Pastor James Bettin Announces Retirement

Pastor James Bettin

The official retirement for Pastor James Bettin of Peace United Church of Christ in Kewaskum began on August 1, just four days after the return of the Peace Church Habitat work crew, which he again coordinated in Michigan.

Rev. Bettin announced his plan to retire at the May, 1996 meeting of the Peace Church Consistory, and all members were informed of his plans by letter. He will continue to serve Peace Church as transition pas-

tor for up to one year, dependent upon the securing of new pastoral leadership. At present, a church committee is preparing the church profile paper work to begin this search.

At the same time, the Barrier-Free Access Project is to be completed at the church in December of 1996, and Pastor Bettin is actively working with a very enthusiastic Centennial Committee for the 100th Anniversary of Peace Church in 1998.

James Bettin graduated from Oshkosh High School in 1947 and the University of Oshkosh (at that time, Oshkosh State Teachers College) in 1951. He received a Bachelor's Degree with a major in history and minors in English, Art, and Geology.

He developed a new art department at the Kewaunee Wisconsin High School and also taught Civics there from 1951 to 1954. In September of 1954, he entered Mission House Seminary near Sheboygan, as a seminary student of the Evangelical and Reformed Church.

His wife, Betty (Williams) Bettin, whom he married in December of 1952, taught English at Sheboygan North High School during those seminary years.

For one year he acted as youth director under Dr. Edmund Worthman at St. Peter's Church in Kiel, while in seminary. The Bettins also spent the final summer of his seminary training at St. Peter's Church in North Tonawanda, New York, where Bettin supplied the church as full-time pastor for three months. He tutored Hebrew at Mission House, with Greek and Hebrew being required subjects then.

He graduated with a Bachelor of Divinity degree in June of 1957 and was both ordained and installed as pastor of the dual charge of Bethany and New Elm Churches in Oshkosh, on June 9, 1957, where he served for four years.

Within a few weeks of his ordination, the merger of the Evangelical and Reformed with the Congregational-Christian Churches took place. He

Lions Chicken BBQ, Kettle 20 Run Sunday

By Sharon Callaway Roznik

If the recent Olympic games have inspired your competitive spirit, now is the time to test your athletic speed and endurance, by entering the annual Lion's Club Kettle 20 foot race, set for Sunday, August 11th.

The Kewaskum Lion's Club will be serving their famous chicken bar-b-q at River Hill Park while runners from across Wisconsin and neighboring states converge to vie for the coveted first place finish in the 20 kilometer (12.4 mile) event. Other runs include the 3.5 and 5 mile, and feature various men's and women's divisions.

The race is scheduled to begin at 8:30 a.m. in the park located along the Milwaukee River. Registration begins at 7:30 a.m. and runs through the time of the race. They can also be taken in advance.

Divisions for the Kettle 20 include six men's age groups: 1-17, 18-29, 30-39, 40-49, 50-59, and 60 and over. The five women's age groups include 1-17, 18-29, 30-39, 40 and over, and 50 plus.

Top male and female runners will receive a trophy, followed by medals for second and third place, with ribbons awarded for fourth and fifth. The two smaller races will also offer awards to the top place winners.

The entry fee for all racing events is \$9 with a T-Shirt, and \$7 without

the day of the race. Runners who register in advance will receive \$1 off the entry fee. This year's shirts were designed by Joan Squier, whose husband Dale, directs the event each year. The new design features a Kettle 20 banner with angels floating above.

"Were expecting about 170 to 200 runners to register," states Dale, whose been in charge of the run for the past twenty years. "Right now I have forty runners registered, but we like to see 200, and it's usually close to that every year," Squier said Tuesday.

Competitors enjoy coming back year after year to face the Kettle 20 challenge that takes runners through the rolling hills and scenic terrain of the Kettle Moraine State Forest.

All runners have the advantage of purchasing their chicken dinners for the special price of \$4.00 each, but must order their tickets before the race begins to take advantage of the opportunity.

