitrate standards. The amendment also eliminates DNR restrictions on the installation of new and innovative septic systems, designed to work in soils unacceptable for traditional treatment systems.

"This amendment recognizes that homeowners, who are responsible for only 5% of all nitrate pollution, should not bear the brunt of nitrate regulation in this state.

It also gives landowners greater freedom to build on a wider range of lands than is currently possible."

Grothman commented, "it is high time that government stop regulating people out of their homes and fortunes. This amendment accomplishes that."

Have you noticed that people who have an hour to waste invariably want to spend it with someone who is busy.

## Fund Raising Success is a Dice Roll With Dundee-Long Lake Lions Club

Members of the Dundee-Long Lake Lions Club try their luck at their new game. Playing above is Treasurer Emma Jean Schleh, President Bob Schleh, Secretary Helen Wittkop, and Vice President Louie Birnbach.

The Dundee Long Lake Lions Club is putting together a game similar to Monopoly in which a lucky player can land on as many as 34 area businesses that can be bought, sold or traded.

The game is played somewhat like Monopoly but the businesses up for sale will be those in the Dundee Long Lake area. This game, first seen on the Barbara Walters show and then in the national Lions magazine, sparked the interest of the Dundee Long Lake Lions Club members, who then decided to use it for one of their fund raisers.

Local businesses can have their ads featured on a game

board square for as little as \$50, or a corner square for \$100. The number of squares available is limited so they will be sold on a first come basis. Letters have been sent to all area businesses with the hopes of having the finished game ready for sale by August.

The unique game will not only be a source of advertising but will be fun and a collector's item. Many area business owners are already interested in, or have purchased spots without even seeing the game. Individual sponsors can have their names printed on the inside edge of the game for a nominal fee of

\$10. There will be room for 200 names.

The goal of the Lions is to help in national, state, and local projects, such as Sight First, Eye Bank, D.A.R.E., Lions Camp, disaster relief and student exchange to name a few. But mostly, it will be used to help local groups and individuals.

This fund raising idea will help the Dundee Long Lake Lions Club to continue in its efforts to support all the local projects that they have become involved with plus add many more to their list. The group was so excited that they started to play the game at their last meeting.

## How Do You Measure Your Fish Properly?

With a size limit on bass (14"), walleye (15"), and northern pike (26"), a number of people have been asking, "How do you measure a fish properly? Are you allowed to open the mouth, can you squeeze the tail, these are just a few of the more common questions that I have heard in regard to measuring a fish.

Often times the question comes up after a person has been apprehended for possession of an undersized fish and that the Warden measured the fish in an improper manner. In fact, the other day a fisherman asked me if all Wardens were measuring fish from the nose to the middle of the tail, where it would be 1/2" to 1" shorter than measuring to the tip of the tail. He went on to say that he knew a person who had been cited and that was how the fish were measured.

I informed him that some-

one was more than likely making up an excuse for possession of an undersized fish. The proper way of measuring a fish can be found in the fishing regulation pamphlet. The fish is to be laying flat, and measured in a straight line from the tip of the snout to the utmost end of the tail fin when fully extended. The tail should not be squeezed together.

With the number of fish that now need to be measured

it pays to make a measuring board. For in that way undersized fish can be more quickly returned to the water and therefore increase their survival chances. When in doubt whether a fish is of legal size, return it to the water. The minimum citation for an undersized fish is \$131.80, and it goes up from there. If you have any questions on this topic or any other feel free to contact me.

## Safety Tips For Boating

The boating season is upon us. A few reminders as we enter the busy boating season. Most boating accidents occur on the weekend and usually between 4:00 and 8:00 p.m. Take this into consideration when boating and slow down later in the day.

Most people are not aware of how tiring a day on the water can be with the sun, wind, and even the vibration of the motor putting a real drain on a persons body. This is especially true early in the season when a person is not yet used to a day on the water. Make your first trip out a short one, don't bite-off more than your body can handle.

Take sometime to check out all safety equipment on your boat. Do you have wearable type PFD's for each person on the boat and are they of the proper size for the person who is going to wear the PFD? Is your battery secured and covered, and do you have a functioning fire extinguisher on board the boat?

