Record Crowds Enjoy Holiday Spirit of Christmas Parade

Hearts were warmed by Kewaskum's Fifth Annual Christmas Parade as it marched through the streets of Kewaskum on Sunday, December 3, at 5 p.m., in spite of the chilly temperatures. The parade is sponsored annually by the

Kewaskum Area Chamber of Commerce.

Hundreds of holiday-spirited residents braved the winter winds and lined both sides of Main Street and Fond du Lac Avenue and associated side streets to vie for the best view of the fes-

ivities. All were treated to another fabulous show with over 30 units participating. The event was capped off by the grand finale featuring the Jolly Man himself, Santa, seated on top a float

Town of Scott Board Approves 2001 Budget

By Bernadette Mondloch

The Scott Town Board has approved a \$550,275 budget for the year 2001.

It is supported by \$256,139 of anticipated revenues resulting in a tax rate of \$3.53 per thousand dollars of assessed valuation. This represents a 10.46% increase in expenditures over this year and 27.98% increase in revenues.

Eight thousand dollars in interest is anticipated, along with \$9,000 for trailer parking fees, and a rise of \$6,000 for building permits, plus \$500 for Hilltop rental.

The largest increase in expenditures comes from fire protection. It shows an increase of \$8,895 over last year. During the public hearing which preceded the adoption of the budget, former town board supervisor Richard Bemis remarked, that there are enough tankers in southwestern Sheboygan County. He termed it as "a bit of overkill" and suggested that departments merge such as has been done in areas in Milwaukee. Others agreed that it is time to look into fire departments merging.

Dallas Wixom, County Road S, raised the question about town salaries. He had reviewed a Wisconsin Town's Association survey of town salaries and said, "We are slipping away. We must be competitive."

He suggested that an increase of town salaries is a demonstration of appreciating those people who come forward and do these jobs.

Orville Mileager, Brazelton Drive, echoed Wixom's remarks. He said he was a firm believer on giving raises equal to the cost of living. Bemis replied, "These people are giving of themselves to the town. Look at the firemen, what do they get?"

The new budget gives a \$1,000 increase in the Clerk-Treasurer salary bringing it up to \$16,000. The combined salaries of the Town Chairman and Supervisors is shown as going from \$12,000 to \$17,200.

At the present time, supervisors' salaries are not equal. This comes about because state statutes do not allow an increase in pay unless it is set up prior to taking out nomination papers. Nomination papers can be circulated after December 1 of each election year. With this in mind, a motion was passed to give a 3-1/2% salary increase across the board, in April of 2002, so that all salaries of supervisors will be the same.

Another change for the town will be the garbage and recycling activities. The cost of curbside pickup has been investigated. It was

estimated that to have garbage picked up at the road, it would cost the town in the vicinity of \$72,000 annually. Under this type of system, it would be an extra \$7 to \$8 per month charged to each resident.

For the past few years, it has been the Town's objective to obtain revenue by selling the recycled materials. The market for recyclables has drifted down and the only thing selling now is paper. The town's recycle building is full with no place to get rid of material on hand.

With this in mind, and a need to cut costs, it has been decided to discontinue the quest of selling the recyclables. The town has entered into a contract with Superior Services, Sheboygan.

Recycling will continue with a few changes. Clear bags will still be needed for trash as it has in the past. Recycle materials can be commingled and all will go into one eight yard dumpster. The separation of different items is no longer needed except the paper and cardboard will need to be tied and a separate dumpster will be available for those items. These procedures will begin in the new year.

There is a small increase in the price of garbage bags. As in the past, the bags must be purchased from the town. Four large bags will cost \$5.00, eight small bags sell for \$5.00.

Residents are reminded to sign the book available at the disposal site. Signatures of those using the site are needed in order for the town to be eligible for recycling grant money.

Hours of operation are

also being altered beginning on January 6, 2001. The site will be open from 9 a.m. to 2 p.m. on alternating Saturdays. The summer hours will be weekly from May 1 to October 31.