There will be six water stops along the route, located every two miles. Showers will be made available at Kewaskum Middle School.

The Lions Club will be serving their delicious dinners throughout the day beginning at 11 a.m. and running until 4 p.m. The cost is \$6.50 for 1/2 chicken, complete with mashed potatoes, vegeta-

KES Implementing New Student Pickup and Dropoff Procedures

To better help insure the safety of the children who are students this year, the school district is implementing a new procedure for the beginning and ending of the school day.

The children can be dropped off at school in the front of the building or the north side after 8:30 a.m. The children are not to be on school property before that time unless it has been prearranged with school staff. Students are to report to the playground area in the back until they are brought into the building by school staff.

They are not to enter the building until 8:50 unless it has been prearranged with school staff.

There will be someone on duty to watch the children from 8:30 to 8:50. This is different than in the past and your help will be needed to make sure your children understand what they are to do. If there is bad weather, the children can report to the cafeteria using the back doors by the playground.

Dismissal is at 3:40, as in past years. The difference is that bus riders will report to the cafeteria and line up in bus

lines. Walkers will report to the gym. Students who are being picked up will report to the front of the school and will be picked up there.

Bus riders - will get their things together and report to the KES cafeteria. Here they can find younger/older siblings or friends which they ride with on the bus. It will also allow time for the children who are a little slow to get down stairs so they do not miss their bus. The children will then be dismissed for their bus at 3:45 from the

Chesak Awarded Academic Scholarship

Lucas Chesak

MILWAUKEE -- The Milwaukee School of Engineering (MSOE) has announced that Lucas Chesak has been awarded a \$5,400 academic scholarship for the 1996-97 school year.

Chesak, who will enroll at MSOE this fall, plans to major in Electrical Engineering. He is the son of Mr. and Mrs. Michael Chesak, West Bend, and a graduate of Kewaskum High

School.

MSOE was founded in 1903, and offers 14 undergraduate degrees in engineering, engineering technology, business, nursing and technical communication programs. Four graduate degree programs are offered: engineering, engineering management, perfusion, and environmental engineering.

Kiwanis, American Legion Sponsor Badger Boys, Badger Girls State

A delegation of Kewaskum High School students who attended the Badger State Programs, were guests at a recent Kiwanis meeting and reported on activities and their participation in the program. Pictured, left to right, are Jenny Jagielski, Brian Liegl and Jenny Weston.

Seven Kewaskum High School students attended the state programs held June 9-15. The Badger Boys State,

held at Ripon College, was attended by Brian Liegl, Eric Van Demark, David Mertz and Jeff Heller.

The Badger Girl's State, held at the University of Wisconsin, was attended by Jenny Weston, Jenny Jagielski and Margaret Feind.

The purpose of the program is to prepare students of high school age in Wisconsin for citizenship in a modern world where government touches their lives in many different ways.

The program teaches the principles of democracy in a representative government and provides an opportunity for living together as self-governing citizens, sharing experiences that demonstrate the duties, privileges and responsibilities of a good citizen.

The program also helps to instill a love of country and a desire to preserve the fundamental features of our form of government as founded by our forefathers.

Pastor Bettin

(Continued from Page 1)

has since held his pastorate in the United Church of Christ, the denominational result of that merger.

From 1961 to 1966, he was called as pastor of St. Paul's United Church of Christ in Sheboygan. In 1966, he, Betty, and their two daughters, Ivy, seven years, and Amy, one, moved to Buffalo, New York, where Bettin served for six years as Administrator-Chaplain of the United Church Home for the Well-Aged, the only UCC home in Western New York State.

He trained for this position while still in Wisconsin at Cedar Lake Home of the UCC. At present, he serves as a volunteer on the Cedar Lake Campus Board of Directors near West Bend.

In 1972, the Bettins left Buffalo as Pastor Bettin returned to the parish ministry, serving until 1982 as senior pastor on a staff of three clergy-persons at Immanuel UCC at Lafayette, Indiana, a church of about 900 members.

