## Master Chef Norman Henry Opens Salt H<sub>2</sub>O Cafe Here

Master Chef Norman Henry and his wife Jacqueline, are the new owners of the Salt H<sub>2</sub>O Cafe now open in the former Gateway Supper Club building

A building that has been a landmark in the history of Kewaskum has opened, once again, as a restaurant.

Master Chef Norman Henry has re-opened the restaurant and named it 'The Salt H<sub>2</sub>O Café.' Norman, a Michigan native, chose the name because of the extensive salt-water seafood the menu offers, its' catchy, easy to remember title and because it is a fun name. He is leasing the building from Gary and Linda Gavin with the option to buy.

The Salt H<sub>2</sub>O Café is locat-

ed at the corner of Fond du Lac Avenue (Highway 45) and Main Street (Highway 28) in Kewaskum. The restaurant will be open daily starting with the lunch menu and remaining open until the last hungry customer has been fed.

Many of the local people wonder why a Master Chef would open a restaurant in Kewaskum. "Kewaskum is a small growing community," said Norman. "It is a short distance from Milwaukee, West Bend or Fond du Lac for a good meal."

"I want my café to be a place that is fun," he added. "I like serving people and believe that

when you go out to eat it should be enjoyable. I can provide my customers with a variety of choices at reasonable prices."

The building was once listed as one of six hotels in the village of Kewaskum in 1881. Then named, 'S. Witzig's Hotel', it was a thriving business that served the community as well as many tradesmen and travelers. The hotel was a popular place to gather, and the best place for the latest news and gossip.

At the turn of the century it became the Republican House. In the 1930's Mr. and Mrs. William Schultz owned it. Mrs.

Schultz was an outstanding cook that served early meals to get people off to work. Her cooking was so well liked that people would travel to Kewaskum on Sundays, from as far away as Chicago, just to enjoy her family style chicken dinner with all of the fixings, including homemade rolls and desserts.

Times changed and eventually the hotel part of the business ended and the space was converted into rental units. Each new owner of the building added his or her own personal touch. In 1960 Marge and Willard Lynn changed the

## Lynn Sets Three More Records; Wins Four Titles Co-MVP of Meet

Marni Lynn, former Kewaskum High School cross country and track standout, helped the Carroll College women's indoor track and field team win the Midwest Conference Indoor Track and Field championship title this past weekend at Knox College in Illinois.

The women's team was predicted to finish third at the meet with Lynn a favorite in the distance races. Lynn led the team to the championship when she won both the 3,000m and 1500m races Friday night and ran a leg on the winning medley relay and won the 800m race on Saturday.

In the 3,000m race, Lynn ran to win and to conserve energy for the three other races to follow that weekend. "It felt a little different not going out and trying to run my fastest," commented Lynn Sunday evening by phone. "I ran steady but held back," reported Lynn.

Yet Lynn's winning time was just two seconds off the conference indoor record. In the 1500m run, Lynn picked up the pace a little and easily won her second conference title that evening.

Saturday, Lynn anchored the medley relay with a strong 1600 meters. Lynn and her teammates established the conference record and their school record for this new event. In her last race of the meet, coach Brian Bliese told Lynn that it was okay to give it everything she had, and she did.

In the 800m race, Lynn ran a career best time of 2:16.21 and established a new conference and Carroll College school record. Lynn's time also automatically qualified her in the 800m race for Nationals.

Lynn and her coach have opted to have her run in the 1500m race at Nationals. Both the 800m and 1500m will have preliminary heats and Lynn will put all her energy into the 1500m race where she was ranked number one last week for Division III athletes.

At the conclusion of the meet, Lynn was named the co-MVP of the meet.

On the bus trip home, Coach Bliese kept asking Marni what she was doing. He thought she should be celebrating... etc., but Lynn, who tries hard to keep things balanced in her life,

## School Board President Goeden Resigns; VP Timblin Assumes Role

By Andrew R. Kuehl  
Staff Writer/Photographer

The Kewaskum Board of Education met Monday, after a worksession with Pam Rewey from WASB. Rewey is helping the board find a replacement for superintendent Clark Pearson.

Before the meeting, President Jean Goeden announced her resignation as School Board President. Vice

President Tom Timblin will assume her position until the end of April.

Ms. Goeden attributed her stepping down to the health problems of her husband and herself. After the meeting Goeden expressed she has a lot of confidence in Timblin, and knows he will "represent the district with integrity."

Timblin thanked Goeden for her many years of dedicated service to the district.