Also check your registration and be sure the boat displays current registration. If not be sure to get the boat registered before operating and carry proof of registration when operating. If you have any other questions feel free to contract me.

## \$5.4 Million Settlement Awarded to Campbellsport Youth

Judge Richard T. Becker recently approved a 5.5 million dollar settlement of a personal injury case arising from a Campbellsport, Wisconsin railroad crossing accident which occurred on September 21, 1991. In the collision at the Main Street crossing, a van being operated by Vicki Scheerer of Fond du Lac was struck by a Fox River Valley Railroad train. A passenger in the Scheerer van was killed and three minor occupants were injured. The court approved the settlement of the children's claims.

Under the terms of the settlement, 5.4 million dollars are to be paid the guardian of 17-year-old Kelly Scheerer of rural Campbellsport who was the most seriously injured of the three minors. She will require lifetime medical and supportive care. The settlement provides current funding for a support trust, as well as an annuity to ensure her needs are met for life.

The court order approving the settlement also requires the responsible parties to repay over \$79,000.00 to the State of Wisconsin to reimburse the state for medical expenses paid under Title XIX through Fond du Lac County. The structure of the settlement insures that no state or federal funds will ever be required to provide for Kelly's ongoing care during her lifetime.

Attorneys Joseph Doherty and Matthew Mayer of the West Bend law firm of Bunk, Doherty & Griffin, S.C. represented the injured children. In the suit, they alleged that

the Fox River Valley Railroad had been negligent in failing to provide adequate protection for motorists at the crossing. The Campbellsport Building Supply Center and its insurer were also joined in the case. The Building Supply Center was alleged to be negligent for obstructing and distracting a motorist's view of the crossing by illegally placing an advertising sign in the street in front of the store.

The settlement funds were paid by the railroad, the insurer for Campbellsport Building Supply and American Standard Insurance Company of Wisconsin, the automobile insurance carrier for Vicki Scheerer.

The settlement may be one of the last of its type in the state as a result of recent legislation passed which altered the law known as joint and several liability. Under the former law of joint and several liability, any defendant who caused an innocent party's injuries could be held responsible for paying part or all of the victim's damages. The revision of the joint and several liability law significantly limits the amounts which have to be paid by negligent defendants who are only partially at fault.

Had the new law been applicable to this case, this settlement would not have been possible. It appeared as if the vast majority of the negligence would have been attributable to Vicki Scheerer for failing to see the train or the crossing signals. The railroad and Building Supply Company would probably be

found to be only partially at fault and, therefore, responsible only for a fraction of the damages. Vicki Scheerer only had a minimal total insurance coverage for the accident.

Under the new law, in a case like this, there would be little or no reimbursement to the state for the substantial Medicaid funds paid to treat the victims. Additionally, the state and county would be responsible for the cost of providing the lifetime medical and nursing care which Kelly will require.

This case provides a good illustration of how the legislation has shifted the burden of caring for accident victims to the taxpayer from negligent businesses, such as the railroad and lumber yard.

For further information, contact Joe Doherty at (414) 334-3449.

# Town of Scott Meeting Held

By Bernadette Mondloch

Bids and proposals for summer road work in the Town of Scott were opened at the May meeting. Several projects are on the schedule for this year.

They include installation of a three foot wide strip of asphalt to be added to the edge of School Street making it a safer place for children who ride bicycles or walk to school; new surface of asphalt on one mile of Cranberry Road north and 1 1/2 miles of Cranberry Road South; one mile of Boltonville Road from County D to the south, one mile of Maple Tree Road from County W to the south, north 1/2 mile of S. Maple Tree Road from Brazelton Drive.

Cranberry Road will also receive new shouldering and other areas will experience a minimum of patching. Awarding of the contracts was scheduled to take place May 18.

Two conditional use permits was approved. One was for Franklin Palmer, State Highway 144 for operation of an electronic repair operation, and the second was to Henry Derler, County Road S, to repair horse harnesses and buggies.

Rezoning from A-3 to R-1 for three lots on County Road A in Section 13 was approved for Neal and Mark LeFever and Joel Helminger.

