## Christmas Parade, Tree Lighting Here on Sunday

They've made all their lists and they've checked them all twice and all is in readiness for jolly old Santa Claus who will be making his annual appearance to check if all the area children have been naughty or nice during Sunday's annu-

al Christmas Parade at 5 p.m.

The parade will follow its usual route, beginning at the rear of the Kewaskum Fire Station. It will progress along Fond du Lac Avenue to Main Street, turn east on Main Street to

Parkview Drive, turn north on Parkview to First Street, turn west on First Street and end in front of the Kewaskum Municipal building. The annual A.A.L. tree lighting ceremony will be then held in front of the building where the tall evergreen has been specially decorated for the lighting. Christmas carols will also be sung by local choral groups. The Aid Association for Lutherans (A.A.L.) will graciously be serving cookies and hot chocolate in the community room for all who care to join in the festivities.

It is hoped the entire community will participate in one way or another and strive to make this year's parade a most memorable one for all. All schools, businesses, churches and civic organizations are urged to participate in the parade and are encouraged to decorate and add a festive touch to the community for the holidays.

With the support of the entire community, the parade can continue to be a source of inspiration to all

involved, as well as to all the spectators, who have marked Sunday's date on their calendar weeks ago.

Cash prizes of \$150, \$100, \$75, \$50 and \$25 will be awarded for the first five places selected by a special group of judges.

Village Administrator Dan Schmidt and his wife, Phyllis, have been chosen as this year's parade marshalls.

The Kewaskum Area Chamber of Commerce, sponsors of the annual parade, and Kewaskum High School will again take part in the annual Food Sharing Program to be held in conjunction with the parade. All residents are encouraged to bring non-perishable food items to the parade where Santa's elves will gladly assist in picking them up. Let's be sure we remember the true meaning of Christmas by donating our small share to help everyone in the area have a truly happy holiday season.

Once again, the Chamber is arranging to have Fond du Lac Avenue and Main Street adorned with Christmas trees in which area community groups and

schools have donated their time and efforts to decorate, adding a beautiful festive touch along the parade route. The trees will be decorated this week just in time for all to admire before the parade.

All decorating participants will be competing for a chance to win first through third place. Trees will be judged and the winners will be announced in the Statesman in the upcoming weeks before the holiday.

Many businesses will also be featuring special sales and celebrations, encouraging you to spend the day in Kewaskum's Winter Wonderland. Why travel somewhere else to attack that Christmas list when there is so much being offered right here in Kewaskum if you simply take the time to look around your own community.

There will be lots of food treats available before and after the parade, served outside and in local restaurants. The Chamber of Commerce will be serving

## Board Approves Slight Increase in '99 Budget

By Andrew R. Kuehl  
Staff Writer/Photographer

The Kewaskum Village Board met Monday, Nov. 23 and opened their meeting by addressing a public hearing on the proposed general budget for 1999.

Before opening the public hearing, President Robert Wagner apologized for everyone who was inconvenienced by the board not having a quorum at the last meeting.

In the hearing, Village Administrator Daniel Schmidt said the general budget has increased \$39,733 or 2.28%. The property tax levy to be collected will be reflecting an increase, due to a drop in the ratio equalized value verses assessed value, a loss of inter governmental revenue of \$79,533 or 12.7% and a slight increase in the budget. Looking at the entire picture, the tax levy will reflect an increase of \$52,605 or 7.6%. The Village Property Tax Rate will also reflect an increase of 21.4¢ or 3.7% in comparison with 1997/1998. The Equalized value for 1998 increased

\$9,180,400 or 7.19% and assessed value for 1998 increased \$4,511,100 or 3.8%. Overall growth has slowed within the village, The equalized value was \$2,066,300 or 2.5% less than last year.

Total tax will be \$5.99 per \$1,000 of assessed value.

The net tax rate will be \$22. This is up 3.58% from 1997.

The state tax credit for 1998 will be \$1.83 per \$1,000 of assessed value, which reflects a 1.1% percent increase. This means the net tax rate is \$22, an increase of 76¢ or 3.6%. The state will also be distributing a lottery credit to all tax bill recipients equaling \$48.59.

Twenty-five percent of the gross tax rate pays for approximately 71 municipal services.

Following the close of the public hearing, the winter parking ban was brought up. Trustee Gary Gavin told the board he thought it was ridiculous to have people rut up their lawn by parking on it when the ground has not frozen over yet.

The winter parking ban was put on hold until the next board meeting (Dec. 9th) due to the unseasonably good weather.

Director of Public Works, Jerry Gilles gave his bi-monthly report. He also asked to be able to advertise for bids for the UV Disinfection retro-fit for the water pollution control plant.

Administrator Daniel Schmidt informed the board of three operator's license.

Schmidt also gave a report of building permits. Currently the village is at the same number as 1997: 18 single family and two four-unit duplexes.

## One Car Accident Claims Area Man

By Andrew R. Kuehl  
Staff Writer/Photographer

TOWN OF AUBURN- A 37 year old Campbellsport man tragically lost his life as a result of a one-car motor vehicle accident shortly before midnight Saturday evening, Nov. 28.

Robert H. Johnson Jr. was driving northbound on CTH G, a half mile south of STH 67 (near Dundee), and allegedly left the roadway on the west side. He apparently lost control

of the vehicle as it started rotating in a clockwise motion, leaving the roadway on the east side and striking a tree with the rear of the vehicle.

Johnson was taken to St. Joseph's Community Hospital in West Bend by Kewaskum Rescue Squad.