Timblin opening the meeting with a quote from Francis Scott Key.

KHS student, Brendon Weinhold gave his disapproval of the board's decision to drop AP classes at the high school. Timblin said the topic will be discussed at the next meeting.

KHS music director, Dave Bertelsen expressed his disapproval of the proposed new policy regarding the school's musicals, along with Wesley

Weinhold.

Coral Choinski, KHS student ambassador, informed the board of events going on at the high school. In her report she indicated that track has started and fast pitch will be starting next week. The forensics team held a meet at the high school on Wednesday, March 3. The team will be traveling to district on Tuesday. Senior

Citizen's bingo was a huge success with over 100 participants. The bingo is sponsored by the Student Council.

The school principals gave their monthly reports.

KHS principal, Larry Wilson told the board that the Chess team will be going to state.

KMS principal, Ken Soerens announced that the spring concert is being held at Rose Hall in KHS on March 22. The Odyssey of the Mind team came in fifth place. The KMS play will be held on May 14, with the students performing "Lucky Dollar Private Eye"

Policy and Legislation committee chairman, Jon Downs announced a policy regarding selection of play productions. This proposed policy is a first of its kind to the district.

There was much discussion on the policy coming from band director Larry Ammel. Ammel stated his disapproval of the policy. Downs told him that the policy was instated as a precautionary measure for the future and praised him for all his previous productions. By the end of their discussion Ammel was more responsive to the policy.

The referendum fact sheet was approved with board member John Schulte voting no.

The board then adjourned into closed session.

kept working on her school work, knowing that she would be missing a couple of days of classes next week as she travels to Ohio Northern University in Ada, Ohio, for the Division III National Track and Field Championships.

Based on Lynn's performance at the conference meet, Lynn will definitely be a force to be reckoned with at Nationals. Good Luck Marni!

# Former Kewaskum Resident Helps Keep Navy's Top Guns in the Air

Jeremy J. Korneli

U.S. Navy Photograph by Paul Thomas

by Kevin Moore

VIRGINIA BEACH, VA -- The sun never sets on the men and women of the world's finest Navy. From F-14s enforcing the no-fly zone over the skies of Iraq to submarines patrolling the waters of the North Atlantic, our Navy is everywhere and ready for anything.

To maintain this mobility it takes the most advanced equipment in the world. To operate this equipment, it takes the best trained personnel found anywhere.

Many sailors like Jeremy J. Korneli, son of Mike and Deb Korneli of Kewaskum, receive their training

at the Naval Air Maintenance Training Group in Virginia Beach, Virginia.

At the school, students gain the knowledge they need to keep the Navy's state-of-the-art fighter aircraft in the air.

Korneli is an aviation electrician's mate and is here to learn about the F-14. When finished with school, he'll transfer to the Naval Air Station in Patuxent River, Maryland.

"I'm learning about the avionic systems on the F-14 because that's what I'll be working on. My job is very important because at one point or another, the aircrew's lives are resting in my hands. I gain a great deal of satisfaction when a

plane I've worked on takes off and lands safely."

A 25-year-old petty officer third class, Korneli joined the Navy in 1994 for several solid reasons.

"My uncle retired from the Navy as a senior chief petty officer and they were the first branch to contact me. I wanted to learn a trade and do something with my life."

In addition to a great career in aviation, Korneli said he will take many special memories with him when his service is over.

"I've landed and taken off from aircraft carriers and crossed the international dateline. I've visited Australia, Greece, Spain and Israel and really en-

joyed the experience. The people were nice, the sites were great and I just had an all around good time."

Married to the former Crystal Pearson, Korneli is considering his future carefully.

"I'm hoping to buy a home and advance as far as possible in the Navy. If I get to become part of an aircrew, I know I'll make the Navy my career. Either way, I'll never forget the friends I've made, the things I've done or the places I've been."

Regardless of his future, Korneli will have the training and experience to be successful. He'll also have the memories and pride that come with serving our country.

## A Stroll Down Fond du Lac Avenue

Next in line on our stroll down Fond du Lac Avenue (heading south on the west side of the street) is the George Kippenhan garage building. A mattress factory was started in the summer of 1940 in the north part of the building and Ollie Staehler Sr. operated the garage. Later on he moved the garage business to downtown Main Street and rented the Billy Schaefer garage building across from the (then) Opera House. Other owners included Mrs. Alfred "Doc" Johnson and the Francis and Marion Bohn family. Francis Bohn Excavating business was operated from the site. Later on the building was purchased by Bill and Violet Edwards who installed archery lanes and then remodeled the building for use as a dance hall. The building is now home to the Living Waters Church.

