## Fireworks in Riverhill Park July 3

It doesn't seem at all possible, but the first half of the summer of 2001 is quickly drawing to a close. Disheartening, yes, but on the other hand, at least we have the kickoff to the second half of summer right at our doorsteps.

That kickoff for the biggest summer holiday begins right here in Kewaskum on July 3 with the explosion of the annual Independence Day fireworks in Riverhill Park. This village tradition continues with what many say are the best fireworks in Washington County and beyond.

Kewaskum's version of "The Big Bang" begins to disrupt the anticipation as the evening skies of summer slowly darken.

The Kewaskum Fire

Department will once again be setting off the fireworks and special ground displays from the west side of the Milwaukee River at dark, but don't wait until then to reserve your favorite spot along the east shore of the river, or you will certainly be disappointed.

Hundreds of fireworks connoisseurs come early in pursuit of their favorite spot up and down the big hill which has always been the perfect natural arena for viewing the illuminating aerial show.

The Kewaskum Fire Department and Kewaskum Kiwanis Club will be serving their mouth-watering burgers, brats, fries, beer and soda, along with other specialties, just over the hill in the immediate park

concession area. The refreshments stands will open at 5 p.m.

Come early to scope out the best view of the holiday sky show. Relax and join your friends and neighbors for food and refreshments as you wait in eager anticipation for the thunderous aerial bursts and booms. While you're waiting, be sure to take in the special performance of the West Bend Dance/Tumbling Troupe who are putting on their show at 8 p.m. at the foot of the hill.

And after the breathtaking fireworks show plan on avoiding the traffic jam by meeting your friends back in the beer garden to continue the holiday celebration. There will be a continuation of refreshments as live music will be provided from 8:30 to 12:30 by "Illusion" with NO COVER

# 'N Sync Mania Hits Kewaskum *Campus Notes*

Shown left to right are Kate Ginocchio, Kelsey Goetsch, Amanda Schneider, Lauren Hughes and Chelsea Chmielewski. The girls took part in the Milwaukee radio station KISS FM's "Front Lawn for Front Row" Promotion that ran June 11th - June 26th. The rules of the contest stated that the creations had to notably display both KISS FM and NSync. The creations could be made out of any material, cloth, wood or glass. To enter, the contestant had to take a picture of the display and send it to KISS FM. According to the radio station's website, displays were judged on the use of KISS FM, NSync and overall creativity. All of the above pictures and posters were cut from magazines and taped together to form the collage. The winner was awarded a pair of front row tickets to the NSync concert this past Tuesday at Miller Park. The winners of the contest were Meghan and Diedre Kirkpatrick of Oconomowoc. Runners-up were awarded passes to the sound check before the concert. According to Colleen Pedersen of KISS FM, 200 NSync fans took part in the contest.

### CHARGE.

Once again it is asked that you please refrain from bringing carry-ins into the park. Show your support for the fire department by purchasing food and drink on-site. This group of men and women volunteer their time and talents to set up and ignite the show we all take for granted. The least we can do to support these efforts is to patronize their concession stands. Besides why go through all the hassle of lugging bags and coolers around when tasty food and cool drinks are so convenient?

Contributions for this year's fireworks seem to have been considerably less than previous years, but the fire department has assured us that the show will be better than ever. Names of those who contributed to the fireworks will be published soon. If you neglected to send in your donation, please make a point to send in something now... there's always next year to look forward to. Donations may be sent to the Village of Kewaskum Fireworks Fund, P.O. Box 38, Kewaskum, WI 53040.

And don't forget... a little cheering and shouts for more, more, more, always seem to bring on an extra surprise of finale boxes. A little applause goes a long way!

Just in case, but let's not even think about it, a rain date has been scheduled for Wednesday, July 4.

## Campbellsport Blood Drive Set for July 2

The Campbellsport Area Blood Drive will be held Monday, July 2, from 11:30 a.m. until 5:30 p.m. at the Campbellsport Community Center.

The Blood Drive is being again sponsored by the Bishop Salvatore Schlaefter Council #11301 Knights of Columbus with Carl Plaum (920-533-5473) serving as coordinator.

You must be at least 17 years of age, weigh at least 110 pounds and be in good health to donate blood. Every unit of blood can be separated into several components, helping save the lives of three or more patients.

In a perfect world, the American Red Cross wouldn't have to ask people to give blood again and again. But just five percent of the population donates blood, and the demand is growing faster than the available supply.

If you've never donated before, please give blood now. If you have given blood, please donate again. By donating whenever you're eligible, imagine how many lives you'll help save over the course of your lifetime. That's a feeling beyond compare!

Please give blood at the Red Cross blood drive on Monday, July 2 from 11:30 a.m. to 5:30 p.m. at the Campbellsport Community Center.

