Beechwood School Issue Will Be Resolved at March 29 Special Meeting

By Andrew R. Kuehl
 Staff Writer/Photographer

The Kewaskum School Board held a workshop to begin work on selling the Beechwood Elementary School Monday night at the district administration building.

John Schulte who in the past had opposed the sale was instrumental in encouraging the board to get the sale done as quickly as possible.

Wisconsin state law requires that all district property sales approval must be made at an annual or special meeting.

The board decided they will hold a special meeting March 29 to put the building up for sale. This meeting will be run like the annual meeting where district residents will run the meeting and make the motion to sell the school.

The school board in February of 1986 decided to discontinue the use of the school citing low enrollment and budget issues.

The move saved the district at that time approximately \$76,200 according to a report in the Feb. 28, 1986 edition of the Statesman.

Currently the building costs the district \$12,000 a

year to keep heated and maintained.

Schulte told his fellow board members that he attended the Town of Scott meeting and that there was not much interest by the town to purchase the school.

It was also noted that originally the school was zoned A2 and sometime in 1987 it was changed to R1. This is on record at the county courthouse but there is no reason as to why this was done. Town Chairman

Clarence Janz who was in attendance said that he would look into this matter.

School board clerk Mary Meisser brought up the idea of razing the building before putting it up for sale. This idea was discussed but it was decided that that would be a last resort.

There are a few potential problems that need to be looked into. The board said they did not know if they could sell the building "as is" because of the asbestos problems in the floor tile, pipe wrapping and glue in some of the ceiling tiles.

Another deeper issue is a 1000 gallon oil tank buried outside of the school that has not been checked for leaks since 1993. In '93 the tank was found to be without leaks.

Board member Gordie Dickmann asked if they could seal off the building immediately. They board decided to wait until the building was listed with a realtor or until there would be a problem where the boiler stopped working which is a distinct possibility.

Maintenance has been done on a daily basis to keep the boiler operational. Maintenance personnel need to make a special trip out to Beechwood for this.

The contents inside the school will be removed and stored. The building currently holds old gymnastic equipment, damaged computers, and desks. The Beechwood parents organization who bought books from the district after the closing also has their library books there. There is no word as to where they will be going with their library.

District administrator Wayne Graczyk will now start to solicit quotes from three appraisal firms.

The board will select two firms to complete the appraisal process. The appraisers will determine the "highest and best use" and "fair market value" for the facility to be sold in accordance with accepted appraisal practices.

Town of Scott Board and Residents Discuss Future Of Beechwood School

By Bernadette Mondloch

Twenty-three Town of Scott residents turned out for a special town meeting on held Monday evening, February 26, to discuss what they would like to see for the future of the former Beechwood School, which is now part of the Kewaskum School District.

The school, which has been closed for the past 15 years and is costing the district \$12,000 a year for maintenance. The Kewaskum Board of Education held a workshop meeting on Monday, March 5, to make some decisions on what to do with the property. Town of Scott Chairman Clarence Janz was asked to attend that meeting to relate the wishes of the town in regard to the former school.

Posted on the wall were phone comments received by Supervisor Irene Gnacinski from several people who were not able to attend the meeting. Comments included:

- * Do nothing - leave Kewaskum School District take care of it;
- * Have Town of Scott take it over for one dollar;
- * Have 'Beechwood Concerned Citizens' buy it and take it over;
- * Use for a community center.

Questions about costs involved with ownership of the building were partially answered by School Board member John Schulte of Kewaskum. He estimated the cost of asbestos removal estimated to be \$15,000.

He said that asbestos covered pipes could be coated with a spray, but it may become necessary to contract for someone to look at some of the furnace pipes and the ceiling tile to determine if asbestos based glue was used and also examine the vinyl asbestos tile on the floors.

He also spoke about the lack of gym areas for the fourth and fifth graders to play basketball, causing them to hold their games on Saturdays and Sundays. This building would give them a place to play.

Russell Melius, former town supervisor, asked, "Does Kewaskum want to get rid of it?" No one was sure what the district's intentions are.

Orville Milleager of

Brazelton Drive, asked, "Where will the town go to get the money and what about the liability?" He reminded everyone that the town already owns one building taken over by the board and now, after reading the fine print in the contract, realize that they can not "get rid of it" until they have spent \$85,000.

Gnacinski, who was responsible for requesting the meeting, read several letters which she had received in favor of the building and making it available for a meeting place for various groups.

Other costs which may arise entered the discussion, such as the replacement of the boiler, an aging roof which is soon to be in need of replacement, with an estimated cost of \$125,000.

"Why does the Town of Scott want to get involved in real estate? There is always a price tag for whatever you want to do," was Henry Schacht's thoughts on the subject.

Supervisor Ira Weber said, "Give it to the PTO." The "Beechwood Concerned Citizens" is comprised of former PTO members. In response to Weber's remark, one of the members said, "With only 12 dollars in the checkbook, what can we do?"

Schultes followed with options for the school board. One was to put it on the market; another was to give it to Scott, maybe for one dollar, the same as it cost the district when they purchased it. He added that the board was looking for direction from the Town.

Two or three residents living near the school said that no matter what is done with it, they did not wish to see it become a junk yard, or blighted area causing their properties to decrease in value. Use it wisely or get rid of it. With patience wearing, several people blurted out their feelings:

- * Let's move it; let them sell it;
- * We taxpayers are not in the real estate business;
- * These groups have a place to meet. We have the Hilltop and for youth activity we have the YMCA operating at the Hilltop.

Finally, a call for a show of hands was asked

One Injured In Early Morning Crash

By Andrew R. Kuehl
Staff Writer/Photographer

TOWN OF KEWASKUM- A Kewaskum teen was seriously injured after his vehicle went off Highway H, 100 feet west of Oak Drive and landed in a small river just off the roadway at 2:18 a.m. Saturday morning, February 24.

Authorities say Kyle S. Mc Cormack, 18, Kewaskum, was driving west-bound, alone, in a 1993 Pontiac Grand Am Coupe on Highway H, when he allegedly crossed the centerline, entered the east-bound shoulder/ditchline and vaulted into the river.

He then entered approximately three feet of open water with the front end of the vehicle and the vehicle rolled over. The rollover caused the roof of the vehicle to crush severely and trap the driver inside. The car came to rest on its wheels in a southwesterly direction submerged in about three feet of water and ice.

A Kewaskum Police officer was the first to respond to the scene to assist. After the Sheriff's Department arrived on the scene, including Sheriff Jack Theusch, the Kewaskum officer set up traffic control.

Traffic was diverted at Sandy Ridge Road just outside the village.

Mc Cormack was extricated from the vehicle and transported to St. Joseph's Community Hospital in West Bend.

Woman's Club Spring Salad Luncheon Mar. 24

The Kewaskum Woman's Club will present their third annual Spring Fling Salad Luncheon at noon on Saturday, March 24.

The event will be held in the Peace United Church of Christ Social Room with special entertainment by the Kewaskum High School Swing Choir.

The ticket price of \$5 includes door prizes and raffles. Tickets will be sold in advance only and are available from members, at the Piggly Wiggly desk, or call President Gwendolyn Dreher at 626-2666 to help make this Spring Fling Salad Luncheon a success for the community.

All proceeds from this event will be donated back to the community and the Kewaskum Public Library.

Time may be money, but the best thing parents can spend on their children is not money, but time.

Please Attend Annual C of C Banquet Mar. 14

The Kewaskum Area Chamber of Commerce is presenting its annual dinner this year at Woody's Steakhouse in Kewaskum on Wednesday evening, March 14. The cocktail hour begins at 6 p.m. with dinner being served at 7 p.m.

This year's theme is one of rejuvenation of the local Chamber. Betty Pearson from the West Bend Area Chamber of Commerce has been invited to be the guest speaker for the evening.

All Chamber members are encouraged to attend the dinner and to bring non-chamber guests along. Invitations have gone out to all Chamber members. If you would like to attend, but did not receive an invitation, please feel free to contact Attorney Lynn Morrissey at 626-2146.