On Monday, he was pronounced dead at the hospital.

It was noted that Johnson was not wearing a seatbelt.

A complete obituary can be found on page 12.

## Arson Suspected in Holy Trinity School Fire

By Andrew R. Kuehl  
Staff Writer/Photographer

VILLAGE OF KEWASKUM- A suspected arson attempt that took place Wednesday morning at around 5:15 a.m. at Holy Trinity Catholic School is under investigation by the Kewaskum Police Department.

According to school principal, June Gauvin the fire was discovered by the school custodian, John Schoofs after he smelled wood smoke.

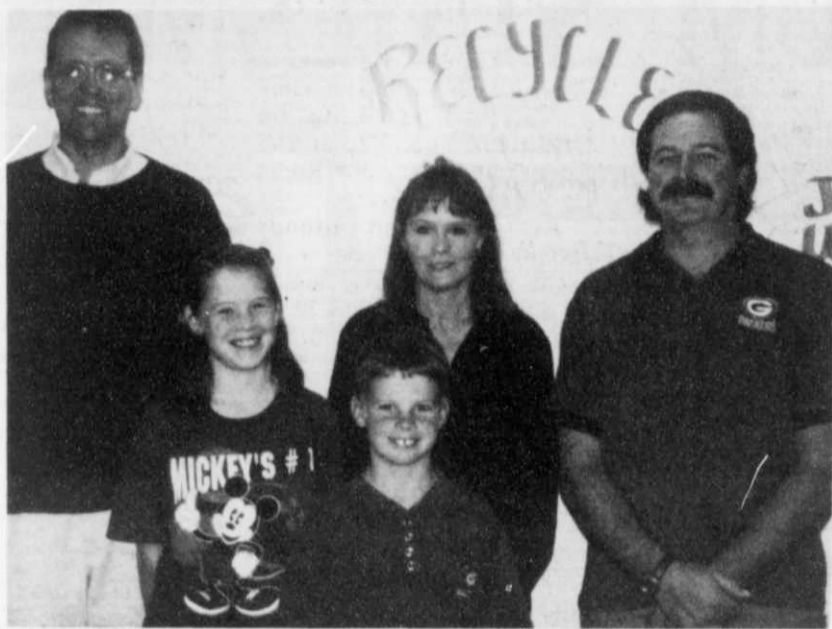

The fire took place in-between the back door on Prospect Street.

Gauvin also stated that there was a smell of gasoline near the site of the fire.

The Kewaskum Fire Department responded and put out the fire.

No injuries were reported. Classes resumed as usual. The fire remains under investigation, but foul play is suspected.

grilled brats and burgers next to the K-Town Saloon on Fond du Lac Avenue. D & M will be selling grilled brats with all the trimmings and hot, savory homemade chili.

So plan on spending Sunday in the community we all love... shop the friendly merchants... sample the delicious food... take the time to visit with your friends and neighbors and relax for one last time before the holiday madness begins.

The parade committee, consisting of Kevin Stautz, Andrew Kuehl, Scott and Peggy Timm and Gwen Dreher assure us this parade promises to be even more outstanding than before. Many of your annual favorites will be participating as well as some classic new entries and a few more that were also entered in last week's West Bend Christmas Parade.

The Kewaskum Christmas Parade is funded through the sale of the red business lights, green family lights and white memorial lights that shine on the trees located on Fond du Lac Avenue in front of the visitor's gazebo and calen-

dar of events sign. It is hoped by Sunday's parade the trees will all be aglow with lights purchased for this event. Lights may still be purchased the week after the parade and names of all contributors will be published in an upcoming edition of the Kewaskum Statesman. A coupon to purchase the lights may be found on Page 11 of this issue or stop in at the Kewaskum Statesman where there are additional coupons.

Please support the efforts of the Chamber of Commerce by designing your own entry in the parade, attending the event, purchasing lights to help offset the cost of the parade, and supporting area merchants.

If you need more information on the parade don't hesitate to call on Kevin, Andrew, Scott and Peggy, or Gwen who worked diligently to insure Kewaskum would have a Christmas parade this year. And if you happen to run into them on Sunday... be sure to give them the pat on the back they deserve for the fantastic job they did organizing and undertaking one of Kewaskum's most popular events... another memorable Christmas parade!

### Rammers Honored by Beechwood Fire Auxiliary

Pictured above (L to R) Trisha Wollner, Vice President; Ray and Delores Rammer, and President Barbara Ruplinger.

The Beechwood Fire Department Auxiliary presented a plaque to Delores and Ray Rammer and their family in appreciation for their contributions to the community.

The Auxiliary also planted two shrubs at the firehouse in their honor. Delores is a charter member of the Auxiliary that was started in 1974. She was an active member for many years, including bingo chairperson.

For the last eight years the Rammers have donated their hall in Beechwood for the annual Potato Pancake Brunch with Santa that is held the first Saturday of December, sponsored by the Beechwood Fire Department Auxiliary. Because the brunch has been a great success, a larger place was needed.

This year it has been moved to the Beechwood Firehouse. The Auxiliary wanted to say to the Rammer family, "Thanks, for your many years of support." The Rammer family owns and operates the Beechwood Rest Home.

#### THANK YOU

I would like to express my gratitude to my family, relatives and friends who remembered me during my recent illness and recovery at St. Joseph's Community Hospital. Thank you for your visits, cards, prayers and good wishes.

### WINTER PARKING

The Winter Parking Restrictions and Snow Emergency Parking Restrictions go into effect at mid-night (12:00 a.m.) on December 8, 1998.