The public hearing also brought comments from the citizens. It seemed to be the consensus of the group that the operation of the Hilltop was costing too much. During 2000, the town experienced \$4,000 in income while spending \$10,010.

Wixom asked, "Are we (the town) in governing or are we in real estate?" His question went unanswered.

The town is in its second year of a three year agreement to operate the Hilltop in an effort to make it a profitable "Community Center." Negotiations are currently underway to some activity involving the WMCA and Supervisor Robert Gluck reports that reservations for weddings and other events have steadily been increasing.

Many who attended the hearing felt that the best scenario would be to have it taken over by private enterprise, leaving the town out of it.

Defibrillator Fund Started at Kewaskum High School

Shown above, left to right is Superintendent of Kewaskum Schools Wayne Graczyk, KHS principal Robert Ganka accepting a check from Judy Degnitz, president of Fillmore Happy Hearts, Nancy Degnitz, secretary and Barbara Schulz Kluever Treasurer.

Statesman Photo: Andrew R. Kuehl

The Fillmore Happy Hearts contributed \$500 to be used toward the purchase of a Defibrillator at the Kewaskum High School.

Officers of the Fillmore Happy Hearts Judy Degnitz, President, Nancy Degnitz, Secretary, and Barbara Schulz Kluever presented Superintendent Wayne Graczyk and High School Principal Robert Ganka with the donation.

Their donation was presented on December 1 with the hope that the donation would be an opportunity for other area community organizations to contribute toward the purchase of a Defibrillator, which costs approximately \$2800.

The Happy Hearts want-

ed their donation to go toward something that would have the potential of making a lasting impact on the students and families in the School District of Kewaskum. Club members felt that the presence of a Defibrillator in the district would do that, because they realized that heart attacks are not restricted to the elderly or older adult. Each year sudden heart attacks claim the lives of the young as well, usually during athletic events.

Having a Defibrillator at school events may be the only difference between life and death in those precious minutes between a heart attack and the time rescue personnel arrive on the

scene.

Any club, organization, or individual wishing to make a donation to the high school for the Defibrillator can contact the school district at 626-8427. Since the school district is a not for profit entity, individuals and businesses could take advantage of the tax advantages a donation would provide. Mr. Graczyk's extension is 8006 and Mr. Ganka's is 4132. If a club or organization would like a speaker to provide additional information regarding the use of a Defibrillator in the school setting, they may contact either Mr. Graczyk or Mr. Ganka at the above telephone number.

'Show Me the Money' Seminar Offered Here

"Show Me The Money", a seminar for dairy producers and agricultural professionals is scheduled for Monday, December 18, 2000. It will be held at the Amerahn, located just north of Kewaskum on Highway 45. The program starts with registration at 9:30 a.m. and concludes by 3 p.m.

The program will cover a variety of topics to help dairy producers get the most out of their milk checks. It is designed for the dairy producer who wants to learn more about ways they can maximize their milk check

with simple changes in management and strategies.

Dairy producers are concerned about how to maintain cash flow with low milk prices. Producers may not be able to have an impact on the cheese market and class III milk prices. However, there are management practices and strategies that can affect the farm pay price for milk or improve profitability.

Topics include: Evaluating the Impacts of Management Decisions on your Farm, by Bruce Jones, Professor, Department of

Agriculture and Applied Economics, UW-Madison; Strategies to Manage Volatile Milk Prices, by Jack Trzebiatowski, Washington County Farm Management Educator; How I Learned to Use Futures and Options, by Jeff Opitz, Dairy Producer, Fredonia; Feeding for Milk Components: Economic Responses, by Randy Shaver, Dairy Specialist, UW-Extension; and Tackle Your Somatic Cell Count and Put Cash in Your Pocket, by Tina Struyk, Dairy and Livestock

Agent, Sheboygan County.

There is a registration cost of \$15 per person for the seminar. This includes lunch, refreshment, and educational materials. Advanced registration by December 11th is appreciated. For more information and registration contact the Sheboygan County UW-Extension office at 920-467-5740. Information is also available at the web site www.uwex.edu/ces/cty/washington/.