The cost of dinner is \$17.50 per person including tax and gratuity and a pre-selection is required. The committee and all your business associates hope to see you there.

for, on the question, "Do we want it or don't we?" Only one person voted for wanting it, with the other 22, plus six board members voting against it.

Another subject of the meeting was the purchase of a new tractor and mower. Prior to the meeting, the board had secured several quotes on two or three brands of equipment with prices ranging from \$35,000 to \$50,000.

The current mower is becoming unsafe and being 19 years old, badly in need of replacement. Final action was to put it out for bids on both purchasing and bids for a lease agreement. Bids will need to be returned by the March 12th meeting. Anyone with questions regarding the equipment should contact Janz.

Baseball/Softball Signup

The Farmington Athletic Club will hold their annual baseball/softball signup at 10 a.m. on March 31 at the Farmington Town Hall.

The signup sheets have already been passed out at the area schools. It is hoped to see all the parents and children at the meeting. If you have any questions or concerns, call Greg Ziebel at 692-6203.

Threshold's Sensory Room Captivates the Senses

WEST BEND - In the 1970's multi-sensory equipment and environments were used by people experimenting with natural and synthetic mind altering substances.

Today, with the help of a \$3,500 award from TFH (USA), Ltd. in Gibsonsia, Pennsylvania, The Threshold is opening a Sensory Room to stimulate the senses of people experiencing sensory deprivation.

In 1999, Threshold clients created a three-d model of their vision of a multi-sensory room and entered that model in a national contest. Their idea was judged on presentation, content and originality and selected from a pool of 100 entries. Over the past year, clients and staff at The Threshold worked together to transform the model into a working environment.

The Sensory Room incorporates sound, light, and texture devices to provide a range of relaxation and leisure activities for persons with profound multiple learning disabilities. The idea is to provide a range of sensory-based activities to enable individuals to enjoy and experience the world around them by promoting the principle of leisure.

"The important thing

about the Sensory Room is that it was conceived and created by people served at The Threshold to provide a benefit to others in need of sensory stimulation," said Patricia Fabian, Adult Day Services Director at The Threshold. "It is actually an incredibly advanced area using state of the art and everyday items in a creative way," said Fabian.

"We are pleased with how this room came to fruition. The room is now ready for use and a formal opening was held February 23. In addition the room can

be viewed and equipment tested by appointment," said Tom Bergerud, Executive Director.

The Threshold is a private, nonprofit agency serving the rehabilitation needs of people in Washington County. Its mission is to support and represent individuals by creating opportunities that enable them to lead self-determining lives.

The world's first two-pronged fork was introduced in Venice in 1071 A.D.

Home Safety for Older Adults Sponsored by Cedar Campuses

Regardless of the age and condition of a home, hazards can exist that cause injury to thousands of elderly people each year. The US Consumer Safety Commission estimates that over 650,000 people over the age of 65 are treated in emergency rooms for injuries associated with products they live with and use every day.

Many of these injuries result from hazards that are easy to overlook, but also are easy to fix. By following a few guidelines, you can

become your own "safety expert" and keep potential hazards from becoming real.

Cedar Campuses presents *Home Safety for Older Adults*, the second in a series of "A New Time for Learning" community education programs. Life Safety Technician Gary Karnitz will review what to do and what to watch out for in order to keep safe in your home.

"Many tips are quite simple and many of the safety guidelines I talk about are based on common sense," said Karnitz. "However, a general knowledge of the underlying causes of hazards is helpful."

This one-hour program will be held on Thursday, March 22 from 2:00 to 3:30 p.m. at Cedar Ridge, 113 Cedar Ridge Drive, West Bend. Cost for this program is \$5 at the door, which includes dessert and coffee, program materials and a chance at a door prize drawing.

Pre-registration is requested by calling Larry Christopher, Cedar Campuses Education Coordinator at (262) 334-9487, ext. 223. Cedar Campuses is a region-

al leader in rehabilitation, education, older adult living and health care.

St. Lucas Receives \$700 Donation From Lutheran Brotherhood

St. Lucas Church in Kewaskum recently received \$700 from Lutheran Brotherhood, a fraternal benefit society, through the Society's Congregational Matching Funds program.

Lutheran Brotherhood matched the amount that the congregation raised through a Christmas Cookie Sale, which took place in December, 2000.

St. Lucas Church will use the funds it raised and the matching funds from Lutheran Brotherhood for the St. Lucas School Building Fund.

As a member-owned not-for-profit fraternal benefit society, Lutheran Brotherhood is an organization of more than one million Lutherans joined together for financial security, volunteer service, and benevolent outreach. Lutheran Brotherhood's mission is to work together to provide financial security for members and to serve Lutherans, their congregations, institutions and communities.

Medical insurance is often a lot like wearing a hospital gown - you're never covered as much as you think you are.

Coincidence?

Have a history teacher explain this, if they can.

Abraham Lincoln was elected to Congress in 1846.

John F Kennedy was elected to Congress in 1946.

Abraham Lincoln was elected President in 1860.

John F. Kennedy was elected President in 1960.

The names Lincoln and Kennedy each contain seven letters.

Both were particularly concerned with civil rights.

Both wives lost their children while living in the White House.

Both Presidents were shot on a Friday.

Both Presidents were shot in the head.

Lincoln's secretary was named Kennedy.

Kennedy's secretary was named Lincoln.

Both were assassinated by Southerners.

Both were succeeded by Southerners named Johnson.

Andrew Johnson, who succeeded Lincoln, was born in 1808.

Lyndon Johnson, who succeeded Kennedy, was born in 1908.

John Wilkes Booth, who assassinated Lincoln, was born in 1839.

Lee Harvey Oswald, who assassinated Kennedy, was born in 1939.

Both assassins were known by their three names.

Both names are composed of fifteen letters.

Lincoln was shot at the theater named 'Ford.'

Kennedy was shot in a car called 'Lincoln.'

Booth ran from a theater and was caught in a warehouse.

Oswald ran from a warehouse and was caught in a theater.

Booth and Oswald were assassinated before their trials.

Letters to the Editor

Letter to the Editor:

Thursday, March 22 is the Muscular Dystrophy Association Lock Up Day.

I will be arrested at noon and taken to jail at Amerahn, just north of Kewaskum. Bail has been set at \$1,200, the cost of sending three children to MDA Summer Camp. \$20 provides an annual flu shot; \$56 funds one minute of research; \$100 funds a clinic follow-up visit or sponsors a support group.

I'm asking everyone in Kewaskum to please donate to this worthy cause. Your tax-deductible donation may be sent to:

Kewaskum Pharmacy
ATT: Audrey
P.O. Box 657
Kewaskum, WI 53040

or stop in at the store at 927 Fond du Lac Avenue and drop off any size donation at one of the donation boxes at the counters.

If \$600 is raised by Wednesday, March 14, I will appear at work and the Kewaskum Chamber of Commerce annual banquet at Woody's Steakhouse with green hair.

If \$1,200 can be raised for MDA by March 22, the lock-up day, I'll go to jail with spiked, green hair and bail out!

Please... help me out!
And... THANKS Kewaskum!

The trails were well maintained and just a joy to ride on this season. It is sad though, that some hot rodders and those who have no respect for the signs along the trail system have to somehow spoil things for the rest of us who just love to get out in nature and enjoy the experience. Please slow down on the trails so it is safe for ALL of us. And, if you don't stay on the trails, stay home.

Thank you again for such a great snowmobile season!

EDITOR'S NOTE:

The Statesman this week received a Letter to the Editor from a subscriber who had an issue with a local business.

Please people, don't use the community newspaper to air out any personal discrepancies or disagreements you may have with businesses, local or otherwise.

Take your issue up directly with the business owners. We value all our subscribers, but also feel it is not fair to put a small

weekly newspaper in the middle of any local discrepancies.

Before writing a Letter to the Editor, please think about it and use common sense. There are always two sides to every business issue and the issue should be resolved by the parties involved, not made a public issue or juicy piece of gossip.