From 1982 until 1986, he was senior pastor at St. John UCC in

Arlington Heights, Illinois. He has been at the Peace Church in Kewaskum for the ten years since 1986, having now completed over 39 years of active, ordained ministry. The transition period he now enters will involve a reduction of time and remuneration, but will include a complete ministerial service of preaching and involvement.

The Bettins are building their retirement home in Oshkosh, where they were both born and raised. James was born on January 30, 1930. Their daughter and son-in-law, Amy and Stephen Funnell, live in Oshkosh with Bettins' grandchildren, Sonja, six years, and Eve, four.

The eldest Bettin daughter, Ivy, is now a resident of Clervaux, Luxembourg, in Europe.

She and her fiance, Norbert Hansen, plan to be in the United States for a visit with her parents the first two weeks of September.

Pastor and Betty Bettin visited Luxembourg and six other European countries for three weeks in June as guests of Ivy and Norbert.

Pastor Bettin states that his most completely loving and responsive pastorate has taken place here in Kewaskum. Many

innovative challenges have been met, and much progress in Bible-based confessional worship has evolved.

New families continue to join the congregation, five more members in July, and there has been a fine feeling of ecumenism in activities with Holy Trinity and Living Waters Churches locally.

"It's been ten years of blessing," stated Bettin, "and exciting work for the Lord still grows each year at Peace Church!"

Excerpts From Menagerie

The following poem was taken from the 1996 Edition of *Menagerie*, an All Conference Writers magazine, that includes the work of KHS students.

Reminder

I saw boredom clearly.
She was small and frail.
She turned and put her face in mine.
I saw her pale face, she rolled her eyes right up to heaven, and made like I just wasn't there.
And I heard her voice, quiet and sweet,
And I wanted her to leave; she was making me mad.

Where Does All The Money Go?

What do service organizations do with their money? This question has been asked of all organizations at one time or another.

In the past year, the Kewaskum Lions have donated over \$2,700 to local groups and other local projects. The following is a list of where this

\$2,700 was dispersed: The Kewaskum Auxiliary Police, Kewaskum Rescue Squad, Kelly Wagner Fund, Student Scholarship, Kewaskum Middle School History Project, Gateway Gobblers, Prom Support, Student Seminar, Village Fourth of July Fireworks.

In addition, we have

given \$1,000 to other state Lions projects. Most notable of these is the Lions Camp at Lake Rosholt for the handicapped. This has enabled many Kewaskum students, over the years to enjoy an experience that might otherwise be denied to them, at no cost.

Our donations to these worthwhile causes depends on your support of our annual Chicken Bar-B-Que dinner, this Sunday, August 11, at River Hill Park from 11 a.m. to 4 p.m.

The Kewaskum Lions hope that you will continue to support our efforts to make the nation, the state, and the Village of Kewaskum a better place to live.

KMS Educators Participate In Middle School Seminar

A team of Kewaskum Middle School educators joined over 600 middle level school administrators, teachers, counselors and school board members at the 16th Annual Teaching the Transescent Seminar held on the University of Wisconsin - Platteville campus, July 28 to August 2.

Over 90 schools from five states were represented. The team members from Kewaskum Middle School who attended the seminar are Karen Diemer, Kathy West, Dave Drexler and Clark Pearson.

The seminar focused on the middle level learner, the child between the ages of 10-14. Characteristics of the young adolescent, organizational components and philosophy of the middle level school, and instructional strategies for the middle level educator were some of the major areas of concentration.

During seminar week, the team members attended sessions and workshops, participated in planning sessions and worked with team advisors to complete a project. Each team selected a project prior to the seminar which was specific to their particular situation.

The project was developed throughout the year and finalized during the week of the seminar. Each team was assigned

an advisor to work with them on their project during the week. The team advisors are individuals recognized as experts in middle level education.