LIBRARY LEDGER

By Steev Baker
Kewaskum Library Director

At the library we often put an emphasis on reading because books are our business, but I also believe that within every reader is a writer who just needs the right invitation to pick up a pen and start writing. Three such invitations have recently been made available to me and I would like, in turn, to make them available to you.

The National Story Project was born in the mind of writer Paul Auster who "wanted to tell other people's stories and not just [his] own." He was offered time on National Public Radio's Weekend *All Things Considered*, so on the first Saturday of every month Mr. Auster reads a few short narratives sent in by listeners. They range from emotional coming-of-age stories to mysterious twists of fate to humorous reminiscences.

The National Story Project is more than a fifteen minutes of fame for the people involved, it is an archive of personal histories and true-life anecdotes that would otherwise have been forgotten. Like the old field recordings of Alan Lomax, Auster's project is a way of harnessing modern technology to save a piece of the

past. To send a story to the National Story Project, write to: The National Story Project, PMB 206, 123 7th Ave. Brooklyn, NY 11215 or e-mail your story to: <NationalStoryProject@NPR.org>.

MyHistory.org is a website run by the National Endowment for the Humanities that seeks to place ordinary families with the extraordinary history of our country. Like the National Story Project, MyHistory considers personal histories and family stories to be just as important as the stories that effect us as a nation.

MyHistory.org is presently an internet-based archive, so in order to participate, you need to have access to a computer. For more information, look up: <www.myhistory.org>.

Every year, the children's program "Reading Rainbow" puts on the Young Writers and Illustrators Contest. It is open to children from kindergarten to third grade who write and illustrate their own story. Come to the library and get an official entry form. All entries are due by March 5, 2001.

Keep watching this column for opportunities to exercise your inner writer!

FINAL WEEK AND YOU CAN STILL HELP

Well my friends and neighbors, we have made it to the final week of our Kewaskum Division of the 2000 United Way Campaign for Washington County and we're just \$2,000 short of making our goal.

You have been wonderful in your response over these past eight weeks but for those of you who have not yet made your contribution, the time to do so is now.

I ask you to please call me at 626-1777 or just mail your check, payable to the Washington County United Way 2000 - Kewaskum Division, right away.

Please mail your check to Bill Bailey at 489 Gavin Parkway, Kewaskum, WI 53040 and I will see to it you get a telephone call acknowledging your contribution and will forward you a receipt as well.

We have responded as I knew we would so we can do our part to help the 25 agencies in Washington County that are providing services to one out of four of our neighbors who are utilizing one of the 66 different programs offered through these agencies.

So especially as we approach this 2000 Holiday Season, please reach into your hearts and forward whatever you feel you can contribute and let's see if we can reach our goal in this final week of the campaign.

Thank you so very much for caring about your neighbor who is so grateful for the program they are using.

provided by Regal Ware. Santa sent happy holiday wishes to the crowd while his elves dispersed goodie bags to all the good little girls and boys in attendance. Elves reciprocated by also collecting canned goods and non-perishable food for area food pantries.

The parade culminated in front of the Kewaskum Municipal Building where members of the local Aid Association for Lutheran Branch #26 hosted the traditional village tree lighting ceremony. The honor of lighting the giant tree went to longtime AAL member Sylvester Schmidt of Kewaskum, who plugged in the lights amid the oohs and aahs of viewers.

Ceremonies were continued with the singing of Christmas carols, led by Kewaskum's own Larry Ammel. Hot chocolate, in great demand, was then served by AAL members.

Winners of the parade float competition (pictures can be found in this issue) were also announced as follows: First Prize, \$150 - Kettle Moraine Sport Riders; Second Prize, \$100 - Kewaskum 4-H; Third Prize, \$75 - Heberer Brothers Construction; Fourth Prize, \$50 - Silver Platter Restaurant; Fifth Prize, \$25 - Kewaskum Sno Chiefs.