## Letter to The Editor

Dear Editor,

The April election is around the corner and the ballot will include the Kewaskum School District referendum which will be more complicated and include more questions than usual.

First and foremost on the program is the question of the ever present solution to the fate of the Beechwood School. You probably will hear much mumbo-jumbo about why the school should be reopened but there has not been one legitimate reason given to date and I doubt there is one.

It would be costly to open and it would not solve the bussing problem which has been so often used as a reason to open, but in reality would complicate and increase bussing. It would also require a \$250,000.00 recurring referendum to operate and even if it were to open, renovations and increases in capacity of the Farmington and Wayne Schools would have to be done. This problem must be determined by a resounding no vote by all of the district's voters.

There will also be a question as to whether a pool should be included in any new building in Kewaskum. This question should be delayed until the present debt on the high school is paid but a new building should be built with the idea of a pool being included in the future.

Beside the cost of build-

ing it is extremely costly to maintain a pool and would again require a recurring referendum. As for using it for the public during non-school hours, I believe it would be unfair for the entire school district to pay for the building and maintaining of a Kewaskum community pool.

There isn't any question about the immediate need for a new Kewaskum Elementary School and renovations to Farmington and Wayne, plus increases in capacity to the middle school. I also believe the gymnasium should be positively considered if the cost could be kept at a minimum.

There are six items to be considered in this referendum and I will try to cover each one individually in future additions if they are published.

Thank you,  
Respectfully,  
Lloyd A. Koch

name to 'The Glacier Inn,' because of the natural terrain the Kettle Moraine Forest is famous for.

The Gavins purchased the building in February of 1997 from Bob and Marlene Nagel. They, along with Scott and Annette Erickson, reopened the restaurant as the 'Gateway Supper Club.' Improvements were made, including making the restaurant handicapped accessible on the south side.

Norman was impressed with the rich oak woodwork; the warm feeling of the fireplace in the dining room, the location and the changes that had already taken place. He, along with his wife, Jacqueline, had been passing through town and stopped in at The Gateway Supper Club to eat. They noticed the 'For Sale' sign and decided it was a great place for them to open their own café. The couple hopes to see the return of people traveling to Kewaskum to enjoy good food.

He has been interested in the food industry all of his life. "I was born with a love for food," said Norman. "At the age of seven I was already preparing meals. By fourteen I was cooking gourmet food. I am just a food freak."

Norman has worked all facets of the food industry. As the saying goes he has paid his dues. He washed dishes, as a teen, for 50 cents an hour. Through his college years he worked full-time cooking at a local country club. Norman has helped set up restaurants, authored several food columns in various newspapers and has appeared as guest chef on TV shows. He has made an infomercial and served as a private caterer.

"I think that starting from scratch and learning and working all aspects of the industry has helped me to understand the business and art of food," said Norman. "It also taught me how much I enjoyed helping and serving people."

For four years he was the Food Director at Boyne Mountain Lodge, a five star

four-season resort in Michigan. It is the largest privately run resort of its kind in the country.

In the late 1970's he sold his restaurant ideas to Days Inn of America. He acquired two Days Inn hotels, which he owned and operated. After great prosperity Norman decided it was time to sell and spend less time working and more time with his two daughters. He sold the hotels and retired, spending some time doing food consulting and traveling.

The time off had helped him explore other avenues pertaining to food. He dabbled in writing a cookbook, but never finished it. Time was spent trying out new recipes, checking out other restaurants and looking into what was available on the market. When his daughters reached the college years, Norman decided it was time to go back to work. He became the Master Chef for the Law Offices of Carlson & Meissner in Clearwater, Florida.

"It was a fulfilling job," said Norman. "I would go to the market and pick out fresh produce, seafood and flowers. There was nothing short of thirteen piece place settings with first class gold stemware. I had no budget to stay within and was serving great lawyers and Supreme Court judges. It was a wonderful experience and I had fun working."

"We thoroughly enjoyed Norm when he was at our firm," said Suzie Lemberg, Director of Marketing at the Law Offices of Carlson & Meissner. "He brought classic gourmet dishes to the luncheon table and charmed corporate guests with his recitations of the history of each of the things he prepared. Any community will benefit not only from his cooking talent, but from his enthusiasm and charm."

Norman continued to be diverse and went on to become the Executive Chef and the Food and Beverage Director at the Lake City Country Club in Florida. He was back to working long days planning menus,

working the food markets, preparing mouth-watering meals and loving every minute of it.