The goal is for the team to bring the completed project back to the district to share with the staff for implementation into the school. The project selected by Kewaskum Middle School was Parent Curriculum Guides. The purpose of this project is to provide parents with a booklet

with information concerning the classes their children are taking.

The Teaching the Transescent Seminar is sponsored by the Center of Education for the Young Adolescent (CEYA).

CEYA is nationally recognized as a leader in professional development in middle level education and has been recognized by the University of Wisconsin System Board of Regents as a "Center of Excellence."

The week-long seminar is the oldest and largest professional development seminar of its kind and has been used as a model for other professional development programs.

Letters to The Editor

August 1, 1996

Dear Editor,

This letter is in response to the memorial notes in the August 1st Kewaskum Statesman.

I felt the pain of the David Engelman family when I read the thoughts shared by various members -- D.J. in particular. It made me realize that, (I believe I'm not alone) a terrible accident happened three years ago that hasn't been resolved. When these things happen, there is not much said once the funeral is over. It doesn't make for riveting news, but readers forget that family members are left without answers to many questions, making their pain more acute.

The other thought I had was that it is surprising that anyone could be a party to such an accident, where a life was lost, and have no courage or conscience to come forward and take responsibility. Maybe it is surprising that in this day anyone would be surprised at this...

I do have a message for the person who has yet to come forward: You will carry this forever. It will not go away. I'll pray that you come to terms with this soon. I'll pray that you come forward and give this family and yourself the chance to make peace with the rest of your lives.

Letter to the Editor,

I was to the Washington County Fair last week. I went to the Republican booth and a Jim Grover for Sheriff committee member showed me all the endorsements Sergeant Jim Grover had received. I can't believe there hasn't been anything in the papers about them.

So congratulations Jim on being endorsed by the West Bend Professional firefighters, The Southeast Suburban Conf. of Prof. Firefighters, and The Wis. Troopers Assoc.

I had the privilege of talking to a state patrol officer and he said this was the first time the troopers had ever endorsed someone for sheriff.

Congratulations and good luck Jim Grover! I hope you make sheriff on September 10th.

Peace Church Crew Participates in Annual Habitat for Humanity Work Project

The tenth anniversary work project week of the Habitat for Humanity crew of Peace United Church of Christ, Kewaskum, took place Saturday, July 20 to July 27, in the St. Ignace, Michigan area.

This marked a return to the 1995 Northern Straits Habitat work project site and involved completion labor on a Habitat house at Moran, Michigan, as well as the building of the newest house (the Northern Straits fifth one) in St. Ignace. The ten women and nine men working from Peace Church were able to see walls, roof, windows, and doors on this home by their departure.

As previously, the expense of the trip from Kewaskum was supported by the congregation of Peace Church, involving all transportation and food costs, plus a \$1,200 monetary gift to the Straits affiliate to purchase building supplies and materials.

All labor is voluntary; the Kewaskum supervisor was Howard Zemlicka, a seven year Peace Church Habitat worker, in cooperation with Clayton Stautz, with five years. It costs \$63.00 per crew member for the entire work week, with Marion Erdmann and Betty Bettin again acting as the crew cooks for the tenth year. The amount included all food and transportation.

The Straits Evangelical Free Church was once more the "home" in St. Ignace for the crew, with the volunteers sleeping on cots and air mattresses and eating their meals in the fellowship hall.

Local Habitat affiliate volunteers supplied five noon lunches, delivered daily to the church -- one day involving 20 eighteen inch filets of local fresh whitefish donated by the Mackinac Fish Market!

Both recipient families of the houses involving Peace Church labor were actively working with the actual construction, giving their part of the 500 hours of "sweat equity" required for an interest-free Habitat mortgage of ownership.

Darlian and Rick Bellville and their four children will own the St. Ignace home, while Lori and Jim Ballard and their two children will occupy the Moran one. A locally sponsored Habitat potluck dinner at the host church allowed the

volunteers to meet the family partners on Monday evening, July 22.

At that joyous event, two donated sets of Kewaskum Regal cookware were unwrapped by the grateful and delighted prospective home owners.

