## Kewaskum School District Students Raise Their Achievement Test Scores

By Sharon Callaway Roznik

The promise was kept, despite the fact it was made by former school district Superintendent Charles Johnson, before he chose greener pastures. The promise was kept and Kewaskum students have raised their achievement test scores from below state averages to the top 20% in just one year, according to the results of the 1996 Wisconsin Student Assessment Tests.

Curriculum Coordinator George Allmann, who inherited the accountability left behind by Johnson, went over the outcome of fourth, eighth and tenth grade mandatory assessments tests with the Kewaskum School Board at Monday night's meeting.

Compared to national averages, district students excelled in reading, language, science, and social studies, but lagged behind in mastery of mathematical objectives at the fourth grade level, exclusively at Kewaskum Elementary School. "This is the area we are having difficulty with and are trying to address this year," Allman told the board. "We know in math we're weak at the elementary level."

After the 1995 low test scores were announced, an unhappy school board focused attention on solving the problem of student achievement, debating whether the district should model their curriculum after state evaluations and coach the students prior to testing, or let the assessment be a true indication of the knowledge students retain.

With the state demanding student achievement and accountability, and a mandate pressing on districts to adopt and enforce a set of academic standards by August 1998, Allmann implemented tougher curriculum alignments and objectives measured by state testing, instituted a comprehensive K-12 writing program, post tested students who scored at the 25% percentile or lower, hired tutors and aids to work with students, and offered a summer tutorial program for those who failed to show improvement.

Although some may call it coaching, the results paid off, and students retained what they learned, at least long enough to take the tests and rate above aver-

age. Efforts have been made to catch stragglers before they fall too far behind to catch up. But according to Allmann, along with administrators and school boards across the state, that pretty picture will soon change when the 1997 test reports come in some time this month.

"They've basically changed the game plan on us," Allmann related at the meeting, preparing the board and community for the great number of students who will most likely come in with basic or minimal test scores, due to Wisconsin's new state standards and its matching proficiency tests.

Previously, standardized tests scored students in comparison with state or nationwide referent groups, using percentiles (normative testing). Everyone remembers the teachers they had in school who graded "on the curve." Grades were relative depending on the highest grade in the class, even if that grade was 75%. Now experts are demanding accountability and a demonstration of knowledge and concepts through the use of the new proficiency score standards, in other words, how many answers are right and wrong.

General proficiency categories on the new state tests come in four colors: Advanced, Proficient, Basic, and Minimal Performance. Most students are expected to score at the basic or minimal level, despite the fact Wisconsin students' scores generally rank higher than national averages on standardized achievement tests.

"I don't have a problem with testing, we did really excellent last year," Allmann emphasized, but said, in his opinion, the testing is extremely advanced and difficult, and far off compared to the state standards. He challenged board members to try to take one of the tests, recommending the fourth or eighth grade level, because the tenth grade test had proven too difficult for board members from other districts. A 12th grade graduation exam is scheduled for inclusion in the testing scenario around 2002-03, and the tenth grade test will then be dropped.

"The whole point here is first you develop the syllabus, then you develop your course and your test. Wisconsin did the test, then they developed the stan-

dards, and it's backwards," he pointed out, adding that next year the district's job will be to raise test scores at every level. A staff/administrator in-service is scheduled for this Friday, and the team will compare the strength and weaknesses of the data and develop a plan from there.

On a related topic, board members Mary Andera and John Schulte reported to the board on a recent state standards meeting they attended in Madison, and their feelings on the subject.

As far as the Kewaskum School District goes, Andera said she felt Kewaskum was already ahead of the game, and had programs in place other districts were only beginning to look into.

Although she related her disappointment in the format of the meeting, which did not allow a question and answer session with members of the standards committee, she sided with a majority of those in attendance who felt standards should be assessed at all grade levels.

Schulte said that one of his main concerns is always the possibility of "teaching to a test." "That's where the room for failure in standards and assessments exists," he expressed to fellow board members. A proponent of locally created standards, he stood behind the full set of standards Kewaskum proposed last year, and emphasized the board adopt what they and the community deem important to the students of the school district, "not what somebody else wants for us."

He also voiced his disapproval of a "high stakes" graduation test, which would be the basis for receiving a diploma. "The question always comes up, who failed who? Did the student fail us, or did we fail them?"