"I've had many titles, but they don't mean anything," said Norman. "I learned many things from others and had chefs study from me. The important thing is to use what I've learned and make people happy. My kitchen will never close if I have a hungry customer waiting to eat, even if it means that I serve 'eight' days a week," he added.

On the first day of spring in 1997 Norman married his wife Jacqueline. She is French and was born and raised on the island Reunion, located in the Indian Ocean in Southern Africa. He met her at a country club in Florida. In her country, your last name becomes your middle name upon marriage. She is now Jacqueline Techer Henry.

After their marriage they traveled in Europe, spending time studying the food and culture in Paris and many other places. In Europe a chef is considered a prestigious position, much like a physician or lawyer would be here. They made a visit to the island 'Reunion' so Norman could meet Jacqueline's family. About a year and a half ago Norman and his wife decided to move north. They settled in the Milwaukee area, where he had friends.

"I liked the area," said Norman. "It is like a grown up Grand Rapids, Michigan. The climate is much like what I grew up in."

He wasn't having any luck getting back into the food industry in an area where he could be paid for his expertise and help and serve people. He worked other jobs, using his people skills, but it wasn't the same as being directly involved with food.

"I wasn't able to find my place so the option was to create my own," he said. "Kewaskum is in a good location, easily accessible, where the word of mouth advertising

will bring people here. I found the community friendly and decided to settle here."

Norman is a very particular type of chef. He intends to have all of the seafood flown in fresh from Florida. The beef will be prime cuts of certified Angus, dry aged in a controlled environment for a minimum of 21-28 days. The result is good quality meat with great texture and better taste. The beef will be pan fried in an iron skillet. There will be the famous Friday night fish fries; Sunday southern fried chicken and much more.

The Salt H<sub>2</sub>O Café will have a family style Cajun deep fried turkey. Reservations will be required so enough fresh turkeys are available to meet the demand. The turkey will be injected with seasonings and will feed a family of up to ten for \$40, including all of the fixings. Any leftovers will be sent home with the family. All of the potatoes are real mashed potatoes and the biscuits are homemade.

"The first time I heard of fried turkey I had no idea how good it would taste," said Norman. "It is not spicy, just full of flavor. It will be like having Thanksgiving dinner year round at the café. Any leftover turkey will become sandwiches for the next day, just like making it at home, but without the work to prepare it yourself."

Norman Henry has a flare for having good taste in art as well. The restaurant has a watercolor print on the menu and he owns several wonderful prints of his own. It has been said that creative people tend to have good taste in many areas. He hopes that becomes true in the café.

The menu boasts appetizers from chips and salsa, fried green tomatoes, shrimp, clam strips and mussels to Cajun crawfish. There is soups and side orders like good old-fashioned French fries and salads such as Chicken Caesar and Walnut Chicken to a fresh fruit plate.

Sandwiches listed under the beach favorites include a sirloin burger, breast of chicken or a soft-shell crab served with onion roll, chips and pickle. Catering to Wisconsin there are also the Badger favorites like Braunschweiger on rye, brats and the Reuben. A wet burrito is sure to satisfy many taste buds.

The Salt H<sub>2</sub>O Café will have the same menu for lunch and dinner, adding specials for each daily. The house special

is the Florida Mix Grill, which includes shrimp, scallops, grouper, and frog legs served on a bed of rice for \$7.50. Other entrees include New York Strip steak, fried shrimp, baked Canadian whitefish; pan fried frog legs and barbecued baby back ribs to name a few.

Desserts will include Key Lime cheesecake, Mississippi Mud Pie, Southern Pecan Pie, Peanut Butter Pie and ice cream. The café will have free refills on soda, tea and coffee. Many choices and daily specials will have something for everyone.

As the weather warms, Norman has plans of putting back in the old entrance and adding outdoor seating for spring, summer and fall. The handicapped accessible entrance will also remain.

"I plan on bringing to Kewaskum the same as I expect from myself when I dine out," said Norman. "I like a clean kitchen, good food at reasonable prices, with friendly service in a timely fashion."

Norman knows there are some challenges along the way. Like any new business things have to get organized and everyone has to learn their job. Good work ethic and loyalty are the base for all types of businesses.

"It will take a little time for everything to be organized and the new employees to learn their part of the café," he said. "It takes teamwork to make a restaurant work. Any new business needs start-up time to make things flow smoothly. I am sure it will be a combined effort of success."