The planning commission reviewed the requirements for conditional use permits earlier in the month with the conclusion that if a hobby is done in the home, and is not the principal occupation, no conditional use permit will be needed.

The Town is easing into a recycling operation, which will be partially new to the Town. It has purchased equipment for glass and tin crushing, a baler, and the necessary containers and other equipment necessary to

complete the job.

Volunteers are assisting in the operation and instead of paying a contractor to haul away the collected recyclables, the town will be doing its own marketing.

Several suggestions were made for improving the building permit system. One of these was to have a minimum charge for a permit, perhaps for as little as 25 cent. Every project would be required to obtain a permit for all types of work.

The permits would be obtained from the clerk who would then notify the building inspector for larger projects requiring an inspection. If so the regular charge would be utilized. No action was taken but the idea, which originally surfaced several years ago, will still be considered at a later date.

The chairman and clerk were authorized to sign a contract awarding the bid for renovation of the Random Lake Auditorium to Mike Koenig Construction of Sheboygan.

The Board of Review is scheduled for June 22 between 6 and 10 p.m.

Supervisors Clarence Janz, Chairman Lester Benzschawel, Clerk Colleen Narbatovics and Treasurer Marie Edeler will serve on the Board of Review.

## Letter to The Editor

Dear Editor,

As Bob Wagner opened up a bag of worms maybe we should spread it around a little.

I ran for Village Board about 20 years ago before Bob maybe even knew of Kewaskum. I wouldn't except that job now if hell froze over they couldn't pay me enough because our village is run by one man with no degree so I don't know

why we have a village board.

It's like I told a former school board member about 12 years ago if the shoe fits wear it and the truth shouldn't hurt. To this day he can't look me straight in the face or say Good Morning at the Post Office.

I've heard more pro's than con's on my 1st letter and more con's than pro's on Bob's letter.

As Bob stated he wished I would get involved. WHAT FOR they bought a dead horse without almost anyone knowing it. NOW they don't know what to do with it. They tore a house down that could of been sold and stayed on the tax roll instead of spending thousand's of \$ for a water bubbler and bench.

As for spending money at village expense. How come the village buy's there CAR'S and TRUCK'S out of town and village employees are sent to SAM'S CLUB or FLEET FARM to buy supplies when we have Wholesale Company's coming to town as it is. It has to take 3 hour's to go to SAM'S. Is this a saving's.

If we are NOT going to have a four lane super highway going through Kewaskum WHY is the PARKING RESTRICTED and the NORTH END WIDENED THAT MUCH.

Is this all saving us a dollar so we can have a beer or costing us \$2.00 so we can't have a beer at the bar or at home.

As I see it,  
Roger J. Butch Schmitt

## A's Drop Two, But Pick Up Win

The Kewaskum A's had a busy weekend with games scheduled on Friday, Saturday and Sunday.

Friday night they traveled to Plymouth to play in the Fourth Annual Plymouth Flames Tournament. The Athletics lost a hard-fought game by a 10-6 score to the Forest A.C.'s. Forest has won all three previous tournaments.

Some weak defensive play hurt a good pitching performance by Kewaskum's Ryan Hall and Bob Bothe. Offensively, Mark Schlosser and Greg Rinn each collected two hits for Kewaskum. Ken Krug and Joe Locks each had two hits for Forest. Bob Krug picked up the victory on the mound and also added a homerun to the A.C.'s attack.

West Bend Company defeated the Athletics, 14-7, on Saturday, in a Tri-County league game. The loss dropped the A's to a 2-2 in that league. The game was close until the Company scored six runs on six hits in the sixth inning, keyed by a home run by Bill Albrecht.

Branden Hall also clubbed a three-run homer for West Bend. For the A's, Curt Schroeder, Doug Gonring and Dave Pauers each had two hits. Schroeder led off the bottom of the first with a homerun. Doug Buechel, Matt Schneider and Bob Bothe split the mound duties.

The Athletics returned to the win column with a solid 11-5 victory over the Pardeeville Braves in a Rock River game on Sunday. Kewaskum's Rock River record went to 5-3 and 11-7 overall.