It is again suggested to retirees and senior citizens the hours between 1 through 3 p.m. are an excellent time to avoid long waits, as the early times are filled by persons trying to get their donations in during their lunch hour. Other workers give from 3:45 to 5:30 to give their donation.

All blood types are needed constantly, but there is a special need for O negative, O positive and B negative blood.

### ABC SKAT RESULTS

The winner at skat played at the Town Scott Hall on Tuesday, June 19th was: Francis Gilboy, 13-1-12 net.

Students will be faced with Problem-Based Learning, an educational method familiar to most students in medical school, where they are presented with a set of patient symptoms and must come to a diagnosis and prognosis for the symptoms.

"The National Youth Leadership Forum provides an invaluable perspective for students who participate in our medical forum," said Donna Weldin, executive director of NYLF. "The relationships we forge with health care facilities throughout the country provide these young people with an eye-opening experience, introducing them to the broad spectrum of medical careers."

## 25 Years Ago

April 9, 1976

More than 5,000 people, many of them from Kewaskum, crowded into the West Bend High School's field house Friday night to see and hear the President of the United States, Gerald Ford, who spoke in West Bend, while on a weekend swing through the state. President Ford spent the night at the West Bend Holiday Inn where he met with campaign workers and community leaders at a closed reception. It was the first presidential appearance in West Bend since Franklin D. Roosevelt came in the 1930's. Early Saturday morning President Ford visited Senland Farms at Route 1, Campbellsport, where he walked through a dairy farm, learned of dairy farm problems and ate a hearty dairy farm breakfast. The Peter Senn family greeted Ford at 7:35 a.m. as he brought his presidential campaign to Fond du Lac County. The presidential campaign then left for Fond du Lac where a parade and reception was held.

The voter turnout in Tuesday's spring election

was the second largest in the history of the Village of Kewaskum. An unexpected 742 votes were cast, only 33 less than the record in 1972 of 775. An upset was recorded in the race for village trustee when incumbent Elmer Yoost was defeated. Yoost finished last in the balloting as he failed to gain a fifth two-year term on the board. The other incumbents, Raynor Herriges and Gregor Nigh, won re-election. Newcomer Robert Danielsen finished second in the balloting also outpolling Nigh. Herriges received the most votes, 560, with Danielsen getting 519, Nigh 513, and Yoost 413. Herriges will be serving his fifth term, Nigh his

fourth and Danielsen his first. In the race for the Kewaskum School Board, both incumbents won new three-year terms. Byron Gessner of the Town of Scott finished first with 1,466 votes to 1,457 for Gerald Secor of the Town of Farmington and 1,066 for the first time candidate, Richard LaFleur of the Village of Kewaskum. Secor will be starting his third term on the board, while Gessner has served one term on the board.

Three Kewaskum High School students have qualified for this year's state forensics meet. The trio, Renee Sleger, Gay Olson and Julie LaFleur, all received A's at the district competition held March 27 at Cardinal Stritch College in Milwaukee. Sleger competed in the declamation division, Olson in significant speaking and LaFleur in reading poetry.

Mrs. Marvin Martin will be the new president of the Kewaskum Women's Club. She will take office in September at the end of the term of Mrs. Charles Miller, president for the past two years. Other officers will be Mrs. Bob Ryan, first vice president; Mrs. Richard LaFleur, second vice president; Mrs. Don Koerble, secretary, and Mrs. John Kluwin, treasurer.

Daughters were born to James and Karen Edwards, Kewaskum, on April 1; to Ervin and Susan Waala of Kewaskum, on April 3; and to Allan and Elizabeth Bruendl, Kewaskum, on April 4. Twin daughters, Heidi and Ruth, were born to Wayne and Nancy Tolonen, Pullman, Michigan, on March 8. Wayne is a former resident of Route 2, Kewaskum. As soon as the babies are able to travel, the family will be leaving for Africa, where they will be continuing work for their church.

## 25 Years Ago

April 16, 1976

Ground was broken at a brief ceremony Monday afternoon for construction of Kewaskum's new fire station just off South Fond du Lac Avenue. Excavating and pouring for the foundation is now underway and it is expected the project will be completed by early fall. The new fire station will cost just over \$230,000 and will contain approximately 13,400 square feet of space with a 94 foot frontage.

The Scenic Moraine indoor track meet this year was split with half of the teams, Grafton, Germantown and Mayville coming to Kewaskum and the others, Kettle Moraine, Slinger and Pewaukee going to Hartland. Grafton took the Kewaskum meet with 82 points. Dennis Bremser of Kewaskum won three events and placed second in another, despite a sore leg. Bremser won but quit the pole vault after making 11-6 on his first attempt. He also won the 880 yard run, the mile and placed second in the two mile. Jack Kern of Kewaskum also picked up quite a few points, winning both hurdle events and placed fourth in the shot put.