This year's Kewaskum crew had four members who have been on all ten trips since 1987 at sites in Nashville, Tennessee, Buffalo, New York, Zanesville, Ohio, four years in Lexington, Kentucky, Kimberling City, Missouri, and now two years in St. Ignace, Michigan. They are Marion Erdmann, Richard Zarlring, and Pastor James and Betty Bettin.

The Pastor has acted as planning coordinator and supply director of all the projects. Each day's work began with a devotional and prayer period, invoking the blessing of Jesus upon the project. The weather all week was remarkably free of

rain for the area!

Those on the crew, in addition to the ten year volunteers and the two supervisors, were as follows: Karen Kletti with eight years; Clark Pearson, seven; Connie Zemlicka and Charles Petrie, six; Mary Steinhardt and Gayle and Stephen Van Ess, five; Gretchen Smith and Mark Steinhardt, four; Jennifer Weston and Kathy Deshotes, three, with Lauren Steinhardt and David Kletti working for their first year.

Sunday, July 21, was the "fun day" for the crew, featuring a tour of Sault Ste. Marie, visiting both the Michigan and Ontario cities, museums, and ship locks. The volunteers pay their own expenses for this entertainment and for their own meals to and from Kewaskum.

Deloris Novotny and Lorna Glass of Peace Church, provided homemade cookies and breads

for the trip, while a St. Ignace Habitat Home neighbor gave the crew fifteen slices of local fudge.

Mike Sosadeeter, Northern Straits Habitat President, and Gary Nitz, local project coordinator, arranged the Michigan building needs, with Geraldine Stelmaszek organizing sleeping and eating arrangements, as well as shower use at the nearby State park.

On a gift card from the grateful family to be living in the St. Ignace home, the Kewaskum crew members were designated as "Angels from God." The new title was both appreciated and deserved. "We did what we came to do," commented Howard Zemlicka, "despite some problems with generators, ladders, windows and other obstacles. The houses were at the point we hoped them to be at week's end. The reward

for our efforts was the joy, tears, and handshakes of the homeowners on that final day of work. Our help and skill make that possible."

Richard Zarlring praised the excellent labor accomplishments of the four teen-agers on the crew, and Marion Erdmann agreed, "We did our very best in the kitchen, and no one ever went hungry!"

"It's the best crew ever," announced Betty Bettin, as she presented the traditional awards at the end of the week, "but then I say that every year -- and it's true!"

A committee comprised of Dr. Stephen Van Ess, Karen Kletti, and Richard Zarlring will work with Pastor Bettin in arranging the 1997 work week for Habitat. On this August 24, crew members and families will gather at the Mary and Mark Steinhardt home to remember and to

*It's hard to see tomorrow
When someone you love
is gone.
And it's harder still to

That your life will still go
on.
But the Lord won't give
us burdens
Which He knows we can-

And He will not leave us
comfortless--
We'll always find Him

And our loved one now
walks close to God,
Surrounded by his love.*

INCOME CHART EFFECTIVE FROM JULY 1, 1996 TO JUNE 30, 1997

Verification: Your eligibility may be checked at any time during the school year. School officials may ask you to send papers showing that your children should get free or reduced price meals.

Fair Hearing: You may talk to school officials if you do not agree with the school's decision on your application or the results of verification. You also may ask for a fair hearing. You may do this by calling or writing: Mrs. Jean Goeden, Board President, 2478 Hwy. 28 East, Kewaskum, WI 53040, Phone: 334-9549.

Reporting Changes: If your children get free or reduced price meals because of your income, you must tell the school if your household size decreases or your income increases by more than \$50 per month or \$600 per year. If your children get meals because they get food stamps or AFDC, you must tell the school when you are not getting AFDC or food stamps for them. You may then fill out another application giving income information.

Confidentiality: School officials use the information on the application only to decide if your children should get free or reduced price meals.