Don Menzel pitched the whole game striking out eight and walking only one. He did not allow an extra base hit. Terry Koth and Mark Schlosser keyed the A's on offense. Koth was three for four with a homerun, four RBI's and three runs scored. Schlosser was on base five

times with a double and four walks and two runs scored.

Next weekend the A's host a pair of games. On Saturday, Slinger comes to town for a Tri-County game at 1:30 p.m. Sunday's opponent is Hartford in a Rock River league matchup.

# Town of Scott Meeting Held

By Bernadette Mondloch

Bids and proposals for summer road work in the Town of Scott were opened at the May meeting. Several projects are on the schedule for this year.

They include installation of a three foot wide strip of asphalt to be added to the edge of School Street making it a safer place for children who ride bicycles or walk to school; new surface of asphalt on one mile of Cranberry Road north and 1 1/2 miles of Cranberry Road South; one mile of Boltonville Road from County D to the south, one mile of Maple Tree Road from County W to the south, north 1/2 mile of S. Maple Tree Road from Brazelton Drive.

Cranberry Road will also receive new shouldering and other areas will experience a minimum of patching. Awarding of the contracts was scheduled to take place May 18.

Two conditional use permits was approved. One was for Franklin Palmer, State Highway 144 for operation of a electronic repair operation, and the second was to Henry Derler, County Road S, to repair horse harnesses and buggies.

Rezoning from A-3 to R-1 for three lots on County Road A in Section 13 was approved for Neal and Mark LeFever and Joel Helmingier.

The planning commission reviewed the requirements for conditional use permits earlier in the month with the conclusion that if a hobby is done in the home, and is not the principal occupation, no conditional use permit will be needed.

The Town is easing into a recycling operation, which will be partially new to the Town. It has purchased equipment for glass and tin crushing, a baler, and the necessary containers and other equipment necessary to

complete the job.

Volunteers are assisting in the operation and instead of paying a contractor to haul away the collected recyclables, the town will be doing its own marketing.

Several suggestions were made for improving the building permit system. One of these was to have a minimum charge for a permit, perhaps for as little as 25 cent. Every project would be required to obtain a permit for all types of work.

The permits would be obtained from the clerk who would then notify the building inspector for larger projects requiring an inspection. If so the regular charge would be utilized. No action was taken but the idea, which originally surfaced several years ago, will still be considered at a later date.

The chairman and clerk were authorized to sign a contract awarding the bid for renovation of the Random Lake Auditorium to Mike Koenig Construction of Sheboygan.

The Board of Review is scheduled for June 22 between 6 and 10 p.m.

Supervisors Clarence Janz, Chairman Lester Benzschawel, Clerk Colleen Narbatovics and Treasurer Marie Edeler will serve on the Board of Review.

## Letter to The Editor

Dear Editor,

As Bob Wagner opened up a bag of worms maybe we should spread it around a little.

I ran for Village Board about 20 year's ago before Bob maybe even knew of Kewaskum. I wouldn't except that job now if hell froze over they couldn't pay me enough because our village is run by one man with no degree so I don't know

why we have a village board.

It's like I told a former school board member about 12 years ago if the shoe fits wear it and the truth shouldn't hurt. To this day he can't look me straight in the face or say Good Morning at the Post Office.

I've heard more pro's than con's on my 1st letter and more con's than pro's on Bob's letter.

As Bob stated he wished I would get involved. WHAT FOR they bought a dead horse without almost anyone knowing it. NOW they don't know what to do with it. They tore a house down that could of been sold and stayed on the tax roll instead of spending thousand's of \$ for a water bubbler and bench.

As for spending money at village expense. How come the village buy's there CAR'S and TRUCK'S out of town and village employees are sent to SAM'S CLUB or FLEET FARM to buy supplies when we have Wholesale Company's coming to town as it is. It has to take 3 hour's to go to SAM'S. Is this a saving's.

If we are NOT going to have a four lane super highway going through Kewaskum WHY is the PARKING RESTRICTED and the NORTH END WIDENED THAT MUCH.

Is this all saving us a dollar so we can have a beer or costing us \$2.00 so we can't have a beer at the bar or at home.