We don't feel it is a weekly newspaper's place to become involved in the middle of a personal business dispute, nor do we feel it is our place to suggest to someone else how to run their business or establish their policies.

We're only a small community newspaper, without any negotiating training, just trying to do the best job our limited staff can do.

Thank you.

Hospital Offers 'Having Healthy Babies' Program

St. Joseph's Community Hospital of West Bend will host "What If, What Now, and What Next...Having Healthy Babies™," a New Life Center Health Fair, on Sunday, March 11, from noon to 4 p.m. in the hospital's fourth floor east conference room.

The focus of the fair is pre-pregnancy planning, pregnancy, and those first few months at home with your baby. Representatives from the hospital, local clinics, and area organizations will be on hand to answer your questions.

Exhibits from the hospital will present information on prenatal education, lactation services, Tele-Nurse (nurse triage phone line), food and nutrition services,

massage therapy, physical therapy, Project Childsafe, and more. Outside exhibitors will include the Family Center, Injury Prevention Coalition, March of Dimes, the Tobacco Coalition of Healthy Washington County, and other community organizations who will be more than willing to answer all your parenting concerns.

There will also be a children's activity area if you would like to bring younger children along, fetal heart monitoring, blood sugar screening, blood pressure checks, car seat safety checks, guest speakers, and more.

Guest speakers will conduct 45-minute presentations, which will include

information and an open session for questions.

Through a Father's Eyes...A Dad's Panel, 12 to 12:45 p.m.

Dr. Gary Herdrich from the West Bend Clinic will moderate a panel of four dads who will talk about labor, what it's like to be a dad, caring for a baby, and anything else that comes to mind.

Labor Epidurals - Risks, Benefits, and Alternatives, 1 to 1:45 p.m.

Dr. Eric Breckenridge and Tom Saugen, CRNA of St. Joseph's Community Hospital's anesthesia department will discuss epidurals as a pain-relief option during labor.

To Call or Not to Call...When to Call Your Baby's Doctor, 2 to 2:45 p.m.

Dr. Lisa Seefeld, a pediatrician from the General Clinic, will help you decide when your baby's condition requires a call to the doctor.

Tips on Choosing a Health Care Provider for You and Your Family, 3 to 3:45 p.m.

Jennifer Klug, RN, MSN, from St. Joseph's Community Hospital's New Life Center will provide information about obstetricians, family practice doctors, nurse midwives, and pediatricians so you can make informed decisions when

choosing a care provider.

Tours of the New Life Center will be offered as the unit census allows. Refreshments and free prize drawings will be available throughout the day.

employed in Hartjes Dental as a Dental Assistant.

Jason will be graduating from UW-Platteville in May of 2001 in Civil Engineering.

The couple is planning an October 13, 2001 wedding.

Affordable Housing Seminar Offered

West Bend -- Residents of Washington and surrounding communities who are interested in purchasing a home are invited to a Home Buyers Seminar sponsored by the USDA - Rural Development Office.

The program is available in communities of rural areas with populations of 20,000. The seminar is scheduled for Wednesday, March 14, 2001, at 7:00 P.M. located at the Public Agency Center, Room 1113 A/B, 333 East Washington Street, West Bend.

The Guaranteed Rural Housing Program offers home ownership with no money down to qualified applicants. Mortgage limits are based on families repayment ability. Moderate income guidelines apply. Good credit history and stable income are required.

Additional information beneficial to families preparing for home ownership will be presented, such as: the mortgage loan process, working with a real

estate professional, budget and credit counseling and home inspections.

Area residents interested in home ownership are encouraged to attend this seminar, or for more information, contact the Rural Development Office at 262-335-6805.

KES Students, Teachers Learn About the Production of Their Newspaper

Dear Readers:

For the last three weeks the fourth and fifth grade classes at Kewaskum Elementary School have been learning about the production of their local newspaper in a national program called Newspaper in Education. It is a program designed to show students the importance of reading their newspaper.

The fourth grade class toured Port Publications in Port Washington where the Statesman is printed. Students there saw every aspect of putting the newspaper together from computer design to prepress operations and finally the pressroom.

This week, March 5-9 is National Newspaper in Education Week across the United States. For this special occasion the students have designed a section all of their own for the newspaper. This section can be found on pages 8-14.

Special thanks to Barb Rankin and Deb Hubbard for their time and efforts and cooperation helping to get this project done.

If any teachers are interested in having newspapers in their classrooms or participating in this program next year please call me at 626-3312.

Thank You

Nicole Rawley
Statesman NIE
Coordinator

Mrs. Deb Hubbard, fifth grade teacher.

Mrs. Barb Rankin, fourth grade teacher.

Kewaskum Statesman editor Lana Harbeck Kuehl gives advice to three students in Mrs. Rankin's class on how to write a better article for the paper.

Football's XFL

By Clint Jacob
Crawley
Grade 5
Age 10

The U.P.N.'s newest edition the XFL, is an x-treme football league! I've seen it myself. I've seen some fast, good, bad and slow games. Millions of fans go to their stadiums to watch the games. Some go for the action and some go for the cheerleaders!

The first match was the New York-New Jersey Hitmen versus the Las Vegas Outlaws, and what a match it was. Some people think it is just regular football. Although I bet they didn't know about the on-field and locker-room camera-man. Also the players are interviewed. That is the XFL.

Fifth Grade Recess at KES

By Jodi Kerlin
Grade 5
Age 11

At my recess time my friends and I love to play soccer. We pick teams because we don't have the same teams every day. Usually we have an even amount, but sometimes we don't.

My recess is pretty cool actually. That's because the fifth graders have a choice. We can stay inside, you can play gameboys, board games, or go to the workroom and work. If you go out you can play a lot of different things like soccer for example.

In the beginning of the

year the boys started to play soccer by themselves. Then the girls started to play when the boys quit. And now the girls and boys play together.

We has a lot of balls in the beginning of the year, and now we don't have any. The fifth graders have lost all the fifth grade balls.

That's because people have kicked them over the fence. One time a teacher helped us get the ball back over the fence.

So overall the fifth grade recess is pretty cool. Mr. Keith Kriewaldt, my principal, has worked really hard to get parents to help with recess duty. He worked long and now his hard work has paid off. He worked really hard to get parents for the three rooms. For the fifth graders this is the first year he has done this. Mr. Kriewaldt is pretty cool.

Local Cub Scout Pinewood Derby

By Ryan Wunsch
Grade 5
Age 11

The local cub scout pack had their annual pinewood derby race and show in February. There were some very close races and the judges had a hard time deciding on who won.

In the pinewood derby, each cub scout can make a car from a kit their leaders give to them, but it could not weigh more than five ounces. Then on race day, they vote on best of show and then race their cars on a special track that starts downhill and goes straight at the bottom.

There were about 25 cars racing and showing this year. Before the race, the leaders held a special dinner and a meeting in which they explained the rules and gave out some badges.

The races were very exciting. Some cars even fell off the track! I would say the winners of the race and best of show, but I couldn't get that information on time. After the races, some cub scouts played around with their friends and helped pick up the trash and extra food.

Indians Win!

By Dustin Voge
Grade 5
Age 11

The Kewaskum Indians won their game against the Cougars 67-47. This game was Friday, February 13th. Charlie Sparks was the MVP of the game with 18 points and nine rebounds. The Indians coach named Charlie Sparks and Kevin Miller as MVPs for the night. Sparks was the leader in scoring. Charlie Sparks also had three steals that night. The Indians won with an incredible night.

My Last Year at KES

By Candace Kuphal
Grade 5
Age 10

I'm in fifth grade, and this is my last year in grade-school. I'm kind of nervous about switching classes and making sure I have everything I need next year at the middle school. I also am not looking forward to having to be in school by seven-thirty in the morning. My sister is in sixth grade and says it's not that hard, besides waking up in the morning.