Chamber members who "volunteered" to serve as judges included Jackie Burtard of St. Francis Bank; Tom and Denise Kudek of Auto Body; Mr. and Mrs. Jim Wright of Wright Insurance Agency, and Mr. and Mrs. Tom Bartelt of Bartelt Insurance Agency. Special thanks for their participation.

Congratulations (and mega-thanks) to Parade Chairman Kevin Stautz of Hollywood Portrait Studio and his committee of "elves" for another outstanding effort. This is a huge undertaking at a hectic time of year when everyone already seems to be overextended.

Many thanks also to helpers Andrew Kuehl, Nicole Rawley, Lana Kuehl, and Shawn Roberts for the elves, John Meisser and Karen Heberer for helping coordinate the parade lineup, steak fryers Linda Theisen, Lee and Shirley Kempf, Tim Miller, Isabelle Straub, Sharron Miller, Joyce Kral, and Myron and Becky Strobel, and the soup

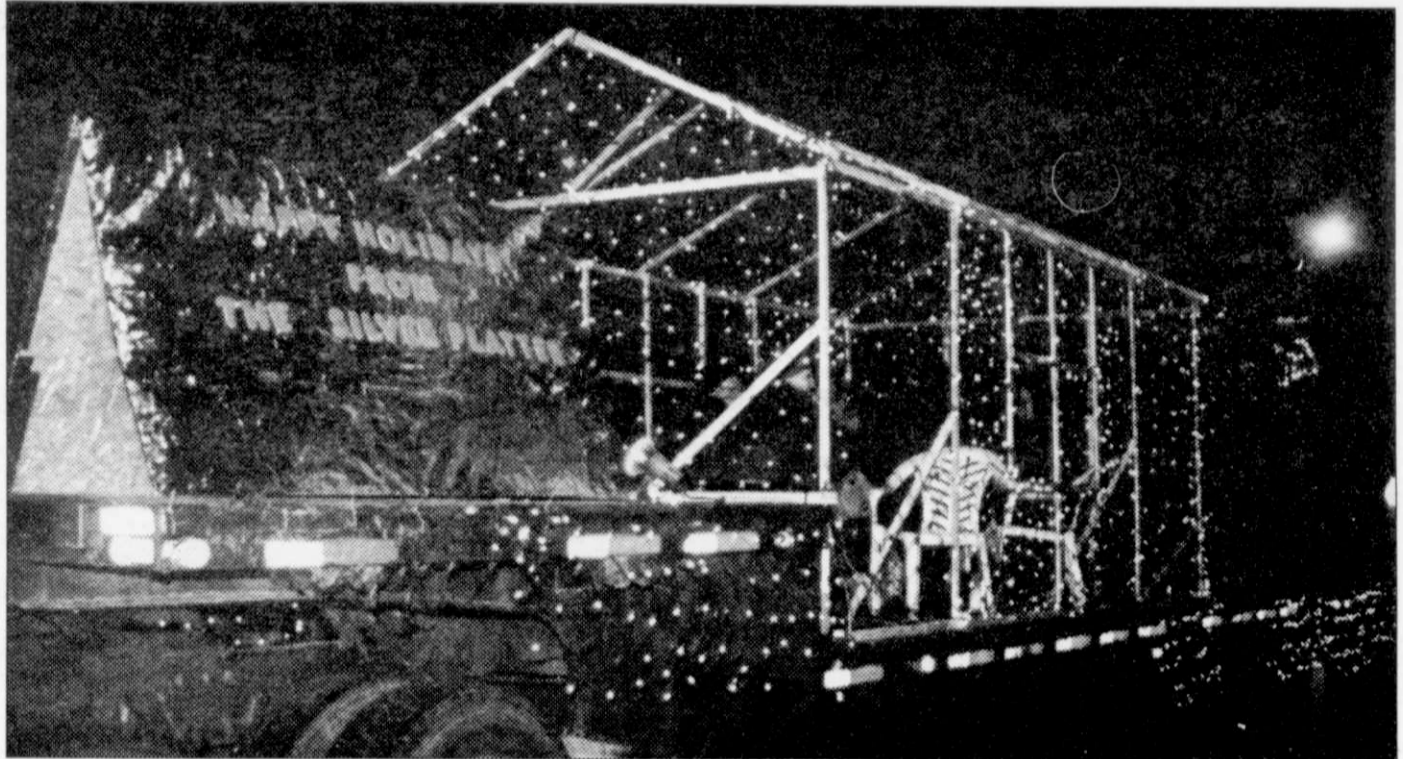

kitchen volunteers at the Statesman, and all who purchased food. All food proceeds go towards the Kettle Kountry Kolors festival.

Thanks are also extended to the Kewaskum Police Department, all students and youth who helped with "elfing" and the costumed characters, and Lisa Stockhausen and the residents at Maple Dale Manor who stuffed the goodie bags.

A very, very special thank you to ALL who entered units in the parade. You really outdid yourself this year with even more elaborate entries. Spectators were overwhelmed with the quality of our little parade. All your efforts did not go unrewarded, whether you won a prize or not. The excitement, smiles, and contagious holiday spirit, of young and old alike, should be the best reward of all!

And last, but certainly not least, THANK YOU, THANK YOU! to all who so generously sent in money for the lights which funded this year's Christmas parade. The Kewaskum Area Chamber of Commerce coordinates the parade, but **YOU**, the people who donate towards it, must take credit for making sure it continues to thrive in this community.

Donations will still be accepted this week, as the names of all who contributed will be published in the special Christmas edition of the Statesman next week.

Silver Platter Family Restaurant's fourth place entry. Rumor has it Roy and Tammy have taken their prize money and invested it in a western state.