Navy Fireman Recruit Glenn J. Herman, son of Mr. and Mrs. Thomas C. Herman, Kewaskum, was graduated from recruit training at the Naval Training Center, San Diego. A 1975 graduate of Kewaskum High School, he joined the Navy in December 1975.

A daughter was born to Joseph and Deanna Volz, Campbellsport, on April 12.

## 'Romp With' The Animals

The Washington County Humane Society will offer its eighth annual "Romp with the Animals" in August for children in first through fifth grade. "Romp with the Animals" is a summer school program designed to develop a child's appreciation and respect for the many animals we share the earth with, and to foster responsible attitudes toward those animals as well as our environment.

The two, four day series will be offered July 30 - August 2 and August 6 - 9. The program runs from 8:30 a.m. to 11:30 a.m. Cost is \$45 and includes a t-shirt, snacks, bus transportation to the off site locations and all activities.

During the program children will be learning about companion animals, farm animals, nature and wildlife. There will also be a segment on bite prevention where kids will learn how to be safe around animals.

"Romp with the Animals" is one of the numerous education and outreach programs the shelter offers the community. Marnie Brown, Executive Director of the shelter, explains, "it is important to teach children how to treat animals with kindness and respect." She hopes that through programs such as "Romp with the Animals" there will be a reduction in the number of children being bitten and a better understanding of animals and nature.

To register, call Dale Stockhausen, Education Coordinator at 677-0731. Class size is limited.

# Schuppel Family Reunion Held

Submitted by:  
Alice Furlong

The Schuppel Family Reunion was held on June 16, 2001, a beautiful day at Columbus Park in Campbellsport.

John P. Schuppel and Marie Kirchner were married on June 29, 1918. They farmed and raised six children at 4769 Ridge Rd., Kewaskum: John (Shirley) of Allenton, Helen Ahlers of Sheldon, Myron (deceased) of St. Anna, Donnie of Medford, Alice (Mel) Furlong of Campbellsport, and Rita (Harry) Justman of Townsend.

Hosting this year's reunion were Chuck Boegel, Kewaskum, Ginny Ketter of Eden and Sheila Streen of Fond du Lac (Alice's branch).

After the noon meal, Chuck, MC and director of activities, gave an update on the family happenings of the past two years.

There was a Moment of Silence in memory of Shanna Ahlers, 16, (Helen's branch) who died in an auto accident last July.

Cheers went out for each of the seven couples who were married, the most recent being Christa Ketter and Aaron Priepke of Campbellsport.

New arrivals were welcomed: Elisabeth Marciniak of Wausau (Helen's), Samuel James Schuppel of Eau Claire (John's), Dillon Grupe of Plymouth and Cody Behnke of Glenbeulah, the youngest child present at the reunion (Myron's).

Longest married were John and Shirley Schuppel, who recently celebrated their 60th anniversary.

Donnie's branch had the most teenagers present, and Bonnie McGrath of Clear Lake, MN, traveled the farthest.

Games were played throughout the afternoon. Gary Roehrig won the golf competition. Teams worked at solving riddles, coming up with some creative, but not always correct, answers. And what skill and coordination were exhibited, swinging a whiffle bat and pushing a football!

It was noted the absence

## Cancer Support Group to Meet

St. Joseph's Community Hospital of West Bend will be holding a "Living with Cancer" support group meeting on Wednesday, July 18, at 7 p.m.

The free cancer support group is an opportunity for cancer patients, friends and family to share their feelings and concerns. For more information, call 262-334-7423.

of Gannon McGrath (Myron's) on tour in Germany with the St. Cloud, MN Boys Choir; Adam Eichstedt, Brownsville (Rita's) playing in an all-state basketball game in Madison; and Tiffany Wald, Wausau, who was celebrating her 21st birthday (that's an excuse?).

The Schupoel Branch traveling trophy was brought by Randy Justman, a beautifully grained piece of wood rescued from Furlong's woodpile. It was awarded to the family branch having the most members present. Ellie Friedman of Seymour, on behalf of Myron's branch, gave an acceptance speech rivaling the Oscars. But because Myron had 11 kids, they may have to give them a handicap in order to get the trophy out of their hands.

Everyone had the opportunity to view the Family Tree, displayed on a window shade, of which some lines span 10 generations. Attendees looked at Grandpa Schuppel's old photo albums and reminisced, too.

Possibly, the cousins from the LaCrosse area, Iowa and Minnesota will host the next reunion, in 2003.