## Resignation of KHS Buildings and Grounds Supervisor Accepted

By Sharon Callaway Roznik

The Kewaskum School Board accepted the resignation of the district's Buildings and Grounds Supervisor, Chad Kyle, at Monday night's board meeting, effective January 2nd.

Since posting the position outside the district, District Administrator Clark Pearson said they had sent out 34 applications, and twelve have been returned completed as of Wednesday morning. The deadline is January 16th.

Kyle was hired Sept. 30, 1996, replacing the retiring Fred Boehlke, and relocated to this area from San Clemente, California. He decided to leave his employment with the Kewaskum School district after receiving a job offer from his former employer in California, and a promotion to a higher paying position. He previously served as district manager for a property management company, overseeing the maintenance and landscaping of several 100 to 600 unit buildings located across the west coast.

His two year contract, scheduled to run until

September 1998, paid \$46,000 the first year, and \$47,600 the second. He was fined the standard \$500 by the district for breaking his contract.

An interview committee will be calling in candidates to narrow the field of applicants. "My intent is to have someone in the position by mid-February," Pearson told board members. "I want to bring a name to the February board meeting, but I don't know yet if that's possible."

Board member Tom Timblin expressed his disappointment at losing another good administrator, and at the fact the district paid Kyle \$5,000 moving expense allowance, hoping he would remain within the school district for several years. The previous administration had also paid for furthering Kyle's education through college courses.

"I think we should impose a \$5,000 fine," Timblin told the board, with Mary Andera supporting the statement. Board member Larry Fechter stated that the topic should be brought up through the Negotiations Committee, but it was diffidently a concern that needed to be discussed.

## Peace Church Begins Centennial Celebration With Moraine Symphony Concert

Peace United Church of Christ will begin celebrating their Centennial with a concert by the Moraine Symphony Orchestra on Sunday, January 18, at 3 and 7 p.m.

The concert will feature violinist Glenn Asch, who began piano studies with his mother, Anna Asch, at the age of five. He began the violin at the age of ten and during his years at Kewaskum High School, he studied with Gerald Stanick at the Wisconsin Conservatory of Music.

Asch received a Bachelor of Music degree from the University of Wisconsin-Madison under Norman Paulu, and then became a member of the Milwaukee Symphony Orchestra in 1980, where he has been since then. He completed a Masters degree in violin at the University of Wisconsin-Milwaukee, studying with Ralph Evans.

He has soloed several

times with the Milwaukee Symphony, has performed his violin concerto with the Denver Chamber Orchestra and the Waukesha Symphony, and has been guest soloist with several area orchestras. Mr. Asch is also a member of the Milwaukee Symphony Jazz Quintet.

In addition to his violin concerto, Glenn has composed a violin sonata commissioned by the Wisconsin Music Teachers' Association and an oboe sonata, performed by his parents at the Denver Contemporary Composers' Week. He also arranges music for the Milwaukee Pops series.

He currently resides on Milwaukee's east side with his wife, Laurie, and their three children.

Peace United Church of Christ is proud to open their Centennial celebration with this concert. The church was founded in 1898

by nine families: Carl Doms, Sr., Charles Geidel, Ludwig Guth, Christian Schaefer, Dr. Nicholas Guth, Sr., George Schleif, Sr., and Pastor Robert Grunewald of Fillmore.

Nicholas Guth, Sr. donated the land in June of 1898. By Sunday, November 4th, the completed church structure (at a cost of \$3,900) was dedicated. Since that time there have been modifications and additions to the original building -- a Christian Education wing, a Narthex added to the entry, and an elevator for barrier-free access. The original church itself still stands.

Through many generations and under the guidance of 15 subsequent ministers, the church has grown and served the community of Kewaskum. They are now in the process of finding their 17th minister, and are pleased to have Pastor John Wickham serving as their Interim Pastor.

**OSHKOSH** - A total of 1,766 new freshmen are enrolled for the fall semester at the University of Wisconsin-Oshkosh. That's a nearly 13% increase over a year ago. It's the largest class of new freshmen at the 10,960-student campus since 1988.

The total of all freshmen students at UW-Oshkosh this past fall is 2,596. That includes transfer students and returning freshmen.

The percentages of new freshmen graduating in the top 10%, top quarter and top half of their high school class all increased over a year ago.

Out of the total undergraduate student enrollment of 9,295, nearly 58%, or 5,369 are women.