Municipal Code Section 7.04(3) Night Parking Restrictions, reads as follows: Signs have been erected at or reasonably near the corporate limits as provided in Section 349.13, Wisconsin Statutes, no person excepting physicians or licensed emergency vehicles on emergency calls, shall park or stop any vehicle on any public street or highway within the village between the hours of 2:00 A.M. and 6:00 A.M. from December 8, to April 1, of each year; provided that, notwithstanding such restrictions vehicles may be parked a period of time not longer than 3 minutes for actual loading or unloading of passengers, and provided further that no other regulation restricting parking as to place, time, or manner violated thereby.

The fine for violating the ordinance is:

\$5.00 if paid within three (3) days of the issuance of the parking citation.

\$10.00 if paid after ten (10) days but before 28 days.

After 28 days, the amount is \$25.00 and a notice will be sent to the Motor Vehicle Department to suspend any and all vehicle registrations held by the owner and refuse renewals of the same until the citation is satisfied.

An important fact is the owner of the vehicle is responsible for the payment of the citation whether or not he or she was the operator.

Municipal Code Section 7.04 (4) Removal of Illegally Parked Vehicles. This section covers the issuance of citations to and possible removal of such vehicles in violation of this ordinance. In addition to other penalties provided by Section 7.04(6) of this code, the owner or operator of a vehicle so removed shall pay the cost of the towing and storage.

NEWBURG -- The Wisconsin Association of Environmental Education has honored Andy Larsen as the 1998 WAEE award winner for significant contributions to the field of Environmental Education in the state, region and nation.

Larsen, Executive Director Emeritus and Senior Naturalist at Riveredge Nature Center in Newburg, has shared his talents and thoughts on the natural world through radio programs, newspaper column, and year-long ecology and natural history courses.

Larsen's classes have produced more than 200 volunteer naturalists, who in turn, teach the 13,000 students who travel to the Center every year for hands-on learning. In addition to the TNs, Larsen's guidance and vision have provided WAEE with three decades of leaders from the Riveredge staff. Larsen has been the driving force behind model nature center programs, school-based programs and volunteer naturalist programs.

In Larsen's words, "It has been said that the greatest teacher of all is Nature. I don't agree with that! Rather, I believe that Nature is the ultimate source of knowledge and truth about life on this planet. The challenge is to know how to access that knowledge, that truth. Meeting that challenge is what learning is all about."

## McDonald's to Grill Johnsonville Brats

MILWAUKEE -- McDonald's, the company that has been synonymous with hamburgers for the past 43 years, will soon make room on its menu for a regional favorite, Johnsonville Bratwurst.

From December 1 to 31, the Johnsonville Brat will be available in the 286 McDonald's Restaurants in Wisconsin, the Upper Peninsula of Michigan and the Rockford, Illinois area.

A special preview of the new sandwich was held for the public on Sunday, November 29, at the Green Bay Expo Center, where the Brat was prepared on Johnsonville's World's Largest Grill, and proceeds benefited Ronald McDonald House Charities.

The new McDonald's product features Johnsonville's "old world" bratwurst recipe of premium pork and a secret blend of spices in a natural casing. The grilled bratwurst will be set on a homestyle bakery bun and topped with ketchup and mustard.

The recommended price for the Brat is \$1.89. It will be available as an Extra Value Meal, which includes large fries and a medium drink for \$2.99, and as a two-Brat Extra Value Meal for \$3.99.

"As a McDonald's operator, I know my customers -- I know they love our hamburgers, but in this area they also love bratwurst. Several other operators felt the need too, so we contacted Johnsonville and took the idea to our corporate headquarters. The rest is history," said owner/operator Steve Kilian. "We're con-

fident that the combination of McDonald's and Johnsonville -- two brands that mean good times and great tastes -- is a natural winner."

Johnsonville, based in Sheboygan, is the No. 1 producer of bratwurst in the United States, boasting 75% of all U.S. bratwurst sales. With 66% of all Wisconsin bratwurst sales, the brand is also the regional favorite.

"When we were approached by McDonald's, we knew immediately that we wanted to be a partner and provide a great tasting bratwurst for their customers," said Al Dummer, marketing director for Johnsonville. "Customers crave the grilled flavor of the Brat, the fresh bun and blend of condiments year-round, and this product will definitely help satisfy that craving."

The Johnsonville Brat is supported by the National Pork Producers Council. "With consumer demand for pork products up 7% nationwide, the addition of the Johnsonville Brat to the McDonald's menu in December fits with consumer demand," said Donna Reifschneider, president of the National Pork Producers Council. "The product tastes just like you've cooked it in your own backyard."

McDonald's is the world's largest and best-known foodservice retailer with more than 23,000 restaurants in 113 countries. Approximately 84% of McDonald's U.S. restaurants are owned and operated by independent franchisees.

## Winter Birds Of Wisconsin

The Northern Kettle Moraine State Forest invites you to another program in the Evening with Nature Series - Winter Birds of Wisconsin. The program will be held on Thursday, December 10, from 7 to 8:30 p.m. at the Henry S. Reuss Ice Age Visitor Center. The Ice Age Visitor Center is located off of Highway 67, 1/2 mile west of Dundee.

Hundreds of species of birds have been identified in Wisconsin. Although many birds flee our harsh winters, many others decide to tough out the cold and snow. There are even some birds such as the juncos and tree sparrows which think Wisconsin's winters are quite balmy and only migrate this far from the north.