History just might be able to repeat itself. Kewaskum may soon see travelers, coming from near and far, to explore the area and dine in the historical building on the corner. The Salt H<sub>2</sub>O Café has a friendly atmosphere, reasonable prices and good food that will be prepared by our own Master Chef, Norman Henry.

True heather is not common in the United States, but many plants belong to the heather family, including the blueberry, cranberry, azalea and rhododendron.

# Kewaskum Gridiron Club

Kewaskum's Gridiron Club closed out its 1998 season in November with a pizza party held at Amerahn Hall. Use of the hall was donated by owners Earl and Marie Kleinke.

McKee Builders of Kewaskum, along with several parents, donated desserts for the event. Kewaskum Floral helped by donating floral arrangements and Balloons by Brenda also pitched in by donating a balloon arch for players to walk through as they received their awards.

The party was the final gathering for this year's sixth, seventh and eighth grade players. All players received medals for their participation. Several players were given special recognition awards for above average contributions on the field of play.

The eighth grade players finished their season with five wins and three losses, while the seventh graders finished with a win/loss record of 7-1. The sixth grade posted a final win/loss record of 3-5. It is important to note that Gridiron Club emphasizes learning the game rather than a win-at-all-cost attitude.

The Gridiron Club is a non-profit organization that established youth tackle football for the Kewaskum School District. The club is operated by a volunteer board of directors. Meetings are held the first Wednesday of each month at Hon-E-Kor Country Club, 1141 Riverview Dr., Kewaskum, starting at 7 p.m. Everyone is welcome to attend.

Players must live in or attend a private or parochial school in the Kewaskum School District to participate in the program. Players are responsible for helping to raise the funds needed to operate the club.

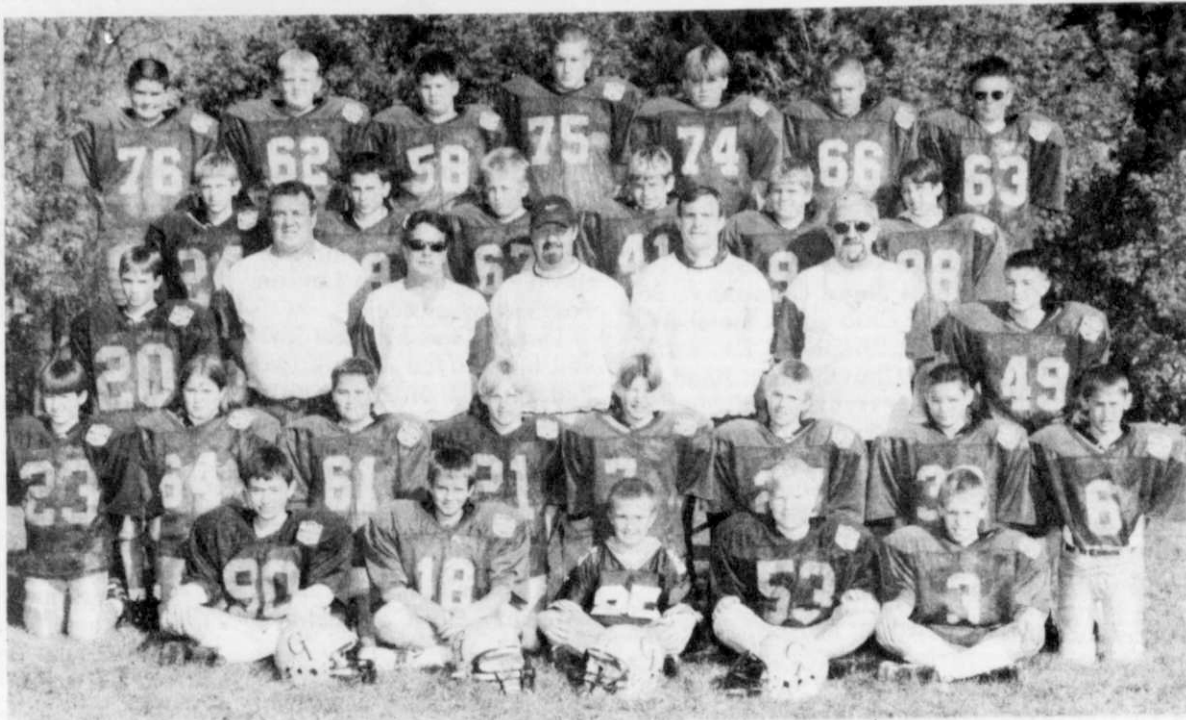

Adult volunteers who help coach or run the organization do not have to have a child in the program. For more information, please contact Dean Canales at 675-6322.