With the recent accreditation of its College of Education and Human Services by the National Council for Accreditation of Teaching Education, UW-Oshkosh is the only UW-System campus that has earned national accreditation for all of its professional colleges. ## A Stroll Up Main Street

Tiny Terlinden Photo

The property at the corner of Main and Railroad Streets in Kewaskum has deep business roots in the community and is shown above on top as Casper's Tavern over 50 years ago and the bottom photograph shows the Henry Timblin Trucking building that was erected on the property in 1992. We received an assortment of information on the proprietors of the original building, some with conflicting dates, but will share this information to the best of our ability. The original Kewaskum landmark was built over 100 years ago as the Central Hotel. In 1914, Sebastian and Bertha Casper purchased the building from Ben Mertes. They remodeled the building extensively, built an apartment upstairs and lowered the building to street level. Following the death of Mr. Casper, the building was rented to Pete Bies. Clarence Bingen purchased the building in 1944 and put in miniature bowling and remodeled the upstairs living quarters. Their first tenant upstairs was Sylvester Keller. According to Dennis Bingen, Clarence Bingen was in business from 1944 to 1946. We received information from Peggy Stoffel that adds the building was then purchased by John Wink, who was also in the tavern business until December 31, 1950. Following that, the tavern was also run by Gene Gruber and eventually purchased by the Robert Flynn family, who ran the corner tavern for many years. The Flynn's, in turn, sold it to James Rinas who was the owner of "The Barrel Haus" tavern and restaurant when the building burned down in January of 1992. The property was then purchased by Carole Timblin and shortly thereafter the brand new Henry Timblin Trucking office, as shown in the bottom photo, was erected. That is as much as we gathered on the west side of the building. Then there was the east side of the building.... Originally the east side of the building was the "waiting room" for the ladies. Men would bring the "little women" into town to shop for groceries and incidentals. They would drop the ladies off at the stores and then stop at the "corner tavern" for a cold one, while the lady of the house completed her shopping. When the woman was finished with the task at hand, she walked back to the tavern and sat in the ladies waiting room until her husband was ready to go back home for it was unheard of, at that time, for a lady to be seen in the tavern. (We've come a long way, baby!) Eventually, that portion of the building also housed the Gilbert Shoe Store, Viola Casper's beauty shop and a bakery run by Mrs. Ortmann. We are unsure of dates on this portion of the building, but have shared as much as we could find out. Our thanks go out to Dennis Bingen, Marcella Schaefer, Viola Casper and Peggy Stoffel for sharing information with us. If anyone has historic information or a fond memory to contribute about the upcoming businesses traveling north on Railroad Street or the north side of Main Street, (heading west), please send the information to the Kewaskum Statesman or call 626-2626. Any historical information you can contribute on the balance of the buildings on Main and/or Railroad will be appreciated more than you know.

Area residents are members of the University of Wisconsin-La Crosse Class of 2001, a freshman class that scored well above the state and national averages on a college entrance exam.

UW-La Crosse's freshman class of 1,705 ranks well above the nation's and Wisconsin's average composite scores on the ACT college entrance exam. UW-L freshmen had an ACT average of 23.5, the university's highest rank ever. That compares to a 22.3 state average and a 21 national average. Nearly 22% of the UW-L freshmen were in the top 10% of their high school classes, while just over 60% of the incoming students were in the top quarter of their classes.

## Girl Scout Council Selects New Executive Director

Denise Schemenauer has been selected as Executive Director of the Manitou Girl Scout Council. Schemenauer has more than ten years of Girl Scout management and supervisory experience, seven of these years have been in the Manitou Girl Scout Council. For the past several months she had been serving as acting Executive Director, managing a staff of 17.

Schemenauer believes that the most important opportunities that girls gain through Girl Scouting membership are those that develop leadership and decision making. "Girl Scouting provides a girl, for maybe the first time in her life, the chance to be a leader, to make plans, to organize and carry out her decisions. Girls ages 6-17 all report that they experience greater opportunities for leadership and decision-making in their Girl Scout troops than they do in school. In this way, Girl Scouting plays a critical role in a girl's development toward adulthood," said Schemenauer.

Schemenauer considers herself a systems person and believes that people like to volunteer when they know that

their time will not be wasted, and that their contributions will advance a mission. She is committed to obtaining adult financial support for Girl Scouting in the Manitou Girl Scout Council. She is a strong believer that fundraising is best when there is grass roots involvement in the process.

"To ensure that we are prepared to meet future challenges we, volunteers and employed staff, must believe in the values of Girl Scouting and must assure that our decisions and actions are based on those values. If we all live by the Girl Scout Promise and Law, our words and deeds cannot help but be the right ones for today's girls," Schemenauer said.