Bill Volkert, the wildlife educator for Horicon State Wildlife Area, will share his vast knowledge of birds. If you're an experienced birder or just enjoy the birds at your backyard feeder, Bill will help you become better acquainted with our feathered friends of winter.

For further information or directions to the Henry S. Reuss Ice Age Visitor Center, please contact Jackie S. Scharfenberg, forest naturalist. She may be reached at (920) 533-8322, Monday through Friday, 8 a.m. to 4 p.m.

## Letters to the Editor

### Partners in Education Tutoring Program Set for Kewaskum

Dear Parents, Grandparents, Relatives and Friends,

#### WE NEED YOUR HELP!!

It seems like everybody has a job to do and time is always a premium item. It seems like there just isn't enough time in the day to cover the things we like to get done!!

#### BUT!!!

Moms, dads, grandparents, and friends or someone you know, if you are knowledgeable, empathetic, and could spare us here at school an hour or two per week tutoring a child, everyone will be greatly appreciative.

#### WE NEED TUTORS!!!

We have an excellent school district, but we could use tutors in all areas of the elementary curriculum, especially reading and math. The paycheck will be zero dollars, but some students will greatly benefit from your knowledge, expertise, and kindness. Please, please help us make this tutorial program work. Only you can do it!

Children must experience academic success. They cannot experience this success if they don't read well. Therefore, we must do everything we can to help them become good readers.

"What we want is to see the child in pursuit of knowledge, and not knowledge in pursuit of the child."

### Dear Editor:

As an agency that works with Dating/Domestic Abuse on a daily basis, we have observed some universal characteristics of abusive relationships. Often times, victims fail to recognize fairly serious warning signs and attribute their partner's extreme controlling behaviors and jealousy to "signs of love." Even if a victim does recognize the dangerousness of the abuser, leaving may be even more lethal.

The following is a list of questions that may help you to identify if you or somebody you know is in an abusive relationship.

- Does your partner...
  - Not allow you to see your friends/family?
  - Insult your family and friends?
  - Tell you about other romantic involvements?
  - Act jealous and harassing about imagined romantic involvement between you and

others?

- Humiliate you in public or private?

- Ignore your feelings?

- Ridicule your beliefs?

- Withhold approval, appreciation or affection as punishment?

- Manipulate you with lies and contradictions?

- Continually criticize you, call you names, and shout at you?

- Not allow you to use the telephone?

- Hold you to keep you from leaving?

- Lock you out of the house?

- Threaten to hurt you, your family, your pets and/or your children?

- Force unwanted sex acts on you (rape)?

- Push or shove you?

- Slap, bite, kick, choke, hit or punch you?

- Control and have access to all the finances?

- Throw objects at you or punch holes in the walls?

- Refuse you to have money for your basic needs or give you an allowance?

- Make all the decisions for you, control your actions?

- Tell you how to dress, act, wear you hair, and speak?

If you answered "Yes" to any of the above questions, you may be in what is considered an abusive relationship. The first step to ending the abuse is education. If you would like to learn more information about abuse or would like to know what services are available to in Washington County, you may call FRIENDS of Abused Families at (414) 334-7298, (414) 255-9488 or (414) 673-7298. If you are not from the area, you may look in the yellow pages for the local domestic abuse shelter or call 1-800-799-SAFE (7233).

## In the Service

Marine Pvt. James E. Vinup, son of Joseph J. and Kathleen D. Depies of N. 4539 Mulletview Rd., Campbellsport, recently completed basic training at Marine Corps Recruit Depot, San Diego.

Vinup successfully completed 12 weeks of training designed to challenge new Marine recruits both physically and mentally.

Vinup and fellow recruits began their training at 5 a.m., by running three miles and performing calisthenics. In addition to the physical conditioning program, Vinup spent numerous hours in classroom and field assignments which included learning first aid, uniform regulations, combat water survival, marksmanship, hand-to-hand combat and assorted weapons training. They performed close order drill and operated as a small infantry unit during field training.

Vinup and other recruits also received instruction on the Marine Corps' core values -- honor, courage and commitment, and what the words mean in guiding personal and professional conduct.

Vinup and fellow recruits ended the training phase with The Crucible, a 54-hour team effort, problem solving evolution which culminated with an emotional ceremony in which the recruits were presented the Marine Corps Emblem, and were addressed as "Marines" for the first time since boot camp began.

Vinup joins 41,000 men and women who will enter the Marine Corps this year from all over the country.

He is a 1998 graduate of Campbellsport High School.

During a special ceremony four candles will be lit to remember the families Schmidt Funeral Home has served in the past 64 years.

They will also light an individual candle for the families they have served in the past year and this can-

dle will be available for the family to take home at the end of the service.

There will also be a speaker who will give an inspirational message to help the people and the Madrigal Singers from West Bend High School will be offering some musical inspiration to further round out the evening.

Because of the positive comments Schmidt Funeral Home has received from their families regarding this program, they would like to invite anyone who is having difficulty due to a loss to join them that night. The book, "Handling the Holidays" will be available to everyone that night and at the Funeral Home between the program and Christmas.

Blind John Lawrence tripped over his seeing-eye dog, fell down the steps, and got his sight back. "When I fell," he confessed, "I cursed my dog. But he gave me back my sight."

Sometimes, when we experience pain, we curse and complain. But God makes it work for our profit.

The Bible says, "All things work together for good to them that love God." Why? First, all things are under His control. Second, He desires only our good.

Nothing enters your life by accident, only by the Almighty. Everything is moved by God for your good. Aren't you glad!