I'll be happy to leave the

Kewaskum Elementary School, but I would like to go into the one being built. I'll miss having long recesses because when it gets near the time for recess I always get anxious to go outside instead of being taught. If I could I would pick different aides for duty. I like fourth grade the best because Mr. Stephani was my favorite teacher. That year I had a lot of fun going to Kiwanis and just being in the classroom.

I'm not a very good singer, but I want to be so I took choir for next year and Spanish. I'm looking forward and aiming for good grades next year in middle school.

Me, Myself and I

By Sara
 Beaster
 Grade 5
 Age 11

I'm plain, tall, different,
 and sweet,
 I'm proud, smart, and
 kind from my head to my
 feet.

I'm unique, strange, and
 caring in all different ways,
 I'm worried about me
 and don't care what anyone
 says.

I'm nice, caring, and easy
 to love,
 My sunny personality is
 easy to catch, just look
 above.

I wear glasses, have dark
 eyes, and shiny hair,
 I'm usually awake, but
 not always aware.

I'm honest, caring, femi-
 nine, and true,
 I have a smile that
 shines like gold, and not like
 blue.

My life is full of ups,
 downs, disappointment,

Agreement, friends and
 family, but over all
 I'm just me, myself, and
 I!

 Twinkling like a heart of
 love

Only once in a lifetime
 does one fall down to us
 Some people don't make
 much fuss

If the stars aren't what
 you seek
 You can always take a
 peek

At the man on the moon
 The man on the moon
 always has a smile on his

If you wait too long you

For in a few hours you
 will see the sun's smiling
 face.

Seasons change, friends

God does things in a dif-

So when we stop and see
 all the things is nature,

We see the birds, they're

So let's try to get our act

And clean the Earth for

Cable Splicing Is In My Blood

By Josh Wenninger
Grade 4
Age 10

My dad's name is Robert Wenninger. His responsibility is to splice cables for ITI, a telephone company. He loves his job because he gets to travel all over the state seeing all the amazing sights, in fact this Wednesday he is going to Door County.

My dad has been working at his job for about six months. When he is traveling all over Wisconsin he has to splice and lay phone cables. Sometimes he even works in our new school. My dad likes his job because he is helping people have phone service, something we all need. He has to be careful to follow the directions because if he doesn't and people lose their phone service, he could lose his job.

My dad's favorite subject in school was math. He is very good at that subject which helps him when he is working. My dad said, "It was important to have a good education in order to do his job." He has to know his colors, know how to read directions, a map, and really, really know your math facts.

I chose to interview my dad because I wanted to learn more about this profession. When I grow up I want to become a cable splicer, travel the United States, and maybe even become rich.

The Colors of the Rainbow

A Tantalizing Experience

By Lindsay Schneider
Grade 4
Age 10

My sister Kathryn Schneider works at Tan-Talizer Studio on Main Street in Kewaskum. There she does practically everything including cleaning beds, folding towels, answering the phone, and making appointments. My sister has worked there for eight months.

To do her job she needs to be on time, be nice to people, get everything done before they close, know what kind of lotion people should use, and how long customers should go in the tanning beds so they don't get burnt.

She chose her job because she thought it would be fun. Before she got her job she had to have an interview. Kathryn likes her job because she can meet new people and every day there is someone different to meet.

My sister says the best

part of her job is getting paid. She said the worst part of her job is when Tan-Talizer isn't busy because it gets boring.

Mr. Kriewaldt

By Chris Bednar
Grade 4
Age 9

Mr. Keith Kriewaldt is the principal of Kewaskum Elementary. He has been the principal for about six years. He started as a teacher and has moved up to being principal. He went to school for four years to earn his BA and then went to school to get his Masters in order to become principal. Some day Mr. Kriewaldt wishes to be the superintendent.

Mr. Kriewaldt loves his job. His favorite part of his job is working with the kids. The part he likes least is when he has to have conferences because kids do not follow directions. In his job he hires teachers and teaching assistants. He also helped design the new school.

My Mom Works In Beta

By Jamie Lesch
Grade 4
Age 9

I interviewed my mom. She does programming on a computer. My mom is very good at doing what she does. My mom works in Beta. She has to fix a lot of problems that happen that were not supposed to. My mom loves her job. She moved there not that long ago. She likes Beta a lot and sometimes we get to go with her to work. That's fun because we get to try the computer.

In school my mom's favorite subject was computers. My mom had 13 years of computing and two years of college. Then she went into computing at B.C. Ziegler, but she doesn't work there any more. She likes to make computers do what they are suppose to. My mom likes fixing problems and she like what she records. My mom picked computing because she thought it was fun. Her favorite thing to go into is Microsoft Word.

The First Woman President Will be From Kewaskum

By Kelsey Guth
Grade 4
Age 10

When I was born I lived in Fredonia. Then when I was three, I moved to Kewaskum. I will live there until I graduate from Kewaskum High School. I want to go to Columbia College where I'll get a degree in education.

I want to be the first woman president because there was never a girl president in history. I'll have to

wait until I'm 37 to be president. But I'll wait because I really want to be president. Also I want to be the first woman president. Between the time I graduate from college and I am able to be president I will travel around the U.S.A. and get a lot of people to like me. Then when I run for president everybody that I meet will vote for me.

In order for me to be a good president I will have to go to college. I will go to Columbia for four years. Then I will be 22 and I will go to Washington D.C. While I am in Washington

D.C. I will be the president's secretary so I will get some first hand knowledge of how to be a good president. While I am living there I will vote and be a good citizen.

When I'm 37 I'll take my teacher, Mrs. Rankin, and ask her if she will help me run for president.

Interview With Mr. Schultz

Age 10

Mr. Leon Schultz and his wife own a ranch that was originally his father-in-laws. He took over the ranch when his father-in-law retired. He has owned the horse ranch for sixteen years. He likes owning the ranch very much.

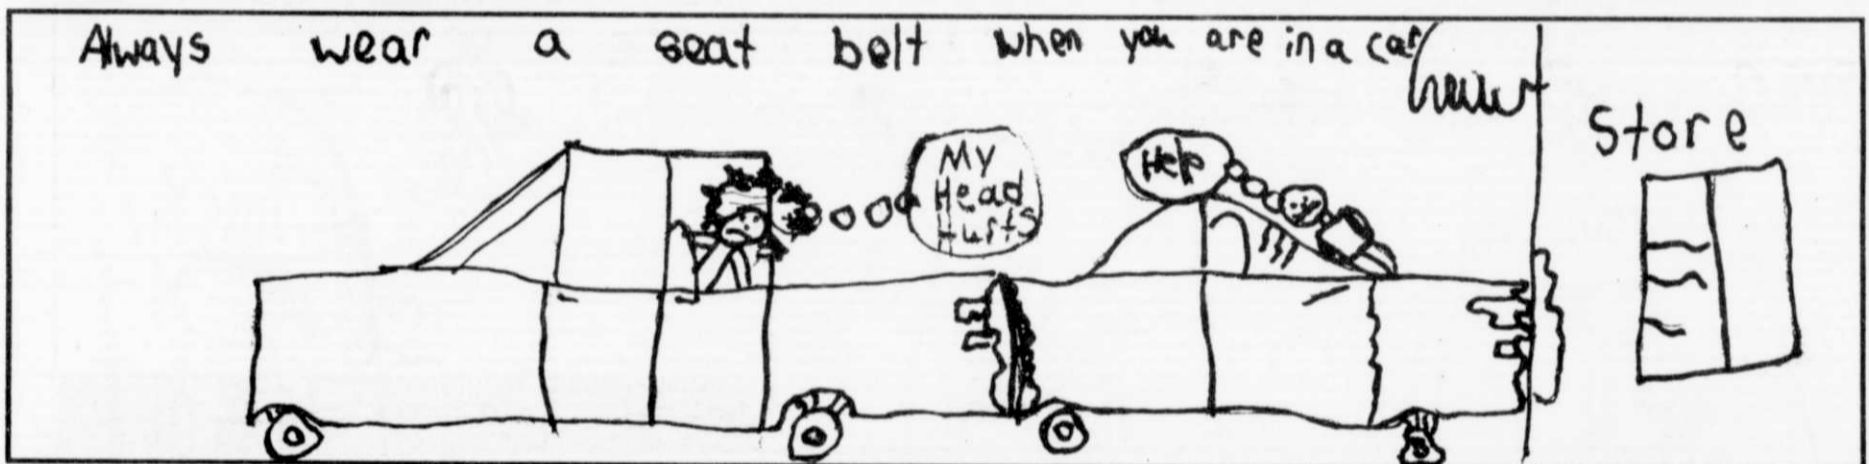

Mr. Schultz had a lot to learn about owning a ranch. He worked with his father-in-law for five years before he took it over. In this time

he learned how to take care of the horses. He also learned many things on his own.