The Manitou Girl Scout Council serves more than 7,000 girls and adult volunteers in the seven counties of Calumet, Dodge, Fond du Lac, Manitowoc, Ozaukee, Sheboygan and Washington. The council is supported by the generous contributions of the United Way, Community Chest, individual contributors and the council's annual cookie sale.

### WES Learns About Communities

A group of Wayne Elementary School second graders crowd around the model for "Doggy Falls," a town designed and built by Cory Mass, Bryan Pauers and Jamie Wiedmeyer.

Creating towns with names like "Doggy Falls" and "Gameland" helped Wayne Elementary School students in Mrs. Schramm's second grade learn about communities.

As part of a social studies unit, students built towns on gigantic sheets of cardboard; designing and naming their towns, and then constructing everything from buildings to roadways.

It was a followup to an earlier class visit to Mil-

waukee, which included a trip to the top of (and a turn around in) Hyatt's Polaris Room restaurant. The towns were displayed in the WES library and, according to the students, they were also a lot of fun to make.

### Wingra Woodwind Quintet Concert Scheduled

"The group has recorded for Golden Crest, Spectrum, and the School of Music recording series, and recently released an educational video entitled Developing Woodwind Ensembles. The quintet includes the talents of Stephanie Jutt, flute; Mark Fink, oboe; Linda Barley, clarinet; Linda Kimball, horn, and Kenneth Moses, bassoon.

The quintet's performance

tour includes a performance in the area on Tuesday, January 20th, at 7:30 p.m., in Campbellsport High School, Lang Auditorium.

Ticket prices are: Advance: \$4 Adult; \$2 Children, grades 1-6; At The Door: \$5 adult; \$3 Children, grades 1-6.

## Cochran Sign Company Wins '1997 Best of Show' Award

Cochran Sign Company of West Bend won the "1997 Best of Show" award for the sign they produced which is shown above, at the Wisconsin Sign Associations' 27th Annual Conference last fall.

Cochran Sign Company, Inc., 2410 S. Main Street, West Bend, joined fellow sign professionals throughout Wisconsin and neighboring states at the Wisconsin Sign Associations (WSA) 27th Annual Conference held in September in Wisconsin Dells.

The jam-packed agenda included workshops on marketing, code compliance, contract law, passing on the family business, and loss control. Industry panel discussions were led by directors and suppliers.

WSA, Inc. represents a membership of nearly 100 of the states most professional sign companies and suppliers. At the award ceremony, participating sign companies entered photos of their best signs produced over the past year in several different categories, such as illuminated, sandblasted, billboards, electric signs, etc.

A first, second and third place award was given for each category. The final award of the evening was for the "Best of Show" category for the entire state of Wisconsin.

Several employees from Cochran Sign Company attended this event to wit-

## Foremost Farms Honors Quality Milk Producers

BARABOO -- Area dairy farmers were among 1,565 honored last month by Foremost Farms USA for producing quality milk during calendar year 1996.

The cooperative presented two different levels of awards to local producer-owners throughout Wisconsin, Michigan, Minnesota, Iowa and Illinois. The award levels were based on the average somatic cell count (SCC) of the milk marketed by producers from Jan. 1 - Dec. 31, 1996.

The SCC level in milk is

### County Emergency Preparedness Tips

The unseasonable weather we have experienced recently, causes concern for freezing rains and a potential ice storms.

Washington County residents have experienced severe ice storms in the past. If an ice storm should occur, keep in mind the following:

\* Be extra careful when walking or driving. Surfaces that appear dry may in fact be covered with an invisible layer of ice.

\* Stay away from trees and power lines. The weight of the ice can cause branches and power lines to fall. Respect all downed lines as potentially live.

\* In an ice storm, stay inside as much as possible. If you must be outside, wear a raincoat and several layers of warm clothing, to help stay dry. If you do get wet, change as soon as possible to prevent loss of body heat.

The Washington County Division of Emergency Management offers information on emergency preparedness to community groups. We can help! Call (414) 335-4399.

one measure of its freshness and wholesomeness. It also indicates the sound herd management decisions made by producers in their operations. Milk with a lower SCC yields more cheese when processed and it has a longer shelf life when packaged for fluid use by consumers.

When milk meets specific criteria, Foremost Farms USA members earn extra money in quality premiums paid in their milk checks.