Looks like Frosty (Charlie Sparks) had himself a good time at the parade finding lovely fairy tale ladies Little Red Riding Hood (Kelli Dorn) left and Snow White (Carrie Hafermann).

IN MEMORY OF ROBERT FELTEN

He was called home to God and Eternal Rest on December 8, 1992. The call was sudden, the shock severe, to hear that he had left us on that cold and weary night.

Gone are the days we used to share,

But in our hearts, they are always there.

The gates of memory will never close,

We miss them more than anyone knows.

I have those special memories, Tucked away in my heart, and

When I miss him too much,

I remember those times and smile.

Only God knows why and God gave us strength to bear it, courage to face the blow, and go on with our life the best we can.

Remembered...

And Sadly Missed,

Anonymous

IN MEMORY

In memory of DIANE (PROST) EGERER who passed away 22 years ago, December 11, 1978:

We do not need a special day to bring you to our minds
The day we do not think of you

Is impossible to find.
So many things have happened,

Since you were called away
So many things to share with you.

And never have been able to say.

Some say time heals all sorrows

But this we know is not true,

Because twenty-two years have passed

But our hearts still ache for you.

Always loved and sadly missed by Mother, Sisters & Brothers and families.

There are two kinds of mistakes: those who won't admit them, and those who call them experience.

IN MEMORY

In memory of HAROLD (SCHNOOKIE) STERN who passed away sixteen years ago, Dec. 11, 1984:

We do not need a special day To bring you to our minds The day we do not think of you

Is impossible to find
So many things have happened

Since you were called away
So many things to share with you

Never been left to say
Some say time heals all sorrows

But this we know is not true
Because sixteen years have passed

And our hearts still ache for you.

Forever loved and missed by Shirl & Tom

IN MEMORY

In loving memory of RUTH KUEHL, who passed away four years ago on December 9, 1997:

God called you home and said, "come with me they'll be fine."

We asked and prayed for you to stay because you were mine.

He saw you had gotten tired and said it was time.

We now live our lives with you in our hearts and thoughts because we know now that you're fine.

Sadly missed by your family.