As I see it,  
Roger J. Butch Schmitt

## A's Drop Two, But Pick Up Win

The Kewaskum A's had a busy weekend with games scheduled on Friday, Saturday and Sunday.

Friday night they traveled to Plymouth to play in the Fourth Annual Plymouth Flames Tournament. The Athletics lost a hard-fought game by a 10-6 score to the Forest A.C.'s. Forest has won all three previous tournaments.

Some weak defensive play hurt a good pitching performance by Kewaskum's Ryan Hall and Bob Bothe. Offensively, Mark Schlosser and Greg Rinn each collected two hits for Kewaskum. Ken Krug and Joe Locks each had two hits for Forest. Bob Krug picked up the victory on the mound and also added a homerun to the A.C.'s attack.

West Bend Company defeated the Athletics, 14-7, on Saturday, in a Tri-County league game. The loss dropped the A's to a 2-2 in that league. The game was close until the Company scored six runs on six hits in the sixth inning, keyed by a home run by Bill Albrecht.

Branden Hall also clubbed a three-run homer for West Bend. For the A's, Curt Schroeder, Doug Gonring and Dave Pauers each had two hits. Schroeder led off the bottom of the first with a homerun. Doug Buechel, Matt Schneider and Bob Bothe split the mound duties.

The Athletics returned to the win column with a solid 11-5 victory over the Pardeeville Braves in a Rock River game on Sunday. Kewaskum's Rock River record went to 5-3 and 11-7 overall.

Don Menzel pitched the whole game striking out eight and walking only one. He did not allow an extra base hit. Terry Koth and Mark Schlosser keyed the A's on offense. Koth was three for four with a homerun, four RBI's and three runs scored. Schlosser was on base five

times with a double and four walks and two runs scored.

Next weekend the A's host a pair of games. On Saturday, Slinger comes to town for a Tri-County game at 1:30 p.m. Sunday's opponent is Hartford in a Rock River league matchup.

## Campus Notes

WAUKESHA, Nancy C. Neumann was a recipient of the Who's Who in American Universities and Colleges at the recent Carroll College Pioneer Convocation.

Neumann, an English major, is the daughter of Mr. and Mrs. Roger Neumann of 4265 Hwy. H West, Kewaskum.

Students chosen to represent Carroll College in "Who's Who in American Universities and Colleges" are selected from the junior and senior classes by a committee appointed by the Student Senate according to the following criteria: excellence in scholarship, leadership and participation in academics and extracurricular activities, citizenship and service to the college and promise of future usefulness to business and society.

Carroll College, founded in 1846, is Wisconsin's oldest institution of higher learning. It is a private four-year coeducational college grounded in traditional liberal arts values. Approximately 2,200 students attend Carroll on a full-time or part-time basis. For more information contact the Office of Admission at 414-524-7220 or 1-800-CARROLL (1-800-227-7655).

She was born April 28, 1921, on the family homestead in the town of Barton, to the late Albert and Philippine (nee Roecker) Butzlaff. On May 21, 1944, she married Marvin E. Kirchner at St. John's Ev. Lutheran Church, West Bend. He passed away Feb. 11, 1982.

Since 1958 she had lived in the Allenton area until moving to West Bend in 1987.