The Kewaskum Police Department has a new squad car and it did it the hard way. Its about-to-be-traded 1973 squad was demolished in a chase over snow-packed roads early Saturday that began near the south limits of Kewaskum and ended about eight miles later when a fleeing van rolled over and the Kewaskum police car careened off it and struck two cars illegally parked along the roadway.

Kewaskum heavyweight Al Schmidt fared the best of any area wrestler in the WIAA State Wrestling Tournament which concluded at Madison Saturday night by winning third place and attaining a goal set for himself. Schmidt and Campbellsport's Dennis Kelley, who took a fourth place at 132 pounds, were the only area wrestlers to place.

Due to the snowstorm Friday, Kewaskum's Final conference game here against Kettle Moraine was postponed until Saturday night, when the visiting Lasers downed the Indians, 64-55. With the loss, they wound up in seventh place with a 3-11 record. Coach M. Williams started his three seniors, Doug Bilgo, Mike Faber and Mark Steinhardt in the final game, together with Scott Koth and Mike Koepke.

A daughter, Carrie Ann, was born to Alan and Cheryl Kuehl, Kewaskum, on February 21. Maternal grandparents are Mr. and Mrs. Richard Halfmann of Kewaskum, and paternal grandparents are Mr. and Mrs. Roger Kuehl, Campbellsport.

A son was born to Elroy and Lois Kutz, Kewaskum, on February 24.

The Dead Sea is the saltiest body of water in the world, nine times as salty as is the ocean.

(h) The accused or their representative shall have an adequate opportunity to examine all documents and records to be used at the hearing under sub. d. at a reasonable time before the date of the hearing as well as during the hearing, to bring witnesses, to establish all pertinent facts and circumstances, and to question or refute any testimony or evidence, including opportunity to confront and cross-examine adverse witnesses.

(i) The Board shall have the power to compel the attendance of witnesses and to issue subpoenas granted other boards and commissions under Section 885.01(3) of the Wisconsin Statutes.

(k) The affirmative vote of the Board shall be required for any action taken by the Board, with the exception that action taken by the Board pursuant to a hearing conducted under sub. f. shall require a two-thirds vote.

**Sec. 2-521 Applicability of Code.**

This code shall be operative in all instances covered by provisions except when superceded by an applicable statutory provision and statutory action is mandatory or when the application of statutory action is mandatory or when the application of a statutory provision is discretionary but determined by the Ethics Board to more appropriate or desirable.

**Sec. 2-522 Severability.**

If any provision of this ordinance is invalid or unconstitutional, or if the application of this ordinance to any person or circumstances is invalid or unconstitutional, such invalidity or unconstitutionality shall not affect the other provisions of application of this ordinance which can be given effect without the invalid or unconstitutional provision or application.

## Sunburst Ski Patrol Seeking Volunteers

Are you someone who loves the winter outdoors? Does learning emergency care interest you? The Sunburst Ski Patrol is looking for people who are interested in a program that will combine these two interests.

They are beginning their 1999 Outdoor Emergency Care program on April 5 and are recruiting interested people.

The Sunburst Ski Patrol is a volunteer organization of fun and caring people who work to assist injured skiers and snow boarders and promote safe skiing. The Outdoor Emergency Care Course is an 80 hour course that will prepare future ski patrollers to assist in emergency medical situations.

Completion of the course results in membership to the National Ski Patrol and the Sunburst Ski Patrol. During the ski season, new

patrollers will learn toboggan handling and patrol operations.

The course will be held in two parts on Monday evenings from 6:30 to 9:30. Part one will run from April 5 through June 19 and Part two will run from August 9 through November 6. You need to attend both parts to take the final evaluation. The course cost is \$213 which includes all books, class materials, and National Ski Patrol membership fees.

Sunburst Ski Patrol invites everyone, all skiing and snow boarding abilities to join this program and become part of the Sunburst Ski Patrol family. To find out more about the OEC program and the Sunburst Ski Patrol, please contact Mike Husar at (414) 334-7163 or Anne Blaedow at (414) 246-0276.