PRAYER OF THE BLESSED VIRGIN

(Never known to fail)

Oh, most beautiful flower of Mt. Carmel, fruitful vine, splendor of Heaven. Blessed Mother of the Son of God, Immaculate Virgin, assist me in my necessity. Oh Star of the Sea, help me and show me here you are my Mother. Oh Holy Mary, Mother of God, Queen of Heaven and Earth, I humbly beseech you from the bottom of my heart to succor me in my necessity (make request). There are none that can withstand your power. Oh Mary, conceived without sin, pray for us who have recourse to thee. Holy Mary, I place this prayer for your hands (three times). Say this prayer for three consecutive days and then you must publish and it will be granted to you.

VILLAGE OF KEWASKUM NEWS NOTES "Snow and Ice Removal"

The snow and ice season has arrived bringing along some problems. To alleviate these problems or to clarify a few items, let us refer to the Municipal Code, Chapter 82.6, which covers "Snow and Ice Removal."

(a) **SIDEWALKS TO BE KEPT CLEAR.** The owner or occupant of any lot or lands within the village abutting upon a public street along the line of which a sidewalk shall have been constructed shall, whenever such sidewalk shall be encumbered with snow or ice, clear the same therefrom within 24 hours after cessation of each storm. If it is impossible or impractical to remove the ice therefrom, he shall treat the same with sand, cinders, ashes, salt or some other substance continuously until removed so that such sidewalk will not be slippery or dangerous to pedestrians. If any such owner of occupant fails to remove such snow or ice from such sidewalk or to treat such ice, the director of public works may do so; and the expense of such removal or treatment shall become a special tax or charge against the property to be collected in the manner specified in subsection (c). If the director of public works orders such removal of snow and ice, a minimum charge of \$25.00 per occurrence shall be affixed as the expense of the removal or treatment. If the cost of removal or treatment exceeds the \$25.00 minimum, the actual cost for such work shall be charged plus a ten percent handling charge.

(b) **SNOW NOT TO BE DEPOSITED IN STREETS.** No person shall cause to be deposited snow from his premises on the sidewalk abutting thereon onto any street in the village without a permit from the director of public works, who may require to be paid a fee sufficient to reimburse the village for the cost of removal of the snow. The expense of such removal or treatment shall become a special tax or charge against the property to be collected in the manner specified in subsection (c).

(c) **Assessment of cost.** After clearing or treating any such sidewalk as provided in this section, the director of public works shall file with the village clerk/treasurer a written report containing a description of such lot or tract charged and the amount of the expense chargeable to the same. The clerk/treasurer shall thereupon make out and mail to the owner of such lot or tract at his last known address an itemized statement of the cost; and, when paid, the amount so paid shall be credited to the village general fund. If the same is not paid within 30 days, it shall bear interest at the rate of six percent per annum from the date on which the work was completed. If any such bill shall remain unpaid on October 1 next following the clearing or treating of the sidewalk, the village clerk/treasurer shall insert such charge in the general tax roll of the village and the same proceedings shall be had thereafter for the collection of such taxes as in cases of other taxes extended upon such roll.

Merging Parishes Receive New Name

Milwaukee -- Milwaukee Archbishop Rembert G. Weakland, O.S.B., has issued the name "Shepherd of the Hills" for the new parish being formed from the merger of three parishes in Armstrong, Dotyville and Eden in Fond du Lac County.

The parishes involved are Our Lady of Angels, Armstrong; St. Michael, Dotyville; and St. Mary, Eden. The parishes will merge on January 1, 2001. The merger is a result of an on-going parish planning initiative that began in the 10-county Archdiocese of Milwaukee in the late 1980's. The parish planning process resulted in recommendations for many parishes throughout southeastern Wisconsin to work more closely together or directed parishes to merge.

Although the parish planning directives issued by Archbishop Weakland in November 1997 did not call for these parishes to merge, the leadership of the three parishes asked the archbishop for permission to merge, which he approved. Each church will remain open and Sunday Mass will

be celebrated at each site.

"As we worked together and did strategic planning we realized that becoming one parish was our best option," said Fr. Kevin Wester, pastor of the three parishes. "The communities have grown close and our parish leaders are united. By becoming one, we believe we will reduce our administrative responsibilities and increase our ability to provide an inviting worship experience, as well as increase our outreach and education work within the community."