People are able to go to the ranch and ride the horses. The ranch is open from April, or when the snow melts, until the week before deer hunting in November. The ranch is located about six miles northeast of Kewaskum near Mauthe Lake.

Mr. Schultz originally went to school to be a diesel mechanic, but when he had the opportunity to take over the ranch, he took it. His work on the ranch requires the use of math an english. Since he interacts with many people, he also has to use good communication skills.

What Makes Kewaskum Elementary Special

By Duke Harris
Grade 4
Age 10

Kewaskum Elementary School is a very special place to be. This school has the best teachers in the world. Our teachers do many things for us. If we have problems with our homework, they will help us. Our teachers always tell us when we do something right. It makes the students here feel very happy because we have somebody

to notice.

Our teachers are also friends. Many times our teachers will participate in sports with us during recess or gym. Sometimes we even watch movies together, eat Mc Donalds, and play video games! Our teachers make us feel very happy and secure.

Kewaskum Elementary School is special to the students because this is a place where their dreams can come true. Students set goals for themselves, and the teachers help us to reach them. When we reach the goals we feel very happy

because we have done something good for ourselves. We did it, with the help of our parents, friends and teachers.

I don't ever want to leave Kewaskum Elementary. I have made many friends here and I learned that I can achieve goals. This is why Kewaskum Elementary is such a special place to be.

Dr. Charles Ogi likes his job as a veterinarian. He works at the clinic in Kewaskum. Dr. Ogi has been a veterinarian for 48 years. He told me that the best thing about his job is taking care of animals. He likes the fact that every animal has different needs when he sees them.

Dr. Ogi knew at a very early age that he wanted to be a vet. He also knew that

he would have to go to school. Dr. Ogi grew up on a farm and loved working with animals.

The kind of education that Dr. Ogi needed for his job was eight years of schooling. He went to college at Ohio State. Dr. Ogi's schooling taught him how to take care of cows, horses dogs, goats, sheep, cats and wolves.

When he first worked as a vet he did a lot of traveling to farm, to help animals. He worked with large animals. Now he works at the clinic helping the animals that people bring to him. Dr. Ogi says that there is always someone on call in case an animal gets hurt when the office is closed.

Village Board Meeting Minutes

Village of Kewaskum
Plan Commission
January 23, 2001
7:00 p.m.

The Plan Commission of the Village of Kewaskum, Washington County, Wisconsin met in the Council Room of the Municipal Building, 204 First Street.

The meeting was opened with a Moment of Silence and pledge of Allegiance.

Chairman John Kenworthy called the meeting to order. Members present were Leeann Butschlick, Andy Pesch, Richard Schmidt, Andrew Kuehl and Frank Beesten. Theodore Meilahn asked to excused and was absent. A quorum was present. Trustee Robert Stoltzmann was also in attendance along with Robert Wagner, Norman Gruber and Attorney Steven Bauer. Mr. Rick Kania from SEWRPC was in attendance to discuss the proposed Zoning Ordinance.

On a motion by Andy Pesch, seconded by Leeann Butschlick and unanimously carried by voice vote the Plan Commission approved the minutes as printed for November 28, 2001.

Administrator Daniel S. Schmidt reviewed the Petition for Annexation as submitted by O & R Development Enterprise and as sent to the Plan Commission by the Village Board. It was noted no specific zoning was requested and the existing town zoning is Single Family, and Agriculture with conservancy, flood plain and wetland. The Land Use Plan was reviewed to see if the proposed annexation is in conformance with the plan. Attorney Stephen Bauer explained a couple of items to the Commission.

On a motion by Andy Pesch, seconded by Andrew Kuehl and unanimously carried by voice vote, the Plan Commission sent a temporary zoning of R-2 Single Family Residence District and AG Agricultural District, noting areas of Flood plain, Conservancy, and Wetlands, as well as noting the proposed annexation is in conformance with the Villages Land Use Plan. It was then noted the Annexation Ordinance will be heard before the Board on February 19, 2001.

Chairman John Kenworthy asked Administrator Daniel Schmidt to review with the Board the status of what has occurred with the Ordinance No. 2000-03 (regarding the topic of parking and storage of recreational vehicles and equipment). It was noted that the topic was brought to the Plan

Commission November 28, 2000.

The Plan Commission revisited the topic because of some failures in the ordinance to correct the complaint. Suggestions as to how to improve/amend said ordinance took place as follows: 1) Leave as adopted. 2) Entirely ban front yard parking or storage. 3) Place a maximum length on vehicle/equipment. 4) Place maximum height limit on vehicle/equipment. 5) Change set back side yard requirement. (Define front yard measuring point.)

A lengthy discussion took place regarding height limitations. A study of what typical heights of a variety of recreational vehicles was reviewed. On a motion by Leeann Butschlick, seconded by Andy Pesch and failing for lack of a majority by roll call vote, the Commission was not able to send a recommendation to the Board to place a height limitation of 8 feet on vehicles parked in the front of residence. Roll call vote was 3 "Aye" Leeann Butschlick, Andy Pesch and Chairman Kenworthy, 3 "Nay" Andrew Kuehl, Richard Schmidt and Frank Beesten, 1 "Absent". Discussion continued trying to reach a compromise such as a 9 limitation. After a considerable amount of time on a motion by Andy Pesch, seconded by Frank Beesten and unanimously carried by voice vote, the Commission tabled the matter to be brought back for further discussion at the February meeting of the Plan Commission rather than to let the matter die. Robert Wagner told the Commission of his dissatisfaction with them and told them to throw the ordinance and whole matter away.

Mr. Rick Kania was present from SEWRPC to review a variety of points from previously discussed sections of the proposed Zoning Ordinance; the finishing touches in reference to energy conversion uses, shoreland/wetland and started to discuss signage. Several questions were asked by the Commission Members of Mr. Kania. Mr. Kania noted that if anyone has a question they should bring it up as soon as possible.

Leeann Butschlick asked to be excused at 9:00 p.m.

On a motion by Richard Schmidt, seconded by Andrew Kuehl and carried by the majority roll call vote, the Commission adjourned the meeting. Roll call vote was 5 "Aye" 0 "Nay" 2 "Absent".

March Programs At Lac Lawrann

Cross-country ski trails at Lac Lawrann Conservancy will be groomed though mid-March. Skiers and snow-shoers are invited to enjoy the trails until the snow melts, and hikes are welcome anytime.

One of America's favorite birds, the bluebird, has benefited from bluebird nest box programs. A Bluebird Workshop will be presented on Saturday, March 10 from 9 to 11 a.m. at the Conservancy Niche on the ground floor of West Bend city Hall.

Mary Hollebeck and Sherry Ullius, representatives of the Bluebird Restoration Association of Wisconsin, will talk about attracting bluebirds and other cavity-nesting birds. They will also demonstrate some of the different kinds of houses available and give some tips on taking care of nest boxes.

Participants may pre-register by calling the Parks Department at 335-5080.

Lac Lawrann Conservancy is located at 300 Schmidt Road, near the Electric Company substation, and is open to the public on weekends between 9 a.m. and 4 p.m. The Conservancy is administered by the West Bend Department of Parks, Recreation and Forestry.