## Kewaskum Blacksmith Executive Producer of Film 'Forged Elegance'

From the late 19th Century through 1958, Milwaukee master blacksmith Cyril Colnik crafted a living with fire and iron, making the functional beautiful.

Forged Elegance: The Life Work of Cyril Colnik, a new documentary exploring Colnik's life, art and influence, premieres at 9 p.m. Wednesday, Dec. 16, on Wisconsin Public Television.

Colnik's story is not just the tale of a man who sculpted iron that worked well and looked beautiful. His journey from German immigrant to pacifist Milwaukee craftsman parallels the growth of his chosen home, says writer-producer Dan Banda. "He's a key figure in an era when Milwaukee went from being a city of immigrants to an American city," Banda says.

With the current resurgence of hand-skilled decorative arts, many collectors seek out Colnik's works, and artists look to his legacy for clues to recapture skills that had nearly disappeared. Forged Elegance, through archival photos, views of Colnik's work in modern Milwaukee, interviews and more, answers the question: Who is this artisan inspiring such intense interest?

Cyril Colnik came from a German family that saw its share of tragedy. The only survivors of ten immediate family members, he wandered Europe as a young man and apprenticed with the blacksmith

masters of the era.

He came to the United States to work, most likely with his teacher, on iron pieces for the German exhibit at the Columbian Exposition, Chicago's World's Fair in 1893. Colnik's contributions to what was called the Exposition's finest example of iron work started his reputation in the U.S., and he was a key figure in the late 19th Century resurgence of decorative arts.

Colnik then made his way to Milwaukee, "the German Athens," where his work found favor with the city's beer barons. In the right place at the right time, his work brought character to mansions and public buildings, and Colnik married and prospered.

At the peak of his career, Colnik and his C. Colnik Manufacturing Co. employed many smiths. His designs were in huge demand, and his lattice work, doorknobs and candelabra found their way into many of the city's finest

homes and places of business.

"It's widely accepted that Colnik was the premier blacksmith of his generation, at a time when the art form was widely practiced," Banda says. "People now are going back, finding his work and appreciating it in a new light."

During World War I, with its backlash against things German, Colnik experienced a slowdown. In one dramatic instance, he saved a German statue from destruction.

He did great work after the first World War, but he forged fewer pieces himself and was more involved with design. The "less is more" movement during and after the Depression lessened the demand for Colnik's elaborate style, and he turned to the basics of his business. After retiring, Colnik distastefully watched the new owner do less expensive work clients wanted to buy. When he died, Colnik drifted into legend, and the craft he exemplified was almost lost.

"Today, there's a real resurgence in the kind of work Colnik did," Banda says. "New generations of blacksmiths are trying to recapture his techniques, which were almost lost to time. Forged Elegance celebrates a singular artisan, his life and work."

Dan Nauman, blacksmith and owner of Big Horn Forge in Kewaskum, served as executive producer of "Forged Elegance."

## Musical Christmas Trees for Sale

Are the trees really musical? Do they sing Christmas Carols? Not really, but the students standing out there in the warmth and rain are and can.

The musicians from the Kewaskum High School's bands and choirs are musical and can sing Christmas Carols, but they also do one other thing quite well, they sell Christmas trees. Yes, folks, for the seventh year in a row, each and every one of the students selling trees are there to help you select that special tree that will be just right for your home. Proceeds will go for the music trip which is being planned for March of 1999.

The trees, Scotch and White Pine; Balsam and Frazer Fir will be available at the Sentry parking lot located just south of Kewaskum on Hwy. 45 and at the Pick 'N Save North parking lot in West Bend. So come and help the musicians and get your Christmas tree now. The band is also selling beautiful Christmas wreaths.

Hours for the tree sales are as follows; Monday through Friday, 3:30 to 6:30 p.m., Saturday and Sunday, 9:00 am to 5:00 pm. The trees and wreaths will be on sale through Tuesday, Dec. 22, with Dec. 22 being our clean up day. We will close early (5:30) on Dec. 21, due to the Christmas concert at the high school.

## KMS Students Write Home Town Poems

To wrap up the 1997/98 school year, in their English class, eighth graders at Kewaskum Middle School studied a unit on Wisconsin writers. At the beginning of the unit, the students read a poem called "Walking Milwaukee" by Harold Witt. In response, the students worked at various times throughout the unit, writing their own poems about taking a walk in their home towns. The following are some of the poems written by the eighth graders.

### Over the Hills and Through the Woods

by Justin Rhoads

As I walk out my opening white garage door,  
I want you to come and see my neighborhood.  
Just as you start to exit my yard and go down the road,  
Trotting, tan horses next to creaking red barns will start to appear.  
You walk further to see sloping tall hills with mooring stubborn cows.  
They stand and watch you walk through tall, waving fields.  
As you see a strange house, a little cocky 6th grader jumps out.  
He is always there.  
Not much left to see except country side.  
Some tall, barky trees, and some new, bright green pines trees,  
But not much more to see.

**IN MEMORY**

In loving memory of RUTH KUEHL, who passed away, one year ago, December 9, 1997:

We watched through all your suffering.  
And often had to cry  
For we knew that very soon  
We'd have to say good-bye  
When days are sad and lonely  
And everything goes wrong.  
We seem to hear you whisper  
Cheer up and carry on  
Everytime we see your picture  
You seem to smile and say  
Don't cry, I'm in God's keeping  
We'll all meet again someday.