Previously, in June 1998, Our Lady of Angels parish merged with St. Michael parish in Mitchell, Sheboygan County. That church was designated a chapel and will remain affiliated with the newly formed parish. Fr. Kevin Wester has served the three parishes as pastor since May 1, 1999. Fr. Wester was appointed pastor of Our Lady of Angels parish and St. Michael parish in October 1997.

The name Shepherd of the Hills arose from an active process that invited parishioners to submit possible names and then, through a round of voting, overwhelmingly brought people to the name Shepherd of the Hills. The name reflects not only the rural heritage of the parishes, but also refers to the hilly terrain of Dotyville, South Eden, and the Kettle Moraine which encompasses the parishes.

The new parish will celebrate its inception with Masses of Thanksgiving on New Year's Eve at 4 p.m. at Dotyville, and on New Year's day at 8:15 a.m. at Armstrong, and 10:30 a.m. at Eden. The 4 p.m. New Year's Eve Mass at Dotyville will conclude with exposition of the Eucharist.

Exposition will continue throughout the night with a closing service at 11:45 p.m. and Benediction celebrated New Year's Day at 12:01 a.m. This service will celebrate both the formation of the new parish and the close of the Jubilee Year 2000.

Everything Old Is New Again

(NAPS)—Many of today's modern healers are looking back to centuries ago when ancient cultures used various herbs and remedies to heal and soothe.

One persistent "medicine hunter" has traveled the world rediscovering ancient remedies that heal. Even today.

Tales From The Medicine Trail: Tracking Down the Secrets of Shamans, Herbalists, Mystics, Yogis, And Other Healers by Chris Kilham takes you to the remote corners of the world. Whether he is boating down a river in the Amazon rain forest, hiking in the Peruvian Andes, or hunting in the Pacific Islands, the "Medicine Trail" will take you to places you've never been before—to exciting worlds of adventure and discovery.

Kilham stands at the cross roads of important new discoveries that pharmaceutical companies are developing, such as a new treatment for arthritis, and "natural" Viagra, that benefits without side effects.

Tales From the Medicine Trail is a combination of history, anthropology and almanac with recipes for healing teas, poultices and remedies to soothe and invigorate.

'Agriculture On the Internet' Offered

Farm Families and others will have an opportunity to learn about using electronic media by attending an educational program "Agriculture On The Internet." The program will be held on December 12, 2000 at the Public Agency Center in West Bend, December 13, 2000 at the Sheboygan County UW-Extension Office in Sheboygan Falls and December 15, 2000 at the Ozaukee County UW-Extension Office in Port Washington. More farm families now have a computer that they are using for farm business purposes and personal uses. Many of these computers have the capability of accessing the internet and using e-mail. others. This program will address hardware, software, service providers and other information needed to make a decision on using the electronic communications. It will also provide a suggested listing of web sites for agriculture related information such as sites for weather, markets, university information, company and product sites, and commodity discussion groups. Other topics include; Using Search Engines To Find Answers To Your Questions and Purchasing On The Internet.

Advanced registration is appreciated by contacting the UW-Extension Office at the location you plan to attend, Washington County at 262-335-4477, Ozaukee County, 262-238-8288, Sheboygan County 920-467-5740. There is no registration cost for this program. Registration is limited to 20 participants.

New Holstein Overpowers KHS Girls Basketball 41-26

The powerful New Holstein Huskies did not make the first home game for the Kewaskum varsity girls' basketball team an easy one. New Holstein came to town with an impressive high powered offense that had scored at will in two previous high scoring wins.

Kewaskum attempted to slow the game down and make the Huskies work for every point they scored. The strategy seemed to work in the first two quarters.

Kewaskum used a tight zone defense to stymie the powerful New Holstein offense. At the end of the first quarter, New Holstein led 13-6 behind two three-pointers by Bridget Polzean and Heather Rieder. The Indians matched the Huskies almost basket for basket in the second quarter as the score stood in New Holstein's favor, 23-14.