"Gehl Company is proud to continue our support of the Washington County Fair Park," says Daniel Keyes, Gehl Vice President of Sales and Marketing. "The new fair grounds help support youth activities and gatherings of all kinds. The donation was coordinated through Gehl Company and two of their local dealers - Farmer's Incorporated of Allenton and John P. Lochen Co. of Newburg.

"We are extremely excited that the Gehl Company, Farmer's Inc. and John P. Lochen Co. have come forward to support the Fair Park again. All three companies were supporters of Fair Park and all three have been renters of Fair Park," said Steven J. Plier, President of the Washington County Agricultural and Industrial Society.

"All three companies have already made sizable donations to Fair Park," said Shawn Graff of Graff & Associates who helped Fair Park secure the donation. "The Gehl Company purchased naming rights to one of the roads at Fair Park,

Farmer's Inc. has naming rights to the Beef Barn and John P. Lochen Company was one of our first corporate donors. With these gifts to Fair Park, all three companies once again demonstrate their commitment to the people of Washington County," said Graff.

# Letters to The Editor

Dear Editor:

The YMCA Tot Time preschool ended its year with an indoors picnic held at the Peace United Church of Christ in Kewaskum. Games were played, a bear hunt was held and an outing of sidewalk chalk and bubbles were had by all. It was a great day in spite of the weather.

In order to make the program a success throughout the year, a big thank you goes to all of the parents for their support and helping hands, to Bob and Judy Holzmann for their bus services, to Ryan Casey for his birdhouse project, to Trooper Joan German for the Buckle Bear presentation about seatbelt safety, to Dr. Steve VanEss for the great dental movies as well as toothbrushes, to Officer Tom Bauer for the tour of the police station, and to the Kewaskum Fire Department for the wonderful tour and ride in the fire truck.

A big thank you also goes to Lori Schoofs my aide, who with her patience, support, and tour of her apple orchard, helps to make our program a success.

Have a great summer,

Vicki Fenrick, teacher

Dear Editor,

Last Saturday the Kewaskum Elementary School staff had a brat fry fundraiser at Piggly Wiggly for the new Kewaskum Elementary School. We are trying to earn money for a refrigerator and microwave for the staff room.

The KES staff would like to thank all people who supported our fundraiser by

stopping at our stand to eat or just visit with us.

Piggly Wiggly is providing a great opportunity for service groups in our community to raise funds. They were extremely helpful to us throughout the day. We would like to thank the Geidel family for providing a place to set up a stand and for their continued support in our community.

Dear Editor:

On 6/22/01 the West Bend Daily News published the test scores of area schools with the Kewaskum School District left out. The only explanation was the results were not available. I for one would like to know these scores to compare them with other area schools.

I believe it should be the responsibility of the school board and administration to see that these scores are made available. Sport scores seem to always be published and I think the taxpayers of this district should have the right to know how their children are comparing with other schools academically. Get with it Kewaskum School Board and administration.

Thank you,

Lloyd A. Koch

To the Editor,

The Washington County 4-H Leaders Association is again planning for a successful Silent Auction. July and the fair at the new Fair Park are close.

Needed items for the Silent Auction are: antiques, crafts, coupons for services, plants, new books, and nice items that you feel others will be interested in bidding on and buying.

All the income goes to the county's 4-H Leaders Association to assist with scholarships, trips, and special training of 4-H youth and leaders.

When you decide on the items you'll donate, bring them to the Fair Park Pavillion during the fair. The articles will be put on display with a sheet for raising bids placed next to

the item.

So bid high and bid often. We'll see you at the fair.

Thank you!

Marge Slaughter,  
Chair of the  
Silent Auction

# United Way Campaign Leader, Theme Announced for 2001

Timothy Purman

Timothy Purman of Hartford has been named Campaign Chairperson of the 2001 United Way of Washington County fund drive. He is President of the First National Bank of Hartford.

A long time Washington County resident, Tim graduated from Hartford Union High School in 1978 and he attended Western Illinois University, and received a Bachelor of Science degree in Agriculture. He joined the First National Bank of Hartford in 1985 as Management Trainee, and was named President in January 2000.

Tim serves on the United Way Board of Directors, Washington County Ag and Industrial Society Board, Wisconsin Heritage Auto Museum Board, Hartford Rotary Club, Hartford Community Development Authority, Hartford BID, and other activities.

Married for 15 years, Tim and his wife Shari have two children: Caitlin, 13 and Benjamin, 10. He is pleased to be leading the United Way drive. "Family has always been important to me, and I'm looking forward to working with the United Way family of agencies, volunteers and donors throughout Washington County," said Purman.

The 2001 campaign Theme is "65 Years of Giving Help and Hope." The 1999 and 2000 Campaigns, led by Mo Josten and Charlie and Gaytha Hillman respectively, used the similar theme of "Give Help, Give Hope" to much success. The 2000 campaign surpassed its goal, raising \$1,149,072, which was 5.7 percent more than 1999.