### NOTICE OF PUBLIC HEARING FOR REZONING & CONDITIONAL USE PERMIT TOWN OF KEWASKUM

NOTICE IS HEREBY GIVEN that the Kewaskum Town Board will hold a Public Hearing regarding two applications: rezoning from Exclusive Agriculture (EA) to Agriculture/Open Space (A-1) and issuance of a Conditional Use Permit on March 22, 1999, at 7:30 p.m., at the Kewaskum Town Hall, 9019 Kettle Moraine Drive, Kewaskum, WI. The rezoning is requested by Edward Schneider, 8633 Forestview Road, Kewaskum, WI, for the purpose of making a land division, constructing a one-family residence, and sharing a driveway to access the property. The property, located in Section 13, is a total parcel of 19.75 acres. If the rezoning request is granted, a land division will create a 10.228 acre parcel and the remaining parcel of 9.522 acres will be joined by deed to the remaining farmland. A Conditional Use permit, if granted, will allow a shared driveway and access to the parcel, which currently lacks sufficient road frontage. Interested persons should attend the hearing and offer comments.

## County to Hold Informational Forums On Waterbody Classification Project

In an effort to provide the citizens of Washington County with comprehensive information about the county's ongoing waterbody classification efforts, the Washington County Land Use Code Revision Working Group has scheduled a series of "information/input meetings."

The meetings will provide opportunities for the public to learn about the classification process, see what waterbodies have been identified as resources in the county, review planning and zoning topics currently being discussed and provide an opportunity for citizens input on the topics and proposals.

The "Information/Input Meetings" are scheduled for: West Bend Town Hall, 6355 Cty. Rd. Z, West Bend at 3 p.m. and repeated at 7 p.m. on March 18, 1999.

UW-Washington County, 400 University Dr., West Bend from 8:30 a.m. to noon on March 20, 1999.

Richfield Town Hall, 4128 Hubertus Rd., Hubertus, at 7 p.m. on March 24, 1999.

Farmington Town Hall, 9422 State Rd. 144, Kewaskum, at 7 p.m. on March 30, 1999.

Pre-registration is required for March 20th only. For registration information call 414-335-4480.

keep the public informed and provide an opportunity for the public to have direct input to the process as the work group develops a countywide waterbody classification system. The work group wants to ensure that people understand waterbody classification and the proposals so that they can provide feedback and suggestions to the work group as they continue to work through this process. Public input from these meetings will be advisory and considered when developing the classification criteria for the county's waterbodies and subsequent shoreland, wetland and floodplain zoning ordinance proposals.

There will be a brief formal presentation followed by a group question and answer period. In addition, informational displays will be set up at each of the meetings identifying waterbody resources and topics related to the zoning ordinance proposals. Work group members, UW Extension, DNR and County staff will be available to answer individuals questions. Attendees at the meeting will be encouraged to also provide written comments and suggestions on the classification and zoning proposals.

This will be the first in a series of meetings concerning these issues. Please watch for additional meeting information and news releases on this topic in the upcoming months. Any organized group that would like a presentation on this topic is encouraged to con-

tact Herb Wolf at (414) 335-4445 to discuss a mutually agreed upon date, time and location.

## Holy Trinity A Team Boys Finish 10-2

The Holy Trinity A team boys pulled off a 35-29 victory over previously unbeaten St. Mary's of Mayville, who finished 11-1 in first place. The Wildcats finished in second place in league play with a 10-2 record.