Reapplication: You may apply for meals anytime during the school year. If you are not eligible now but have a change, like a decrease in household income, an increase in household size, become unemployed or get food stamps or AFDC for your children, complete an application then.

In the operation of the child feeding programs, no child will be discriminated against because of race, sex, color, national origin, age or handicap. If you believe you have been discriminated against, write immediately to the secretary of agriculture, Washington, D.C. 20250.

We will let you know when your application is approved or denied.

Sincerely,
Charles B. Johnson, Ph.D.
District Administrator

Eligibility Requirements for Free, Reduced Price Meals Announced by School District

The School District of Kewaskum has announced its policy for children unable to pay the full price of meals served under the National School Lunch Program. Each school

office and the central office has a copy of the policy, which may be reviewed by any interested party.

The following household size and income criteria will be used for

determining eligibility. Children from families whose annual income is at or below the levels shown are eligible for free or reduced price meals.

INCOME CHART

For each additional family member add:	+4,847	+404	+94

Application forms were given to each family on registration day. To apply for free or reduced price meals households must fill out the application and return it to the school. Additional copies are available at the principals office in each school. The information provided on the application will be used for the purpose of determining eligibility and may be verified at any time during the school year.

To obtain free or reduced price meals for children for whom households receive Food Stamps or Aid to Families with Dependent Children (AFDC), an adult member only to list the names of the school children, give Food Stamp or AFDC case number for each child, sign his/her name and return the application to the school office. Households must inform the school authorities when they no longer receive Food Stamps or AFDC.

For the school officials to determine eligibility for free or reduced price meals of households not receiving Food Stamps or AFDC, the household must provide the following information requested on the application: names of all household members, and the social security number, of the adult household member who signs the application. In lieu of a social security number, the household may indicate that the signer does not possess a social security number. Also, the income received by each household member must be provided by amount and source (wages, welfare, child support, etc.). Households are required to report increases in income of over \$50 per

month or \$600 per year and decreases in household size.

Under the provisions of the free and reduced price meal policy, the District Administrator will review applications and determine eligibility. If a parent or guardian is dissatisfied with the ruling of the officials, he/she may wish to discuss the decision with the determining official on an informal basis. If the parent/guardian wishes to make a formal appeal, he/she may make a request either, orally, or in writing to: Mrs. Jean Goeden, School Board President, 2478 Hwy. 28 East, Kewaskum, WI 53040, Phone 334-9549. If a hearing is needed to appeal the decision, the policy contains an outline of the hearing procedure.

If a household member becomes unemployed, or if the household size changes, the family should contact the school. Such changes may make the household eligible for reduced price meals or free meals if the household income falls at or

below the level shown above, and they may reapply at that time.

In certain cases foster children are also eligible for these benefits. If a household has foster children living with them and wishes to apply for free or reduced price meals, the household should complete an application for a family of one or contact the school for more information.

The information provided by the household on the application is confidential and will be used only for purposes of determining eligibility and verifying data.

In the operation of the child feeding programs, no child will be discriminated against because of race, color, sex, national origin, age, or handicap. If any member of a household believes they have been discriminated against, they should write immediately to the Security of Agriculture, Washington D.C. 20250.

Any questions regarding the application should be directed to the determining official.

A Message From Bonnie

HELLO Kewaskum Statesman readers!! Well, I wanted to sit down and thank the many of you that have remembered me in so many ways!! The cards and phone calls have really BOOSTED my spirits -- Thank You All So Much!!

As many of you know, I am out on extended sick leave and have put in for a disability. Believe me -- it was the very hardest decision that I have made in my life. I could not have made that decision without the support of my family and the many friends that I have made in Kewaskum. I miss you and the friendly chats that we had when so many of you would stop by for a visit. I miss the children that would stop in and talk about baseball cards, racing and they always knew that Bonnie would have a sucker for them. I think of the good times that I had in Kewaskum and know that I have made many friends and you are not forgotten as I think of you everyday.