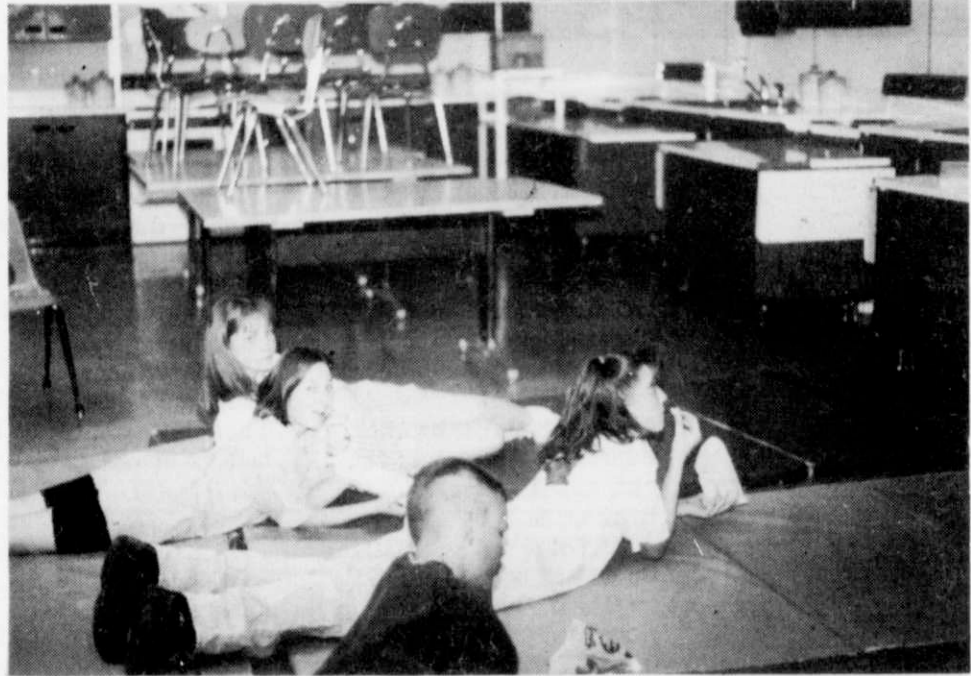

She was a member of St. John's Ev. Lutheran Church, and had been employed at Enger Kress Co., Amity Leather Products and later at the J.C. Penny store in West Bend until retiring in 1976.

Survivors include two children, Kenneth O. Sr. (Rosanne) of Fond du Lac, and Shirley (Walter) Schuster of Colgate; three grandchildren, Kenneth O. Kirchner Jr. of Fond du Lac, Brenda (Martin) Uhlig of North Fond du Lac and Terry W. Schuster of Colgate; three great-grandchildren James, Martin and Mitchell Uhlig all of North Fond du Lac; two sisters-in-law, Arlene Brown of Juneau and LaVern (Roman) Laubenstein of Kewaskum, three brothers-in-law, Orin (Lorinda) Kirchner of Wausaukee, Wilton (Patricia) Kirchner and Elton (Beverly) Kirchner, both of Kewaskum; and other relatives and friends.

Funeral services were held Saturday, June 17, at 10 a.m. at St. John's Ev. Lutheran Church, West Bend. Rev. Robert P. Hoehner officiated and burial followed in Union Cemetery, West Bend.

# 'Spring Fling' Held at KMS

What were these eighth graders doing on a Friday from 6:30 to 10:30 p.m. at Kewaskum Middle School recently? They were attending the "Spring Fling." A total of 73 students spent the evening dancing to the music of a DJ, line dancing, painting tee-shirts, playing basketball, volleyball, and ping pong, and taking part in the crazy olympics. The students had no shortage of food as parents of those attending provided enough snacks to keep them eating for weeks. The activity was able to be run at no cost to the students, using funds from the annual candy sale and grant money from Drug Free Schools. The event was made possible due to the help of parent and teacher volunteers. Thanks go to the teachers: Mrs. West, Mrs. Diemer, Ms. Crowley, Mrs. Stangl, Mrs. Wagner, Ms. Schumacher-Rasmussen, Mr. Heckel, Mr. Squier, Ms. Reilly-Kliss, Mr. and Mrs. Uhlman, Ms. Badura; Mr. Nell and Ms. Holfeltz; and the parents: Mrs. Dehler, Mrs. Krell, Mrs. Thrune, Mrs. Clark, Mrs. Korneli, Mrs. Kletti, Mr. Maziarka, Mr. and Mrs. Cannestra, Mrs. Puestow, Mrs. Koffke, Mrs. Feind, Mrs. Seymour, Mrs. Barrett, Mr. and Mrs. Wenninger, Mrs. Schulist, Mrs. Guelig, and Mrs. Fronek. Thank you to the students, parents and staff for making the evening a huge success.

Funeral Home was Friday from 4 p.m. to 8 p.m., and at the church on Saturday from 9 a.m. until the time of services.

Memorials to St. Joseph's Community Hospital Hospice Facility appreciated by the family.