Purman commented, "Our 65-year history as a United Way organization in

Washington County is a milestone -- one we're proud to highlight this year. The County's history with United Way, starting in 1936 as the West Bend-Barton Community Chest, is rich with generous donors and great leaders. Two key words - Help and Hope - reflect United Way donors and their ongoing spirit of giving."

The campaign begins in late August, and will cover the 10 communities of Kewaskum, Jackson, Slinger, Allenton, Hartford, Newburg, Hubertus, Richfield, Colgate and West Bend.

Purman continued, "Each year, we build on our previous success and strengths. Most of our key campaign leaders are already in place, thanks to the foresight and planning from last year's excellent effort, chaired by the Hillmans. Some are repeat volunteers, and others are new for 2001.

"We're in the process of reviewing our past campaign successes, looking at agency needs for 2002, and recruiting approximately 160 volunteers who will be involved in this year's campaign," said Purman.

He continued, "United Way funded programs and services reach one in four people in our County. People involvement is the key to our continuing success. United Way's track record shows that businesses and individuals in Washington County are extremely supportive of United Way. We're counting on that support to continue and build this year as well."

Barbara Hurula, Executive Director of United Way, complimented Purman for accepting the Chairperson responsibility for 2001. "Those who know Tim give him high marks for his dedication and commitment. His past experience with United Way and the business community speaks well of the leadership he'll bring to our upcoming Campaign," said Hurula. "With changes in the economy, we know it will be a challenge to raise necessary funds to help our families, friends, neighbors and co-workers who live and work here in Washington County," she said. "With Tim's leadership, we're confident that we can meet that challenge."

"I'd like to thank the

Washington County community for its continued generosity in supporting health and human service needs," said Purman. "We're looking forward to success again in 2001. As our County continues to grow, funded agency needs are also increasing. Correspondingly, the number of donors and giving levels need to increase as well," he said.

Recipient agencies have prepared their 2002 budgets, and are currently meeting with panels of United Way Fund Distribution volunteers from around the County. The Panels will make 2002 funding recommendations to the United Way Board of Directors by late June. Agency needs, along with the giving history of businesses and individual donors and the local United Way operating budget will be combined to determine the 2001 Campaign Goal. Final approval of the Goal will be made by the Board of Directors in late July.

Funds collected in the upcoming campaign will benefit 24 agencies and more than 60 programs throughout Washington county. These agencies are: American Red Cross - Northern Region, American Red Cross - West Bend Chapter, Big Brothers/Big Sisters of Washington County, Bay Lakes Boy Scout Council, Potawatomi Area Boy Scout Council, Boys & Girls Club, Catholic Charities, Child's Place, Citizen Advocacy of Washington County, Council on Alcohol & Other Drug Abuse, Family Center of Washington County, Friends of Abused Families.

Full Shelf Food Pantry, Great Heron Girl Scout

Council, Manitou Girl Scout Council, Hartford Area Blood Donors, Kettle Moraine Support Services, Lutheran Social Services, Nova Services, Salvation Army, Senior Citizens Activities, The Threshold, Volunteer Center of Washington County, and The Youth & Family Project.

# St. Joseph's Community Hospital Board Hires Feasibility Firm

Health Care Futures LP, a firm that specializes in strategic planning for the health care industry, has been selected by the executive committee of the board of directors of St. Joseph's Community Hospital of West Bend to conduct a feasibility study for a proposed new hospital.

The firm will also provide financial projections and determine the feasibility of a possible bond offering. The company will serve as an independent, external advisor to help the hospital determine to most appropriate site for a new hospital, using competitive, strategic, demographic, economic and service criteria, and it will assess management's planning assumptions for the next 10 to 20 years.

Health Care Futures LP, headquartered in Itasca, Illinois, has worked with several hospitals and health care organizations in south-

eastern Wisconsin, including Froedtert Memorial Lutheran Hospital in Milwaukee, Claumet Medical Center in Chilton, and Affinity Health Center in Appleton.

The hospital's board conducted a thorough and comprehensive search for a feasibility firm to obtain objective support for a new facility. The board's executive, finance, and facilities committees reviewed several responses to the request for proposals and narrowed the field to six consulting firms.

The committee chairs then selected and interviewed four of the top six firms, narrowed their selections to two, and a combined committee of executive, finance and facilities committees made the decision to engage Health Care Futures.

Mark Baumgartner, director of health care capital markets for Ziegler investment brokerage firm, stated, "This is a good opportunity for the hospital to provide the community with independent, quality analysis of proposed strategic ideas. Health Care Futures is highly respected for its expertise in health care management consulting."