Resolution No. 2001-04

A RESOLUTION IN OPPOSITION TO PREEMPTION OF LOCAL RESIDENCY REQUIREMENT

WHEREAS, the Village has learned that legislation preempting local governments from imposing residency requirements on most municipal employees will once again be introduced this session; and

WHEREAS, such legislation interferes with the ability of local officials to ensure the timely and cost efficient delivery of services; and

WHEREAS, local governments should be able to make its own decisions related to conditions of employment, including residency, either via the collective bargaining process or through local legislative policy initiatives; and

WHEREAS, some municipalities have bargained wage and benefit increases in exchange for residency requirements and if the Legislature prohibits residency requirements, employees will see the residency requirement removed while still retaining their wage and benefit increases; and

WHEREAS, municipal residency requirements have been enacted in some communities directly by the electors in a referendum and the Wisconsin Legislature should not override the wishes of local electors; and

WHEREAS, approximately 192 Wisconsin municipalities have enacted some type of residency requirement according to a 1997 survey of the League of Wisconsin Municipality members.

NOW, THEREFORE BE IT RESOLVED, that the Village of Board of the Village of Kewaskum, Washington County, Wisconsin opposes introduction and passage of legislation preempting local residency requirements.

BE IT FURTHER RESOLVED, that a copy of this resolution be sent to each member of the legislative delegation.

PASSED, ADOPTED AND APPROVED this 19th day of February, 2001 by the Kewaskum Village Board.

Library Ledger

By Steev Baker

Things happen and you don't forget. Small things. Strange things. You see someone walking, far ahead of you, but you can't tell whether he is coming towards you or going away from you. And it seems like he is just walking in place, keeping time with your own footsteps. So you try varying your speed, you try stopping, you finally look down at your feet, watch them avoiding sidewalk cracks, watch them kicking smooth stones. You look up and the person is gone. Into thin air, they say. But then you start to wonder if you ever saw anything at all. Or if this was a phantom-real or imagined hardly matters at this point-and you end your walk in a run, flying up the front steps and into the screened-in porch where you lock the door behind you and fall down, gasping for air and laughing at yourself.

It's these small, strange things that leave an impact on a person's life. We remember them, for some reason, far into the future. They stay with us.

I had a dream once of a warehouse-size library where bookshelves kissed the rafters. I found myself running from a ghost, dashing into the library, scrambling up a shelf like a ladder to safety. Of course it was no use. I no sooner had reached the top of the shelf than I found myself back at the bottom, staring out the door as a pale and shimmering boy floated towards me, open-mouthed, wide-eyed. I remember that I woke up screaming. Lights came on. My parents rushed into the room, but I saw only the ghost. I was awake, but just barely. Even when my Dad

gripped me by the shoulders, I thought it was the ghost finally reaching me with icy fingers. . .

You get the picture. This is the stuff of real history, of the actual history of the human experience. Wars are fought over smaller things. Novels are written on less. That's the subversive thing about literature, about art in general. It takes the smallest part of our existence and places it under the microscope. It magnifies the mundane until we can see the beauty in it. Have you ever looked down through the eyepiece? Skin is a landscape! Cells are palaces!

I walk into the library and I am amazed it is still standing. It's not burned to the ground. You know what's here. You've been in its silent stacks, seen its quiet volumes. Each one is the work of a unique mind from a specific place in time, but they've transcended time, place, gender, age. Each book is a fingerprint. These books are alive. The written word is a living and breathing thing that fills the lungs with fresh air, renews the veins with blood. The word is alive, but it's also dangerous. Every kind of heresy is here! Every limb of truth's scattered frame is catalogued and tucked on our shelves.

Obviously the library is not the only place where these things live. If each book is a fingerprint, then we each have our own, written or not. For those of you who want to record your stories, the opportunity is now.

In the next few weeks, information will become available for the Kewaskum Story Project. In the mean-

time, you can begin by dusting off your typewriters, clearing your desks, or brushing up on your typing skills. Keep watching this column for more information.

Tax Forms Available

Tax forms for 2000 are now available at the library and can be picked up during normal library hours.

Campus Notes

The following students from Kewaskum have been named to the Dean's List at the University of Wisconsin-Milwaukee for the fall 2000 semester.

UWM is the second largest university in the State of Wisconsin, with 23,000 undergraduate and graduate students.

Kewaskum students included Mary Lynn Lehmann, Bachelor of Science; Heather Marie Gruhle, Bachelor of Business Administration, Accounting, School of Business Administration; Sara Marie Dreher, Bachelor of Business Administration, School of Business Administration; Nicole Jean Averill, Bachelor of Arts, College of Letters and Science.

Raisins were once very expensive and were eaten only by the rich.

Police Reports

On February 16, officers reported to the Department to meet with the complainant.

The complainant advised that sometime between the hours he was in school, someone had removed the passenger side mirror and an antenna.

The mirror was later found in the back of an officers truck that was parked at the high school.

On February 23, the Kewaskum High School Liaison Officer was walking through the hallway when he noticed an odor of burning paper.

A student told the officer that he observed four other students lighting some paper on fire.

The remains of a piece of paper were found in a student's locker. One student was given a citation and suspended.

On February 25, Kewaskum

police were dispatched to a Courtney Lane residence in reference to a theft from a storage compartment.

The complainant took the officer to the storage unit where the officer noticed that the screen had been torn off.

There were various tools and two lamps that had been taken.

The individuals have not yet been found. If anyone has information contact the Kewaskum Police Department at 626-2323 or the Washington County Chief's Tip Line at 1-800-232-0594. All calls are confidential.

Police reports are compiled weekly by Statesman staff member Nicole Rawley with the help of the Kewaskum Police Department.

Nothing is as frustrating as arguing with people that know what they're talking about.

YMCA Women's Renewal Weekend

Why not reinvent yourself through a variety of activities to reach that soulful place within.

Invite yourself to expand your horizons through adventure based activities, spiritual sharing or simply enjoy the solitude and quiet beauty of a natural setting. YMCA Camp Matawa, in collaboration with the Kettle Moraine YMCA, and The Fired Up Project, is hosting Women's Renewal Weekend, a Circle of Sharing.

This weekend is facilitated by women, for women. The women facilitators come to share their wisdom from a variety of professional backgrounds.

You will have many opportunities to experience new ideas and personal growth, or just take time to sit back, relax, and rejuvenate. There will be active programs like mountain biking, climbing and hiking, or serene activities like yoga, meditation and massages.

Nestled in the Northern Kettle Moraine State Forest, YMCA Camp Matawa offers delicious food, tranquil surroundings, comfortable accommodations and time to reflect, renew and re-energize.

The Circle of Sharing, Women's Renewal Weekend, will take place Friday evening, March 30, to Sunday afternoon, April 1, 2001. For additional information or to register, call YMCA Camp Matawa at 262-626-2149.

Fund Raising Trail Ride Through Kettle Moraine

The Seventh Annual Fund-Raising Trail Ride through the scenic Kettle Moraine State Forest North Unit will be held Saturday, May 19, with registration beginning at 9:30 a.m.

The fun begins and ends at YMCA Camp Matawa, N885 Youth Camp Road, Campbellsport and is sponsored by the Washington County Division of the American Heart Association.

All riders with \$50 in donations will receive a T-shirt and refreshments. Lunch may be purchased at the YMCA.

Participants are awarded prizes based on donations collected. The rider with the highest total donations will receive the Grand Prize, an American General Purpose Riding Saddle.

All horses must have a current negative Coggins test.

A State Park sticker and trail pass may be purchased beforehand or at the event.

You may pick up a registration form after March 15 at your local tack shop, grain mill or stable. For more information, call Carol Hill at the American Heart Association at 414-227-1456 or 800-242-9236.

XYZ CARD RESULTS

The winners at cards played at the Municipal Building on Wednesday, Feb. 28th were: SKAT: Harold Eggert, 16-1--15 net.

Mike Paul Will Be County Historical Society Speaker

The Washington County Historical Society is inviting its members and anyone interested in antiques to its bi-monthly meeting on Tuesday, March 20, at 7 p.m.