*Sadly missed by the family.*

**IN MEMORY OF ROBERT FELTEN**

Who went to eternal rest December 8, 1992: You bid no one a last farewell or never said goodbye. You were gone before we knew and only God knows why. You left us with no warning or no chance to say goodbye, still God gave us no real reason why you had to die. You did not get to fulfill all of your hopes and dreams, the chance now left undone. There will always be a heartache, and often a silent tear. But always precious memories, of the days when you were here. We hold you close within our hearts, and there you will remain, to walk with us throughout our lives, until we meet again.

*Sadly missed and always remembered.*

Lights on the tree, purchased for \$3 each, represent living and deceased persons who are remembered by their families and friends. The tree is located outside the hospital's main entrance on Silverbrook Drive and Oak Street and remains lighted through the holidays.

# The Myth of Widespread Poverty in America

By Rep. Glenn Grothman

A major newspaper last week carried another article which referred to Americans living in poverty.

Whether referring to "women in poverty," or "households living in poverty," one envisions people lacking in food, clothing, and adequate shelter. According to the U.S. Census Bureau, 36.5 million Americans or 14% of the population live in poverty.

Since I don't see that many people who are that poor even in the poorest areas of northern Wisconsin or the north side of Milwaukee, I've always questioned that statistic. Well, a recent report by the non-profit Heritage Foundation sheds some light on what the government considers poor.

Forty-one percent of poor households own their own homes and these homes average three bedrooms and one-and-one-half baths. Seventy percent own a car with 27% of the households owning two or more.

Ninety-seven percent own a color TV, half own two or more TVs, with three quarters owning a VCR. Fifth-three percent own a stereo, 64% a microwave, 66% an air-conditioner, 32% have an answering machine and over 99% have a refrigerator. This doesn't sound like what most people would consider poor.

The average living space per poor person is 440 square feet; this is more than an average person living in Stockholm, Sweden; Munich, Germany; or Paris, France. Even those poor people who rent have more living space per person on average than people living in Tel Aviv, Amsterdam, or Athens.

The food intake for poor people is almost identical to that for wealthier people.

Poor people have a greater incidence of obesity. This is not because the poor are eating fattier foods -- percent of fat intake is almost identical between poor and wealthy (income three and one-half times poverty level or greater).

Average vitamin and other nutrient intake is also virtually identical between rich and poor. This is one reason why even the poorest Americans today are taller and weigh more than the average WWII soldier and two inches taller and 20 pounds heavier than the average American soldier serving in WWI.

The underlying reason is that poverty is defined exclusively by cash income and does not include assets, in-kind transfers, gifts or income off the books. Unfortunately, it is in the interest of government bureaucrats and social work professors to exaggerate the amount of true poverty in our country in order to expand government pro-

grams. The lesson is to always be careful when reading government statistics about poverty.

## Wayne Crusaders 4-H Club News

The November meeting of the Wayne Crusaders 4-H Club was held at Cedar Valley, Highway D, in Kohlsville, on Tuesday, November 10, at 7 p.m.

Megan Heppner reported on Farmers Market which was held on October 31. Congratulations went to our committee on their 4-H window display which took second place and a \$15 check for our Club. A big "thank you" to Mrs. Filbert for heading the Suzy's cheese-cake fundraiser.

T-shirt design contest will be judged at the December meeting. New members turned in their enrollment forms to Mrs. Herman and their dues and postage to Ashley Kiel. Fruit sales forms were also turned in at the November meeting.

ME forms are due December 29. The ME form is a form for members grades 10 to 12 who would like to apply for awards, trips and scholarships.

Our Christmas party will take place before the December meeting on December 8, at Cedar Valley in Kohlsville. We will start with the dinner and then have a short meeting following. We encourage all to attend to share our Christmas spirit.

We would like to congratulate all who received county awards and also to those who helped with community service, dairy promotion and special emphasis. If you need more information on the buy-a-brick program, please feel free to ask Ashley or call Mrs. Kiel at 629-9611.

Since we had a small amount of donations for Puppyland, you will have another chance to bring your donation to the December meeting. Let us remember to share something this Christmas with our animal friends.

Amanda Bakken gave a demonstration on her cat. Laura Weisse gave a demonstration on her violin and Kristin Krudwig shared her slides on her trip to Japan. Well done, girls.

Our new officers will take over their new positions at the December meeting.

## Baking Up Delicious Tradition

(NAPS)—Looking for a way to jumpstart the party season? Start a special tradition of your own by hosting a cookie or pastry exchange, inviting your friends to bake their favorites and share them in a festive environment. An inexpensive way to entertain, cookie exchanges can be held prior to any holiday and create pleasant memories that can last a lifetime.

Try these cookie exchange tips from Nestlé:

- Decide how many people your home can accommodate comfortably; you'll need enough room to display all the cookies. Factor in how many different kinds of cookies you'd like; 4 to 6 will be plenty, but if you want a large assortment, invite 10 to 12 guests.

- Schedule the exchange well in advance, giving your guests plenty of time to bake.

- Ask each guest to bring a batch of cookies, tins and copies of the recipes so everyone can enjoy them at home.

- Label each batch of cookies by name and baker and display on a long table or counter.

- Invite all the guests to fill their tins with a variety of cookies.

- Serve your guests festive snacks and easy munchies like Toll House Party Mix, a chocolate caramel crunchy treat. For this and other great recipes, be sure to visit the Nestlé Toll House website, [www.tollhouse.com](http://www.tollhouse.com).