The third quarter saw the Kewaskum Indians stay in their tight zone and the New Holstein Huskies just held the ball for most of the quarter trying to get the Indians out of the zone and into a man-to-man defense. The two times that the Indians came out of the zone to force play saw the Huskies respond by scoring nine points to Kewaskum's Heather Rieder's two points

in the third quarter. At the end of the quarter, New Holstein led 32-16.

In the fourth quarter Kewaskum went to a man-to-man defense and actually outscored New Holstein 10-9. The deficit was too large for Kewaskum to make up in just one quarter. The final score was New Holstein 41 - Kewaskum 26.

Heather Rieder scored 18 points for Kewaskum with none of the rest of the starters scoring more than one bucket. New Holstein had Kristin Bestul and Jackie Steffes with 12 and 11 points respectively, and two other players with six points.

Varsity coach Anne Sonnabend commented that, "New Holstein stalled in the third quarter and the KHS girls failed to execute the game plan. We had them in a slow tempo game, which suits our talents. Our girls played great defense for all but the third quarter. KHS leaders were Dani Nass with seven rebounds and Heather Rieder with 18 points.

ABC SKAT RESULTS

The winner at skat played at the Town of Scott Hall on Tuesday, Nov. 28th was; Francis Gilboy, 15-2-13 net.

KHS Varsity Girls Nip Random Lake in Overtime

RANDOM LAKE - On Tuesday, November 28, the Kewaskum girl's varsity basketball team (1-1) traveled to Random Lake to play their third game of the season. Kewaskum edged out Random Lake in the final seconds of an exciting overtime to win 52-51.

Kewaskum led by one in the first quarter, 12-11. Both teams played almost evenly to finish the first half, tied 26-26. The third quarter saw Random Lake score nine and Kewaskum eight points to put the Rams ahead by one point (35-34).

Random Lake came down the floor ahead by two points with 1:25 left in the game, when Colleen Gosa made a key defensive stop by taking a charge at the base line. With the offensive charge, Kewaskum got the ball and Heather Rieder tied up the score with 58 seconds left in the game (46-46). After each team made a free throw, Gosa sank a two-pointer to give Kewaskum the lead at 49-48. Random Lake then made one of two free throws to tie it again at 49-49. With 39 seconds left, and Random Lake thinking about taking the last shot of the game, Gosa stole the ball for Kewaskum, and Emily Rinzel of Kewaskum got fouled, and made one free throw to give Kewaskum a 50-49 lead. Random Lake came right

back and scored two to retake the lead with 51 points. Heather Rieder then sank a jumper to put Kewaskum back in front 52-51 with 15 seconds left in the game. Random Lake called a time out to set up a final play and discuss strategy, but didn't get a shot off as Kewaskum's Dani Nass picked up the loose ball and sealed the win for Kewaskum.

Heather Rieder led the Indians with 17 points. Colleen Gosa added 14 points and junior Dani Nass added 13 points and seven rebounds. Random Lake was led by Anne Wiskerchen, who scored a game high 20 points.

Scoring:
Kewaskum: Rieder 17, Gosa 14, Nass 13, Rinzel 3, Logan 2, Patterson 1.
Random Lake: Wiskerchen 20, Eischen 10, Palmer 8, Ritger 6, Meyer 4, Bolz 3.

Indians Lose Non-Conference Game, 78-54

On December 1, the Kewaskum boy's basketball team hosted the Port Washington Pirates in a non-conference game. The Indians lost the game 78 to 54.

The Pirates out rebounded the Indians 36-21, and no matter how hard they tried, they could not overcome the deficit.

Coach Dave Nordeng stated, "(Junior) Chris Canter came in off of the bench and gave us a spark."

Canter earned the MVP title for the night. He scored 10 points for the Indians along with senior Kevin Miller, and sophomore Travis Kempf.

Charlie Sparks was the assist leader with five. He and senior Kevin Miller led the team in rebounds with five.