"Superior Quality" awards were presented to 75 producers whose milk averaged below 100,000 SCC. "Excellent Quality" awards were presented to 1,490 producers whose milk averaged between 101,000 and 250,000 SCC.

The following area producers were honored by Foremost Farms USA with an "Excellent Quality" award at the cooperative's annual district meeting in fall:

Byron and Sharon Gessner, Kewaskum, and Edward and Harvey Klumb, West Bend.

### Campus Notes

Among the students attending Northcentral Technical College, Wausau, for the fall semester 1997-98 is a recent Kewaskum High School graduate, Heather Maas. She is enrolled in NTC's small business management program.

## Kewaskum FFA Activities

The Kewaskum FFA is entering the second half of the school year busier than ever. The thought that the school year is nearly half over makes the FFA officers and members think of what new and exciting projects we should finish up the year with.

The start of the second half of the year begins with President Ben Propson, treasurer Peter Muth, and Advisor Dave Rizzardi attending Halftime in the Locker Room in Stevens Point. At this meeting of FFA officers and advisors from around the State, officers summarize how the year has gone so far and what things can be done or improved upon during the next few months.

The Kewaskum FFA also will be holding their annual Toy & Craft Show on Sunday, February 22 from 9 a.m. to 3 p.m. in the Kewaskum High School Fieldhouse. Last year the show was highlighted with a toy tractor pull. Attendance was great and many exhibitors were very happy with the shows' improvement. At the show there will be exhibits of farm toys and a huge variety of crafts for sale and display. With the help of the public this show could be better than last year. If you have any questions on the show contact Ben Propson at home at 629-9857 or at the High school at 626-2166, ext. 4816.

On March 5, 1998, the Kewaskum FFA in conjunction with the Kewaskum FFA Alumni will be sponsoring Donkey Basketball in the Kewaskum High School Fieldhouse. Various local fire department members and high school students will face off in this semi-annual event. Advance sale tickets will be

available from any FFA member or the Kewaskum High School office for \$5 starting February 16th.

The Kewaskum FFA has had a great first half of the year and we are anticipating a better second half. If anyone has any questions or ideas for the FFA just call Kewaskum High School at 626-2166, ext. 4816. Thanks for all of your support.

### Senior Citizen ID Cards to Be Issued

## United Way: A Million Plus Thanks!

United Way of Washington County agencies, volunteers and donors have something to cheer about: raising \$1,031,530 in the 1997 United Way campaign.

According to Doug and Sharon Ziegler, Co-chairs of the 1997 volunteer effort, the fund drive is officially "over the top" with a finish of \$1,031,530. That is \$31,530 over the goal of \$1,000,000, and \$71,500 more than the strong finish of 1996. "We are so very proud of the hundreds of volunteers who put their hearts into the campaign, and really personified the 'United Way -- Helping Every Day' campaign theme," said the Zieglers.

The agency reported \$1,024,000 in early December. "The generosity and 'keep at it spirit' of donors and volunteers is so very humbling and heart-warming," said Sharon. "Once again, the businesses and individual donors in Washington County came through and showed that our community is truly committed to meeting needs and ensuring necessary services for friends, neighbors and co-workers. United Way helps residents right here in Washington County," she stated.

In addition to finishing the campaign at 7.4 percent over

the previous year's total, this is the highest amount of money ever raised by United Way in the organization's 61-year history.

"When you first begin a campaign, you are optimistic that you'll reach your goal," said Sharon Ziegler. "Along the way we faced challenges, but we were also reminded of people's generosity, and that we can help those who really need help. Going over the top is great news for the thousands of people in 25 agencies who will benefit in the coming year!" she said.

Board President Michael Bloedorn commented, "On behalf of the United Way Board of Directors and the United Way agencies, I would like to compliment the hard-work and on going efforts of all our campaign volunteers who kept working to bring help and hope to our community. These volunteers saw first-hand what the needs were; they rolled up their sleeves and kept working until the job was finished -- and then kept going. I'd like to congratulate the Zieglers and the Division Leaders, Loaned Executives and Solicitors. We couldn't have done it without the countless hours all of them put in," he said.

"Seventeen of our divisions

met and exceeded their goals," said Doug Ziegler. "The bottom line is that when you add up ALL the numbers, we're over the top!"

United Way executive Director Barbara Hurula complimented the efforts of the volunteers. "Caring' and 'sharing' aren't just nice words -- they are action words that come to life with the United Way campaign in Washington county each year. The majority of our donors help people they will never see or meet personally," she said. "The efficiency of United Way helps assure that dollars go where they are most needed."