According to Tom Bast, treasurer of the hospital's board of directors, chair of the board's finance committee, and a member of the board's executive committee, the feasibility study will be divided into two phases.

In Phase One, Health Care Futures will gather demographic, marketing, competitive, strategic and service level data to be used in developing hypotheses for several potential sites including the present site, Bast stated.

"Next, the company will prepare assessments of each site and make comparisons of the alternative site scenarios. In Phase Two, Health Care Futures will prepare financial projections based on conclusions reached in Phase One. Ultimately these projections will be part of the hospital's bond offering," he added.

"The decision on where to locate a new hospital has long-range implications that go well beyond the work span of most of the people who are currently involved. We are confident Health Care Futures will provide the objective analysis and guidance we need to make the best decisions for the hospital and the community."

David A. Anderson, a long-time consultant and lecturer on regional health systems and strategic planning as well as founding partner for Health Care Futures, said that a critical decision such as this should be based on the most accurate and objective information available.

"It is important to emphasize that our company is approaching this project with no biases other than our extensive experience in preparing objective assessments in other markets. We will work with the hospital's board to complete a rigorous study of the facts and recommend what we believe is the right course of action," Anderson stated.

Anderson chose early retirement as a partner from KPMG Peat Marwick in June 1996, in order to establish Health Care Futures LP. The firm consults for health systems, academic medical centers, physician group practices and health care associations.

## IN MEMORY

In loving memory of JEANETTE WERNER WESTERMAN, who passed to eternal glory on June 17, 1961.

Tho' forty years will dull the pain  
Of the loss of a mother's touch,

The start you gave us with our love  
In life has helped us much.

We've lived our lives through thick and thin,  
Endured from day to day,  
And yet at times, hindsight shows us,  
You've been there all the way!

Loved and missed by your children,

## How Do You Live Your Dash?

I read of a man who stood to speak at the funeral of a friend.

He referred to the dates of his tombstone from the beginning...to the end.

He noted that first came his date of birth and spoke the following date with tears.

But he said what mattered most of all was the dash between those years. (1944-2000)

For that dash represents all the time that he spent alive on earth.

And now only those who loved him know what that little line is worth.

For it matters not, how much we own; the cars, the house, the cash.

What matters is how we live and love and how we spend our dash.

So think about this long and hard --

Are there things you'd like to change?

For you never know how much time is left that can still be rearranged.

If we could just slow down enough to consider what's true and real.

And always try to understand the way other people feel.

And be less quick to anger and show appreciation more

And love the people in our lives like we've never loved before.

If we treat each other with respect and more often wear a smile.

Remembering that this special dash might only last a little while.

So when your eulogy's being read with your life's actions to rehash...

Would you be proud of the things they say about you spend your dash?

In loving memory of RALPH STRUEBING, who did live his dash to the fullest 4/13/44 - 6/30/2000.

Sadly missed by his wife Carrie.

Even the longest journey begins with a single step.

# FFA Tractor Operator's Contest

This year's Tractor Driving Contest was held in Arlington, Wisconsin, at the University of Wisconsin Madison's research farm, Saturday, June 2. The tractor-driving contest was offered to FFA members from sections four, five, and ten. Representing section ten for Kewaskum FFA was Lee Schacht and Tom Ramthun. Lee and Tom competed against seven others from section ten, with the three sections combined there were about 30 FFA members competing.

The purpose of the contest was to promote and encourage safe and skillful farm tractor operation, and to provide FFA members an opportunity to demonstrate their knowledge of tractor maintenance.

The contest consisted of a written test, with questions on safety and routine tractor maintenance, and a practical inspection of a tractor, where contestants were to find multiple things unsafe about the tractor.

The driving portion of the contest consisted of a two and four wheel driven course. The participants were given a short time to practice on the tractors.

For the two-wheel course a small Ford tractor and two-wheeled flat rack was to be backed through an alley and driven through a serpentine before being backed into a shed made up of golf balls on pipes about four feet tall.

The four-wheel course was also a small Ford tractor and a flat rack wagon, which was to be pulled out of a shed and backed into the finishing shed right next to the first.

During both of the courses the drivers were given points for things like dislodging a golf ball, crossing the boundaries, or grinding the gears on the tractor as well as being given points for the time it took to complete the course. Throughout the day contestants were being judged on safety, they would get points for things like failure to engage a clutch gently, turning too short, or jumping from the tractor.

At the end of the contest the points from all events were added up and the FFA member with the least amount of points would win.

The first place contestants from each section will participate at the State Tractor Operator's Contest at the State Fair in August.