I feel that I have a very good attitude about this "cancer thing" but one just never knows. I told my doctor that I did not know how I managed the last few weeks while I was there and he told me that the "adrenalin kept me going." It has gotten to the point now that I can only stand ten to fifteen minutes at a time and tire so very easily. My doctor is concerned as I have lost some weight so I am tak-

ing some new medication and hopefully, that will help. If not, I am due to undergo some further surgery and I am certainly not looking forward to that.

I just wanted to sit down and share a few thoughts with you. Nothing made me prouder than the day that I was appointed as Your Postmaster. Little did I know upon coming to Kewaskum the many new friends that I was going to meet and share so many good times with. Remember the Christmas parade that Your Post Office participated in? That was a great time and the friendly waves and smiles made me know that I was in one of the best communities in the world!! The Christmas decorating that the children participated in was another big memory that I will never forget. Two years we participated and two years we won!! I am hoping that the children of the community do continue that tradition as there is so much talent in the school system and it would not and cannot do unnoticed and recognized. I love you "Kids" and be well assured that Bonnie Will Never Forget You!!

To share another thought with you: My last day at the Kewaskum Post Office was one of the very hardest that I have ever put in. I wish that I could have said "goodbye" to each and everyone of you but things just happened

so fast and the doctor told me that he wanted me off of work just the day before I left. I shed many a tear that day as I hugged and shared thoughts with many of you. To those that I did not get to see--I did not and will not forget your friendship. As I have said--I am only down the road and will get over to see you when I can. Just remember, you are only down the road from me and if you get a chance, look me up as I would love to see you. I did come to the picnic and it was great to see so many of you and "share a laugh or two."

In closing, please remember one thing--you made my position worthwhile. You put the sparkle into each and everyday that I was your postmaster. You enabled me to be creative and enjoy doing everything in my power to make the Post Office--Your Post Office. You extended your "hands of friendship" and made me feel so very comfortable and loving each and everything about Kewaskum. I could go on and on but mere words will never express the "mark" you put in my heart and in my life. You were there for me when I was healthy and you have been there with me during this illness--the feeling in my heart for each of you--A Big Hug and a Tremendous Thank You! As I draw to a close

on the "hardest" article that I have ever written; please remember these words that I live by: "Friendship is not something once in awhile, friendship is forever."

I love you Kewaskum!
*Your friend always,
Bonnie!*

Get Permission Before the Hunting Season Begins

It maybe hard to think about the hunting seasons beginning in September when the temperature is 90 degrees, but now is the time to make some contacts with private property owners.

One of the down sides of being a Conservation Warden is hearing all the stories from private property owners of hunters trespassing on their property without permission.

I hear stories of tree-stands being stolen, nails driven into trees, and trees cut down, and I have even heard of a trespasser attempting to kick a property owner off of his own property.

Being a hunter myself, it is embarrassing to hear stories like this, and easy to understand why some private property owners will not allow hunters on their property.

Now is the time to get permission. It may seem early but the hunting seasons are just a little over a month away. With the early Canada Goose hunt beginning Tuesday, September 3, the hunting season is not far off.

Another considera-

tion is the increased opportunity to harvest deer this year, especially in the Zone T Units. I'm sure many hunters applied for a free tag but have no idea where they are going to hunt in Zone T.

Property owners also like to be contacted before the season starts and with the number of reports I have received of crop damage so far this summer, I would think many of them would appreciate the thinning out of some wildlife.

Don't forget to make contact with property owners who have given you permission to hunt in the past. Just because you asked several years doesn't mean you have permission for the rest of your life. Things can change, like maybe the property owner that gave you permission sold the property to someone else. It has happened.

As hunters, we cannot afford to upset private property owners. We need the opportunity to hunt on private property and must realize that it is a privilege. Not every landowner is going to allow hunting on their

property, but it is up to us as responsible hunters to promote good hunter-landowner relations to keep the land open to hunting which is open now, and encourage other landowners to open their land to hunters in the future.

If you have any questions on this topic, feel free to give me a call.