Fund distribution volunteers are currently reviewing 1998 funding requests of the agencies and determining how best to use the excess dollars to benefit the county as a whole. "It's more work for staff and volunteers in distributing the extra funds, but this kind of challenge is most welcome," said Board President Bloedorn.

Dollars raised and percentage of the division goals are: Accounts and Business Services - \$5,447,116 percent; Attorneys - \$9,280, 110 percent; Clergy - \$1,090, 75 percent; Contractors - \$8,503, 114 percent; Dentists - \$4,085, 117 percent; Financial - \$95,100,104 percent.

Nonprofits - \$29,584, 112 percent; Physicians - \$22,382,86 percent; Real Estate - \$3,735, 110 percent; Professional Specialties - \$1,930, 114 percent; Washington County Employees - \$10,901, 125 percent; Allenton - \$19,758, 128 percent; Hartford - \$164,903, 99 percent; Jackson - \$24,296, 94 percent; Kewaskum - \$37,111,101 percent; Newburg - \$2,062, 138 percent; Richfield, Hubertus & Colgate - \$4,623, 77 percent; Slinger - \$16,838, 97 percent.

West Bend Division; City Employees - \$10,836, 96 percent; Commercial - \$13,380, 124 percent; Education - \$24,999, 90 percent; Industrial & Manufacturing - \$26,292, 97 percent; Retail - \$20, 719, 115 percent; Special Gifts - \$92,501, 123 percent; Transportation - \$15,779, 116 percent; and Key Firms - \$365,398, 101 percent.

The Zieglers' thanks and pride echoes throughout the area...well done, Washington County!

Pursuant to Section 174.052, Wisconsin Statutes, notice is hereby given to all owners of dogs in Washington County that dog licenses and rabies vaccinations are required.

Vaccination by a licensed veterinarian against rabies is required of all dogs (Section 95.21(2)) within 30 days after the dog reaches 4 months of age and revaccinated within one year after the initial vaccination. The owner of a dog shall have the dog revaccinated against rabies by a veterinarian when the certificate expires or within three (3) years of previous vaccination. The certificate of rabies vaccination must be presented to the collecting official before a dog license may be issued.

All dogs five (5) months of age or older require a license. The minimum license fee for neutered males or spayed females is \$3.00, upon presentation of evidence attesting to the same, and \$8.00 for the unneutered male or unsprayed female dog or one-half of these amounts if the dog became five (5) months of age after July 1 of the license year. The governing body of any town, village or city may raise the minimum dog license tax. Any person who keeps or operates a kennel may apply for a kennel license. The fee is \$35.00 for twelve (12) dogs or less and an additional \$3.00 for each dog in excess of twelve (12).

Dog licenses can be obtained from your local town, village or city treasurer or designee during the course of any given year. Dog owners should notify their treasurer if their dog is given away or has died, so that you will not be considered delinquent. An affidavit of death is available.

### PENALTY

# Mertz Inducted In Phoenix Hall of Fame

Kathy P. Mertz

Elrone in 1984. **Collegiate Field Hockey Highlights:** A goalkeeper, Mertz twice earned all-region honors from the U.S. Field Hockey Association and twice qualified for nationals, in 1978 and 1979, when post-season play involved the selection of all-star selection teams. She took up the sport as a freshman and her reflexes, anticipation and agility made her a stand-out. Her coaches also noted her fearlessness. field hockey, a sport that shares similarities with both soccer and ice hockey, is an 11-person game which places the goalkeeper in the position of defending a 7 x 12 foot net, stopping hard drives and sorting through traffic near the goal. UW-Green Bay discontinued its field hockey program in the early 1980s as women's soccer gained popularity in the Midwest.

**Collegiate Basketball Highlights:** Mertz was a point guard for teams which went 14-9 in her freshman year of 1977-78 and 24-5 her senior year of 1980-81, marking the first win-

ning season and first 20-win season, respectively, for the Phoenix women. She led the team in assists for three consecutive seasons, averaging about four per game for her career.

**High School Highlights:** Mertz was a three-year player for Kewaskum basketball and also played a year of volleyball. She was chosen basketball MVP as a senior.

Weidner, chancellor

emeritus of UW-Green Bay, charted the course of Phoenix athletes when he was hired as the new university's first employee in 1966; he fostered the progression through NAIA and Division II to

NCAA Division I status. Selections are made by a committee that includes University, community and alumni representatives. This year's inductees bring the total to 26.