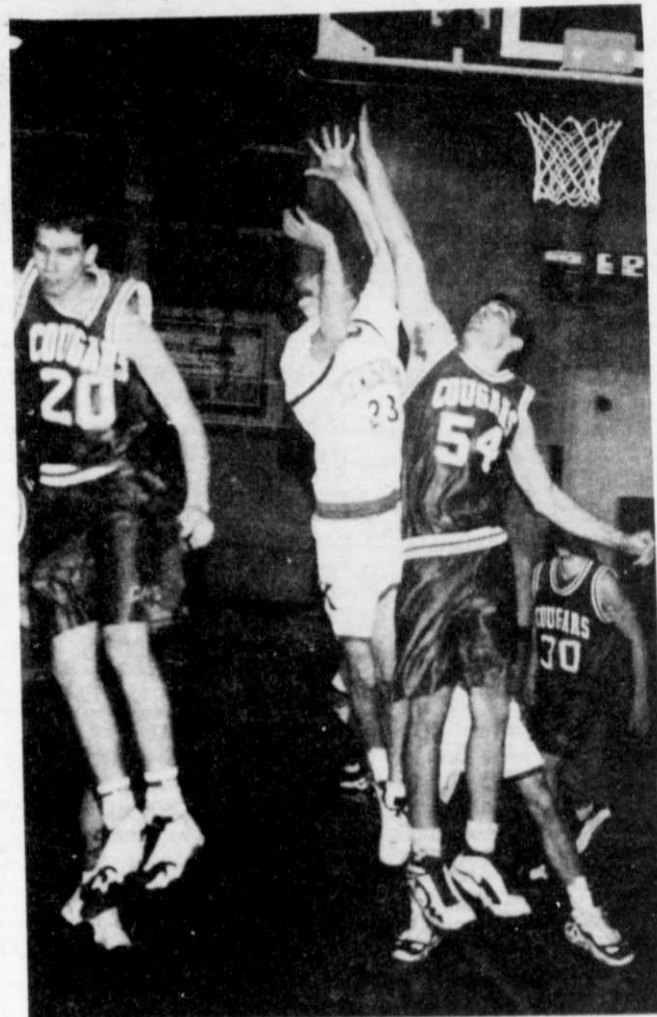

A great team defensive game was played by the Wildcats to hold Mayville's two best players down. The Holy Trinity boys just kept frustrating them all night, and the Mayville team never got their offensive game going.

The Wildcats led by 10 after the third period. Mayville pulled within four points with two minutes left in the game when Adam Gitter went to the basket strong and was fouled. Gitter sank two important free throws.

The Wildcats were led in scoring by Gitter with 16 points, Josh Hesprich with seven points, Josh Timblin with six points and Joe Rinzel and Cody Repovsch each with three points.

The Wildcats have their All Star Game left to play on Sunday, March 14. The players selected by their teammates to represent their team are Adam Gitter, Josh Timblin and Josh Hesprich.

## Regional Action

The Indians Andy Christophersen, #23, scores two points, while Adam Bub of the Campbellsport Cougars tries to block the shot during Regional Tournament action in the Kewaskum fieldhouse last Tuesday, March 2. The Cougars defeated the Indians, 58-49, in an exciting game.

# Indians Scare Ranked Cougars During Regionals Held Here

Indians Head Coach Tom Timblin (back to camera) discusses some last minute strategy with his players during Regional Tournament action in Kewaskum on March 2.

The Kewaskum boys basketball team hosted the seventh-ranked Campbellsport Cougars (18-3) last Tuesday evening in the opening Regional game of the annual W.I.A.A. state basketball tournament.

The Indians, despite a ferocious third quarter comeback succumbed, 58-49, in the Division II contest. Kewaskum played a very sluggish first half, scoring only 17 points.

"Our slow starts have plagued us all year," Coach Tom Timblin reported, adding, "We were getting good looks, but they wouldn't fall. We shot 6-23 in the first half. 26% from the field isn't going to beat the Little Sisters of the Poor, much less a ranked team."

After some half time adjustments, the Indians, who trailed 26-17, came out with a vengeance. They scored the first seven points of the third quarter and cut the lead to 26-24. After exchanging baskets, the Indian's Andy Christophersen, who scored six points in the quarter, gave KHS their first lead with a slashing layup, 29-28.

The Indian's mad bombers were finding their range as Josh Gaffke swished two long treys. Chris Koth and Shaun Timblin also nailed shots from beyond the arch as the home crowd roared its approval.

The Cougars called timeout to break the Indians momentum. It seemed to work as Campbellsport went on a 9-4 run of their own to retrieve the advantage at the end of the third frame, 41-37.

The fourth quarter found both teams playing well. The Indians, who were overplaying the Cougar guards with outside ball pressure the entire second half, gave

up a few backdoor layups. The score see-sawed back and forth with Campbellsport maintaining a small lead.

Kewaskum was forced to foul the last couple minutes to try and get the ball back. The visitors buried seven free throws in the final one-and-one-half minutes that allowed them to extend their advantage at the end.

It was an extremely hard fought game and a tough way for Kewaskum to end their season. "We fought them to the end. I thought the two key factors were that they made 19 free throws to our eight, and their bench outscored ours,

16-0," Timblin stated.

He added, "I'd like to thank all the boys for their dedication and hard work this season, especially our four seniors, John Warnecke, Andy Christophersen, Shaun Timblin and Josh Gaffke."

**Kewaskum** - Gaffke 11; Christophersen 18; Koth 11; Timblin 3; Warnecke 6; FTs - 8x8. Fouls - 19. Three-pointers - Gaffke 3, Koth (3) and Timblin.

**Campbellsport** - Flood 14; Co. Sabish 8; Mueller 7; Ca. Sabish 4; Ci. Beck 4; Cu. Beck 12; Twohig 7; Dahlke 2. FTs - 19x24. Fouls - 10. Three-pointers - Mueller.