For your own contribution to the cookie exchange, try this brownie recipe with a twist:

**White Chip Brownies**  
1 cup all-purpose flour  
1/2 cup NESTLÉ TOLL HOUSE Baking Cocoa  
3/4 teaspoon baking powder  
1/4 teaspoon salt  
1 1/4 cups granulated sugar  
3/4 cup (1 1/2 sticks) butter or margarine, melted  
2 teaspoons vanilla extract  
3 eggs  
2 cups (12-ounce package) NESTLÉ TOLL HOUSE Premier White Morsels, divided

COMBINE flour, cocoa, baking powder and salt in a medium bowl. Beat granulated sugar, butter and vanilla extract together in large mixer bowl until creamy. Add eggs, one at a time, beating well after each addition. Gradually beat in flour mixture. Stir in 1 1/2 cups morsels. Pour into greased 9-inch-square baking pan.

BAKE in preheated 350° F oven for 25 to 30 minutes or until wooden pick inserted in center comes out slightly sticky. Cool completely (center will sink) in pan on wire rack.

MICROWAVE remaining morsels in heavy-duty plastic bag on MEDIUM HIGH (70%) power for 30 to 45 seconds; knead. Microwave at additional 10 to 20-second intervals, kneading until smooth. Cut a tiny corner from bag; squeeze to drizzle over brownie. Chill for 5 minutes or until drizzle is firm. Cut into squares. Makes 16 brownies.

## Wisconsin Winter Weather Awareness

### NWS Notifies the Public

Winter is a beautiful season in Wisconsin but winter weather can also be dangerous if you're not prepared for the extreme conditions that occur during a typical Wisconsin winter.

Heavy snow, gusty winds, freezing precipitation and bitter cold can all act independently or simultaneously to create life threatening weather conditions to Wisconsin's residents.

The key to enjoying winter and staying safe is being prepared and staying informed of changing weather conditions. Start every day with a weather forecast, either through National Weather Service broadcasts via NOAA Weather Radio, or your local television, radio or newspaper.

If a storm is approaching, check the forecast in the middle of the day for an update. Knowledge is power and winter weather awareness could save your life. The information is out there. Meteorologists work seven days a week to keep forecasts fresh and accurate. National Weather Service (NWS) meteorologists work around the clock every day of the year to notify and warn the public of changing weather conditions.

During the winter months, the NWS will assess the weather and, along with regular forecasts, may issue additional advisories, watches, or warnings. Just like during the summer months, a watch means conditions are favorable for a certain kind of weather, but no immediate action is required.

A warning means dangerous weather is imminent or already occurring and immediate listener response is strongly urged. Note that "warning" is a verb or an action word, and the listener needs to take action to ensure their safety. For winter weather though, frequently the best action is to stay put and avoid travel while a storm passes through the area. But if you must travel, be prepared and stay abreast of the changing weather situation through NWS products and services.

The NWS issues a **winter storm watch** when severe winter weather conditions such as heavy snow and/or ice are possible within the next 12 to 48 hours. Snowfalls of at least six inches are expected.

The NWS issues a **winter storm warning** when severe winter weather conditions are occurring or expected within a few hours.

A **blizzard warning** is issued when considerable falling and/or blowing snow

combined with frequent wind speeds greater than 35 mph are expected, causing reduced visibilities to less than one-quarter mile.

**Advisories** are issued by the NWS for conditions which warrant increased public awareness, such as the first frost or freeze, snowfalls greater than three inches, light freezing precipitation events, wind chills below -35 degrees F, or a combination of two or more of these conditions.

Wisconsin's winters are a sparkling jewel in the seasonal beauty of our state. The key to safely enjoying winter's beauty is staying informed of changing weather conditions and being prepared. The National Weather Service wants everyone to have a safe and happy winter season. Remember, winter weather awareness could save your life.

## KHS JV Girls Win Basketball Tournament

The Kewaskum Girls JV Basketball team traveled to Port Washington on Friday, Nov. 20, and Saturday the 21st. Kewaskum, Ozaukee, Port Washington, and Shorewood were the four teams that participated in the two-day tournament. Kewaskum played Shorewood in the first round and Ozaukee played Port Washington.

Kewaskum took the lead from the start. They finished the first half leading 14 to 8. In the second half Kewaskum's rebounding shined. In the third quarter Shorewood closed the gap by scoring 12 points trying to stay in the game. The score was then Kewaskum 23 and Shorewood 20. In the fourth quarter Kewaskum ran away from Shorewood, scoring 17 points to finish the game. The final score was Kewaskum 40 and Shorewood 28. Kewaskum was 8 for 19 at the free throw line.

Guard Sarah Williams was the high scorer of the game for Kewaskum with 12 points.

Center Molly Strobel was the second highest scorer with 8 points. Lynn Wiesner scored 5 points. Emmy Foerster, Bridget Polzean and Emily Rinzel all scored 4 points, and Colleen Gosa scored 3 points.

Kewaskum and Ozaukee played for the championship in the second round game. Port Washington played against Shorewood to see who would receive third and fourth place. (Ozaukee defeated Port Washington in their first round game.)

Kewaskum had early foul trouble. The bonus three throws and the number of players in foul trouble could have had a bad effect on the result of the game for Kewaskum. Strong, aggressive team effort kept the Kewaskum Girl's JV team in the game. It was a close game against Ozaukee, they were quick on the floor and caught Kewaskum on picks that gave Ozaukee an easy basket. Sarah Williams injured her ankle in the fourth quarter and was sidelined for the rest of the

game. Freshmen Kelly Dorn stepped up to play her position. Lynn Wiesner's 11 points in the third quarter sparked Kewaskum to victory. In the fourth quarter Dan Ross, the new JV coach for Kewaskum tried a zone defense to stop Ozaukee from getting any easy points. It worked well and there were no easy points scored by Ozaukee, but they did manage to score some three pointers. Overall Kewaskum was 14 for 22 at the free throw line.