The University of Wisconsin-Green Bay honored four individuals when the Phoenix Hall of Fame inducted its newest class in November.

Nezih Hasanoglu of Waukesha, Tom Jones of Appleton, Kathy P. Mertz of Green Bay and Edward W. Weidner of New Franken were honored at the fifth annual Hall of Fame induction banquet on November 7. The banquet took place in the Phoenix Room of the University Union.

Hasanoglu is the men's soccer program's all-time leading scorer; he led the Phoenix to three NCAA Division II regionals and a pair of Final Four appearances in the mid-1970's. Jones was a star forward for UW-Green Bay's first national tournament team, the 1973 NAIA quarterfinalists; he was honorable mention All-America, and his 17.0 ppg career scoring average remains among the highest in school basketball history.

Mertz, a Kewaskum High School graduate, was a two-sport standout who qualified for the U.S. Nationals as a field hockey goalie and played point guard for the women's basketball team, helping lead the program to its first winning season (14-9, in 1978) and first twenty-victory season (24-5, in 1981).

A two-sport, four-year letterwinner, Mertz remains close to the Phoenix program two decades after leading the UW-Green Bay women's basketball team to its first winning season -- a streak now at 20 straight and counting. She has been a regular participant in alumni games and events and an active supporter of the Phoenix Women's Cage Club booster organization.

She has continued to reside in the Green Bay area since college, purchasing her business at 1500 S. Webster Avenue, with partner Russ Mc-

## Tractor Safety Course Required For Young Area Farm Workers

Does your son or daughter work on a farm during the summer? Do you hire youth to work for you during the year? Do these young people have adequate safety training?

Accidents cause more deaths to persons between the ages of 15 and 24 than all other causes combined. On the farm, the major cause of accidents is working with tractors and farm machinery. Most accidents happen when the operator does not know how to operate the tractor or machine correctly or is unaware of the dangers involved.

To help reduce accidents, a farm Tractor Safety Course is being sponsored by area High School Vocational Agriculture Departments and the University of Wisconsin Extension in Washington County. The course will be held on four Saturdays: Feb. 14, Feb. 28, March 14, and March 21 from 9:00 a.m. to 3:30 p.m. On Saturday, Feb. 14 and Feb. 28, the course will be held in Room 1113-A & B at the Public Agency Center, 333 E. Washington St., West Bend. The March 14 session will be held at Slinger High School in the Ag Room. The March 21 session will be held at the Addison Town Hall in Allenton. March 28th has been set aside for a snow date. The course includes instructions on understanding how to operate a tractor, with emphasis on safety. To complete the course, youth must attend all four sessions and pass a written and a driving exam. The course must be 24 hours to comply with federal and state requirements.

Federal law requires that youth under the age of 16 must be certified before being hired to work with tractors and trac-

tor machinery. Effective May 1, 1996, a new state law mandated that no person may direct or permit a child under age 16 years to operate a farm tractor or self-propelled implement on a public road unless the child has been certified as successfully completing a tractor and machinery certification course.

Prior to the new law, only youth 14 or 15 years of age who operated tractors and equipment on a farm not owned by their parent or guardian were required to complete the safety course. Children who drive a tractor for their parents may still do so without the formal training program as long as they do not operate the tractor on a public road. The law also does not apply to situations where a youth is driving a tractor and implement directly across (perpendicular to) a public road.

If you intend to hire any youth on your farm, make sure that they enroll in this course for your protection as well as theirs. There are penalties for not complying with the law. Also, some insurance companies have indicated that, technically, they can't cover an accident to an untrained youth.

Protect your child or the young person who works for you...enroll them in the Farm Tractor Safety Course. The cost of the course is \$25.00 per student. Registration deadline is January 30. To register, call your local High School Vo-Ag Instructor or the UW-Extension Office in West Bend. Phone 335-4477; 644-5204; 342-2929.

## Holy Trinity Boys On Short End In Two Games

The "A" team boys basketball squad from Holy Trinity School took a step backward in the past week by losing two games in a row.

The first loss was to St. Mary's of Mayville on Saturday, January 3, at Mayville. The boys came out and played the Celtics fairly evenly in the first two quarters. The first quarter ended with a score of 8-7 with St. Mary's having the one point advantage. The second quarter showed the Celtics still in the lead by three with a score of 18-15.