The meeting is billed as Show and Tell With Mike Paul will be held at the Museum's Old Circuit Courtroom, 320 S. Fifth Avenue, West Bend.

Members and friends may bring one artifact or antique to the meeting. Mike Paul, of Kewaskum, well-known auctioneer, will answer questions and give approximate values. This is a great opportunity to be captured by the past.

Refreshments will be served. For more information call 262-335-4678.

Farmington Historical Society Membership Meeting March 10

The annual membership meeting of the Farmington Historical Society will be held on Saturday, March 10, from 1 to 3 p.m. at the Farmington Town Hall, 9422 Highway 144 North.

A brief business meeting with election of board officers and a program of Show and Tell will follow. Those attending are asked to bring something known or unknown, old or new, family heirloom or found item to share. Refreshments will also be served.

Paswaters Fundraiser

On Saturday, March 10, the Paswaters Fundraiser will take place at The Golf Club at Camelot, W192 Highway 67, (one mile east of Highway 41 on Highway 67) in Lomira.

Music will be provided by country based Mozarts Cadillac. Admission is \$5 at the door with all monies raised through admission and raffles going to the Paswaters Girls Education Fund set up since the tragic murder of their mother, Kim.

Doors will open at 6 p.m. with music starting at 8 p.m. For more information or to make donations call The Golf Club at Camelot at 920-269-4949. Come early to get the best seats. Raffle tickets will be available for a variety of different raffles the night of the event with all drawings taking place that evening.

WASHINGTON COUNTY NUTRITION PROGRAM For the Elderly Menu Meadowcreek Complex

Monday, March 12 -- Boneless chicken breast and linguini with marinara sauce, California blend vegetables, tomato veggie salad with Italian dressing, Italian bread, butterscotch chip cookie.

Tuesday, March 13 -- Ring bologna, parsley boiled potatoes, sliced beets, light rye bread, chilled fruit cocktail.

Thursday, March 15 -- Pork cutlet with gravy, seasoned whipped potatoes, sweet & sour cooked red cabbage, marble rye bread, apple pie w/ice cream cup.

AAL Branch #26 Pancake Breakfast

AAL Branch #26 will be hosting Fellowship Hour with a Pancake Breakfast on Sunday, March 18, from 8:45 to 10:30 a.m. in Hoenecke Hall at St. Lucas School in Kewaskum.

Serving will be continuous. The following will be on the menu: pancakes, ham, applesauce, cottage cheese, cinnamon rolls, juice, coffee, milk. A free will offering will be collected and AAL will match. Funds raised will be used to repair tombstones which are tipped over or tilting in the Lutheran Cemetery along Highway 28.

You are welcome to attend the Pancake Breakfast with your family and enjoy some fellowship and nourishment. Donations will also be accepted if you cannot attend, but wish to contribute to the cemetery fund.

SEEDS FROM THE SOWER
Michael A. Guido
Metter, Georgia

"Here's my new motor," bragged an inventor, as he displayed it on a piece of black velvet in his living room. "What do you think of it?"

"Put it to work," answered an engineer. "I can't tell a thing until I see it in action."

You say that you're a Christian, but do you show it? You've been baptized as a Christian in the church, but do you behave as a Christian outside of the church?

It's not your profession of Christianity where you worship that proves you're a Christian, it's your practice of Christianity where you work.

After following a new convert for a week, a private detective said, "I've seen him in action. He's real."

Are you?

NOVENA TO ST. JUDE

O Holy St. Jude, Apostle and Martyr, great in virtue and rich in miracles, near kinsman of Jesus Christ, faithful intercessor of all who involve your special patronage in time of need. To you I have recourse from the depth of my heart and humbly beg of whom God has given such great power to come to my assistance.

Help me in my present urgent petition, in return, I promise to make your name known and cause you to be invoked. Say three Our Fathers, three Hail Marys and three Glorias. St. Jude pray for us, and all who invoke your aid. Amen.

This Novena must be said for 9 consecutive days, and publication must be promised.

L.M.

IN MEMORY

In loving memory of RICHARD HALFMANN, who passed away fifteen years ago, March 7, 1986:

Our hearts filled with grief and tears filled our eyes. The memory of your smile and the echo of your laughter.

No sunrise or sunset goes by without a thought of you. And your quiet presence will remain close inside us forever.

Missing and remembering you, wife Joyce and family.

The meeting for the Farmington Swampbusters was held on February 8. There were no demonstrations. Many people gave reports on events such as our annual sledding party, Tri County Youth Conference, and the Cloverbud Workshop. Thank you to the people who shared.

Also, the Farmington Swampbusters Club would like to thank Renee from the Extension Office for talking at our last meeting. She taught us the different groups of the food pyramid and eating right. We then played a game of food pyramid bingo. She made our meeting very interesting. Members, please remember to look in the Cloverline for up coming events.

NOTICE TO ALL WASHINGTON COUNTY DOG OWNERS

Pursuant to Section 174.052, Wisconsin Statutes, notice is hereby given to all owners of dogs in Washington County that dog licenses and rabies vaccinations are required.

Vaccination by a licensed veterinarian against rabies is required of all dogs (Section 95.21(2)) within 30 days after the dog reaches 4 months of age and revaccinated within one year after the initial vaccination. The owner of a dog shall have the dog revaccinated against rabies by a veterinarian when the certificate expires or within three (3) years of previous vaccination. The certificate of rabies vaccination must be presented to the collecting official before a dog license may be issued.

All dogs five (5) months of age or older require a license. The minimum license fee for neutered males or spayed females is \$3.00, upon presentation of evidence attesting to the same, and \$8.00 for the unneutered male or unspayed female dog or one-half of these amounts if the dog became five (5) months of age after July 1 of the license year. The governing body of any town, village or city may raise the minimum dog license tax. Any person who keeps or operates a kennel may apply for a kennel license. The fee is \$35.00 for twelve (12) dogs or less and an additional \$3.00 for each dog in excess of twelve (12).

Dog licenses can be obtained from your local town, village or city treasurer or designee during the course of any given year. Dog owners should notify their treasurer if their dog is given away or has died, so that you will not be considered delinquent. An affidavit of death is available.

PENALTY
Every owner of a dog 5 months of age or older who fails to obtain a license by April 1 will be assessed a late fee of \$5.00.

Marilyn H. Merten, Washington County Clerk

Goeden Displays Memorabilia

Part of Willie Goeden's display includes a special die-cast model of the 1983-84 Firebird #97 owned by Willie, and a large picture of Alan Kulwicki driving the car at Berlin Speedway in Michigan in 1984. The smaller picture is of Willie next to the car at the Michigan International Speedway where Alan finished fourth in the 400 lap, ASA event.

A tribute to the late Dale Earnhardt wouldn't be complete without Willie Goeden showing off his latest memorabilia of #3. Just the Wednesday before the Daytona Race that took Earnhardt's life, Willie received the clock with the black #3 car on the face of it.

On the hour the little car at the top goes around twice. The announcer says "And there they go!" on the first go-round as the car comes back up to the top, the announcer says..." And the winner is-Dale Earnhardt!" Willie has other items with the #3 logo on it, but this one is by far, a conversation piece.

At a church auction last fall, Willie's grandson Logan just had to bid on an Earnhardt model for Pa Pa. Of course, that is his most sentimental item of his collection.

He is planning a trip to Atlanta this weekend to watch the Atlanta 500. He and his wife Jeanne have been attending the spring

race at Atlanta for 36 years. In May they will take a trip to Charlotte, NC to watch the Winston Open. Last year, they had parked their car and walked over the bridge that collapsed after the races. They will visit with Mr. and Mrs. Kulwicki and Paul Andrews, who is Steve Parks #1 crew chief. (Parents of Alan Kulwicki). (Paul was the crew chief for Alan throughout his all-too-short NASCAR career). On April 1, 1993 we lost the one star from Wisconsin that made the NASCAR races worth watching.

Alan drove the #97 late model owned by Willie Goeden in 1983 and 1984 in the American Speed Association (ASA). He finished 10th in the points standing in 1984 when he teamed up with the Goeden crew and competed for a full year.