# Principal For Half Day

During two afternoons in May, a new face was found behind the principal's desk at Holy Trinity School. On the 24th, Alex Herriges, (left) grade 2, was seen on the phone with his feet on the desk (a true principal's life!). Mrs. Gawwin, at the same time, was sitting at Alex's desk doing what 2nd graders do. The next afternoon, Jason Strobel, (right) grade 7, was found in the principal's chair and Mrs. Gawwin was a 7th grader. Mrs. Gawwin had agreed to this switch if the students exceeded their goal during their annual magazine sale. Both the students and principal thought the other had the easier job.

Though the weather was cool and sometimes rainy, it couldn't dampen the spirits of athletes from the KEWASKUM Special Olympics program who joined more than 1,800 participants from across the state at the 1995 Wisconsin Special Olympics Summer Games, June 8-10. Athletes competed for championship titles in athletics, aquatics, football (soccer) and powerlifting.

Competition venues were held on the campus of the University of Wisconsin-Stevens Point and the Opening Ceremony and Law Enforcement Torch Run, which kicked off the event, was held at the city of Stevens Point's Goerke Field. Stevens Point has been the host site since 1979.

Sponsors of the Summer Games included Aerial Company Inc., The Cops Corporation, First Financial Savings Foundation, Gatorade, GM Goodwrench Service, Hydrite Chemical, Sentry Insurance Foundation and Wisconsin Potato Grower's Auxiliary. Athlete awards were sponsored by the Patrick and Anna M. Cudahy Fund.

Wisconsin Special Olympics provides year-

round sports training and competition opportunities for children and adults with cognitive disabilities. For more information about Special Olympics, contact Karin Hawley at (414) 241-7786 or the Chapter office at (608) 222-1324.

## Indians Still in Contention for Eastern Wisconsin BB Crown

By Tom Menger

After dropping two in a row earlier in the week, the KHS varsity baseball team needed a victory to stay in contention for the EWC crown, and got just that against Sheboygan Falls.

Kewaskum scored first in the contest, putting up a run in the first inning, and, after Falls had tied the game 1-1, the Indians sent two more across the dish in the second inning to grab a 3-1 lead.

The Kewaskum lead held until the fifth inning, when the visiting Falcons scored three times to jump ahead, 4-3.

With Falls ahead 5-3 in the seventh inning, the Indians had one remaining chance to escape their third defeat of the week.

Senior centerfielder Kevin Klahn led off the inning with

a double, and scored when the next batter, third baseman, Tim Strigenz, stroked a single into leftfield. Cory Rammer laid down a sacrifice bunt to move Strigenz, the tying run, into scoring position, and the next batter, Tim Gundrum came through with a single that brought in Strigenz.

The hot-hitting Dane Dorn then calmly stepped to the plate and lined a single into leftfield. Gundrum tripped rounding third base on the play, but a wild throw by Falls leftfielder Chris Korft, allowed him to thunder home to store the winning run.

Klahn led the Indians at the plate going 3x4, while Gundrum and Strigenz were both 2x4.

The 6-5 victory improved Kewaskum's record to 3-2 in the Eastern Wisconsin Conference.

## Indians Drop Two

By Tom Menger

Just when the Kewaskum varsity baseball team was starting to get hot and looking to pull away from the rest of the teams in the EW conference, "reality" struck, with the Indians losing two in a row, one to New Holstein and one to Chilton.

Errors were the story against New Holstein, with Kewaskum tallying up five miscues that led to four unearned runs for the visiting Huskies.

The Indians trailed by only one run, 3-2, going into the sixth inning, but committed two errors that gave New Holstein a 6-2 advantage. New Holstein added another pair in the seventh inning, after a wild pitch and yet another Kewaskum error.

The Indians could muster only two runs in their half of the inning, on an RBI triple by Kevin Klahn, and a double by Dan Survis. The 8-4 decision was Kewaskum's

first conference loss, falling to 2-1 in the EW.

Things started off better in Chilton where Kewaskum knocked in a run each in the first and second innings to take a 2-0 lead, but the Indian bats went silent from there on out.

Chilton took the lead with three runs in the fourth, then added two more in the fifth and held on to beat Kewaskum, 3-2.

Dane Dorn was the only Indian with multiple hits, going a perfect 3x3.