Unfortunately, a lid developed over the basket in the second half, and the boys were unable to pry it off. The only scoring in the third quarter was a basket by Nick Thorn. The fourth quarter provided more of the same, only this time not a single basket was made. With only two points in the second half, the boys dropped to a 34-17 decision.

Those scoring for the Wildcats were Josh Repovsch with five. Anthony Laatsch was next with four and scoring two points apiece were Ty Wieter, Bryan Kraft, Nick Thorn and Justin Wessing.

On Friday, January 9, the Holy Trinity boys met with conference rival St. Mary's of West Bend. Both teams started out slowly

with St. Mary's moving out to a 6-4 lead by the end of the first quarter.

The two teams found more offense in the second quarter. The Wildcats surge was led by Josh Timblin with two three-pointers. The hustle play of the quarter occurred after a missed free throw attempt by Bryan Kraft.

During a scramble for the loose ball, Kraft delivered a pass while lying on his back to Anthony Laatsch who converted into a layup. However, the Wildcats still came up short at the half by a score of 18-14.

In the third quarter, the majority of the offense was provided by Josh Repovsch who hit two three-pointers and a basket for eight of the ten points scored by the team. The other two points for the quarter came as a result of a basket by Owen Stoffel. The quarter ended with Holy Trinity in the lead by a score of 24-22.

The two teams traded leads in the fourth quarter. With neither team able to pull away at the end of regulation play, the score was knotted at 32-32 and they were headed for overtime.

Overtime was a nail-biter with the two teams going back and forth once again. A key blow came when Wildcat forward Nick Thorn committed his fifth foul, ending his night with a team high 12 rebounds. The "A" boys fought hard but came up short by a score of 42-39.

Leading the scoring was

Josh Repovsch with 17 points, Josh Timblin with eight, Bryan Kraft, six, Anthony Laatsch, four, Nick Thorn and Owen Stoffel each had two.

# Lady Indians Struggle in Two Losses

Kewaskum High School Varsity girl's basketball player, sophomore Jenny Kraft, prepares to make a jump-shot. The girls lost to new conference foe Manitowoc Roncalli on January 6th.

KHS Varsity girls basketball player Lauren Steinhardt #51, is shown attempting to score against Plymouth on January 9, while Sarah Schwinn #44, looks on. Both girls are sophomores at KHS. Kewaskum came up unsuccessful 53-37.

The Lady Indians from Kewaskum must have forgotten that Christmas vacation was over, and it showed in their first game back, a 66-37 loss to new conference foe Manitowoc Roncalli on January 6.

Unable to cope with Roncalli's height and defensive full court pressure, the young Indians lack of experience showed through. Kewaskum had over 20 turnovers in the first half alone.

When the Indians were able to get to their end of the floor, Roncalli's height shut down any ideas of an inside game. The Indians post players could only manage one field goal the entire evening, and the perimeter players could not pick up the slack as they only scored five baskets themselves.

Defensively, the Indians were not able to shut down the senior dominated team as Roncalli had three players in double figures.

Senior Carrie Wiesner was high scorer with nine, followed by Jenny Kraft with six, including one three-pointer. The one high point of the evening was the girls' success at the free throw line as they went 24 for 33, a 73% night.

Kewaskum hosted the Plymouth Panthers on Friday, January 9 in the field house. The snow outside did not slow down Plymouth's top scorer, Tiffany Melis, as she opened the first quarter with four three-pointers and 16 points overall to lead the Panthers to a 22-10 score at the end of one.

The second quarter continued much the same with Melis scoring another eight and her teammates adding nine. Kewaskum countered with 10 points of their own to fall behind at half time, 39-20.

The Lady Indians did a

better job defensively and in rebounding in the second half, holding Plymouth to only 14 second half points. Leading the defensive charge was Jenny Kraft with five of her seven steals and Sarah Schwinn with her eight rebounds overall. Unable to overcome Melis's 30 point night, the Indians succumbed by a score of 53-37.

The scoring for Kewaskum was led by three sophomores, Kraft with 10, including one three-pointer, Laura Schwinn and her twin sister, Sarah, with seven each.

The JV Lady Indians split two games defeating Roncalli in overtime by a score of 34-32, and losing to Plymouth, 45-34. The JV's showed hustle and intensity in both games being able to play with much taller teams. The leading scorer in both games was Katie Kopecky with 10 and 13 respectively.

Next up for Kewaskum is a date with the Slinger Owls at Slinger.