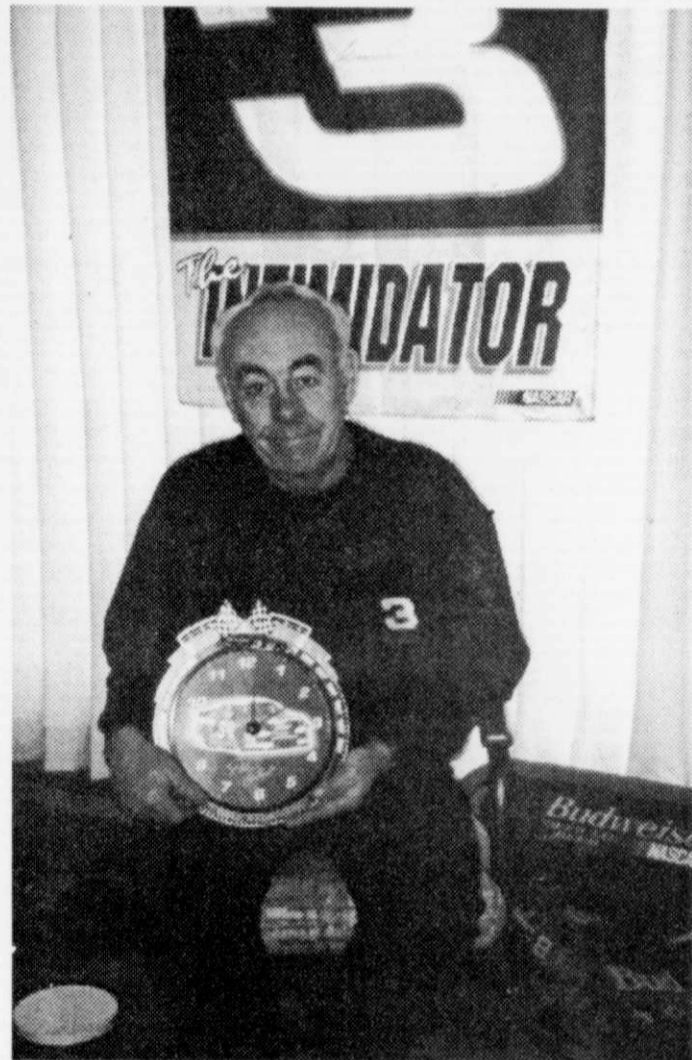

Members of that crew were: Bobby Backhaus, Dave and Don Goeden of Kewaskum and Jerry Zingsheim of West Bend. It

was a very memorable year! The ASA division is a stepping stone for drivers who want to try for Busch Series or the Craftsman Truck Series.

Matt Kenseth took that route and this year Scott Wimmer is trying to make the grade. In the NASCAR series this year, the state of Wisconsin is second and North Carolina is first, in the representation of drivers.

Last fall, a 1:24 scale die-cast model was made of the 1983-84 Firebird #97, owned by Willie and driven by Alan. It was put into circulation by the Action Racing collectibles, Inc. of North Carolina and is sold nationwide.

Part of Willie's display has a large picture of Alan driving the car at Berlin Speedway, Michigan in 1984. The smaller picture is of Willie next to the car at the Michigan International Speedway where Alan finished fourth in the 400 lap, ASA event.

Willie Goeden of St. Michaels poses with his latest Dale Earnhardt memorabilia acquisition. It is a clock and on the hour a little car at the top goes around twice. On the first round, an announcer says, "And there they go!" When the car gets back up to the top, the announcer states, "And the winner is Dale Earnhardt!"

25 Years Ago

February 27, 1976

The Kewaskum Kiwanis Club recently honored L.N. Peterson for 30 years of service to the Boy and Girl Scouts of Kewaskum. Scout leaders from Antigo, Fond du Lac, Neenah, and Kewaskum were present. Peterson was awarded a memento for his years of service to scouting. Scouters present at the meeting were Bob Sparks, Roger Olmstead, Ken Britt, Mike Gnacinski, Jeanette Gnacinski, Mike Pettit, Mary Larson, Bonnie Kasseckert, Sherry Draves, Audrey McKenna, Beverly Kaper, Marilyn Haug, Clayton Stautz, Curt Erdman, Lloyd Hron, Pete Albers, Bill Geidel, Ken Leitheiser, Ted Miller, Wayne Rimmel, Mike Pfeiffer, Tom Koerble, and L.N. Peterson.

A new technique in teaching, "Youth Tutoring Youth," was introduced into Kewaskum schools this year. According to Michael Theiler, guidance counselor at Kewaskum High School, who had previously originated the program at Marshfield, students from the high school go over to the elementary school and give help to the students who need help. The two subjects most frequently taught are reading and

math.

The following students of Kewaskum High School have applied for and been approved for early graduation, with the stipulation that they have met all credit requirements for graduation: Annette Anders, Dan Braun, Connie Brugman, Sue Czerwonka, Cheryl Dryfka, Steve Ebert, Nancy Faber, Janet Fechter, Ken Hausner, Jeanine Heinecke, Candi Heise, Dwight Helsell, John Huberty, Randy Justman, Sandy Justman, Ken Kaehne, Cindy Klein, Sandy Kneprath, John Krell, John Marino, Carl Marquardt, Rosemary Mueller, Duane Nickel, Bill O'Reilly, Tom Ruplinger, Nancy Ostrander, Jim Schaeffer, Jim Schilter, Joyce Schladweiler, John Schmidt, Sheila Sonnenberg, Patti Voigt, Jack Westerman, Don Wiesner, Terry Volm, Germaine Zimdars. This is the fifth year Kewaskum High has conducted an early graduation policy.

The Kewaskum girls basketball team advanced to the WIAA Sectional at Edgerton this weekend by winning the Regional title at Slinger last week in two very close games, one in double overtime. They are one of only 16 remaining teams in Class B in the state and will be making a strong bid to get to their first WIAA state tournament. Kewaskum faces Campbellsport in their first

Sectional game on February 27.

A daughter was born to Daniel and Joan Stoffel, Kewaskum, February 22. A daughter was also born to Thomas and Cheryl McElhatton, Kewaskum, on February 23.

A son was born to Dale and Patsy Vetter, Route 1, Random Lake, on February 15. Paternal grandparents are Mr. and Mrs. Leland Vetter, Route 1, Kewaskum, and maternal grandparents are Mr. and Mrs. Louis Ebert of Kewaskum.

The first undersea federal park was the Key Largo Coral Reef Preserve. It was established in March of 1960.

State Senate Passes Right To Hunt and Fish Resolution

The State Senate has approved Senate Joint Resolution 2, guaranteeing "the right to hunt, fish, trap and take game" in the Wisconsin State Constitution sponsored by State Senator Jim Baumgart (D-Sheboygan).

Baumgart praised the quick, decisive action by the Senate to approve this resolution by a unanimous 31 to 0 vote. It must be passed in two consecutive legislative sessions and then be placed on a statewide public referendum for approval. SJR 2 will now go before the Assembly for action this session.

"This resolution protects future generations by assuring that they will have

these rights identified in our state constitution," he said.

Baumgart noted that the resolution was presented on behalf of the Sheboygan County Conservation Association and endorsed by conservationists from across the state. This support was demonstrated by the collection of thousands of signatures on petitions obtained by backers of the initiative in Wisconsin.

"Many outdoors enthusiasts have made their voices heard and their wishes known to their elected officials and the State Senate has listened. I encourage our colleagues in the State Assembly to listen as well," Baumgart concluded.

It is our policy to have all items advertised in this circular in stock during the sale period. However, because this circular is printed approximately 90 days prior to the sale date, there could be an unforeseen delay, or in some cases, non-shipment of an item. We regret any inconvenience this may cause. If an advertised item is unavailable during the sale period, we will, to the best of our ability, offer a substitute item of comparable value with and equal savings over the regular price. We reserve the right to limit the quantity on some items. Special prices are in effect only during the sale period while quantities last.