Lynn Wiesner was the high scorer with 18 points. Sarah Williams scored 11 points, Molly Strobel and Emily Rinzel each scored 7 points, Colleen Gosa scored 6 points, and Emmy Foerster scored 4 points. Kelly Dorn, Tina Lindgren, Kristen Schiller, and Jody Wichtoski each scored 2 points.

"I am very happy with the team's effort and the tournament win. Both of our games were close, we played smart to the finish." Coach Ross said.

# Indians Nipped in Opener, 45-44

The Kewaskum Indians boys' basketball team opened their 1998-99 campaign last Wednesday night at non-conference rival Slinger.

The fans were treated to an exciting game that was not decided until 2.8 ticks remained on the clock as the Owls held off the hard charging Indians, 45-44.

The contest was all Slinger early as the Owls jumped out of the blocks to an 11-1 lead. Both teams looked a little rusty in the shooting department as the Owls extended their lead to 20-10 midway through the second quarter.

Josh Gaffke decided to take matters into his own hands at that point and scored all of his seven points, along with three Andy Christophersen free throws, as the Indians ran off 10 straight points to knot the game at 20-20 at the half.

The game seesawed back and forth in the second half with many different lead changes. Kewaskum chang-

ed offenses to slow the game down and dictate tempo to counter the Owls, who liked to get the ball up and down the court in a hurry. Chris Koth hit two big threes to give KHS a lift and the lead.

The last couple of minutes turned into a free throw contest. Billy Cook and John Warnecke combined to make six straight and give the Indians a two-point lead with the ball and 1:06 left on the clock.

A KHS turnover, along with a Dave Delong basket and two free throws gave Kewaskum the ball with 12 seconds remaining.

Two points down, Billy Cook was fouled with 2.8 seconds remaining. He calmly sank the first one, but the second one rattled around and fell out as the clock expired. This was the second year in a row that Slinger scalped the Indians at the buzzer.

"We had our chances. We need to learn to close out the tight ones. On a positive

note, we did alot of things right to put us in a position to win," Coach Tom Timblin reported.

He added, "We made 10 more free throws than our opponents and shot over 70% from the line and played some great defense. We only had three offensive rebounds the whole game and that killed us! If we can continue to hold our opponents under 50 points per game and sharpen our shooting skills, we'll be OK."

Kewaskum was led by Cook who had 12 points; Warnecke and Christophersen chipped in with nine apiece. Friday night the Indians visit Lomira. Freshmen and JVs start at 6 p.m. and Varsity at 7:30 p.m.

# Third Time is the Charm For the KHS Lady Indians

It took them three tries, but the Lady Indians finally won their first game of the year. They worked hard in every game, with their efforts finally paying off in their third game of the season. First, however, they lost two very hard-fought games against Campbellsport and Shorewood.

For their first game of the season, the Indians traveled to Campbellsport to face off against the Cougars. Within the first two minutes of the first quarter, Kewaskum's point guard, Jenny Kraft, had to sit the bench with two personal fouls under her belt. The first quarter ended in a score of 14-12, with Campbellsport taking a slight lead over Kewaskum.

The second quarter was much more productive for the Indians, who scored 11 points to the Cougars eight. Kewaskum went into the locker room with a one point lead.

At the beginning of the second half, however, the Indians found themselves in foul trouble again, with three players (Kraft, and the Schwinn twins, Laura and Sarah) having at least three fouls. This eventually took its toll on the ladies, losing their first game of the year by a score of 52-41.

Leading the Indians in scoring were Kraft with 14 points and L. Schwinn with 11 points. Renae Hills and S. Schwinn (who ended up fouling out, along with Kraft) dominated the boards with ten and nine, respectively. Jess Thull led

Campbellsport with 16 points.

Three days later, the Indians traveled to Port Washington for their annual four team tourney. In the first game, the Indians let one go to a tough Shorewood team. Fouls plagued the Indians once again, in that Hills fouled out and both Schwinn ended up with four fouls. The score at halftime was Shorewood 26, Kewaskum 20, with the girls not playing up to their full potential.

The second half was like a *deja vu* of the first, with fouls galore. They fought hard, but the Indians finally succumbed to Shorewood, with a final score of 55-45.

Carrying the scoring load was Heather Rieder and L. Schwinn (who had three three-pointers), with 12 and 11 points respectively. Controlling the rebounding end of the game were Rieder with nine, S. Schwinn with eight, and Hills with six. Kraft dished out a game-high eight assists. Leading Shorewood in scor-

ing was Angie Kolanko with 15.

On to the consolation bracket they went, determined to get a win. And did they ever! The Indians outscored the Ozaukee Warriors, 64-37, to claim third place of the Port Washington Invitational.

S. Schwinn busted out of a small early season scoring slump with 22 points, leading everyone in the game. She also had a game high 15 rebounds. Amy Piwoni helped her out, ending up with eight points, including two -three-pointers. This is one area where the Indians are shining this year, having 13 threes in their first three games of the season.

The Lady Indians next game is this Friday, facing off against conference foe Kiel at home. The JV and freshmen will be playing at 6 p.m., followed by the Varsity game at approximately 7:30 p.m. Come and check out these girls and cheer them on to another victory!