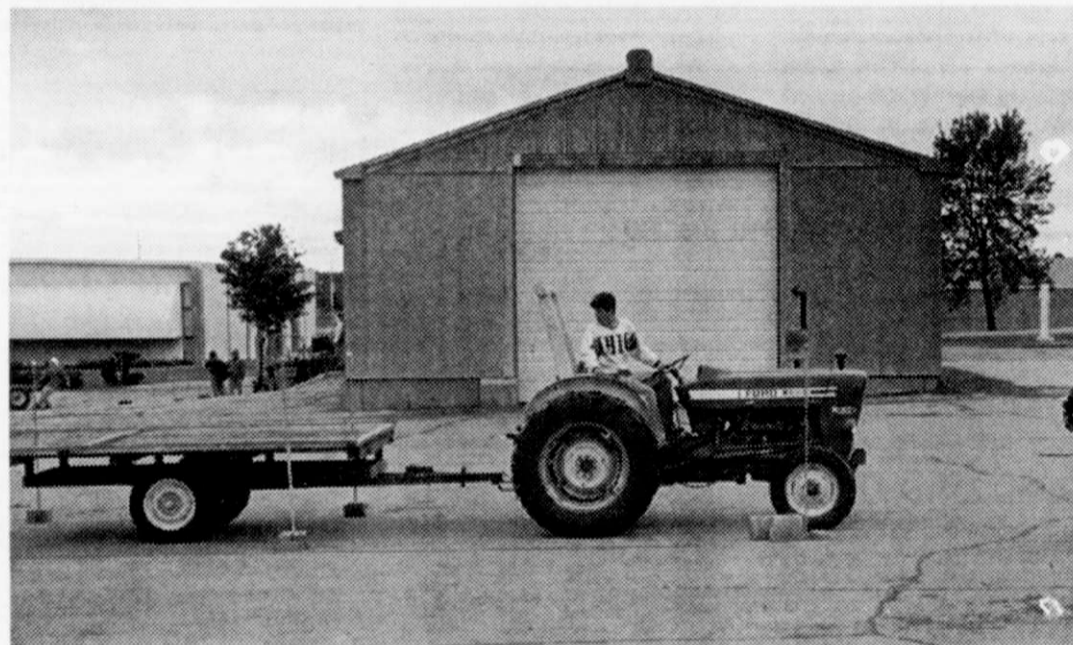

Tom Ramthun was the first place winner from section ten with total of 537 points. Tom will now be representing section ten at the state competition.

Lee Schacht followed Tom closely with a total of 594 points. Tom and Lee will be getting plaques for their accomplishments on Saturday.

The Kewaskum FFA members had a fun and successful day taking home first and second place.

Pictured here is Tom Ramthun backing the flat rack in the finishing shed of the four-wheel course. Tom received first place for section ten in the contest, he will be representing section ten in the state competition at the State Fair this August.

Lee Schacht received second place at the sectional tractor-driving contest. Pictured here is Lee backing the implement through the alley in the two-wheeled course. As runner-up, Lee will be allowed to compete again next year.

## FFA Meets For the Fair

On Wednesday, May 30, members of the Kewaskum FFA met to discuss the decorations that they will build and display in the livestock barns at this year's Washington County Fair. The Chapter hopes to repeat their "First place" award in Herdsmanship that they

won last year.

Herdsmanship consists of having someone in the barns at all times. Their jobs there are to keep the barns clean and neat and to answer any questions that may be asked of them.

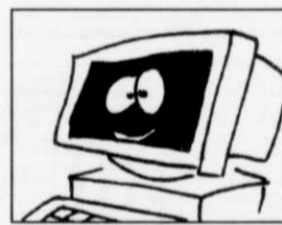

The FFA members are looking forward to competing at the fair this year, which will be July 25, to the 29.

# KM Sport Riders Father's Day Hillclimb Held at Sunburst

With near perfect weather conditions, the 18th Annual Kettle Moraine Sport Riders Father's Day Hillclimb was a big success. More than 2500 spectators came out to watch the 100 plus competitors try their luck at 300 feet of hill at Sunburst Ski Area, just south of Kewaskum.

One of the days highlights included Gary Oakford from West Bend, in the Antique Class, making it to the top of the hill after 16 years of trying. What made this run a crowd pleaser is that it was on a stock 1930 Indian.

This bike is a factory-built hillclimber complete with no rear suspension, foot clutch, hand shift and chains on the rear tire. It may have taken 23.82 seconds to get the job done, nine seconds behind first place Dan Vrana of Kewaskum, but it was good enough for second place and loved by the crowd.

Another crowd pleaser is always the Open Pro Class. Chuck Neinfeldt from Nekoosa made his return after a three year absence and took his Harley Davidson "Snortster III" over the hill in 9.27 seconds to win the class.

Kewaskum's own Toby Mueller, who is also a local favorite, had an off day on Sunday in the Open Pro Class. His first run ended rather quickly at 145 feet with a run off into the woods. His second run was going much better until he reached 270 feet when too much traction caused the bike to flip over backwards onto Toby. Physically, he was fine, just disappointed in his finish for the day.

In a touching side story, Mike Mueller from West Bend was hillclimbing for his first time ever. The bike he was riding was built by

his friend Nick Fuch and he was going to use it for hillclimbing. Nick, however lost his life to leukemia before he had the chance to ride it. As a tribute Mike carried some of Nick's ashes in a pouch on the handle bars and took them up the hill to the 132 foot mark, his best run of the day.

## FINAL RESULTS 250 STOCK

First place - Adam Gram, LaCrosse, 12.01 seconds;  
Second place - John Weiss, West Bend, 13.46 seconds;  
Third place - Brian Goodwin, Tomah, 13.93 seconds.

## Indians Beat Cougars to Take First Place in EWC

The first inning of the Kewaskum - Campbellsport baseball game on Wednesday June 20, gave the Indians a lead that they never lost.

The Eastern Wisconsin Conference match was played at Kiwanis Community Park in Kewaskum. The Indians won the game 14-7, putting them in first place in the conference.

Josh Parrent started off pitching for the Indians. He stayed in for 2 2/3 innings. In the top of the third, he allowed five runs, putting the game at 9-7, Kewaskum's lead. Coach Dave

## Indians Win Close Game

On Tuesday June 19, the Kewaskum High School baseball team hosted Plymouth in an Eastern Wisconsin Conference game at Kiwanis Community Park. The Indians won the game 12-11.

Travis Kempf allowed only three runs in the first five innings, with five strikeouts. This gave the Indians a 7-3 lead.

The game took a turn for the worse in the sixth inning when Kempf allowed seven runs putting Plymouth ahead 10-7. Coach Dave Donath decided it was time to switch pitchers and put in Lee Schacht for the last two outs of the inning.

The Indians came back in the bottom of the inning to score two more points. In the last inning of the game, Schacht only allowed one more run for Plymouth,

Donath put in Bob Ogi to finish out the game for the Indians and to put an end to Campbellsport's scoring.

Kewaskum scored its last five points in the fifth inning, putting them ahead 14-7. There were no more points scored for either team for the last two innings.

Parrent had three strikeouts, six walks and allowed six hits for the night. Ogi had four strikeouts, one walk and three hits.

Chris Canter led the team in stolen bases with two. Adam Hubacek, Parrent and Travis Kempf all had two RBIs for the team.

while Kewaskum scored 3 more in the bottom of the inning to win the game.

Travis Kempf pitched 5 1/3 innings for the Indians and Lee Schacht finished up the game. Kempf had five strike-outs, four walks and allowed only 11 hits. Schacht had one strike out, two walks and two hits.

Justin Rhoads, Tony Fitts and Schacht all had two RBIs for the team. Fitts also scored the only home run for the Indians. Chris Canter led the team in stolen bases with three.

This victory puts the Indians 7-4 overall and 6-1 in the conference.

## Indians Defeat Kiel, 9-2

The Indians traveled to Kiel on Thursday, June 21 for an Eastern Wisconsin Conference game. This 9-2 victory puts the Indians at 8-1 in the conference and 9-4 overall.

Kewaskum started off strong and never looked back. The Indians scored five of their nine points in the first two innings.

Josh Krahn pitched the entire game and allowed only five hits, had one strikeout and five walks. Krahn held off the Kiel scoring until the fifth inning and allowed only one more point in the seventh.

Jon Boedeker and Justin Rhoads each had three RBIs for the team. Chris Canter and Josh Parrent each had two stolen bases.

Kewaskum is first in the conference just ahead of Campbellsport.

## Larsen Wins Senior Golf Championship

Tom Larsen of West Bend, a member of Hon-E-Kor Country Club, Kewaskum, and former resident here, shot a 73 gross on Thursday, June 21, 2001, at the Bridges Golf Course in Madison to win the 2001 Badger State Games Senior Golf Championship.

This was Tom's second gold medal in five years.

## Indians Smother Two Rivers

The Indians traveled to Two Rivers for a very short Eastern Wisconsin Conference game on Friday, June 22. The game lasted only five innings when it was called due to the conference's "mercy" rule.

The Indians scored ten runs in the top of the first inning alone and went on to win 15-1. Travis Kempf

allowed the only Two Rivers run to be scored in the bottom of the first inning. He struckout eight, walked none and allowed just one hit.

Justin Rhoads helped the team to win with four RBIs and two triples in his first two at bats. Noah Koch also helped the team with three RBIs.

This win puts the Indians at 9-1 in the EWC and 10-4 overall. The Indians are still ranked number one in the conference.
